The Honorable Board of Supervisors  
County of San Bernardino  
San Bernardino, California

The Board adopted the final budget for 2003-04 on June 24, 2003.

This fiscal year continues to be noteworthy as 2003 marked the County of San Bernardino's 150<sup>th</sup> anniversary – a century and a half of public service. While the County of San Bernardino commemorates the growth and progress made in the last 150 years, the county cautiously stepped forward into the 2003-04 year. It was a complex budget year where development of the budget required difficult decisions of the Board due to reduced available resources.

The struggles and efforts made by county departments and the Board produced an adopted 2003-04 budget which stands as a fiscally sound spending plan. The 2003-04 budget provides for the operational needs of county departments, increases the county's general purpose reserve, and sets aside a significant amount of contingencies for uncertainties that the county may face during the current year and next fiscal year.

The key elements of this 2003-04 budget include:

### **4% Spend Down Plan**

In October 2002, the Board authorized the County Administrative Office to direct departments to develop a plan to reduce general fund support to a manner that by June 30, 2003, departmental budgetary levels were positioned to be 4% lower in the beginning of the 2003-04 fiscal year. The 4% Spend Down Plans were approved in December as a means of funding the rising ongoing expenses. This plan, which was incorporated into the 2003-04 base budget, produced \$8.6 million in savings and eliminated 54.8 vacant positions.

### **30% Cost Reduction Plan**

As a continuation of fiscally conservative approach to budgeting, the County Administrative Office requested departments to submit 30% Cost Reduction Plans, in a prioritized manner, with their 2003-04 budget projections. These cost reduction plans enabled the county to better position itself for the potential deep cuts expected from the State.

To further brace for these impacts and as a result of the Governor's proposed budget released in January, the Board approved a spending reduction plan that included a hiring freeze and a freeze on fixed asset/equipment purchases. Additionally, evaluations of the capital improvement program and existing lease space were performed; service contracts reviewed; and out of state travel requests were reduced to an absolute necessity.

On March 18, 2003, the Board took their first action with the 30% Cost Reduction Plans by approving the Level 1 Reduction (the lowest of the departmental program priorities). This action, which was incorporated into the 2003-04 base budget, resulted in cost reductions of \$10.5 million and eliminated 70.5 vacant budgeted positions.

### **Deletion of Vacant Budgeted Positions**

In April, the Board directed the County Administrative Office to delete vacant budgeted positions in the upcoming 2003-04 budget that had not been in active recruitment. The County Administrative Office recommended that exceptions be made for some positions, such as revenue generating positions or positions funded with external revenue sources. Additionally, departments with positions slated for deletion were provided the opportunity to request restoration from the Board during the budget workshops and hearings. The Board approved the majority of the County Administrative Office's recommendations and several restoration requests of departments. Positions deleted as a result of this action totaled 98.7 vacant budgeted positions, which produced a local cost savings of \$3.7 million.

### **Additional Departmental Requests Approved**

The Board approved two additional departmental policy items; one policy item for the Sheriff to fund technical staff previously funded by the COPSMORE grant and one policy item for the Clerk of the Board restoring the Chief Deputy Clerk position deleted in the 30% Cost Reduction Plan – Level 1.

Additionally, the Board approved establishing \$1.0 million in reserve for the Museum's Hall of Paleontology and increasing the existing Bark Beetle reserve by \$2.0 million.

During the budget hearings, the Board approved some additional requests. Included in these were the restoration of additional revenue supported positions for the Treasurer-Tax Collector, a request from the Public Administrator/Guardian/Conservator/Coroner for a position to review the current body removal services contract with a department objective of eventually bringing this service in-house, and positions for the Sheriff which consisted of continued general fund support for technical staff of a prior COPSMORE grant and the restoration of vacant budgeted positions that were not in recruitment.

### **Contingencies & Reserves**

The Board prudently set aside a total of \$67.4 million in the contingencies budget to mitigate the impact of uncertainties presented by the state's financial picture, increases due to negotiated employee MOUs, increases in retirement, and increases in insurance costs. This amount is comprised of \$62.2 million of available financing and \$5.2 million as required by Board policy, which states that 1.5% of budgeted locally funded appropriations must be set aside in contingencies.

In addition, the Board contributed \$2.9 million to the general purpose reserve in 2003-04, bringing the total to \$34.8 million (10% of locally funded appropriations). Contingencies and reserves serves as an insurance policy to safeguard essential programs should the county experience an economic downturn.

\*\*\*\*\*

In summary, the 2003-04 final budget demonstrates the Board's continual commitment to responsible fiscal management and a fair, cost-effective government for the citizens of San Bernardino County. While there are still issues for the County to face in the future, this budget is a further step forward, and one in which the Board can take pride. It is also a budget that places the County in a good position to meet the challenges of future budget years.

Respectfully submitted,

**WALLY HILL**  
County Administrative Officer

The Board of Supervisors adopted the County of San Bernardino's 2003-04 Final Budget on June 24, 2003. This budget covers the period from July 1, 2003 – June 30, 2004. Each department is responsible for operating within their budget and has the authority to spend up to the approved budget amount. The County of San Bernardino's 2003-04 Final Budget consisting of the general fund, special revenue funds, capital projects funds, and enterprise funds has a total appropriation of \$2.6 billion.

### General Fund Budget Process

The County Administrative Office has the responsibility of developing the county financing plan for all general fund departments. The 2003-04 financing plan included a total of \$348.2 million in discretionary revenue. This revenue is comprised of property taxes, vehicle license fees, interest on the county investment pool, sales tax and other taxes. Mandatory costs such as previously negotiated salary increases, previous year's Board approved costs and other mandated costs are first financed by the discretionary revenue. After the mandatory costs are financed, the remaining unallocated discretionary revenue is presented to the Board of Supervisors for approval of distribution during the budget workshop. In 2003-04 the amount of unallocated revenue was \$59.1 million.

A budget workshop was held June 4<sup>th</sup> through 6<sup>th</sup>, 2003, to discuss each department's proposed budget. Each department submitted a departmental budget based on the general fund financing amount allocated to them and their own departmental revenues. Departments also request funding for those workload and program changes that were unable to be financed in their proposed budget. Additionally, requests for restoration of vacant budgeted positions slated for deletion were also presented as policy items.

The Board of Supervisors approved the deletion of vacant budgeted positions that were not in recruitment, which increased financing available by \$4.3 million. In addition, the Board also approved \$4.3 million in departmental requests, of which \$0.4 million was approved requests for restoration of vacant positions, \$0.9 million represented approved policy items for the Sheriff and Clerk of the Board, and \$3.0 million represented contributions to reserves. These changes, shown below, were incorporated in the 2003-04 Final Budget that was presented to the Board during the budget and fee hearing in June. The remaining revenue not allocated was \$59.1 million.

A budget and fee hearing was held on June 23, 2003, for public input on the county budget and fee ordinance changes and to obtain Board approval on the 2003-04 final budget. During the budget and fee hearings, an additional \$0.6 million was approved and allocated to departmental final budgets. The remaining balance of \$58.5 million was unallocated and set aside for future funding issues such as current salary negotiations, pending legislation, etc. In addition, the Board of Supervisors directed that any fund balance adjustment in the general fund would be made to the appropriations for contingencies and any unspent appropriation in the Priority Policy Needs be carried forward in its respective budget unit. The fund balance adjustment totaled \$15.5 million. Of this amount, \$13,378,742 was added to contingencies and \$2,167,983 was carried over to the Priority Policy Needs. No money can be spent from contingencies without obtaining Board of Supervisors approval.

The following worksheet describes in detail what was approved at the budget and fee hearing.

### Other Funds Budget Process

In addition to the general fund, the County of San Bernardino has special revenue funds, capital projects funds, internal service funds and enterprise funds. All of these funds are restricted to the revenue sources they receive. Each department who has these types of funds is responsible for developing its budget based on the revenue resources available to them. These resources include projected revenue to be collected in 2003-04 and any revenue not spent and carried forward from prior years (for example, fund balance for special revenue funds). These budgets were also discussed during the budget workshop and budget and fee hearing. In addition, the Board of Supervisors gave approval to make necessary fund balance adjustments for special revenue funds to agree to the Auditor/Controller-Recorder's actual fund balance.

### Budget Book Format

The County of San Bernardino's 2003-04 Final Budget is presented in this book based on the County Organizational Structure, which is depicted on page 6. The Administrative/Executive Group is those departments that report directly to the Board of Supervisors or those departments that report directly to the County Administrative Office which perform functions related to the overall support of the county. In addition, there is a sample of the departmental budget format on pages 7 and 8 of this Preface that shows and explains how each budget unit is presented in the book. There is also a list of Final Budget Definitions on pages 9-12 of this Preface that defines budget terms commonly used throughout the budget workbook.

It also includes budget and actual information related to measurements of workload, called Workload Indicators.

For those departments that have significant variances between budget and actual in 2002-03, there will be an explanation here of why this occurred. The 2002-03 Budget is the original budget adopted in late June and does not reflect any mid year changes approved by the Board during the fiscal year. In many cases, this is why there are variances between budget and actual in 2002-03.

PROGRAM CHANGES

Section III highlights, in narrative form, some of the major changes that are detailed in the following section in a numeric format. Not all departments will have information here, especially if the overall functioning and responsibilities of the department have not changed. If there are important changes to highlight, they will be broken out into the categories: Staffing Changes and/or Program Changes.

**FINAL BUDGET DEFINITIONS**

**4% Spend Down Plan:** This year's budget includes a 4% Spend Down Plan that was approved by the Board on December 10, 2002. Approved reductions are shown under Changes Included in Board Approved Budget.

**30% Cost Reduction Plan:** The 30% Cost Reduction Plan, approved by the Board on January 28, 2003, details cost saving measures. The cost saving measures that have been implemented are detailed under Changes Included in Board Approved Budget.

**Activity:** A component within a fund; usually a specific line of work performed to accomplish a function for which a governmental unit is responsible.

**Appropriation:** An authorization granted by a legislative body to make expenditures and incur obligations for a specific purpose.

**Base Year Adjustments:** All non-discretionary budget changes that are factored into the base budget and approved by the Board with the County Administrative Office's financing plan; these include the cost of new mandates and negotiated salary increases.

**Board Approved Base Budget:** The Board Approved Base Budget reflects the anticipated costs of carrying out the current level of service or activities as authorized by the Board of Supervisors in the prior years. It may include an adjustment for cost increases, but does not include changes in level of service over that authorized by the Board of Supervisors. This year's base budget represents the prior year approved budget plus mandated costs such as salary negotiations (MOU), retirement costs, risk management liabilities and previous year's mid year Board approved costs.

**Budgeted Staffing:** The equivalent of full-time positions funded in the budget.

**Capital Project Funds:** Capital Project Funds are used to account for financial resources designated for the acquisition or construction of major capital facilities other than those financed by Enterprise and Internal Service Funds.

**Central Computer:** Central Computer expense category is set up specifically to allocate Information Services Department's computer charges to departments based on usage. These are countywide costs for computer infrastructure such as email, wide area network, payroll processing, and software/hardware staff support. Each departmental Central Computer budget amount is estimated at the beginning of the fiscal year by the Information Services Department and is billed based on that estimate. Next year's budget will be adjusted based upon the actual usage of the prior fiscal year.

**Contingencies:** An amount set aside within a budget for unforeseen expenditure requirements. Board action must be taken to spend contingency funds.

**COWCAP:** COWCAP is an acronym that stands for County Wide Cost Allocation Plan. It is the method by which indirect support costs for services such as Human Resources, Payroll, Purchasing, etc. are allocated to departments. It is prepared annually by the County Auditor/Controller-Recorder in accordance with the Office of Management and Budget, Budget Circular A-87, which is the guideline for state and federal reimbursements for indirect costs.

**Department:** An organizational division used by County management to group programs of a like nature.

**Depreciation:** The recording of expiration in the service life of fixed assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy, and obsolescence.

**Discretionary Revenue:** Revenue not legally designated for a specific purpose or program that can be appropriated at the discretion of the Board of Supervisors.

**Employee Health & Productivity Program (EHaP):** A modified duty/return to work program that utilizes specialized nurses to obtain effective and timely treatment for injured or ill employees. Overall goals are to return the employee to the workplace as soon as possible and to increase the health and productivity of employees through health promotion and risk reduction programs.

**Enterprise Funds:** Enterprise Funds are established to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through operational revenues.

**Fiscal Year:** County accounting period which runs from July 1 through June 30.

**Fixed Asset:** An asset of a long-term character such as land, buildings, or furniture and other equipment costing \$5,000 or more.

**Function:** A group of related activities aimed at accomplishing a major service for which a governmental unit is responsible. This designation is specified by the State Controller. For example: "Public Protection" is the function of the Sheriff's Department.

**Fund Balance:** The excess of assets over its liabilities, including the cancellation of prior year encumbrances.

**GASB 33:** GASB 33 signifies Governmental Accounting Standards Board, Statement 33. Statement #33 establishes accounting and financial reporting standards for nonexchange transactions involving financial or capital resources. A nonexchange transaction is where a government gives or receives value without directly receiving or giving value in return. Some examples of nonexchange transactions are taxes, grants, fines, donations, and state and federal funding.

The main change is revenue must be recognized for the above transactions when the underlying exchange has occurred or when eligibility requirements are met. Therefore, money that is received under this criteria and is being put aside in trust funds must be recognized when received and trust funds that are not fiduciary in nature must be eliminated.

**GASB 34:** GASB 34 signifies Governmental Accounting Standards Board, Statement 34. Statement #34 establishes new requirements for the annual financial reports of state and local governments. The goal is to make annual reports easier to understand and more useful to people who use governmental financial information to make decisions.

There are many components of GASB 34, but as it relates to the budget, it is primarily composed of how services provided between county budget units are accounted for. GASB 34 specifies how payments for services should be accounted for, i.e. either as reimbursements or as revenues. While the net impact is zero, reclassifications between these two categories cause inconsistencies when comparing year-to-year budgets by specific expense or revenue categories. In situations where this impact is significant, the departments have included an explanation of the reclassification.

**General Fund:** The General Fund is used to account for resources traditionally associated with government which are not accounted for in a specific fund to satisfy legal requirements or financial management objectives.

**Internal Service Funds:** Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the governmental unit on a cost reimbursement basis.

**Local Cost:** Local cost is the amount contributed by the county general fund from its general revenue sources to finance the activities of a department.

**Memorandum of Understanding (MOU):** For budget purposes, the MOU refers to an approved labor agreement between the County and an employee labor organization that details the salary, benefits, and other conditions of employment.

**Mid-year Adjustments:** Board approved changes to a department's budget after the adoption of the final budget.

**Operating Transfers In/Out:** A method of providing financing from one fund to another for the implementation of a project or program.

**Other Charges:** A category of accounts established for expenditures other than salaries and benefits, services and supplies, and fixed assets. Example: In Home Supportive Services.

**Policy Item:** Funding requests made by departments for the restoration of program cuts or the addition of program/workload changes for which the department could not finance from within their local cost allocation.

**Proposed Budget:** The working document of the fiscal year under discussion. Approval of this document does not allow expenditures for fixed assets and for new permanent employee positions unless specifically approved by the Board of Supervisors.

**Proposition 172:** A permanent extension of a half-cent Local Public Safety Sales Tax approved by California voters on November 2, 1993. Proceeds of this sales tax must be dedicated to public safety.

**Public Service Employee (PSE):** PSEs are employees assigned to entry level positions in a variety of fields and occupations for a limited duration. They are not full regular county employees and are subject to an expedited recruiting process to accommodate additional workload or to handle one-time special projects. They do not receive the full range of benefits, nor have the civil service status of regular county employees.

**Realignment Funding (Health & Welfare):** In 1991-92 the state approved the Health & Welfare Realignment Program which involves a shift of program responsibilities from the state to the counties. This shift is funded through corresponding shift of dedicated Sales Tax and Vehicle License Fee revenue.

**Reimbursements:** Amount received as a repayment of the cost of work, or service performed, or of other expenditures made for or on behalf of another governmental unit or department. Reimbursements represent the recovery of an expenditure.

**Revenue:** The addition of cash or other current assets of governmental costs funds (receipts) which do not increase any liability or reserve and do not represent the recovery of an expenditure, i.e., reimbursements. Generally, revenue is derived from taxes, licenses and fees or investment earnings. Revenues are deposited in a fund for future appropriation.

**Risk Management Liabilities:** Liability insurance charges, such as general liability, auto liability, property and fire liability insurance billed to county departments from the Risk Management internal service fund.

**SB 90 State-Mandated Local Program:** State reimbursements to local governments for the cost of activities required by State legislative and executive acts.

**Special Revenue Funds:** Special Revenue Funds account for the proceeds of specific sources that are legally restricted to expenditures for specific purposes.

**Transfers:** The movement of resources from one fund to another usually for payment of services received.

**APPROPRIATIONS SUMMARY**

The 2003-04 final budget includes appropriations of \$2,615,449,248, an increase of \$45,336,733 or 1.76% over a restated 2002-03 final budget. The restatement of 2002-03 appropriations is the result of previously including the Redevelopment and In-Home Supportive Services budget units in the county summary. These budget units, which are considered other agency funds, are now reported separate from the county budget.

**Countywide Operations**

Countywide operations show an increase in appropriations of \$26,510,421. The most significant increases are in Contingencies and the Law and Justice Group, however, each group is discussed below.

The Admin/Exec Group shows a net decrease due to reductions in litigation, systems development, human resources, and employee health and wellness budget units. These decreases are offset by increases in the school claims budget unit, due to the consolidation of costs previously accounted for in various budget units, and increased unemployment insurance costs.

The appropriation for contingencies includes the amount set aside per county policy (1.5% of locally funded appropriations), which is \$5.2 million. The other component of contingencies consists of unallocated financing available to the Board for distribution.

Furthermore, Debt Service decreased \$7.0 million due to the elimination of a one-time prepayment of \$3.2 million of the Glen Helen taxable debt, annual debt service savings resulting from that prepayment, current year savings from the refinancing of the West Valley Detention Center, and other minor changes in debt service schedules and costs.

The Economic Development/Public Service Group shows a net increase mainly attributed to increases in the Registrar of Voters budget unit, as the result of an additional election occurring in 2003-04, and the Building and Safety budget unit due to an anticipated increase in workload and new projects. The most significant decrease anticipated is reflected in the County Museum budget unit due to an expected decrease in research projects.

Within the Fiscal Group, all budget units are expected to experience an increase. The most significant increase is reflected in Central Collections budget unit as a result of anticipated increases in collection activities.

The Human Services System decreased due to staffing reductions and reduced services, supplies and equipment costs. These decreases are offset by increases related to MOU, retirement, and risk management costs, as well as increases in in-home supportive service provider costs, and caseload increases in foster care, aid to adoptive children, seriously emotionally disturbed children, and childcare. Additionally, the Behavioral Health budget unit also anticipates increased costs due to contract services with Arrowhead Regional Medical Center and outside contractors.

The Internal Services group shows a slight decrease from the previous budget year. While most of the budget units within this group experienced decreases, the utilities budget increased significantly due to anticipated increases in utility costs.

The Law and Justice group increase is mainly in the Sheriff, District Attorney, and Probation budget units. The increase costs to these budget units are the direct result of increased safety MOU/retirement, specifically the retirement benefit known as 3% at 50.

### **Capital Projects and Other Debt Service**

Capital Projects and Other Debt Service appropriations decreased \$28,239,647 primarily due to a \$26.0 million reduction in Capital Improvement Projects appropriations, which is the result of the completion of several projects, including the West Valley Juvenile Detention facility.

Capital Improvement Projects appropriations decreased to approximately \$85.1 million in 2003-04. The \$85.1 million is composed of \$6.3 million budgeted for new projects and \$78.8 million of carry over projects, which includes \$14.5 million in appropriations budgeted for the High Desert Detention Center.

**Special Revenue Funds**

Special Revenue funds increased \$9,776,837 mainly due to increases in the Economic and Community Development programs of Neighborhood Initiative, Community Development Block Grant, and general administration. In Transportation, appropriation increases are anticipated in the operations and the equipment budget units due to the Highway Bridge and Restoration projects, the installation of passing lanes for the National Trails Highway in the Oro Grande area, and replacement of aging equipment. Decreased appropriations are reflected in the Sheriff COPSMORE budget unit due to the termination of grant funding for personnel and in the Transportation Measure I budget units due to the completion of several large projects. The Jobs and Employment Services Department budget unit also reflects decreases due to a reorganization of the department coupled with a decrease in the Workforce Investment Act funding.

**Enterprise Funds**

The increase in Arrowhead Regional Medical Center reflects increased salary and benefit costs and a 4% increase in emergency room and outpatient visits. Medical Center Lease Payments increased slightly, reflecting the increases in net lease payments and trustee/administrative fees.

There are no appropriations associated with the UltraScreen Theatre budget as this fund has been closed due to the final sale of the remaining equipment.

Solid Waste Management appropriations have been increased as a result of a variety of new projects scheduled for 2003-04, increases in tonnage at the landfills, and Bark Beetle related costs.

**REVENUE SUMMARY**

The 2003-04 county budget is financed from a variety of sources, which are listed below. As with the appropriation summary, revenues for 2002-03 were restated to exclude the Redevelopment and In-Home Support Services budget units. In addition, an adjustment to the Solid Waste Management 2002-03 revenue figure eliminated bond proceeds from revenues, as these proceeds are considered other financing not revenues generated from operations.

**Property Taxes**

Property tax revenue increased based on higher than projected assessed valuation growth in 2002-03 combined with an estimated increase in assessed valuation of 8% in 2003-04.

**Other Taxes**

Other taxes are increased due to an anticipated increase in Prop 172 sales tax. The 2003-04 budget also estimates a 6.2% increase in sales tax from 2002-03 projected actuals for sales tax generated in the unincorporated area of the county. Property Transfer Tax and Supplemental Property Tax are increased to reflect rising home prices and sales volume activity.

**State and Federal Aid**

A decrease in revenues is reflected in the revenue category of state and federal aid. This decrease is due to considerable reductions in health and welfare administration offset by increases in aid for children due to changes in program caseloads. Further reductions in this category include the elimination of SB 90 revenues as the state has temporarily discontinued its reimbursement of mandates programs. Decreases are also expected in the law and justice area, which includes reductions associated with the COPSMORE grant and the Challenge Grant II. These decreases were offset by an increase in the U.S. Marshall contract revenues due to the increase in costs associated with the safety MOU/retirement and increases in prescription medication costs.

Funding related to state and federal capital grants has decreased overall due to the completion of various projects, including the West Valley Juvenile Detention facility and the major phases of the Etiwanda Interchange Improvement Project. These decreases were offset by an increase in airport projects, transportation highway projects, and a renovation project of the boat docks at Park Moabi. Additionally, anticipated increases in revenues are expected from Proposition 40, River Parkway Funding, for the Santa Ana River Trail, as well as revenues from the U.S. Army for perimeter fencing at the Barstow-Daggett airport.

Realignment vehicle license fee (VLF) revenues for health, welfare and Behavioral Health are also estimated to increase. Additionally, the non-realignment portion of vehicle license fees is expected to grow 3.7% over current year-end estimates. These estimates assume the entire VLF backfill from the state.

**Charges for Current Services**

Charges for current services are expected to increase from 2002-03 budget year. The most significant increases in departmental business activity consist of \$4.6 million in law enforcement services, which are a result of safety MOU/retirement increases, \$3.3 million in indirect cost reimbursement (COWCAP) due to increased costs mainly in salaries and benefits, \$1.4 million attributed to an expected increase in the recording fees of legal documents, \$1.4 million in election services due to the addition of one election in 2003-04, and \$1.4 million increase related to property tax administration fee due to growth in supplemental assessments. In addition, minor increases, which total approximately \$3.9 million, occurred in various programs. Significant decreases are expected in health service fees, of which \$4.2 million is due to the loss of the First Five grant revenue in Public Health for the "Early Steps" and "The Earlier, the Better" programs, an anticipated decrease of \$2.0 million in Information Services revenues, and \$1.0 million decrease in the County Museum due to fewer research projects. Additionally, charges for current services reflects decreases due to the reclassification of revenue to reimbursement as required by GASB 34 offset by various increases due to the reclassification of other revenue to charges for current services in order to correctly categorize revenues.

**Other Revenue**

Other revenue includes licenses, permits, franchises, fines and penalties, interest earnings, and tobacco settlement funds. The majority of the decrease reflected in this category of revenue is due to the reclassification of other revenue into current services, as well as the reclassification of other revenue to reimbursements and other financing sources, as required by GASB 34. Other anticipated decreases include \$2.7 million in tobacco settlement proceeds and \$2.1 million in interest earnings. These decreases were offset by increases in grants received by Transitional Assistance and Children's Services, the addition of a new civil filing fee for the seismic courthouse retrofit, increases in housing sales for the Neighborhood Initiative Program, and expected increases in building construction permits.

**Enterprise Funds**

Arrowhead Regional Medical Center revenues are expected to grow due to volume increases and anticipated fee increases. This growth is reflected in insurance, private pay, Medi-Cal, and Medicare revenues.

Anticipated slight increase in revenue for the medical center lease payment fund represents state payments from the Construction Renovation/Reimbursement Program (SB 1732).

There are no proposed revenues for the UltraScreen Theatre as the only revenue associated with this fund last year was interest revenue. Since the fund has been closed, the remaining cash was transferred to the general fund.

Solid Waste Management revenues decreased a net \$2.9 million as a result of a change in budgeting practices, which reduced budgeted revenues by \$6.0 million. This decrease was partially offset by a \$3.1 million increase in revenues primarily resulting from additional tonnage anticipated at the county landfill and transfer stations in addition to Board approved increases in tipping fees.

The net decrease in caseload driven/grant or special funded programs for the general fund includes the following significant changes:

General Fund

- **Human Services System (HSS)** Administrative Claim budgeted staffing is decreased by 986.4 to reflect the November 5, 2002, reduction of 233.6 and an additional reduction of 752.8 in 2003-04. Of the 986.4 included in the total reduction, 711.1 are in the Transitional Assistance Department, 58.0 are in the Department of Children's Services, 61.3 are in the Department of Aging and Adult Services, and 156.0 are in HSS Administration.
- **Behavioral Health** budgeted staffing is decreased by 47.9 as part of the Department's plan to reduce use of Realignment funding.
- **Child Support Services** budgeted staffing is decreased by 84.7, which is due to reductions in program funding and the elimination of vacant budgeted positions and all extra help positions.
- **Public Health** budgeted staffing is decreased by 179.0. Increases totaling 1.9 budgeted staff are offset by program staffing reductions of 180.9, which include decreases in the Maternal Health program (67.4), Perinatal and Adolescent Life program (33.9), Child Health (8.9), Family Planning (3.5), Aging (17.0), the Field Nursing program (17.5), and various other programs (32.7).
- **Probation** budgeted staffing is decreased by 70.4 positions: 48 positions (45 local cost, 3 grant funded) were reduced as a result of changes in workload indicators and shift relief factors and 22.4 positions were deleted due to decreases in grant funding and the termination of school contracts.
- **District Attorney** increased 7.0 budgeted positions due to court expansion and 2.0 budgeted positions for the grant funded Elder Abuse Vertical Prosecution program.
- **Sheriff** increased 16.0 budgeted positions: 12.0 for contract cities, 1.0 for Megan's Law, 2.0 for Inmate Welfare, and 1.0 for CAL-ID.

Other Funds

- **Preschool Services Department** budgeted staffing is decreased by 77.9. This net reduction is a result of a 14.7 increase due to site expansion, a 6.2 increase due to support staff workload increases, a 71.0 reduction due to the deletion of vacant positions, a reduction of 41.4 due to work hours reduction for part-day teachers from eight to six hours per day, and the elimination of 13.6 vacancy factor.
- **Sheriff's** budgeted staffing includes a reduction of 8.0 technical positions for which COPSMORE funding is no longer available.

The net decrease in other programs budgeted staffing includes the following:

- **Human Resources Department** budgeted staffing is decreased by 13.3 to reflect the reduction of 3.3 positions as part of the department's 30% Cost Reduction Plan implemented, the deletion of 1.0 position that is no longer required to administer the EH&P program, and the elimination of 9.0 vacant positions.
- **Information Services'** Computer Operations budget unit decreased budgeted staffing by 29.0 vacant positions. These deletions were needed for cost savings to compensate for projected revenue decreases and budget constraints. The Network Service budget unit decreased staffing by 17.1 budgeted positions as a result of adding and deleting positions of various classifications to adjust for workload changes.
- **County Museum** budgeted staffing is decreased by 25.2 due to implementation of the 4% Spend Down Plan, decreased revenues related to research projects, and the deletion of vacant positions.
- **Solid Waste Management** budgeted staffing is increased by 12.1 primarily in response to the local emergency in the San Bernardino County mountain communities resulting from the Bark Beetle infestation.
- **Facilities Management** budgeted staffing decrease of 24.8 reflects 5.0 as part of the 4% Spend Down Plan; 5.0 as part of the department's 30% Cost Reduction Plan implemented; and 14.8 due to reduction in services and elimination of vacant positions. These reductions are in the following divisions: 15.5 in Custodial; 4.3 in Grounds; and 5.0 in Maintenance.
- **Fleet Management** budgeted staffing is decreased by 13.4 to reflect decreased demand for services and the deletion of vacant positions, which are part of the department's 30% Cost Reduction Plan implemented.

Countywide staffing changes are outlined by county department in the following chart:

**RESERVES ANALYSIS**

The county has a number of reserves and designations that have been established over the years for a variety of purposes. On January 6, 1998, the Board of Supervisors adopted a county policy to provide guidelines and goals for reserve levels. That policy calls for the county’s general purpose reserves to equal 10% of locally funded appropriations by 2002-03. It also anticipates establishing special purpose reserves to help meet future needs.

The County has several reserves. Some are for specific purposes, such as to meet future known obligations or to build a reserve for capital projects. The general reserves are funds held to protect the County from unforeseen increases in expenditures or reductions in revenues, or other extraordinary events, which would harm the fiscal health of the County.

For 2002-03 mid-year Board actions authorized the use of \$122,856 of the equity pool reserve to fund equity increases for employees in the District Attorney, Public Defender and Assessor departments.

On December 17, 2002 the Board authorized the use of contingencies in the amount of \$26.7 million to increase one existing reserve and to establish five new specific purpose reserves.

- \$5.5 million was set aside to help fund the projected \$14 million increase in locally funded retirement costs for 2003-04. Ultimately, these increases were funded by ongoing sources of revenue in the 2003-04 financing plan. The \$5.5 million increase brings the total retirement designation to \$7.0 million which remains available for future anticipated increases in retirement costs.
- \$5.0 million was used to establish an Insurance reserve. The purpose of this reserve is to provide funding for the new five-year insurance recovery plan developed to manage increased costs of workers compensation and property insurance.
- \$5.7 million was used to establish an Electronic Voting System Reserve. The State has mandated that the county change from a punch card to electronic voting system by January of 2004. This reserve sets aside the projected general fund share of this new voting system.
- \$6.0 million was used to establish the Valley and Pepper Intersection reserve. The county has a requirement to improve this intersection, located near the Arrowhead Regional Medical Center (ARMC), as a result of the Environmental Impact Report approved by the Board before construction of the ARMC began. On June 10, 2003, the Board approved the use of this reserve to finance the design and construction of the intersection.
- \$4.0 million was used to establish the Capital Projects reserve. This reserve was established to address the backlog of deferred maintenance projects as well as other capital project needs.
- \$0.5 million was used to establish the Bark Beetle reserve to help address the bark beetle infestation in the local mountains. On April 8, 2003, the Board approved the use of \$300,000 of this reserve; \$100,000 to provide financial assistance for tree removal to low-income individuals and \$200,000 to conduct a feasibility study and survey for a Special Assessment or Special Tax District in the San Bernardino Mountains. On June 10, 2003, the Board allocated the remaining \$0.2 million of this reserve to the "Dead Tree Hazard Abatement Revolving Fund" established on that date to facilitate immediate removal of as many dead trees as possible in the infected mountain areas.

