COUNTY OF SAN BERNARDINO

The County of San Bernardino’s 2013-14 Recommended Budget covers the period from July 1, 2013 – June 30, 2014. The budget consisting of the general fund, restricted funds, capital project funds, special revenue funds, internal service funds, and enterprise funds has a total appropriation of \$4.0 billion. Each department is responsible for operating within their budget and has the authority to spend up to the approved budget.

When developing their individual budgets, each department considers the following Countywide Vision and goals and objectives of the County of San Bernardino approved by the Board of Supervisors:

Countywide Vision Statement

The following Countywide Vision statement, was adopted on June 30, 2011, by the County Board of Supervisors and SANBAG Board of Directors.

We envision a complete county that capitalizes on the diversity of its people, its geography, and its economy to create a broad range of choices for its residents in how they live, work, and play.

We envision a vibrant economy with a skilled workforce that attracts employers who seize the opportunities presented by the county’s unique advantages and provide the jobs that create countywide prosperity.

We envision a sustainable system of high-quality education, community health, public safety, housing, retail, recreation, arts and culture, and infrastructure, in which development complements our natural resources and environment.

We envision a model community which is governed in an open and ethical manner, where great ideas are replicated and brought to scale, and all sectors work collaboratively to reach shared goals.

From our valleys, across our mountains, and into our deserts, we envision a county that is a destination for visitors and a home for anyone seeking a sense of community and the best life has to offer.

The County and SANBAG are now committed to facilitating discussions centered on how each of the nine following core vision elements can be effectively focused to implement the Countywide Vision for a complete community – one that affords all citizens an opportunity for healthy lifestyles, strong public safety and quality amenities. These discussions involve diverse stakeholders representing residents, employers, educators, community and faith-based organizations, and government.

- Jobs and the Economy
- Education
- Housing

Employee groups were established to organize internal Vision Element meetings and to develop a Paradigm and Job Statement that would define County government’s role in achieving the Countywide Vision. On April 10, 2012, the County Board of Supervisors approved the Paradigm and Job Statement. The Paradigm states that the County shall take responsibility for ensuring that efforts to achieve the Countywide Vision will be pursued, and the Job Statement simply states, “Our job is to create a county in which those who reside and invest can prosper and achieve well-being.” The first two Regional Implementation Goals developed through the Countywide Vision process focus on cradle-to-career assistance and creating a business-friendly environment. These goals were developed by external Vision Element groups and were jointly adopted by the County Board of Supervisors and the SANBAG Board on May 2, 2012. The Countywide Vision statement, report and related documents are available for review at www.sbcounty.gov/vision.

As part of the continuing effort to align resources with operational priorities, each department was asked to review existing performance measures to ensure alignment with the 2013-14 County Goals and Objectives. These measures should be realistic, easily quantifiable, and reflect progress on long-term multi-year strategic initiatives or the accomplishment of shorter-term tactical goals, that directly correlate to the identified County objectives and reflect activities within the department’s control. In addition, performance measurement progress will be updated and reported as part of each quarterly budget process.

The 2013-14 Recommended Budget book includes prior year accomplishments, departmental strategies to achieve County Goals and Objectives, and departmental performance measures to demonstrate if departments are meeting the County Goals and Objectives. The following page provides a brief synopsis of the County Goals and Objectives and a sample of specific department performance measures for 2013-14.

BUDGET PLANNING CALENDAR

ONGOING

Policy Direction - The Board of Supervisors provides ongoing policy direction to the Chief Executive Officer.

Significant Budgetary or Programmatic Impacts – Significant budgetary or programmatic changes and potential impacts are immediately communicated to the County Administrative Office and the Board of Supervisors to allow for timely decision-making and policy direction.

Year-End Estimates - Departments provide year-end estimates of revenues and expenditures to Finance and Administration on a monthly basis and any significant changes are addressed timely.

Quarterly Budget Reports - Each quarter the County Administrative Office brings an agenda item to the Board of Supervisors requesting modification to the adopted budget. These quarterly budget adjustments serve as a management tool to help each department assess the current environment, and anticipate and respond appropriately to that environment. In addition, the quarterly budget adjustments provide the Board of Supervisors with the most current information on County department revenues (sources) and appropriation (requirements) with which to base decisions, and serve as a guideline to lead the County in preparing the upcoming budget.

OCTOBER THROUGH DECEMBER

Capital Improvement Plan – Departments submit annual capital improvement requests for improvements to land or structures that exceed \$5,000. These requests include a project description and justification, financial impact, and funding source. The requests are evaluated and prioritized by Finance and Administration and provided to the Chief Executive Officer for comments and recommendations, and presented to the Board of Supervisors for final approval. In addition, departmental five-year capital improvement plans are updated to re-evaluate priorities based on changing circumstances, staffing levels, and available funding.

Fee and Internal Service Rate Development – Departments develop their recommended fee changes and internal service rate adjustments for the upcoming budget year and submit them to Finance and Administration for review and recommendation to the Chief Executive Officer, and to the Board of Supervisors for final approval. Departments are required to compute their full cost of service, capturing both direct and indirect costs associated with fees and internal service rates. Departments are able to recommend an alternate fee amount to the Board of Supervisors, if based on their knowledge, implementation of a full cost fee or internal service rate would not be beneficial.

JANUARY AND FEBRUARY

Five-Year Fiscal Forecast – Finance and Administration develops a Five-Year Fiscal Forecast of financial operations for general fund programs, projecting major revenues (sources) and expenditures (requirements), based on current service levels and expected future changes to those programs or service levels. The analysis includes the identification of trends, significant impacts, and recommendations, which are presented to the Chief Executive Officer for recommendation to the Board of Supervisors for final approval.

Budget Prep System – The in-house budget system is updated for changes in the various Memorandums of Understanding between the County and the various employee representation units.

MARCH AND APRIL

Budget Prep System – The system is opened up for departmental input in preparation of the budget submittal and internal training is conducted for all users of the system.

County Fiscal Plan – The upcoming five-year County fiscal plan is developed based on revenue projections and estimates for cost increases of ongoing costs for the five years. This plan includes the allocation of discretionary general funding (net county cost) and provides estimates of any remaining funding or shortfall needed to maintain current services.

Preparation of Recommended Budget – Departments develop their respective recommended budgets and submit them to Finance and Administration for review, and to the Chief Executive Officer for recommendation, and to the Board of Supervisors for final approval. General fund departments must budget within their respective net county cost allocations given to them based on the strategic plan.

APRIL THROUGH JUNE

Internal Service Rates – The rates charged by departments for services provided to other departments are brought before the Board of Supervisors for approval. In addition to rates for internal service funds, rates for services provided by general fund departments, such as Facilities Management, Human Resources, and Architecture and Engineering are also approved.

Fee Hearing – The Board of Supervisors conducts a public hearing on the Recommended Fee changes for the upcoming fiscal year. Approved fee changes are included in the Recommended Budget submittals to the Board of Supervisors.

Submission of Recommended Budget – The Recommended Budget Book is finalized and presented to the Board of Supervisors. The County Administrative Office publishes notices and schedules public hearings to discuss the Recommended Budget.

Budget Hearing and Adoption of Adopted Budget – The Board of Supervisors conducts a public hearing on the Recommended Budget. At this time, the Board may modify the Recommended Budget. All Board approved changes are incorporated into the Adopted Budget.

General Fund Budget Process

The County Administrative Office has the responsibility of developing the County fiscal plan for all general fund departments. This plan begins with a Five-Year Fiscal Forecast which is detailed in the Discretionary General Funding section of the Executive Summary. This forecast highlights what costs are planned to be incurred and the revenue projections in the upcoming fiscal year, as well as the next four fiscal years. The County uses this forecast to build their fiscal plan for the five years beginning 2013-14.

The County fiscal plan also focuses on the two restricted funding sources, Proposition 172, 1991 and 2011 Realignment. **Proposition 172** assists in funding the Sheriff/Coroner/Public Administrator, District Attorney, and Probation departments. **1991 Realignment** assists in funding the general fund departments of Human Services (well-being services for citizens), Behavioral Health, and Public Health for mental health, social services, and health programs. **2011 Realignment** assists in funding the general fund departments of Human Services, Sheriff/Coroner/Public Administrator, Probation, District Attorney, Public Defender and Behavioral Health for public safety, health and welfare programs.

For some departments, budgets are also built utilizing revenues generated from fees. On April 23, May 14, and May 21, 2013 the Board of Supervisors discussed fee changes as well as the fee process and held a fee hearing. The fee hearing is designed to take public testimony related to fee changes for the 2013-14 fiscal year. The majority of approved fees become effective July 1, 2013.

Due to the current economic conditions, there is limited funding available to fund the ongoing cost increases needed to maintain current services including countywide insurance, central services, and retirement cost increases. Therefore, the County Administrative Office develops a five-year fiscal plan focused on addressing the cumulative structural budget. For 2013-14, the budget is balanced due to ongoing measures implemented in the prior fiscal year which gave the County \$9.4 million to start next fiscal year. It is important to note that this fiscal plan does not include any potential impacts of the 2013-14 State Budget, which are unknown and unpredictable at this time.

The 2013-14 Recommended Budget is scheduled for hearing and adoption on June 12 and 13, 2013.

Other Funds Budget Process

In addition to the general fund, the County of San Bernardino has capital project funds, special revenue funds, enterprise funds, and internal service funds. All of these funds are restricted to the revenue sources they receive. Each department having these types of funds is responsible for developing its budget based on the revenue (sources) available to them. These sources include projected revenue to be collected in 2013-14 and any revenue not spent and carried forward from prior years (for example, fund balance for special revenue funds). These budgets will also be discussed during the Budget Hearing. When the Board of Supervisors adopts the recommended budget, they will also approve the necessary fund balance adjustments to special revenue funds to agree to the Auditor-Controller/Treasurer/Tax Collector's actual fund balance.

Amending the Adopted Budget

An operating budget is adopted each fiscal year for all Governmental Funds. Expenditures are controlled at the appropriation unit level within budget units for the County. Any increases in appropriation in a budget unit after adoption of the adopted budget will be submitted on a quarterly budget report placed on the agenda of the Board of Supervisors and a four-fifths vote is necessary for approval.

Transfers of appropriation within the same budget unit may be approved by the County Administrative Office depending upon the appropriation unit, unless noted below:

Transfer of Salaries and Benefits Appropriation:

- Transfers out require Board of Supervisors approval and should be included in a quarterly budget report.

Transfers of Fixed Asset Appropriation:

- Transfers in and out among the different fixed asset appropriation units are approved by the County Administrative Office as long as the total fixed asset appropriation does not increase.
- Transfers out of Fixed Asset Appropriation-
 - Transfers out increasing a non-fixed asset appropriation unit within individual Capital Improvement Program (CIP) project budgets are approved by the County Administrative Office as long as the total project budget does not increase.
 - Transfers out increasing a non-fixed asset appropriation unit are required to be included in the quarterly budget reports for Board of Supervisors approval, except within the CIP, as detailed above.
- Transfers in of Fixed Asset Appropriation-
 - Transfers in from a non-fixed asset appropriation unit to fund a unit value less than \$10,000 may be approved by the County Administrative Office.
 - Transfers in from a non-fixed asset appropriation unit to fund a unit value of \$10,000 or more are required to be included in the quarterly budget reports for Board of Supervisors approval.

Transfers impacting Operating Transfers Out Appropriation:

- Any changes to Operating Transfers Out are required to be included in the quarterly budget reports for Board of Supervisors approval.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Staffing expenses of \$6.1 million make up the majority of the Board of Supervisor's (Board) expenditures within this budget unit. Operating expenses of \$983,926 include COWCAP, phone services, office expenses, courier and printing charges, facilities management basic services, and travel related expenses.

The decrease of \$600,462 in net county cost reflects the reduction in funding which corresponds to the net change in costs of maintaining business operations.

BUDGET CHANGES AND OPERATIONAL IMPACT

Major changes for the Board include a reduction in operating expenses of \$711,306 primarily due to a reduction of \$608,025 in COWCAP charges and a decrease of \$36,703 in the amount of central services charges associated with Board facilities. Staffing expenses are decreasing by \$44,200 due to the mid-year elimination of a position which was funded via non-County sources.

For 2013-14 each district will receive an equal allocation of \$1,366,466 in net county cost, totaling \$6,832,333 across all five districts. In addition to this amount, each district will receive a share of augmentation funding based on the Board's augmentation plan which was adopted as part of the 2012-13 Budget Hearing and directed that \$214,257 be allocated amongst each district budget based on the percentage of unincorporated population. The 2013-14 Recommended Budget allocates the augmentation funding under the same methodology as in 2012-13 and is as follows:

Formula for Allocation of Staff Augmentation Funds			
Supervisory District	Population (Unincorporated)	% of Total Unincorporated Population	Allocation Amount
1	95,846	33%	70,382
2	59,401	20%	43,619
3	73,950	25%	54,303
4	13,117	4%	9,632
5	49,462	17%	36,321
Total	291,776	100%	214,257

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$6.1 million fund 48 budgeted positions of which 5 are regular positions and 43 are limited term positions.

For 2013-14 there is a net increase of 13 budgeted positions in this budget unit. While the newly elected Supervisors begin to add staff upon election, it is through the annual budget process that these positions are added into the budget. This increase represents the net change resulting from staff added by separate board agenda items throughout 2012-13 by the incoming supervisors and the deletion of positions from prior Supervisors' staffs.

Staffing changes are as follows (affected district noted in parenthesis):

Board Discretionary Fund

DESCRIPTION OF MAJOR SERVICES

Beginning in 1999-00, \$1.0 million was allocated evenly between the five supervisorial districts as board discretionary funding for priority policy needs that may be identified during the fiscal year. In 2005-06, the annual allocation was increased to \$2.0 million, and in 2006-07 it was increased to \$2.5 million. During 2008-09, the annual allocation was increased to \$3.75 million, which was maintained for 2009-10. The annual funding for 2010-11 was decreased to \$2.25 million and was subsequently transferred into the Board of Supervisors (Board) operating budget as part of the County's First Quarter Budget Report, which was approved by the Board on November 2, 2010. In 2011-12, the Board began obligating the remaining balance of funds via the County quarterly budget reports. Once approved, allocations are to be expensed within twelve months and existing allocations not spent within a fiscal year are carried over to the subsequent fiscal year by district. There is currently no ongoing funding recommended to be included in this budget unit. County Policy 02-18 provides that these funds are to be exhausted by the end of Fiscal Year 2015-16, and any remaining unspent funds are to be returned to the County general fund.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Requirements of \$6.4 million represents an estimate of unspent requirements carried over from prior fiscal years to support various community programs and projects that promote the health, safety, well-being, and quality of life for County residents. Operating expenses make up the majority of expenditures within this budget unit and includes allocations made directly to local agencies and non-profits as well as allocations to County departments to support various public works and community improvement projects.

