June 2012

I hereby submit the 2012-13 Special Districts Adopted Budget, guided by the Countywide Vision. The budgets contained in this book are for the Board-governed special districts managed through the Special Districts Department, the San Bernardino County Fire Protection District (County Fire), the Public Works Department (San Bernardino County Flood Control District) and the County Airports Department (CSA 60 – Apple Valley Airport). The budget totals \$405.2 million and lays the framework to achieve the “complete county” by allocating resources to achieve Board priorities and objectives. The 2012-13 Special Districts Adopted Budget has been balanced and is consistent with policy direction received from the Board of Supervisors. No reserves are being used to fund ongoing costs.

THE BUDGET IN BRIEF

This budget book presents special revenue funds, capital project funds, internal service funds, enterprise funds, and reserves. The total spending authority for these funds in 2012-13 is \$405.2 million.

2012-13 HIGHLIGHTS

- Property Taxes – Budgetary property tax revenues for 2012-13 were adjusted based on the current year's property tax and special assessment collections and reflects a 1% decrease for County Fire, approximately a 2.5% decrease for Special Districts, and 2% decrease for Flood Control.
- Fee Adjustments – Proposition 218 notices were sent to all Special District water and sewer ratepayers regarding fee increases and the 2012-13 Adopted Budget reflects an overall increase in related revenue of 7%. New fees and adjustments to existing fees based on program changes and/or increases in operating expenses were also approved for 2012-13 for County Fire and Special Districts. However, based on current trends and due to the uncertainty of fee revenue, the 2012-13 Adopted Budget does not reflect revenue increases associated with these fees for County Fire and Special Districts with the exception of the Water and Sanitation Districts.
- County General Fund Support – Support to County Fire for 2012-13 is \$17.5 million, a 37% increase in an effort to sustain acceptable service levels. The County general fund now supports 14% of County Fire discretionary spending authority.
- Staffing Changes – Overall net increase of 28 positions for County Fire is due to the implementation of a countywide Limited Term Firefighter Program which replaced all full-time coverage Paid Call Firefighters. The net decrease of 10 positions for Special Districts and three positions for San Bernardino County Flood Control District had no impact on operations.
- Service Level Changes – Current service levels for Special Districts will be maintained, however, County Fire will have a reduction in service levels and service delivery will be impacted as a result of the transitioning of two full-time fire stations to a paid call status for an annual \$366,000 savings.

The 2012-13 Adopted Budget workbook is presented by department in the following order: San Bernardino County Fire Protection District, Special Districts Department (including CSA 60 – Apple Valley Airport), and the San Bernardino County Flood Control District. The adopted operating budgets within each department are followed by sections on Capital Improvement Projects and Reserves and Equipment Budget Detail.

COUNTY OF SAN BERNARDINO SPECIAL DISTRICTS

The 2012-13 Special Districts Adopted Budget covers the period from July 1, 2012 – June 30, 2013. The budgets contained in this book are for the Board-governed special districts managed through the Special Districts Department, the San Bernardino County Fire Protection District (County Fire), the Public Works Department (San Bernardino County Flood Control District) and the County Airports Department (CSA 60 – Apple Valley Airport). The budget consisting of the special revenue funds, capital project funds, internal service funds, and enterprise funds has a total spending authority of \$405.2 million. Each department is responsible for operating within their budget and has the authority to spend up to the approved budget.

When developing their individual budgets, each department considers the following mission, vision, and goals of the County of San Bernardino:

Mission Statement

The mission of the government of the County of San Bernardino is to satisfy its customers by providing service that promotes the **health, safety, well-being, and quality of life** of its residents according to the County Charter, general laws, and the will of the people it serves.

Countywide Vision Statement

The following Countywide Vision statement, was adopted on June 30, 2011, by the County Board of Supervisors and the San Bernardino Associated Governments (SANBAG) Board of Directors.

We envision a complete county that capitalizes on the diversity of its people, its geography, and its economy to create a broad range of choices for its residents in how they live, work, and play.

We envision a vibrant economy with a skilled workforce that attracts employers who seize the opportunities presented by the county's unique advantages and provide the jobs that create countywide prosperity.

We envision a sustainable system of high-quality education, community health, public safety, housing, retail, recreation, arts and culture, and infrastructure, in which development complements our natural resources and environment.

We envision a model community which is governed in an open and ethical manner, where great ideas are replicated and brought to scale, and all sectors work collaboratively to reach shared goals.

From our valleys, across our mountains, and into our deserts, we envision a county that is a destination for visitors and a home for anyone seeking a sense of community and the best life has to offer.

The County and SANBAG are now committed to facilitating discussions centered on how each of the ten following core vision elements can be effectively focused to implement the Countywide Vision for a complete community – one that affords all citizens an opportunity for healthy lifestyles, strong public safety and quality amenities. These discussions involve diverse stakeholders representing residents, employers, educators, community and faith-based organizations, and government.

- Jobs and the Economy
- Education
- Healthcare
- Public Safety
- The Environment
- Housing
- Water
- Infrastructure
- Image
- Quality of Life

Employee groups were established to organize internal Vision Element meetings and to develop a Paradigm and Job Statement that would define County government's role in achieving the Countywide Vision. The internal Vision Element meetings were conducted in October and November 2011. On April 10, 2012, the County Board of Supervisors approved the Paradigm and Job Statement. The Paradigm states that the County shall take responsibility for ensuring that efforts to achieve the Countywide Vision will be pursued, and the Job Statement simply states, "Our job is to create a county in which those who reside and invest can prosper and achieve well-being." The first two Regional Implementation Goals developed through the Countywide Vision process focus on cradle-to-career assistance and creating a business-friendly environment. These goals were developed by external Vision Element groups and were jointly adopted by the County Board of Supervisors and the SANBAG Board on May 2, 2012. The Countywide Vision statement, report and related documents are available for review at www.sbcounty.gov/vision.

2012-13 Countywide Goals

- Implement the Countywide Vision
- Create, Maintain, and Grow Jobs and Economic Value in the County
- Improve County Government Operations
- Operate in a Fiscally-Responsible and Business-Like Manner
- Ensure Development of a Well-Planned, Balanced, and Sustainable County
- Maintain Public Safety
- Provide for the Health and Social Services Needs of County Residents
- Pursue County Goals and Objectives by Working with Other Governmental Agencies

The 2012-13 Adopted Budget book includes prior year accomplishments, departmental strategic goals, objectives, and performance measures, which demonstrate how departments meet their overall departmental mission as well as the global mission of the County.

BUDGET PLANNING CALENDAR

ONGOING

Policy Direction - The Board of Supervisors provides ongoing policy direction to the Chief Executive Officer.

Significant Budgetary or Programmatic Impacts – Significant budgetary or programmatic changes and potential impacts are immediately communicated to the County Administrative Office and the Board of Supervisors to allow for timely decision-making and policy direction.

Year-End Estimates - Departments provide year-end estimates of revenues and expenditures to Finance and Administration on a monthly basis and any significant changes are addressed timely.

Quarterly Budget Reports - Each quarter the County Administrative Office brings an agenda item to the Board of Supervisors requesting modification to the adopted budget. These quarterly budget adjustments serve as a management tool to help each department assess the current environment, and anticipate and respond appropriately to that environment. In addition, the quarterly budget adjustments provide the Board of Supervisors with the most current information on county department revenues (sources) and appropriation (requirements) with which to base decisions, and serve as a guideline to lead the County in preparing the upcoming budget.

OCTOBER THROUGH DECEMBER

Fee Development – Departments develop their recommended fee changes for the upcoming budget year and submit them to Finance and Administration for review and recommendation to the Chief Executive Officer, and to the Board of Supervisors for final approval. For 2012-13, Finance and Administration required departments to compute their full cost of service, capturing both direct and indirect costs associated with fees. Departments were able to provide an alternate fee amount for the Board of Supervisors, if based on their knowledge, implementation of a full cost fee would not be beneficial.

JANUARY AND FEBRUARY

Five-year Operating Forecast – Finance and Administration develops a five-year operating forecast of financial operations for general fund programs, projecting major revenues (sources) and expenditures (requirements), based on current service levels and expected future changes to those programs or service levels. The analysis includes the identification of trends, significant impacts, and recommendations, which are presented to the Chief Executive Officer for recommendation to the Board of Supervisors for final approval.

Budget Prep System – The in-house budget system is updated for changes in the various Memorandums of Understanding between the county and the various employee representation units.

MARCH AND APRIL

Budget Prep System – The system is opened up for departmental input in preparation of the budget submittal and internal training is conducted for all users of the system.

Strategic Plan – The upcoming five-year strategic plan is developed based on revenue projections and estimates for cost increases of ongoing costs for the five years. This plan includes the allocation of discretionary general funding (net county cost) and provides estimates of any remaining funding or shortfall needed to maintain current services.

Preparation of Adopted Budget – Departments develop their respective Adopted budgets and submit them to Finance and Administration for review, and to the Chief Executive Officer for recommendation, and to the Board of Supervisors for final approval.

MAY AND JUNE

Fee Hearing – The Board of Supervisors conducts a public hearing on the Recommended Fee changes for the upcoming fiscal year. Approved fee changes are included in the Recommended Budget submittals to the Board of Supervisors.

Submission of Recommended Budget – The Adopted Budget Book is finalized and presented to the Board of Supervisors. The County Administrative Office publishes notices and schedules public hearings to discuss the Recommended Budget.

Budget Hearing and Adoption of Adopted Budget – The Board of Supervisors conducts a public hearing on the Recommended Budget. At this time, the Board may modify the Recommended Budget. All Board approved changes are incorporated into the Adopted Budget.

JULY THROUGH SEPTEMBER

Budget Prep System – Finance and Administration makes adopted budget changes to the Budget Prep System for items approved by the Board of Supervisors, including final fund balance adjustments.

Preparation of Adopted Budget Book – Finance and Administration updates the Recommended Budget Book to reflect adopted changes.

Budget Process

Special Districts has special revenue funds, capital project funds, internal service funds and enterprise funds. All of these funds are restricted to the revenue sources they receive. Each department having these types of funds is responsible for developing its budget based on the revenue (sources) available to them. These sources include projected revenue to be collected in 2012-13 and any revenue not spent and carried forward from prior years (for example, fund balance for special revenue funds). These budgets will be discussed during the Budget Hearing. When the Board of Supervisors approves the adopted budget, they will also approve the necessary fund balance adjustments to special revenue funds to agree to the Auditor-Controller/Treasurer/Tax Collector's actual fund balance.

Amending the Adopted Budget

An operating budget is adopted each fiscal year for all Governmental Funds. Expenditures are controlled at the appropriation unit level within budget units for the county. Any increases in appropriation in a budget unit after adoption of the adopted budget will be submitted on a quarterly budget report placed on the agenda of the Board of Supervisors and a four-fifths vote is necessary for approval.

Transfers of appropriation within the same budget unit may be approved by the County Administrative Office depending upon the appropriation unit, unless noted below:

Transfers of Salaries and Benefits Appropriation:

- Transfers out require Board of Supervisors approval and should be included in a quarterly budget report.

Transfers of Fixed Asset Appropriation:

- Transfers in and out among the different fixed asset appropriation units are approved by the County Administrative Office as long as the total fixed asset appropriation does not increase.
- Transfers out of Fixed Asset Appropriation-
 - Transfers out increasing a non-fixed asset appropriation unit within individual Capital Improvement Program (CIP) project budgets are approved by the County Administrative Office as long as the total project budget does not increase.
 - Transfers out increasing a non-fixed asset appropriation unit are required to be included in the quarterly budget reports for Board of Supervisors approval, except within the CIP, as detailed above.
- Transfers in of Fixed Asset Appropriation-
 - Transfers in from a non-fixed asset appropriation unit to fund a unit value less than \$10,000 may be approved by the County Administrative Office.
 - Transfers in from a non-fixed asset appropriation unit to fund a unit value of \$10,000 or more are required to be included in the quarterly budget reports for Board of Supervisors approval.

Transfers impacting Operating Transfers Out Appropriation:

- Any changes to Operating Transfers Out are required to be included in the quarterly budget reports for Board of Supervisors approval.

BUDGET BOOK FORMAT

Budget units presented in this book are displayed at a fund/department level. Although some departments incorporate additional organizational levels when developing their budgets, the fund/department level of presentation was selected to provide consistency between all budget units. A sample of the departmental budget format is included in this overview.

MISSION STATEMENT

San Bernardino County Fire is a community based all risk emergency services organization dedicated to the health and well-being of the citizens of San Bernardino County through a balance of regionalized services delivery and accountability to the local community.

ORGANIZATIONAL CHART

2010-11 AND 2011-12 ACCOMPLISHMENTS

- Created and implemented a fully functional hand crew for purposes of wild land firefighting.
- Initiated discussions with the Sheriff/Coroner/Public Administrator (Sheriff) to create additional wild land firefighting crews with the use of Sheriff's work release program participants.
- Fully implemented Emergency Medical Dispatch.
- Accepted a grant award in the amount of \$300,338 from the Assistance to Firefighters Grant for the purpose of purchasing a Firefighter Accountability System and 250 replacement turnout gear.
- Reduced expenditures related to unnecessary electronic communication by \$127,400 including, but not limited to, eliminating non-essential desk phones, mobile phones, pagers, radios, as well as auditing phone bills and more efficient application of phone plans.
- Reduced number of vehicles resulting in \$85,000 annual service costs.
- Completed on schedule the \$3.15 million American Recovery and Investment Act of 2009 (ARRA) grant funding for forest fuels management operation project work.
- Obtained approval of \$267,422 grant for California Environmental Reporting System Grant to assist small business in complying with California regulations related to hazardous materials.
- In collaboration with the Sheriff's Office, obtained \$31,000 agreement with State Fire Marshal's Office to pay for services to dispose of ash from the destruction of illegal fireworks.
- Secured \$233,982 in grant funding from Federal Emergency Medical Agency (FEMA) through California Emergency Medical Agency (Cal EMA) to initiate the first phase of a program to assist homeowners in replacing flammable wood shake roofs in high fire hazard areas.