For 2003-04, general-purpose reserves are increased \$2.9 million. The equity pool, which funds the costs and results of employee classifications studies, is increased by \$3.0 million. Uses of \$160,949 of the Equity Pool reserve are planned to fund the 2003-04 costs of equity increases for employees in the District Attorney, Public Defender and Assessor departments approved by the Board in 2002-03. A planned use of \$1.0 million of the Justice Facilities reserve will be used to offset a portion of the first year cost of the recently approved safety MOU.

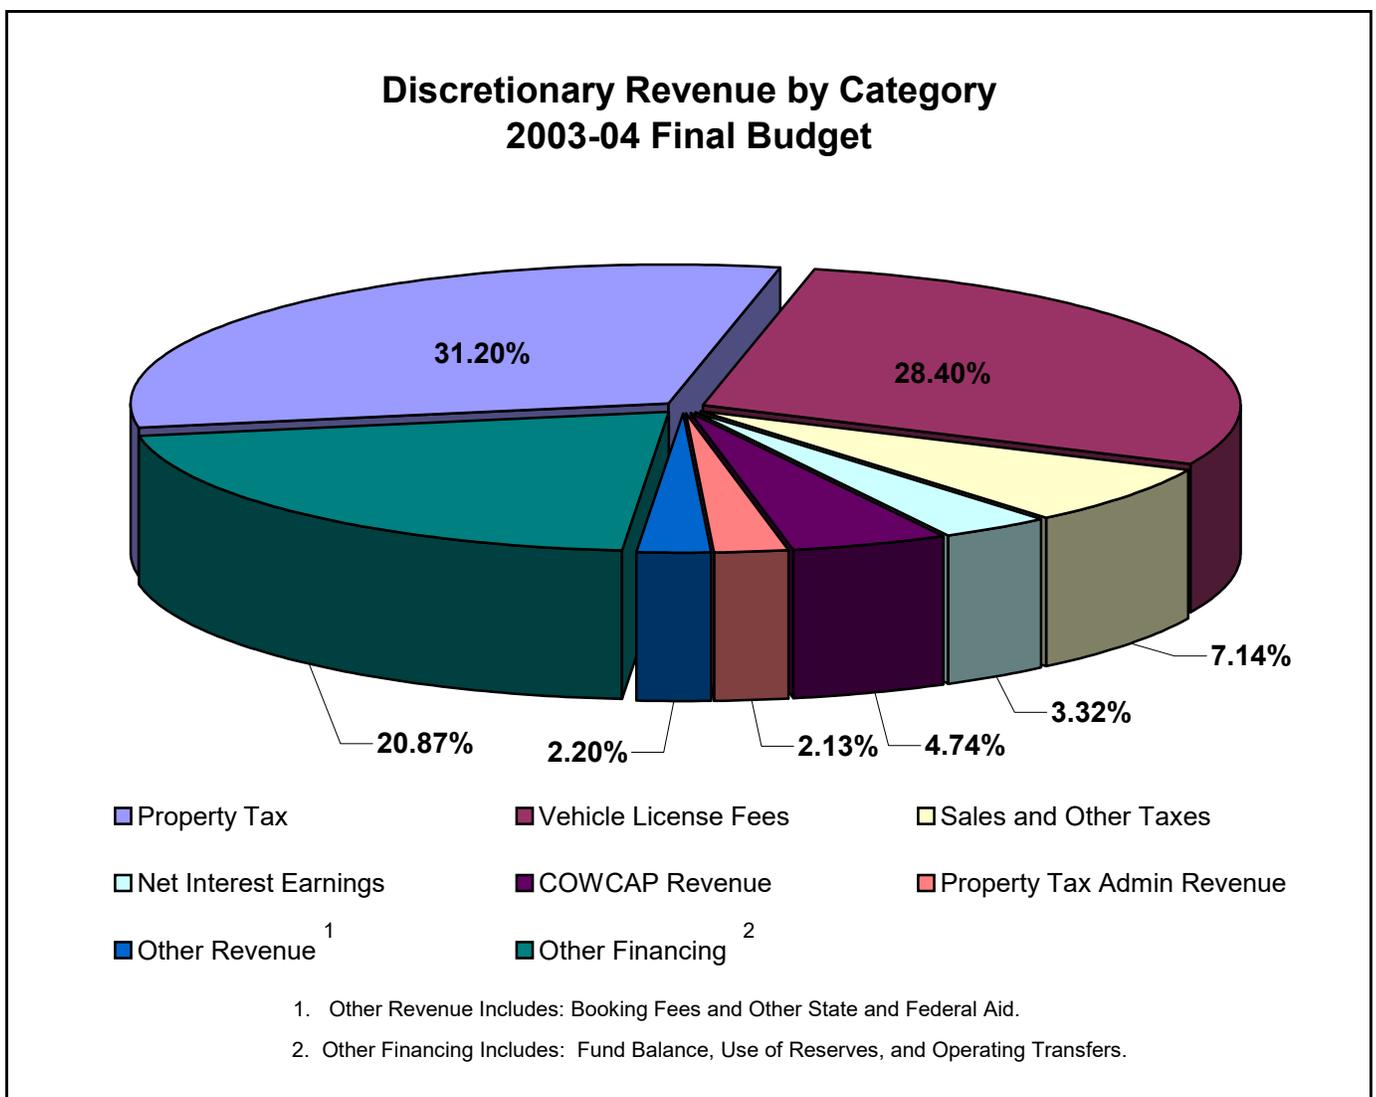

In final budget action, the Board established a reserve of \$1.0 million for the Museum's Hall of Paleontology, allocated on additional \$2.0 million to the Bark Beetle Reserve, and established, but did not fund, a Library Facility/Book Reserve.

**DISCRETIONARY REVENUE**

County general fund operations are financed with two major types of funding: departmental program revenues; and countywide discretionary revenues, reserves, and fund balance.

Departmental program revenues include fees, service charges, and state and federal support for programs such as welfare, health care, child support and behavioral health. The balance of departmental costs not funded by these departmental revenue sources is considered local cost. Local cost is funded by countywide, discretionary revenues such as property tax and vehicle license fees as well as other financing such as use of reserves, fund balance and operating transfers.

Gross local cost financing for 2003-04 is \$440,083,510. Shown below are the sources of local cost financing:

The most significant sources of county local cost financing are property tax and vehicle license fees. These two sources account for \$262,267,331 or 75.3% of net non-departmental revenues. Year-end fund balance available for financing is \$55.9 million. Operating transfers includes transfers into the county general fund from the Courthouse and Criminal Justice Construction funds, Solid Waste Management, savings from refinancing and capital improvement projects, and the use of \$17.7 million of the tobacco settlement funds, of which \$15.0 million is to be applied towards Medical Center Debt Service.

**OVERVIEW OF BUDGET**

**DEPARTMENT: BOARD OF SUPERVISORS  
BUDGET UNIT: AAA BDF**

**I. GENERAL PROGRAM STATEMENT**

The Board of Supervisors is the governing body of the county government and Board-governed special districts. It establishes policy and exercises supervision over the official conduct of all county officers, Board-governed districts and special commissions. The Board approves and adopts the annual budget and initiates and makes recommendations regarding proposed legislation at state and federal levels.

**II. BUDGET & WORKLOAD HISTORY**

	<b>Actual 2001-02</b>	<b>Budget 2002-03</b>	<b>Actual 2002-03</b>	<b>Budget 2003-04</b>
Total Appropriation	4,017,618	4,237,112	4,086,834	3,812,528
Local Cost	4,017,618	4,237,112	4,086,834	3,812,528
Budgeted Staffing		39.8		39.5

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**STAFFING CHANGES**

Included in base budget is the reduction of 1.6 budgeted positions. One Project Coordinator and 0.6 Field Representative were eliminated in the department's 4% Spend Down Plan.

In 2002-03, voters in the Second District elected a new supervisor, Paul Biane. Supervisor Biane has restructured the Second District's staff deleting 1.0 Executive Secretary III and 1.0 Field Representative. These deletions were offset by the addition of 1.0 Executive Secretary I, 1.0 Executive Analyst, 0.8 Special Projects Coordinator, and 0.8 Public Service Employee. Other districts made minor changes resulting in a net decrease of 0.3 budgeted staffing.

**BUDGET UNIT: LEGISLATION (AAA LEG)**

**I. GENERAL PROGRAM STATEMENT**

This program provides federal and state advocacy services to the County of San Bernardino. On February 5, 2002, the Board of Supervisors approved an administrative report that recommended numerous enhancements to San Bernardino County's legislative program. Through the restructuring of federal and state advocacy offices, six advocates currently represent the County. The creation of this new budget unit was approved by the Board of Supervisors on December 17, 2002, and was established to consolidate expenses associated with state and federal advocacy efforts. The position funded through this budget unit is the Director of Legislative Affairs for the Board of Supervisors. The position was previously in the County Administrative Office budget unit.

Expenditures for 2002-03 were less than appropriations due to several vacant positions, delays in hiring, an employee on disability leave, and reduced expenditures of services and supplies. Revenue was under budget due to the loss of state SB90 revenue and the over-estimation of the first year of collections of fees for Notices of Determination/Exemption.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**STAFFING CHANGES**

Included in base budget was the deletion of 2.0 positions (1.0 Administrative Clerk II and 1.0 Chief Deputy Clerk) that were included in the 4% Spend Down Plan and a portion of the 30% Cost Reduction Plan that was implemented.

During the budget workshops the 1.0 Chief Deputy Clerk eliminated in the 30% Cost Reduction Plan was added back as an approved policy item.

**PROGRAM CHANGES**

The fee for providing supplements to the County Code was deleted since it was no longer used. There was no impact to the budget.

Local Cost	20,480,694	23,068,480	20,764,583	20,467,787

2002-03 actual expenditures were less than budgeted. This is primarily a result of savings in interest expense on the county's variable rate certificates of participation due to historical lows in short term interest rates. These savings are partially offset by increased letter of credit fees on two of the county's variable rate issues.

Leases included in this budget for 2003-04 are:

1997 Public Improvement Financing (ENVEST, West End Juvenile Facility, Preschool Building)	1,429,699
County Government Center	3,244,600
West Valley Detention Center	5,292,858

Subtotal:	<u>(2,379,351)</u>
Total:	20,467,787

\*\* Reimbursements include Preschool building rents, Chino Airport rents, lease payments from Glen Helen Pavilion and a transfer from the utilities budget.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**PROGRAM CHANGES**

In 2003-04, savings due to the refinancing of the West Valley Detention Center Project total \$4,401,747. Due to the potential impacts of the state budget on the county's general fund these savings will be transferred to the non-departmental budget unit as one-time financing available for allocation. This amount is included as one-time financing available in the 2003-04 financing plan.

**BUDGET UNIT: CONTINGENCIES AND RESERVES  
(AAA CNA, CNR, CON)**

**I. GENERAL PROGRAM STATEMENT**

Board Policy requires the county to maintain an appropriated contingency fund to accommodate unanticipated operational changes, legislative impacts or other economic events affecting the county's operations which could not have reasonably been anticipated at the time the budget was prepared. Funding for contingencies is targeted at 1.5% of locally funded appropriations. The contingency budget also includes an annual base allocation of \$1,000,000 for priority district and program needs. Final budget action includes a provision that allocates any difference between estimated and final fund balance be placed in contingencies.

County reserves include both general purpose and specific purpose reserves. General purpose reserves are funds held to protect the county from unforeseen increases in expenditures or reductions in revenues, or other extraordinary events, which would harm the fiscal health of the county. Board policy requires the establishment of an ongoing general purpose reserve for the general fund targeted at 10% of locally funded appropriations. Specific reserves are funds held to meet future known obligations or to build a reserve for capital projects.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**A. Contingencies**

A base allocation to the contingency budget of \$5,223,535 is established pursuant to Board policy, based on 1.5% of the budgeted locally funded appropriations of \$348.2 million. An additional base allocation of \$1,000,000 (transfers) is established for priority district and program needs.

In final budget action, the Board allocated an additional \$62,180,848 of available financing to contingencies. This amount is set aside for specific uncertainties. Specific uncertainties include uncertainty surrounding state finances, the cost of the recall election, relocation space for the courts and rising local expenses such as workers compensation, MOU adjustments, and retirement benefits. The Board also re-appropriated the unspent allocation of \$2,167,983 of the 2002-03 priority policy needs to the 2003-04 budget bringing the total to \$3,167,983.

**B. Reserves/Designations**

For 2003-04, general-purpose reserves are increased by \$2.9 million to conform to the Board policy. This increase is based on 10% of the budgeted locally funded appropriations of \$348.2 million and brings the balance of general-purpose reserves to \$34.8 million.

As part of the 2002-03 final budget a reserve of \$2.0 million for equity studies for the county's general employees was established pursuant to the new MOU agreement. The Medical Center Debt Service reserve was increased slightly to reflect a planned contribution pursuant to the Medical Center Financing Plan. The projected use of \$900,000 of the restitution reserve represented the estimated 2002-03 expense of the continuing corruption litigation.

During 2002-03 the Board authorized the use of \$26.7 million in contingencies to increase one existing reserve and to establish five new specific purposes reserves. \$5.5 million was used to increase the reserve for Future Retirement Rate Increases; \$5.0 million was used to establish an Insurance reserve to manage increased costs in workers compensation and property insurance, \$5.7 million was used to establish an Electronic Voting System reserve, which represents the estimated local cost of the new system; \$6.0 million was used to establish the Valley and Pepper Intersection reserve; \$4.0 million was used to establish a Capital Projects reserve; and \$0.5 million was used to establish the Bark Beetle reserve to address the infestation in the local mountains.

**COUNTY ADMINISTRATIVE OFFICE**

During 2002-03 the Board approved the use of the \$6.0 million in the newly established Valley and Pepper Intersection reserve to fund the design and construction of the intersection. The Board also approved the use of the newly established \$0.5 million Bark Beetle reserve. The use of \$6,365,153 of the Restitution reserve was allocated to the Solid Waste Management Division to finance costs related to the perchlorate investigation at the Mid-Valley Sanitary Landfill. The budgeted use of \$900,000 of the Restitution reserve was reduced to \$870,470 to reflect actual budgetary expenses of the ongoing corruption litigation. Other uses include \$70,000 from the Justice Facilities reserve to purchase a modular office building to be used as a Sheriff's substation in Montclair and the use of \$122,856 of the Equity Pool reserve to fund equity increases for employees in the District Attorney, Public Defender and Assessor departments.

For 2003-04 the Equity Pool reserve, which funds the costs and results of employee classification studies, is increased by \$3.0 million. Uses of \$160,949 of the Equity Pool are planned to fund the 2003-04 costs of equity increases in the District Attorney, Public Defender and Assessor departments approved by the Board in 2002-03. A planned use of \$1.0 million of the Justice Facilities reserve will be used to offset a portion of the first year cost of the recently approved safety MOU. In final budget action the Board established a reserve of \$1.0 million for the Museum's Hall of Paleontology allocated an additional \$2.0 million to the Bark Beetle Reserve, and established, but did not fund, a Library Facility/Book reserve.

COUNTY ADMINISTRATIVE OFFICE

BUDGET UNIT: NON-DEPARTMENTAL REVENUE (AAA FAD)

I. GENERAL PROGRAM STATEMENT

The non-departmental revenue program includes income that is not directly related to any particular county activity. This discretionary revenue finances departmental budgets' local cost. The interest on notes appropriation reflects costs related to the county's annual short-term borrowing for cash flow needs. These costs are more than offset by earnings in the county's investment program. Special departmental expense appropriations are for county expenses that cannot be appropriately charged to a specific department.

The county's share of the 1.0% property tax for 2003-04 is estimated to be \$125.9 million. This is based on an estimated 8.0% increase to assessed valuation.

In addition to property tax, the county is authorized to collect other types of taxes in the unincorporated areas. Sales and use taxes are projected to increase approximately 6.2% over the 2002-03 year end estimate. Franchise taxes, which are collected primarily from utility company and cable TV revenue, are projected to grow slightly.

**USE OF MONEY AND PROPERTY - \$20,600,000**

Total interest earnings for 2003-04 are projected at \$20.6 million. These earnings will be offset by \$5.0 million in expenses associated with the short-term revenue anticipation notes program (TRANS). The decrease in this revenue source is attributable to lower interest revenue projections on the TRANS. The TRANS is not expected to produce a significant amount of revenue in 2003-04, due to low spreads between borrowed and invested funds.

Motor vehicle in-lieu tax (VLF) is based on vehicle registration fees and new car sales statewide. The majority of these fees are allocated to local governments as general purpose financing. Distribution of these funds is made on the basis of population. In 2002-03 VLF fees to vehicle owners had been reduced by 67.5% by the State, who then backfilled these lost revenues to local governments from the State's general fund. Effective June 20, 2003, the state ceased making these backfill payments and reinstated the full VLF. However, VLF fees will not be returned to their full rate until October 1, 2003. This resulted in a loss of approximately \$2.2 million to the County's VLF general-purpose revenue in 2002-03. The 2003-04 budgeted amount reflects estimated VLF revenues assuming the backfill would remain until the full VLF rate was reinstated. It also assumes a 6% revenue increase from the 2002-03 year end estimates prior to the elimination of the backfill, based on a stable growth rate in these revenues and an increase in the County's population share.

Other aid consists of a payment from the welfare realignment trust fund, which replaced the state revenue stabilization program, and SB90 reimbursements from the state.

**FEDERAL AID - \$1,530,275**

Federal payments in lieu of taxes are due to federally owned lands within the county. This revenue source is budgeted to be consistent with actual revenues received in 2002-03.

Various state and federal grants permit the county to claim certain overhead costs against them. In addition, most fee supported general fund departments and taxing entities, such as the library and Board-governed special districts, are charged COWCAP to recover costs incurred in the general fund on their behalf. Reimbursement for indirect costs reflects those recovered allowable costs included in the 2003-04 countywide cost allocation plan (COWCAP). The increase in the 2003-04 budget from prior year actual is due to a change in the billing method for seven Human Services Departments, increased salary and benefit costs for employees, and increases in Unemployment Insurance costs, mainly in the Preschool Services Department.

Law enforcement services reflect the amount estimated to be recovered through the jail booking fee. The budget is based on a fee of \$159.72 on approximately 24,600 bookings. This fee was not increased for 2003-04.

Sheriff contract overhead represents certain county overhead charges recovered through city law enforcement contracts with the Sheriff's Department.

SB 813 cost reimbursement represents allowable charges for administration and operation of the supplemental property tax program. This reimbursement is tied directly to the performance of supplemental property tax revenue. Other services reflect the property tax administrative fee, which the legislature provided for counties to recover the cost of property assessment and tax collection process from certain other local jurisdictions. This revenue is tied directly to the cost of that collection effort.

**OTHER REVENUE - \$1,430,000**

Other revenue consists of voided warrants issued by the county, projected transfers of unclaimed property tax refunds to the general fund, the county share of vehicle code violation revenue, and other miscellaneous revenues.

COUNTY ADMINISTRATIVE OFFICE

BUDGET UNIT: FEDERAL FOREST RESERVES (SFB CAO)

I. GENERAL PROGRAM STATEMENT

In 1908, Congress enacted a law that requires 25% of the revenues derived from the National Forest System to be given to counties in which the lands are situated for the equal benefit of public schools and roads. Pursuant to Public Law No. 106-393, enacted on October 30, 2000, counties could elect to remain under the 25% Payment Method with fluctuating funding levels or change to the Full Payment Method, that requires these revenues to fund either Title II or Title III projects under the Act. The County elected the Full Payment Method. Title II project funds may be used for the purpose of making additional investments in, and creating additional employment opportunities through projects that improve the maintenance of existing infrastructure, implementing stewardship objectives that enhance forest ecosystems, and restoring and improving land health and water quality. Authorized uses for Title III projects include search, rescue, and emergency services; community service work camps, easement purchases; forest-related educational opportunities; fire prevention and county planning; and community forestry. The State Controller's Office distributes funds to each eligible county according to the agreed upon formula and the counties' election of fund distribution. There is no staffing associated with this budget unit.

During March 2002, this funding source was transferred to a special revenue fund, as required by GASB 34.

BUDGET UNIT: MASTER SETTLEMENT AGREEMENT (RSM MSA)

I. GENERAL PROGRAM STATEMENT

This budget unit accounts for proceeds received from the tobacco lawsuit Master Settlement Agreement (MSA). In late 1998 a settlement was reached in a lawsuit filed by states against the tobacco industry. In California the proceeds of the settlement are to be divided equally between the state and local governments who partnered in the lawsuit. Payments to local governments are based on a formula involving total tobacco sales and each local entity's population. There is no staffing associated with this budget unit.

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, estimated requirements in this fund are less than budgeted. The amount not expended is carried over to the subsequent year's budget.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

**PROGRAM CHANGES**

Program changes in services and supplies include a decrease of \$686,093 as a result of the completion of the tobacco cessation programs, which were established with an allocation in the 2000-01 budget. In addition, \$2.7 million, previously appropriated in services and supplies, is now reflected in operating transfers for general financing purposes. Beginning with 2003-04, annual payments to the county from the Master Settlement Agreement for the next four years are scheduled at \$17.5 million. This \$2.7 million expected decrease in tobacco settlement proceeds directly corresponds to the \$2.7 million scheduled decrease in general fund financing for the Medical Center debt.

BUDGET UNIT: MEDICAL CENTER LEASE PAYMENT FUND (EMD JPL)

I. GENERAL PROGRAM STATEMENT

This unit funds the cost of long-term lease payments to the Inland Empire Public Facilities Corporation for the Arrowhead Regional Medical Center (ARMC) facility. Funding sources include state revenues from the SB 1732 – Construction Renovation/Reimbursement Program, operating transfers from ARMC representing Medicare and fee for service revenues, and operating transfers from the general fund backed by realignment revenues and tobacco settlement proceeds. There is no staffing associated with this budget unit.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET

PROGRAM CHANGES

Services and supplies reflect a slight increase due to an estimated increase in net lease payments coupled with an increase in trustee/administrative fees associated with the debt. State revenues from the SB 1732 – Construction Renovation/Reimbursement program are increased as this reimbursement is based on a percentage of the net lease payments. As mentioned in the Master Settlement Agreement budget unit, annual payments to the County of San Bernardino of tobacco settlement proceeds are scheduled to decrease by \$2.7 million in 2003-04. This decrease will be offset by an increase in realignment revenues of \$2.7 million.

**BUDGET UNIT: HUMAN RESOURCES (AAA HRD)**

**I. GENERAL PROGRAM STATEMENT**

The Human Resources Department administers the county's human resources programs. This includes responsibility for employee testing, certification, and selection; employee benefits and services; employee relations; systems and program administration for a portion of the Employee Management and Compensation System (EMACS); the Equal Employment Opportunity Office; and the Commission on the Status of Women. Human Resources also shares the responsibility, through a partnership with Human Services System, for countywide organizational and employee development and the Management Leadership Academy.

Total expenditures and revenue for 2002-03 was less than budget. This is due to a change in accounting whereby payments from departments for the Employee Health and Productivity (EHAP) program and the Employee Assistance Program (EAP) were recognized as abatements to services and supplies rather than revenue as budgeted. In 2003-04, these payments are correctly budgeted as reimbursements rather than revenue.

The number of applications is expected to increase due to the online application process implemented in 2002-03, which has enabled the Employment Division to accept employment applications via the Internet.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**STAFFING CHANGES**

Budgeted staffing has been reduced by a total of 13.3 positions. Included in base budget is the deletion of 2.0 Public Service Employee, 0.3 Staff Analyst II, and 1.0 Personnel Technician, which is a portion of the department's 30% cost reduction plan implemented. In addition, 1.0 Nurse Practitioner II is deleted because it is no longer required to administer the EHAP program. Per Board direction 9.0 vacant budgeted positions (2.0 Clerk II, 1.0 Employee Benefits Representative, 2.0 Human Resources Analyst 1, 2.0 Human Resources Analyst II, and 2.0 Human Resources Officer II) that were not in recruitment were deleted during budget adoption.

**PROGRAM CHANGES**

Per GASB 34, departmental reimbursements for the EHAP program, EAP, and the Center for Employee Health and Wellness are accounted for as reimbursements rather than revenue.

**BUDGET UNIT: UNEMPLOYMENT INSURANCE (AAA UNI)**

**I. GENERAL PROGRAM STATEMENT**

This is a mandated program based upon a 1978 amendment to the California Unemployment Insurance Code extending unemployment insurance benefits to all public employees. Management's objective for the program is cost containment. Unemployment insurance claims filed by former county employees are monitored, reviewed for eligibility, and challenged when appropriate to prevent abuse of the program. There is no staffing associated with this budget unit.

**II. BUDGET AND WORKLOAD HISTORY**

	<b>Actual 2001-02</b>	<b>Budget 2002-03</b>	<b>Actual 2002-03</b>	<b>Budget 2003-04</b>
Total Appropriation	1,558,511	1,500,000	2,529,061	2,700,000
Local Cost	1,558,511	1,500,000	2,529,061	2,700,000

Actual program costs in 2002-03 were significantly higher than budgeted due to an increase in the number of claims, which is attributable in part to the countywide reduction in Public Service Employees and increased unemployment benefits. Former employees, including Public Service Employees, who are currently unemployed through no fault of their own, are eligible to receive unemployment benefits.

**I. GENERAL PROGRAM STATEMENT**

This is a fund established to account for funds received under AB 2766 to finance mobile source air pollution reduction programs. AB 2766 authorizes air pollution control districts to levy fees on motor vehicles to be used to reduce air pollution. Under this program, the Department of Motor Vehicles collects fees and remits amounts to the appropriate Air Quality Management District (AQMD) for vehicles registered within the District. This fund receives AB 2766 funding from both the South Coast Air Quality Management District (SCAQMD) and the Mojave Desert Air Quality Management District (MDAQMD).

**I. GENERAL PROGRAM STATEMENT**

This fund was established to account for administrative and management fees collected for managing the County's various employee benefit plans. The fees collected are subsequently transferred to the general fund for the reimbursement of actual administrative and management costs. There is no staffing associated with this budget unit.

**PROGRAM CHANGES**

Beginning in 2003-04, revenues for consulting fees will be transferred in from various medical and dental trust funds and then transferred out to the general fund. Previously, these costs were paid directly from the various trust funds. This change will provide better accountability and tracking for fully costing employee benefits administration. Revenues are also increased as per the investment services provider contract with ING, which was approved by the Board on April 9, 2003.

**BUDGET UNIT: INSURANCE PROGRAMS (ALL ISFs EXCEPT IBP)**

**I. GENERAL PROGRAM STATEMENT**

Risk Management, under the direction of the Human Resources Department, administers the county's self-insured and insured insurance programs. All programs are paid from these self-insurance funds and financed by general fund and non-general fund departments, as well as the Board Governed Special Districts and County Service Areas. Self-insurance and insurance programs include auto liability, property, surety, comprehensive auto, law enforcement liability, workers' compensation, aircraft liability, airport liability, environmental liability, medical malpractice, and general liability. Revenue over expense is used to meet actuarially determined claims reserve requirements. There is no staffing associated with this budget unit.

Revenue Over/(Under) Expense	(6,980,593)	3,029,989	(3,945,590)	1,350,680

Actual operating expenses and revenue for 2002-03 are higher than budget due to an accounting change regarding reporting for guaranteed investment contract (GIC) disbursements and reimbursements. Transfers for the GIC were \$10,762,476 and revenues were \$10,704,530. Per the investment schedule, there is minimal GIC activity in 2003-04.

Revenue over/(under) expense varied significantly from budget because of an unbudgeted \$4.5 million dividend paid to Transportation/Flood Control; increased Workers' Compensation payments due to the increased benefit levels; decreased Workers' Compensation revenue due to decreased staffing in the County; and increased excess insurance premiums for general, automobile, and pollution liability programs.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**PROGRAM CHANGES**

Compared to 2002-03, operating transfers in and out are impacted significantly due to scheduled reductions in GIC disbursements and reimbursements.

**I. GENERAL PROGRAM STATEMENT**

Information Services' Application Development Division develops, enhances, and maintains computerized business systems. In addition, Application Development provides management and coordination of large multi-departmental automation projects, consultation for a wide variety of vendor platforms, acquisition and integration of turnkey software applications, and proposal development.

<b><u>Workload Indicators</u></b>				
Project Hours	149,873	149,479	128,881	127,400

In 2002-03, appropriations of \$11,722,743 are under budget by \$1,247,080 as a result of cost reduction measures implemented to offset reduced revenues caused by State budget cuts and adjustments for the 4% spend down plan. Expenditure reductions include savings from vacant positions (\$524,049); reduced services and supplies (\$673,031); and the deletion of fixed asset purchases (\$50,000). The decrease in project hours in 2003-04 reflects the impact of the 4% spend down and reduced revenues from Human Services System. These reductions translate into a loss of 20,598 project hours from contracted professional services and regular staff time of 7.5 budgeted staffing.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**STAFFING CHANGES**

Budgeted staffing has been reduced by 7.5 positions. Included in base budget is a decrease of 3.0 positions (1.0 Team Leader, 1.0 Team Aide II and 1.0 Programmer Analyst/Programmer) which were eliminated as a result of the 4% Spend Down Plan. The reduction of 3.5 Programmer III positions was eliminated based on further cost reduction measures to compensate for lower revenues.

Per Board direction 1.0 vacant budgeted Programmer III position that was not in recruitment was deleted during budget adoption.

**PROGRAM CHANGES**

Service revenues from Human Services System, Courts, Public Health, and District Attorney decreased from a budget of \$3.8 million in 2002-03 to \$1.3 million in 2003-04. This reduction of \$2.5 million was caused primarily by state budget cuts and has impacted this budget significantly. Some of the lost revenue has been offset partially by projected revenue increases of \$500,000 by projects in Public Works, GIS parcel base map, and various countywide management projects. Support costs in computer software, training, equipment purchases, general office expenses, and travel budgets have been reduced drastically to offset these revenue losses in

order to stay within local cost. For the most part, service levels within the unit have declined for affected departments and the ability to respond to additional service requests has also been impacted. The use of contract resources in the professional services budget has also been reduced by \$1.2 million and nearly eliminated to accommodate needed cost reductions.

The Emerging Technologies Division (ETD) researches, evaluates and recommends technology-oriented products and solutions with the focus of improving internal county processes as well as enabling electronic access by the public to county services. ETD is responsible for maintaining and managing the county's internal and external web sites. Through the Geographic Information Management System (GIMS), ETD also provides mapping products and geography-based application services for both the county departments and the public. GIMS responsibilities include ongoing maintenance of the county's street network and development of the parcel basemap.

In 2002-03 appropriations are under budget by \$223,161 resulting from cost reductions measures implemented for the 4% spend down plan that include vacant budgeted staffing savings of \$265,235 and increase expenditures in software and equipment purchases totaling \$67,648 and deletion of fixed purchases totaling \$25,574. Reduced revenue is in connection with not filling vacant positions.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**STAFFING CHANGES**

Budgeted staffing has been reduced by 3.9 positions. Included in base budget is a net decrease of 1.0 Programmer III in the 4% Spend Down Plan, 1.0 Programmer III in the 30% Cost Reduction Plan. These reductions were offset by 0.1 of overtime hours in the Programmer III position.

Per Board direction, 2.0 vacant Programmer III positions that were not in recruitment were also deleted during budget adoption.

**PROGRAM CHANGES**

Services and supplies cost in computer software, equipment purchases, and professional services budget were reduced to compensate for salary cost increases of employee step advancement, increased on-call, and higher administrative support cost. Minor reductions in interest and lease purchase principal payments were made to adjust for declining requirements of existing lease purchase loans. ETD will provide Geographic Information System (GIS) support for the Big Bear Watershed program in 2003-04 using grant funding secured by the City of Big Bear.