BUDGET CHANGES AND OPERATIONAL IMPACT

These funds are utilized by Supervisorial Districts to support community programs and projects. In accordance with County Policy 02-18, these funds are allocated at the sole discretion of the Supervisor within his or her own Supervisorial District. On February 7, 2012, the Board adopted an amendment to County Policy 02-18 which revised the policy related to the administration of these funds. In addition to new procedures regarding the administration of these funds, the amended policy also provides that these funds are to be exhausted by the end of Fiscal Year 2015-16, and any remaining unspent funds are to be returned to the County general fund.

The 2013-14 recommended budget estimates a reduction in requirements totaling \$3.8 million representing payments made to support community programs and projects during the 2012-13 fiscal year. As of the Third Quarter Budget Report on May 7, 2013, funds remaining to be obligated by the Districts totaled \$3.4 million. The 2013-14 recommended budget is an estimate of available requirements and will be reconciled to actuals in the 2013-14 adopted budget. There is currently no ongoing funding included in this budget unit.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this unit.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

The majority of the COB expenses consist of staffing expenses to support functions of the Board of Supervisors and Assessment Appeals processing. Operating expenses of \$1.1 million include costs related to office supplies, vendor service contracts, Application Development Maintenance and Support Costs and assessment appeals costs. This budget includes \$13,000 in fixed assets to fund a network infrastructure upgrade to support the implementation of a new contract for video streaming hosting services which will provide public access to live and archived Board of Supervisor’s meetings and other streamed events.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$491,696 which includes an increase of \$182,039 in staffing expenses due to the addition of 1 Staff Analyst II and 1 Board Services Specialist position as well as higher retirement costs. Increases in operating expenses totaling \$296,657 are primarily associated with higher COWCAP charges and the inclusion of Information Technology charges in the COB's budget. Sources are decreasing by \$57,560 primarily due to an anticipated reduction in the number of Assessment Appeals applications and fewer environmental notice filings.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$1.3 million fund 15 budgeted positions of which 12 are regular positions and 3 are limited term positions.

Staffing changes for 2013-14 include the addition of 1 Staff Analyst II and 1 Board Services Specialist. The Staff Analyst II position will perform records retention and management duties, assume budget, fiscal and reporting duties, and other administrative functions within COB. The Board Services Specialist position will be assigned to reception, perform the majority of the business license duties and provide back up for agenda related functions. The addition of these positions will reduce the reliance on hiring temporary help, provide relief for the existing workload, and achieve the departmental goal of providing consistent customer service and training.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Staffing expenses represent the majority of the Department's requirements for 2013-14. Also included are expenses for expert witnesses, professional services, equipment replacement, publications, travel/training, computer charges, and facility costs. These expenses are primarily offset through reimbursements and revenue received from clients for providing services.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements decreased by \$38,264 due to decreased staffing costs from the elimination of 4 vacant positions, partially offset by increased operating expenses of \$64,989.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$12.8 million fund 85 budgeted positions of which 80 are regular positions and 5 are limited term positions. The 2013-14 budget includes the deletion of 4 vacant positions (1 Executive Secretary II; 1 Office Assistant III; 1 Extra-Help Principal Assistant County Counsel; 1 Extra-Help Paralegal). The deletion of these positions is expected to have negligible impact on departmental operations.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Operating expenses make up the majority of the Department's expenditures within this budget unit. These expenses include \$10.2 million for the purchase of fuel, \$5.0 million for the purchase of automotive parts and sublet services, \$2.7 million to reimburse County Fire for salary and benefit costs of 26 Vehicle Services' positions, and \$1.3 million for intra-fund charges for maintenance and repairs.

Sources of \$18.6 million primarily represent reimbursements from other County departments and outside agencies for fuel supplied and vehicle maintenance and repair services performed.

BUDGET CHANGES AND OPERATIONAL IMPACT

In 2013-14 a new Garage Earned Leave fund was created to establish an earned leave program to ensure that the Department has funding set aside to pay earned leave expenses. Requirements for the Garage fund have increased by \$3.8 million primarily due to an anticipated increase of \$1.2 million in demand for automotive parts for servicing County Fire's vehicles and equipment, an increase of \$2.5 million in salaries and benefits operating transfers out to reimburse County Fire for salary and benefit costs, and \$0.1 million for the earned leave program. Sources are increasing by \$4.2 million, which includes reimbursements from County Fire for automotive parts, services performed, and the associated overhead revenue, as well as operating transfers in for the earned leave program.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$7.3 million fund 84 budgeted regular positions. The 2013-14 recommended budget includes an increase of 3 positions, consisting of 1 Motor Pool Assistant, 1 Fiscal Assistant, and 1 Custodian I. In addition, the budget includes a reclassification of 1 Equipment Parts Specialist I to a Stores Specialist and 1 Garage Services Assistant to a Fiscal Assistant to more accurately reflect the duties and responsibilities of the positions.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Operating expenses make up the majority of the budget unit's expenditures. These expenses include transfers to the Garage fund of \$4.6 million for vehicle maintenance and repairs, \$3.4 million for fuel, and \$1.1 million for auto liability insurance costs.

Capital expenditures include \$5.0 million for the purchase of new vehicles and equipment. These expenditures include an approximate distribution of \$3.7 million for the purchase of trucks/sport utility vehicles, \$0.7 million for vans, and \$0.6 million for sedans.

Sources of \$14.7 million include \$7.7 million from variable/per-mile revenue, \$6.4 million from monthly fixed charges, and \$0.5 million from auction proceeds.

BUDGET CHANGES AND OPERATIONAL IMPACT

Major changes for the Motor Pool fund include a decrease in capital expenditures of \$1.5 million primarily due to a decrease in the number of assigned vehicles that have exceeded the replacement life cycle. The Department uses a nationally recognized, state-of-the-art, "life cycle cost" financial model to determine the optimal vehicle/equipment replacement point. Additionally, operating expenses are increasing by \$1.0 million primarily due to an increase in auto liability insurance and maintenance and repair costs, and is offset by a decrease in fuel costs due to actual average cost and usage trending lower than estimated in the previous budget.

Sources are increasing by \$1.5 million primarily due to an increase in monthly fixed charges, which includes new revenues for monthly fixed insurance charges for vehicles owned by the Human Services Department, as well as an increase in variable/per-mile revenue.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$225,005 fund 3 budgeted regular positions. Total budgeted staffing includes no change compared to the 2012-13 modified budget.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Staffing expenses make up the majority of the Department's expenditures within this budget unit for 2013-14. These expenses are necessary primarily in order to provide human resources services to the County's approximately 18,000 employees. Sources primarily represent revenue from WRIB memberships and reimbursements from other departments for administrative services provided.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing primarily as a result of Application Development Maintenance and Support costs of \$972,472 now being budgeted directly in the Department. In addition, the reorganization of 5 EMACS personnel that were transferred to Human Resources in the first quarter of 2012-13 resulted in an increase in requirements based on full year funding. Sources for this budget unit have increased due to increased revenue from other departments for advertising and Civil Service hearings.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$8.8 million fund 79 budgeted regular positions. The budget includes a reclassification of 1 Human Resources Analyst III to a Human Resources Officer II, which does not have any financial impact. In addition, the budget includes a reclassification of 1 Human Resources Officer III to a Human Resources Division Chief position within the Employee Relations Division.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Staffing expenses are the majority of the Department's expenditures within this budget unity for 2013-14. These expenses are necessary to manage the County employee health, dental, vision, life insurance, voluntary retirement and integrated leave plan benefits. Sources of \$3.0 million primarily represent revenue from Administrative Fees for managing the employee benefit programs.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$2.5 million fund 28 budgeted regular positions. While there have been no changes in the total number of staff in this budget unit, the Human Resources Benefit Chief was reclassified to a Human Resources Division Chief. This is strictly a title change with no impact to salaries and benefits.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Major expenditures included in the 2013-14 budget represent requirements for staffing. The staff in this budget unit support business systems and applications. Application Development sources are generated from the chargeback of the expenditures for the maintenance, support, and enhancements of computer applications for both County departments and external customers that are not funded by net county cost. Computer software and hardware expenditures are critical for the support of all Application Development, Geographical Information System, and Multi-media work. Internal overhead expenditures are also critical to support all administrative functions provided to these divisions.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$12.6 million fund 99 regular budgeted positions and 1 contract budgeted position and are increasing by \$808,688. This increase is a result of transferring 3 business system analyst positions from ISD's Computer Operations budget unit, and adding 2 programmer positions. Additionally, the cost to maintain salaries and benefits for existing staff has increased due to various retirement and risk management costs.

Operating expenses of \$3.4 million are decreasing by \$219,414 due to a reduction to central services as well as a reduction to Application Development charges for GIS. Operating expenses primarily include IT contractor services, computer software, computer hardware, aerial imagery flyover, central services and internal overhead allocations.

Capital expenditures have been eliminated for 2013-14 as the expenditure for Multimedia workstations is no longer needed.

Reimbursements of \$238,256 are increasing by \$213,296 due to a new reimbursement from Department of Behavioral Health to fund 2 new programmer positions.

Sources of \$13.7 million are increasing by \$5.8 million due to the replacement of revenue from charges for Application Development maintenance and support that was previously received in net county cost. Revenue consists of Application Development charges, GIS programming, aerial imagery, and Street Network subscription services.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$12.6 million fund 100 budgeted positions of which 99 are regular and 1 is a limited term position. Budgeted staffing has increased by 6 positions with the addition of 3 Business System Analyst positions transferred from ISD’s Computer Operations budget unit and the addition of 2 Programmer positions required for Department of Behavioral Health projects. All new positions are offset with revenue and reimbursements. Additionally, the contract position was approved by the Board of Supervisor’s on April 9, 2013 (Item No. 52).

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Staffing expenses of \$12.6 million fund 116 regular budgeted positions. The net decrease of \$503,650 is due to the deletion of 3 regular positions and 1 extra help position, and the transfer of 2 positions to ISD's Application Development budget unit due to a realignment of workload. These decreases were offset by increases in retirement expenses.

Operating expenses of \$16.8 million include costs of computer software, application development support and maintenance charges, equipment maintenance, services provided by Facilities Management, travel and transfers out. The net decrease of \$1.4 million is a result of a decrease in COWCAP charges, application development enhancement charges and internal Admin/Fiscal allocation costs.

Capital expenditures of \$2.6 million include equipment and software purchases. Equipment purchases of \$2.1 million represent \$1.11 million for regular equipment replacement, \$670,000 for data storage growth for County departments and \$400,000 for unplanned requirements. Equipment purchases are increasing \$545,000 because of the expected need for storage growth for other County departments. Capitalized software purchases of \$495,233 are for the purchase of software licenses and is decreasing by \$125,000 due to a reduction in need.

Reimbursements of \$9.4 million are for internal administrative allocations and intra-fund revenues. The decrease of \$1.7 million is due to the elimination of the space charges reimbursement from Telecommunication Services with the change in processing IT support charges to various County departments through the billing system.

Operating transfers out of \$1.5 million represent the ongoing costs expected for the Data Center Electrical Capital Improvement Project.

Sources of \$22.9 million are comprised of central computer revenues and other information technology services revenue. The increase of \$1.3 million for fee/rate revenue results from billing for services previously reimbursed by County departments and increases in service demand. The decrease of \$574,000 in other revenue is due to a reduction in use of unrestricted net assets.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$2.4 million primarily due to a decrease of \$1.2 million in COWCAP and the \$2.6 million decrease in operating transfers out from the Data Center Electrical Capital Improvement Project. These decreases are being offset by decreases in by approximately \$1.6 million in reimbursements.

Sources are increasing by \$736,712 due to billing for services previously reimbursed by County departments and increases in service demand.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$12.6 million fund 116 budgeted regular positions.

Computer Operations recommends the following staffing changes:

- Delete 1 Extra Help Information Services Division Chief as it is no longer needed.
- Reclass the Assistant Chief Information Officer to a Department Technology Chief to better align with job duties.
- Reinstated a Business Application Manager as a result of a departmental reorganization.
- Delete 3 IT Account Representatives as a result of a departmental reorganization.
- Transfer 1 Secretary I to Computer Operations due to a departmental reorganization.
- Transfer 3 Business Systems Analyst III from Computer Operations due to a departmental reorganization.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Staffing expenses of \$10.6 million are a primary expense for the Department. These expenses fund 95 regular budgeted positions that are responsible for the maintenance and administration of the County's phone network, radio system, paging system, the Wide Area Network and the Countywide microwave system.

Operating expenses of \$19.9 million are the primary expense for the Department and have been reduced by \$1.2 million. These expenses fund telephone and communications related costs.

Capital Expenditures of \$6.1 million for the following equipment purchases:

- Radio system enhancement equipment - \$2.8 million, to be purchased from Motorola, a sole source vendor.
- Telephone Equipment Replacement - \$500,000.
- Microwave Radios - \$168,500; microwave test equipment - \$30,000, to be purchased from Aviat, a sole source vendor.
- An Eltek 600-Amp System - \$7,500.
- MIMO Radios - \$45,000, to be purchased from Motorola, a sole source vendor.
- Equipment in the event of catastrophic events/unplanned requirements to be expended only as needed - \$400,000.
- Communications installation and maintenance test equipment - \$60,000
- Data center switch enhancement and WAN acceleration equipment - \$400,000.
- Equipment for Contact Center - \$780,000
- Hardware purchase for VOIP - \$400,000
- Equipment replacement - \$500,000

Sources of \$28.3 million include the revenue from the many services the Department provides. Two primary services include the Telephone and Radio systems which support a multitude of internal and external customers. This revenue supports the mission critical services that customers rely on to provide public safety and in the pursuit of the County's overall goals and objectives. In 2013-14, sources will be used to fund infrastructure

enhancements and upgrades to the telephone and radio systems, as well as, software to administer these respective systems to ensure the efficient operation of critical systems.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$10.7 million fund 95 regular budgeted positions and are increasing by \$559,205 due to the addition of 5 operations positions and deletion of 2 support positions.

Operating expenses of \$20.0 million primarily fund telephone and communications related costs and services, travel and transfers. These costs are decreasing by \$1.2 million as a result of decreases in application development enhancement charges, decrease in transfers for space charges, and an increase in application development support and maintenance charges.

Reimbursements of \$6.4 million represent payments of administrative costs by individual service departments within the Telecommunication Services budget unit. The \$360,138 increase is due to an increase in administration unit services and supplies reimbursements.

Operating transfers out are decreasing by \$43,407 due to complete repayment of policy item funding for the Disaster Recovery project.