- Negotiated agreement with Call-2-Recycle to reduce disposal costs and in turn receive payments for recycling of rechargeable batteries.
- Implemented use of remote field inspection computer data entry improving efficiency during inspection of regulated hazardous materials facilities.
- Obtained San Bernardino County Multi-Jurisdictional Hazard Mitigation Plan and received final approval from FEMA in October 2011. This resulted in County departments becoming eligible for federal mitigation grants.
- Standard Emergency Management System (SEMS) Emergency Operations Center (EOC) Section Specific Training was delivered 28 times in the summer of 2011 with 517 people countywide completing the training.
- The County Community Emergency Response Team (CERT) Program now consists of over 850 members, many of which will join the California Disaster Corps program that was officially kicked-off in the County in November 2011.
- The 2012 Golden Guardian Exercise Series for San Bernardino County included three tabletop exercises specifically to address Cajon Pass Response/Recovery Process, City/Town EOC Management, and Mass Care and Shelter operations.
- An alternate Emergency Operations Center is near completion at the High Desert Government Center in Hesperia, California.
- Entered into a five-year agreement with Southern California Edison (SCE) Company for antenna tower space and cabling space at the Rialto Emergency Operations Center to enhance communication capabilities to representatives of SCE serving the EOC. This will shorten the response time for control and rerouting of electrical utilities during a disaster.

GOALS, OBJECTIVES, AND PERFORMANCE MEASURES

GOAL 1: EXPLORE THE CREATION OF A COMBINED SHERIFF/FIRE AIR RESCUE HELICOPTER PROGRAM.

- Objective A: Research cost basis and legality for a response fee.*
- Objective B: Determine cost basis for actual fees for air ambulance services as they pertain to County.*
- Objective C: Develop a Budget and an Operations Manual for Sheriff/Fire Air Rescue Helicopter Program.*

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target

The San Bernardino County Fire Protection District (County Fire) can dramatically improve service to the citizens of the County with the development of a collaborative Sheriff/Fire Air Rescue Helicopter Program (FAR). In 2012, the Sheriff and County Fire prepared a report that examined the potential creation of a FAR. Upon completion of the report it was clear that the creation of a combined Sheriff/Fire Air Rescue Helicopter Program would be an innovative way to share extremely limited resources during a time of economic difficulty. This report clearly justified the need for establishing this program and also documents the public benefit that would be derived from its implementation. The report contains an initial examination of response data as well as estimates on revenue and appropriations necessary for the operation of the program. The report also determined that the actual fee and the legality of charging a fee needs further refinement and additional examination. The additional research will lead to the creation of a proposed Budget and Operations Manual. Completion of these objectives will provide the information necessary for the Chief Executive Officer and the Board of Supervisors to make an informed decision to proceed. Completion of this process is expected to lead to the successful implementation of an operational FAR beginning with 2013-14.

GOAL 2: CONTINUE TO PURSUE PARTNERSHIP WITH SHERIFF’S OFFICE TO INCREASE EFFICIENCY.

Objective A: Develop Action Plan for Four Work Groups.
Objective B: Implement Operational Activities as Developed in the Plans.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target

2B. Implementation of First Year of Activities Identified in Action Plan.	N/A	N/A	N/A	N/A	25%

In the last several months, the County Fire has been collaborating with the Sheriff’s Office on identifying common operational needs. In so doing, four topical areas were identified as high priority and areas that would maximize public service delivery. These four areas include training, hand crews, airships and a Valley Public Safety Operations Center (PSOC). Once these topical areas were identified and agreed upon, associated Work Groups were created. These work groups are tasked with investigating the opportunities to maximize our inter-Departmental cooperative potential. In the upcoming year these workgroups will develop Action Plans that will describe their objectives and list the activities and organization structure that will be needed to complete their objectives. In the following year, the plans will be implemented.

GOAL 3: DEVELOP AND IMPLEMENT EXPANDED BACKUP FIRE COMMUNICATIONS CENTER AT THE HIGH DESERT GOVERNMENT CENTER IN HESPERIA.

Objective A: Develop an integrated plan with County Architecture and Engineering (A&E) for the implementation of the expanded backup communications Center.
Objective B: Apply for and secure \$300,000 from the 2011 Homeland Security Grant to fund the Computer Aided Dispatch (CAD) and Information Technology (IT) equipment to support the Center.
Objective C: Purchase equipment required to make the Center operational.

The Consolidated Fire Agencies (CONFIRE) Communication Center (Center) functions as the dispatch center for thirteen fire agencies and the County of San Bernardino. The Center processes approximately 112,000 Fire/Emergency Medical Services (EMS) incidents per year and 7,600 local government calls for service. Presently there is not a dedicated backup center for the facility and there is little capacity to handle a substantial increase in workload.

At the direction of the Board of Supervisors, a needs assessment was completed by an outside consultant in 2007 and it was recommended that an additional site be established as an expanded or backup center to be activated when large incidents occur that require the additional capacity and staffing. Space has become available in the High Desert Government Center to move the Sheriff’s Desert Dispatch Center and create an additional center for the CONFIRE Agencies. Construction modifications to the High Desert Government Center are in progress and are expected to be completed in 2012-13. CONFIRE applied for \$385,826 in 2011 Homeland Security Grant monies to fund the backup CAD system for the new center and was awarded \$295,622. The CONFIRE Board of Directors approved funding the remaining \$90,204 out of CONFIRE’s reserves. The procurement and implementation process will begin in July 2012 and is expected to be completed within six months.

GOAL 4: TO INCREASE REVENUE COLLECTED BY AMBULANCE TRANSPORT COST RECOVERY COLLECTION STAFF BY 20% OVER A THREE-YEAR AVERAGE OF COLLECTED REVENUE BEGINNING 2008-09.

Objective A: To increase Cost Recovery collections by 20% in collected revenue based on the average collected over three-year average beginning 2008-09.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Percentage increase of revenue collected from three-year average of \$180,000.	N/A	N/A	20%	0%	20%

During the last quarter of 2010-11, County Fire’s fiscal division underwent a staffing reorganization. The purpose was to focus more on the collection of revenues but still maintain the staff necessary to perform the technical and reporting functions of the Fiscal Division. With the increase in staff, County Fire should have realized an estimated 20% increase in collected Ambulance Transport Cost Recovery Revenue in 2011-12. However, during the second quarter of 2011-12, Fire Administration staff was re-organized which resulted in a loss of one Collection Officer position and another position was vacated. These positions were not replaced until the middle of the fourth quarter resulting in the department’s inability to reach the goal of 20%. Beginning with 2012-13, all Collection Officer positions are filled and it is anticipated that the goal of a 20% increase will be reached. All the collection of this revenue offsets the costs of the County Fire staff and the contract biller to the regions. The more that is collected the less the regions are charged at the end of the fiscal year.

DESCRIPTION OF MAJOR SERVICES

The San Bernardino County Fire Protection District (County Fire) covers 18,353 square miles, operates 63 fire stations and 11 facilities within four Regional Service Zones (Mountain, North Desert, South Desert and Valley), serves 64 unincorporated communities, and the City of Grand Terrace and the Town of Yucca Valley. Additionally, County Fire provides fire protection services to three cities and two independent fire protection districts which include Adelanto, Needles, Victorville, Fontana and Hesperia, respectively. County Fire’s executive management is provided by the Fire Chief, Deputy Chief, Fire Marshal, as well as Division Chiefs and Program Managers.

Budget at a Glance	
Total Expenditure Authority	\$43,163,132

County Fire is an all-risk fire department providing emergency mitigation and management for fire suppression, emergency medical services (paramedic and non-paramedic), ambulance services, hazardous materials (HAZMAT) response, arson investigation, technical rescue including water borne, flooding and mudslide, winter rescue operations, and terrorism and weapons of mass destruction. As part of disaster preparation, response, and mitigation, the Department’s Office of Emergency Services specifically provides support and assistance to the 24 cities and towns, as well as all the unincorporated portions of the County. The field functions are supported by a countywide management system that includes organizational business practices, human resources, financial and accounting services, vehicles services and support, and equipment warehousing and distribution. County Fire also provides for the management of community safety services such as fire prevention, building construction plans and permits, household hazardous waste, Local Oversight Program for hazardous materials, HAZMAT facility inspections, planning and engineering, and public education and outreach.

BUDGET CHANGES AND OPERATIONAL IMPACT

Major appropriation changes include an increase in operating expenses of \$775,537 primarily due to increases in services and supplies, non-inventoriable equipment, and maintenance, an increase in capital expenditures of \$2.3 million to fund the replacement of aging vehicles, other apparatus, and equipment, and a decrease in operating transfers out of \$5.3 million primarily due to a one-time transfer of fund balance to HAZMAT and Household Hazardous Waste in 2011-12. Major revenue changes include a decrease in other revenue of \$929,059 due to a reduction in residual equity transfers in as a result of the fund consolidation that occurred in 2011-12 and vehicle services contract revenue recognized as fee/rate revenue, and an increase in operating transfers in of \$4.4 million due to increased County general fund support for suppression operations and vehicle replacement.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses of \$15.5 million make up the majority of expenditures in this budget unit and fund 114 budgeted positions. These expenses are necessary to provide an adequate level of administrative, finance, and support services including chief officers for department operations in all regional service zones. Additionally, operating expenses of \$6.2 million fund administrative and support services including the costs related to training; equipment and equipment maintenance; warehouse services; vehicle services; and communication services, including dispatch. Capital expenditures of \$3.0 million include County Fire's vehicle, apparatus and other equipment replacement plan. Contingencies of \$4.1 million are the result of prior years' operations and are to fund future operations. Reimbursements of \$13.4 million primarily represent transfers in from the regional service zones, HAZMAT, Household Hazardous Waste, and the Office of Emergency Services to fund administrative and support services functions. Operating transfers out of \$14.3 million primarily includes the distribution of County general fund support to the regional service zones and the Office of Emergency Services.

Expenditures are primarily funded by property taxes of \$6.3 million, fee/rate revenue from contracts, various Fire Prevention fees, health fees, and training revenue of \$1.2 million, and operating transfers in of \$17.8 million which includes County general fund support of \$17.5 million.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing decreased by a net total of 10 positions due to the elimination 2 Battalion Chiefs, 2 Training Captains, 1 Equipment Parts Chaser, 1 Mechanic, 1 Administrative Secretary II, 2 Office Assistant III's, and 1 Payroll Specialist as the result of an administrative cost savings plan. The operational impact of the changes is minimal.

Mountain Regional Service Zone

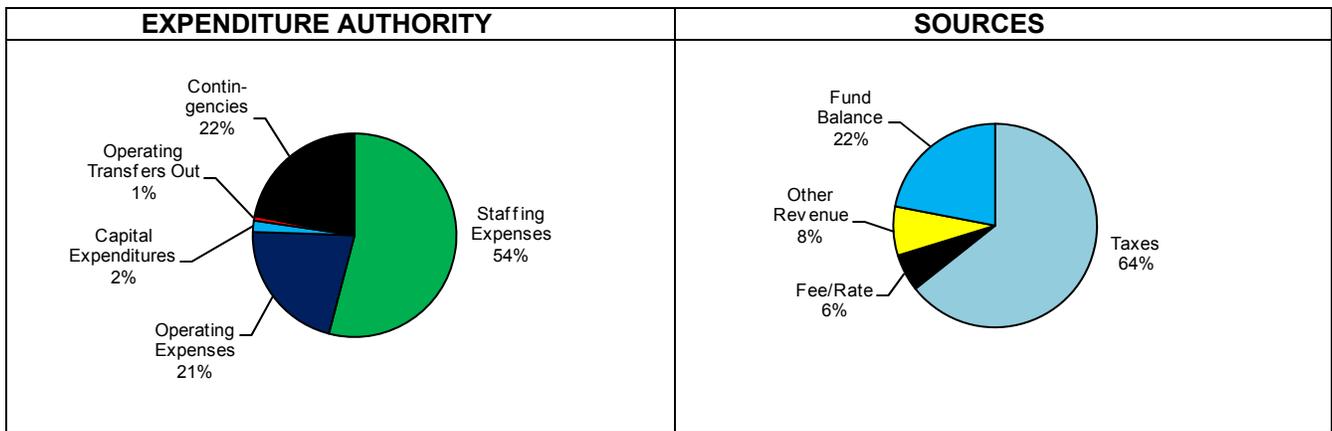

DESCRIPTION OF MAJOR SERVICES

The Mountain Regional Service Zone was formed through a reorganization process effective July 1, 2008 per Local Agency Formation Commission Resolution 2997. This regional service zone provides fire protection services to the areas of Angelus Oaks (Station #98), Fawnskin (Station #96), Forest Falls (Station #99), Green Valley Lake (Station #95), and Lake Arrowhead (Stations #91, #92, #93 and #94). Ambulance transport services are also provided to the Lake Arrowhead community out of Stations 91, 92, and 94. Additionally, within the Mountain Regional Service Zone there is one voter approved special tax paramedic service zone which provides services to the community of Lake Arrowhead.