Projected revenue increased slightly reflecting change in Street Network subscription services, completion of contract with the City of Rialto, mapping projects, and GIS Watershed program with City of Big Bear.

**OTHER CHANGES**

ETD will provide GIMS quality assurance and control of data delivered to the county by contract vendor in the completion of the parcel basemap.

**BUDGET UNIT: COMPUTER OPERATIONS (IAJ ALL)**

**I. GENERAL PROGRAM STATEMENT**

The Computer Operations Division is comprised of five Sections: Technology Production Control, Integrated Document Management, Wide Area Network, Local Area Network, and Systems Support Services. The division supports county departments on a 24/7 basis.

Technology Production Control Section is tasked with the administration and support of the county's enterprise servers, departmental mid-range computers, and over 140 client-server computer systems. The section is responsible for maintaining a stabilized environment for the enterprise data center, cross system platform automation, report distribution and disaster recovery.

The Integrated Document Management Section operates the integrated document management, document conversion, data entry and microfilm for the county. The Systems Support Services Section centralizes and physically consolidates the infrastructure and administration to support the efficient management of countywide servers.

The Wide Area Network (WAN) Section provides the communications infrastructure for interconnecting all county departments and provides support for approximately 20,000 users. The Local Area Network (LAN) Section provides departmental support for the management of local networks connecting computers within buildings.

The Computer Operations budget unit is an Internal Service Fund (ISF). As an ISF, any unrestricted net assets available at the end of a fiscal year are carried over to the next fiscal year and are used as working capital and for replacement of fixed assets. Any excess or shortage is incorporated into the rate structure.

Expense variance resulted from customer reduced service demands due to budget cutbacks, hiring, and fixed asset freeze. Material purchases, non-fixed asset equipment purchases, training, equipment maintenance, and equipment leases were all cutback to reduce overall cost. The decreased expense resulted in reduced revenue; however, a one-time operating transfer in for the GIS project resulted in revenue exceeding budget.

### **III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

#### **STAFFING CHANGES**

Budgeted staffing has been reduced by 29.0 vacant budgeted positions.

Salaries and benefit cost for 24.0 positions totaling \$1,122,385 was deleted in order to manage to projected workload changes, decreased service revenues, and to help offset cost increases in other expense areas. Changes included the deletion of 6.0-Automated Systems Analyst I; 1.0-Automated Systems Analyst II; 1.0-Chief Data Entry Supervisor; 3.0-Clerk II; 3.0-Computer Operator; 1.0-Data Control Clerk III; 2.0-Data Entry Operator II; 1.0-Data Processing Scheduler; 3.0-P1-Product Analyst; 3.0-Product Specialist and 1.0-Programmer Analyst III X-Help. Decreases were offset slightly by increased overtime usage equivalent to 1.0 budget position.

Per Board direction of 5.0 vacant budgeted positions that were not in recruitment were also deleted during budget adoption.

#### **PROGRAM CHANGES**

Staffing and the purchase of services and supplies were reduced to bare minimum levels to hold current year service rates the same and to help offset cost increases.

Services and supplies cost in computer software, equipment purchases, training, equipment rental, and interest expense budgets were decrease by \$1,417,639. These reductions were required to offset declining revenues and cost increases of \$1,166,976 for inflation and insurance; higher cost to maintain internal business applications; GIS parcel base map costs; increase in administrative support costs; increased equipment depreciation expenses; and to establish a Quality Assurance (QA) program. COWCAP budget was reduced by \$110,592 to reflect actual cost allocation of the plan.

The above changes are necessary to maintain a break-even status with projected service revenues, which are declining.

Service revenue projections have decreased by \$1,483,640 in anticipation of further service impacts of future state budget cuts in user departments.

Fixed asset equipment purchases decreased by \$1,357,215 to reflect current requirements; fully amortized lease purchase equipment loans; and budget constraints.

Expense variances are due to reduced professional services contract related to GIS that was transferred to Computer Operation; hiring and fixed asset purchase freeze, and the deletion of all funded vacant positions.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**STAFFING CHANGES**

Budgeted staffing has been reduced by 17.1 positions. This resulted from a combination of adding and deleting positions of various classifications to adjust for workload changes.

Sixteen positions were deleted, which included 2.0 Clerk II; 9.0 Communications Technician II; 1.0 Network Control Specialist; 2.0 Electronic Drafting Technician; 1.0 Multimedia Coordinator; and 1.0 Telephone Service Specialist.

Usage of overtime equivalent to 4.9 budgeted staffing (0.3 Help Desk Technician; 0.8 Communications Installer; 0.5 800 MHz Analyst; 2.5 Communications Technician I, II, III; and 0.8 Supervising Communications Technician) is increased to meet current workload; 2.0 Communications Technician III are added to provide senior field service skills that require independent judgment; and 1.0 Network Services Supervisor is added to provide supervision of the Network Control area.

Per Board direction 9.0 vacant budgeted positions that were not in recruitment were also deleted during budget adoption.

**PROGRAM CHANGES**

Reduction in expenses comes mostly from reduced outside communication services and electronic parts that include data/voice circuits, network trunking, intra/inter state connectivity for calls off the county's microwave network and other communication services needed to manage the county's 19,500 user telephone system. Budgeted costs for these areas were increased in 2002-03 to support projected growth in new county facilities and system upgrades. This growth did not occur as expected and outside communication services and parts cost budget have been reduced to reflect recent expense trends and requirements.

The telephone rate will decrease from \$32.50 to \$27.00 effective with the beginning of the new fiscal year. This rate reduction is achievable from the completion of the multi-year telephone network switch infrastructure upgrade program, which resulted in lower operating cost. Project cost associated with the completion of upgrading the telephone systems were deleted resulting in a rate decrease for telephones and annual cost savings of approximately \$1,287,000 to phone users.

Base year increases of \$666,644 for MOU salary and benefit, retirement and workers comp cost increases were absorbed without any offsetting rate change.

**OVERVIEW OF BUDGET**

**DEPARTMENT: LOCAL AGENCY FORMATION COMMISSION**  
**EXECUTIVE OFFICER: KATHLEEN ROLLINGS-McDONALD**  
**BUDGET UNIT: AAA LAF**

**I. GENERAL PROGRAM STATEMENT**

The Local Agency Formation Commission (LAFCO) is an independent regulatory body charged with the responsibility for the discouragement of urban sprawl and the encouragement of orderly formation and development of local agencies within San Bernardino County. In meeting these responsibilities the Commission 1) regulates proposed boundary changes for cities and special districts; 2) determines the spheres of influence for local agencies and conducts related municipal service reviews; 3) regulates the formation and dissolution of cities and special districts; and 4) reviews contracts for the provision of services outside the boundaries of cities and special districts. In addition to those authorities, LAFCO has the authority to initiate and make studies of existing government agencies and initiate proposals for consolidations, mergers, or dissolution of special districts based upon its findings. Costs in this budget represent the county's legally mandated contribution to LAFCO; which is one-third of the operating cost that is not reimbursed by fees and other revenue. There is no staffing associated with this budget unit.

**BUDGET UNIT: AGRICULTURE/WEIGHTS AND MEASURES (AAA AWM)**

**I. GENERAL PROGRAM STATEMENT**

The Department of Agriculture, Weights and Measures enforces state and local laws protecting the environment, public health, worker safety and the general welfare of the public by regulating the agricultural industry, pest control businesses, and all business transactions based on count, weight and volume. Additional duties include the inspection of produce and eggs, control of vegetation along state and county road right-of-ways and flood control channels, and the manufacture of rodent baits for sale to the public. The Department is also responsible for management of the county's predatory animal control program.

Petroleum Sign Inspections	1,523	1,700	1,345	1,500

The variance between the 2002-03 budget and actual appropriations is primarily attributed to salary savings resulting from the hiring restrictions and the downsizing of the state-funded pest detection program, reduction in services/supplies for weed control supplies, non-inventoriable equipment and general expenditures due to a reduced staff.

The variance between the 2002-03 budget and actual revenue is attributed to a reduction in the pest detection program, less weed control work requested and a reduction in the amount of unclaimed gas tax revenue received from the State.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**STAFFING CHANGES**

Budgeted staffing has been reduced by a total of 8.2 positions. Included in base budget is the elimination of 3.2 positions (1.0 Plant Path/Entomologist, 1.0 Agricultural Standards Officer (ASO) and 1.2 PSE) as a result of the 4% Spend Down Plan and the portion of the 30% Cost Reduction Plan implemented. Staffing changes include the elimination of 3.0 Agricultural Field Aide positions that were added in the 2002-03 budget in anticipation of an increase in pest detection services provided to the state, which did not occur; the reduction of 0.5 Public Service Employee (PSE) used in the pest detection program; and the elimination of 1.0 Agricultural Standards Officer IV position due to budgeting this position as an Agricultural Field Aide. The department has also reduced budgeted staffing from 1.0 to 0.5 Agricultural Field Aide due to workload requirements.

**AGRICULTURE/WEIGHTS AND MEASURES**

**PROGRAM CHANGES**

The Pest Detection program was reduced in accordance with the contract terms specified by the California Department of Food and Agriculture resulting in the reduction of the positions specified in staffing changes and \$84,000 in equipment budgeted last year for the acquisition of compact trucks.

Staffing and revenues associated with egg inspection have decreased as a result of the current Newcastle disease epidemic at poultry ranches. The Agricultural Standards Officer IV position has been reassigned to weights and measures inspections. The workload indicator for package inspection has been decreased as staff is encountering smaller lots of packaged goods more frequently. The amount of time spent on inspecting a small lot compared to a large lot is not significantly different.

Fee adjustments approved during the final budget hearing increased revenue by \$79,610 and were offset by a corresponding increase in services/supplies appropriations to restore previous cuts associated with the 4% Spend Down Plan and 30% Cost Reduction Plan.

**BUDGET UNIT: CALIFORNIA GRAZING (SCD ARE)**

**I. GENERAL PROGRAM STATEMENT**

The California Grazing budget funds a variety of range improvement projects such as cattle guards, pipelines, tanks, and water dispensing facilities recommended by the county's Range Improvement Advisory Committee (RIAC). RIAC is comprised of five Bureau of Land Management (BLM) lessees and one wildlife member, and are appointed by the Board of Supervisors. RIAC recommends to the Board of Supervisors various grazing improvement projects for funding. The Bureau of Land Management, the federal agency responsible for leasing the grazing allotments to ranchers, reviews the environmental impact of projects. Funding for these projects comes from fees paid to the federal government for grazing leases by ranchers under the provisions of the federal Taylor Grazing Act of 1934. A portion of the grazing fees is distributed back to the county to fund improvements on the federal lands. The county acts in a trustee capacity for these funds. There is no staffing associated with this budget unit.

**BUDGET UNIT: CHINO AIRPORT COMMERCIAL HANGAR FACILITY (RCI APT)**

**I. GENERAL PROGRAM STATEMENT**

The Commercial Hangar Facility located at Chino Airport was constructed in 1987 through proceeds from a 30-year bond issue. Since 1996, the Airports Department has been responsible for the facility's maintenance and operation. Expenditures include the annual transfer of approximately \$860,000 to the General Fund for the debt service payment. Expenditures are financed from the remaining fund balance, as well as revenues generated from leasing the facility. There is no staffing associated with this budget unit.

This is because appropriations in this category cannot be spent without prior Board approval. The 2002-03 actual revenues are \$572,602 less than budget due to vacancies at the hangar facility during the year.

Patron Visits	3,124,386	3,200,000	3,309,508	3,350,000

Actual expenditures for 2002-03 were \$681,181 less than originally budgeted. The Department experienced a \$221,596 savings in salaries and benefits due to the countywide hiring freeze and its related impact on filling vacant positions. Also, book purchases were curtailed by \$285,375 in response to a cutback in state revenues. The remaining savings of \$174,210 is primarily the result of County Library contracting for fewer professional services than initially projected.

Branch hours and patron visits have increased resulting from the addition of the Serrano Branch Library during 2002-03. However, the library materials circulation has remained virtually unchanged due to significant reductions to the book budget.

### III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

#### **STAFFING CHANGES**

The department's 2003-04 budgeted staffing has a net decrease of 2.8 positions from the prior year. Included in base budget is the addition of 1.0 Librarian I for the Highland Environmental Learning Center Project and 0.6 Library Associate for the new Serrano Branch Library, which were both approved by the Board as mid-year adjustments during 2002-03. There is a reduction in budgeted staffing of 3.4 positions (1.0 Librarian IV, 1.0 Clerk II, 1.0 Library Assistant, and 0.4 Library Pages) due to the frequent turnover of positions in these two classifications. Per Board direction 1.0 vacant budgeted Librarian II position that was not in recruitment was deleted during budget adoption.

#### **PROGRAM CHANGES**

The Board approved an increase in fines for overdue books and audio-visual materials, as well as approving a new computer printing fee. The additional revenue from these fee revisions, which is estimated to be \$249,000 per year, will be used primarily to augment the Department's book budget. The 2003-04 budget reflects this additional revenue and corresponding appropriations.

County Library's 2003-04 budget also reflects a \$762,942 reduction in purchases in library materials. This decrease was necessitated by further cuts in state revenues.

**I. GENERAL PROGRAM STATEMENT**

The Museum provides cultural and educational programs and activities at the main facility in Redlands and seven regional sites: Agua Mansa Cemetery in Colton, Casa de Rancho Cucamonga (Rains House), Daggett Stone Hotel, Asistencia Mission in Redlands, Mousley Museum of Natural History in Yucaipa, Yorba-Slaughter Adobe in Chino, and Yucaipa Adobe. These activities involve preservation of collections, display of permanent and special exhibitions, and care for historical sites depicting the history and culture of San Bernardino County. Museum programs promote learning and awareness through community outreach, partnerships with educational institutions, and research that enhances both the collections and educational services. Permanent and loaned collections are preserved for the benefit of the public and for the scientific community. The Museum has several divisions including Education, Exhibitions, Anthropology, History/Archives, Biological Science, and Geological Sciences. The Biological Science division performs short and long-term field studies involving the flora and fauna in the southwestern United States. The Geological Sciences division conducts research including geologic mapping and paleontologic assessments for excavation and mitigation of fossil specimens. The revenue received for research by these two divisions subsidizes a portion of Museum activities.

Research Revenue	1,836,246	2,694,200	2,088,020	1,648,500

The 2002-03 revenue shortfall of \$468,502 is partly attributed to a \$234,657 budgeted Bureau of Reclamation contract for Southwestern Willow Flycatcher field studies that was not awarded to the county. In addition, other budgeted revenue not realized included anticipated projects for The Wildlands Conservancy of \$200,000 and the Santa Ana Water Authority of \$215,000. These reductions were partially offset by unanticipated research revenue mainly from a project for Nevada Power. As a result of research work being less than expected, the department was able to achieve a savings in salaries & benefits and services & supplies to offset the overall revenue shortfall.

The workload indicators reflect a decrease in Museum attendance from 2001-02 based on impacts from the declining economic conditions and reductions in the number of outside exhibits presented at the County Museum.

**COUNTY MUSEUM**

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**STAFFING CHANGES**

Budgeted staffing has been reduced by a total of 25.2 positions. A decrease of 24.7 positions are due to fewer research projects anticipated in 2003-04. These staffing reductions include 16.0 unclassified research positions, 5.2 education positions, 1.0 associate curator, 1.0 secretary, and 1.5 historic site managers. These staffing deletions involve the layoff of one regular status position and five non-regular status positions (unclassified positions, contract employees, and/or probationary employees). The remaining 18.7 positions deleted were already vacant. In addition, the Department defunded 0.5 Security Officer as part of the 4% Spend Down Plan.

**PROGRAM CHANGES**

The 2003-04 budget is based on a reduction in revenue previously generated through the Bureau of Reclamation's Southwestern Willow Flycatcher and Metropolitan Water District research projects. This loss of revenue has required the Department to decrease its staff by 24.7 positions, as described above.

The Museum's budget reflects a reorganization within the Education Division that will emphasize school programs, exploration station, gallery interpretation, exhibit development, and the volunteer program. Public programming and outreach will be available on a limited schedule.

Traveling exhibits presented at the County Museum in the past have been discontinued for the future, as staff shifts the focus from leased exhibits to development of special exhibits using Museum collections. There was one exhibit reserved for the summer of 2003, but there are no other leased traveling exhibits scheduled.

The Board approved an increase in admission fees at the County Museum, which is expected to generate approximately \$122,000 per year in additional revenues. This anticipated revenue, along with \$10,000 from an increase in the Paleontologic record research fee, will be used to restore previous budget cuts in marketing, facilities/grounds maintenance, and custodial services. The Department's 2003-04 budget reflects this additional fee revenue and the corresponding appropriation increases.

**BUDGET UNIT: ULTRASCREEN THEATRE (EML CCR)**

**I. GENERAL PROGRAM STATEMENT**

The UltraScreen Theatre, which was the county's large screen facility located at the Ontario Mills Mall, was sold to the Ontario Mills Corporation in December of 1999. Also, the debt the county incurred to finance the Theatre was retired in November of 2000. However, this budget unit remained active to account for the cost of storing the projection equipment. The county sold the equipment in July 2002; consequently, this budget unit has now been closed out.

**I. GENERAL PROGRAM STATEMENT**

The Museum Store operates as an enterprise fund under the management of the San Bernardino County Museum. The Store is considered an integral part of the visitor experience and provides many items for sale including books and publications, educational toys, thematic novelty items for exhibitions, jewelry, minerals, and souvenirs. The store supports Museum operations and makes an annual financial contribution to the Museum.

**STAFFING CHANGES**

The Museum store has decreased budgeted staffing by 0.2 to reflect minimum staffing levels that correlate to an anticipated decrease in sales based on projected attendance for 2003-04.

**PROGRAM CHANGES**

Changes in programming, with a shift away from traveling exhibits toward the development of in-house special exhibits, along with the declining economy, will result in an estimated decrease in attendance and related decrease in taxable sales.

**I. GENERAL PROGRAM STATEMENT**

Economic and Community Development is responsible for applying for and administering federal, state, and local grant funds allocated to the County of San Bernardino for housing, economic, and community development programs. Federal funds comprise a large percentage of the total monies included in the department's budget through Community Development Block Grant (CDBG), the Emergency Shelter Grant (ESG), Home Investment Partnership Grant (HOME), the Neighborhood Initiative Grant (NI), and the Economic Development Initiative Program (EDI) Grant.

**II. BUDGET & WORKLOAD HISTORY**

Budgeted Staffing		61.0		61.0

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, actual expenditures in this fund are typically less than budgeted. Most of ECD's revenue is from federally funded grants that are for longer than one year, thus revenue is under realized for each individual fiscal year, but totally realized over the period of the grants. The unexpended and unrealized amounts in 2002-03 have been carried over to the subsequent year's budget.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**STAFFING CHANGES**

This budget remains at 61.0 budgeted staffing. An ECD Analyst II 1.0 budgeted staffing has been added to handle the additional workload due to the increase in funding and subsequent increase in Community Development Block Grant projects, this increase is offset by the deletion of 1.0 Educational Specialist due to workload reduction in the HOME section.

## OVERVIEW OF BUDGET

**DEPARTMENT: JOBS AND EMPLOYMENT SERVICES**  
**DIRECTOR: BARBARA HALSEY, INTERIM DIRECTOR**  
**BUDGET UNIT: SAC JOB**

### I. GENERAL PROGRAM STATEMENT

In 2002-03 the Jobs and Employment Services Department (JESD) was responsible for administration and operation of employment programs funded through the Workforce Investment Act Program (WIA) and the CalWORKs – Employment Services Program. The department receives funding from the Department of Labor (DOL) for programs operated under the WIA, and from the County’s Human Service System (HSS) for the provision of services under the CalWORKS Program. On March 11, 2003, the Board Of Supervisors approved a structural reorganization of JESD with the transition of the CalWORKs Division from JESD into the Transitional Assistance Department (TAD). Also approved as part of the transition, the Board also approved a Memorandum of Understanding between HSS and JESD, providing reimbursement of staffing costs to JESD for staff performing Job Development and Job Placement functions in support of the CalWORKS Program. This action was effective February 25, 2003.

There are three primary funding streams under the Workforce Investment Act: Title I Adult funding, Dislocated Worker funding, and Youth Services funding. The primary mission of the Workforce Investment Act is to enhance the employment opportunities available for county residents by providing universal access to career/employment information, vocational skills training to increase the employability of customers, and placement services. All programs funded under this DOL funding source are performance based programs with specific goals related to the number of individuals assisted, placed, and retained in employment, as well as the amount of earnings gain achieved by customers completing training programs and obtaining employment.

All programs operated under the WIA are subject to the administrative oversight of the Workforce Investment Board. This Board consists of representatives from the Public and Private sector who have been appointed to serve by the Board of Supervisors. Programs implemented with WIA funding are carried out under contractual agreements with public/private schools, community-based organizations, and other government agencies.

WIA Services are made available to the public at 10 locations throughout San Bernardino County. The 10 locations make up the San Bernardino County One-Stop System. The JESD One-Stop Offices are known as the Employment Resource Centers (ERC’s) of San Bernardino County. Four full service ERC’s are located in Ontario, Victorville, Redlands, and San Bernardino. Satellite Centers are located in Hesperia, Fontana, Yucca Valley (Copper Mountain College), and San Bernardino Valley College. Administrative offices and an Employment Center are located in Colton, and the final site is a Business Resource Center located in Hesperia.

\*\* Corrected

The 2003-04 Customers Receiving Services workload is projected to decrease from prior year’s budget due to the decrease in funding levels.

The actual revenue is less than budgeted as a result of the Department of Labor, at the direction of Congress, rescinding \$1.0 million of grant funding, and the actual allocation from the Department of Labor being \$3.0 million less than anticipated. The actual expenses are less than budgeted as a result of the reduction in expenditures related to the reduction in grant funding.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**STAFFING CHANGES**

Budgeted staffing has been increased by a total of 8.0 positions. Included in base budget is a net increase of 28.0 budgeted positions as a result of the structural reorganization of JESD.

As part of the reorganization process and the development of the 2003-04 budget, JESD evaluated every position in its department. The result of this evaluation is the recommendation to delete 22.0 budgeted positions that were no longer needed and add 1.0 budgeted position for a long term contract employee assigned to the Workforce Investment Board that has not previously been budgeted. In addition, 1.0 Staff Analyst II budgeted position was transferred from ED/PSG to assist with administering of WIA programs. Approved staffing changes show a net reduction of 20.0 budgeted positions.

Local Cost is over budget by \$196,132 reflecting cost savings and decreased revenue. The actual expenses are less than budgeted expense due to salary savings, reductions in services & supplies (i.e. consulting services, postage, and printing services), reduction in new vehicle purchase, and reduced administrative cost allocations. Actual revenues are less than budgeted revenue due in part to difficulties in recruiting staff to process applications and the increase in the number of tentative parcel maps. In addition, actual revenues are less than budgeted due to a decrease in planning fees approved in the 2001-02 budget. The Board backfilled this revenue loss with \$90,500 of Local Cost at that time, of which that amount was incorrectly not included in either the 2002-03 or 2003-04 budgets.

Growth in Conditional Use Permits and Tentative Parcel Maps is a reflection of the increased development activity throughout the county.

**BUDGET UNIT: COUNTY TRAIL SYSTEM (RTS CCP)**

**I. GENERAL PROGRAM STATEMENT**

On October 6, 1998, the Board of Supervisors approved County Policy #08-16 regarding the development of a county trail system. Under this policy, the Board designated Regional Parks to act as the lead agency for overseeing the development and maintenance of riding (non-motorized) and hiking trails within San Bernardino County. This separate budget unit was established to account for activity related to the trail system independently from other park operations.

Actual expenditures for 2002-03 were approximately \$5.3 million less than budget primarily due to development of the Santa Ana River Trail (Phase II and III) not initiating as projected. The projects have been delayed due to permitting issues with the BNSF Railroad. These appropriations have been carried over to 2003-04 when development is now expected to commence. These portions of the trail are financed through grants from SANBAG. The grant funds are obtained on a reimbursable basis. Thus, the department will receive these funds after the trail improvements have initiated.

**BUDGET UNIT: REGIONAL PARKS SNACK BARS (EMO, EMP & EMT)**

**I. GENERAL PROGRAM STATEMENT**

The Regional Parks Division provides staff to operate three snack bars located at the following parks: Glen Helen (island site), Lake Gregory, and Mojave Narrows. In 1995-96, enterprise funds were established for the snack bars to provide management with sound accountability and timely reports. Any excess revenue resulting from operations is used to enhance the snack bars or other park operations. Snack bars at Cucamonga-Guasti, Yucaipa, Prado, and Glen Helen (swimming complex) are operated by a Board-approved private contractor.

**STAFFING CHANGES**

Budgeted staffing has been increased by a net of 0.3 positions. Of this amount, 0.8 was increased due to the county assuming snack bar operations from a concessionaire at Lake Gregory Regional Park, and 0.5 was decreased resulting from the snack bar at Prado Regional Park now being operated by a Board-approved private contractor.

**PROGRAM CHANGES**

As mentioned above, Regional Parks has taken over snack bar operations at Lake Gregory from a concessionaire while turning the Prado snack bar operation over to a Board-approved private contractor.

**BUDGET UNIT: SURVEYOR (AAA SVR)**

**I. GENERAL PROGRAM STATEMENT**

The Surveyor Division is composed of two functions: office mapping and field survey services. The office mapping section is responsible for the review of subdivision maps as prescribed by state law, preparation of legal descriptions and maps for other county departments, and assisting the public in matters relating to land boundaries. The field section performs boundary and construction surveys primarily for other county departments and is responsible for perpetuation of controlling survey monuments.

Parcel Maps	47	46	42	47
Records of Survey	152	175	194	160
Corner Records	1,002	1,300	1,048	800

Actual expenditures for 2002-03 were \$529,930 less than budget primarily due to a \$367,268 savings in salaries and benefits resulting from delays in filling vacant positions. In addition, services and supplies were also under budget by \$136,569. This savings is due to not re-modeling the public service counter and research area, as well as motor pool, microfilming, field survey supplies, training and travel costs being less than anticipated. Actual revenues for 2002-03 were under-realized by \$478,046 mainly because of the delays with filling revenue generating positions.

While the above workload indicators reflect a decrease in work performed for the private sector, the Surveyor's workload related to other county entities is on the rise. Work requested by the Transportation Division and the Flood Control District for field surveys, as well as by the Information Services Department for automation of the Geographic Information Systems (GIS) parcel basemap, will offset the private sector workload decreases. Workload indicators for performing field surveys and automation of the GIS parcel basemap are not reflected, as they are not easily measurable.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**STAFFING CHANGES**

Budgeted staffing has been increased by 0.1 to reflect additional hours for an existing retiree extra help Land Surveyor. Revenues generated by the Surveyor's Division will fund the costs associated with this increase.

**PROGRAM CHANGES**

In 2003-04, the Surveyor will be providing increased services to assist the Information Services Department (ISD) with the automation of the GIS parcel basemap. The Surveyor will provide quality control, maintenance, and perform surveys to establish control points for the parcel basemap. Revenues from ISD have been increased by approximately \$300,000 in 2003-04 for providing this service. When the GIS program was approved, an ongoing maintenance cost for the Surveyor was identified at \$200,000 per year. ISD will reimburse the Surveyor for these costs in 2003-04 and for approximately six months of 2004-05 (at that time the GIS parcel basemap is expected to be fully automated). Sources of revenue to fund ongoing maintenance costs subsequent to December 2004 have not been identified and will need to be addressed at a later date.

**I. GENERAL PROGRAM STATEMENT**

The Transportation Division of the Public Works Department is responsible for the operation of the county maintained road system, including administration, planning, design, contract administration, traffic management and maintenance of approximately 2,834 miles of road. The program is financed principally from revenues generated by the state highway users tax, a small share of the state sales tax which is, by law, allocated to a countywide local transportation fund, federal and state aid for specific road improvements and reimbursable projects from other agencies. The program also includes facilities development fees and one-half cent sales tax passed in November 1990 as Measure I, which are accounted for in separate budget units.

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, actual expenditures in this fund are typically less than budget. The amount not expended in 2002-03 has been re-appropriated for 2003-04.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**STAFFING CHANGE**

Budgeted staffing for 2003-04 has been decreased by a net of 7.2 positions resulting from the deletion of the following 11.6 positions: 2.0 vacant Engineering Technician II's, 1.0 vacant Public Works Engineer III, 1.0 Public Service Employee, and the equivalent of 7.6 budgeted staff in overtime. These decreases, which are the result of a projected \$3.0 million loss of Traffic Congestion Relief Funds, are partially offset by the following 4.4 increases in staff: 1.0 Clerk III is needed to support the Department's front office personnel, 1.0 Public Works Engineer II to assist in Long-Term Program Planning, 1.0 Maintenance Construction Worker II to keep up with current workload demands at various county road yards, 0.9 contract employees (0.5 Contract Project Senior Inspector and 0.4 Contract Construction Project Manager) to assist the department with the high volume of construction projects anticipated in 2003-04, and 0.5 for the Caltrans Study Team assigned to the High Desert Corridor Project.

**OTHER CHANGES**

The Department's 2003-04 budget includes \$6.0 million in appropriations for construction of the Valley Boulevard at Pepper Street Interchange Reconstruction Project in Colton.

**I. GENERAL PROGRAM STATEMENT**

The transportation facilities development fee funds are established by county ordinance to collect fees on new construction in the areas of Big Bear, Helendale/Oro Grande, Rancho Cucamonga, Yucaipa, High Desert, Oak Hills, Oak Glen, and Southeast Apple Valley. These fees provide funds for construction of roads in the established fee area that will ultimately be incorporated into the county road system. Funds must be spent in the area in which they are collected. There is no staffing associated with this budget unit.

**BUDGET UNIT: MEASURE I FUNDS (RRR, RRS, RRT, RRU, RRV, RWR, RWS, RWT, RWU, RWV, SWR, SWS, SWT, SWU, SWV, SWW)**

**I. GENERAL PROGRAM STATEMENT**

Measure I was approved by the voters in November 1989, to provide funds for transit support, congestion relief, and safety improvements to roads. The primary source of funds is from a countywide one-half percent sales tax. Budget units were established for Measure I to separately manage the funds collected. The county is divided into six subareas: Barstow, Morongo, mountains, Needles, Victor Valley, and San Bernardino Valley. Funds must be spent in the subarea in which they are collected. There is no staffing associated with this budget unit.

The 2002-03 actual revenues were approximately \$2.0 million less than anticipated due to not receiving funds from the City of Fontana for their participation in the Slover Avenue Project. This Project, previously scheduled for construction in 2002-03, is now expected to commence during the fall of 2003. The Department will receive the \$2.0 million from the City at that time.

**I. GENERAL PROGRAM STATEMENT**

The Solid Waste Management Division (SWMD) is responsible for the operation and management of the County of San Bernardino's solid waste disposal system, which consists of 6 regional landfills, 8 transfer stations, oversight and/or post-closure maintenance at 28 inactive or closed landfills and waste disposal sites throughout the County. SWMD provides scale operations and maintenance; accounts payable/receivable; engineering, design, and construction management; and education and waste diversion. SWMD provides oversight, direction, guidance and control of the contractor, Burrtec Waste Industries, Inc. (Burrtec), for the daily operations of the county's active landfills, transfer stations, and maintenance of the inactive and closed landfills. In its contract administrative role, SWMD provides both general and specific direction to Burrtec in implementing county policies and procedures pertaining to the operations of the county's solid waste system. SWMD also monitors Burrtec's performance under the contract. SWMD maintains direct coordination with all regulatory agencies and liaison activities with customers, including cities, refuse haulers, and citizens. SWMD receives state and federal grant monies, county and private industry matching funds to be used to further the education and outreach for waste reduction, reuse and recycling programs. In addition, SWMD is funding a waste characterization study analyzing the unincorporated waste stream material type, source, and location.