Sources of \$28.3 million includes the following services: telephone, voicemail, toll free 800 numbers, rack space rental, pagers, 800 MHz radio access/maintenance, mobile data computer access, dispatch console maintenance, communication installation labor, electronic maintenance labor, and WAN service charges. The decrease of \$526,978 is due to an overall reduction in rates.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$10.7 million fund 95 budgeted regular positions. The budget includes the addition of 5 positions due to workload requirements: 1 Network Analyst, 2 Systems Support Analyst IIIs, 1 Equipment Parts Specialist, and 1 Communication Technician I. These additions are offset by the deletion of 1 Fiscal Specialist that is no longer needed and the transfer of 1 Secretary I to Computer Operations as a result of departmental reorganization, resulting in a net increase of 3 positions.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Operating expenses make up the majority of the Department's expenditures within this budget unit for 2013-14. Major expenditures include approximately \$2.6 million in expenses for the countywide office supply program and equivalent reimbursements from user departments.

Sources of \$557,076 include \$292,492 from the service charge for administering the County office supply program and consolidated billing, as well as \$264,584 from various rebate agreements associated with Countywide procurement programs.

BUDGET CHANGES AND OPERATIONAL IMPACT

Overall requirements are increasing by a net of \$32,303 and include increases in staffing expenses, reductions in capitalized software, and reductions in reimbursements associated with the elimination of one position which was partially funded by the department's various internal services funds. Overall sources are decreasing by \$291,092 due to the elimination of one-time pass through revenue associated with the transition to a new vendor for countywide records management.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$1.8 million fund 20 budgeted regular positions and also includes funding for two reclassification requests currently under review in Human Resources. To meet workload requirements and enhance service delivery to County departments, the following staffing changes are requested and result in a net increase of three budgeted positions:

Additions

- 1 Staff Analyst I for contracts analysis and development.
- 1 Staff Analyst II for budgetary and policy work.
- 2 Buyer II positions to manage workload and assist with product trials, program implementation, and aggregation of demand.
- 1 Buyer III position to be assigned to the medical center, focusing on contracting and complex service procurements.

Deletions

- 1 Business Systems Analyst III which is vacant due to the incumbent having been transferred to a vacancy in another department in order to allocate the funding to procurement. The Department will be utilizing the Information Services Department for systems support on an as-needed basis
- 1 Accounting Technician which was added in 2012-13 but never filled.

Reclassifications

The Department has requested that Human Resources review 1 filled Staff Analyst II position and 1 filled Administrative Supervisor I position for consideration of reclassification. These positions have undertaken higher level duties related to functional configurations and processes for the electronic procurement system, and broad administrative management responsibilities across Purchasing divisions, respectively. While funding of \$38,840 has been included in this budget, the Department will present a recommended classification action for Board approval when the study has been completed by Human Resources.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Operating expenses of \$2.7 million fund the costs of materials, outside printing services, lease costs for production copiers and purchases of equipment.

Expenses are charged to County departments and outside agencies through the rates that the Department prepares annually. For 2013-14, the Department recommends that rates remain the same, but a rate study will be conducted to determine the rates to be charged to adequately fund operations.

In 2013-14 the Division is recommending \$39,000 in capital expenditures, a decrease of \$36,000 from the prior year. This will fund the purchase of replacement computer equipment for the graphic designer team as well as enhance the Division's networked storage infrastructure.

Sources of \$3.9 million represents projected revenue from rates charged to departments for black and white copies, color copies, graphic design services and outside printing services.

BUDGET CHANGES AND OPERATIONAL IMPACT

Overall requirements are increasing by \$325,593 due to increases in staffing and operating expenses. An increase of \$136,005 in staffing expenses is primarily due to budgeted staffing increasing by one position, a reclassification of an existing filled position, as well as incremental increases in retirement costs. Operating expenses are increasing by \$225,588 as a result of budgeting to more closely match the current workload. The largest increases are attributed to materials, new computers and software for the graphic designers, and the use of outside printing vendors.

Sources are increasing by \$507,311 to more closely match the current revenue trends as well as anticipated increases in revenue workload due to the addition of the Graphic Designer position.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$1.1 million fund 15 budgeted regular positions.

Changes within the 2013-14 recommended budget include the addition of 1 Graphic Designer I position which is recommended to be transferred from the Economic Development Agency (EDA) to Printing Services. Upon approval of the budget, the position and incumbent will be transferred to Printing to handle increasing workload within the Printing Division, but to also allow EDA to reduce budgeted staffing based on reductions in the need for a full-time graphic designer position.

In addition, a reclassification is requested for a Bindery Equipment Operator to a Reproduction Equipment Operator I to reflect duties performed and also give the Division more flexibility when assigning work.

Surplus Property and Storage Operations

DESCRIPTION OF MAJOR SERVICES

Surplus Property and Storage Operations manage County storage and excess property, internally reallocating used items to departments, distributing equipment to approved community-based organizations, and contracting with auctioneers and recyclers. Detailed reporting is required under County policy and state law.

As an Internal Service Fund (ISF) of the Purchasing Department, operational costs of this program are managed through user rates. Unrestricted net assets available at the end of a fiscal year are carried over for working capital or equipment replacement. Any excess or shortage in fund balance is reviewed and incorporated into the rate structure for the following fiscal year.

On February 26, 2013, (Item No. 42), the Board approved changes to the rate structure. The hard drive wiping and the per-item handling rates were eliminated, the storage rate was increased, and a 0.5% rate will be assessed on encumbrances of commodities frequently received at Surplus Property.

This rate change addresses the projected overspending of unrestricted net assets. However, plans for any significant discretionary expenditures will be monitored closely and perhaps delayed until this budget unit is adequately funded.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Overall requirements of \$370,581 consists primarily of operating expenses which includes COWCAP, insurance charges, facilities charges, professional services, and transfers for a share of services provided by administrative staff budgeted in Purchasing's general fund budget unit. Sources of \$375,000 include auction revenue, revenue from the new rates, and proceeds from recycling with outside vendors. It also includes reimbursement from Human Services for the participation of Community-Based Organizations in the Surplus Property program.

BUDGET CHANGES AND OPERATIONAL IMPACT

Overall requirements of \$370,581 are flat versus the prior year due to slight increases in staffing expenses which are offset by slight reductions in operating expenses. Overall sources are anticipated to increase by \$106,955 based on recent changes in surplus rates. On February 26, 2013 (Item No. 42), the Board approved a change to the rate structure of Surplus Property. Storage rates increased from \$.33 per cubic foot to \$.38 per cubic foot. In addition, the computer hard drive certification rate and the per-item handling rate were eliminated. In place of the previous handling rate structure, a new rate of 0.5% was established and will be assessed on encumbrances of the types of commodities that are most frequently received at the Surplus Division for recycling, auction or other disposal. These rate adjustments are anticipated to result in an increase of \$106,955 in revenue and ensure the long term financial sustainability of the Division.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$126,348 fund two budgeted regular positions. No staffing changes are planned at this time. The current staffing levels are able to manage the workload with careful planning for staff absences.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Operating expenses represent the majority of this budget unit's expenditures totaling nearly \$5.6 million. The single largest expenditure (approximately \$4.5 million) within this budget unit is postage which the Department expenses on behalf of County departments and gets reimbursed through Board approved rates.

Sources totaling \$6.7 million represents payments from departments for mail handling and mail delivery for direct postage costs and the rate charged to provide services.

BUDGET CHANGES AND OPERATIONAL IMPACT

Increases in requirements totaling \$346,600 include increasing postage costs from the USPS and increased vendor costs to provide services.

Sources are increasing by \$252,996 due to the increasing postage costs from the United States Postal Service. The Department plans to conduct a rate study during the summer of 2013 to ensure that the current rate structure adequately funds the Division's operations and maintains the recommended level of unrestricted net assets.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$1.4 million fund 25 budgeted regular positions. There are no staffing changes included in the 2013-14 recommended budget. The current staffing levels are able to manage the workload with careful planning for staff absences.

RISK MANAGEMENT Hueston Whiteside

DEPARTMENT MISSION STATEMENT

Risk Management seeks to minimize the frequency and severity of financial loss to the County through an Integrated Risk Management Program that includes identification and assessment of exposures that can result in loss, effective risk reduction and loss prevention programs for identified risks, aggressive claims management, and fiscally responsible risk financing and recovery.

ORGANIZATIONAL CHART

2012-13 ACCOMPLISHMENTS

- Adjusted all liability and workers' compensation claims and their resultant liabilities have been adjusted to reflect reserves for the life of the claim. This adjustment enables the County to see incurred losses today and into the future for loss modeling and funding purposes.
- Enhanced the County's Workers' Compensation insurance program to reflect the healthy status of reserve funding and appropriately account for catastrophic events. The new program will insure that in the event a catastrophic loss the County's assets will be protected all while saving the County over \$250,000 per year in premiums.
- Completed a major digitizing effort which reduces waste, lowers cost and improves document retrieval efficiency. This effort will provide dividends into the future as less storage space will be required and instant retrieval of vital documents and insurance policies will improve information flow and speed the rate at which losses are recovered.
- Completed the final stages of the Department's virtual classroom and the deployment of online "live" training to employees and supervisors. This training modality allows County employees and supervisors to attend live training while at their home base. Interactive computer input allows the instant administration of questions, answers and examinations from remote locations while achieving the retention rate of live training. This modality saves the County from unproductive travel time and travel related expense while increasing convenience and participation.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Staffing expenses of \$5.5 million make up the majority of the Department’s expenditures within this budget unit for 2013-14. These expenses fund 58 budgeted positions and are necessary to administer the County’s insurance programs.

Sources of \$6.4 million are primarily made up of operating transfers in from the insurance funds which are funded through Board of Supervisor’s approved premiums paid by departments, Board-Governed Special Districts, and County Service Areas.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$20,517 based primarily on the increase in salaries and benefits which is offset by the decrease of the COWCAP allocation.

Sources are increasing by \$4,483 primarily due to lower operating transfers in from the insurance funds. This also includes unchanged administrative fee revenue from the Emergency Medical Services Program of \$110,000 and an expected increased level of interest revenue.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$5.5 million fund 58 budgeted regular positions.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Operating expenses of \$86.6 million include judgment and settlement costs, medical treatment and expenses, temporary disability and loss earnings, property insurance, and legal defense services.

Operating transfers out of \$7.2 million include \$6.2 million in funding to the Operations budget unit and \$1.0 million in reimbursements to departments for claims costs. The \$592,272 increase represents increased program administration expenses.

Sources of \$65.5 million include \$63.6 million in insurance premiums collected from user departments.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$925,687 due to increases in operating transfers out for administration expenses and due to ongoing costly settlements and increased liability claim experience. Additionally, there are increased medical claims costs in workers' compensation and premiums for excess insurance are also expected to increase.

Sources are decreasing by \$2.3 million due primarily to less insurance recoveries and anticipated interest revenue.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit. Staff that administers these insurance programs are budgeted in Risk Management's Operations budget unit.

ARROWHEAD REGIONAL MEDICAL CENTER

Patrick Petre

DEPARTMENT MISSION STATEMENT

The San Bernardino County Arrowhead Regional Medical Center is a safety net hospital with the primary mission of providing quality healthcare—a basic necessity of humankind—to the residents of San Bernardino County. We continuously strive to improve the health of the communities we serve and become the provider of choice for healthcare delivery and education.

ORGANIZATIONAL CHART

2012-13 ACCOMPLISHMENTS

- Continued implementation of the Low Income Health Program called ArrowCare, in conjunction with other County of San Bernardino health departments, providing comprehensive health care to thousands of uninsured county residents. The program serves as a bridge to health care reform.
- Joined with the departments of Behavioral Health, Public Health, and Human Services to successfully administer the low-cost health coverage program known as ArrowCare and the new “co-location” health care center in Rialto. A creative approach to health care, the co-location center has enabled area residents to access dozens of services all under one roof. The center includes Arrowhead Regional Medical Center’s (ARMC) Westside Family Health Center, A Public Health Women’s, Infant and Children (WIC) office, and various Behavioral Health Services.
- Finalized installation of a Dual Purpose Angiography laboratory and new Computed Tomography scanner, two major equipment upgrades that will mark a new era in state-of-the-art care for ARMC patients.
- Largely through extensive facility and health care service expansion, ARMC continued to generate jobs – a high percentage of them in the well-paying supervisory, professional and management classifications. In the past two years, ARMC has hired approximately 350 new employees.
- Continued to operate many training programs for health care professionals – including 10 physician residencies – that are feeding the local jobs “pipeline.” This is crucial to job growth, especially in a sector that is seeing severe shortages in doctors and other health care professionals.
- Opened a new and larger Westside Family Health Center, which was expanded from 12 exam rooms to 21 and from 7,000 square feet to 15,000, and is housed in a new co-location facility in Rialto.
- Received American College of Surgeons (ACS) verification for the trauma center for a third time, a unique distinction that demonstrates it has met the highest national standards for the treatment of injured patients.

- Received a two-year stroke center recertification from the Healthcare Facilities Accreditation Program. This designation demonstrates that ARMC has achieved the highest national standards to provide the best care available for patients suffering a stroke.
- Expanded its Breath Mobile service to the High Desert, with service to sites including Adelanto, Apple Valley, Barstow, Hesperia, Phelan, Victorville and Trona. ARMC’s two Breath Mobiles provide pediatric asthma care management at sites throughout the County of San Bernardino.
- Received a \$100,000 grant from the California HealthCare Foundation (CHCF) to build on its successful Lean management initiatives, which are designed to improve patient outcomes in specified areas through better operational efficiency.
- Received two prestigious Achievement Awards from the National Association of Counties, for a cancer awareness and screening event designed to reduce the incidence of cancer and for a program conducted with Children and Family Services providing foster youth with an opportunity to gain experience in and knowledge of health care careers.
- Awarded two grants from the Children and Families Commission for San Bernardino County (First 5) that enabled the Medical Center to continue its successful dental screening program and asthma and allergy services provided on its Breath Mobiles.

Arrowhead Regional Medical Center

DESCRIPTION OF MAJOR SERVICES

Arrowhead Regional Medical Center (ARMC) is a state-of-the-art acute care facility embracing advanced technology in all patient and support areas. ARMC offers the latest in patient care by providing a full range of inpatient and outpatient services, three off campus and one on campus community health centers, Department of Behavioral Health's inpatient activities and numerous specialty services. Freeway access, shuttle service and close proximity to an Omnitrans bus hub make ARMC convenient to County residents.

ARMC and Behavioral Health facilities are comprised of 456 (90 in Behavioral Health and 366 in ARMC) inpatient rooms, most of which are private. The Emergency Department is a Level II Trauma Center and consists of 15 observation rooms, 8 treatment rooms, 3 law enforcement holding rooms, 8 trauma rooms and a 9 bay Rapid Medical Emergent Treatment area to expedite treatment and improve throughput. The helicopter landing area can accommodate both standard Medi-Vac helicopters and military helicopters. The outpatient care center consists of 109 examination rooms and 8 procedure rooms.

The campus houses five buildings which also serve to outline the definitive services/medical center functions: Acute Hospital, Behavioral Health, Outpatient Care Center, Diagnostic and Treatment and the Central Plant.