BUDGET CHANGES AND OPERATIONAL IMPACT

Major appropriation changes include an increase in staffing expenses of \$367,548. In the Fourth Quarter of 2011-12, staffing expenses appropriation was reduced by \$101,826, due to salaries and benefits savings due to vacancies and the net increase in 2012-13 is due to the budgeting of the vacant positions, increases related to retirement and other benefits, and the accurate accounting of overtime offset by the elimination of 9 positions including one regular and 8 limited term. Additionally, operating expenses increased by \$160,038 primarily due to intra-fund transfers out for allocated support costs associated with chief officers. Capital expenditures increased \$163,136 due to improvement to structures. Major revenue changes include a decrease in state/federal/other government revenue of \$255,399 primarily due to one-time Redevelopment Agency payments from State mandated dissolution and one-time revenue collected from major fire/disaster incidents in 2011-12. Operating transfers in increased by \$658,428 due to additional County general fund support allocation for suppression operations and a transfer in from reserves for a window replacement project at Station 91 and other minor capital improvement projects.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses of \$6.8 million make up the majority of expenditures in this budget unit and fund 99 budgeted positions of which 42 are regular positions and 57 are limited term. These expenses are necessary to provide fire protection, paramedic, and administrative services to the regional service zone. Additionally, operating expenses of \$2.7 million support the operations of 8 fire stations including the costs related to the facilities, equipment, vehicle services, and services and supplies. These expenditures are primarily funded by property taxes of \$8.1 million, fee/rate revenue including ambulance services and special assessment revenue, and operating transfers in which includes County general fund support of \$764,244.

DETAIL OF PARAMEDIC SERVICE ZONES IN 2012-13 ADOPTED BUDGET

Within the Mountain Regional Service Zone, there is one Paramedic Service Zone (Service Zone) PM-1 Lake Arrowhead and is funded by a voter approved special tax. This service zone is separately budgeted at the org level within the regional service zone and audited annually.

Service Zone (Budget ORG)						
PM-1 Lake Arrowhead (PM1)	17.00	15,709	450	245,689	(245,239)	0

*Total amount is reduced 6% - 8% for delinquent parcels

Service Zone PM-1 Lake Arrowhead special tax was approved by the Board of Supervisors in September 1986 (originally under CSA 70 Zone PM-1). Service Zone PM-1 provides supplemental funding to support paramedic services to the community of Lake Arrowhead and is funded by a voter approved special tax which was increased by the voters in June 1991, from \$10 not to exceed \$17 per parcel. Parcel count for 2012-13 is 15,709 and special tax budgeted revenue for 2012-13 is \$245,689. Services are provided through Fire Stations 91, 92 and 94.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing had a net decrease of 9 positions including 1 vacant Office Assistant II, 4 Paid Call Firefighters, and 4 Paid Call Firefighter-Captains. These changes have no operational impact to the Mountain Regional Service Zone.

BUDGET CHANGES AND OPERATIONAL IMPACT

Major appropriation changes include a decrease in staffing expenses of \$149,312 primarily due to Station 52 in Harvard transitioning from a full-time staffed station to an on-call station and offset by retirement and other benefit increases, workers' compensation, leave vacancy coverage and implementation of a Limited Term Firefighter program. Operating expenditures increased \$1.0 million. In the Fourth Quarter of 2011-12, operating expenses were reduced by \$846,392 primarily due to a services and supplies savings plan implemented by the department and the increase in 2012-13 is due to an increase in County COWCAP allocation, vehicle liability and maintenance and fuel charges. Capital expenditures decreased \$1.2 million due to no vehicle or equipment purchases programmed in 2012-13 within the regional service zone budget and vehicle purchases being budgeted in the District Administration Budget Unit (FPD). Contingencies decreased by \$647,152 to fund current operations. Major revenue changes include a decrease in state/federal/other government of \$256,108 primarily due to one-time revenue collected from major fire/disaster incidents in 2011-12. Fee/rate revenue increased \$483,632 primarily due to an increase to the Victorville contract. Other revenue decreased by \$378,194 primarily due to a reduction in residual equity transfers in as a result of the fund consolidation that occurred in 2011-12. Operating transfers in decreased \$253,570 primarily due to a decrease in transfers in from reserves for one-time vehicle purchases offset by an increase in county General Fund support of \$240,730.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses of \$27.4 million make up the majority of expenditures in this budget unit and fund 322 budgeted positions of which 163 are regular positions and 159 are limited term. These expenses are necessary to provide fire protection, paramedic, ambulance transport, and administrative services to the regional service zone. Additionally, operating expenses of \$12.0 million support the operations of 27 fire stations including the costs related to the facilities, equipment, vehicle services, and services and supplies. These expenditures are primarily funded by property taxes of \$6.1 million, fee/rate revenue from fire protection contracts and ambulance services of \$26.9 million, and operating transfers in of \$6.3 million which includes County general fund support of \$6.3 million.

DETAIL OF FIRE PROTECTION SERVICE ZONES IN 2012-13 ADOPTED BUDGET

Within the North Desert Regional Service Zone, there are four Fire Protection Service Zones (Service Zones); FP-1 Red Mountain, FP-2 Windy Acres, FP-3 El Mirage, and FP-5 Helendale/Silver Lakes and are funded by voter approved special taxes. Each service zone is separately budgeted at the org level within the regional service zone and audited annually.

	2012-13					
	Per Parcel Assessment	Parcel Count	Appropriation	Revenue*	Revenue Transfer Out	Fund Balance
Service Zone (Budget ORG)						
FP-1 Red Mountain (FP1)	171.00	72	11,327	11,327	0	0
FP-2 Windy Acres (FP2)	80.00	117	8,750	8,750	0	0

FP-5 Helendale/Silver Lakes (FP5)	131.71	7,650	464	926,945	(926,481)	0

*Total amount is reduced 6% - 8% for delinquent parcels

Service Zone FP-1 Red Mountain special tax was originally approved by the Board of Supervisors in December 1964 (originally under CSA 30 Zone FP-1). Service Zone FP-1 provides fire protection services to the community of Red Mountain and is funded by a voter approved special tax not to exceed \$332 per parcel, which was approved in March 1985. The current special tax rate is \$171 per parcel. Parcel count for 2012-13 is 72 parcels and special tax revenue budgeted for 2012-13 is \$11,327. San Bernardino County Fire Protection District provides fire protection services to Service Zone FP-1 through a contract with the Kern County Fire Department.

Service Zone FP-2 Windy Acres special tax was formed in January 1985 by the Board of Supervisors (originally under CSA 70 Zone FP-2). Service Zone FP-2 provides fire protection services to the community of Windy Acres and is funded by a voter approved special tax not to exceed \$407 per parcel, which was approved in June 1991. The current special tax rate is \$80 per parcel. Parcel count for 2012-13 is 117 parcels and special tax revenue budgeted for 2012-13 is \$8,750. San Bernardino County Fire Protection District provides fire protection services to Service Zone FP-2 through a contract with the Kern County Fire Department.

Service Zone FP-3 El Mirage special tax was originally approved by the Board of Supervisors in March 1987 (originally under CSA 38 N Zone FP-3). Service Zone FP-3 provides fire protection services to the community of El Mirage and is funded by a voter approved special tax which was approved in March 1987 for \$9.00 per parcel with no approved annual inflationary rate. The current special tax rate is \$9 per parcel. Parcel count for 2012-13 is 3,564 and special tax revenue budgeted for 2012-13 is \$29,830. Services are provided through Fire Stations 11 and 322.

Service Zone FP-5 Helendale/Silver Lakes special tax was originally approved by the Board of Supervisors in April 2006 (originally under CSA 70 Zone FP-5). Service Zone FP-5 provides for fire protection and paramedic staffing services to the community of Helendale/Silver Lakes and is funded by a voter approved special tax which was approved in June, 2006 for \$117 per parcel and includes an annual cost of living increase of up to 3%. The current special tax is \$131.71 per parcel. Parcel count for 2012-13 is 7,650 and special tax revenue budgeted for 2012-13 is \$926,945. Services are provided through Fire Station 4.

DETAIL OF CONTRACT SERVICES IN 2012-13 ADOPTED BUDGET

Within the North Desert Regional Service Zone, San Bernardino County Fire Protection provides contract services to the cities of Adelanto, Victorville and the Hesperia Fire Protection District. The fund balance for the City of Adelanto represents the North Desert Regional Service Zone's costs associated with the mutual aid provided to unincorporated areas from the city's stations.

<u>Contract Entity</u>	<u>2012-13</u>			
	<u>Appropriation</u>	<u>Revenue</u>	<u>Fund Balance</u>	<u>Staffing</u>

Total Contracts	25,576,100	25,096,100	480,000	143

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing increased by a net 30 positions due to an increase of 15 Limited Term Firefighters, 27 Paid Call Firefighters offset by a decrease of a vacant Emergency Services Supervisor, 5 full time Captains, 3 full time Engineers, and 3 full time Firefighters. The increase in positions is primarily due to the implementation of the Limited Term Firefighter program in the region. The decrease in positions is due to a reduction within the City of Hesperia fire protection services contract effective mid-year 2011-12 and the transition of Station 52 from a full-time station to a paid call station. All Captains, Engineers and Firefighters were transferred to vacant positions at other stations in and outside of the region.

BUDGET CHANGES AND OPERATIONAL IMPACT

Major appropriation changes include a decrease in staffing expenses of \$143,482 due to transitioning Station 17 in Big River from a full-time staffed station to an on-call station offset by the implementation of a Limited Term Firefighter program. Operating expenses increased \$389,889 primarily due to intra-fund transfers out for allocated support costs associated with chief officers. Capital expenditures decreased \$171,465 due to no vehicle or equipment purchases programmed in 2012-13 within the regional service zone budget and vehicle purchases being budgeted in the District Administration Budget unit (FPD). Major revenue changes include a decrease in state/federal/other government revenue of \$131,993 primarily due to one-time revenue collected from major fire/disaster incidents in 2011-12. Other revenue decrease of \$107,783 is primarily due to the one-time transfers from the closing of ambulance and special assessment funds in 2011-12. Operating transfers in increased by \$107,915 due to additional County general fund support for suppression operations.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses of \$6.8 million make up the majority of expenditures in this budget unit and fund 129 budgeted positions of which 35 are regular positions and 94 are limited term. These expenses are necessary to provide fire protection, paramedic, ambulance transport, and administrative services to the regional service zone. Additionally, operating expenses of \$3.5 million support the operations of 14 fire stations including the costs related to the facilities, equipment, vehicle services, and services and supplies. These expenditures are primarily funded by property taxes of \$5.2 million, fee/rate revenue of \$1.6 million from contracts, ambulance services, and special assessment, and operating transfers in of \$3.8 million which includes County general fund support of \$3.7 million.

DETAIL OF FIRE PROTECTION SERVICE ZONES IN 2012-13 ADOPTED BUDGET

Within the South Desert Regional Service Zone, there are two Fire Protection Service Zones (Service Zones); FP-4 Wonder Valley and FP-6 Havasu Lake and they are funded by voter approved special taxes. Each service zone is separately budgeted at the org level within the regional service zone and audited annually.

*Total amount is reduced 9% - 10% for delinquent parcels

Service Zone FP-4 Wonder Valley special tax was originally approved by the Board of Supervisors in August 1972 (originally under CSA 70 M Zone FP-4). Service Zone FP-4 provides fire protection services to the community of Wonder Valley and is funded by a voter approved special tax of \$30 per parcel which was approved in June 2005 with an annual 1.5% cost of living increase. The current special tax rate is \$32.32 per parcel. Parcel count for 2012-13 is 4,665 and special tax revenue budgeted for 2012-13 is \$136,651. Services are provided through Fire Station 45.

Service Zone FP-6 Havasu Lake special tax was originally approved by the Board of Directors of the San Bernardino County Fire Protection District in February 2009. This was the first new service zone created after the County Fire reorganization. Service Zone FP-6 provides fire protection services to the community of Havasu Lake and is funded by a voter approved special tax for \$113 per parcel which was approved in May 2009 with an annual 3% cost of living increase. The current special tax rate is \$116.90 per parcel. Parcel count for 2012-13 is 1,342 and special tax revenue budgeted for 2012-13 is \$140,119. Services are provided through Fire Station 18.

DETAIL OF CONTRACT SERVICES IN 2012-13 ADOPTED BUDGET

Within the South Desert Regional Service Zone, San Bernardino County Fire Protection District provides contract fire suppression and emergency medical response services to the City of Needles. The fund balance for the City of Needles represents the South Desert Regional Service Zone's costs associated with the mutual aid provided to unincorporated areas from the city's stations.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing increased by a net total of 16 positions due to an increase of 12 Limited Term Firefighters and 9 Paid Call Firefighters (PCF) offset by a decrease of a District Services Coordinator, an extra-help Emergency Services Officer and 3 full time Captains. The captains were transferred to vacant positions in other regions.