Total financing sources for 2002-03 were \$5,940,231 greater than budget because of the Board-approved \$6.3 million transfer of NORCAL settlement funds to SWMD. These funds will be used in 2003-04 and subsequent years to finance the cost of several projects including the perchlorate investigation at the Mid-Valley Landfill.

The Workload Indicator for total tonnage has been increased by 118,900 tons in 2003-04 to reflect the following: an additional 75,000 tons of Article 19 waste (in accordance with Article 19 of Contract No. 01-237, Burrtec can deliver between 250,000 and 300,000 tons/year of in-county solid waste that is not currently being conveyed into the County disposal system) and an additional 43,900 tons resulting from franchise service growth and increased populations.

The remaining increase of 4.1 positions is comprised of the following: 1.0 Recycling Specialist to assist with the Source Reduction and Recycling Element of AB 939 for the purpose of increasing the current 43% diversion credit up to the state mandated 50%, 1.0 Scale Operator to support existing staff with increased workload demands anticipated in 2003-04 at the various landfills and transfer stations, 1.0 Planner III to provide assistance for groundwater monitoring and landfill gas programs, as well as to assist SWMD with short term projects such as the bark beetle infestation and the perchlorate investigation, 1.0 Staff Analyst II to perform long range financial planning including exploring grant opportunities and seeking new markets to increase SWMD's revenue base, and 0.1 for additional overtime costs.

**PROGRAM CHANGES**

SWMD has implemented a television and computer monitor (CRT) collection program at the landfills and transfer stations for third party processing. This program is a proposed solution to the Department of Toxic Substance Control's ban on television and computer monitor disposal at Class III landfills. SWMD has estimated the collection of approximately 7,200 televisions and computer monitors at a processing cost of \$20/unit for an annual expense of \$144,000. The CRT program costs are expected to be funded by redirecting \$72,000 from the Education and Outreach Committee funds and \$72,000 to be generated from a new \$10.00 fee approved by the Board.

In addition to the new CRT fee, the Board approved a \$1.04/ton increase to the ordinary refuse fee, from \$33.52/ton to \$34.56/ton. This increase is expected to produce an additional \$400,000 in revenue per year.

SWMD's 2003-04 budget also reflects the impact of changes in accordance with contractual agreements with the fifteen Waste Delivery Agreement (WDA) cities. For 2003-04, the WDA refuse fee has been increased by \$1.10/ton for inflationary costs, which is expected to produce an additional \$600,000 in annual revenue for SWMD.

Fixed Assets	733,761	6,821,864	7,000	8,694,365

Total Operating Expenses for 2002-03 were approximately \$3.7 million greater than budget primarily due to increased operating transfers to SWMD’s Site Expansion Fund. Total Financing Sources were \$2.7 million less than budget resulting from not receiving anticipated revenues from the prior year. Actual expenditures for fixed assets were \$6.8 million less than budget resulting from various capital improvement projects not being completed during the year; consequently, appropriations for these projects have been carried over to 2003-04.

Total Operating Expenses and Fixed Assets were \$2.1 million and \$1.2 million less than budget, respectively. This savings is primarily the result of two projects (Mid-Valley Landfill Expansion and Alder Avenue Improvements) not commencing as scheduled. The appropriations for these projects have been carried over to the 2003-04 budget. **BUDGET UNIT: SOLID WASTE MANAGEMENT – ENVIRONMENTAL MITIGATION FUND (EWD SWM)**

**I. GENERAL PROGRAM STATEMENT**

The Environmental Mitigation Fund (EMF) was established to provide separate accountability of that portion of the tipping fee designated as a resource for addressing solid waste facility impacts in local communities. The Board of Supervisors (Board) approved an Environmental Mitigation Fund Use Policy on July 10, 2001. In accordance with that policy, projects or programs must reduce, avoid, or otherwise mitigate impacts arising from the operation and management of a County-owned landfill or transfer station to be eligible for use of EMF monies. Current programs funded through EMF monies are the Household Hazardous Waste (HHW) Program in unincorporated County communities, ongoing since 1993; the Community Clean Up Credit Card program approved by the Board in 1994; and the Community Collection Program. Revenues collected in this fund are also used to make contractual payments to the six cities with a county landfill within its boundary or sphere of influence (Cities). The revenue source for this fund is the gate fee. \$1.00 per ton is collected at the Colton, San Timoteo, Victorville, Barstow and Landers Landfills; \$2.26 per ton is collected at the Mid-Valley Landfill. There is no staffing associated with this budget unit.

Actual operating expenses for 2002-03 were are \$478,039 greater than budget. This overage is the result of payments to cities for the environmental impact of a landfill or transfer station within a city limit (also called Host Community Fees) being greater than anticipated. The excess expenses were offset by additional gate fee revenue generated during the year.

The favorable variance between the 2002-03 budget and actual appropriations is primarily attributed to salary/benefit savings resulting from a vacant clerical position that was part of the 4% Spend Down Plan, and a vacant Assistant ROV position because of an extended recruitment.

The unfavorable variance between the 2002-03 budget and actual revenue is attributed to uncollectible SB90 reimbursement, early voting system deferred revenue and an increase due to windfall election services revenue.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**STAFFING CHANGES**

Budgeted staffing has been increased a net of 4.3 positions. Included iThe staffing increased 5.3 budgeted positions due to three factors:

- The department’s election cycle entails two major elections in 2003-04, vs. one election in 2002-03. This increase of a major election increased the need for overtime by 0.4 budgeted positions.
- The increase in extra help of 4.9 budgeted positions is due to a combination of the extra major election plus a change in department policy of using extra help employees in lieu of temporary help. Corresponding reductions have been made in outside temporary help.

**PROGRAM CHANGES**

Effective the March 2004 Presidential Primary Election, the California Secretary of State has decertified the use of punchcard voting systems in California elections. The Registrar of Voters Office is currently in the process of replacing the existing punchcard system with an electronic voting system.

This budget is based on historical costs and revenues necessary to perform two major punchcard voting system elections, although both of these elections are anticipated to be conducted with electronic optical voting systems. When actual costs associated with the new electronic voting system are incurred, subsequent budget adjustments will be necessary and will be brought back to the Board for further action.

During the final budget hearing, the Board approved the addition of a new fee that enables the department to initially recover equipment rental costs in connection with the new electronic voting units. This fee was established at a rate that is comparable to that of the de-certified punchcard systems. Neither of these final budget changes resulted in an adjustment to revenues, appropriations, or budgeted staffing.

**I. GENERAL PROGRAM STATEMENT**

Franchise Administration is a division of Special Districts. Its function is to monitor utility, cable, telecommunication, and interstate pipeline franchises, as well as the use of other public property. Franchise Administration is also responsible for ensuring submission of the appropriate documents from franchisees including reports, proof of insurance, and payment of franchise fees. Other duties include monitoring customer service compliance for cable television service providers and research designed to identify other entities utilizing public rights-of-way.

The Franchise Administration Division collects a substantial amount of annual franchise fee revenue on behalf of the county, and the fees are generally based upon a percentage of utility, cable, telecommunications, and interstate pipeline company gross revenues. These revenues are reflected as workload indicators, and are not directly incorporated within the division's budget, as the fees are accounted for separately within another fund.

**I. GENERAL PROGRAM STATEMENT**

The Fish and Game Commission was created by county ordinance. Revenues received from certain fines levied under the code are returned to the county and used for improvement of fish and game facilities. There is no staffing associated with this budget unit.

In accordance with Section 29009 of the California Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, actual expenditures in this fund are typically less than budgeted. The amount not expended has been carried over to the subsequent year's budget.

Revenues for this program are based upon fines levied by the court for code violations. Revenue is lower than expected because fish and game violations and citations, written by State Fish and Game Wardens, are down this year.

**I. GENERAL PROGRAM STATEMENT**

Under California law, the Assessor has the following basic responsibilities: 1) Locate and describe all taxable property in the county and identify ownership; 2) Establish a taxable value for all property subject to property taxation; 3) List all the taxable value of all property on the assessment roll and 4) Apply all legal exemptions.

The Assessor maintains current records on approximately 675,000 parcels of real property, 43,000 business property accounts and 33,000 other assessments, including boats, aircraft and manufactured home accessories. The Assessor also administers 17 different types of property tax exemptions including homeowners, veteran, disabled veteran, church, religious and welfare exemptions.

Expense variance is due primarily to salary savings on keeping vacant positions open as a part of the county spend down plan. Revenue exceeds projections due to increased number of change of ownership penalties received.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**STAFFING CHANGES**

Included in base budget is the deletion of 7.0 positions (2.0 Clerk III's, 1.0 Appraiser Technician, 1.0 Appraiser III, 1.0 Appraiser II, 1.0 Title Technician I and 1.0 Assistant Assessor) that were included in the 4% Spend Down Plan.

Due to increased public inquiries in the Fontana District Office, reinstatement of 1.0 Clerk III position plus overtime (1.1 budgeted staffing) was included in the 2003-04 budget.

**BUDGET UNIT: STATE/COUNTY PROPERTY TAX ADMINISTRATION PROGRAM (RCS ASR)**

**I. GENERAL PROGRAM STATEMENT**

On February 13, 1996, the Board of Supervisors approved an agreement with the State of California to participate in a state/county property tax administration program for calendar year 1996. The agreement provided a loan of \$2,139,938 for 1996, with a provision for the same in the following two calendar years. The state passed legislation extending this program through calendar year 2002.

Effective January 1, 2002, the State legislature approved authorization of AB589. This bill creates the State-County Property Tax Grant Program to replace the prior loan program. The grant is effective starting with calendar year 2002 and is authorized for the County until calendar year 2007. As with the prior loan program, these funds are intended to supplement the county's property tax administrative cost. The amount of the loan is set forth on a schedule established by the state and is anticipated to be the same as the previous loan program. Contingencies are used to set aside funds that are available from the state on a calendar year basis but are budgeted and managed in the county system on a fiscal year basis.

**BUDGET UNIT: RECORDS MANAGEMENT (IRM ACR)**

**I. GENERAL PROGRAM STATEMENT**

Records Management is responsible for storage of vital documents and records destruction. This division relocates inactive files from County departments into a central storage facility, where the files are maintained and made accessible to user departments upon request. The division also identifies records eligible for destruction based on schedules established by the owning agency.

The Records Management budget unit is an Internal Service Fund (ISF). As an ISF any unrestricted net assets available at the end of a fiscal year are carried over to the next fiscal year and are used as working capital and for replacement of fixed assets. Any excess or shortage is incorporated into the rates structure.

Decrease in revenue is due to Shredder becoming inoperable and therefore the service was outsourced.

**I. GENERAL PROGRAM STATEMENT**

The Treasurer-Tax Collector has two distinct functions: the collection of property taxes and the treasury function. The tax collection function involves the collection and accounting of property taxes for all taxing entities in the county. This currently amounts to more than \$1.0 billion in property taxes, plus county licenses and other fees. The Treasurer is also responsible for the investment of the county investment pool, which includes county funds and all school districts within the county, as well as providing banking services for these agencies. The Treasurer currently manages assets of over \$2.0 billion.

\*First time included in budget book.

Actual costs for 2002-03 are over budget by \$199,819. Costs for title search, auction and advertising costs related to two tax sales exceeded the 2002-03 budget due to efforts to accelerate the number of properties offered at tax sales. These costs were offset by increased revenue (see below).

The majority of the actual 2002-03 revenue increases over budget are due to the increase in tax sale revenues (\$693,000), increased assessment and tax collection fees (\$80,000) and increased collection fees from unsecured delinquent parcels (\$52,000). The Treasurer-Tax Collector originally budgeted to sell approximately 1,600 properties at tax sales but actually sold approximately 3,400 properties. These estimated revenue increases over budget are partially offset by an expected decrease in administrative charges to the Treasury Pool resulting from an analysis of its costs.

**TREASURER-TAX COLLECTOR**

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**STAFFING CHANGES**

None.

**PROGRAM CHANGES**

An increased interest in real estate ownership by the public, as a result of the decline in the stock market along with historical low interest rates, has caused the number of properties sold at tax sales to skyrocket. In addition, being able to purchase properties using the Internet (one sale in 2002-03 and two planned in 2003-04) has increased participation at tax sales. Based on the success of tax sales in 2002-03, the County Treasurer-Tax Collector intends to continue to aggressively return tax-defaulted properties to the tax roll through the tax sales in 2003-04. The department plans to auction approximately 5,500 properties in 2003-04. The increased emphasis on tax sales will result in an increase to the department's services and supplies expenses (all of which are reimbursable through tax sale fees). Specifically, title search and auction/advertising costs are expected to be approximately \$386,000 higher than the 2002-03 budget and tax sale postage and other costs are expected to be approximately \$46,000 higher than the 2002-03 budget.

**BUDGET UNIT: CENTRAL COLLECTIONS (AAA TCC)**

**I. GENERAL PROGRAM STATEMENT**

Central Collections is a division of the Treasurer-Tax Collector. The division's purpose is to centrally coordinate the county's collection functions by providing a collection service for the county, as well as to provide accounting and collections of court ordered payments. Total collections by the division are estimated at \$31.0 million for 2003-04. The majority of these collections are from court-ordered fines and the Arrowhead Regional Medical Center's delinquent accounts receivable.

Revenues exceeded budget due mainly to increased Court collection fees.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**STAFFING CHANGES**

Budgeted Staffing decreased by a net 0.4 positions and is funded with existing resources. Staffing changes include the following:

- (1) Increase 1.0 new Programmer Analyst III position to support the increased workload and general programming updates and modifications and specific programming projects such as the HIPAA, AB3000 and SB1732 implementations.
- (2) Increases of 3.1 positions (1.1 Collections Officers, 1.0 Fiscal Clerk II and 1.0 Public Information Clerk) filled during the year due to increased workload.
- (3) Decreases of 3.5 positions (1.0 Supervising Accountant II, 2.0 Public Service Employees (PSEs) and 0.5 Supervising Fiscal Clerk I) that are no longer needed as a result of organizational changes in the Accounting Section.
- (4) Decrease 1.0 vacant budgeted Supervising Accounting Technician position that was not in recruitment per Board direction during budget adoption.

**PROGRAM CHANGES**

As a result of collections increasing to an expected \$31.0 million for 2003-04, the department's services and supplies expenses will also increase. Specifically, County Counsel expenses are expected to be \$51,000 higher than the 2002-03 budget, other professional services (Columbia Ultimate Business Systems) are expected to be \$29,000 higher than the 2002-03 budget, and non-inventoriable equipment is expected to be \$46,000 higher than the 2002-03 budget.

**OVERVIEW OF BUDGET**

**DEPARTMENT: AGING AND ADULT SERVICES (DAAS)**  
**DIRECTOR: MARY SAWICKI**  
**BUDGET UNIT: AGING PROGRAMS (AAF OOA)**

**I. GENERAL PROGRAM STATEMENT**

The Aging Programs are predominately funded by several federal and state sources and are budgeted in the newly established budget unit AAF OOA reported in organization codes (SBB, SBG, SYA, and SYW) as follows:

- Title III – Special programs for aging, which provide nutrition, supportive, preventative health, and legal services (*Budget Unit AAF OOA SBG*)
- Title III E – Special programs for aging families in a caregiver relationship, which provide case management, transportation, assisted transportation, counseling, caregiver training, respite adult care, respite skilled nursing, home safety devices, assistance devices, and minor home modification services (*Budget Unit AAF OOA SBG*)
- Title VII – Long-term care ombudsman and elder abuse prevention (*Budget Unit AAF OOA SBG*)
- Title V – Senior Employment Program, which provides part-time employment services for seniors age 60 and over. (*Budget Unit AAF OOA SBB*)
- Title XIX – Multi-Purpose Senior Services Program (MSSP) which provides a variety of services to keep seniors safely in their home environment and out of nursing homes (*Budget Unit AAF OOA SYA*)
- CDBG – Supplements the nutrition program (*Budget Unit AAF OOA SBG*)
- Community-Based Services Programs which provides surplus food to the elderly, Alzheimer day care services, insurance counseling, senior companion services, and in-home services to keep persons in danger of institutionalization safely in their homes (*Budget Unit AAF OOA SYW*)
- USDA – Supplements the cost of the nutrition program (*Budget Unit AAF OOA SBG*)
- Medi-Cal Administrative Activities (MAA) - Administrative activities necessary for the proper and efficient administration of the Medi-Cal program. (*Budget Unit AAF OOA SBG*)
- Targeted Case Management (TCM) - Case management services that assist Medi-Cal eligible individuals within a specific target group to gain access to needed medical, social, educational and other services. (*Budget Unit AAF OOA SYW*)

In the 2002-03 final budget book, the budgeted workload indicator for 2002-03 for the Senior Employment Enrollees was incorrectly recorded as 197. The corrected number is 127 as indicated in the budget and workload history.

In 2002-03 one-time local cost was required to supplement traditional funding due to stagnation of funding streams and to fund nutrition contracts at current levels. During the year, the department has realigned staff and made other necessary adjustments to reduce services and supplies in order to stay within existing funding allocations in 2003-04.

## **AGING AND ADULT SERVICES**

Due to salary savings resulting from attrition and one-time-only funding for the Family Caregiver Program, DAAS used \$559,847 of the one-time local cost for expenditures. The remaining local cost was used to repay loans held by the discontinued special revenue funds.

### **III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

#### **STAFFING CHANGES**

Staffing decreased by a net 10.8 budgeted staffing in 2003-04. Changes consist of the following:

Added 3.0 budgeted staffing by transferring staff from the DPA Administrative Claim budget to the Aging budget. These positions split time between Aging and Adult services. Transferring them to the Aging budget enables the department to save administrative overhead costs (1.0 Administrative Supervisor II and 2.0 Clerk IIs).

Added 1.0 budgeted staffing for the Title III/VII programs to assist with increase workload for Family Caregiver program (Senior Information and Referral Area Representative).

Added 0.5 budgeted staffing to assist with increased workload in the Ombudsman program (Ombudsman Contractor Field Coordinator).

Deleted 12.0 budgeted staffing from the Title III/VII Programs. Four became vacant through attrition and were not replaced. (2.0 Accountant Is, 1.0 Accounting Technician, and 1.0 Fiscal Clerk II). One Senior Service Counselor was deleted because it was incorrectly budgeted in 2002-03. Three vacant Social Service Aides that were not needed as originally anticipated were deleted. Two HSS Program Specialist positions were transferred to the DPA Administrative Claim budget. Due to reduced funding in 2003-04, it will also be necessary to eliminate 2.0 additional budgeted staffing (1.0 Supervising Fiscal Clerk, 1.0 Staff Analyst I).

Deleted 1.0 vacant Clerk III from the Title XIX program that was not needed as originally anticipated.

Deleted 51.6 budgeted vacant staffing that were not filled in Title V Program due to lower contract requirements (33.75 Contract National on Aging positions, 14.25 contract CDA positions, 1.75 Contract Senior Program Representative and 1.8 Contract private sector positions).

Deleted 0.2 budgeted Social Services Practitioner in the Title XIX program due to decrease in funding.

The vacancy factor of 49.5 has been eliminated.

#### **PROGRAM CHANGES**

Due to fiscal constraints at the state level, the California Department of Aging eliminated the Senior Companion program and reduced funding for the Multi Service Senior, Health Insurance Counseling and Senior Employment programs in 2003-04, for a total reduction in funding of \$288,925. The Senior Companion program is a contracted service provided by the City of San Bernardino and will be cancelled in 2003-04. The Health Insurance Counseling is a contracted service provided by Inland Agency and will be reduced in 2003-04. Services and supplies costs are reduced to accommodate the reduction in the Multi Service Senior and Senior Employment Programs.

Two new funding sources will add to the department's revenues in 2003-04, Targeted Case Management (TCM) and Medi-Cal Administrative Activities (MAA). TCM and MAA revenues are estimated at \$123,500 and \$315,000 respectively. TCM services are case management services that assist Medi-Cal eligible individuals within a specific target group gain access to needed medical, social, educational and other services. MAA activities are administrative activities necessary for the proper and efficient administration of the Medi-Cal program.

An overall decrease in expenditures is anticipated due to reduced budgeted staffing and by reductions made in services and supplies.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**STAFFING CHANGES**

None.

**PROGRAM CHANGES**

For 2002-03, the Board of Supervisors approved the establishment of specialized general fund AAF OOA for the Aging programs. On June 30, 2002, the combined fund balances in special revenue funds SBB, SBG, SYA, and SYW totaled \$160,518 and was transferred into the new AAF OOA general fund budget unit in 2002-03. Additionally, activity erroneously occurred in these funds in 2002-03. The transactions have subsequently been moved to the new fund. These funds are now closed and deactivated. The fund balances will be removed when the Auditor-Controller performs the annual closing process in the spring of 2004.

The movement of the Aging programs from special revenue funds to the general fund has eliminated the consistent cash flow problems experienced as a result of the state reimbursement process. Due to long delays in state reimbursement, service providers often wait for payment from the department. Additionally, when the state budget is not approved on schedule, funds may not be available to the department for several months. The department is current in its payments to service providers and ensuring expenditures are staying within allocated funds provided.

**BUDGET UNIT: ARROWHEAD REGIONAL MEDICAL CENTER (EAD MCR)**

**I. GENERAL PROGRAM STATEMENT**

The Arrowhead Regional Medical Center (ARMC) provides inpatient and outpatient medical care to county residents in accordance with state law. The medical center operates through an enterprise fund. Under this system, revenues earned from operations are retained to fund the program.

Revenue sources for ARMC are comprised of the following: current services, Disproportionate Share Hospital (DSH) Programs (SB 855, SB 1255, GME), third party payors such as Medi-Cal and Medicare, tobacco tax funds, miscellaneous revenue, and Health Realignment. Summary information regarding key components of this budget unit appears below. The "Rev Over/(Under) Exp" amount shown above reflects the enterprise fund's depreciation requirement, and is not a shortfall to the budget. Depreciation expense of \$12,000,000 is included as an operating expense; because funding is not required to offset this amount, a corresponding amount of revenue is not budgeted.

- The current services revenue category is comprised of:
  - Insurance revenue from third party insurance carriers paying on behalf of patients primarily receiving services from ARMC's trauma center. This revenue accounts for 14.2% of ARMC's net revenue.
  - A contract with the Department of Behavioral Health, for provision of services to mentally ill inpatients, accounts for 7.5% of ARMC's net revenue.
  - Self-pay revenue consists of payments from patients who do not qualify for any reimbursement program and are responsible for their own bills; it accounts for 2.2% of ARMC's net revenue.
- The DSH programs were established to provide supplemental Medi-Cal payments to certain hospitals that provide services to disproportionate numbers of Medi-Cal and other low-income patients. These programs assist safety net hospitals in meeting the uncompensated costs associated with providing medical services to uninsured and underinsured patients. These programs are mechanisms for distributing federal health care funds. The programs require the county to transfer general fund dollars (reflected in the Health Care Costs (HCC) budget unit) to the state. Through a matching process, the county receives back its initial contribution, which is recorded in the HCC budget unit as current services revenue. In addition to the return of the initial contribution, the county receives federal health dollars which are accounted for in the ARMC budget in the state and federal category. The level of the county's contribution is set during the year by the state. As a result, the amounts in the HCC budget only represent estimates of the funds that will be needed to support the transfers, which take place during the coming fiscal year. In a similar fashion, this budget cannot fully reflect the amount of federal health dollars received via DSH programs until the county is notified of the matching amounts during the course of the fiscal year. The DSH programs are comprised of two elements:
  - The SB 855 program provides supplemental payments to hospitals that serve a disproportionate number of low-income individuals. Public entities are required to transfer funds to the State Department of Health Services by an intergovernmental transfer. These funds are matched with federal funds and redistributed as supplemental payments to all eligible hospitals including non-public hospitals. A hospital may receive DSH payments if its Medi-Cal utilization rate exceeds an established threshold or it uses minimum percentage of its revenues to provide health care to Medi-Cal and uninsured patients. This accounts for approximately 11.3% of ARMC's net revenue.

## ARROWHEAD REGIONAL MEDICAL CENTER

- The SB 1255 program supplements eligible hospitals that are licensed to provide emergency medical services and contract with the California Medical Assistance Commission (CMAC) to serve Medi-Cal patients under the Selective Provider Contracting Program. Intergovernmental transfers are also made. These funds are combined with matching federal funds and redistributed by CMAC as supplemental payments to hospitals demonstrating a need for additional funds. CMAC ultimately determines the amount received by each participating hospital. This accounts for approximately 12.4% of ARMC's net revenue.

The GME program is part of the SB 1255 program and it provides supplemental payments to DSH hospitals that are also teaching facilities. Payments are determined solely by CMAC and the amount can vary from year to year. Similar to other SB 1255 revenues, the amount actually received is determined by the state during the course of the fiscal year. This accounts for approximately 1.0% of ARMC's net revenue.

- Medicare is a federal insurance program for people over the age of 65 and it accounts for 9.8% of ARMC's net revenue.
- Medi-Cal fee for service is a state run insurance program that covers medical bills for low-income patients and accounts for 23.4% of ARMC's net revenue.
- Medi-Cal Managed Care is a program that is administered by Inland Empire Health Plan and it covers medical costs for low-income patients under an HMO type structure and it accounts for 4% of ARMC's net revenue.
- Tobacco Tax funds are allocated by the state to partially reimburse hospitals for uncompensated medical care and they account for 1.2% of ARMC's net revenue.
- Other revenue is primarily cafeteria sales, reimbursements from contracted physicians for office space, and payment from Riverside Regional County Medical Center (RRCMC) for services provided by ARMC's medical residents assigned to RRCMC. This revenue accounts for 1.4% of ARMC's net revenue.
- Health Realignment is a portion of the vehicle license fees and sales tax collected by the state and distributed to counties to cover the cost of indigent health care. It accounts for 11.6% of ARMC's net revenue.

Salaries and benefits were higher than budgeted in 2002-03 by \$3.4 million due to increased staff in the inpatient units to better monitor difficult patients and additional personnel required in the emergency room. Services and supplies were up by approximately \$200,000 due to higher utility usage and costs, increased security measures as recommended by the Sheriff's Department to better monitor the facility, increased medical supply costs due to increased drug costs and an increase in the number of prescriptions written, and increased costs to maintain the Medical Center's mechanical systems. These increases were partially offset by a reduction in medically indigent patient care costs.

Actual revenue for 2002-03 reflects the rate increase for Behavioral Health patients and the payment of a pro-rated share of ARMC's debt service which was partially offset by a decrease in DSH funds. Other revenue increased due to payment received from Riverside Regional County Medical Center (RRCMC) for ARMC's residents who rotate there for additional training.

### III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

#### STAFFING CHANGES

Overall budgeted staffing increased by 9.6 positions. The base budget reflect salary and benefit cost increases of \$11.9 million due to labor negotiations, retirement costs, and workers' compensation rate increases.

Budgeted staffing was increased by 65.0 positions as a result of five factors: (1) the need for increased personnel (19.0) in the emergency department to address volume increases that were not addressed in previous years; (2) the need for staff (43.0) on the nursing floors and at the Behavioral Health Unit to meet restraint regulations and better monitor disturbed/suicidal patients; (3) the addition of 1.0 Lactation Specialist to provide education for new mothers; (4) the addition of 1.0 Public Service Employee (PSE) to accommodate the Community Options Program; and (5) the addition of 1.0 Chief Financial Officer approved by the Board on May 13, 2003 (Item # 63).

Budgeted staffing was decreased by 55.4 positions as a result of six factors: (1) a decrease in security personnel (13.0) as their services are now incorporated into the external security contract; (2) the deletion of personnel (6.8) as a result of "The Right from the Start" (Proposition 10) program ending on June 30, 2003; (3) an accounting change requiring the Human Resources Officer (1.0) to be budgeted as a transfer out to reflect reimbursement for services provided by a Human Resources Department employee; (4) the deletion of 2.0 Custodians as their duties were reassigned to other personnel; and (5) the deletion of 22.0 clerical and 9.6 technical/other vacant positions; and (6) the deletion of 1.0 position as a result of eliminating a Radiology Assistant Manager, since these duties have been assumed by other personnel.

Also reflected is an increase of approximately \$0.8 million for the new Per Diem Nurse rate to be competitive with other area hospitals with the goal of reducing overtime, maintaining staffing ratios and providing proper patient care; an increase of approximately \$0.5 million for an underestimation of double time pay to Per Diem Nurses and other patient care personnel and an increase of approximately \$0.3 million for the elimination of the vacancy factor.

#### PROGRAM CHANGES

Within Board approved changes to the base budget, services and supplies increased from \$113,732,058 to \$117,156,033, a net increase of \$3,423,975. This increase is related to several changes with the most significant explained below:

- ❖ Based on experience on 2002-03:
  - Medical supplies cost is expected to increase \$1.1 million as a result of volume increases and the expiration of a lawsuit that previously provided ARMC with free drugs that now have to be purchased in the market.
  - Utility costs are rising by approximately \$0.5 million due to higher electricity usage and water charges that resulted from well water problems.
  - Temporary help cost is increasing by approximately \$0.4 million to account for vacant positions.
  - Professional services increases of approximately \$0.8 million are due to higher usage/costs related to kidney dialysis services, outside lab services, outside legal services, and payments to other hospitals for managed care patients assigned to ARMC.
  - Other contracts are increasing by approximately \$1.0 million due to a projected increase in maintenance cost as the equipment becomes aged and requires more upkeep, and laundry services for volume increases and lost linen replacement.
- ❖ Inflation, related primarily to medical supplies (approximately 3%), is projected to increase by approximately \$1.3 million.
- ❖ Overall Insurance premiums are increasing by approximately \$0.6 million, with Malpractice Insurance making up most of the hike.

These increases are partially offset by cost decreases of \$2.4 million with the elimination of Arrowhead Health Administrators, the closure of the Colton Clinic, elimination of expenses previously supported by Proposition 10 revenues, and EHAP and leases expenses now being recorded as transfers.

Within Board approved changes to the base budget, total revenue increased from \$221,289,803 to \$232,481,781 for a net increase of \$11,191,978. This increase is comprised of a number of substantial changes.

- ❖ The current services revenue category will increase by a net \$1.4 million. This will result from the following:

## ARROWHEAD REGIONAL MEDICAL CENTER

- ARMC will increase fees, raising revenues by approximately \$4.7 million. These increases reflect growing operational costs and are consistent with fee schedules of other area hospitals.
  - Since the Medical Center continues to operate nearer full capacity, fewer insured patients can be accommodated. This situation is projected to reduce revenues by approximately \$4.0 million.
  - Enhanced collection efforts are projected to increase Private Pay revenues by approximately \$700,000.
- ❖ The state and federal revenue category will increase by a net \$9.5 million. This will result from the following:
- Tobacco Tax revenues, distributed by a statutory allocation formula, are projected to decrease by approximately \$0.8 million based on receipt trends.
  - Proposition 10 revenue will decrease by approximately \$1.4 million as a result of "The Right from the Start" grant ending on June 30, 2003.
  - Medicare revenue is projected to increase by approximately \$3.9 million for an additional payment (commonly referred as exception payment) to offset the cost of building the new facility. These federal funds are available to help offset ARMC construction costs since the new facility enhances service to Medicare patients; funds are anticipated annually through 2009.
  - Medi-Cal revenue is projected to increase by approximately \$1.4 million as the result of an expected rate increase.
  - Projected receipt of Medi-Cal managed care funding via Inland Empire Health Plan has been decreased by approximately \$1.9 million to reflect member growth at a slower rate than previously anticipated.
  - SB 855 funding is expected to decline by approximately \$4.7 million as result of reductions in federal funding (commonly referred to as the "Federal Cliff") and increased state administrative fees.
  - SB 1255 funds are projected to increase by approximately \$13.0 million. (As in past years, the amount of funding ultimately received is not identified until late in the fiscal year.)
- ❖ Other revenue increased as a result of assigning medical resident staff to Riverside Regional County Medical Center and getting reimbursement for their services.