Inpatient Care: Inpatient services provide curative, preventative, restorative and supportive care for general and specialty units within the General Acute Care Hospital, Behavioral Health Hospital and Home Health. Care is coordinated among multiple care providers responsible for patient care twenty-four hours a day. Nursing functions as a primary interface with patients, families and others, and is often the interpreter for the hospital experience and treatment plan. Education is a primary focus, and ARMC offers numerous Residency Programs for the training of physicians in Family Practice, Emergency Medicine, Surgery, Neurosurgery, Women's Health, and Internal Medicine.

Outpatient Services: Outpatient Care is an integral part of our multifaceted healthcare delivery system offering a wide range of emergency, primary, preventive, chronic, follow-up and specialty care in an ambulatory care setting. Visits have exceeded 250,000 annually exclusive of the Emergency Room volume. Mobile services have been expanded to one Mobile Clinic and two Breath Mobile units for a total of three. This will allow clinical services to be delivered in outlying areas and county emergencies when it is needed.

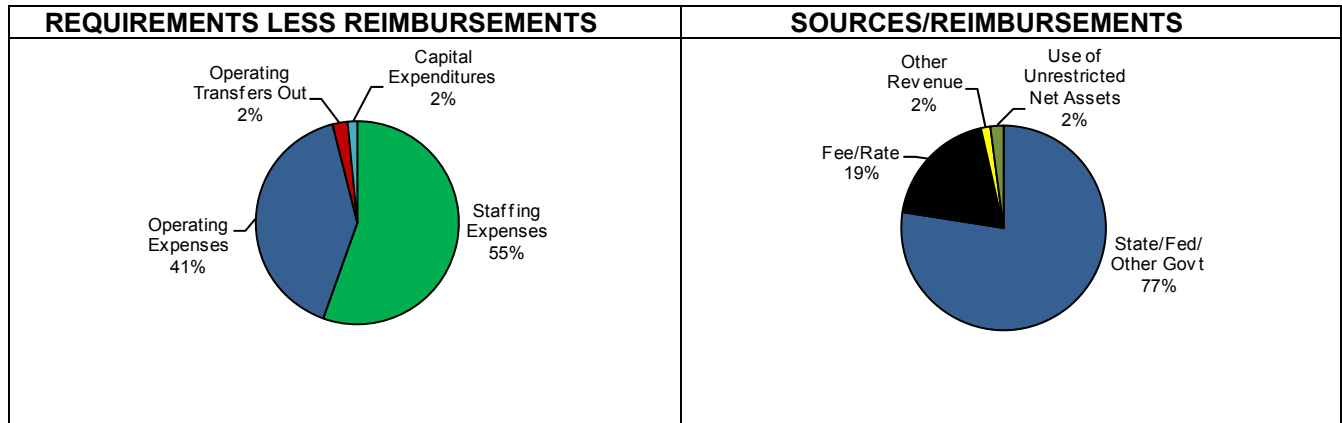

ARMC has worked diligently with the California Association of Public Hospitals to maximize funding for Medi-Cal and uninsured patients under disproportionate share and safety net care pool sources. These sources are provided primarily through the California section 1115 Waiver. The initial five year Waiver ended at the end of 2009-10. The new Waiver deal was implemented in November 2010. The impact of the new Waiver will increase funding, but not without new costs for infrastructure and performance to achieve outcomes.

Under the new Waiver, ARMC is in the second year of operations for the Low Income Health Plan (LIHP). The County of San Bernardino created a collaborative of community stakeholders and County departments including Behavioral Health, Human Services, and Public Health that implemented the County's LIHP, ArrowCare. The contract with CMS was approved and started January 1, 2012. ARMC has been a key component in service delivery in the LIHP for physical medicine, and will be working with other County departments in preparing, through this program, for the transition to Health Care Reform in 2014. Incrementally, funding under the LIHP only represents a change in the financing mix and will net to zero since many of the current medically indigent patients in the County's CMSP are now a part of ArrowCare.

An additional new funding source provided under the waiver, the Delivery System Reform Incentive Plan (DSRIP), is an innovative approach to transform existing delivery systems. The DSRIP has provided Infrastructure Development, Innovation Redesign, Population-Focused Improvement and Urgent Improvement in Quality and Safety. DSRIP funding is strictly tied to results and meeting of transformation milestones.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Staffing expenses of \$244.3 million fund 3,608 budgeted positions. Operating expenses of \$179.0 million are comprised primarily of medical supplies, physician fees, purchased medical services, external provider care services, insurance, utilities, and rent expense.

Operating transfers out of \$10.6 million primarily represents costs budgeted for debt service in the amount of \$8.0 million. The remaining \$2.6 million represents costs for construction projects being managed by the Architecture and Engineering department.

Sources of \$432.2 million include \$312.4 million in state and federal funding primarily from Medicare and Medi-Cal, \$76.5 million in current services from private pay patients and insurance, and \$6.0 million in other revenue from cafeteria sales, interest, miscellaneous grants, and services provided to other County departments and hospitals through the residency program.

BUDGET CHANGES AND OPERATIONAL IMPACT

During 2012-13, ARMC continued to respond to increases in acute care volume and operational changes related to the implementation of the LIHP program, Incentive program initiatives, implementation of Electronic Health Records, and ever changing regulatory requirements. It has been a year of preparation as this coming year will be historic for ARMC as Medi-Cal access and eligibility is expanded through the Affordable Care Act. Effective January 1, 2014, ArrowCare enrollees will become eligible for Medi-Cal.

Staffing expenses have a net increase of \$9.4 million representing an increase of 64 net budgeted positions related to regulatory and volume requirements.

Operating expenses reflect a decrease of \$4.6 million due primarily to the elimination of temporary help costs and physician contract costs. A concerted effort has been undertaken to reduce temporary staff by focusing on position recruitment. Physician contract costs are a result of the movement of ArrowCare patients to Medi-Cal managed care post January 1, 2014. Contracted physicians will be able to bill for these patients directly rather than seeking payment from ARMC.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$244.2 million fund 3,608 positions of which 2,664 are regular positions and 944 are limited term positions. The 2013-14 recommended budget includes a net increase of 64 positions (155 new positions and reduction of 91 positions). The new positions are primarily a result of ARMC's commitment to meet regulatory requirements (79), reduce overtime premium costs (26), and achieve volume related service goals (42). The reduced positions are primarily due to the closure of Home Health (20), postponement of development of an Observation Unit (27) and operational adjustments (36).

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Operating expenses of \$43.2 million represent lease payments and associated fees and expenses.

State, federal, or government aid revenue of \$19.1 million is from the state's Construction Renovation/Reimbursement Program (SB 1732). The amount reimbursed by the state depends on the allowable portion of the lease payments multiplied by a rate that is calculated by the state every year. The rate fluctuates based on actual Medi-Cal inpatient days paid to ARMC.

Operating transfers in of \$24.1 million are funded by \$10.7 million of Tobacco Master Settlement Agreement monies, \$5.4 million of Health Realignment funds, and \$8.0 million in revenues anticipated to be generated by ARMC.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$1.1 million due to an offset by a decrease in contingency of \$172,045.

Operating expenses are increasing by \$1.2 million primarily due to a rebate of excess investment earnings payable to the U.S. Treasury in 2013-14.

State, federal or government aid revenue is increasing by \$272,786 based on the SB 1732 reimbursement formula.

Operating transfers in are increasing by \$786,883 to cover the rebate payment due to the U.S. Treasury.

On June 29, 2011, the Governor signed Assembly Bill X1 26 (Dissolution Act) as part of the State's budget package and on December 29, 2011 the California Supreme Court upheld this legislation. The Dissolution Act mandates the elimination of every redevelopment agency in California, effective February 1, 2012, and mandates all unobligated funds be distributed to the appropriate taxing entities. The Housing Successor retained the housing functions of the former Redevelopment Agency (RDA) and has all rights, power, duties, and obligations related to building, preserving, and rehabilitating affordable housing for low to moderate income households. For fiscal year 2012-13, the Housing Successor was incorporated into CDH; however a separate budget unit was maintained pending additional guidelines relating to the RDA dissolution. For 2013-14, the budget unit and all supporting schedules have been consolidated within CDH's budget since it was determined there is no need to present separate budget units.

During 2013-14 CDH will leverage housing and federal funds to continue the major revitalization effort in the Bloomington community.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Operating expenses and operating transfers out of \$42.7 million primarily relate to infrastructure construction projects and community development programs funded by the Department, including rehabilitation of low, moderate or middle income residential units.

Sources of \$19.6 million primarily represent federal funding for CDBG, HOME, and ESG programs as allocated by formula to the County and participating cities.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$41.7 million. The decrease is due primarily to the one-time payment of \$15.0 million and the transfer of \$11.4 million in bonds proceeds from the Housing Successor to the Successor Agency as required for the dissolution of the former RDA. Approximately \$9.1 million of funds held by HUD and committed to current projects, but planned to be disbursed in future fiscal years, are excluded from the 2013-14 budgeted contingencies. The completion of large infrastructure and other projects represents approximately \$5.4 million of the decrease and sequestration funding reductions represent \$800,000.

Sources are decreasing by \$17.1 million due in part to an expected 9% sequestration reduction of \$800,000 in federal allocation for the CDBG, HOME and ESG programs, as well as a change in strategy of not budgeting funding of \$9.1 million for future year disbursements in the current year. Completion of large multi-year projects in 2012-13 accounts for \$5.2 million of the decreased financing sources in 2013-14. Additionally, a \$1.9 million reduction in revenue is due primarily to the receipt of one time program income for the NSP program combined with lower loan repayments due to loan maturities and/or defaulted loans, and reduced interest earned as a result of lower principal balances.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$2.3 million fund 20 budgeted positions of which 17 are regular positions and 3 are limited term positions.

The 2013-14 budget includes the addition of 1 Staff Analyst II and 1 CDH Analyst II to assist with fiscal/administrative and program compliance/monitoring functions, respectively. The Department conducted a five year revenue and expense analysis in 2013 and has identified that there is sufficient ongoing funding to support the addition of the two new positions.

In 2012-13 the department deleted a net 10 positions from the budget due to significant federal funding reductions and added 2 positions for the Homeownership Protection and Foreclosure Prevention Program funded using County contingencies. During 2012-13 an additional position was added for the Homeownership Protection and Foreclosure Prevention Program.

Number of residents receiving On-the-Job training services.	384	225	225	240

During 2011-12, San Bernardino County experienced a 14.2% unemployment rate. The unemployment rate currently stands at 10.5%. With decreasing unemployment, we anticipated 60,000 visits to the centers in 2012-13. Based upon actuals to date, we estimate a total of 65,000 visits by June 30, 2013. Based on the 2012-13 estimates, and the fact a downward trend in unemployment is expected to continue, visits to the centers are expected to decrease in 2013-14.

In anticipation of sequestration and funding reductions, training services were reduced in 2012-13. However, the level of sequestration was not as severe as expected and therefore training services are expected to increase for 2013-14.

COUNTY GOAL: CREATE, MAINTAIN AND GROW JOBS AND ECONOMIC VALUE IN THE COUNTY
Objective(s):

- *Continue business retention and expansion programs while implementing office and industrial attraction strategies emphasizing provision of high-paying jobs.*
- *Utilize County programs and resources to maximize job creation.*

Department Strategy:

- *Retain County businesses through proactive outreach to identify and resolve business concerns.*
- *Provide the business community with resources that help them grow.*
- *Assist employers by providing customized recruiting services to fill their vacant positions.*
- *Identify at-risk businesses and provide resources to avert potential layoffs.*

Measurement	2011-12 Actual	2012-13 Target	2012-13 Estimate	2013-14 Target

Number of business visits.	4,730	5,000	5,200	6,000
Number of businesses served through workshop and consulting services.	1,085	600	630	600

Business Assessment Surveys are performed during first-time visits by Business Services Representatives (BSR). Due to sequestration and a reduction in Workforce Investment Act (WIA) funding, the Business Services Unit will reassign three BSRs to become Job Placement Specialists, reducing the number of staff performing Business Assessment Surveys.

The total number of visits to business includes first-time visits and all follow up visits. To meet WIA mandates, BSRs will increase return visits to business for the purpose of job development and on-the-job training opportunities for customers. Due to recent utilization of portable technology and efficiencies made in client management software, BSRs will be able to spend more time in the field rather than returning to the office for data entry, which results in an increase in total business visits.

The number of businesses receiving workshop and consulting services has decreased from 2011-12 due to a reduction in available funding for these services.

COUNTY GOAL: CREATE, MAINTAIN AND GROW JOBS AND ECONOMIC VALUE IN THE COUNTY

Objective(s): • *Focus EDA efforts on competing globally for investment, retraining and finding employment for those who have lost jobs or are under-employed, developing a more highly-educated and trained workforce, and creating an effective approach to tourism.*

Department Strategy:

- *Work with Youth Providers to serve at-risk youth to prepare them to enter the workforce.*
- *Assist at-risk youth in obtaining a GED, High School Diploma, Training Certificate or Associates Degree.*
- *Provide work experience opportunities for at-risk youth.*

Number of at-risk youth placed in employment.	444	400	507	361
Number of at-risk youth attaining GED, High School Diploma, Training Certificate or Associates Degree.	465	425	581	285

The anticipated reduction in the number of youth enrolled, placed in employment and attaining GED, High School Diploma, Training Certificate or Associates Degree is directly related to a decrease in federal funds.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Staffing expenses of \$8,133,690 fund 104 budgeted positions.

Operating expenses of \$12,748,020 include costs associated with the Department's three Employment Resource Centers such as rent, computers/hardware/software and office supplies, staff travel and training costs, professional services, insurance, and County vehicle usage. Operating expenses also include \$8,858,932 in direct services to job seekers and business customers.

Reimbursements of \$256,411 represent payments from other departments for program services provided through various Memorandums of Understanding (MOU).

Sources of \$21,415,353 represent funding the Department receives from various state and federal grants, primarily from the federal Workforce Investment Act (WIA) of 1998.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements have decreased by \$2,926,776 due to a reduction in sources of \$2,650,895. The decrease in sources is a result of reduced federal funding and will result in fewer customers receiving vocational training and supportive services.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$8,133,690 fund 104 budgeted positions of which 96 are regular positions and 8 are limited term positions.

In 2013-14, the Department deleted 4 regular vacant positions and 14 limited term positions, for a total reduction of 18 positions. The limited term positions were utilized for staffing special projects tied to temporary funding sources ending June 30, 2013. The Department anticipates maintaining current levels of service for its primary mandated tasks of providing employment services to job seekers and businesses.