Valley Regional Service Zone

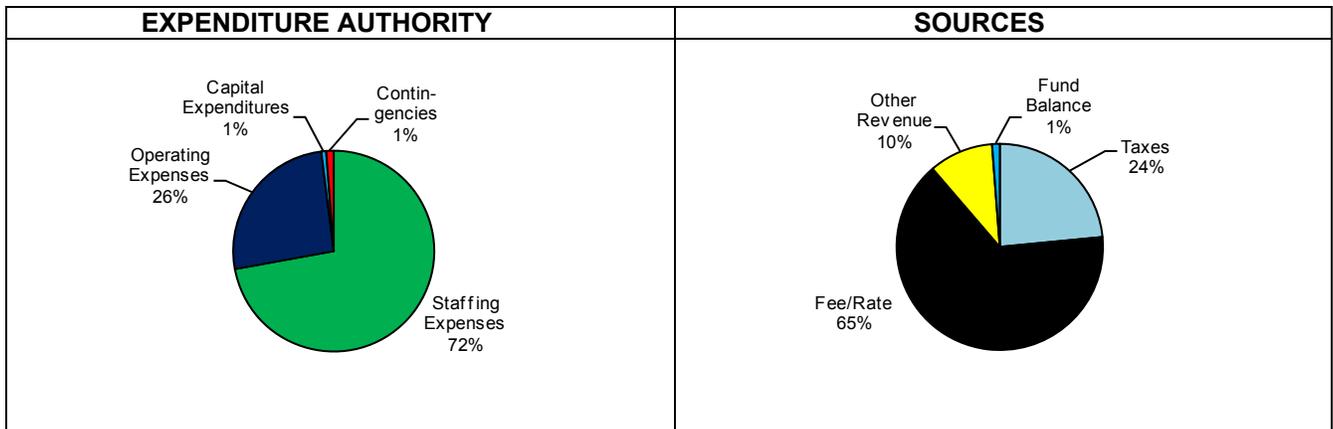

DESCRIPTION OF MAJOR SERVICES

The Valley Regional Service Zone was formed through a reorganization process effective July 1, 2008 per Local Agency Formation Commission Resolution 2997. This regional service zone provides fire protection and paramedic services to the unincorporated areas of Devore (Station #2), San Antonio Heights (Station #12), Lytle Creek (Station #20), Muscoy (Station #75), Bloomington (Station #76), Grand Terrace (Station #23), Mentone (Station #9), Colton, Mt Baldy, Oak Glen, Little Mountain, and Highland. Fire protection services are also provided to the Fontana Fire Protection District (Stations #71, #72, #73, #74, #77, #78, and #79) through a service contract. Additionally, within the Valley Regional Service Zone there are two voter approved special tax paramedic service zones which provide the funding for services to the communities of Highland and Yucaipa.

BUDGET CHANGES AND OPERATIONAL IMPACT

Major appropriation changes include an increase in staffing expenses of \$501,612 primarily due to increases related to retirement and other benefit increases, workers' compensation, accurate accounting of overtime, and leave vacancy coverage. Operating expenses increased by \$341,548 primarily due to maintenance of structures, maintenance of vehicles and vehicle related costs such as fuel and insurance, general station costs, dispatch services and County COWCAP allocation, offset by savings primarily due to a decrease in the number of chief officers allocated to the regional service zone reducing transfers out to San Bernardino County Fire Protection District Administration (FPD). Capital expenditures decreased \$803,583 due to no vehicle or equipment purchases programmed in 2012-13 within the regional service zone budget and vehicle purchases being budgeted in the District Administration Budget Unit (FPD). Major revenue changes include a decrease in other revenue of \$199,355 primarily due to a reduction in contract revenue from the Fontana Fire Protection District for vehicle purchases. Operating transfers in increased by \$662,692 primarily as a result of additional County general fund support for suppression operations and structure improvement projects throughout the division.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses of \$22.0 million make up the majority of expenditures in this budget unit and fund 211 budgeted positions of which 140 are regular positions and 71 are limited term. These expenses are necessary to provide fire protection, paramedic, and administrative services to the regional service zone. Additionally, operating expenses of \$7.9 million support the operations of 14 fire stations including the costs related to the facilities, equipment, vehicle services, and services and supplies. These expenditures are primarily funded by property taxes of \$7.2 million, fee/rate revenue from contracts of \$19.9 million, and operating transfers in of \$3.1 million which includes County general fund support of \$2.7 million.

DETAIL OF PARAMEDIC SERVICE ZONES IN 2012-13 ADOPTED BUDGET

Within the Valley Regional Service Zone, there are two Paramedic Service Zones (Service Zones); PM-2 Highland and PM-3 Yucaipa and both are funded by voter approved special taxes. Each service zone is separately budgeted at the org level within the regional service zone and audited annually.

*Total amount is reduced 6% - 8% for delinquent parcels

Service Zone PM-2 Highland special tax was originally approved by the Board of Supervisors on July 1985 (originally under CSA 38 L Zone PM-2). Service Zone PM-2 provides paramedic services to the community of Highland/unincorporated areas of City of San Bernardino through a contract with the City of San Bernardino and is funded by a voter approved special tax not to exceed \$19 per residential unit and \$38 per commercial unit which was approved on July 1985, including no annual cost of living rate increase. The current special tax rate is \$19 per residential and \$38 per commercial parcel. Parcel count for 2012-13 is 4,525 residential, 48 commercial and special tax budgeted revenue for 2012-13 is \$81,492.

Service Zone PM-3 Yucaipa special tax was approved by the Board of Supervisors on December 1986 (originally under CSA 38 M Zone PM-3) and in July 1999 the City of Yucaipa detached from the service zone. Service Zone PM-3 provides paramedic services to the unincorporated community of Yucaipa through a contract with the City of Yucaipa and is funded by a voter approved special tax not to exceed \$24 per residential and \$35 per commercial parcel which was approved on December 1986, including no annual cost of living rate increase. The current special tax is \$24 per residential and \$35 per commercial parcel. Parcel count for 2012-13 is 217 residential, 35 commercial and special tax budgeted revenue for 2012-13 is \$5,918.

2008 Federal Pre-Mitigation Tree Removal Grant

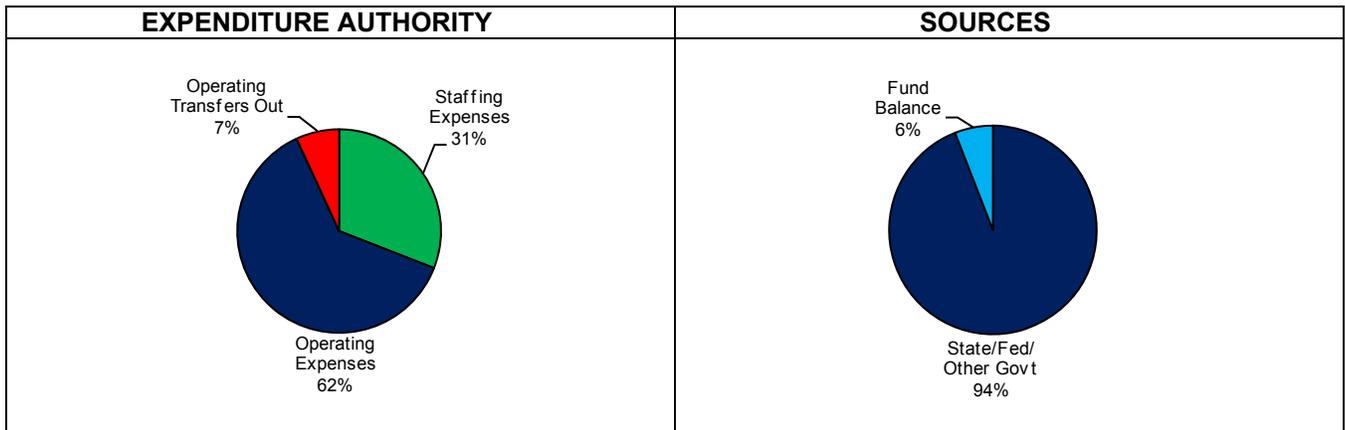

DESCRIPTION OF MAJOR SERVICES

On July 8, 2008 the Board of Directors (Board) authorized County Fire to accept a total grant award of \$3,500,000 from the United States Forest Service to continue funding for the Tree Removal/Fuels Reduction Program under the Cooperative Forestry Assistance Act of 1978. On May 12, 2009, the Board approved the acceptance of an additional \$10,000,000 from Public Law (PL) 110-329 Consolidated Security, Disaster Assistance, and Continuing Appropriation Act of 2009 to extend the program's end date from July 14, 2011 to July 14, 2013. The grant provides funding for fuels management modification/reduction projects creating defensible space, community zones, fuel breaks, and removal/ modification of overgrown fuels that threaten lives and property in and around the mountain communities' Wildland Urban Interface, evacuation routes, and critical infrastructure while protecting and managing the forest to achieve a sustainable, healthy ecosystem appropriate for the area and land use. The grant performance period is from July 15, 2008 to July 14, 2013.

BUDGET CHANGES AND OPERATIONAL IMPACT

Major appropriation changes include an increase in operating expenses of \$378,133, a decrease in contingencies of \$155,030, and an increase in operating transfers out of \$191,807 due to the grant entering its final performance year and the payback of a loan from San Bernardino County Fire Protection District. Major revenue changes include an increase in federal aid of \$233,863 due to anticipated final year grant award disbursements.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses of \$1.1 million fund 14 budgeted positions. These expenses are necessary to provide fuels management modification/reduction projects creating defensible space, community zones, fuel breaks, and removal/modification of overgrown fuels that threaten lives and property in and around the mountain communities. Operating expenses of \$2.3 million include costs related to equipment maintenance and contract tree removal services. Operating transfers out of \$250,000 includes the payback of a loan from San Bernardino County Fire Protection District for start up costs during the origination of this grant.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing remains unchanged at 14 positions. There was, however, the deletion of a Slash Crew Supervisor and the addition of a Fire Prevention Officer.

2009 USFS ARRA Stimulus Grant

DESCRIPTION OF MAJOR SERVICES

On August 18, 2009 (Item No. 35), the Board of Directors authorized County Fire to accept a total grant award of \$3,150,000 from the United States Forest Service through the American Recovery and Reinvestment Act of 2009 (ARRA) to continue the fuels reduction and fuels management program. The grant provided funding for fuels management modification/reduction projects creating defensible space, community zones, fuel breaks, and removal/modification of overgrown fuels that threaten lives and property in and around the mountain communities' Wildland Urban Interface, evacuation routes, and critical infrastructure while protecting and managing the forest to achieve a sustainable, healthy ecosystem appropriate for the area and land use. The grant performance period is from July 22, 2009 to July 31, 2012. All funding is estimated to be used by June 30, 2012; as a result there will not be a 2012-13 Adopted Budget for this grant.

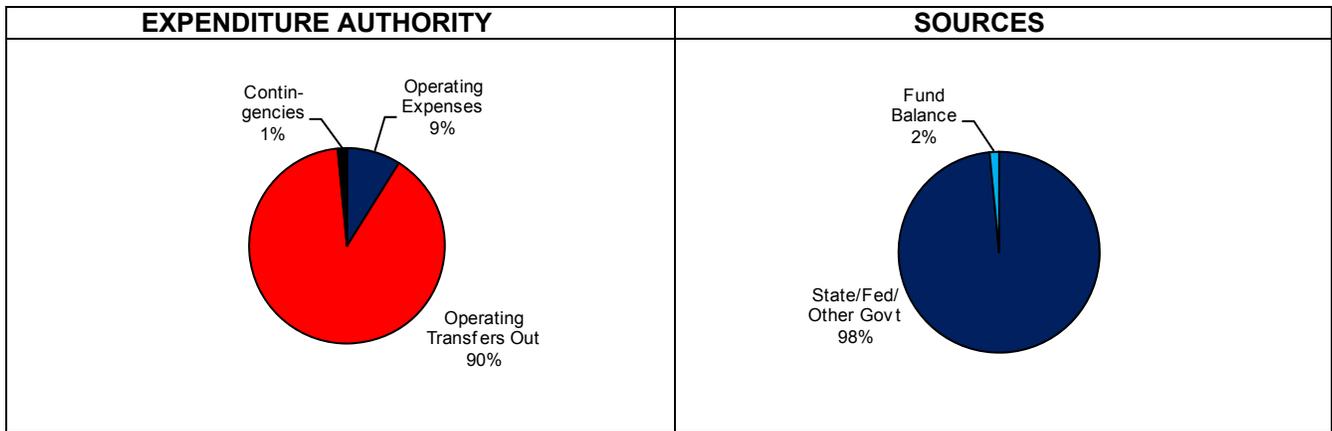

Buffer Zone Protection Program Grant

DESCRIPTION OF MAJOR SERVICES

Since Fiscal Year 2005, the U.S. Department of Homeland Security has funded the Buffer Zone Protection Program (BZPP). The BZPP is designed to provide funding to protect and secure Critical Infrastructure and Key Resource (CI/KR) sites across the country as well as reduce vulnerabilities of these facilities. The program also significantly enhances their protection and deters threats or incidents of terrorism aimed at these facilities. The CI/KR sites are potential terrorist targets, which were identified through a National Review by the Preparedness Directorate Office of Grants and Training of the U.S. Department of Homeland Security. The San Bernardino Operational Area has three critical infrastructure sites that qualified for the Buffer Protection Plan and Vulnerability Reduction Purchase Plan programs in the BZPP grant. Information related to these critical infrastructure sites cannot be released due to the confidentiality of CI/KR facilities.