The Board approved several contracts due to renewals or replacements of old contracts that decreased services and supplies by \$1.1 million and increased revenues by \$5.5 million. The revenue increased is primarily due to additional Behavioral Health revenues as a result of a rate increase to realign revenues with expenses.

**BUDGET UNIT: TELEMEDICINE (RMT MCR)**

**I. GENERAL PROGRAM STATEMENT**

The Arrowhead Regional Medical Center established this fund in 2001-02 to facilitate the transfer of Telemedicine Federal Grant funds to the County, as required by the U.S. Department of Health and Human Services. Funds were provided to assist ARMC in purchasing equipment needed to offer telemedicine services. There is no staffing associated with this budget unit.

The grant has ended; the 2002-03 activity represents close out transactions as all the revenue for the grant was received in 2001-02 and the \$100,000 budgeted in 2002-03 was an over estimation. The remaining fund balance was transferred to the Medical Center's operating budget. The grant revenues reimbursed the Medical Center for the program's implementation costs, including equipment. Currently, the Medical Center provides Telemedicine services to its patients and bills the corresponding payors accordingly. This operational revenue is accounted for in the ARMC budget.

**ARROWHEAD REGIONAL MEDICAL CENTER**

**BUDGET UNIT: TOBACCO TAX (RGA THROUGH RGR)**

**I. GENERAL PROGRAM STATEMENT**

The Arrowhead Regional Medical Center established these funds in 1989-1990 to facilitate the transfer of Tobacco Tax funds to the County hospital, Non-County hospitals and Physicians, as required by the State Department of Health Services. The funds will then be disbursed per guidelines established by the state. There is no staffing associated with this budget unit.

These funds are allocated by the state to county hospitals, non-county hospitals, and physicians to partially reimburse them for uncompensated medical services. ARMC is projected to net approximately \$2.78 million from this revenue source in 2003-04, and will transfer the balance to area hospitals in accordance with the prescribed distribution formula.

**II. BUDGET & WORKLOAD HISTORY**

Fund Balance		807,255		742,301

The distribution schedule for these funds is three months behind. The Medical Center received nine months of this year's allocation plus three months of the previous year allocation. The actual revenue for 2002-03 is down since the Medical Center budgeted for fifteen months worth of revenue but only received revenue for a twelve-month period.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET**

**PROGRAM CHANGES**

The state continues to reduce the amount distributed to counties for Tobacco Tax and has eliminated entirely the amount paid to physicians. These funds may be reduced even more in the future with the ongoing state budget crisis.

The department's request for 2003-04 assumes a decrease in revenues, consistent with recent trends for receipt of revenue from taxes imposed on tobacco products.

**I. GENERAL PROGRAM STATEMENT**

The Department of Behavioral Health (DBH) is responsible for providing mental health services to county residents who are either unable to afford treatment or do not live in proximity to private services. Treatment is provided to all age groups, with primary emphasis placed on treating children, families and chronically mentally ill adults (in that priority). Services are delivered throughout the county via a network of department operated clinics, community based contract providers (residential and psychiatric skilled nursing facilities and acute hospitals), public schools and other community based settings. Services include: information and referrals, community outreach, client self-help and support groups, a variety of children's programs, mentally ill homeless program, employment services, case management, crisis and transitional residential assistance, augmented board and care placements, conservatorship services, supportive housing services and client transportation assistance. The department also operates as a training setting by administering various internship programs and offering continuing education for licensed department and contractor staff.

Mental health services are principally funded by realignment funds generated from state sales tax and vehicle license fees (56%), state revenues (18%) and federal revenue (23%). The remaining three percent of revenue sources are insurance/patient fees and other miscellaneous revenue. In addition, the county must fund the required realignment revenue maintenance of effort (MOE). The department's local cost of \$1,842,753 finances the required MOE.

## BEHAVIORAL HEALTH

Significant variances between actual and budget for 2002-03 existed in contract agency costs, state hospital costs and state aid.

The ARMC contract was re-negotiated which translated into an additional cost of \$5.0 million for 2002-03; increased rates more accurately reflect the cost for providing treatment at ARMC. The 2003-04 cost impact of this rate adjustment is estimated at \$5.2 million.

State hospital costs were expected to drop by 50% in the current year due to the anticipated addition of the Assertive Community Treatment (ACT) contract. ACT services enable the consumer to live in lower levels of care at a lower cost to the county. However, due to a lengthy RFP process, the ACT contract was not in place until mid-year and as a result the state hospital bed usage remained the same. The ACT contract provides services to mentally ill consumers who are high users of emergency and inpatient psychiatric services and those at risk of needing such care. DBH is actively trying to transition patients away from the higher-level setting and the 2003-04 budget reflects the anticipated change.

The 2002-03 budget included state aid for AB3632, SB90 and full Children's System of Care (CSOC) funding. AB3632 is a state mandated program for services to special education pupils (SEP) and state revenue of \$721,688 was included in the 2002-03 budget for this program. Additional funds of \$900,000 (primarily for the AB3632 program) were budgeted as SB90 revenue to cover the portion of mandated program costs beyond the budgeted revenue. The SB90 program reimburses the county for unfunded state mandated services. Funding for both these programs was eliminated from the state budget. In addition, half of the funding (\$650,000) budgeted for the CSOC program was also eliminated. CSOC provides services to seriously emotionally disturbed children at risk for out of home placement and those children already in placement who are at risk for higher levels of care. In an effort to offset the reduction in funding, the department postponed planned system upgrades (\$900,000). Realignment revenue was used to backfill the remaining revenue losses.

Workload indicators have been changed to better reflect the activity of department staff. With regionalization in the department and a move towards the Recovery Model, the existing workload indicators did not provide a tool that could be used to measure outcomes. The department is moving away from Day Treatment Habilitative services and focusing more on providing Intensive Day Treatment. Intensive Day Treatment is designed to prevent hospitalization for high-risk consumers and places an emphasis upon assessment of consumers' activities of daily living and vocational skills, and services targeted at enhancing clients' self-sufficiency and ability to function as members of the community.

### III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

#### **STAFFING CHANGES**

Budgeted staffing changes include the deletion of 47.9 budgeted vacant and Extra Help positions as part of the Department's plan to reduce use of Realignment funding. The proposed budget also includes an increase of \$583,000 to fund an MOU between DBH and the Human Services System (HSS). The MOU provides for 12 HSS positions (which will be retained by HSS) for assignment to DBH clinics. These positions will enable DBH to: expand the centralized employment component to all the regions of the county, assist clients in obtaining health benefits, screen and refer potential clients to needed services.

#### **PROGRAM CHANGES**

The majority of Behavioral Health services are funded with State Realignment revenues. In recent years, appropriations have included a combination of ongoing Realignment funds as well as use of unspent Realignment fund balance. Analysis of projected revenues, as well as use of fund balance over the next two fiscal years, indicated the need to significantly reduce expenditures beginning in 2003-04 rather than attempt to make dramatic cuts in 2004-05. To better align spending with receipt of ongoing Realignment funding, this budget proposes a fiscal "glide path" which spreads cuts over two fiscal years. The 2003-04 budget would reduce the department's reliance upon Realignment funding by approximately \$8.0 million.

The department reduced operating costs as part of a two-year plan to decrease use of Realignment fund balance. These cost reductions include a net decrease of \$8.5 million in services and supplies expenditures primarily due to a \$6.2 million reduction in contracted services to align with 2002-03 service levels. Other reductions include \$1.1 million in equipment costs by foregoing office furniture purchases, and suspending the personal computer replenishment program. Expenditures for software were decreased by \$1.38 million.

## BEHAVIORAL HEALTH

Reductions also included the redesignation of \$6.5 million in structure leases and Fee for Service Inpatient payments as Transfers to comply with recent accounting guideline changes (GASB 34). The decreases were partially offset by an increase of \$5.2 million in the contract with the Arrowhead Regional Medical Center for inpatient services. Other increases include \$1.3 million for medications provided to adult inmates (a cost previously borne by general fund allocation to the Sheriff's Department), \$961,000 in COWCAP charges, and \$550,000 for anticipated payments to Fee-For-Service providers for outpatient services to indigents in the high desert region.

State, federal and governmental aid reflects a net decrease of \$7.6 million. Approximately \$3 million in funding for CSOC, AB3632 and SB90 programs was eliminated by the state and \$527,000 in state grant funds for the Mentally Ill Offender program was discontinued (the grant program concluded). Other decreases included a \$1 million reduction in Medi-Cal FFP and a \$7.8 million reduction in use of Realignment funds. These decreases were offset by a \$2.5 million increase in EPSDT revenue, and \$525,000 in combined increased revenues for Managed Care, Homeless Recovery and Medicare. In addition, \$1.8 million was reclassified from other charges to the state, federal and governmental aid category to conform to accounting guidelines.

In addition to the program changes described above, the Board approved the following adjustments to the 2003-04 budget. Salaries and benefits increased \$4.7 million due to increased MOU, retirement and workers compensation costs. Services and supplies increased by approximately \$11 million as a result of Board approved expansion of the EPSDT program. State, Federal and Governmental Aid increases included \$5.5 million in Medi-Cal to fund 50% of the EPSDT contracts and \$10.2 million in realignment revenue (\$5.5 for EPSDT and \$4.7 to fund salary and benefit increases).

**BUDGET UNIT: ALCOHOL AND DRUG ABUSE SERVICES  
(AAA ADS)**

**I. GENERAL PROGRAM STATEMENT**

The Department of Behavioral Health's Alcohol and Drug Abuse Services consist of comprehensive substance abuse prevention and treatment programs for county residents. Services are provided by 6 county operated clinics and 30 to 40 contractors depending on the number of responses to RFPs. The major components include outpatient, residential, prevention, methadone, and case management services. Annually, approximately 13,000 clients are served and over 73,000 hours of prevention services are performed.

Services are primarily provided to clients who are indigent or receiving Medi-Cal. A small number of cases are private pays. ADS programs are principally funded by federal revenue (65%), state revenue (13%) and Medi-Cal (9%). To remain eligible for the state and federal funds, the county is required to provide a 10% match of state revenue. The department's local cost of \$149,458 funds the required match. The department also receives reimbursements (\$6.2 million) from other county departments. The two primary reimbursements are for services provided to the Human Services System (HSS) CalWorks program (\$1.4 million) and the Proposition 36 – Substance Abuse and Crime Prevention Act program (\$4.0 million).

**II. BUDGET & WORKLOAD HISTORY**

	<u>Actual</u> <u>2001-02</u>	<u>Budget</u> <u>2002-03</u>	<u>Actual</u> <u>2002-03</u>	<u>Budget</u> <u>2003-04</u>

Outpatient Treatment Clients	7,886	8,800	9,054	9,500
Methadone Treatment Clients	854	1,200	947	1,259

The variances between the 2001-02 actual and budget for 2002-03 were due in part to the difficulty in filling budgeted positions and high staff turnover. In addition, the treatment costs related to the Proposition 36 program did not materialize as initially projected.

The 2002-03 actual expenditures reflect a reduction in salary and benefits of \$960,000 as the department held positions vacant due to the uncertainty of the state budget. In addition, services and supplies decreased by \$1.3 million as a result of the department postponing the purchase of software and a decrease in contract costs. Overall, revenues decreased by approximately \$4.0 million due to a combination of reduced CalWorks funding and reclassifying revenue to reimbursements thus reducing both revenue and total appropriations. Local cost was also reduced to reflect the minimum required 10% match of actual State revenue.

The prevention hours were below budget due to county clinics devoting more time to outpatient services. Residential services declined and outpatient services increased due to an effort to place clients in a less costly outpatient service mode.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**STAFFING CHANGES**

Salaries and benefit program changes reflect a decrease of \$397,701 from the Board approved base budget. The Board approved base budget initially reflected increased salary and benefit costs due to employee MOUs. Since then, the department defunded 9.4 vacant positions; that budgetary savings will now offset the majority of increased MOU costs.

**BEHAVIORAL HEALTH**

**PROGRAM CHANGES**

The reduction to services and supplies is due primarily to contract reductions of 6% (\$1,058,262) which reflects the net reduction of available funding. Program funding decreased by approximately \$1.6 million reflecting a reduction in CalWorks reimbursements due to HSS funding limitations. In addition, \$500,000 in reimbursements for aftercare services was eliminated due to a reduction in the Behavioral Health realignment sales tax and vehicle license fee revenue. These reductions were partially offset by an increase in funding from the State Department of Alcohol and Drug and special revenue funds.

**OVERVIEW OF BUDGET**

**DEPARTMENT: CHILD SUPPORT SERVICES  
 DIRECTOR: CORY NELSEN  
 BUDGET UNIT: AAA DCS**

**I. GENERAL PROGRAM STATEMENT**

Title IV-D of the Federal Social Security Act, which was originally enacted in 1975, governs the County Child Support Enforcement Program. Federal regulations require that the program be administered at the state level by a single agency, which, in turn, may contract with counties to conduct the enforcement program. Federal financial participation consists of payment of 66% of program costs and payment of graduated incentives to states for meeting program objectives. The balance of allowable county expenditures is reimbursed by the state. Basic program activities include locating absent parents, establishment of paternity, establishment of support orders pursuant to state guidelines, enforcement of support obligations, modification of support obligations when needed, and collection and distribution of support payments.

**II. BUDGET & WORKLOAD HISTORY**

Services and supplies expenditures were under budget by approximately \$0.9 million. This was due to one-time costs allocated for expenditures for the new office in Victorville that was expected to open during 2002-03. Some costs were not incurred in 2002-03 due to delays in securing building permits. They include communication/data equipment such as patch panels, digital phone instruments and infrastructure costs (such as T-1 lines) and Cisco switches and servers.

Salaries and benefits expenditures were under budget by approximately \$1.0 million. Prior to the end of the fiscal year, the department learned that 2003-04 funding would be reduced. As a result, DCSS instituted a hiring freeze and implemented measures for further staffing reductions.

The Child Support program is a state and federal reimbursement program and revenues received to reflect actual expenditures.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**STAFFING CHANGES**

Changes in budgeted staffing decreased by a net of 84.7 budgeted positions due to increased MOU-related costs, staffing reclassifications from 2001-02 per Board item #02-045 dated May 21, 2002, and an anticipated decrease in state funding for 2003-04.

## **CHILD SUPPORT SERVICES**

Net reduction of 3.0 in budgeted staffing due to reclassifications:

- Reclassification from 1.0 Supervising Child Support Field Investigator, 2.0 Child Support Field Investigators, 5.0 Investigative Technicians and 3.0 Clerk IIIs to 11.0 Child Support Officer Is.
- Reclassification from 8.0 Clerk IIIs and 6.0 Clerk IIs to 14.0 Child Support Assistants; reclass from 3.0 Clerk IVs to 3.0 Staff Aides; reclass from 1.0 Clerk IVs and 1.0 Chief Clerk to 2.0 Secretary Is.

Of these reclassified positions, 2.0 Child Support Assistants and 1.0 Staff Aide were eliminated due to funding restrictions.

Net reduction of 147.0 in budgeted staffing for vacant positions being deleted due to elimination of the vacancy factor are: 12.0 Child Support Officer IIs, 10.0 Child Support Assistants, 33.0 Child Support Officer Is, and 26.0 Clerk IIs.

Net reduction of 66.0 in budgeted staffing for positions that are vacant and being eliminated are: 1.0 Supervising Child Support Officer, 5.0 Automated Systems Technicians, 1.0 Automated Systems Analyst, 1.0 Child Support Assistants, 1.0 Assistant Operations Manager, 1.0 Compliance Officer, 1.0 Operations Manager, 1.0 Media Specialist, 4.0 Staff Development Specialists, 1.0 Chief Clerk, 29.0 Clerk IIs, 2.0 Clerk IVs, 1.0 Executive Secretary, 3.0 Investigative Technicians, 4.0 Paralegals, 1.0 Fiscal Clerk II, 1.0 Clerk III, 39.0 Child Support Officer Is, and 33.0 Child Support Officer IIs.

One Deputy District Attorney IV position has been funded in 2003-04; this position was actually underfilled in June 2002 by a Child Support Attorney III.

Net reduction of 21.0 in budgeted staffing due to the deletion of all extra help positions. Ten Fiscal Clerk II positions and 11.0 Public Service Employees have been eliminated.

The vacancy factor of 118.0 has been eliminated.

### **PROGRAM CHANGES**

Salaries and benefits are expected to increase due to MOU provisions and increased retirement contributions, even though budgeted positions have decreased by 84.7 positions. Given budget constraints, all overtime will be suspended effective July 1, 2003 and all vacant and extra help positions have been eliminated.

The state budget crisis has forced the department to reallocate and realign resources to salaries and benefits where it is needed most. In 2002-03 approximately \$2.1 million was allocated in services and supplies and fixed assets for one-time expenditures for a build-to-suit facility in the high desert near the Victorville courthouse. This allocation has been moved to fund projected increases in salaries and benefits for 2003-04.

Other major budget changes include COWCAP increases of \$76,052, as well as decreases totaling approximately \$100,000 in hardware and software expenditures, training, and other services and supplies categories. Temporary help was reduced by \$100,000 to \$0 for 2003-04. Effective 2002-03, the department suspended use of all temporary help services to ensure compliance with County policies. These expenditure reductions will assure a budget that is cost effective.

In addition to reductions in services and supplies, no fixed asset equipment purchases have been budgeted for 2003-04.

Interfund transfers out have increased overall by approximately \$495,651. These changes represent increases in EHAP costs (GASB 34 Accounting Change), HSS ITSD and Administration costs, and an expected increase of \$369,408 in lease costs due primarily to the new Victorville facility.

The Child Support Services program is 100% funded by state and federal reimbursement. Revenue has been reduced to reflect budgeted reductions in allocations.

## OVERVIEW OF BUDGET

**DEPARTMENT: HEALTH CARE COSTS**  
**BUDGET UNIT: AAA HCC**

### I. GENERAL PROGRAM STATEMENT

This budget unit represents the costs of health care related programs for the county general fund. Health care related transactions represented by this budget unit include the Disproportionate Share Hospital (DSH) Supplemental Payments Programs (SB 855, SB 1255, and Graduate Medical Education (GME)), Realignment “AB 8” match, and the county’s contribution for Arrowhead Regional Medical Center debt service payments. Summary information regarding key components of this budget unit appears below.

#### **Disproportionate Share Hospital Programs**

The DSH programs were established to provide supplemental Medi-Cal payments to hospitals that provide services to disproportionate numbers of Medi-Cal and other low-income patients. These programs assist safety net hospitals in meeting the uncompensated costs associated with providing medical services to uninsured and underinsured patients. These programs are mechanisms for distributing federal health care funds. The programs require the county to transfer general fund dollars (shown in this budget unit as Other Charges) to the state. Through a matching process, the county receives back its initial contribution, which is recorded in this budget unit as Current Services revenue. In addition to the return of the initial contribution, the county receives federal health dollars which are accounted for in the ARMC budget. The level of the county’s contribution is set during the year by the state. As a result, the amounts only represent estimates of the funds needed at the time the budget is prepared. In a similar fashion, the ARMC budget cannot fully reflect the amount of federal health dollars received via DSH programs until the county is notified of the matching amounts during the course of the Fiscal Year. The DSH program comprises two elements:

- The SB 855 program provides supplemental payments to hospitals that serve a disproportionate number of low-income individuals. Public entities are required to transfer funds to the State Department of Health Services by an intergovernmental transfer. These funds are matched with federal funds and redistributed as supplemental payments to all eligible hospitals including non-public hospitals. A hospital may receive DSH payments if its Medi-Cal utilization rate exceeds an established threshold or it uses a designated percentage of its revenues to provide health care to Medi-Cal and uninsured patients.
- The SB 1255 program supplements eligible hospitals that are licensed to provide emergency medical services and contract with the California Medical Assistance Commission (CMAC) to serve Medi-Cal patients under the Selective Provider Contracting Program. Intergovernmental transfers are also made. These funds are combined with matching federal funds and redistributed by CMAC as supplemental payments to hospitals demonstrating a need for additional funds. CMAC ultimately determines the amount received by each participating hospital.

The GME program is part of the SB 1255 program and it provides supplemental payments to DSH hospitals that are also a teaching facility/institute. Payments are determined solely by CMAC and the amount can vary from year to year. Similar to other SB 1255 revenues, the amount actually received is determined by the state during the course of the fiscal year.

#### **Realignment and General Fund Support**

General fund support and realignment funds are used to pay for the ARMC debt service lease payments, Realignment “AB 8” match and administrative costs related to this budget unit. Note: Specific details regarding the financing sources which are used to cover the county’s \$53.1 million annual debt service obligation for the ARMC facility are provided in the ARMC Lease Payments (EMD JPL) section of the budget book.

## HEALTH CARE COSTS

To qualify for receipt of Health Realignment funding from the state, the county must contribute a “match” of local funds. The matching amount is based on a formula, established through AB 8 in 1979, through which the state provided funding to preserve critical health programs in the aftermath of Proposition 13. When the Realignment program was created in 1991, funding allocations were based on the historical AB 8 formula, and local match requirements remained. The county’s match requirement for 2003-04 is \$4.3 million; this amount remains constant each year per the historical formula. The Realignment match funded in the Health Care Costs budget meets the County’s full obligation to receive Health Realignment dollars which support the Public Health Department and Arrowhead Regional Medical Center. For 2003-04, the county anticipates receipt of approximately \$51.0 million in Health Realignment funding. Important note: The local match requirement for receipt of Mental Health Realignment funding is reflected in the operating budget for the Department of Behavioral Health.

Realignment funds support this budget as follows:

- Mental Health at 3% (which covers half of administrative costs).
- Health at 97% (which covers half of administrative costs plus debt service payments).

The amounts listed as “Operating Transfers Out” represent the county’s net debt service obligation for the payment of the Arrowhead Regional Medical Center facility (\$20.7 million) and the required Realignment “AB 8” match (\$4.3 million) which must by law be transferred into trust before Realignment monies can be directed toward health programs.

### II. BUDGET & WORKLOAD HISTORY

	<b>Actual 2001-02</b>	<b>Budget 2002-03</b>	<b>Actual 2002-03</b>	<b>Budget 2003-04</b>
Total Requirements	170,638,249	135,600,146	118,341,508	135,628,083
Total Revenue	151,094,038	117,900,146	100,641,507	120,628,083
Local Cost	19,544,211	17,700,000	17,700,001	15,000,000
Budgeted Staffing		4.0		4.0

Increased 2002-03 services and supplies expenditures reflect one-time costs to provide Health Insurance Portability and Accountability Act (HIPAA) training for county employees.

There is a significant variance in Other Charges (\$15.0 million) as the county’s requirement to transfer funds to participate in the Disproportionate Share Hospital programs is not determined until later in the fiscal year. Since these expenses are fully offset by an equivalent amount of revenue (recorded as current services), any variance has no impact on local cost.

Operating transfers out and realignment are lower than anticipated as a result of a higher reimbursement rate from the state.

### III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

#### STAFFING CHANGES

None.

#### PROGRAM CHANGES

Use of Realignment funding has been increased by approximately \$2.7 million out of which \$2,643,434 is related to the decrease in local cost contribution for debt service payments and \$59,780 is primarily due to increases in services and supplies for expenses related to Health Insurance Portability and Accountability Act (HIPAA).

**OVERVIEW OF BUDGET**

**DEPARTMENT: HUMAN SERVICES SYSTEM**  
**ASSISTANT COUNTY ADMINISTRATOR: CAROL ANSELM**

The Human Services System (HSS) is composed of eight county departments: Behavioral Health, Public Health, Children’s Services, Transitional Assistance, Aging and Adult Services, Preschool Services, Child Support Services, and Veterans Affairs; and three subdivisions: HSS Management Services, HSS Information Technology and Support, and HSS Performance, Education and Resource Center (PERC). Children’s Services, Transitional Assistance, Adult Services, and all HSS subdivisions are included in the HSS administrative claim process. The purpose of the claim process is to provide the county with the means for determining the costs applicable to each of the numerous welfare programs. This cost determination is necessary to satisfy federal and state reporting and funding requirements, and to determine appropriate federal and state financial reimbursement to the county for each of the welfare programs. Subsistence payments and aid to indigents are either direct payments to welfare recipients or payments to organizations that provide service to the welfare recipients. The HSS Assistant County Administrator is responsible for the following budget units that encompass several HSS departments: Administrative Claim, Subsistence Payments, and Aid to Indigents.

Allocations received from the state in September 2002 resulted in significant changes to funding levels for many programs included in this budget unit. To address the net decrease in allocations HSS implemented cost saving measures including a hiring freeze, reduction of services, supplies and equipment purchases and cuts of funding available to contractors. These cost saving measures were quantified in the Adjustments to 2002-03 Final Budget For The Human Services System Administrative Claim Budget Unit presented to and approved by the Board of Supervisors as Item #68 on November 5, 2002. This action reduced appropriations and revenue by \$20.4 million. This decrease was offset by a \$2.3 million appropriation and revenue increase for IHSS Provider Payments. Budgeted staffing was reduced by 233.6 positions for 2002-03.

Actual expenditures and revenue for 2002-03 reflect the effect of funding reductions and the cost saving measures that were implemented. Overall, expenditures were \$27.5 million less than budgeted.

- Costs of salary and benefits were \$17.1 million less than budgeted. This reflects the effect of staff attrition coupled with the hiring freeze. At year-end, staffing levels were down an additional 477 positions below the cuts made in the November 5, 2002 Adjustment.
- Costs of services and supplies were \$3.5 million less than budgeted. This reflects the efforts made to remain within the appropriation levels approved in the November 5, 2002 Adjustment.
- Costs of program contracts, public assistance, other support and care and net transfers to other county departments were \$3.7 million less than budgeted. This also reflects the efforts made to remain within the appropriation levels approved in the November 5, 2002 Adjustment.
- Costs of fixed assets were \$3.0 million less than budgeted. This is because 1) fewer photocopiers were purchased than budgeted resulting in savings of \$0.6 million, 2) no vehicles were purchased resulting in savings of \$1.8 million and 3) less lease-purchased computer equipment was acquired than budgeted resulting in savings of \$0.6 million.
- Costs of operating transfers out were \$0.2 million more than budgeted. This was a result of a transfer for a prior year’s expenditure that was processed in 2002/03.
- Revenue receipts decreased commensurately with the decrease in expenditures.

Local cost exceeded target by \$0.5 million. This can be attributed to expenditures exceeding the state allocation for DAAS’s Adult Protective Services program and DCS’s Adoptions program. Some of these costs may be reimbursed by the state in a future 2003 statewide allocation process.

## HUMAN SERVICES SYSTEM

On March 11, 2003 the Board approved Item #59, Structural Reorganization and Transition of the CalWORKs Division. This item transitioned CalWORKs Welfare to Work programs administered by JESD into TAD. This action will allow TAD to consolidate and more efficiently deliver CalWORKs services to clients. Because CalWORKs funding was sufficient for the balance of 2002-03, staffing levels were not adjusted as a result of this reorganization; however, significant staffing reductions will be required in this program in 2003-04. Negative effects on service delivery that might result from further funding reductions and increased staffing costs in 2003-04 may be less severe because of economies realized from this transition.

### III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachment for detailed changes)

#### REQUIREMENTS

Anticipated allocation reductions (primarily in the loss of CalWORKs Incentive funds), coupled with increased staffing costs and required increases in the cost of county services, forced HSS to implement further budgeted staffing and expenditure reductions for 2003-04. Appropriations will decrease a total of \$33.8 million between budget years. Highlights of the changes are as follows:

- Overall, staffing has been reduced 986.4 budgeted positions from the 2002-03 final budget. This represents a further reduction of 752.8 positions beyond the cut of 233.6 positions made in the November 5, 2002 Adjustment. Much of this reduction has been accomplished through the attrition of current staff. Remaining necessary reductions will be made through the layoff of staff in 2003-04.
- Salary and Benefit costs have been reduced \$15.7 million. This relatively small cost saving in relation to the large reduction of budgeted positions is attributable to a 16% to 20% increase in staffing costs. This increase in costs is a combination of negotiated MOU increases, salary step increases, and retirement contribution increases and worker's compensation cost increases.
- Services and supplies and central computer costs have been reduced \$8.6 million, despite a \$1.1 million increase in COWCAP charges.
- Other charges for services to clients will decrease \$1.1 million. Costs of providing supportive services to clients have been reduced \$9.6 million. These cuts are offset by a required increase of \$8.5 million for IHSS provider payments.
- Equipment costs have been reduced \$4.3 million. No photocopiers or vehicles will be purchased in 2003-04. Payments for a large lease/purchase made in 1999-2000 ended in 2002-03.
- Transfers to reimburse other county departments for services provided have been reduced \$1.3 million.
- Reimbursements from other county departments for services provided by HSS have been increased \$0.7 million. This reflects the increase in support provided by HSS Administrative Support Division and HSS Information and Technology Support Division to other county departments.
- Operating transfers out decreased \$2.1 million. This is the net result of the completion of the transfer of \$3.7 million to the Capital Improvement Projects budget for the Juvenile Court Dependency building project, the addition of \$0.5 million for the local cost requirement of the IHSS Public Authority and the addition of \$1.0 million to provide medical benefits to IHSS providers as negotiated and approved by the Board.

#### REVENUE

Available federal and state revenue will decline \$40.3 million from 2002-03 levels. This is primarily a result of the loss of CalWORKs funding. Significant revenue changes between budget years are as follows:

- It is estimated that TAD programs will experience an overall loss of \$40.6 million in state and federal revenue. This is a result of the loss of \$21.8 million in CalWORKs Incentive funding, \$12.2 million in other CalWORKs funding, \$1.2 million in Food Stamp Administration funding, \$6.0 million in Medi-Cal Administration funding and an increase of \$0.9 million in funding for various other programs.
- It is estimated that DCS programs will experience an increase of \$0.1 million.
- It is estimated that DAAS programs will experience an increase of \$0.2 million.

#### LOCAL COST

All HSS programs are state and/or federal mandates and the county share of funding is either mandated as a percentage of total program costs or as maintenance of effort. County share is comprised of a combination of local funding sources and revenue from the Social Services Sales Tax Trust. The Social Services Sales Tax Trust was created during the State Tax Realignment process to offset local cost and is limited to use for designated social services programs.

## HUMAN SERVICES SYSTEM

In aggregate the HSS Administrative Claim Budget Unit requires a net additional county share of cost of \$6,323,781. No additional General Fund Local Cost will be required next year, as this amount will be provided from the Social Services Sales Tax Trust. Changes to local funding requirements are as follows:

- TAD programs will require \$0.4 million less county share. Despite the \$39.3 million loss of revenue only a very small amount of county share will be saved because most TAD programs require a fixed MOE as county share. Anticipated revenue from various small programs is expected to reduce local cost \$0.4 million.
- DCS programs will require \$0.7 million more county share. This increase is primarily a result of a decrease in the federal sharing ratio. A decrease in federal revenue requires additional county share to sustain program allocations at present levels.
- DAAS-IHSS Administration will require \$0.6 million less county share. A local share overmatch budgeted in 2002-03 to meet projected expenditures above allocation levels is no longer necessary.
- DAAS-Aging programs will require \$0.1 million more county share because of a required local share for a new program, Title III E-Family Caregiver Program.
- DAAS-IHSS provider payments will require \$10.1 million more local funding. This increase is due to negotiated wage increases and medical benefits approved by the Board and an increase in caseload and paid hours for services provided to clients.
- \$3.6 million less local funding will be required because all HSS obligations relating to the construction of a new Juvenile Dependency Court facility will be satisfied in 2002-03.