ORGANIZATIONAL CHART

2012-13 ACCOMPLISHMENTS

- Completed an equipment refresh project, replacing several obsolete servers, desktops, laptops, monitors and printers, providing for a more stable information technology environment.
- Imported over 200,000 imaged historical documents into the Assessor Property Information Management System (PIMS), providing improved access for all staff for parcel research purposes.
- Relocated the Hesperia district office to the first floor of the Jerry Lewis High Desert Government Center, providing better access for taxpayers.
- Updated the Department’s fee schedule to accurately reflect costs for non-mandated services.
- Implemented several enhancements to business property processing in partnership with Information Services Department (ISD), including worksheets for audited and appealed costs, leased equipment processing and displaying of imaged records in PIMS.
- Implemented a benchmarking feature to the Assessor’s automated system. This allows appraisers to group similar models in housing tracts for appraisal purposes. This will improve the annual review process required for parcels previously reduced in value under Proposition 8 Decline in Value.
- Implemented automated system changes to allow for multiple vendor processing of redaction, indexing and image services.
- Redesigned the Recorder/County Clerk - Archives internet site, providing more helpful information to customers. Improvements include fillable forms and online research of some records stored at the County Archives.
- Implemented system changes needed to allow agencies to submit documents for recording via the California e-Recording Transaction Network Authority (CeRTNA) system. CeRTNA allows agencies to use this single portal to record documents to multiple participating counties.
- Reconfigured existing workstations in the County Clerk section to accommodate ergonomic needs.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Staffing expenses of \$18.0 million represent the majority of this budget unit and fund 221 budgeted regular positions. Operating expenses consist primarily of printing and taxpayer notice mailing costs, COWCAP, and systems development charges for the Property Information Management System (PIMS). Reimbursements of \$1.2 million are primarily from the Recorder special revenue funds for administrative costs. Sources of \$7.1 million include fees for recording and County Clerk services, special assessments, transfers of ownership, and data sales.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses are increasing by \$559,767 primarily as a result of the addition of new positions and increases in retirement and other benefit costs. Operating expenses are increasing by \$495,002 primarily due to Application Development Maintenance and Support costs now being budgeted directly in the Department and new annual maintenance of a proprietary software system, partially offset by a decrease in computer hardware expenses due to the completion of the equipment refresh project. Reimbursements are increasing by \$162,852 primarily due to increased administrative costs reimbursed from Recorder special revenue funds. Sources are increasing by \$390,000 as a result of anticipated increases in the volume of recorded documents.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$18.0 million fund 221 budgeted regular positions. The 2013-14 recommended budget includes a net increase of 5 positions. Staffing changes are as follows:

- Assessment Appeals: Reclassification of 5 Appraiser IIIs and 1 Auditor-Appraiser III to Appraiser IVs to recognize the complex and specialized nature of appeals work, and the addition of 2 Appraiser IVs, which will ensure that appeals are completed within the statutory timeframe.
- Assessor-Big Bear District: Addition of 1 Appraiser II and 1 Office Assistant III, which will serve to expand public office hours in this district office.
- Assessor-Transfers: Addition of 1 Title Transfer Technician I, which is necessary to process the increase in property transfer documents that have resulted from the improvement in the housing market. Deletion of 1 Office Assistant II, as this position does not meet the current needs of the Department.
- Assessor-Data Systems: Addition of 1 Automated Systems Technician, which will enable the unit to meet the current demand for services and prevent delays in restoring users to full production capacity.
- Recorder: Addition of 1 Lead Legal Document Classifier and 2 Legal Document Classifier IIs, which will reduce wait time for customers and provide better oversight of Recorder staff. Deletion of 1 Secretary I, as this position does not meet the current needs of the Department.
- Mapping: Deletion of 2 Cadastral Drafting Technician Is, as these positions do not meet the current needs of the Department.

Systems Development includes \$6.2 million in requirements to fund 8 positions, costs for document indexing/imaging, computer hardware, software and associated maintenance, and includes \$2,139,550 in budgeted contingencies. Sources of \$2.8 million are from Recorder modernization fees.

Vital Records includes \$1.0 million in requirements to fund computer software, printing and other professional services, and includes \$760,571 in budgeted contingencies. Sources of \$130,000 are from vital and health statistic fees.

Electronic Recording includes \$1.5 million in requirements for computer hardware and CeRTNA related expenses, and includes approximately \$0.9 million in budgeted contingencies. Sources of \$502,952 are from electronic recording fees and anticipated interest earnings.

Recorder Records includes \$1.4 million in requirements for staffing expenses to fund 3 positions, costs associated with preservation efforts, and includes \$640,305 in budgeted contingencies. Sources of \$504,160 are from records fees and anticipated interest earnings.

Social Security Number Truncation includes \$2.6 million in requirements to fund the cost of truncating records as required by law, and includes \$1.2 million in budgeted contingencies. Sources of \$527,980 are from redaction fees and anticipated interest earnings.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$2.7 million primarily due to an increase in contingencies, increases in computer hardware, software and associated maintenances and the purchase of servers in the Systems Development budget unit, and a professional services contract to truncate records as required by law. These increases are partially offset by decreased staffing expenses due to the elimination of one position in the Recorder Records budget unit.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$1.1 million fund 11 budgeted regular positions. The 2013-14 recommended budget includes the addition of 1 Automated Systems Analyst II and the deletion of 1 Business Systems Analyst III in the Systems Development budget unit, as well as the deletion of 1 Archives Analyst in the Recorder Records budget unit. These actions eliminate positions that do not meet the current needs of the Department and provide a new position that will enable the IT staff to more proactively meet the needs of the computer system.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Staffing expenses of \$24.2 million represent the majority of expenditures in this budget unit and fund 293 budgeted positions, of which 278 are regular positions and 15 are limited term positions. These expenses are necessary to provide accounting, collections, and investment services to County departments and constituents. Sources primarily represent fee/rate and cost-reimbursement revenue generated by services provided.

BUDGET CHANGES AND OPERATIONAL IMPACT

Overall requirements have increased by \$297,036 primarily due to increased staffing expenses, including increased retirement and other benefit costs, as well as increased operating expenses, including Application Development Maintenance and Support costs of \$1.5 million now being budgeted directly in the Department. These increases are offset by a reduction of \$1.1 million in Countywide Treasury banking fees, COWCAP charges, and other cost savings. Although tax sale revenues are expected to increase because of the large number of parcels available for sale in 2013-14, overall sources are decreasing by \$942,931 due to the elimination of the Treasury banking fee expense and corresponding revenue.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$24.2 million fund 293 budgeted positions of which 278 are regular positions and 15 are limited term positions. The 2013-14 recommended budget includes a net increase of 13 positions, consisting of the addition of 1 Automated Systems Analyst II to help manage IT infrastructure, 10 Public Service Employees for ATC's summer internship program, and 2 Public Service Employees to provide support and assistance to meet the increased seasonal workload demands of ATC's Controller Division. In addition, 1 Supervising Accounting Technician position will be added, offset by the deletion of 1 Supervising Fiscal Specialist and 1 Office Assistant III position will be added, offset by the deletion of 1 Office Assistant II position to better meet the needs of the department.

Finally, the recommended budget includes the reclassification of 1 Office Assistant II to an Office Assistant III, as well as 1 Assistant Auditor-Controller/Treasurer/Tax Collector to Auditor-Controller Division Chief to reflect the actual duties performed.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Sources of \$223,800 represent \$220,000 in Victim Restitution Rebate revenue and \$3,800 in anticipated interest earnings.

BUDGET CHANGES AND OPERATIONAL IMPACT

Overall requirements have increased by \$323,686 due to increased budgeted contingencies resulting from the anticipation of a one-time increase in tax sale revenue for 2013-14, therefore the reimbursement to the Auditor-Controller/Treasurer/Tax Collector's general fund for work related to the processing of excess tax sale proceeds will not be needed in 2013-14. Overall sources have increased by \$138,000 primarily due to the addition of Victim Restitution Rebate Revenue to this budget unit and an increase in anticipated interest earnings, offset by a decrease in revenue collected from unclaimed excess tax sale proceeds.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

NOTE: IHSS Public Authority is reported in a separate budget document.

Human Services is composed of eight County Departments: Transitional Assistance (TAD), Children and Family Services (CFS), Aging and Adult Services (DAAS), Preschool Services, Child Support Services, Veterans Affairs, Behavioral Health (BH) and Public Health (PH). Also three other agencies work in conjunction with the core Human Services departments and they are: Children's Network, Children's Fund and the Office of Homeless Services. Additionally, several support divisions under Human Services Management Services, including the Performance, Education and Resource Center, provide administrative and training support to the Human Services Departments.

Transitional Assistance, Children and Family Services, Aging and Adult Services, and all Human Services support divisions are included in the Human Services Administrative Claim process. The purpose of the claim process is to provide the County with the means for determining the costs applicable to each of the numerous welfare programs. This cost determination is necessary to satisfy federal and state reporting and funding requirements and to determine appropriate federal and state financial reimbursement to the County for each of the welfare programs.

Subsistence Payments and Aid to Indigents (general relief) are either direct payments to welfare recipients or payments to organizations that provide service to the welfare recipients. The Human Services Assistant Executive Officer is responsible for all of the above budget units.

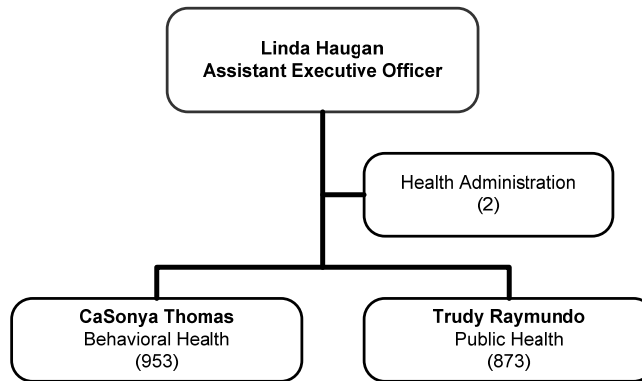

HEALTH ADMINISTRATION

DEPARTMENT MISSION STATEMENT

Health Administration

DESCRIPTION OF MAJOR SERVICES

The role of the Health Administration budget unit is to seek and support opportunities to foster collaboration among the Department of Public Health (PH), Department of Behavioral Health (BH), and the Arrowhead Regional Medical Center (ARMC). The Health Administration provides regular fiscal and policy analysis relating to the operations of these departments. Additionally, Health Administration manages the \$110.5 million Health Administration budget unit, which includes funding for ARMC debt service, health related maintenance of effort costs, and transfers required to obtain federal health care funding.

Budget at a Glance

Total Requirements	\$110,534,459
Total Sources	\$95,534,459
Net County Cost	\$15,000,000
Total Staff	2
Funded by Net County Cost	14%

Health care related transactions represented by this budget unit include the Disproportionate Share Hospital (DSH) Supplemental Payments, Realignment AB 8 match, and the County's contribution for ARMC debt service payments.

Intergovernmental Transfers for Medi-Cal Managed Care Capitation Rates

This budget unit also includes Intergovernmental Transfers (IGT) to the state to fund increased Medi-Cal managed care capitation rate payments to managed care plans that contract with their respective counties. These IGT's are to be used as the non-federal share of the Medi-Cal managed care capitation rate increases. The IGT Proposal became effective for the rate year October 1, 2008 through September 30, 2009. As with the Disproportionate Share Hospital Funds transfers, the IGT matching contributions to the state, as well as the return of that initial investment is reported within this budget unit.

California Medi-Cal Hospital/Uninsured Care Demonstration Project (SB 1100)

Effective July 1, 2005, funding from SB 855 and SB 1255 for the Disproportionate Share Hospital Programs was replaced by SB 1100, California's Medi-Cal Hospital/Uninsured Demonstration Project. The prior SB 855 and SB 1255 programs provided supplemental payments to hospitals serving a disproportionate number of low-income individuals, as well as those licensed to provide emergency medical services and contract with the California Medical Assistance Commission (CMAC) to serve Medi-Cal patients under the Selective Provider Contracting Program.

The new funding system, SB 1100, was designed under a Medicaid (Medi-Cal in California) waiver to fund public and private safety-net hospitals providing care to Medi-Cal and uninsured patients. The hospital financing waiver under SB 1100 is comprised of three elements:

- Medi-Cal Fee for Service, which represents federal funds accounted for directly in the ARMC budget unit, for services provided to Medi-Cal patients;
- Safety Net Care Pool Funds, which provide a fixed amount of federal dollars, also accounted for directly in the ARMC budget unit, to cover uncompensated health care costs, and
- DSH Funds, which continue to be reflected as a matching contribution to the state, and a return of that initial investment, within this budget unit.

Realignment and General Fund Support

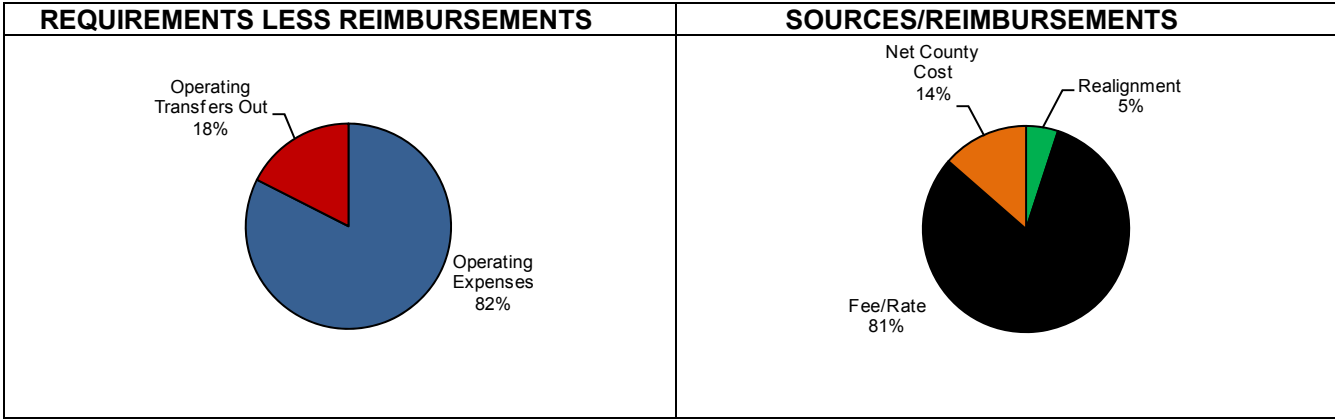

General fund support and realignment funds are used to pay for the ARMC debt service lease payments, Realignment AB 8 match and administrative costs related to this budget unit. To qualify for receipt of Health Realignment funding from the state, the County must contribute a 'match' of local funds. The County's match for 2013-14 is \$4.3 million, which is based on a formula established through AB 8 in 1979. This amount has remained constant throughout the years.

Realignment funds support this budget unit as follows:

- Mental Health at 10.24% (which covers half of administrative costs).
- Social Services at 2.55% (which covers a share of cost for the 2-1-1 Information System).
- Health at 87.21% (which covers half of administrative costs plus debt service payments).