BUDGET CHANGES AND OPERATIONAL IMPACT

Major appropriation changes include decreased requirements of \$117,272 due to the completion of grant projects in the prior fiscal year. Major revenue changes include decreased revenue of \$117,315 due to the completion of grant projects in the prior fiscal year.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Appropriation of \$56,062 primarily include operating transfers out to the Sheriff/Coroner/Public Administrator to fund grant projects. Departmental revenue of \$55,208 includes federal pass-through revenue for the 2010 Buffer Zone Protection Program grant.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

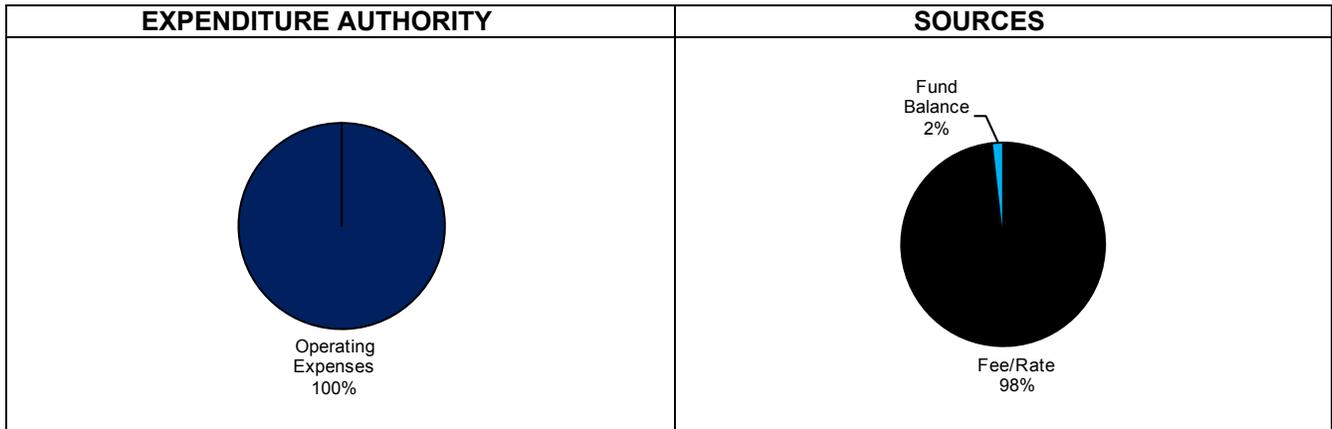

Community Facilities District 2002-2

DESCRIPTION OF MAJOR SERVICES

The County of San Bernardino Board of Supervisors formed Community Facilities District (CFD) 2002-2 (Central Valley Fire Protection District-Fire Protection Services) on August 6, 2002 to ensure a financing mechanism to provide fire protection services within the boundaries of the area formerly known as Central Valley Fire Protection District, which is now part of the Fontana Fire Protection District as a result of the County Fire Reorganization (LAFCO 3000) July 1, 2008. The CFD authorizes a special tax levy each year in the approximate amount of \$565 per developed acre on new non-residential development within CFD 2002-2.

BUDGET CHANGES AND OPERATIONAL IMPACT

This budget is for a CFD which imposes a per parcel charge each year. The CFD is administered by County Fire and all revenue received is passed through to the Fontana Fire Protection District and it is not anticipated to have any new annexations to the CFD in 2012-13 nor increases in costs. Therefore any changes to this budget are minimal.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Operating expenses of \$285,500 include services and supplies to pay the Fontana Fire Protection District the net proceeds of the special tax levy, minus minor administrative costs, to administer the CFD. These expenditures are primarily covered by fee/rate revenue from a Special Assessment of \$565 per parcel which generates \$285,500 of revenue.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

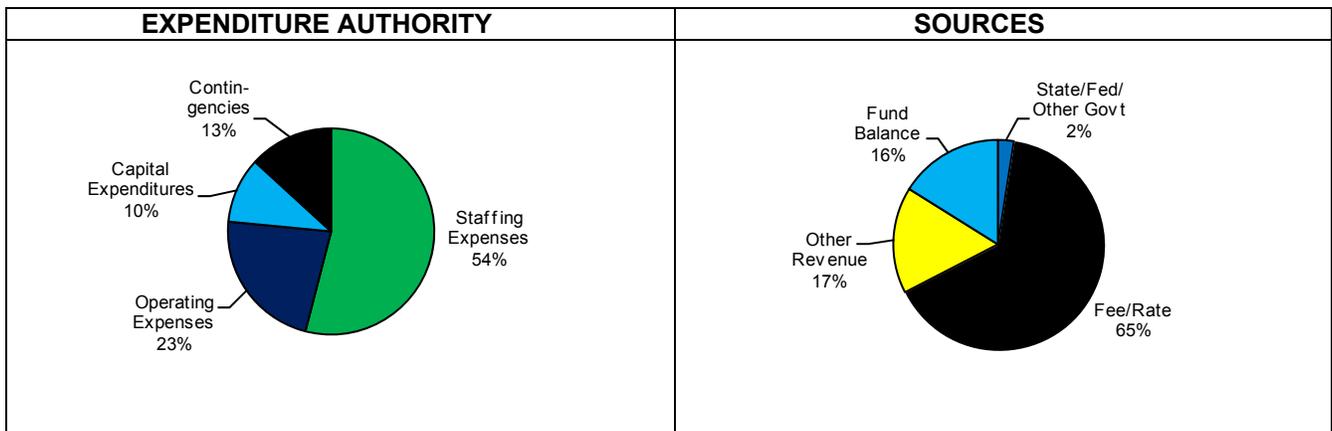

Hazardous Materials

DESCRIPTION OF MAJOR SERVICES

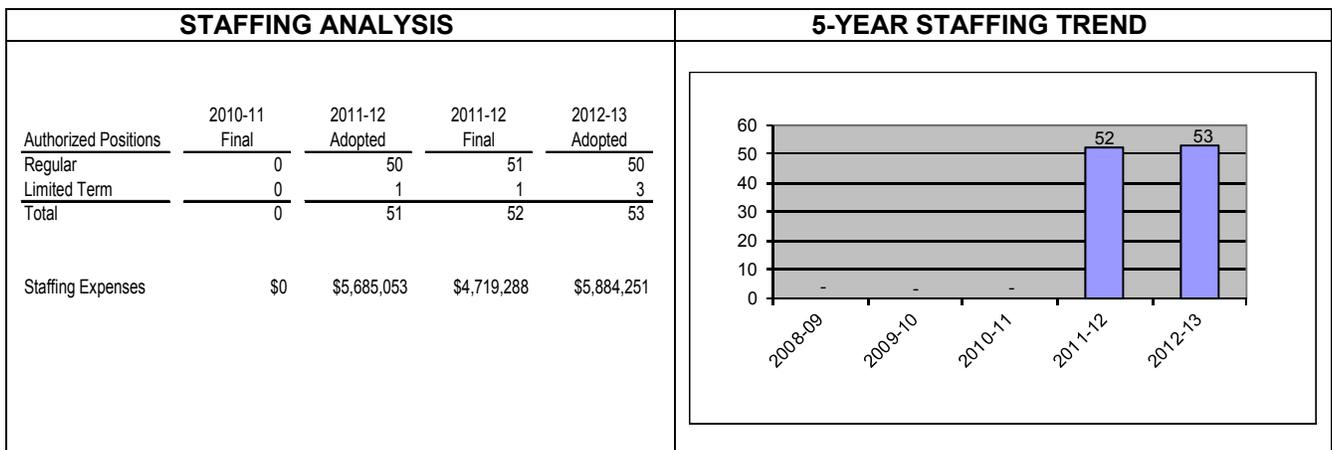

County Fire is an all-risk department that provides for the oversight and regulation of all commercial hazardous materials and wastes. The program provides services in three major areas and these services are provided to all businesses in all cities within the County. The first program is the Consolidated Unified Program Agency, or the CUPA, that inspects about 4,000 businesses to ensure the proper management of hazardous materials and wastes in six areas of State regulatory concern. The second program involves the cleanup of contamination from leaking underground storage tanks. Monitoring of about one thousand underground storage facilities has led to the investigation of leaks at hundreds of facilities. The staff in this program work with the owner of the facility to provide the best and fastest methods to remove the contamination and protect ground water. The third program provides emergency response to, and investigation of, all releases of hazardous materials. This 24/7 team responds to all types of releases from businesses, pipelines, tanker trucks and rail cars. They are capable of mitigating the release as well as ensuring that any contamination resulting from the spill or release is remediated below any level of health risk concern. If there is any sign of misconduct, the program contacts the County Environmental Crimes Task Force that coordinates all investigatory activity with the District Attorney's office.

BUDGET CHANGES AND OPERATIONAL IMPACT

Major appropriation changes include an increase in staffing expenses of \$1,164,963 primarily due to increases related to retirement and other benefit increases, an increase in capital expenditures of \$1,117,755 to fund the replacement of aging vehicles and other apparatus and equipment, and operating transfers out decreased by \$4.8 million due to a one-time transfer of fund balance to reserves in 2011-12. Major revenue changes include a decrease in operating transfers in of \$4.0 million due to a one-time transfer of fund balance from San Bernardino County Fire Protection District Administration in 2011-12.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses of \$5.9 million make up the majority of expenditures in this budget unit and fund 53 budgeted positions of which 50 are regular positions and 3 are limited term. These expenses are necessary to provide support oversight and regulation of all commercial hazardous materials and wastes within the County. Additionally, operating expenses of \$2.5 million support the operations and costs related to the facilities, vehicles support and services and supplies. Capital expenditures of \$1.1 million include the purchase of emergency response and staff vehicles plus the necessary equipment for the vehicles. Contingencies of \$1.4 million are the results of prior years to fund future years operations. These expenditures are primarily funded by fee/rate revenue of \$7.1 million which includes health fees, permit and inspection fees, emergency responses and operating transfers in of \$1.5 million primarily includes transfers in from reserves to fund vehicle and equipment purchases.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing increased by a net 1 position due to the addition of 2 Public Service Employee (PSE) Office Assistants to support the CERS grant, and the elimination of 1 Senior Collections Officer. There is no operational impact associated with these staffing changes as the department added an Accounts Representative in the 2011-12 Second Quarter Budget Report to replace the Senior Collections Officer in order to increase efficiency of the billing of Hazardous Materials (HAZMAT) permits.

Homeland Security Grant Program

DESCRIPTION OF MAJOR SERVICES

Since 1999, grant funds have been received through the California Emergency Management Agency (Cal EMA), from the Federal Emergency Management Agency (FEMA), for terrorism risk capability assessments and eligible equipment for Emergency First Responders. The Homeland Security Grant Program is one tool among a comprehensive set of federal measures administered by Cal EMA to help strengthen the state against risks associated with potential terrorist attacks. Cal EMA has approved and awarded these grants, and the acceptance of this grant will continue San Bernardino County's effort to continue implementing the objectives and strategies of the Homeland Security Grant Program and respond to other catastrophic events.

BUDGET CHANGES AND OPERATIONAL IMPACT

Major appropriation changes include an increase in operating transfers out of \$564,314 to the Sheriff/Coroner/Public Administrator, Public Health and Consolidated Fire Agencies Joint Powers Agreement for approved grant expenditures. Major revenue changes include an increase in federal aid of \$648,834 due to the carryover of available funding from the FY11 Homeland Security Grant Program from 2011-12.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Operating expenses of \$2.9 million include costs related to services and supplies, central services, travel, and reimbursements to other budget units and sub-recipients of the Homeland Security Grants. Operating transfers out of \$1.4 million is primarily for transfers out to the Sheriff/Coroner/Public Administrator, Public Health and other County departments for grant expenditures for terrorism risk capability assessments and eligible equipment. These expenditures are primarily funded by revenue of \$4.4 million from FEMA through Cal EMA for the 2010 and 2011 Homeland Security Grant Programs.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

Household Hazardous Waste

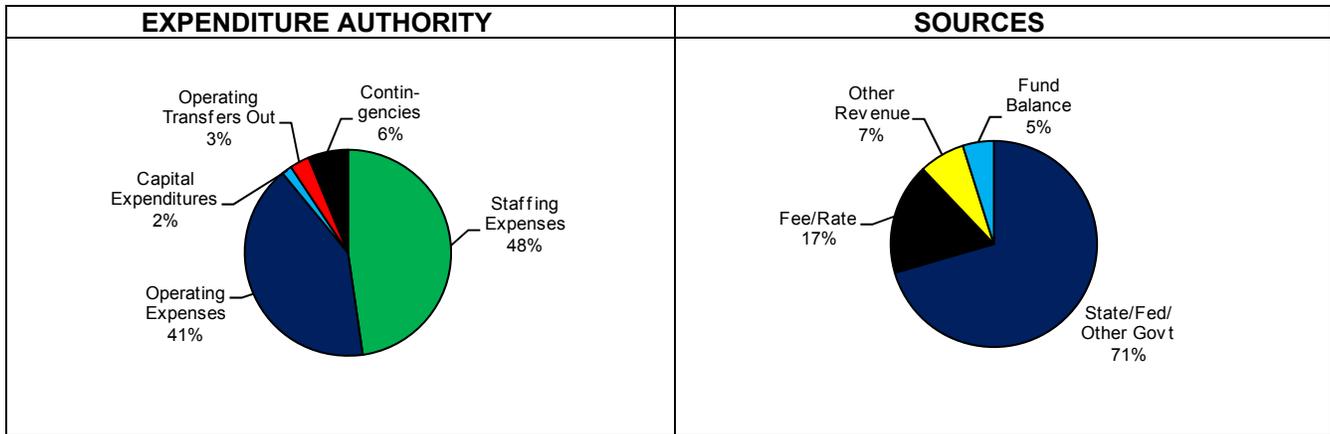

DESCRIPTION OF MAJOR SERVICES

County Fire is an all-risk department that provides a nationally recognized award winning program for management of Household Hazardous Waste (HHW). These full service activities include the collection, packaging, transportation, re-use, recycling and ultimate environmentally safe disposal of HHW. The program re-uses or recycles hundreds of thousands of pounds of waste paint, used oil, batteries, pesticides and other household chemicals that can't go down the drain or be dumped in the landfill. The program also conducts public education programs and activities to reduce or eliminate the impact of these hazardous wastes on public health and the environment. The program contracts with every city and town in the County, except one, to make these services available to almost every single resident within the County.