The need for additional revenue from the Social Services Sales Tax Trust is driven by the increase in county share of cost for programs as outlined above and the practice of financing all local share increases and local financing decreases with revenue from the Social Services Sales Tax Trust. Total additional revenue required from the Trust is \$6.6 million. This represents the net effect of increased local share and local funding lost as a result of the 4% and 30% spend-down plans.

Due to declining sales tax revenues, and the fact that growth will now occur on a lower base amount, it will soon be impossible for Realignment to continue to fund all of the additional costs associated with mandated HSS programs. The draw on the Social Services Sales Tax Trust has begun to increase rapidly and is projected to continue to increase at a pace that will soon surpass receipts. When this occurs (perhaps as early as 2004-05), local county general fund dollars will then be required to pay for any mandated HSS program costs that cannot be covered by the Social Services Sales Tax Trust.

## **HUMAN SERVICES SYSTEM**

Changes to the Administrative budget by department are discussed as follows:

### **TRANSITIONAL ASSISTANCE DEPARTMENT (TAD)**

#### **GENERAL PROGRAM STATEMENT**

**TAD** is responsible for the administration of the financial support programs that assist the needy with basic services. The primary services provided include: Transitional Assistance to Needy Families (TANF), food stamps, Medi-Cal, child care, general assistance and the CalWORKs – Welfare To Work Program. CalWORKs – Welfare To Work assists qualified participants by providing remedial and/or basic education, vocational or on-the-job training to prepare participants to enter the job market. Participants receive supplemental funding for ancillary, childcare, and transportation costs during their active participation in the program. Failure to comply with program requirements results in loss or reduction of the participants' TANF subsistence payments.

All programs are funded by a combination of federal, state, and county dollars, with the exception of the general assistance program, which is funded solely by the county. The goals of the Transitional Assistance Department are to meet the basic needs of families and individuals while working with them to attain self-sufficiency, and to promote work and personal responsibility.

#### **STAFFING CHANGES**

**TAD** staffing changes necessitate a reduction of 449.1 budgeted positions, which includes the following:

- Reduction of 166.5 various budgeted staff of which 7.5 are supervisory budgeted positions. These positions were removed in the Adjustment to 2002-03 Final Budget Board Agenda Item presented to and approved by the Board of Supervisors as Item #68 on November 5, 2002.
- Reduction of 17.5 budgeted temporary Public Service Employees (PSE) hired to work with the Welfare Data Tracking Information Program (WDTIP), which was completed in October 2002.
- Reduction of 36.0 budgeted temporary Public Service Employees hired as Spanish translators.
- Reduction of 88.6 budgeted clerical staff of which 1.0 is a supervisory budgeted position, due to cuts in funding and increased staffing costs.
- Reduction of 136.5 budgeted casework staff of which 25.0 are supervisory budgeted positions, due to cuts in funding and increased staffing costs.
- Reduction of 4.0 budgeted administrative support staff of which 2.0 are supervisory budgeted positions, due to cuts in funding and increased staffing costs.

**TAD-Employment Services** staffing changes necessitate a reduction of 262.0 budgeted positions, which includes the following:

- Reduction of 9.5 various budgeted staff. These positions were removed in the Adjustment to 2002-03 Final Budget Board Agenda Item presented to and approved by the Board of Supervisors as Item #68 on November 5, 2002.
- Reduction of 8.5 budgeted temporary JTPA – Summer Youth Aide positions transferred to SAC JOB.
- Reduction of 3.0 budgeted temporary Public Service Employees.
- Reduction of 51.0 budgeted clerical staff of which 5.0 are supervisory budgeted positions, due to cuts in funding and increased staffing costs.
- Reduction of 175.0 budgeted casework staff of which 20.0 are supervisory budgeted positions, due to cuts in funding and increased staffing costs.
- Reduction of 15.0 budgeted administrative support staff of which 5.0 are supervisory budgeted positions, due to cuts in funding and increased staffing costs.

The budget includes a \$1.2 million increase in salary reimbursements from the Department of Behavioral Health (DBH) that allows for the retention of 28.0 positions. A new Memorandum of Understanding (MOU) between TAD and DBH had been created that calls for 28.0 HSS positions to be placed in DBH clinics, costs of which would have been fully reimbursed by DBH. However, because of additional fiscal limitations now anticipated at DBH next year, the department has indicated that it intends to scale down the original MOU and proceed with a modified MOU for 12.0 positions valued at \$583,000. Any necessary budget adjustments resulting from the revised MOU will be reflected in the 2003-04 HSS mid-year budget adjustment.

#### **PROGRAM CHANGES**

Anticipated decrease in availability of CalWORKs funding and increased staff costs necessitates the reduction of staffing levels, services and supplies and some supportive services provided to participants. The net

## **HUMAN SERVICES SYSTEM**

decrease of \$40.3 million results in a small savings to local cost because allocations for TAD programs require a set local share Maintenance of Effort (MOE) that does not change as allocations change.

### **DEPARTMENT OF CHILDREN'S SERVICES (DCS)**

#### **GENERAL PROGRAM STATEMENT**

**DCS** is a collection of programs aimed at reducing the occurrence of child abuse and neglect in San Bernardino County. The primary goal of these programs is maintaining families whenever possible. When not possible, the secondary goal is to provide the best permanent plan for the child removed from his or her caretaker.

To accomplish the mission of **DCS**, a wide variety of services are offered. Child Protective Services is the program with the highest visibility, with the goal of prevention of abuse to minors and the protection of those abused. Adoptions, family preservation, family support, and foster home licensing are the primary support programs to Child Protective Services.

#### **STAFFING CHANGES**

**DCS** staffing changes necessitate a net reduction of 58.0 budgeted positions, which includes the following:

- Addition of 21.5 various budgeted staff. These positions were added in the Adjustment to 2002-03 Final Budget Board Agenda Item presented to and approved by the Board of Supervisors as Item #68 on November 5, 2002.
- Reduction of 18.0 budgeted temporary Public Service Employees.
- Reduction of 12.0 budgeted clerical staff of which 1.0 is a supervisory budgeted position, due to cuts in funding and increased staffing costs.
- Reduction of 30.0 budgeted casework staff of which 4.0 are supervisory budgeted positions, due to cuts in funding and increased staffing costs.
- Reduction of 19.5 budgeted administrative support staff of which 1.0 is a supervisory budgeted position, due to cuts in funding and increased staffing costs.

#### **PROGRAM CHANGES**

Late in 2002-03 the federal participation rate for Child Welfare Services funding decreased from 78% to 76% requiring a local cost increase of \$728,689. Increased staff costs and stagnation in Child Welfare Services funding necessitates the reduction of staffing levels, services and supplies and some supportive services provided to participants.

### **DEPARTMENT OF AGING AND ADULT SERVICES (DAAS)**

#### **GENERAL PROGRAM STATEMENT**

The **Department of Aging and Adult Services (DAAS)** serves as the area agency on aging for this county under the provisions of federal law, which makes funds available to senior citizen programs. Area agencies on aging provide leadership for defining objectives, establishing priorities, and developing a system to deliver services to older people. DAAS has a separate consolidated budget for the state and federally funded aging programs, which is presented in its own section under Aging Programs. DAAS is also responsible for the In-Home Supportive Services (IHSS) and the Adult Protective Services (APS) programs, which are both budgeted in the Human Services System Administrative Claim budget.

The IHSS program provides personal and domestic services for aged, disabled and blind persons enabling them to remain in their own homes rather than being placed in institutions. The program is operated by the use of the individual provider mode, which is paid directly to the provider by the state. The state then invoices the county for its portion of the individual provider costs. In addition, the county incurs expenses for supervision and administration of the program. These expenses are reflected in the HSS Administrative Claim budget unit. The federal share represents Medicaid dollars made available through participation in the Personal Care Services Program (PCSP).

The APS program investigates and resolves reports on elder and dependent adult abuse. The program provides a wide variety of services in resolving and preventing exploitation or neglect. The services include the investigation of issues, developing a service plan, counseling, referring to other community resources including the IHSS program, monitoring the progress of the client, and following up with the client.

**HUMAN SERVICES SYSTEM**

**STAFFING CHANGES**

**DAAS** staffing changes necessitate a reduction of 61.3 budgeted positions, which includes the following:

- Reduction of 3.4 various budgeted staff. These positions were removed in the Adjustment to 2002-03 Final Budget Board Agenda Item presented to and approved by the Board of Supervisors as Item #68 on November 5, 2002.
- Reduction of 18.4 budgeted clerical staff of which 5.0 are supervisory budgeted positions, due to cuts in funding and increased staffing costs.
- Reduction of 28.0 budgeted casework staff of which 3.7 are supervisory budgeted positions, due to cuts in funding and increased staffing costs.
- Reduction of 11.5 budgeted administrative support staff of which 2.0 are supervisory budgeted positions, due to cuts in funding and increased staffing costs.

**PROGRAM CHANGES**

Increased staff costs and stagnation of Adult Services funding necessitates the reduction of staffing levels and services and supplies expenditures.

IHSS - Individual Provider costs. This program is essentially an entitlement program that provides personal and domestic services for aged, blind and disabled persons, enabling them to remain in their homes rather than be institutionalized. In 2002-03 the IHSS providers unionized and successfully negotiated a 19.5% wage increase along with Board agreement to contribute a capped local share for provider medical benefits. Additionally, caseload growth in 2003-04 is expected to increase 11.8% over 2002-03. Local funding is required for the county share of the IHSS Individual Provider costs and the operating costs of the IHSS Public Authority. An additional \$10.1 million of local funding is necessary due to projected caseload growth in 2003-04 and the effects of the negotiated increase to staff costs.

Aging Programs – A temporary one-time shift of additional local county cost in the amount of \$974,137 was required to offset the estimated local cost need of Aging Programs in 2002-03. Realignment of staff, stagnation of funding streams and the need to fund service contracts at current levels contributed to the need for local funding to supplement traditional funding. Local funding was shifted from the HSS Administrative Claim budget and was replaced by revenue from the Social Services Sales Tax Trust. This \$974,137 in local funding will return to the HSS Administrative Claim budget in 2003-04. This increase in local funding is more than offset by local funding reductions due to the County’s 4% and 30% reduction plans.

Historically, local cost has been given to the Aging budget through the HSS Administrative Claim budget to fund local match requirements in several Aging programs (Senior Employment, Supportive Services, Ombudsman, and Nutrition programs). In 2003-04, local cost budgeted in this budget unit will fund the following Aging programs:

Senior Employment Program	Local Share Match	36,000
Title III/VII Programs (Supportive Services Ombudsman, Nutrition)	Local Share Match	119,000
Title IIIE Family Caregiver Program	Local Share Match	117,906
Nutrition Program	Additional Local Share	148,000
	Total	420,906

**ADMINISTRATION AND SUPPORT DIVISIONS**

**GENERAL PROGRAM STATEMENT**

HSS Administration and Support Divisions provide general administrative oversight and support functions to all departments included in the Administrative Claim. Support services are also provided to other HSS departments for purposes of continuity and economy of scale. Such services include budget analysis and coordination, facilities support, contract services support, agenda item coordination, special projects, auditing services, information technology and support, training, program legislation and research, and personnel services. Costs for these divisions are allocated to departments included in the HSS Administrative Claim budget and/or charged directly to departments not included.

**HUMAN SERVICES SYSTEM**

**STAFFING CHANGES**

**HSS Administration** staffing changes necessitate a net reduction of 156.0 budgeted positions, which includes the following:

- Reduction of 75.7 various budgeted staff of which 12.0 are supervisory budgeted positions. These positions were removed in the Adjustment to 2002-03 Final Budget Board Agenda Item presented to and approved by the Board of Supervisors as Item #68 on November 5, 2002.
- **Administrative Services Division** – reduction of 21.0 budgeted positions of which 2.0 are supervisory budgeted positions.
- **Auditing Division** – reduction of 4.5 budgeted positions.
- **Information Technology and Support Division** – net increase of 8.5 budgeted positions. This includes a transfer of 6.0 budgeted positions for the C-IV automation project that is now cost centered in ITSD (100% reimbursed by CIV State funding). Five budgeted positions have been added to provide programming support to HSS departments that was previously provided by ISD. One budgeted position has transferred from the SAC JOB budget unit to support the recent transfer of JESD staff. A reduction of 3.5 various budgeted positions due to funding reductions.
- **Performance Education Resource Center (PERC)** – reduction of 1.0 budgeted position. This reflects the removal of a PSE position.
- **Program Development Unit** – reduction of 2.5 budgeted positions.
- **Legislation and Research Division** – reduction of 0.8 budgeted position.
- **Program Integrity Division** – reduction of 51.0 budgeted positions of which 7.0 are supervisory budgeted positions.
- **HSS Personnel** – reduction of 5.5 budgeted positions.
- **Administration** – reduction of 2.5 budgeted positions.

**PROGRAM CHANGES**

Increased staff costs and the net reduction of social services funding necessitates the reduction of staffing levels, services and supplies and equipment expenditures.

In 2003-04 PERC will be performing additional training that will generate an estimated \$335,000 in additional revenue. Courses include the HIPPA training program, sexual harassment training, training for the City of San Bernardino, Organizational Culture Survey and staff delivered computer courses.

Overall, the subsistence payments budget units listed above and the Aid to Indigents budget (AAA ATI) did not exceed 2002-03 local cost allocated to them. However, some subsistence budget units exceeded their individual local cost allocation and local cost transfers were made between these budget units based on individual budget units' needs. The additional local cost was offset by either 1) projected savings in other subsistence budgets and in the Aid To Indigents budget, or 2) by additional revenue from the Social Services Sales Tax Trust (Realignment).

**BUDGET UNIT: DOMESTIC VIOLENCE/CHILD ABUSE (AAA DVC)**

**I. GENERAL PROGRAM STATEMENT**

This budget unit provides for a number of contracts with agencies to ensure temporary shelter, food, transportation and emergency services and treatment/counseling for adults and children who are victims of domestic violence and child abuse.

- The domestic violence program under SB 1246 (Presley Fund) is funded by a surcharge on marriage licenses and provides funding for shelter care facilities, temporary housing, and counseling services.
- The child abuse prevention program is state funded under AB 2994 (Children's Trust Fund) by a surcharge on certified copies of birth certificates. This program provides: 1) training to childcare organizations/schools on child abuse recognition; 2) training of teenage parents encouraging proper care of infants and children; 3) group treatment for victims of abuse; and 4) group counseling for child abusers.
- An additional child abuse prevention program is funded under AB 1733. The services provided by this program are: 1) training to counselors on recognizing and reporting child abuse; 2) training to children, of preschool age to 14, on recognizing molestation and sexual abuse, avoidance techniques and reporting methods; and 3) training for parents and community groups in recognizing child abuse.

These programs are 100% funded by the three sources referenced above. There is no county general fund contribution nor staffing associated with this budget unit.

**BUDGET UNIT: CHILD CARE PROVIDER PAYMENTS (AAA ETP)**

**I. GENERAL PROGRAM STATEMENT**

All childcare programs administered by the Transitional Assistance Department (TAD) are budgeted within this unit. This expanded program is one of the major programs of the federal welfare reform and the resulting state CalWORKs program. The expanded programs are intended to fund childcare for CalWORKs recipients that are seeking employment or have obtained employment and continue through employment stabilization for a period of up to two years. This budget unit also incorporates the program that funds childcare for families in which the child is under the auspices of the Department of Children’s Services and is at risk of parent abuse or neglect.

Childcare provider payments are 100% federal and state funded through reimbursements by the state. There is no staffing associated with this budget unit.

In 2002-03 the budget was built based on assumptions that funding would be cut by as much as 25%. When the state released the 2002-03 allocations, funding was cut by only 9%.

Additionally, several additional funding augmentations were received to cover childcare expenses in 2002-03. Allocations received for childcare are as follows:

Program	2002-03 Original Allocations	Mid-Year Allocation Augmentations	Final Allocations
Stage 1 CalWORKS	\$ 35,681,406	\$ 14,097,553	\$ 49,778,959

<b>Total</b>	<b>\$ 74,849,999</b>	<b>\$ 17,973,182</b>	<b>\$ 92,823,181</b>

In July 2002 the department presented to the Board the 2002-03 allocations and increased appropriations by \$7.0 million. Estimates indicated a need for additional funding of approximately \$13.5 million. The department submitted its request to the state in January 2003. In April 2003 all requests for additional funding were granted and the department presented the allocation augmentations along with the increase in appropriations and revenue to the Board in early May and late June, which fully funded childcare.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**PROGRAM CHANGES**

In 2003-04 the Governor proposed childcare funding to be included in the “realignment II” funding shift to the county. This did not occur and childcare remains funded through the CalWORKS allocation and the Department of Education.

## HUMAN SERVICES SYSTEM

Due to the fact that "realignment II" and funding cuts did not occur, the 2003-04 budget was built based on caseload trend. In comparison to budget 2002-03, it is projected that average monthly paid cases will increase by 12.3%. Average monthly aid in 2003-04 will increase by 22% from 2002-03 budgeted due to inflation and greater demand for childcare services.

Childcare provider payments are 100% federal and state funded through reimbursements by the state. There is no local cost.

**BUDGET UNIT: OUT-OF-HOME CHILD CARE (AAA OCC)**

**I. GENERAL PROGRAM STATEMENT**

This program provides assistance payments for room, board and care for those children pending determination of eligibility for state or federal aid, those who are ineligible due to other resources, or those who are illegal aliens. Some of these children have serious emotional and medical problems, which increase the difficulty of locating appropriate facilities for their care. Costs for this program can fluctuate based on the unique nature and requirements of each individual case. This program is 100% locally funded. There is no staffing associated with this budget unit.

Expenditures for this program can fluctuate based on the unique nature and requirements of each individual case, but have remained between \$300,000 and \$500,000 per year for the past three years. Expenditures in 2002-03 for this program were 12.3% less than budgeted due to the Department of Children's Services ability to more efficiently help children qualify for federal and state funded programs. Average monthly aid per case increased slightly due to inflation.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET**

**PROGRAM CHANGES**

It is projected that paid cases per month will drop by 20% from 2002-03 budgeted due to the Department of Children's Services ability to more efficiently help children qualify for federal and state programs. Average monthly aid per case is projected to increase slightly due to inflation.

**BUDGET UNIT: AID TO ADOPTIVE CHILDREN (AAB ATC)**

**I. GENERAL PROGRAM STATEMENT**

This program provides financial assistance to adopting parents who would otherwise not be able to provide for a child's special needs. The children, on whose behalf monies are paid, are disadvantaged personally or physically handicapped, or are adolescents. This program enables hard to place children to be adopted and taken out of the higher cost Foster Care program. This budget is funded approximately 48% state, 36% federal with the remaining costs offset by revenue from the Social Services Sales Tax Trust and local cost. There is no staffing associated with this budget unit.

In 2002-03, continued caseload growth is due to the success of legislation that promotes participation in this program. The legislation is meant to reduce the number of children in the Foster Care program. Caseload in fiscal year 2002-03 was 31% more than the prior fiscal year. A mid-year budget adjustment was approved on June 10, 2003 to increase appropriations and revenue by \$1,102,204. To meet the additional local cost requirement in 2002-03, an additional \$288,039 was requested from the Social Services Sales Tax Trust.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**  
**PROGRAM CHANGES**

Caseload is expected to increase approximately 14.7% from 2002-03. Continued growth is expected due to the success of legislation that promotes participation in this program.

Total local share required is \$2,746,455 of which \$1,540,912 is funded from the Social Services Sales Tax Trust. The remaining \$1,205,543 requires local funding, an increase of \$278,322 over 2002-03.

**BUDGET UNIT: AFDC – FOSTER CARE (AAB BHI)**

**I. GENERAL PROGRAM STATEMENT**

This program provides aid payments for children living in foster homes and group-care facilities. The Foster Care caseload consists of cases from both the Department of Children's Services (DCS) (approximately 89%) and Probation (approximately 11%). The cost of Probation related foster care cases is approximately 4.5 times greater than DCS cases due to the higher levels of care required for these juveniles.

There are two funding eligibility criteria in the Foster Care Program, federal (federal, state and county participation) and non-federal (state and county only). Foster Care placements are generally eligible for federal financial participation if the parents meet the previous Aid to Families with Dependent Children (AFDC) Program criteria.

- The federal government reimburses approximately 45% of the cost of federally eligible cases.
- The state reimburses approximately 21% of the cost of federally eligible cases and 40% of the cost of non-federally eligible cases
- The remaining county share-of-cost is reimbursed from the non-custodial parents (\$700,000), the Social Services Sales Tax Trust and the county general fund.

Additionally, this budget unit provides \$1.1 million in Social Services Realignment funding annually to the Probation Department to assist in operating the Fouts Springs Youth Facility. This facility is a boot-camp type of facility and is used as a diversionary program for delinquent youth.

There is no staffing associated with this budget unit.

Average Monthly Aid	\$1,505	\$1,528	\$1,569	\$1,687

Caseload had been expected to remain stable for 2002-03. However, factors contributing to the continuing decrease can be attributed to an increase in the number of children transferred from Foster Care to the Kin-Gap Program and continued development of diversionary programs by the Probation Department providing an alternative approach to foster care placements.

Costs per case continue to increase due to the severe statewide shortage of foster family homes and intensive treatment facilities for seriously troubled children, resulting in these cases being placed in more costly foster family agencies.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**PROGRAM CHANGES**

While overall caseloads are projected to remain stable in 2003-04, in October 2003, a 72-bed facility, Vision Quest, is scheduled to open and begin to care for children who would otherwise be awaiting placement while being housed at Juvenile Hall Detention Center. It is anticipated that thirty-six children will be placed in October

**HUMAN SERVICES SYSTEM**

and thirty-six children will be placed in November, bringing the facility to full capacity. This facility will be paid at a Rate Classification Level 12 for each placement. The Probation Department has an agreement with Vision Quest to maintain 72 placements per month for 2003-04.

Due to the continuing shortage of foster family homes, placements in more costly foster family agencies will continue. The increases in caseload and cost per case will require \$5.9 million more in appropriations than 2002-03 budget. This increase will be funded by \$3.9 million in federal and state reimbursement and \$273,969 in additional local cost. The remaining local share will require an additional \$1.7 million from the Social Services Sales Tax Trust (Realignment).

The budget provides CalWORKs assistance payments to families eligible for aid and includes all cases that have not been identified as two-parent or zero-parent families. The federal (50%) and state (47.5%) governments reimburse costs for this program. A county general fund contribution of \$4,430,059 and child support payments of \$700,000 from non-custodial parents offset the remaining costs. Caseload increases, predicted by the Governor’s office, failed to materialize (decreases have actually been realized) resulting in significantly less expenditures than forecasted. The workload indicator for Annual Paid Cases and Paid Cases per month provided for budget 2002-03 was discovered to be incorrect. The correct figure is reflected on this page.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**PROGRAM CHANGES**

The Governor’s office has again predicted caseload increases in 2003-04 despite actual decreases thus far in 2002-03. However, the projection is very conservative and will have a negligible affect on expenditures. Decreasing average monthly grants due to adults being removed from Temporary Aid for Needy Families (TANF) cases because of time limits are projected to offset the slight increase in caseload. These factors, in addition to the decreased caseloads realized in 2002-03, result in a significant decrease in the amount of appropriations, revenues, and local cost being requested in 2003-04.

**BUDGET UNIT: CalWORKS – KIN GAP (AAB KIN)**

**I. GENERAL PROGRAM STATEMENT**

This federal program was implemented Jan. 1, 2000. It provides a subsidy to children who leave the juvenile court dependency system to live with a relative legal guardian. It offers relative caregivers of dependent children a new option for providing a permanent home to these children. To be eligible for the program, the child must have lived with the relative at least 12 consecutive months, the relative guardianship must be established pursuant to Welfare and Institutions Code 366.26, and the juvenile court dependency for the child must be dismissed. Movement to the Kin-GAP program is not automatic. The court, with a recommendation from the social worker, has discretion regarding whether termination of dependency is in the child's best interest.

The estimated federal cost reimbursement is approximately 66% and the state cost reimbursement is approximately 17%. The remaining 17%, or local share, is offset by a county general fund contribution. There is no staffing associated with this budget unit.

The State of California Department of Social Services has projected caseload for the Kin-Gap program to continue to steadily increase. As caseload increases, the local share of cost will increase. **I. GENERAL PROGRAM STATEMENT**

Assembly Bill 3263 requires Human Services System to pay out-of-home costs for seriously emotionally disturbed (SED) children. The SED children under this program are referrals from the county's school districts whom have not been abused or neglected and are placed out-of-home pursuant to an individualized education program (IEP). These clients are referred to the Department of Behavioral Health (DBH) whom has case management and supervision responsibility. This budget includes an expenditure offset of \$100,000 from the DBH for clients placed in residential facilities outside of California. This budget is funded 40% by the state with the remainder funded from Social Services Sales Tax Trust and a county general fund contribution. There is no staffing associated with this budget unit.

On March 18, 2003 and June 10, 2003 the Board approved increased appropriations totaling \$1,097,517 and increased state revenue totaling \$439,007. The Social Services Sales Tax Trust provided the increased required county share of \$658,510.

Increases in caseload are directly related to the population of the county and the corresponding county school enrollment. Caseload increased 24.3% over the prior fiscal year. Average monthly placement costs are also 5.6% more than the prior fiscal year and are attributed to the participants in this program requiring a higher level of group home care as determined at the initial intake assessment.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**PROGRAM CHANGES**

Projected expenditures for 2003-04 are based on the continued higher overall average monthly caseload, placement in higher level of care facilities, and expected rate increases granted to group homes. The majority of the participants are placed in rate classification level (RCL) 11 and 12 group homes. However, nearly 9% of the participants are currently placed in the highest level of group home RCL 14. The majority of the participants, 59%, remain in the program 1 year or less and 29% remain in the program between 1 and 2 years. Only 7 participants have remained in this program for more than 2 years.

Continued caseload growth requires additional appropriation, revenue and local share in 2003-04. Total local share required is \$2,007,006 of which \$1,275,697 is funded from the Social Services Sales Tax Trust. The remaining \$731,309 requires local funding, an increase of \$99,963 over 2002-03.

**BUDGET UNIT: CalWORKS – 2-PARENT FAMILIES (AAB UPP)**

**I. GENERAL PROGRAM STATEMENT**

This program provides payments to resident families who are eligible for aid in accordance with state law. This budget includes all cases identified as having two parents in the home or in which the parent(s) is excluded from, or ineligible for, CalWORKs. It is estimated that approximately 6,892 dependents will be aided monthly.

The state (97.38%) and federal (.12%) governments reimburse costs for this program. Reimbursements from non-custodial parents of \$35,000 and a county general fund contribution of \$438,046 offset the remaining costs. There is no staffing associated with this budget unit.

Caseload decreases have been realized rather than the increases predicted by the Governor's office resulting in significantly lower expenditures and revenues than budgeted. The workload indicator for Annual Paid Cases and Paid Cases Per Month provided for Budget 2002-03 was discovered to be incorrect. The corrected figure is reflected on this page.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**PROGRAM CHANGES**

The Governor's office has again predicted caseload increases in 2003-04 despite actual decreases thus far in 2002-03. However, the projection is very conservative and will have a negligible affect on expenditures. Decreasing average monthly grants due to adults being removed from Temporary Aid for Needy Families (TANF) cases because of time limits are projected to offset the slight increase in caseload. These factors, in addition to the decreased caseloads realized in 2002-03, result in a significant decrease in the amount of appropriations, revenues, and local cost being requested in 2003-04.

**BUDGET UNIT: AID TO INDIGENTS (AAB ATI)**

**I. GENERAL PROGRAM STATEMENT**

This budget provides subsistence in the form of cash aid, food, shelter, and transportation to indigents who do not meet categorical eligibility requirements for state and federally funded programs. Services and supplies consist of a fixed amount contract with a law firm to assist clients in preparing applications for Social Security Insurance (SSI) benefits. Other charges consist of general relief payments to facilitate transition to an employable status and to provide interim assistance pending receipt of SSI benefits. Other revenue represents retroactive SSI payments, which the county receives as reimbursement for general relief assistance provided to SSI eligible indigents prior to their enrollment in the SSI program. There is no staffing associated with this budget unit.

Historically this budget unit has fluctuated with the changing economy, therefore, caseloads were projected to continue to rise in 2002-03. Although caseloads rose throughout the first half of 2002-03, they declined in the first two months of the second half of the year resulting in a local cost savings of \$369,270.

Revenue collection can vary from year to year due to periodic reimbursements of retroactive SSI payments that are inconsistent from month to month. Actual revenues were 33.6% greater than budget.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**PROGRAM CHANGES**

It is projected that caseload will decrease by 17% in comparison to last year's budget due to an unrealized caseload increase. Historically caseload has increased in the first 6 months of the fiscal year and then drops the last 6 months. The budget in 2003-04 was built based on 12 months to account for this fluctuation. Average monthly aid per case is projected to decrease slightly over 2002-03 budgeted by 6.3% due to the same over estimate.

Revenue collection can vary from year to year due to periodic reimbursements of retroactive SSI payments that are inconsistent from month to month and year to year. It is estimated that revenues will be 22.7% higher than 2002-03 budgeted in 2003-04.

**I. GENERAL PROGRAM STATEMENT**

In November 2000, California passed Proposition 36, the Substance Abuse and Crime Prevention Act of 2000 (Act). The Act mandated that certain persons convicted of a nonviolent drug possession offense, and any parolee who is determined by the Parole Authority to have committed a nonviolent drug possession offense, or violated any other drug-related condition of parole, will be provided drug treatment and related services in lieu of incarceration. On February 6, 2001 the Board of Supervisors designated Human Services System as the county lead agency for implementation of the Act and established a local interest earning trust fund for funds received from the state for this program. This special revenue fund is used to account for disposition of the funds received from the state. There is no staffing associated with this budget unit.

**PROGRAM CHANGES**

Program changes affecting the budget include a net increase of \$4,027,743 in transfers. This represents an increase of \$52,539 to Human Services System for support services, an increase of \$2,000 to Trial Court for vocational training services, and an increase of \$3,973,204 due to an accounting change.

Operating transfers out decreased \$3,973,204 due to the reclassification of transfers as mentioned above.

Changes in program revenue include: the decrease in state allocation of \$12,162 and a decrease of interest revenue of \$20,000.

 BUDGET UNIT: AB212 TEACHER STIPENDS (RHE DPA)**

**I. GENERAL PROGRAM STATEMENT**

High quality childcare is dependent upon a well-trained, well-compensated and dedicated staff. In an effort to foster an environment where this type of staff is developed and retained, Children’s Network applied for and was awarded this state grant via Assembly Bill 212 (Teacher Stipends) in December 2001. Grant monies are placed in this special revenue fund providing stipends to pre-school teachers and/or administrators who demonstrate completion of college credits towards certification or post-secondary degrees. The stipend increases as the number of college units completed increases thereby acting as an incentive for preschool teachers to further educational levels. Stipends also increase for teachers who speak a second language or teach disabled children making preschool services accessible to a larger portion of the community. There is no staffing associated with this budget unit.

The difference between the Budget 2002-03 and Actual 2002-03 figures is due to 2001-02 revenue not being received until very late in the fiscal year, making it impossible for stipends to be awarded before the end of the fiscal year. The state allowed the revenue to be carried forward to 2002-03. Additionally, unexpected additional grant monies were received in 2002-03.

The 2003-04 grant has yet to be determined but is estimated to be \$552,988. In addition, projected interest of \$6,000 may be available to supplement the grant and be used toward stipends. All grant monies are projected to be spent by the end of 2003-04.

**OVERVIEW OF BUDGET**

**DEPARTMENT: PRESCHOOL SERVICES  
ADMINISTRATOR: ROBERTA YORK  
BUDGET UNIT: RSC HPS**

**I. GENERAL PROGRAM STATEMENT**

Preschool Services Department (PSD) has operated the Federal Head Start program and other childcare programs in San Bernardino County since 1965 providing comprehensive child development and family services to children, ages 3 to 5 years, of low income and disadvantaged families. As the primary program (87% of all funding), Head Start incorporates educational, health, nutritional, and psychological services in order to help children become ready to enter and succeed in school and life in general. Currently operating sites will provide childcare services at 40 sites throughout the county. Other programs operated by this department include State Preschool, General Child Care and Child and Adult Care Food Programs.