Master Settlement Agreement

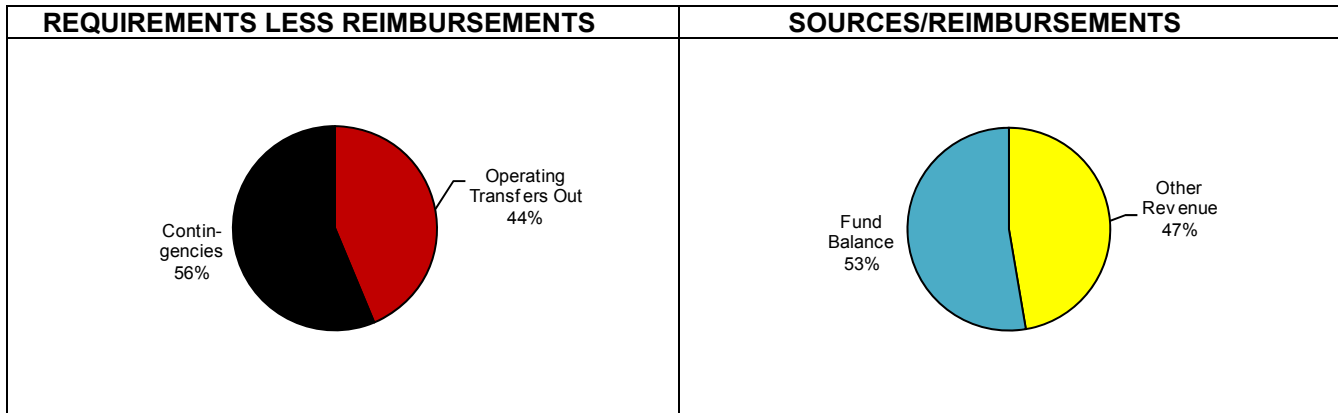

DESCRIPTION OF MAJOR SERVICES

This budget unit accounts for proceeds received from the tobacco lawsuit Master Settlement Agreement (MSA). In late 1998, a settlement was reached in a lawsuit filed by states against the tobacco industry. In California, the proceeds of the settlement are divided equally between the state and local governments who partnered in the lawsuit. Payments to local governments are based on a formula involving total tobacco sales and each local entity's population.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Contingencies of \$21.9 million are increasing by \$11.7 million based on available fund balance and increased sources.

Operating transfers out of \$17.0 million reflect a transfer to the general fund which is then used to fund the net county cost within the Health Administration budget unit and to offset increased health care costs within the Department of Public Health. Health Administration uses that net county cost to fund the \$4.3 million realignment local match requirement and \$10.7 million of net debt service lease payment for ARMC.

Other revenue of \$18.4 million reflects anticipated revenue from the major tobacco companies to the Master Settlement Agreement fund.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements have increased by \$11.7 million due to additional fund balance available.

Revenues from the Master Settlement Agreement have remained stable over the past four years with the exception of a 'spike' in Fiscal Year 2012-13 due to a settlement regarding the Non-Participating Manufacturers (NPM) Adjustment. The majority of sources will continue to be directed towards ARMC lease payments.

Sources are increasing by \$1.3 million due to increased share of projected sales tax from settlement.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Operating expenses of \$123.3 million are comprised mostly of contracted and specialized professional services, and make up the majority of the Department's expenditures within this budget unit for 2013-14. Staffing expenses of \$54.8 million are the other major expense category of the Department. Together these expenses fund programs and clinics necessary to provide mental health services to County residents. Realignment, State, and Federal revenues of \$144.8 million are provided through Sales Tax, Vehicle License Fees, Medi-Cal, Medi-Cal for the Low Income Health Program, Managed Care, AB109 Public Safety Realignment program, and Federal Grants. Other revenue in the amount of \$5.5 million is made up of Social Security Administration payments and reimbursements from other agencies such as Children and Family Services, Desert Mountain Selpa, and First Five.

BUDGET CHANGES AND OPERATIONAL IMPACT

In 2013-14, staffing expenses are increasing by \$3.5 million over the prior year budget. These increases reflect savings from vacant positions in 2012-13, projected step advancements, employee benefits such as employee group insurance, increased retirement and earned leave related costs, and a net increase of 20 positions. The Screening, Assessment, Referral, and Treatment (SART) program and the AB109 Public Safety Realignment program will be expanding in 2013-14 with the addition of 4 and 9 positions, respectively. Additionally, increased demand for clinical services resulted in 6 new positions.

Operating expenses are increasing by \$18.9 million. An increase of \$11.0 million in the Department's Arrowhead Regional Medical Center (ARMC) contract is attributed to anticipated increases in the Low Income Health Plan (LIHP) and Medical Expansion consumers as a result of the Affordable Health Care Act of 2010. The Department is assuming full responsibility for the SART program from the Children and Family Services Department requiring a \$4.0 million expansion. Another \$4.5 million increase in expenses is for the purchase of equipment and other costs such as furnishings for capital improvement projects. These increases are partially offset with decreased expenditures for information technology, vehicles, and general liability.

Reimbursements are increasing by \$2.1 million due primarily to an increase in the Alcohol & Drug Services CalWORKs program. Also included are reimbursements from Mental Health Services Act (MHSA) psychiatric services and reimbursement for space occupied by ARMC at the County of San Bernardino Behavioral Health Center.

Sources are increasing by \$20.4 million. Realignment revenue is increasing by \$3.2 million due primarily to increases to the Managed Care Allocation from the Department of Health Care Services, increased AB109 Public Safety Realignment program funding and increased funding of the Early and Periodic Screening, Diagnosis, and Treatment (EPSDT) program. State and Federal Aid is increasing by \$13.2 million due primarily to increases in Medi-Cal programs. Other revenue is increasing by approximately \$4.0 million because of the expansion of the SART program.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$54.8 million fund 549 budgeted positions of which 545 are regular positions and 4 are limited term positions. The budget includes a total of 19 new positions: 4 Alcohol and Drug Counselors, 4 Clinical Therapist I, 1 Contract Mental Health Staff Physician, 3 Psychiatrists; 1 Contract Psychiatrist and 2 Office Assistant IIIs, as well as 1 Contract Office Assistant III, 1 Contract Automated Systems Analyst II, 1 Contract Business Systems Analyst II, and 1 Contract Clinical Therapist I for the new SART program. Additional changes, including transfers and deletions, resulted in a net increase of 20 budgeted positions.

Mental Health Services Act

DESCRIPTION OF MAJOR SERVICES

On November 2, 2004, voters passed Proposition 63, which established a state personal income tax surcharge of one percent on the portion of taxpayers' annual taxable income that exceeds \$1 million. The proposition was enacted into law as the Mental Health Services Act (MHSA) effective January 1, 2005. The overall purpose and intent is "to reduce the long-term adverse impact on individuals, families, and state and local budgets resulting from untreated serious mental illness to insure that all funds are expended in the most cost effective manner and to ensure accountability to taxpayers and to the public."

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Staffing expenses of \$33.7 million fund 404 budgeted positions. Operating expenses of \$71.3 million is comprised primarily of professionally contracted services and supplies (\$56.6 million) and interdepartmental transfers (\$12.1 million). Services and supplies account for administrative and program expenditures to execute the approved MHSA plans of which \$46.5 million are for contracted services with non-governmental organizations. Interdepartmental transfers will distribute \$12.1 million for program collaborations with Human Services, Probation, Public Defender, Children's Network, Preschool Services, Sheriff/Coroner/Public Administrator and Superintendent of Schools as well as expenditures incurred for leases paid by Real Estate Services and office supplies purchased through the Purchasing Department.

Capital expenditures of \$2.0 million are for various fixed assets, equipment and capitalized software purchases necessary for various capital improvement projects, such as: the relocation of the Pathways Clubhouse house, Upland Community Counseling Clinic and Ontario Community Counseling Clinics and relocation of the Barstow Community Counseling Clinic. Additional projects include the continuation of the Technology Component core projects that will allow Behavioral Health to move towards achieving an Integrated Information System Infrastructure.

Reimbursements of \$0.5 million are received from Human Services for shared costs in providing services related to the Office of Homeless Services, administrative support provided by Behavioral Health administration and salary reimbursements from Behavioral Health Alcohol and Drug Services.

State aid revenue of \$81.1 million reflect the projected receipts of \$61.4 million for the Mental Health Services Act, \$6.8 million from Early and Periodic Screening, Diagnosis and Treatment (EPSDT), \$12.9 million from Medi-Cal Federal Financial Participation, and \$1.3 million from the Substance Abuse and Mental Health Services Administration (SAMSHA), Project for Assistance in Transition from Homelessness (PATH) and Housing and Urban Development Housing Management Information System grants. Other revenue of \$1.3 million includes Institute of Mental Disease reimbursements, rent reimbursement and earned interest.

BUDGET CHANGES AND OPERATIONAL IMPACT

Operating expenses are increasing by a net \$4.2 million due to increases to contracted service providers for mental health and prevention services in the amount of \$4.9 million. The increase primarily reflects expansion of projects specific to the Prevention and Early Intervention Expansion plan that was approved by the Board of Supervisors on December 18, 2012. In addition, interdepartmental transfer projections are increasing by \$0.9 million resulting from a new Memorandum of Understanding with County departments such as Children's Network, Children and Family Services, Probation and Public Defender. These increased costs are offset by decreases of \$1.6 million for revised quotes for technology projects and MOU reclassifications.

Capital expenditures are projected to decrease by \$5.3 million. The decrease is the result of various prior year, one time only projects being completed in 2012-13, revised quotes and accounting adjustments, and expensing of items previously budgeted as capital expenditures.

MHSA funding is projected to increase by \$9.9 million. This increase is based on 2012-13 personal income tax surcharge cash distribution being higher than expected. Medi-Cal revenue is projected to increase by \$1.0 million with the expansion of Screening, Assessment, Referral and Treatment (SART) services within the Prevention and Early Intervention component.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$33.7 million fund 404 budgeted positions of which 376 are regular positions and 28 are limited term positions. Forty new positions are recommended for the expansion of recovery services, triage mental health services, clinical assessment services, community crisis services and administrative support. Along with other staffing changes, the net increase to the Department is 37 positions and an increase in staffing expenses of \$3.7 million.

Special Revenue Funds – Consolidated

DESCRIPTION OF MAJOR SERVICES

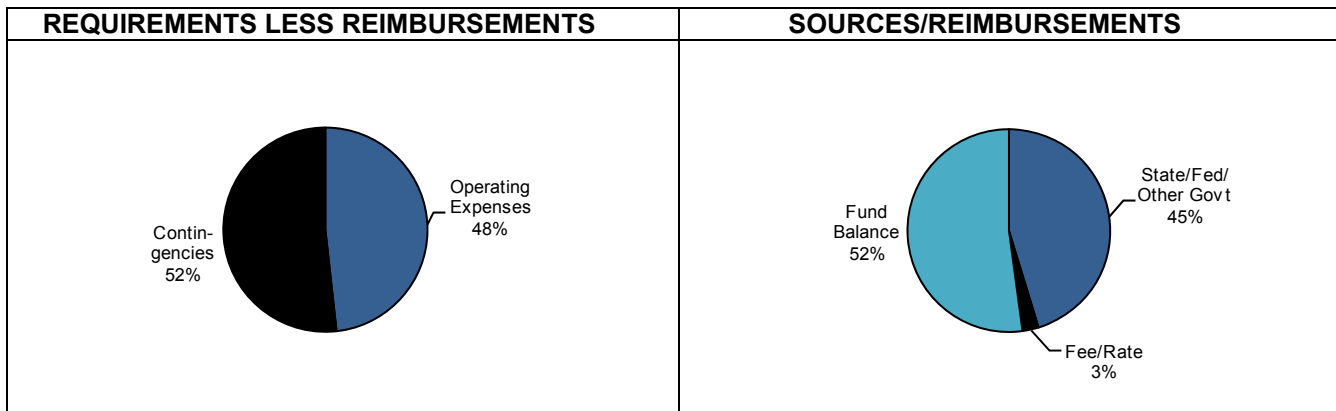

Block Grant Carryover Program are funds utilized by Alcohol and Drug Services (ADS) to maintain money received from the State Department of Alcohol and Drug Programs (ADP) under a multi-year cost reimbursement contract that allows the County to retain unused federal Substance Abuse Prevention and Treatment (SAPT) funds for use in the next fiscal year. These funds are to be spent on alcohol abuse prevention, education, and treatment in schools and the community as described in the annual update to the contract between County and the State. Funds are transferred to ADS general fund budget unit based on the needs of the program.

Court Alcohol and Drug Program funding is provided by three sources. The Statham funds, which are fines collected from individuals convicted of Driving Under the Influence (DUI) offenses; Senate Bill 921, which requires persons convicted of an offense involving a controlled substance to pay a drug program fee in an amount not to exceed \$100 for each separate offense; and by Senate Bill 920 that requires persons convicted of specific alcohol related offenses to pay an additional alcohol abuse education and prevention penalty assessment in an amount not to exceed \$50. Funds are distributed to the ADS programs.

Driving Under the Influence Program as per Title 9, Division 4, Chapter 3, 9878 (m) of the State regulations and Health and Safety Code 11837.8 (a), the Department of Behavioral Health charges fees to privately owned and operated vendors for monitoring Penal Code (PC) 1000 and DUI programs. Supervision of these programs resides with the County as indicated by Vehicle Code Section 1660.7, which states that the supervision and regulation of the first offender program resides with the County. Fees collected from privately owned and operated DUI programs within the County are deposited into this fund. Funds are then transferred to the ADS unit, as needed, to meet the costs of staff assigned to this function. These funds can only be used for the cost of monitoring PC 1000 and DUI programs.

Public Health

DESCRIPTION OF MAJOR SERVICES

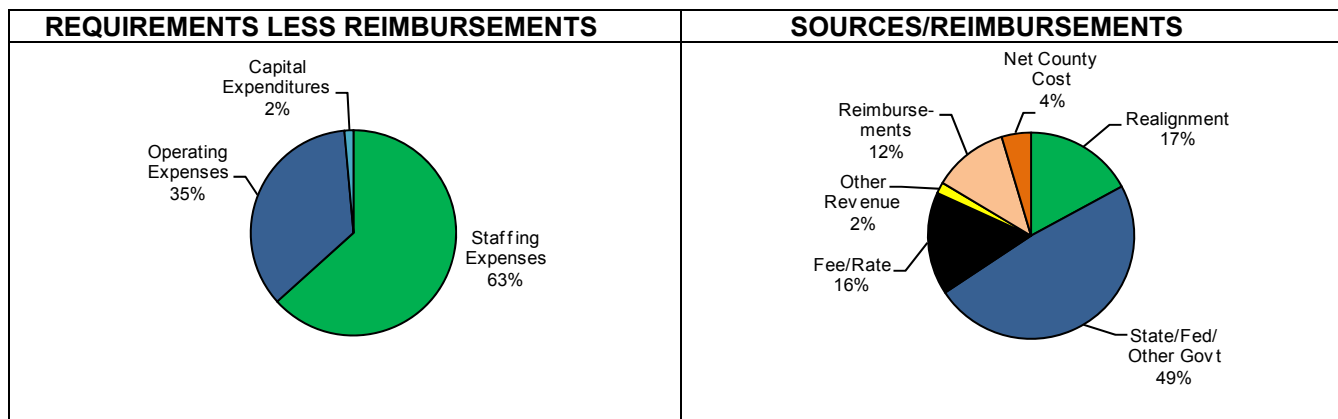

The Department of Public Health provides a wide range of services to prevent diseases and improve the health, safety and quality of life for residents and visitors of San Bernardino County. Many services are mandated by California Health and Safety Code.