BUDGET CHANGES AND OPERATIONAL IMPACT

Major appropriation changes include an increase in staffing expenses of \$152,679 due to MOU benefit increases and coverage for roundup/collection events and an increase in operating transfers out of \$100,000 to fund equipment reserves for future purchases. Major revenue changes include an increase in other revenue of \$93,950 due to an increase in Environmental Health Fee Revenue.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses of \$1.5 million make up the majority of the expenditures in this budget unit and fund 37 budgeted positions of which 18 are regular positions and 19 are limited term. These expenses are necessary to provide full service activities for the collection, packaging, transportation, re-use, recycling and ultimate environmentally safe disposal of HHW. Additionally, operating expenses of \$1.3 million support the operations and administrative support to fulfill contracts with every city and town in the County, except one, to make these services available to almost every single resident within the County. Contingencies of \$201,915 fund future year operations. These expenditures are primarily funded by revenue of \$2.3 million from participating contract cities and grant funds, fee/rate revenue of \$564,191 and revenue of \$229,300 from agency contracts and revenue agreements with County Environmental Health Services and Solid Waste Management.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing decreased by a total of 7 positions due to a decrease in limited term staff trained and available for HHW roundup/collection events. These changes have no operational impact to the HHW program.

Office of Emergency Services

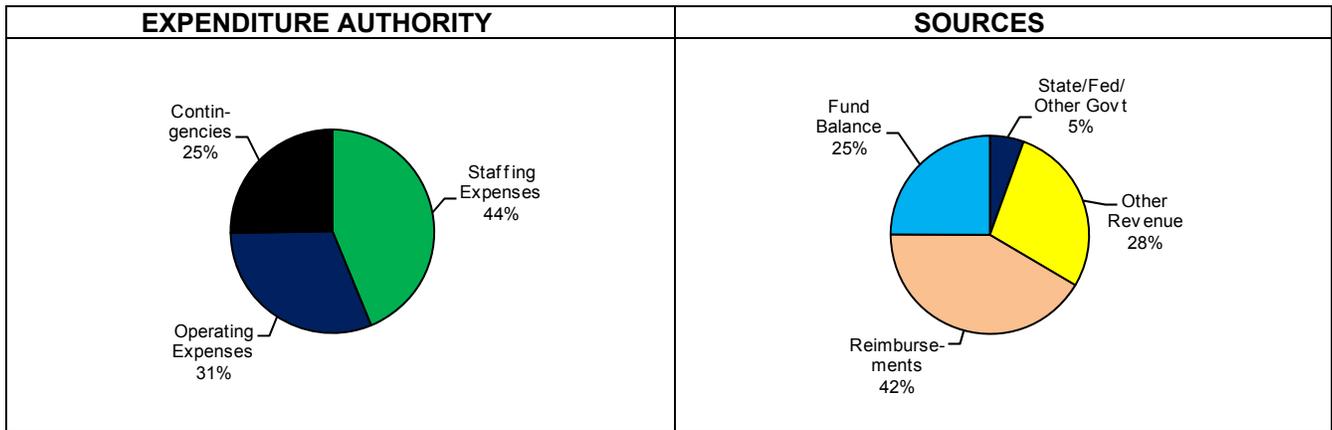

DESCRIPTION OF MAJOR SERVICES

County Fire is an all-risk department providing emergency management and disaster planning and coordination throughout the County through its Office of Emergency Services (OES). OES functions as the Lead Agency for the San Bernardino County Operational Area (OA). While County OES does not directly manage field operations, it ensures the coordination of disaster response and recovery efforts through day-to-day program management and during a disaster or emergency. As part of disaster preparation, response, and mitigation, OES specifically provides support and assistance to all 24 cities and towns, as well as all the unincorporated portions of the County. It is the single point of contact for the California Emergency Management Agency (Cal EMA) for all County activities. OES manages numerous grants totaling millions of dollars such as the Homeland Security Grant, the Emergency Management Performance Grant, the Disaster Corps Grant for Volunteering and Preparedness and Urban Area Security Initiative Grant among many others. OES is also responsible for developing and implementing numerous county-wide plans such as the Hazard Mitigation Plan, and the Mass Care and Shelter Plan. OES also coordinates various task forces and boards such as the County's Flood Area Safety Taskforce.

BUDGET CHANGES AND OPERATIONAL IMPACT

Major appropriation changes include a decrease in staffing expenses of \$226,109 due to the elimination of three positions, an increase in contingencies of \$701,808 as a result of prior year operations and to fund future year operations, and an increase in reimbursements of \$486,717 due to the FY 2010-2011 Homeland Security Grant Program funding to fund grant related operations. Major revenue changes include a decrease in federal aid of \$178,064 due to the 2011-12 Emergency Performance Program Grant ending and operating transfers in decreased by \$463,897 due to a reduction in County general fund support from County Fire Administration.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses of \$1.2 million make up the majority of expenditures in this budget unit and fund 16 budgeted positions of which 15 are regular positions and 1 is limited term. These expenditures are necessary to provide emergency management and disaster planning and coordination throughout the San Bernardino County Operational Area. Additionally, operating expenses of \$859,541 support and assist all 24 cities and towns, as well as all the unincorporated portions of the county and include the costs related to the facilities, vehicle services, grants, and services and supplies. Contingencies of \$701,808 are the result of prior year operations and are to fund future year operations. These expenditures are primarily funded by operating transfers in of \$776,399 which represents County general fund support.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing decreased by a total of 3 positions due to a decrease of 1 Assistant Emergency Services Division Manager, and contract expirations of 1 Public Service Employee and 1 Business Systems Analyst. Contract positions were grant funded and have no operational impact to the Office of Emergency Services. The Assistant Emergency Services Division Manager duties were distributed between the OES Manager and the Budget/Fiscal Services Manager.

MISSION STATEMENT

The Special Districts Department promotes safe, healthy, enjoyable, and dynamic communities by providing essential programs and municipal services that meet the current and future needs of the communities served.

ORGANIZATIONAL CHART

2010-11 AND 2011-12 ACCOMPLISHMENTS

- In 2011-12, increased employee safety training and awareness.
- Integrated ePro purchasing system into Special District's procedures.
- Replacement of over 3,000 service lines within County Service Area (CSA) 64 Spring Valley Lake.
- Completion of the self-adjudication of the Ames-Reche Ground Water Basin between all water entities in the Yucca Valley area. This Agreement will result in improved water quality, utilization of State Project Water that is currently not being used, and will contribute to water conservation efforts ensuring a sustainable water supply into the future.

SPECIAL DISTRICTS DEPARTMENT

GOALS, OBJECTIVES, AND PERFORMANCE MEASURES

GOAL 1: INCREASE CUSTOMER SERVICE LEVELS TO DISTRICT CUSTOMERS.

Objective: Redesign the Department internet website increasing functionality, public awareness, and to support district operations.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Functionality of Department internet website.	20%	60%	100%	70%	100%

Redesigning the Internet website will allow the Department to establish a visible local presence within each community served. The website will make business information available, answer frequently asked questions, and allow for customer feedback. It will also increase public awareness of the Department, district programs and services, and outlying district websites through direct website links. The Department will also incorporate convenient web based payment options for district customers. The website is currently 70% complete and is expected to be 100% complete in August or September of 2012.

GOAL 2: MAINTAIN PUBLIC SAFETY.

Objective: Continue to assist the Regional Parks Department to ensure the sustainability of its water and sewer infrastructure.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Perform onsite inspection of all water and wastewater systems.	N/A	N/A	N/A	85%	100%
Perform required preventive maintenance on all water and wastewater systems.	N/A	N/A	N/A	80%	100%
Identification and documentation of all required corrective maintenance items.	N/A	N/A	N/A	75%	100%
Develop a list of all recommended capital improvement projects.	N/A	N/A	N/A	30%	100%

Special Districts is assisting Regional Parks in performing maintenance and capital improvement projects that will bring the water and sanitation infrastructure within the parks up to health and safety standards. This will ensure the safety of the public and meet state and County health code requirements. Examples of this are installation of backflow devices, sanitation lift station upgrades, and establishing disinfectant/chlorination systems.

Total Staff	93

CSA 70 Countywide was established by an act of the Board on December 29, 1969 to provide a centralized mechanism for the administration of personnel which serve all board governed special districts. The employees support multi-district operations funded by the various sanitation, water, road, streetlights, park and recreation districts. Staff provides centralized and regional management services, administration, engineering, fiscal, human resources, lien administration, park maintenance, payroll, information services, road maintenance and inspection services. Services are primarily funded by fee/rate revenue and reimbursements.

CSA 70 D-1 Lake Arrowhead was established by an act of the Board on August 26, 1974 to maintain a dam located on the east side of Lake Arrowhead known as Papoose Lake including security, maintenance, replacement of shrubbery, reforestation, and engineering services. Services are funded by property taxes. This Improvement Zone is supported by a Board appointed Advisory Commission and utilizes the CSA 70 D-1 Office for meetings.

CSA 70 DB-1 Bloomington was established by the Board on February 10, 2004 to provide maintenance of two detention basins and four landscaped intersections in the Bloomington area. Services are funded by a per parcel service charge which includes an optional 2.5% inflationary increase. The 2012-13 service charge is \$617.76 per parcel. The 2012-13 parcel count is 72 parcels. The Improvement Zone does not utilize an Advisory Commission or MAC. Meetings are held with residents as needed.

CSA 70 EV-1 East Valley was established by the Board on April 23, 1996 to provide for the maintenance of the Alabama Street storm drain in the Redlands Citrus Plaza area. Services are funded by a developer buy-in charge which was received in 2008-09. The Improvement Zone does not utilize an Advisory Commission or MAC. Community meetings are held with residents as needed.

CSA 70 DB-2 Big Bear was established by an act of the Board on April 27, 2010 to provide for the maintenance of a detention basin, open space and storm drain conveyances for the basin of a newly developed tract on Maple Drive in the Big Bear area. Services are funded by a per parcel service charge which includes an optional 2.5% inflationary increase. The 2012-13 service charge is \$285 per parcel with no inflationary factor required. The 2012-13 parcel count is 59 parcels. The Improvement Zone does not utilize an Advisory Commission or MAC. Meetings are held with residents as needed.

CSA 120 North Etiwanda Preserve was formed on July 1, 2009 as a result of Local Agency Formation Commission Resolution No. 3051. The resolution included the dissolution of CSA 70 OS-1 and OS-3. The CSA provides for the management, protection and operation of 762 acres of a preserved Riversidian Coastal Sage Habitat located north of Rancho Cucamonga and east of Day Creek Boulevard. Services are funded by interest income generated annually from a \$700,000 endowment from San Bernardino Associated Governments (SANBAG) and mitigation acceptance fees. This CSA is supported by an advisory commission and utilizes the Second Supervisorial District's Rancho Office for meetings.

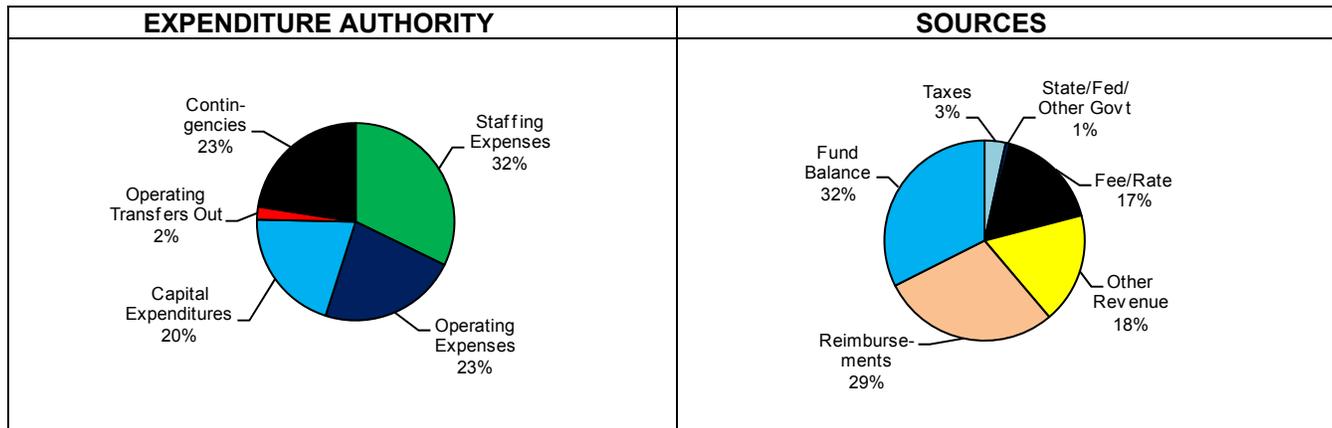

CSA 70 TV-2 Morongo Valley was established by an act of the Board on October 18, 1976 to provide nine channels of UHF television and one channel of VHF television translator service to the 38 square miles of the Morongo Valley area. Services are funded by property taxes. This Improvement Zone provides services to approximately 2,000 households and does not utilize an Advisory Commission or MAC. Meetings are held with residents as needed.