PSD applied for and received authorization from the Federal Administration of Children and Families (ACF) to reauthorize \$1.66 million in expansion funds from 2001-02 to 2002-03. The Board of Supervisors approved the one-time rollover on August 13, 2002 (Item no. 35) to fund start-up costs such as facilities renovations, playground equipment, copiers, classroom equipment, classroom supplies and to provide salaries and benefits for expansion staff. The expansion sites include Adelanto, Apple Valley, Crestline, Joshua Tree, Upland and Victorville.

Actual workloads (avg. daily # of classes and children) for 2002-03 are under budget by 28 classes and 619 children due to various factors. There was a construction delay in opening several expansion sites and/or classrooms. Sites/classrooms licensed since February include: Adelanto, Apple Valley, Sivaland and Victorville. The Rialto Eucalyptus site was licensed in May 2003, and the Crestline site was licensed in July 2003. Additionally, the workload indicator for average daily # of children for the 2002-03 budget was overstated because 68 children enrolled in Sivaland's wrap-around program (a federal and state slot combined) were included twice.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**STAFFING CHANGES**

Budgeted staffing has a net decrease of 77.9 positions. There was a zero net change in site supervisors, teachers and teacher aides (9 and 12 months), who were qualified and upgraded to level II positions based on a mid year Board item (July 23, 2002, #32) that approved six new classifications to compensate for the higher levels of education mandated by Head Start.

Other changes to teaching staff resulted in a net reduction of 51.9 budgeted staffing. A net increase of 14.7 budgeted positions was due to site expansion (1.5 Site Supervisor II-12 months, 3.5 Teacher II-12 months and 9.7 Teacher Aide II-12 months). A net decrease of 38.8 budgeted positions was due to deleting vacant positions that are no longer needed (7.4 Site Supervisor-9 months, 23.3 Teacher-9 months and 8.1 Teacher Aide-9 months), and a net decrease of 41.4 budgeted positions (Teachers-9 months) was due to a work hours reduction for part-day Teachers from 8 to 6 hours per day. The vacancy factor of 13.6 was eliminated.

**PRESCHOOL SERVICES**

Changes to supporting staffing resulted in a net reduction of 26.0 budgeted staffing. A net increase of 6.2 budgeted positions was due to workload increase (1.5 Accounting Technician, 1.5 Food Service Worker-12 months, 1.0 Fiscal Clerk I, 1.0 Program Supervisor, 0.1 Program Aide-9 months, 0.1 Nurse, and 1.0 Eligibility Worker II). A net decrease of 30.9 budgeted positions was due to deleting vacant positions that are no longer needed (0.5 Eligibility Worker II, 7.5 Public Service Employee, 8.6 Custodian-9 months, 5.1 Food Service Worker-9 months, 3.5 Center Clerk-9 months, 2.0 Clerk III, 2.0 General Maintenance Worker, 1.0 Generalist-9 months, 0.1 Staff Analyst II, and 0.6 Custodian-12 months), and a net decrease of 1.3 Fiscal Clerk II positions that were transferred from PSD to HSS.

**PROGRAM CHANGES**

The average daily number of classes and number of children served are expected to decrease in 2003-04 by 33 classes comprised of 564 children due to PSD's plan to implement new full-day program options.

PSD is committed to providing new full-day program options by combining Head Start and State Preschool funded slots based on the recommendations of the Head Start - State Collaboration Office (California Department of Education, Child Development Division) and in response to the changing needs of families. More low income and disadvantage families with young children now work or train full-time due to welfare reform and are therefore in need of full-time childcare services.

PSD's collaborative plan is twofold: (1) PSD will absorb 317 State Preschool slots into the existing Full Day Head Start Program, and (2) PSD will combine two part day slots – 3.5 hours each, comprised of 247 Head Start and State Preschool slots each. In both cases, children will be co-enrolled in Head Start and State Preschool programs. PSD operates a similar program at its Sivaland location where full-day service is provided to 72 co-enrolled children. In addition to the programs mentioned above, PSD will continue to provide part-day services to 3,802 children (including Delegate Agencies) and full-day services to 52 General Child Care children at the Mill Street site.

Due to the new program options (blending of federal and state slots) there will be a net cost savings of \$193,369. The new program options will result in a reduction through attrition of 15.1 budgeted teaching positions. In addition to salary savings, Preschool Services expects cost savings in transportation, food, classroom supplies and facilities (one or two sites) proportionate to the stated decrease in workload. A cost savings is also anticipated in the reduction of working hours for part-day teaching staff (from 8 to 6 hours per day) for children who attend class for 3.5 hours per day. The combined cost savings will be offset primarily by cost increases in MOU salary and benefits, unemployment insurance, workers compensation, and lease payments (CPI).

**BUDGET UNIT: PUBLIC HEALTH (AAA PHL)**

**I. GENERAL PROGRAM STATEMENT**

The Department of Public Health provides a wide range of services to prevent diseases and improve the health, safety, and quality of life for the residents of San Bernardino County. The department operates 36 different programs divided among four areas of Public Health: 1) Preventive Medicine Services, 2) Community Health Services, 3) Environmental Health Services, and 4) Administrative Support Services. Programs (many which are mandated by the State Health and Safety Code) are funded by state and federal grants, local fees, and general fund support.

Actual expenditures and revenues are below budget as a result of programs that were scaling back with the anticipation of their elimination in the coming fiscal year. Public Health has a number of MOUs with other Human Services System departments that will be ending as a result of funding cuts within the HSS social service departments. The severe drop in actual and budgeted home visits reflects the budget cuts associated with HSS MOU reductions and other lost grant funds.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**STAFFING CHANGES**

Overall, budgeted staffing is reduced by 179.0 positions. Within base year adjustments, budgeted staffing is decreased a net of 0.9 as a result of implementing the 4% spend down plan and 30% cost reduction plan which deleted 1.9 positions and approving the AIDS Master grant which added 1.0 position. In mid-year adjustments the Board approved an increase of 1.0 in budgeted staffing netting an increase of 1.9 budgeted staff in the Board Approved Base Budget. Within the Public Health Department, all county general fund dollars go toward the animal control program; as a result all impacts resulting from the 4% and 30% budget reduction plans occur in that program.

## **PUBLIC HEALTH**

Staffing is then reduced by a net 181.4 or 16.5%. This is primarily the result of two factors: reduced revenue/reimbursements and significantly increased staffing expense due to retirement and MOU increases. Of the 181.4 reduction, 67.4, over 37%, comes from the Maternal Health Program, which was severely impacted by the elimination/reduction of various state and Children and Families Commission grant funds for programs such as “Early Steps,” “Earlier the Better,” and “Right from the Start.” Of the remaining 114.0 reduction, 33.9 occurred in the Perinatal and Adolescent Life program, 8.9 in Child Health, 3.5 in Family Planning, 17.0 in Aging, 17.5 in the Field Nursing program; and 33.2 in various programs. All of these programs experienced revenue declines as a result of the reduction or elimination of grants from both the state and the federal governments, as well as reductions in programs funded through MOUs with other county departments. .

In conjunction with these budgeted staffing cuts the department is developing a layoff plan. Only a minimal number of the 181.4 reduction in budgeted staffing affects filled positions. The department has a high number of vacancies in nursing and education positions due to difficulties in recruiting and retaining these classifications. As a result, vacant positions were deleted and staff from unfunded programs are being reassigned throughout the department. Additionally, the department is working with other county departments to transfer staff from positions that are at risk to other positions in the county. These reassignments and transfers should help the department to keep the layoff plan to a minimal level.

Included in the net decrease of 181.4, the department is also requesting new staff in three programs and four reclassifications. Total new staffing includes a 7.6 increase in our Nutrition program funded entirely by Federal Women, Infants, & Children funds, a 0.2 increase in Child Health for an additional part-time Dental Hygienist for the Dental Disease Prevention program which is entirely state funded, and a 1.9 increase in Reproductive Health for a new Title V federal grant. The nutrition programs staff includes 2.1 Nutritionists, 1.9 Supervising Health Service Assistants, 0.9 Health Service Assistant II, and 2.7 Pre-Registered Dieticians. The Reproductive Health positions include 0.9 Public Health Coordinator and 1.0 Clerk III.

Of the four reclassifications, three are to downgrade positions that are currently being underfilled to the lower classification of the employee that is filling the position. The fourth reclassification is to downgrade an Environmental Health position that has been extremely difficult to recruit at its current classification.

In addition, per Board direction, 5.5 vacant budgeted positions that were not in recruitment were deleted from various programs and 6.0 fee supported positions were approved in the Environmental Health Division

### **PROGRAM CHANGES**

As indicated in the staffing changes section, Public Health saw a number of grants either reduced or eliminated in both the current and coming year. Services and supplies costs and fixed asset expenditures were reduced dramatically in many programs in an attempt to maintain staff for service delivery. Amounts budgeted for transfers have increased slightly as a result of increased lease expenses, administrative support, and EHAP expenses related to an accounting change.

Reimbursements received from other county departments have decreased by \$5,207,973 as a result of dramatically reduced or eliminated MOUs for service, primarily with other HSS departments. The programs affected are: “Youth Self Sufficiency,” “STOP” (a Family Violence Prevention program), “Let’s Talk” and “Family Planning Access” funds from the Transitional Assistance Department, and the Aging “Personal Care and Services Program” and funding for CalWorks services.

Budget to budget, revenues are decreasing from \$71,458,055 to \$69,259,538 for a net decrease of \$2,198,517. This net reduction is comprised of a number of substantial changes. Child Health clinical services have been eliminated due to a restructuring of the program by the State resulting in a loss of \$261,000 in revenue. The Child Health functions will continue to be provided within the county by private providers. A Children and Families Commission grant, the “Early Steps” Program, has ended resulting in a decrease of \$3,585,392 in budgeted revenue. The loss of the Children and Families Commission grant was compounded by the fact that those funds were used to obtain matching funds from the State Maternal and Child Health (MCH) program. That loss of matching funds then led to a further loss of \$1,301,560 in MCH funds. A Field Nursing program, “The Earlier the Better,” has ended causing a revenue decrease of \$715,600. Other reductions include an accounting change that shifts how Bio-Terrorism revenue (\$949,043) is recognized from revenue to operating transfers in and miscellaneous decreases (\$352,528) across various programs.

**PUBLIC HEALTH**

Revenue increases partially offsetting the reductions above includes \$126,000 in base year adjustments and \$2,236,406 in mid-year adjustments. Almost all of this mid-year increase is the result of increases to our Women, Infants & Children (WIC) program. Other increases include \$800,000 for a federal Special Projects of Regional and National Significance grant for abstinence education and a \$1,804,200 expansion of our state Targeted Case Management (TCM) activities.

The increase in TCM is designed to help offset the severe reduction in programs funded by MOUs with other HSS departments. As indicated in a recent consultant study by Maximus, many of the services offered under those programs included a significant case management component that is eligible to be time-studied and claimed under the State's TCM program. Through this approach, the department plans to sustain key services by seeking state funding allocated for case management services provided to public health clients. The TCM program activities will begin July 1, 2003. However, the required time-study, reimbursement rate setting by the state, and program approval by the state do not occur until October, November, and December respectively. Should some or all of our program be denied by the state, it is likely the department would need to implement further staff reductions and use some one-time realignment funds to cover the expenses for the first half of the year for those portions of the program that are not approved.

Operating transfers in are increasing to pay for the bio-terrorism program. Positions approved in the 2002-03 year are being filled and the program is getting off the ground resulting in increased expenditures and transfers in to support this program.

### BUDGET UNIT: CALIFORNIA CHILDREN'S SERVICES (AAA CCS)

#### I. GENERAL PROGRAM STATEMENT

California Children's Services (CCS) is a state program that provides case management, diagnosis, and treatment services to individuals up to 21 years of age with severe qualifying medical conditions and whose families are unable to pay for all or part of their care. State law requires the county to maintain a mandated minimum county funding level. In addition to state realignment dollars and the county's mandated contribution, funding also comes from Medi-Cal, private insurance, and patient co-payments. Revenues are based upon individual client eligibility for specific programs such as Medi-Cal, Healthy Families, or CCS alone (people who do not qualify for other programs or cannot afford to pay their Medi-Cal co-share payments.)

The revenue breakdown among federal, state, realignment, and county general fund support depends on the type of services provided under this program. This program provides two type of services:

- 1) Administrative component – Case management activities which include determining program eligibility, evaluating needs for specific services, determining the appropriate providers, and authorizing/paying for medically necessary care.
  - a) Administrative funding is based on staffing standards and caseload mix of CCS clients. In other words, it depends on which Federal, State, or County program in which the children are enrolled. Currently, our caseload is comprised of the following:
    - i) Medi-Cal accounts for approximately 84.56%. This federal and state program reimburses the county for 100% of the costs associated with these services.
    - ii) Healthy Families accounts for approximately 10%. This federal and state program reimburses the county for 82.5% of the costs. The remaining 17.5% is equally funded by Social Services Realignment (8.75%) and general fund support (8.75%).
    - iii) CCS or Non-Medi-Cal caseload accounts for approximately 5.44%. Federal and state funds account for 50% of the costs associated with treating this clientele. The other 50% is equally funded by Social Services Realignment (25%) and general fund support (25%).
  - b) Two of the workload indicators presented in this budget reflect the administrative component: Cases managed and claims processed.
- 2) Medical Therapy component – Provides physical therapy, occupational therapy, and Medical Therapy Conference services. Licensed physical therapists and certified occupational therapists provide evaluation, treatment, consultation services and case management.
  - a) The State reimburses the county for 50% of the costs incurred by this program. The remaining 50% is equally funded by realignment and general fund support. In addition, the program is able to bill Medi-Cal for therapy staff hours at the medical reimbursement rate. This means that the physical therapist and occupational therapist time provided to Medi-Cal clients can be almost fully reimbursed by Medi-Cal. Currently, county employees are paid at \$32.86 per hour plus benefits and the county is reimbursed at a minimum rate of \$34.08 per hour.
  - b) It is estimated that approximately 70% of the therapy units (24,500 or 12,250 hours) will be provided during 2003-04 to Medi-Cal clients.

The budgeted local cost amount reflects the County's mandated share of costs for serving anticipated caseloads. Should actual caseloads fall short of projections, unused local funds would return to the County's year-end fund balance. Similarly, Realignment funds will be transferred to correspond with actual caseloads at the end of the year.

**II. BUDGET & WORKLOAD HISTORY**

	<u>Actual 2001-02</u>	<u>Budget 2002-03</u>	<u>Actual 2002-03</u>	<u>Budget 2003-04</u>
Total Appropriation	5,915,099	10,716,023	8,076,824	10,723,433
Total Revenue	4,630,286	9,177,982	6,638,257	9,185,392
Local Cost	1,284,813	1,538,041	1,438,567	1,538,041
Budgeted Staffing		154.3		145.0
<b><u>Workload Indicators</u></b>				
Cases Managed	-	10,900	10,091	11,000
Claims Processed	-	120,000	131,188	133,900
Therapy Units (old methodology)	-	124,000	-	-
Therapy Units (new methodology)	-	35,000	29,898	36,050

Actual expenses and revenues are significantly lower than budgeted because CCS does not have enough space to hire all of the staff. Negotiations on new space are currently underway but a move is not expected until after the end of the fiscal year. The program continues to experience difficulty filling nursing and physical therapy vacancies.

The Therapy Unit workload indicator has undergone a significant methodology change. As the 2002-03 county budget was being developed, the State was changing its CCS automated system. As a result, the Department could not extrapolate complete data for 2001-02. For the 2003-04 budget, the Department has revised this workload indicator to reflect therapy provided in 30-minute increments. To provide continuity in annual workload indicators, 2002-03 measurements of Therapy Units delivered were recalculated so they could be presented in the same manner as projected 2003-04 workloads.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**STAFFING CHANGES**

Budgeted staffing is decreasing by 9.3 positions overall due to some minor changes in staffing mix which decreased staffing by 0.2 positions as described below and to reflect long term vacancies occurred upon departure of 9.1 existing staff. Vacancies are expected to increase because greater restrictions upon County hiring processes result in longer periods of vacancy after an employee leaves a position. The other staffing mix changes include the addition of 3.0 Financial Interviewers, 1.0 Physical Therapist, 1.0 Medical Transcriber, and 0.5 of a Fiscal Clerk II. Reductions include 2.0 Therapy Assistants and 2.0 Registered Nurses II. The Registered Nurses classification no longer meets the state's service delivery requirements. Additionally, 1.7 of the reduction is a result of an accounting change. Those positions are in the Public Health budget and are now reflected in this budget as transfers.

**PROGRAM CHANGES**

Costs for services and supplies are lower due to reduced computers and equipment purchases needed for 2003-04. Budgeted costs have also decreased for EHAP and rent expense due to an accounting change. Transfers represent staff time purchased from Public Health, as mentioned in the Staffing Changes section above and an accounting change for EHAP and rent expense related to GASB 34. State revenue is expected to remain constant into 2003-04.

**BUDGET UNIT: INDIGENT AMBULANCE (AAA EMC)**

**I. GENERAL PROGRAM STATEMENT**

This budget provides financing for those ambulance contractors who transport indigents to the Arrowhead Regional Medical Center, or the closest hospital, under certain life-threatening situations. It also funds transport of indigent tuberculosis patients to Riverside County Hospital for treatment, and up to the extent of available appropriations, pays for the Sheriff's Department transport of indigent inmates (with the remainder paid directly by the Sheriff's Department). The appropriations in this budget unit are maintained at a constant level. There is no staffing associated with this budget unit.

**BUDGET UNIT: CAJON PASS ILLEGAL DUMPING CLEAN-UP  
(RPH PHL)**

**I. GENERAL PROGRAM STATEMENT**

In December 1998, a fire occurred in Cajon Pass as a result of illegal dumping of an estimated 100,000 tons of solid waste. Approximately 40 haulers and contractors have been identified as the parties responsible for the illegal dumping. This special revenue fund, established and managed by the Department of Public Health, Division of Environmental Health, will be used to account for the settlement contributions of the small haulers and the \$750,000 grant from the California Integrated Waste Management Board (CIWMB) and the expenditures associated with the clean-up effort for the illegal dump in Cajon Pass. The State requires a 10% holdback of funds until the project is completed.

The total estimated cost to clean up the site is \$2,800,000. As a result of the settlement agreement among those identified as haulers, the county and the CIWMB, the CIWMB will contribute \$750,000 and the large haulers will pay the balance of the clean-up cost less the contributions received from the small haulers. CIWMB will cover the cost associated with recycling of green waste and concrete, tipping fees, initial re-vegetation, and other costs as identified in the settlement agreement. There is no staffing associated with this budget unit.

Actual expenses and revenues for re-vegetation will not occur until the work is completed in 2003-04, as such, financial activity for 2002-03 was minimal.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**PROGRAM CHANGES**

The clean up of the illegally dumped material has been completed. Re-vegetation of the affected area is the only remaining activity. That activity was anticipated to be completed in 2002-03; however, it is now expected to continue into 2003-04. State reimbursement for re-vegetation will occur once this activity is complete.

**OVERVIEW OF BUDGET**

**DEPARTMENT: VETERANS AFFAIRS**  
**DIRECTOR: BILL J. MOSELEY**  
**BUDGET UNIT: AAA VAF**

**I. GENERAL PROGRAM STATEMENT**

According to the Secretary of the U.S. Department of Veterans Affairs, approximately one out of three people in the United States are potential V.A. beneficiaries. In San Bernardino County, this means approximately 575,000 veterans, their dependents and survivors will become recipients of veteran's benefits. Veteran's Affairs provides information and assistance to residents in filing claims for benefits and services to which they may be entitled from federal or state governments. These benefits include medical care, insurance, home loans, pension benefits, disability compensation, education, and vocational rehabilitation.

Average Annual Award	\$1,671	\$1,100	\$1,709	\$1,400

The small variance between 2002-03 budget and actual expenditures was due to a savings in salaries & benefits from the Executive Secretary II, budgeted full-time, working only part-time. The small variance between 2002-03 budget and actual revenue was due to an increase in revenue received from the state as a result of the department's increase in workload units performed. -

The variance between 2002-03 budget and actual in all workload indicators is due to fewer claims submitted but with larger monetary amounts being awarded to the clients. As a result, Subvention Claims Filed decreased and New Annual Monetary Amounts and Average Annual Awards increased.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**STAFFING CHANGES**

Budgeted staffing decreased by 2.0 positions.

Due to reductions made to the department's local cost as part of the 4% and 30% reduction plans, and new and/or increased costs in Human Services Systems (HSS) administrative and Information Technology Services Department (ITSD), it will be necessary to eliminate 1.0 budgeted Clerk II.

Additionally, 1.0 Veteran Services Representative has been out on leave since December 2002, and is not expected to return to work. Therefore, in 2003-04 the department did not budget for this position and will not fill it if it becomes vacant.

**PROGRAM CHANGES**

As previously mentioned, reductions made to the department's local cost as part of the 4% and 30% reduction plans, and new and/or increased costs in HSS administrative and IT support have made it necessary to reduce the department's costs in other areas. Therefore, the Ontario office will be relocated to a County-owned facility.

#### I. GENERAL PROGRAM STATEMENT

This budget is being presented for the first time in the budget book. At the end of the 2001-02 year it was converted from a trust fund to a restricted general fund. The format for this section varies from other budget units to help with presentation of information. The Realignment budgets do not directly spend funds or provide service. They are strictly financing budgets with the actual expenditures occurring within the operating budget units of the departments that receive Realignment revenue.

In 1991 the state shifted responsibility for a number of mental health, social services, and health programs to counties. This shift, known as Realignment, resulted in the creation of two dedicated funding streams to pay for the shifted services: a ½ cent Sales Tax and a change in the depreciation schedule for vehicles which resulted in a 24.33% increase in Vehicle License Fee (VLF) revenues. Each of the three service areas identified were required to have their own separate accounts established and each of those service areas receive a different share of statewide Realignment revenues.

Within the mental health area, the programs for which the county is now responsible for are: community-based mental health programs, State Hospital services for county patients, and Institutions for Mental Disease. Within the social services area, the programs for which the county is now responsible for are: the county revenue stabilization program and the county justice subvention program. Within the health area, the programs for which the county is now responsible for are: AB8 county health services, local health services, medically indigent services, and the county medical services program.

In addition to these program responsibility shifts, a number of programs had changes made to their cost sharing ratios. Social services had a number of programs involved in sharing ratio changes (numbers are shown in percentages in the order of state/county shares of cost): foster care from 95/5 to 40/60, child welfare services from 76/24 to 70/30, In Home Supportive Services (IHSS) from 97/3 to 65/35, county services block grant from 84/16 to 70/30, adoption assistance from 100/0 to 75/25, Greater Avenues for Independence from 100/0 to 70/30, CalWorks from 89/11 to 95/5, and administration from 50/50 to 70/30. Within health, the California Children's Services program cost share shifted from 75% state/25% county to 50/50.

The Realignment program has some flaws in its design that adversely impact County of San Bernardino revenues. First is San Bernardino's status as an "under equity county," meaning that the county receives a lesser share of revenue relative to other counties based on population and estimated poverty population. Revenue distributions among counties were determined by expenditures in the programs that were transferred just prior to the adoption of Realignment. San Bernardino County was under equity in those programs. Realignment did attempt to address the inequity issue, but the effort fell short and the county continues to be under equity to date. The problem of being under equity is that it exacerbates itself over time. As growth occurs in the revenue streams, that incremental new funding is distributed on existing sharing arrangements between the counties. The counties that are already over equity get a higher percentage of the new revenue while those that are under equity get less.

## REALIGNMENT

In addition to the under equity issue is the fact that the demand for the services we are providing and the revenue streams funding them are both sensitive to the economy. When the economy is doing well, demand for services is reduced and revenues are high. When the economy does poorly, demand for services is high, but revenues under perform. During the recent good years, the realignment funds recovered from earlier difficulties and built up an available fund balance. Beginning in the 2002-03 year, those fund balances began to be depleted as revenues shrank, demand for services increased, and expenses increased.

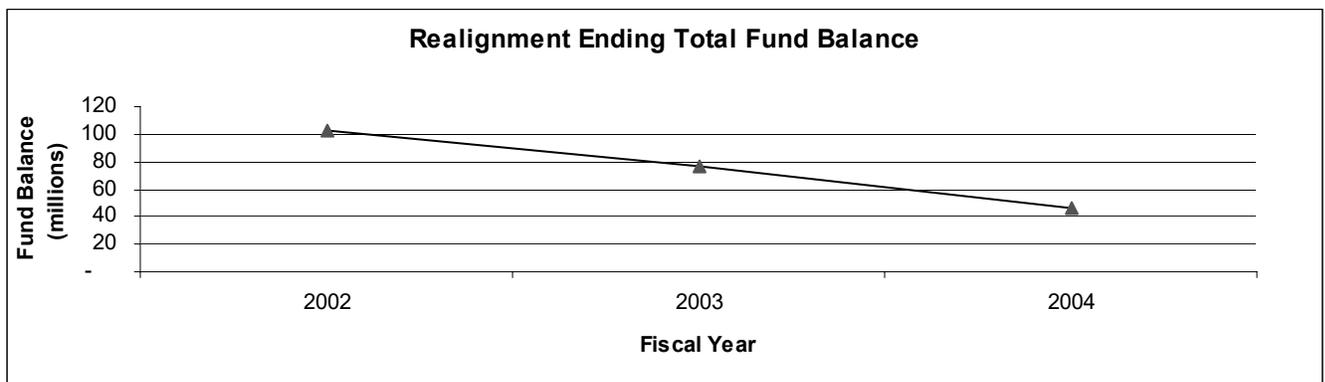

The state anticipated that some of the problems with Realignment could result in litigation or unfunded mandate claims. As a result the legislation contained three poison pill provisions that would make certain provisions of Realignment inoperative. The three poison pills that could nullify Realignment, or portions of it, are: (1) a county successfully filing an unfunded mandate claim with respect to realigned programs, (2) constitutional challenges regarding Realignment's treatment of VLF revenues (which are constitutionally protected as local government revenue) or a finding that exclusion of Realignment revenue from Proposition 98 education funding calculations is unconstitutional, and (3) an appellate court determination that 1982 legislation shifting responsibility for medically indigent adults to counties is reimbursable as an unfunded mandate.

The realignment legislation does allow for some flexibility in usage of funds at the county level. Upon action by the Board of Supervisors, a county can transfer 10% of a given years revenue from one fund to another. San Bernardino County has used the provision repeatedly over the years to help support either the health or social services programs. In the chart above there is a budgeted transfer for the 2003-04 year noted in the "Budgeted 10% Transfers" column. Any such transfer would have to come before the Board of Supervisors for approval before taking place.

## II. BUDGET HISTORY

<b>Total - All Realignment Funds</b>				
	<b>Actual 2001-02</b>	<b>Budget 2002-03</b>	<b>Actual 2002-03</b>	<b>Budget 2003-04</b>
Beginning Fund Balance	72,906,036	102,089,307	102,089,307	76,611,548

Ending Fund Balance	102,089,307	96,458,923	76,611,548	46,449,390
Change in Fund Balance	29,183,271	(5,630,384)	(25,477,759)	(30,162,158)

Available Fund Balance, as seen in the graph below, in the Realignment funds peaked at the end of the 2001-02 year as the county benefited from a large growth distribution attributable to the 2000-01 increase in sales taxes and vehicle license fees. Departmental Usage increases and revenue stagnation have resulted in an increasing use of one-time funds to pay for ongoing costs. Based on current projections, both Mental Health and Health will run out of available fund balance as a financing source in the 2004-05 fiscal year.

Of note in this graph is that the fund balance ending 2003-04 at the far right is 76% Health fund balance; the other two funds are nearly out of cash to begin the 2004-05 budget cycle.

**REALIGNMENT**

In 2002-03, estimated revenues are projected to under perform budget due to declining sales tax revenues resulting in no sales tax growth distribution from 2001-02 and a reduced base revenue amount for 2002-03. Base revenue is calculated by adding prior year base and prior year growth. Since there was actually a shortfall in 2001-02, the 2002-03 base is reduced. VLF growth has also slowed significantly, dropping from a peak of \$9.7 million in 2000 to an estimated \$1.4 million in 2002-03.

The decline in sales tax revenues is an important factor in the stability of the realignment funds going forward. Caseload and cost increases for programs within social services get the first priority when distributing sales tax growth revenue because they are mandated programs for which service must be provided. Since sales tax is down, there is no growth money to pay for the increasing cost of these programs. It is anticipated that in 2004-05 the increased costs in some of the social services programs will require additional county general fund financing.

**III. HIGHLIGHTS OF CHANGES WITHIN THE INDIVIDUAL REALIGNMENT FUNDS**

Within the sections below, trends within the individual realignment fund categories of Mental Health, Social Services, and Health will be reviewed. These realignment budgets provide financing and not direct service. As such, the focus will be on broad expense and revenue trends. For more detailed information regarding departmental usage of realignment funds as it relates to programs and service delivery, please consult the appropriate departmental budget unit.

The Mental Health Realignment fund revenue is composed approximately 2/3 sales tax and 1/3 vehicle license fee. Continued strength in VLF has helped offset some of the declines in sales tax within the Mental Health fund, however, program cuts by the State and significantly increasing costs of salaries and benefits have resulted in climbing departmental use of realignment funds. The actual departmental use shown in the chart above for 2001-02 is skewed lower by about \$11.0 million due to a one-time recognition of revenue within Behavioral Health as a result of GASB accounting rule changes at the end of 2001-02. Given that adjustment projected realignment use by Behavioral Health has still climbed substantially and can not be continued at this pace. In 2004-05, Behavioral Health will be faced with significant budget cuts or will require additional general fund financing to bring ongoing expenditures in line with ongoing revenues.

Revenues for Social Services are primarily (96%) sales tax with minimal VLF. As a result of this dependence on sales tax, the social services revenues have been particularly hard hit by the poor performance of statewide sales tax collection. This unstable revenue source combined with rising demand for services and significant cost increases has caused a quick decline in the Social Services Realignment fund balance. It is probable that in the 2004-05 year the social services programs will require substantial additional general fund support.

Cost increases within social services are a result of climbing caseloads and increased expenditure. Expenditure increases include salary and benefit increases for employees as well as salary and benefit increases for IHSS workers.

Health Realignment is funded approximately 1/3 sales tax and 2/3 VLF. As a result it had greater revenue stability over the last two years as the other funds have been troubled by the downturn in sales tax. Within Health, departmental expenses have been brought into line with ongoing revenues by not providing realignment increases to pay for rising salary and benefit costs. By holding realignment to ARMC and Public Health flat, they have effectively experienced a budget cut due to inflation and the rising costs associated with salaries and benefits. The slight increase in 2003-04 for Public Health reflects of backfill of lost SB90 revenue from the state and is not a true increase.

**REALIGNMENT**

The other programs funded from Health realignment are Medically Indigent Adult (MIA) Payments and Health Care Costs. The MIA budget funds payments to non-county hospitals for treatment of MIA patients. The Health Care Costs budget unit helps pay for the ARMC Lease Payment and the increase in budget for this unit represents greater realignment support for this expense.

The Health Realignment Fund is currently in the best fiscal shape of the three realignment funds. This is primarily the result of the lack of direct impact of state budget cuts on Health overall. Going forward this is not anticipated to continue and given the size of some of the potential cuts to the hospital it is foreseeable that this fund too will experience a significantly declining fund balance in the near future.