Key delivery areas continue to include Healthy Communities, Disease Control and Prevention, Environmental Health, and Animal Care and Control. Healthy Communities is a Countywide initiative to support collaborative efforts to improve the quality of life for residents through environmental change. Disease Control and Prevention provides for surveillance and prevention of communicable diseases, including tuberculosis, HIV and other transmitted diseases, and provision of immunizations to prevent disease. Environmental Health prevents, eliminates, or reduces hazards adversely affecting health, safety and quality of life through integrated, regulatory programs such as Food Protection, Vector Control, and other Land Use/Water Protection programs. Animal Care and Control protects the public from rabies through dog vaccinations, stray animal abatement, wildlife rabies surveillance, and public education.

In addition, as a complement to the Wellness component of the County Visioning process, the Department will continue its current Community Vital Signs Initiative. This initiative is intended to be a community health improvement framework jointly developed by San Bernardino County residents, organizations and government. It builds upon the Countywide Vision by setting evidence-based goals and priorities for action that encompass policy, education, environment, and systems change in addition to quality, affordable and accessible health care and prevention services. It provides the basis for aligning and leveraging resources and efforts by diverse agencies, organizations and institutions to empower the community to make healthy choices, thereby improving the overall health and well-being of the County's residents.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Staffing expenses of \$56.4 million fund 707 positions in 2013-14. These positions staff 8 medical clinics, 16 Women, Infants and Children (WIC) clinics, and 2 animal shelters, as well as multiple outlying County-owned sites performing environmental health inspections, home visits and animal control staff canvassing. Operating expenses of \$31.4 million include services and supplies, professional service contracts, travel, and reimbursements to other departments.

State and federal aid, realignment and net county cost comprise 70% of the sources for this budget unit with the remaining 30% consisting of fees, reimbursements and other revenue.

BUDGET CHANGES AND OPERATIONAL IMPACT

In 2013-14, requirements are increasing by \$4.8 million primarily due to a \$4.5 million Capital Development – Building Capacity grant for the expansion of the Department’s Hesperia clinic and increased Countywide Cost Allocation Plan costs. These are partially offset by a reduction in staffing expenses. Sources are increasing by \$4.5 million due to the Capital Development – Building Capacity Grant.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$56.4 million fund 707 budgeted positions of which 694 are regular positions and 13 are limited term positions. The 2013-14 recommended budget includes the deletion of 38 vacant positions and the addition of 8 new positions resulting in a net decrease of 30 positions. Deletions are: 1 Animal Control Officer, 1 Animal License Checker I, 1 Clinic Supervisor, 1 Contract Nurse Practitioner, 2 Contract Physicians, 4 Environmental Health Specialist IIs, 1 Health Education Assistant, 1 Health Education Specialist II, 1 Lab Response Network Coordinator, 4 Nurse Practitioner IIs, 6 Office Assistant IIs, 3 Office Assistant IIIs, 1 Office Specialist, 2 Program Managers, 1 Public Health Microbiologist, 2 Registered Nurses, 3 Staff Analysts, 1 Supervising Office Assistant, 1 Vector Control Technician, and 1 Vector Ecologist. The new positions are: 3 Public Health Nurse IIs, 2 Supervising Program Specialists, 1 Program Specialist, 1 Environmental Health Specialist III, and 1 Statistical Analyst. The Department is reducing clinic staffing based on lower than expected clinic visits. Existing staff, both professional and support, is being shifted between clinic sites to align with individual clinic need. Although the net decrease in positions is 30, the Department does not expect the staffing decrease to negatively affect operations.

California Children's Services

DESCRIPTION OF MAJOR SERVICES

California Children's Services (CCS) is a state program that provides case management, diagnosis and treatment services to individuals up to 21 years of age with severe qualifying medical conditions and whose families are unable to pay for all or part of the care. State law requires the County to maintain a mandated minimum funding level. In addition to realignment dollars and the County's mandated contribution, funding also comes from Medi-Cal, private insurance and patient co-payments.

Budget at a Glance

Total Requirements	\$21,008,999
Total Sources	\$16,335,156
Net County Cost	\$4,673,843
Total Staff	166
Funded by Net County Cost	22%

The revenue breakdown among federal, state, realignment and County general fund support depends on the type of services provided under this program. This program provides two types of services.

1. Administrative Component – Case Management activities that include determining program eligibility, evaluating needs for specific services, determining the appropriate providers and authorizing/paying for medically necessary care. Reimbursement for administrative and operational costs for county CCS programs is shared between the state and county programs as per Health and Safety Code Section 123955 (a). Administrative funding was previously based on staffing standards and caseload mix of CCS clients; however, since 2008-09 the state has changed this funding methodology. All counties must provide the state with a projected budget based on filling all positions as determined by the staffing standards. The state determines what percentage each county's projected budget is of the total amount budgeted by all counties. The percentage is applied to the total allocation available from the state for the fiscal year, which may change the actual reimbursement rate normally expected on the caseload numbers below.

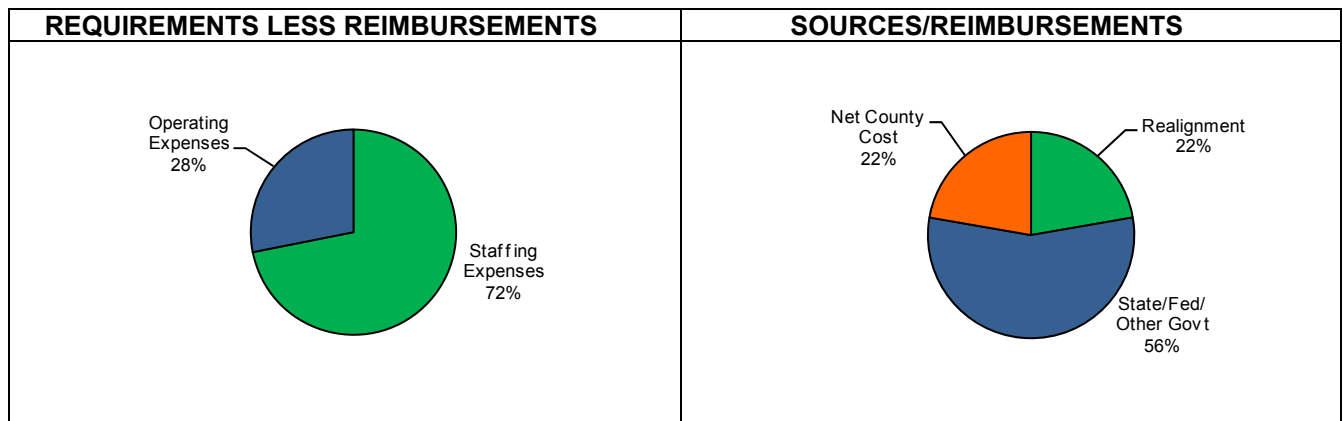

Caseload percentages are as follows:

- Medi-Cal caseload percentage is 79.94%. Federal and state funds reimburse CCS for 100% of the costs.
- Healthy Families accounts for 12.84% of the caseload. This federal and state program pays 82.5% of the costs. The remaining 17.5% local share is equally funded by Social Services Realignment (8.75%) and general fund support (8.75%) and is billed to CCS on a quarterly basis.
- CCS or Non-Medi-Cal caseload accounts for approximately 7.22% of the caseload. Federal and state funds account for 50% of the costs associated with treating this clientele. The remaining 50% is split equally between Social Services Realignment (25%) and general fund support (25%).

2. Medical Therapy Component – Provides physical therapy, occupational therapy and medical therapy conference services. Licensed physical therapists and certified occupational therapists provide evaluation, treatment, consultation services and case management. The state reimburses the County 50% of the costs incurred by this program up to the allocated amount prescribed by the state. The remaining 50% is equally funded by Social Services Realignment and County general fund support. Additionally, this program is allowed to bill Medi-Cal for therapy provided to Medi-Cal eligible clients. This revenue is split 75% state and 25% County. Approximately 54% of the caseload in the medical therapy component is Medi-Cal eligible. The state also reimburses approximately \$80,000 at 100% for personnel costs while attending individualized educational programs per California AB3632.

Tobacco Use Reduction Now (TURN) program provides tobacco control and educational services to the residents of the County. The primary goals of the TURN program are to reduce exposure to secondhand smoke, reduce youth access to tobacco products, counteract the influence of tobacco advertising, promote tobacco cessation and collaborate with various community based organizations through the Coalition for a Tobacco Free San Bernardino County.

Vital Statistics State Fees holds fees set by the state which are collected from the sale of birth and death certificates. Per Health and Safety Code 103625, all applicants for birth and death certificates shall pay an additional \$3 to be collected by the County which are then disbursed 45% to the State Registrar and the remaining 55% retained by the Department. The funds may be used to defray the administrative costs of collecting and reporting with respect to those fees but also to improve and/or modernize vital records operations and data collection and analysis.

Vector Control Assessments funding is received via the property tax roll and is dedicated for vector control services. The assessments are levied against parcels within the unincorporated parts of the County and the amount assessed depends upon the level of improvement on a given parcel. Services provided by the Vector Control Program include responding to citizen complaint/service requests for community control of vectors. Additional services include monitoring for the presence of vector borne diseases, inspecting poultry ranches, dairies and riding academies for nuisance flies and other vectors and direct abatement and control of vectors in sanitary sewer systems, flood control channels and basins.

- Operating transfers in of \$6.1 million primarily represents funds provided from the Wraparound Reinvestment Fund which are utilized as a match accessing additional Federal funding. This funding will allow Children and Family Services to maintain existing service levels despite increasing costs.

BUDGET CHANGES AND OPERATIONAL IMPACT

The 2013-14 recommended budget is based on the latest information available from the developing budget situation at the state level. The latest social services allocation projections include funding and mandated program changes included in the 2013-14 Governor's Budget. Allocation increases and program changes mitigate many of the revenue challenges that HS has dealt with in the past few years. Caseload growth, mandated program changes, implementation of the Affordable Care Act and increasing 2011 Realignment revenue continue to push available funding higher for most HS programs. TAD funding is anticipated to increase \$21.7 million. The increase is comprised of CalWORKs; \$11.4 million (9.8%), Cal Fresh; \$4.6 million (7.3%),

Medi-Cal; \$4.3 million (6.4%), Foster Care Administration; \$0.6 million (17.5%) and \$0.8 million in other miscellaneous programs. CFS funding is anticipated to increase \$8.8 million. Since most CFS programs were realigned in 2011 more funding is available due to increased 2011 Realignment receipts and the state's obligation to repay prior cuts made to Child Welfare Services funding. Additional funding is made available by using Wraparound Reinvestment Funds to leverage additional federal funds. DAAS funding is anticipated to decrease \$1.4 million. The decrease is primarily a result of the loss of funding for the Case Management Information and Payrolling System (CMIPS) II project which will lose revenue as the project is completed. The implementation of a new Maintenance of Effort for IHSS programs has stabilized the need for local share to a 3.5% increase per year which is entirely funded with Social Services Realignment. All other funding for programs administered by HS is expected to remain unchanged from what was included in the 2012-13 budget.

While this budget anticipates increased allocations across most social services programs, the ongoing availability of additional statewide revenue is still uncertain. A slower than anticipated economic recovery or a slow-down of tax receipts could cause budget issues for the state and may result in slower restoration of funding of social services programs. Until such time that the state makes changes to its current budget plan, it has been deemed necessary to plan for the maximum possible available funding in order to effectively take advantage of potential funding increases. HS will continue to monitor developments at the state and federal levels in an effort to maintain mandated public services at appropriate levels while utilizing all available funding.

Current strategy is to increase staffing to the level which provides the most flexibility and opportunity to provide services mandated by the state while remaining within expected allocations. Plans for significant expenditures, whether for staff, services, supplies, equipment, or services to clients will be monitored closely and necessary adjustments will be made as future changes to the state budget are known. Any significant differences between this budget and actual allocations received from the state will be addressed through the County's quarterly budget adjustment process.

Overall, allocations within this budget unit are expected to increase 7.5% from the previous year. This allocation increase combined with additional funds from the Wraparound Reinvestment Fund, Social Services Realignment and 2011 Realignment and net county cost result in a requirements increase of \$30.4 million from the 2012-13 modified budget as follows:

- Staffing expenses will increase \$14.6 million over the 2012-13 budget. Increases fund additional positions and rising benefit, retirement and salary costs. Mandated program changes and rising caseload contribute to staffing increases of 193 positions in various HS departments and divisions.

	TAD	CFS	DAAS	Support	Total
2012-13 Modified Budget	2,645	845	227	498	4,215
2013-14 Recommended Budget	2,803	858	227	520	4,408
Difference between 2012-13 Final Budget 2013-14 Recommended Budget	158	13	-	22	193

- Operating expenses are increasing \$14.5 million. Significant changes are related to increases in computer hardware and software expense, County service costs, client services costs and data processing costs.
- Capital expenditures are increasing by \$0.3 million which is due to increases in equipment and vehicle purchases.
- Reimbursements are decreasing by \$0.8 million which reflects a decrease in the demand for HS administrative support.

Sources increased by \$29.3 million from the 2012-13 budget as follows:

- Realignment increased \$2.3 million as a result of increased 2011 Realignment collections and the need for additional Social Services Realignment to meet the required county share of Child Welfare Services, Foster Care Administration, DAAS Nutrition, DAAS Family Caregiver programs and purchases of fixed assets.
- Federal and state funding available for HS programs increased a net \$25.5 million primarily due to increased funding for CalWORKs, Medi-Cal and Cal Fresh.
- A mix of miscellaneous revenue sources increased \$0.5 million.
- Net county cost has increased \$1.1 million to provide the local match required by program allocations and to partially offset the increased need for Social Services Realignment funding.

NET COUNTY COST

Most HS programs are state and/or federal mandates. The County share of funding is either mandated as a percentage of total program costs or as a fixed maintenance of effort. County share is comprised of a combination of net county cost, revenue from the Realignment 2011 fund and revenue from the Social Services Realignment (Realignment) fund. Both realignment funds were created by two distinct and separate state realignment processes to offset the costs that were shifted to the County from the state for realigned programs. Their use is limited to designated social services programs.

Changes to HS County share needs are as follows:

In aggregate, the HS Administrative Claim budget unit includes a net increase to net county cost of \$1.1 million. All net county cost figures are estimates and are dependent upon final allocations from the state after the state budget has been adopted. HS will closely manage changes arising from the state budget. Significant changes will be addressed through the county's quarterly budget update process, as needed.