CSA 70 TV-4 Wonder Valley was established by an act of the Board on July 11, 1995 to provide eight channels of UHF television translator service broadcast from Pinto Mountain for the direct benefit of Wonder Valley including a part-time TV production assistant for community television and a basic community television program service. Services are funded by a per parcel special tax. The 2012-13 special tax is \$5 per parcel. The 2012-13 parcel count is approximately 4,846 parcels. The Improvement Zone does not utilize an Advisory Commission or MAC. Meetings are held with residents as needed.

CSA 70 TV-5 Mesa was established by an act of the Board on July 11, 1995 to provide eight channels of UHF translator service broadcast from Pinto Mountain to the 100 square mile area encompassing Copper Mesa, Desert Heights, Flamingo Heights, Landers, and Yucca Mesa. Services are funded by a per parcel special tax. The 2012-13 special tax is \$25 per parcel. The 2012-13 parcel count is 6,842 parcels. The Improvement Zone does not utilize an Advisory Commission or MAC. Meetings are held with residents as needed.

Community Facilities District (CFD 2006-1) Lytle Creek was established by the Board on March 13, 2007 including the adoption of an ordinance authorizing the levying of special taxes to finance the maintenance of public infrastructure including open space and storm drain protection services in the Glen Helen area. This CFD does not utilize an Advisory Commission or MAC. Meetings are held with residents as needed.

BUDGET CHANGES AND OPERATIONAL IMPACT

Major appropriation changes include increases in staffing expenses of \$1.0 million, operating expenses of \$2.7 million, and capital expenditures of \$4.6 million. In the Fourth Quarter of 2011-12, appropriation was reduced for staffing expenses by \$1.9 million, operating expenses by \$2.9 million, and capital expenditures by \$1.7 million due to savings resulting from the delay in anticipated contract work for County Regional Parks and the cancellation of projects. In 2012-13, the contract work for County Regional Parks not completed in the prior year, resulted in an increase in staffing expenses in addition to increases in retirement and other benefits costs, offset by the deletion of 15 positions. Operating expenses and capital expenditures also increased due to the contract work for County Regional Parks but also due to the addition of the Lake Gregory dam capital improvement project. Major revenue changes include an increase in fee/rate revenue of \$2.8 million due to increased contract revenue and an increase in operating transfers in of \$3.3 million due to funding from the County general fund for the Lake Gregory dam capital improvement project.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing changes for 2012-13 include a net decrease of 15 positions of which 12 are regular and 3 are limited term positions including the elimination of 1 Board Governed (BG) Division Manager Fiscal Services, 1 BG Treatment Plant Operator, 1 BG Budget Officer, 6 BG CSA 70 Maintenance Worker Is, 2 BG CSA 70 Maintenance Worker IIs, 1 BG Electrical Technician, 2 BG Treatment Plant Operator IIIs, and 3 BG Public Service Employee (PSE) positions. These reductions were offset by the addition of 1 BG Fiscal Assistant, 1 BG Principal Budget Officer, and 1 position in the new classification of District Planner. There was no operational impact on services as the staffing changes reflect current service levels and the elimination of the BG Division Manager Fiscal Services and BG Budget Officer were the result of a departmental reorganization and were reclassified to a BG Principal Budget Officer and BG Staff Analyst II mid-year in 2011-12.

BUDGET CHANGES AND OPERATIONAL IMPACT

Major changes include a net increase in operating expenses of \$567,972 primarily due to provisions for marketing the 2013 Airshow event, additional security expenses, and for overall maintenance and operating expenses. Capital expenditures are decreasing by \$167,688 as the purchase of vehicles and service equipment are not scheduled for 2012-13. Contingencies are decreasing based upon programmatic needs for 2012-13, but are still at a sufficient level as a provision for unanticipated expenses and for future capital projects. Operating transfers out reflect an increase of \$520,000 which is primarily an increase in transfers to the Apple Valley Airport - Capital Improvement Fund for land acquisition (\$500,000). The change in revenue reflects an artificially high decrease that is primarily attributed to the 2011-12 final budget that contains a one-time adjustment for residual equity transfers in reflected in other revenue that is not relevant for 2012-13.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Operating expenses of \$1,999,077 consist of services and supplies of \$1,147,192 that include expenses for the Apple Valley Airshow, general airport operating expenses, and utilities. Also included in operating expenses are transfers of \$842,135 which includes reimbursement of staffing costs and services and supplies costs to the Airport's general fund budget unit for personnel assigned to support the Apple Valley Airport. Contingencies of \$2,740,967 are set aside for unanticipated expenses and for future capital projects. Operating transfers out of \$520,000 primarily consist of a \$500,000 transfer to the CSA 60 - Apple Valley Airport - Capital Improvement Fund budget unit for land acquisition. Departmental revenue of \$2,232,398 primarily consists of tax revenue receipts and leasing activity revenues.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit. However, this budget reimburses the Airport's general fund budget unit for staffing costs incurred in connection with service to the Apple Valley Airport.

BUDGET CHANGES AND OPERATIONAL IMPACT

Major appropriation changes include an increase in operating expenses of \$292,019 due to an increase in road maintenance and snow removal services as compared to 2011-12 final budget, a decrease in contingencies of \$548,325 for planned use for snow plowing and clean up services due to potential severe winter storms. Actual expenditures are historically substantially less than budgeted amounts allowing for the management of unknown or unforeseen expenditures as a result of severe weather or unplanned required repairs. An increase in operating transfers out of \$201,118 primarily to fund the CSA 59 Deer Park road paving project. Major revenue changes include a reduction in grant revenue of \$148,314 due to no Federal Emergency Management Agency funding expected in the current year and a decrease in other revenue of \$85,694 as a result of aligning special assessments with actual expenditures.

SAN BERNARDINO COUNTY FLOOD CONTROL DISTRICT

Gerry Newcombe

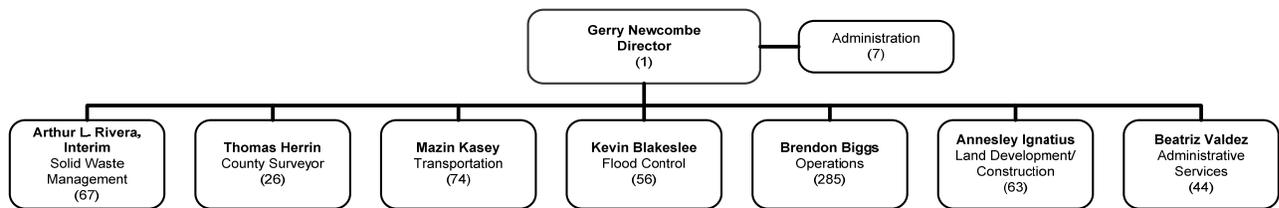

MISSION STATEMENT

The Public Works Department provides a broad range of services and infrastructure to help ensure safe and desirable communities for the people of San Bernardino County. Areas of responsibilities include roads, traffic, flood control, storm water quality, water conservation, solid waste services, and County Surveyor functions.

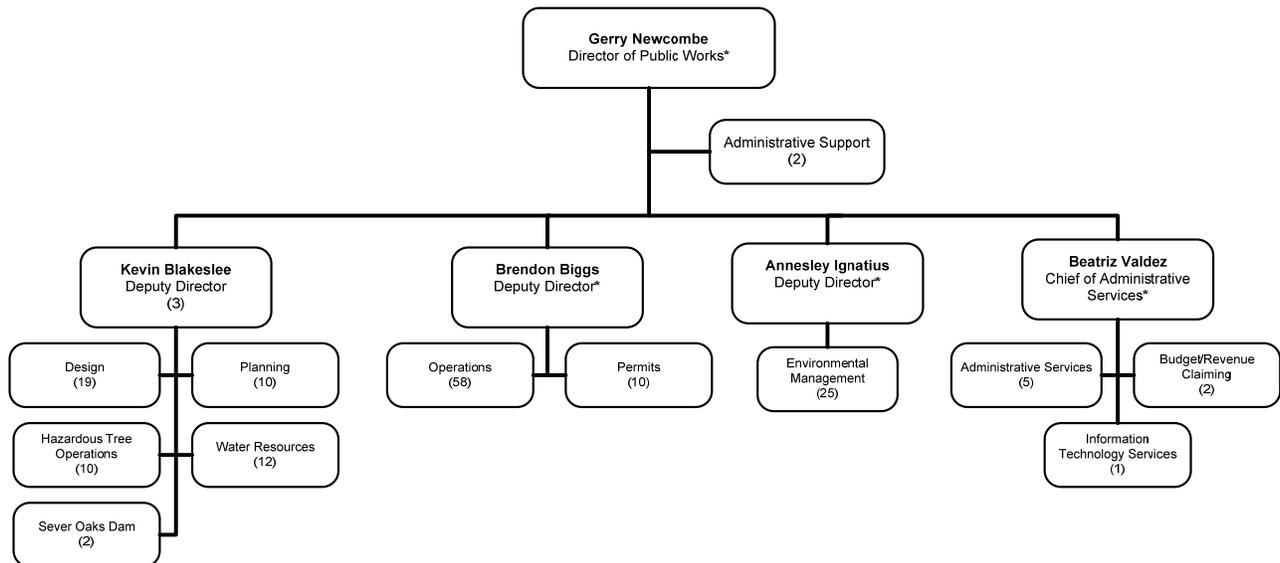

ORGANIZATIONAL CHART

Public Works:

San Bernardino County Flood Control District:

*Position budgeted in Transportation budget.

2010-11 AND 2011-12 ACCOMPLISHMENTS

- During 2010-11, the District completed construction of two major projects: 1) Sultana Cypress Storm Drain Phase IIB and 2) Sultana Cypress Storm Drain Phase IIC. The District also completed significant repairs to facilities like the Santa Ana River levees that were damaged in the storms of December 2010.
- For 2011-12, the District completed the reconstruction of Reche Channel at the cost of approximately \$1.0 million dollars which was damaged in December of 2010 and completed Phase 2 of the Cucamonga Basin No. 6 project which is now in the first year of maintenance.

FLOOD CONTROL

GOALS, OBJECTIVES, AND PERFORMANCE MEASURES

GOAL 1: IMPROVE FLOOD PROTECTION AND INCREASE WATER RECHARGE AT FLOOD CONTROL FACILITIES.

*Objective A: Continue to increase the annual volume of water recharge at District facilities.
Objective B: Continue to reduce risk of flooding by evaluating and improving District levees.*

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
1A. Acre-feet of water recharged at Flood Control District basins.	39,300	81,500	60,000	60,000	60,000
1B. Number of District Levee or Flood Control facilities studied to meet FEMA standards.	75	83	87	87	87

The recharge volume for 2010-11 was 81,500 acre-feet, which represents a significant increase from the previous year. This increase was a result of substantial rainfall across San Bernardino County and the State which raised many reservoirs to near capacity levels. These conditions made it possible for more State Project Water to be made available for groundwater recharge and provided opportunity for greater capture of storm water. Projections for the current year are expected to be somewhat less because this winter has been much drier than last year.

San Bernardino County Flood Control District

DESCRIPTION OF MAJOR SERVICES

The San Bernardino County Flood Control District (District) was created in 1939 under special state legislation. Since its inception, the District has developed a very extensive system of flood control and water conservation facilities, including dams, conservation basins, debris basins, channels and storm drains. The purpose of these facilities is to intercept and convey flood flows through and away from developed areas of the County, as well as to promote water conservation and improved water quality.

Budget at a Glance	
Total Expenditure Authority	\$141,861,716
Total Sources	\$89,568,195
Fund Balance	\$52,293,521
Total Staff	159

The District covers the entire County, including all of the incorporated cities. The District is divided into six geographic flood zones (in recognition of the different characteristics and flood control needs in various areas). Zone 1 encompasses the County's West End, from the Los Angeles and Riverside County lines to West Fontana. Zone 2 encompasses the central area of the San Bernardino Valley easterly of Zone 1 to approximately the Santa Ana River and City Creek demarcations. Zone 3 covers the East end of San Bernardino Valley, east of Zone 2. Zone 4 covers the Mojave River Valley region, from the San Bernardino Mountains to Silver Lakes. Zone 5 primarily includes the San Bernardino mountains. Zone 6 encompasses the remainder of the County not covered by other zones. The District has also established a countywide administrative zone (Zone 7). The District's funding is primarily derived from property taxes, federal and state aid on specific projects, subdivision and permit fees, rents and royalties, and revenue from local water agencies for water spreading services.