Budgetary Note: Financial information presented in this Realignment budget section is consistent with state reporting requirements for the Realignment funds. The state's reporting requirements are not consistent with the county's implementation of GASB 34 as it relates to revenue accrual. As such, within the county's accounting system, an adjustment will be made to show the correct revenues in accordance with the county's accrual procedures. This is a revenue timing issue only as a result of delays by the state in distributing growth revenue.

Contracted	851,906	851,906	950,044	837,843

Variance in 2002-03 is a result of vacant positions due to a high turnover rate that directly impacted revenues.

Workload indicators have changed slightly for the custodial division. Square footage maintained in house has increased mostly due to the addition of West Valley Juvenile Hall. The decrease in contracted custodial square footage is caused by a small portion of West Valley Juvenile Hall that was previously contracted out and is now maintained in house.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**STAFFING CHANGES**

Budget staffing changes include a total reduction of 15.5 positions. Two part time (1.0 budgeted staffing) Building Services Janitors and one Custodian I (1.0 budgeted staffing) were deleted in the Facilities Management Department 4% spend down plan. Two Custodian I positions (2.0 budgeted staffing) and one Supervising Custodian (1.0 budgeted staffing) were deleted as a portion of the 30% Cost Reduction Plan implemented. In addition to these position deletions, the department also deleted one Supervising Custodian (1.0 budgeted staffing), one Custodian I (1.0 budgeted staffing), and reduced funding to 73% of four Custodian I positions (1.1 budgeted staffing) due to a Risk Management Worker's Compensation Experience Modification charge. Per Board direction, 7.4 vacant budgeted Custodian I positions that were not in recruitment were deleted during budget adoption.

Fleet Management's Garage Division provides fuel, maintenance, repair, fabrication and field services for the county's fleet of vehicles and heavy equipment. This includes the warehousing of automotive parts and related road materials to support the fleet operations. All operational costs for these activities and programs of the Garage Division are financed through service rates charged to user departments.

The Garage budget unit is an Internal Services Fund (ISF). As an ISF, any unrestricted net assets available at the end of a fiscal year are carried over to the next fiscal year and are used as working capital and for replacement of fixed assets. Any excess or shortage is incorporated into the rate structure.

**BUDGET UNIT: MOTOR POOL (IBA VHS)**

**I. GENERAL PROGRAM STATEMENT**

Fleet Management’s Motor Pool Division provides for replacement, fuel, maintenance, insurance, overhead, and other operational costs of fleet vehicles. Motor Pool currently has ownership and responsibility for 1,892 automobiles, vans, pickup trucks, and various specialty vehicles assigned to county departments. **BUDGET UNIT: INDIGENT DEFENSE PROGRAM (AAA IDC)**

**I. GENERAL PROGRAM STATEMENT**

State law requires that the courts appoint attorneys, investigators, and necessary defense experts for indigents in criminal cases. Private counsel is typically appointed when the Public Defender's Office has a conflict or is otherwise not available to handle cases. Appropriations for these appointments are included in this trial court indigent defense budget unit. These costs are not eligible for state trial court funding.

The Indigent Defense Program is administered by the Superior Court, with staff that process and monitor accounts payable for the court-appointed defense representation services. There is no staffing associated with this budget unit.

**II. BUDGET & WORKLOAD HISTORY**

	<u>Actual 2001-02</u>	<u>Budget 2002-03</u>	<u>Actual 2002-03</u>	<u>Budget 2003-04</u>

<b><u>Workload Indicators</u></b>				
Felony Appointments	4,500	4,600	3,600	3,800
Misdemeanor Appointments	2,600	2,800	2,300	2,400
Juvenile Delinquency Appointments	2,000	2,300	1,700	1,800

Indigent Defense's actual 2002-03 appropriations and workload are less than budgeted due primarily to the Public Defender's reduction in conflicts while crime statistics were remaining level or increasing slightly. Indigent Defense's budget is directly related to court-appointed services after the Public Defender has conflicted off cases, therefore a decrease in conflicts equates to a reduction in workload and expenditures for Indigent Defense.

Although 2003-04 workload is expected to increase slightly from 2002-03 actual, it is expected that the Public Defender will continue to maintain a low conflict rate so workload indicator estimates are considerably less than 2002-03 budgeted indicators. While caseload is expected to increase slightly, appropriations are expected to decrease due to a planned reduction in investigator/witness air travel, printing services, death penalty investigations, and court-appointed defense attorney services as recommended in the 4% Spend Down and 30% Cost Reduction plans.

**I. GENERAL PROGRAM STATEMENT**

On January 1, 1998, AB 233, the Lockyer – Isenberg Trial Court Funding Act of 1997 went into effect in the State of California. This bill fundamentally changed how the trial courts are funded by transferring primary responsibility for funding the courts to the state, including sole responsibility for funding future growth in court operations costs. However, under AB 233, the costs of locally authorized judicial benefits and costs for facilities remain the responsibility of counties. This budget unit was established in 1997-98 to appropriate funds for those local judicial benefits (designated as other charges in budget) and facilities-related expenses (designated as services and supplies in budget). There is no staffing associated with this budget unit.

**BUDGET UNIT: TRIAL COURT FUNDING – MAINTENANCE OF EFFORT (MOE) (AAA TRC)**

**I. GENERAL PROGRAM STATEMENT**

On January 1, 1998, AB233, the Lockyer – Isenberg Trial Court Funding Act of 1997 went into effect in the State of California. This bill fundamentally changed how the trial courts are funded by transferring primary responsibility for funding the courts to the state, including sole responsibility for funding future growth in court operations costs. In addition, it requires counties to make a capped maintenance of effort (MOE) payment to the state each year for operations of the courts. The MOE contribution is made up of two components: reported 1994-95 county expenses for court operations, plus fine and forfeiture revenue sent to the state in 1994-95. Under the bill, county MOE amounts were established in 1997-98 with certain reductions and adjustments subsequently authorized by the state. Current MOE contribution for expenditure component is \$20,227,102 annually; and for revenues, is \$8,163,193 annually. In return, the state allowed the counties to retain many of those same fines and forfeitures to help fund their MOE payments with the provision that collections that exceed the amount of the revenue MOE be split equally with the state. There is no staffing associated with this budget unit.

**II. BUDGET & WORKLOAD HISTORY**

Local Cost	8,999,554	10,131,014	6,909,216	10,369,214

Variance of actual 2002-03 from budget is due to higher collections of revenues (above the revenue MOE) which is shared equally with the state.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**PROGRAM CHANGES**

Appropriations were increased to reflect higher anticipated payment to state based on projected share of revenue collections above the revenue MOE.

Also, appropriations were shifted to operating transfer category to more accurately reflect anticipated transfer payment to Court special revenue fund associated with 25% of county’s share of collections above revenue MOE.

Variance for 2001-02 actual local cost and 2002-03 budgeted local cost is due to one-time funding in the amount of \$6.4 million that were brought in from trust funds in 2001-02.

Variance for 2002-03 appropriations and revenue from adopted budget represent MOU increases for Attorney, Safety & Safety management, and Supervising Attorney bargaining units; mid-year approval of additional staff and supplies to support additional criminal court as a result of judicial reassignments and Central Court expansion; and miscellaneous revenue reductions for SB90 and grants.

**I. GENERAL PROGRAM STATEMENT**

The Child Abduction Program is required by Chapter 1399, Statutes of 1976, Custody of Minors. The purpose of the program is to prosecute those who criminally abduct children and to return minors to a safe environment. This statute designates the level of service that the District Attorney must provide. This program requires extensive travel nationwide and around the world to return children to the custody of the adult ordered by the court. This program is normally reimbursed by SB 90 (state mandated program reimbursement) funds.

**PROGRAM CHANGES**

On September 10, 2002, the Board of Supervisors accepted the 2002 LLEBG grant in the amount of \$227,544. These funds were originally allocated for 2.0 probation officer positions for drug courts, two jail visitation modules at West Valley Detention Center for attorney/client conferencing, and for further development of the electronic data-sharing project.

As recommended by the Law & Justice Group, on February 4, 2003 the Board reallocated funds from the earlier 2001 LLEBG grant for these three projects in order to spend that funding prior to the end of the 2001 grant period. This made the full amount of the 2002 grant available for the data-sharing project.

The 2001 LLEBG grant was originally allocated to fund a technology project to facilitate information sharing among the Law and Justice Group departments. Due to delays in the technology project, on February 4, 2003 the Board approved the reallocation of the majority of this funding for probation officers for drug courts and two mobile jail units. This budget is adjusted to that anticipated level of activity for 2003-04.

Contingencies of \$7,000 is transferred to purchase radio equipment for Sheriff as recommended by the Law and Justice Group. As all grant funds must be spent by October 24, 2003, the remainder of the contingencies, \$8,000, is transferred to other services and supplies.

Actual 2002-03 appropriations are higher than budgeted as a result of mid-year MOU and salary increases. The department's slight revenue increase is attributable to an increase in Title IV-E and SB933 funding.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**STAFFING CHANGES**

Budgeted staffing has been reduced by 23.4 positions. The 4% Spend Down Plan, included in Base Year Budget, eliminated 1.0 budgeted staff (1.0 Probation Officer). The elimination of funding from various grants and school contracts eliminated 11.0 positions (1.0 Administrative Clerk, 1.0 Clerk II, 1.0 Corrections Officer, 6.0 Probation Officers, 1.0 Public Service Employee, 1.0 Secretary I) while funding from new grants and contracts added 3.6 positions (1.0 Background Investigator, 2.6 Probation Officers. Per Board direction, 15.0 vacant budgeted positions that were not in recruitment were deleted during the budget adoption.

**PROGRAM CHANGES**

Vehicle charges, travel costs, and systems development are expected to increase in 2003-04; however, reductions in temporary help, general maintenance, rents/leases, and training costs combined with a transfer of Risk Management charges to AAA PRN (to cover liability insurance) will decrease service and supplies by approximately \$300,000.

A Federal Community Oriented Policing Services Technology grant was approved in January 2003, which will provide one-time funding for the installation of both an adult and juvenile Case Management system.

On September 10, 2002 the Board of Supervisors and the San Bernardino County Safety Employees' Benefit Association approved a Memorandum of Understanding for the Specialized Peace Officer-Supervisory units.

**PROBATION**

Additionally, the Board of Supervisors approved an amendment to the 2001-04 MOU to provide additional compensation to Probation Division Directors I and II. These increases of \$2,068,606 are reflected in the local cost.

The Administration/Community Corrections Bureau agreed to decrease Salaries/Benefits (\$170,000), decrease services and supplies (\$105,000) and increase revenues (\$568,283) as part of the 4% Spend Down Plan. Additionally, \$60,000 of local cost (1.0 Corrections Officer) was deleted in response to the 30% Cost Reduction plan.

**BUDGET UNIT: COURT-ORDERED PLACEMENTS (AAA PYA)**

**I. GENERAL PROGRAM STATEMENT**

Juveniles are committed to the California Youth Authority or placed in group homes to facilitate their rehabilitation. The county is required to pay costs of support for those minors not eligible for state or federal reimbursement programs. Appropriations are located in an independent budget to present a clear picture of expenditures and to separate the ongoing operations of Administration/Community Corrections from those over which the department has little control. There is no staffing associated with this budget unit.

The department continues its efforts to reduce ordered placements by increasing options available in the community through day reporting centers, enhancing special supervision programs, and providing for detention options which are funded through the Crime Prevention Act 2000.

<b><u>Workload Indicators</u></b>				
Average Monthly Non-CALWORKS				
Private Placements	15	15	9	15
Average Monthly CYA Commitments				
New and Existing	531	540	446	431

In 2001-02, an average of 531 wards were held in California Youth Authority facilities monthly due primarily to prior aggressive court sentencing practices. When a ward is committed to the California Youth Authority, the sentence must be completed unless reversed by court order.

Less aggressive sentencing practices, combined with many wards completing their terms, resulted in a decrease in average monthly commitments in 2002-03, and consequently a decrease in 2002-03 year end appropriations. In addition, the 2002-03 budget included fee increases from the California Youth Authority, which did not materialize in 2002-03.

The 2002-03 commitment level is expected to increase slightly in 2003-04. In addition, the state will be enacting the sliding scale fee system which will increase fees by approximately 10%-20%. The anticipated fee increase (conservatively estimated at 10%) combined with the expected population growth accounts for the increase in appropriations. If fees increase over 10%, the department may require a mid-year increase in appropriations.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**PROGRAM CHANGES**

Due to the implementation of new processes and through careful monitoring the departments has reduced the number of CYA commitments and has decreased the length of time wards stay in foster care. These changes enabled the department to decrease local cost by \$446,600 as part of the 4% Spend Down Plan.

In addition, based on the anticipated 2003-04 placements, state institutional costs have been decreased \$500,000. As previously mentioned, if fees increase over 10%, the department may require a mid-year increase in appropriations.

Actual 2002-03 appropriations are less than budgeted due in part to the delay in the opening of the West Valley Juvenile Detention and Assessment Center. The 2002-03 Budget was developed with an estimated opening date of October 2002 for the center; however, the facility did not open and operate at full capacity until December 2002. In addition to salary savings, the delayed opening of the facility provided savings in clothing & personal supplies, utilities, laundry & dry-cleaning, and general household expenses. Further salary savings were realized from the department's self-imposed and the county-imposed hiring freezes. Additional savings were also realized from the postponement of vehicle purchases.

Although the average daily population at all juvenile facilities is expected to decline from prior budget, appropriations will increase due to full year funding of the West Valley facility, increased MOU and retirement costs, and mid-year salary adjustments for Probation Division Directors and Specialized Peace Officers.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**STAFFING CHANGES**

Base budget includes the reduction of 16.0 budgeted staff due to the elimination of the Challenge Grant (7.0 Probation Corrections Officers, 2.0 Probation Night Custody Officers, 2.0 Supervising Probation Officers, 1.0 Probation Officer II) and the 30% Cost Reduction Plan (2.0 Probation Division Directors, 1.0 Automated Systems Tech, 1.0 Clerk II). Although budgeted staff decreased, salaries and benefits increased as a result of full year funding for West Valley Juvenile Hall; salary increases for Specialized Peace Officers and Probation Division Directors; increases in MOU and retirement costs; and increases in indemnification and overtime costs. Per Board direction 25.0 vacant budgeted positions that were not in recruitment were deleted during the budget adoption.

**PROGRAM CHANGES**

Service and supplies decreased significantly due to reductions in food/laundry services, inventorable equipment, training, maintenance, and improvements; however, charges for Risk Management Liability costs for facilities have been transferred to this budget unit from Probation's Administration and Community Corrections budget unit (AAA PRB), which partially offset the savings.

State revenue is expected to decrease as a result of the elimination of the Challenge Grant, a decrease in Standards and Training for Corrections state funding, and a decrease in meal claims due to the anticipated population decrease.

**BUDGET UNIT: ASSEMBLY BILL 1913 (AAA PRG)**

**I. GENERAL PROGRAM STATEMENT**

Assembly Bill 1913 (Schiff-Cardenas Crime Prevention Act 2000) was signed by Governor Davis on September 7, 2000. AB1913 annually allocates state resources to fund programs that address juvenile crime prevention needs within the county. A Juvenile Justice Coordinating Council (JJCC) develops and recommends programs for funding, as well as develops the Comprehensive Multi Agency Juvenile Justice Plan (CMJJP), which identifies and addresses gaps in service to juvenile offenders and their families throughout San Bernardino County. The county anticipates receiving approximately \$5.9 million in 2003-04, which will be used to provide programs for local youth. The programs funded include: Day Reporting Centers; the House Arrest Program; the Let's End Truancy Program; the School Probation Officer Program; the SUCCESS Program; and the Preventing Repeat Offenders Program.

Appropriations for these programs occur in this budget unit and are reimbursed by funds maintained in a special revenue fund (SIG). All funds received by the county must be encumbered in the fiscal year received; however, the county has an additional fiscal year to spend the funds.

**II. BUDGET & WORKLOAD HISTORY**

GASB 34 prompted an accounting change in 2002-03 which designates that grant funding be shown as reimbursements rather than revenue. Consequently, budgeted and actual revenues have significantly decreased from 2001-02. Budgeted revenues represent state funds received to defray costs for Probation Officers assigned to local schools.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**STAFFING CHANGES**

The termination of funding from various school contracts eliminated 5.0 Probation Officer II's, while the additions of two new contracts added 2.0 Probation Officer II's.

Per Board direction 3.0 vacant budgeted positions that were not in recruitment were deleted during budget adoption.

Although budgeted positions declined by a net loss of 6.0 budgeted positions, salaries and benefits expense increased as a result of salary increases for Specialized Peace Officers and Probation Division Directors and increases in MOU and retirement costs. These increases are not local cost and are intended to be funded with grant monies. Since grant funding may decrease, the additional salary costs will be paid by decreasing service and supplies appropriations.

**PROGRAM CHANGES**

The department will continue the funding of the Day Reporting Centers which provide a structured environment throughout the day for youth on a regional basis; the House Arrest Program, which provides an intensive supervision program for minors awaiting disposition by the court; the Let's End Truancy Program, which allows Deputy District Attorneys to become, involved in school truancy programs; the School Probation Officer Program which funds on site Probation Officers at local schools; and the SUCCESS Program, which provides intensive supervision to minors who are wards of the court while they remain in the community with their families.

**PROBATION**

In addition, the department will begin the Preventing Repeat Offenders Program, which is aimed at reducing crime among the small group of juvenile offenders who may be at greatest risk of becoming serious repeat offenders.

**BUDGET UNIT: JUVENILE JUSTICE GRANT PROGRAM (AB1913)  
(SIG PRG)**

**I. GENERAL PROGRAM STATEMENT**

Assembly Bill 1913 (Schiff-Cardenas Crime Prevention Act 2000) was signed by Governor Davis on September 7, 2000. This Bill allocated \$121.0 million to counties on a per capita basis to be spent on prevention and intervention of juvenile crime. San Bernardino County's share in 2000-01 was just over \$5.9 million to fund programs during 2000-01 and 2001-02. Additional funding of \$5.8 million was provided during 2001-02 for expenditures through June 30, 2003; and \$5.9 million was received in 2002-03 for expenditures through June 30, 2005. In accordance with state law, a Juvenile Justice Coordinating Council (JJCC) was formed to develop and recommend programs for funding. Programs are approved by the Board of Supervisors and the California Board of Corrections. When spending plans for these programs are developed, the Board of Supervisors approves appropriations in the affected county department budgets. Departments then seek reimbursement from this special revenue fund. At this time, the county departments that are receiving reimbursement are Probation and the District Attorney's Office. There is no staffing associated with this budget unit.

Because this funding source was originally a trust fund, no budget was developed for 2001-02. During March 2002, this funding source was transferred to a special revenue fund, as required by GASB 34.

**I. GENERAL PROGRAM STATEMENT**

The Public Administrator is required by law to take charge of the property of persons who have died when no executor or estate administrator has been appointed. By court appointment, the Public Guardian acts as conservator of any individuals found to be gravely disabled or to lack capacity to manage their finances and provide for their own care. The Coroner investigates deaths to determine the cause and clarify all circumstances surrounding or pertaining to the manner of death.

The 2002-03 budget was increased mid-year by \$131,200 from contingencies due to MOU increases for Specialized Peace Officers. Unanticipated temporary help needs, maintenance charges, risk management charges, and maintenance costs and upgrades of software required additional appropriations that were funded by unexpected Targeted Case Management (TCM) revenues. Some salary savings were realized from a vacancy in a chief deputy position and delays in filling vacancies. An additional \$124,000 was received in TCM revenues along with increased collections in coroner fees, estate fees, and other current service, which helped to offset the loss of \$84,000 in state SB90 reimbursement.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**STAFFING CHANGES**

Included in base budget was the deletion of 4.0 positions (2.0 Deputy Coroner Investigators, 1.0 Clerk IV, and 1.0 PSE/Contract position) as the result of the 4% Spend Down and 30% Cost Reduction Plans.

A new project administrator position was added to maximize reimbursements, funded by new federal Targeted Case Management and MediCal Administrative Activities revenues. As the result of a policy request, a new staff analyst position was added to monitor the continued contract for body transportation for the next two years until an in-house unit could be established. Additionally, budgeted units for several positions were reduced slightly by 0.4, resulting in a total net decrease from 2002-03 of 2.4 budgeted staffing.

**PROGRAM CHANGES**

The final budget provided for an overall net increase of \$97,000 in current service revenues: PA/PG estate fees (+\$30,000) Coroner report fees (+\$3,000), new and increased fees (+\$29,000), and other services (+\$35,000). A new source of revenue, federal TCM, was identified mid-year in 2002-03 and is projected to be \$280,000 for 2003-04. Another new revenue, federal MediCal Administrative Activities (MAA) is expected to provide as much as \$423,000, which offsets the loss of \$84,000 in state SB90 reimbursement and funds increased body transportation contract and background investigation costs.

Juvenile Delinquency Appts.	3,917	4,200	4,094	4,100
Juvenile Dependency Appts.	1,069	1,150	1,187	-

Actual 2002-03 appropriations are higher than budgeted as a result of base-year and mid-year MOU and salary increases.

The Public Defender anticipates slight increases in Felony, Misdemeanor, and Juvenile Delinquency Appointments due to an increase in the county’s crime rate. Juvenile Dependency Appointments were eliminated since the Juvenile Dependency WIC program contract was awarded to a private law firm.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**STAFFING CHANGES**

Budgeted staffing has decreased by a total of 6.0 positions mainly as a result of the 4% Spend Down plan and the court awarding the Juvenile Dependency program WIC contract to a private law firm. Three Deputy Public Defenders were eliminated in the 4% Spend Down plan. The elimination of the Dependency Unit decreased 6.0 budgeted staff (1.0 Social Service Practitioner, 4.5 Deputy Public Defenders, 0.5 Secretary): while the Central Courthouse reorganization added 3.0 budgeted staff (1.0 Assistant Public Defender, 2.0 Deputy Public Defenders).

**PROGRAM CHANGES**

Professional and specialized services are expected to increase as a result of the anticipated growth in felony and misdemeanor appointments. The increase will be partially offset by decreases in equipment maintenance and general office expense.

2003-04 budgeted revenue will decrease significantly due to the suspension of SB90 funding and the termination of a state funded grant. These changes have correspondingly increased local cost.

**BUDGET UNIT: SHERIFF (AAA SHR)**

**I. GENERAL PROGRAM STATEMENT**

The Sheriff acts as chief law enforcement officer of the county, providing a full range of police services throughout the unincorporated area and 14 cities that contract with the county for law enforcement services.

The general law enforcement mission is carried out through the operation of 15 county stations and centralized services including crime investigations, a crime laboratory and identification bureau, central records, communication dispatch and aviation division for general patrol and search and rescue activities. The Sheriff also contracts with the Courts to provide security and civil processing. The Sheriff manages three major detention facilities: the Central Detention Center; Glen Helen Rehabilitation Center and the West Valley Detention Center. The department also operates a regional law enforcement training academy and emergency driver training facility.

Variance from adopted budget is mainly due to receipt of Supplemental Law Enforcement Special Fund (SLESF) in the amount of \$1,185,052, the California Law Enforcement Equipment Program (CLEEP) for \$310,469, the IRNET grant from the Office of National Drug Control Policy for \$675,000, amendments to law enforcement contracts, and various state grants that were not included in the 2002-03 budget and approved as mid-year items resulting in increased appropriations and revenues.

**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)**

**STAFFING CHANGES**

Budgeted staffing has been reduced by a net 12.5 positions. Staffing changes include the following approved as mid-year items during 2002-03: 1.0 Deputy Sheriff for the City of Adelanto; 2.0 Deputy Sheriffs for the City of Apple Valley; 2.0 Sergeants, 1.0 Deputy Sheriff and deletion of 1.0 Detective for the City of Chino Hills; 1.0 Deputy Sheriff for the City of Highland; 6.0 Deputy Sheriffs for the City of Rancho Cucamonga; 2.0 Deputy Sheriffs for the City of Victorville; and deletion of 1.0 Detective and 1.0 Clerk II for the City of Needles; 1.0 Detective for enforcement of Megan's Law; 1.0 Staff Aide and 1.0 Nursing Supervisor for Inmate Welfare; and 1.0 Clerk II for Cal-ID program.

## **SHERIFF**

In addition to Board approved mid-year items, 22.0 positions were not funded due to 4% Spend Down Plan and a net decrease of 2.8 budgeted positions was due to a technical correction and elimination of multiple Public Service Employee (PSE) positions which were deleted as part of the department's PSE Correction Plan and replaced with either regular or recurrent positions as needed. Also, 12.0 technical positions which were included in policy item request were not funded.

Per Board direction 8.7 vacant budgeted positions that were not in recruitment were deleted during budget adoption. Also, as part of the 2003-04 budget hearings funding was approved for 17.0 technical positions that were previously funded by COPSMORE grant.

### **PROGRAM CHANGES**

The Sheriff's Department projected a \$280,000 shortfall in Peace Officer Standards of Training (POST) reimbursement for mandatory law enforcement training of county personnel and related expenditures caused by an anticipated 40% decrease in State funding. Subsequent to adoption of the county budget, the state indicated that this program will not be decreased.

The department is expecting a \$497,332 increase in reimbursements from the Probation Department for food and laundry services provided to the West Valley Juvenile Hall. The new juvenile facility was opened last year. The Sheriff's Food Services personnel provide meals for both wards and Probation staff. Laundry services are also provided by West Valley Detention Center personnel. By utilizing existing personnel and equipment in the Sheriff's detention system, the county is saving considerable personnel and equipment cost.

The aviation law enforcement contract with the City of Fontana was terminated during 2002-03 resulting in a decrease of \$200,000 in current services revenues budget. The corresponding expenditure savings is not yet determined at this time. The Aviation operation still patrols the unincorporated areas of Fontana and vicinity.

The new Inter-governmental agreement with US Marshal Services for incarceration of federal inmates at Central Detention Center allows the department to submit separate charges for prescription medication, previously included in the daily housing rate. Traditionally, only minor prescription medication such as pain relievers, are provided to inmates. An increasing number of federal inmates, with prescriptions ordered by medical practitioners from the US Marshal detention system, are being transferred to Sheriff's facilities. This significantly increased the overall housing costs of inmates. The department estimates \$1.5 million in actual cost of medication to be fully offset by US Marshal revenue in 2003-04.

The cost of psychotropic medications for inmates, in the amount of \$1.3 million, previously included in the Sheriff's budget, has been identified as an appropriate cost for which funding in the Behavioral Health budget unit is available. Therefore, these costs are removed from the Sheriff's budget along with a reduction in local cost.

## OVERVIEW OF BUDGET

DEPARTMENT: IN-HOME SUPPORTIVE SERVICES PUBLIC AUTHORITY  
ADMINISTRATOR (INTERIM): MARY SAWICKI  
BUDGET UNIT: RHH 498

### I. GENERAL PROGRAM STATEMENT

The In-Home Supportive Services (IHSS) Program was created in 1973 to serve elderly, blind, or disabled individuals who are not able to remain in their homes without assistance. Section 12302.25 of the Welfare and Institutions Code mandate that each County, on or before January 1, 2003, must act as, or establish an employer of record for the IHSS providers for collective bargaining purposes. The IHSS Public Authority was established to comply with that mandate.

### II. BUDGET & WORKLOAD HISTORY

	<u>Actual</u> <u>2001-02</u>	<u>Budget</u> <u>2002-03</u>	<u>Actual</u> <u>2002-03</u>	<u>Budget</u> <u>2003-04</u>

Fund Balance		-		1,352,546
Budgeted Staffing		14.0		16.0

Actual 2002-03 expenses were \$1,030,060 under budget. Cost savings were realized in leased facility cost and full staffing was not achieved until March 2003.

### III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

#### STAFFING CHANGES

Net increase in 2.0 budgeted positions. Added 2.0 IHSS Assistants due to workload needs.

#### PROGRAM CHANGES

An Emergency Respite Service program is being added to assist IHSS clients whose IHSS care-provider becomes suddenly unavailable. The cost and description (24 Hour Emergency Service) of this service was not correctly stated in the 2002-03 budget. The anticipated cost and description is accurately stated in the 2003-04 budget.

Medical benefits will be provided to a limited number of eligible IHSS providers in 2003-04. On January 14, 2003 the IHSS Board of Directors approved an MOU between the IHSS employees union and the Public Authority, which provided for 1) a wage increase and, 2) an annual amount not to exceed \$1.0 million in local share to fund health care benefits for eligible providers. The Board of Supervisors approved the appropriations and revenues in Item 65 on January 14, 2003.

Total appropriations and revenue budgeted for health care benefits in 2003-04 are \$4,545,455. Federal and State reimbursement will cover approximately 78% of total expenditures (\$3,545,455) for health care benefits. The remaining 22% (\$1,000,000) is local share. The local share will be funded with Social Services Sales Tax (Realignment).

The Public Authority will pay health care benefits. Claims for state/federal reimbursement (approximately 78%) are filed quarterly with the state and will be reimbursed through this budget unit. The remaining local share will be provided through operating transfers from the HSS Administrative budget.

**OVERVIEW OF BUDGET**

**DEPARTMENT: REDEVELOPMENT AGENCY  
REDEVELOPMENT ADMINISTRATOR: JOHN NOWAK**

The Redevelopment Agency of the County of San Bernardino was established in 1980 under the California Community Redevelopment Act. Although a study was made at that time to assess the feasibility of establishing one or more redevelopment project areas, no projects were created. However, the proposal to build a speedway on a portion of the site once occupied by the Kaiser Steel Plant near Fontana stimulated new interest in redevelopment. As a result of that interest, in 1995 the entire former Kaiser site and other blighted industrial property in its vicinity were incorporated into a project called the San Sevaine Redevelopment Project. The major objectives of the project are to encourage private sector investment in the development and redevelopment of the area by removing impediments to growth, eliminating and/or preventing the spread of blight and deterioration, and correcting infrastructure deficiencies.

In 1993 the Victor Valley Redevelopment Project was established for the purpose of providing economic development to the former George Air Force Base. The Project Area was a joint project of the Cities of Adelanto, Hesperia, Victorville, the Town of Apple Valley, and the County of San Bernardino. The Project is under the direction of the Victor Valley Economic Development Authority (VVEDA) and is administered by the City of Victorville. The county receives a portion of the tax increment generated within the unincorporated area of the project, which is accounted for in two new budget units created for 2003-04.

The following are the budget units that the Redevelopment Agency oversees:

	<b>2003-04</b>

**BUDGET UNIT: DEBT SERVICE FUND (DBR RDA)**

**I. GENERAL PROGRAM STATEMENT**

This debt service fund was established to account for the accumulation of net tax increment revenue and the payment of long-term debt from general tax increment collection. On January 25, 2000, the Board approved issuance of approximately \$20.0 million in tax allocation bonds. The proceeds from the sale of these bonds are used to finance infrastructure improvements within the San Sevaine Project Area and a senior apartment development. There is no staffing associated with this budget unit.

Fund Balance		954,827		974,324

Actual expenditures for 2002-03 are \$539,465 less than budgeted due to the debt service reserve of \$936,955 not being expensed during the year; the actual tax allocation bond payment being less than budgeted by \$158,568, due to interest on the reserve held by the trustee; and operating transfers out being greater than budgeted by \$556,058, due to the actual tax increment revenue being more than budgeted.

Actual revenue for 2002-03 is \$434,860 greater than budgeted due to the actual tax increment revenue being more than budgeted.

AUTHORITY-HOUSING (VVEDA-Housing) (MPW 644)**

**I. GENERAL PROGRAM STATEMENT**

This budget unit is being established to account for the county's administrative and operational costs related to housing set aside fund generated through the redevelopment of the George Air Force Base. While the City of Victorville administers the general program under a joint powers agreement, the county receives a portion of the tax increment generated in the redevelopment area, of which 20% is set aside for affordable housing. These funds may be expended in any unincorporated county area. There is no staffing associated with this budget unit.