The District's principal functions are as follows:

Flood Protection on Major Streams: In cooperation with the federal government, the District conducts programs for channel and levee construction, floodwater retention, and debris basin maintenance. Programs or projects are often done in cooperation with the incorporated cities, the U.S. Army Corps of Engineers, and the U.S. Bureau of Reclamation.

Water Conservation: The District operates and maintains water conservation basins and spreading grounds. Water from the local mountains and Northern California is spread and percolated into the groundwater basins underlying the County. The District has numerous joint use agreements with water districts allowing use of District facilities for groundwater recharge.

Storm Drain Construction: The District is active in comprehensive storm drain master planning/construction and cooperates with incorporated cities and other agencies in storm drain projects.

Facility Maintenance: The District has a proactive maintenance program for its facilities. Regular inspections of the storm drains, channels, and basins are made as required by various state and federal agencies.

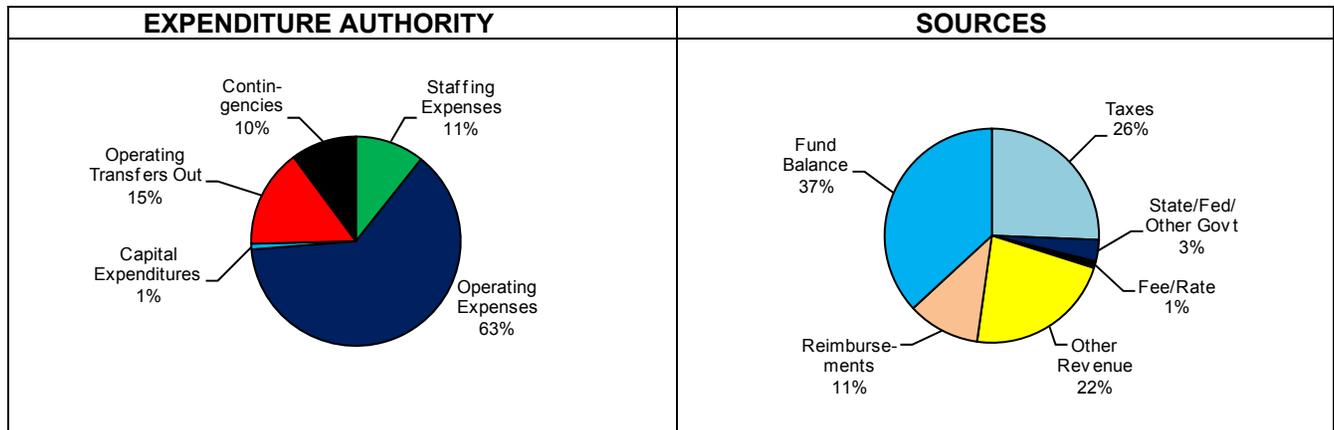

National Pollutant Discharge Elimination System (NPDES): The District is the lead permittee in the San Bernardino Valley area-wide NPDES permit with 16 cities as co-permittees. The NPDES program, through the State Water Quality Management Board, regulates storm water quality through very detailed and complex permits, which affect everyone within the Santa Ana River Watershed and is expanding into the high desert area of the Victor Valley under Phase II of the permit.

Flood Operations: During the flood season, the District maintains telemetry systems for monitoring rainfall and runoff and dispatches storm patrols as dictated by the projected severity of a storm. The District has access to a weather satellite data delivery system to provide state-of-the-art weather information. The system provides advance warning of major storm activity.

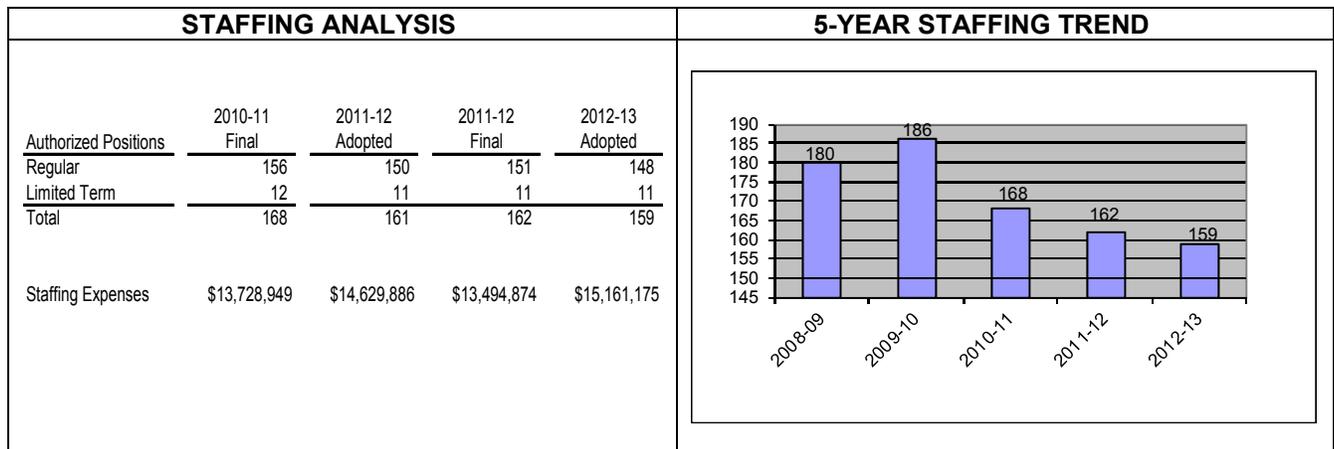

Flood Area Safety Taskforce (FAST): As a result of the October/November fires of 2003, the FAST organization was created. The District is a key component of this task force, which is meant to respond to the elevated flood risk associated with the aftermath of these devastating fires.

BUDGET CHANGES AND OPERATIONAL IMPACT

Appropriation is increasing by \$748,121 while departmental revenue is increasing by \$3,777,937. Additionally, departmental fund balance has decreased by \$3,029,816 primarily as a result of completion of several construction projects. While budgeted staffing decreased by 3 regular positions, staffing costs increased by approximately \$1.7 million due to retirement and negotiated labor agreement cost increases and budgeted vacant positions required by the Hazardous Tree Program and for emergency operations. Operating expenses increased by \$36.3 million primarily due to increases related to planned construction projects and a \$1.0 million increase in outside legal fees. Operating transfers out is increasing by \$8.8 million due to an increase in transfers between the District's zones. Reimbursements are increasing by \$1.9 million due to internal payroll distribution reimbursements increasing as a result of staffing costs rising and increases in labor reimbursements from the Transportation Division for work performed by the District's employees on Transportation projects.

Departmental revenue is increasing by \$3.8 million due primarily to a \$1.6 million increase in other revenue due to anticipated land sales in Zone 2. Taxes revenue reflects a less than 1%, or \$0.1 million, decrease in property taxes based on current year receipts. Fee/rate revenue reflect a \$0.6 million increase in fee revenue based on funding from the County Fire District for the Hazardous Tree program which was previously included in operating transfers in and an increase in permit activity. Operating transfers in are primarily internal cash transfers and are increasing by \$2.5 million based on the needs of the District.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses of \$15.2 million fund 159 budgeted positions to oversee administration, operations and maintenance of the District's facilities. Operating expenses of \$89.4 million includes: \$40.0 million in service contracts for construction project costs; \$9.1 million for legal expenses; \$8.4 million for bond payments; \$3.2 million in equipment usage charges, and \$16.9 million in transfers out of which \$13.3 million is for internal payroll distribution, \$3.1 million to pay the Transportation Division for work performed on District's projects and to reimburse for administrative costs, and \$0.5 million goes to other County Departments for reimbursement of costs for office supplies, bond management, human resources services, code enforcement, legislative affairs and other costs. Capital expenditures of \$1.2 million are primarily needed to purchase land and right of way for mitigation and/or construction purposes. Reimbursements are primarily to reflect internal labor distribution charges. The

District's primary revenue source is property taxes and it is budgeted at \$36.4 million. Other major revenue sources include governmental aid at \$4.6 million to partially fund Seven Oaks Dam maintenance, NPDES program and Cactus Basin number 3, and operating transfers in are from the County General Fund to fund the Rimforest Storm Drain project (\$5.9 million) and the NPDES program (\$1.3 million).

Programmatic Changes

Flood Control facility maintenance funding remains steady at \$7.5 million countywide. Construction of District projects are funded at \$44.7 million, with \$12.5 million being allocated from contingencies, and include the following construction projects: Cactus Basin number 3, Lytle, Cajon and Warm Creek Channels, Elder Creek Channel, Mojave River I-15 Levee, Amethyst Basin (Oro Grande), Mountain View Acres, Sheep Creek repair, and Donnell Basin Phase 1. In addition, the District is also anticipating working on the design, right of way, and/or environmental phases of the following projects: Rialto Channel at Riverside Avenue; Desert Knolls Wash; Hesperia Detention Basin; and Rimforest Storm Drain. Furthermore, the NPDES program is budgeted for a total of \$4.4 million and is funded by the County (\$1.3 million), the sixteen participating cities (\$1.8 million), and the District (\$1.3 million).

STAFFING CHANGES AND OPERATIONAL IMPACT

For 2012-13, the District is eliminating the following 3 regular vacant positions that are no longer necessary due to a reduction in workload and streamlining of duties within the District: 2 Public Works Engineer II's and 1 Public Works Operations Supervisor. In addition, a Public Works Engineer III was transferred to the Transportation Division and a Public Works Equipment Superintendent was transferred from the Transportation Division based on the needs to meet workload in both the District and the Transportation Division.

Flood Control Equipment

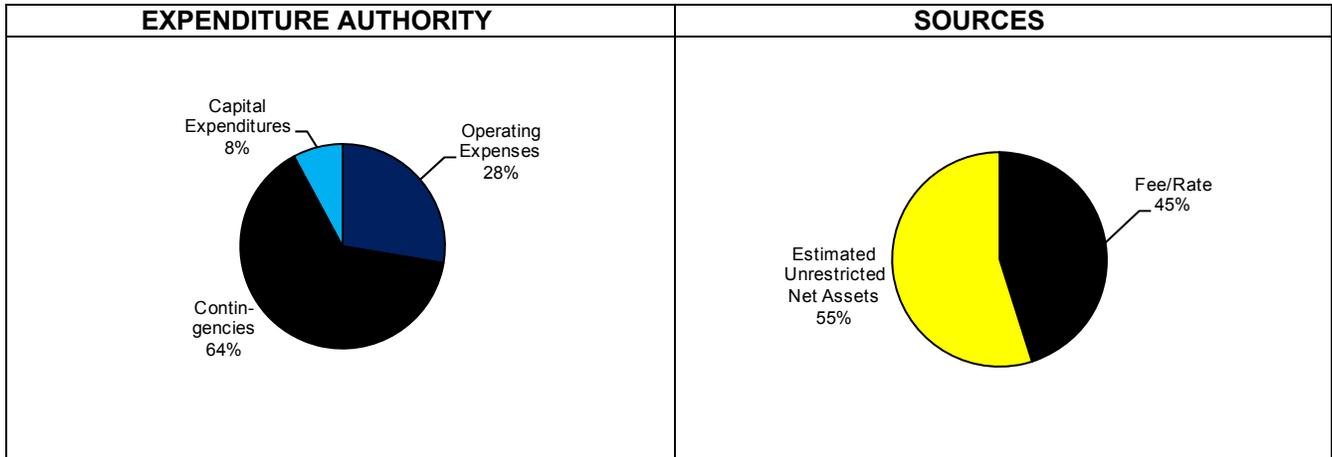

DESCRIPTION OF MAJOR SERVICES

The Flood Control District Equipment budget unit is an internal service fund established to fund the purchase and maintenance of all District vehicles and heavy equipment. This budget unit is funded by equipment user fee charges to the various Flood Control District zones and to other divisions within the Department of Public Works.

BUDGET CHANGES AND OPERATIONAL IMPACT

Flood Control Equipment Fund is decreasing appropriation by \$1,190,737 and increasing departmental revenue by \$11,300. The increase in operating expenses is primarily due to an anticipated increase in automotive repairs and maintenance charges. Contingencies decreased by \$1,169,468 and represents net cash available for future use. Fee/rate revenue is budgeted at \$3.0 million and is increasing slightly based on usage/rates of the District's heavy equipment fleet. The equipment is available for usage by both the District and the other divisions in the Public Works Department and is reimbursed when used for their projects and maintenance. The increase in sources is related to the slight increase in usage rates, a decrease in other governmental aid and a decrease in sales of fully depreciated equipment.

Additionally, capital expenditures are decreasing by a net \$115,000 due to less anticipated equipment purchases. Appropriation of \$530,000 represent the following purchases:

- \$5,000 for Airless Heavy Duty Paint Sprayer
- \$25,000 for Track Concersion Kit to replace a 2002 Caterpillar Skid Loader
- \$500,000 for Gradall Excavator to replace a 2003 unit

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Operating expenses make up the majority of the expenditures for this budget unit and consist of motor pool charges, equipment repairs, insurance costs and maintenance charges from the Fleet Management Department. Contingencies in the amount of \$4.3 million represent available net assets set aside for future use. Usage/rates of the District's heavy equipment fleet are the main revenue source.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.