HS programs that are not state or federal mandates do not generate state or federal revenue and are funded with County general funds through HS. While these programs provide services that benefit HS in general, their functions do not qualify for state or federal reimbursement. These programs and their general fund impact are detailed below:

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$313.2 million fund 4,408 budgeted positions of which 4,400 are regular positions and 8 are limited term positions.

TRANSITIONAL ASSISTANCE DEPARTMENT (TAD)

TAD program funding is expected to increase over the previous year. Caseloads continue to grow and the effect of the Affordable Care Act is likely to increase Medi-Cal funding and caseload. As a result, TAD has identified the need to make the following staffing changes:

Additions:

- 2 Childcare Provider
- 85 Eligibility Worker II
- 9 Eligibility Worker III
- 8 Eligibility Worker Supervisor I
- 9 Office Assistant II
- 2 TAD District Manager
- 5 Interpreter/Translator
- 31 Employment Services Specialist
- 6 Supervising Employee Services Specialist I
- 1 Employment Services Manager

CHILDREN AND FAMILY SERVICES (CFS)

CFS allocations are expected to increase over the previous year. Also, utilization of Wraparound Reinvestment Funds to leverage available federal funding allows CFS to absorb much of the effect of increased staffing and related costs. CFS is recommending the following staffing changes:

Deletions:

- 3 Social Services Practitioner- Recurrent
- 3 Alcohol and Drug Counselor
- 1 Child Welfare Services Manager- Recurrent
- 1 Program Specialist II

Additions:

- 8 Social Services Practitioner
- 7 Office Assistant III
- 5 Fiscal Specialist
- 1 Secretary I

CFS will continue to deliver mandated levels of services to clients in the most efficient manner possible. These services are provided in an effort to safeguard the well-being of children who reside within the County. Expenditures for services and hard goods are provided to clients in an effort to keep families intact. All such expenditures are directly charged to the Child Welfare Services allocation and will have no effect on other components of the HS Administrative Claim budget unit.

DEPARTMENT OF AGING AND ADULTS SERVICES (DAAS)

DAAS allocations are expected to remain relatively flat from the previous year. As a result, the Department is recommending position changes which do not impact filled positions but rather attend to necessary administrative adjustments. The net zero recommended changes are as follows:

Deletions

- 1 Office Assistant II
- 1 Office Assistant III
- 1 Staff Analyst II

Additions:

- 3 Social Service Practitioner

HS ADMINISTRATION AND SUPPORT SERVICES

HS Administration and Support Services Divisions have operated with few staffing changes for the last few years due to the overall stagnation of funding available to departments in the HS Administrative Claim. The current expected funding increases and corresponding staffing additions to HS departments, specifically within TAD programs, necessitates some staffing changes within the Administration and Support Divisions. These changes are being made to provide additional support for claiming, Information and Technology, program development and quality assurance functions. Recommended staffing changes are as follows:

- Administrative Support Division – To accommodate the need for more complex claiming functions and to provide necessary support for those functions there will be a reclassification of 1 Systems Accountant II to a Systems Accountant III. There will also be the addition of 1 Executive Secretary II which is needed due to increased need for HS Administrative assistance.
- Auditing Division – Reclassification of 2 Accountant III to 2 Systems Accountant II to address operational needs.
- Information and Technology Support Division – Reclassification of 1 Office Assistant II to an IT Technical Assistant. Reclassification of 1 Business Systems Analyst III to a Programmer Analyst III, addition of 1 Automated Systems Technician, addition of 1 Automated Systems Analyst I and addition of 1 Programmer Analyst III in order to align position classifications with assigned work duties.
- Performance and Education Resource Center- No personnel changes for this Fiscal Year
- Program Integrity Division (PID) – Addition of 6 HSS Quality Review Specialist, 8 Fiscal Assistants and 1 HSS Quality Review Supervisor I positions.
- Program Development Division – Addition of 3 Program Specialist I.
- Personnel Division – No personnel changes for this Fiscal Year

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Staffing expenses of \$3.7 million fund 40 regular positions and 6 limited term positions. Operating expenses of \$6.0 million primarily consists of obligations for contracted services for the Senior Nutrition, Supportive Services, Family Caregiver, and Multipurpose Senior Services Program programs.

Sources of \$7.5 million include revenue for the Senior Nutrition Services, Supportive Services, Family Caregiver, and the Multipurpose Senior Services Program programs.

BUDGET CHANGES AND OPERATIONAL IMPACT

In 2013-14, requirements will decrease by \$1.4 million primarily due to reductions in contracted vendor payments and is slightly offset by increases in reimbursements that are received from other departments. The reduction in operations is attributed to reductions in sources. DAAS has reduced staff by one limited term position in 2013-14.

Sources will decrease by \$1.4 million due to reductions in federal and state revenues resulting from sequestration budget cuts to services such as Nutrition, Supportive Services, Family Caregiver, and Senior Employment programs; elimination of one-time only Federal funds, and decreased funding for Medi-Cal Administrative Activities (MAA). The reduction of MAA funding will be offset through one-time bridge funding from Human Services. The Department will seek alternative sources to replace the bridge funds prior to approval of the 2014-15 budget process.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$3.7 million fund 46 budgeted positions of which 40 are regular positions and 6 are limited term positions. The recommended budget includes a decrease in positions from 47 to 46 positions due to the elimination of 1 vacant Senior Employment Program Aid position. Operations will not be affected by the reduction as work duties will be assumed by the remaining program staff.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Major expenditures and revenue represent the following:

- Staffing expenses of \$1.6 million will fund 19 budgeted positions.
- Reimbursements of \$1.4 million represent funding received primarily from the Department of Behavioral Health for conservatee case costs and from the Sheriff/Coroner/Public Administrator for reimbursement of warehouse operation costs.
- State/federal/other government aid revenue of \$176,850 represents reimbursement for Medi-Cal Administrative Activities (MAA) and AB109 Criminal Justice Realignment and SB90 Mandate.
- Fee/rate revenue of \$110,000 represents Court-ordered fees paid to the Department from the estates of conservatees.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses will increase by \$53,667 in part due to increased retirement costs and a fully budgeted Supervising Deputy Public Guardian position. Operating expenses will decrease by \$95,852 primarily due to reductions to COWCAP and transfers out for shared administrative costs with DAAS and other HS divisions. There will be no operational impact as a result of these expenditure changes.

Budgeted sources in the 2013-14 recommended budget will decrease by \$38,813 as a result of reduced revenues received for the AB109 Criminal Justice prisoner release program and fee revenue received from conservatees. Decreased sources are offset by decreased expenditures and the Department foresees no operational impact.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$1.6 million will fund 19 budgeted regular positions and includes a Supervising Deputy Public Guardian position that was partially funded in 2012-13. There will be no staffing level adjustments in 2013-14.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Major requirements and sources include the following:

- Staffing expenses of \$32.8 million fund 434 budgeted positions.
- Operating expenses of \$7.1 million include professional services contracts, telephone services, mail services, COWCAP, leases, and other operating costs.

Sources of \$40.1 million primarily represent the federal and state allocation to fund child support operations. DCSS has no net county cost.

BUDGET CHANGES AND OPERATIONAL IMPACT

For 2013-14, requirements are expected to increase by \$0.5 million over the 2012-13 modified budget primarily due to the restoration of the one-time Federal and State funding reduction. During 2012-13, funding for Local Child Support Agencies was reduced as a result of the Governor’s May Budget Revision. The restored funding will be used for increased salary and retirement benefits costs.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$32.8 million fund 434 budgeted regular positions. This is a reduction of 1 position compared to the 2012-13 modified budget and is the net effect of 3 deletions and 2 additions. For 2013-14, 2 vacant program positions as well as 1 extra-help position are being deleted, and 1 legal services position and 1 technical support position are being requested. These adjustments are necessary to provide mandatory legal and technical support for child support operations, as well as improve the overall efficiency of the Department’s daily operations.

HUMAN SERVICES

Wraparound Reinvestment Fund

DESCRIPTION OF MAJOR SERVICES

The Wraparound Services Program was created through Senate Bill (SB) 163, Chapter 795, Statutes of 1997, and is an intensive, community-based and family-centered process designed to allow children with serious behavior and/or emotional difficulties to remain in their community at the lowest level of care possible instead of being placed in a group home setting. Payments for Wraparound Services are included in the Aid to Families with Dependent Children (AFDC) – Foster Care budget unit. This bill allows counties to accumulate savings realized from a wraparound program and requires that the savings be reinvested in a Child Welfare Services Program.

Budget at a Glance	
Total Requirements	\$16,947,295
Total Sources	\$7,935,000
Fund Balance	\$9,012,295
Use of Fund Balance	\$3,680,527
Total Staff	6

Contracts have been established with five agencies to provide Countywide Wraparound Program Services to high risk children. These contracts stipulate that the County will retain 5% of the monthly Wraparound Foster Care payments for federally eligible cases and 10% of the monthly Wraparound Foster Care payments for non-federally eligible cases.

This budget unit will provide funding to 1) reinvest in services for youth in placement while they are being assessed for residential based services, 2) enhance services provided to foster care children and their families, 3) expand services to youth aging out of the foster care system in order to promote self-sufficiency in these young adults and 4) provide matching funds to access additional federal funding in support of the Child Welfare Services Program.

This budget unit requires no discretionary general funding (net county cost) since amounts are withheld from existing AFDC – Foster Care maintenance payments.

Aid to Indigents (General Relief) provides mandated County subsistence in the form of cash aid for food, shelter and transportation to indigents who do not meet categorical eligibility requirements for state and federally funded programs. These general relief payments facilitate transition to an employable status and/or provide interim assistance pending receipt of Social Security Income (SSI) benefits. Revenue under this program represents retroactive SSI payments which the County receives as reimbursements for general relief assistance provided to SSI eligible indigents prior to their enrollment in the SSI program and reimbursements made by non-SSI eligible indigents when assistance under this program is no longer needed.

Domestic Violence/Child Abuse Services provides for a number of contracts with agencies to ensure temporary shelter, food, transportation, emergency services and treatment/counseling for adults and children who are victims of domestic violence and child abuse. The domestic violence program under SB 1246 is funded by a surcharge on marriage licenses and court fines imposed in domestic violence cases. The child abuse prevention program is funded by a state grant and revenues generated from a surcharge placed on certified copies of birth certificates. Revenues from the surcharges are deposited into special revenue funds and used to fund the payments to contractors. These three revenue sources provide 100% of the funding for this program.

Entitlement Payments (Childcare) provides for the Stage 1 Childcare Program administered by the Transitional Assistance Department (TAD). This program is one of the major programs of federal welfare reform and the resulting state CalWORKs program and is intended to fund childcare for CalWORKs recipients who are seeking employment or have obtained employment. Childcare provider payments are 100% federally and state funded through reimbursements by the state.

Out-of-Home Child Care provides assistance grants for room, board and care for children pending determination of eligibility for state or federal aid, those who are ineligible due to other resources or those who are undocumented residents. Some of these children have serious emotional and medical problems which increase the difficulty of locating appropriate facilities for care. Costs for this program can fluctuate based on the unique nature and requirements of each individual case.

Aid to Adoptive Children program provides financial assistance to adoptive parents who would otherwise not be able to provide for a child's special needs. The children are either personally disadvantaged, physically handicapped or adolescents. This program enables hard to place children to be adopted and taken out of the higher cost Foster Care program. This budget unit is funded approximately 42% federal, 44% state (2011 Realignment), with the remaining costs offset by revenue from Social Services Realignment and discretionary general funding (net county cost).

AFDC-Foster Care provides aid payments for children living in foster homes and group-care facilities. The Foster Care caseload consists of cases from both Children and Family Services (CFS) (approximately 90%) and Probation (approximately 10%). The cost of Probation related foster care cases is approximately 2 times greater than CFS cases due to the higher levels of care required for these juveniles. There are two funding eligibility criteria in the Foster Care Program, federal (federal, state and county participation) and non-federal (state and county only). Foster Care placements are generally eligible for federal financial participation if the parents meet the previous Aid to Families with Dependent Children (AFDC) Program criteria.

- For federally eligible (federal) cases, the cost-sharing ratios are now approximately 45% federal, 21.5% state (2011 Realignment), and 33.5% County.
- For non-federally eligible (non-federal) cases, the cost-sharing ratio is 40% state (2011 Realignment) and 60% County.
- All County share-of-cost is mandated and is reimbursed from Social Services Realignment and discretionary general funding (net county cost).

Refugee Cash Assistance provides assistance payments for a maximum of eight months to all refugees who cannot meet the requirements for the Refugee Demonstration Project and CalWORKs programs. This program is 100% federally funded and open-ended.

Cash Assistance for Immigrants program, under AB 2779, provides cash assistance to aged, blind and disabled legal immigrants who meet the Supplemental Security Income/State Supplementary Payment (SSI/SSP) immigration status requirements in effect on August 21, 1998, and all other current SSI/SSP eligibility requirements, yet are no longer eligible for SSI/SSP solely due to their immigration status. This program is 100% state funded.

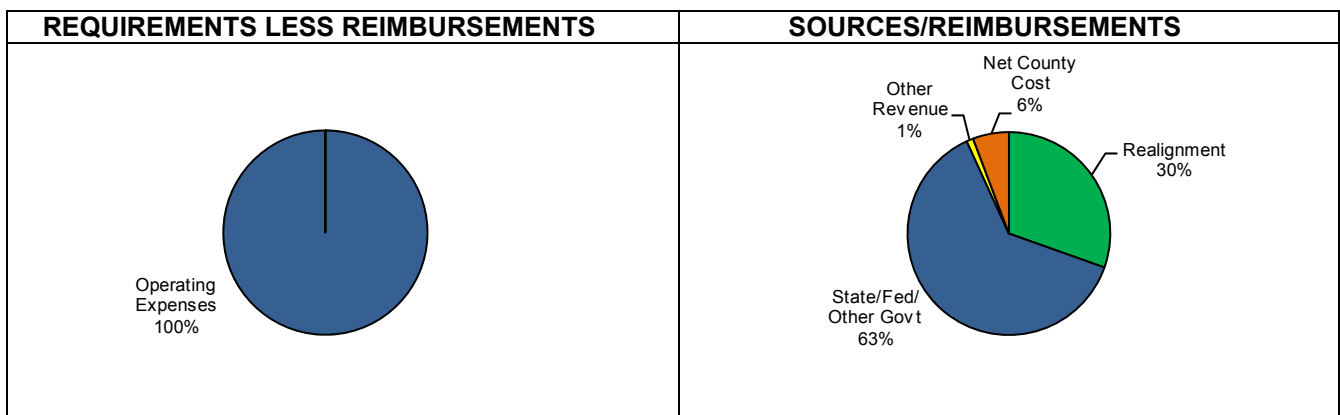

CalWORKs – All Other Families provides CalWORKs assistance payments to families eligible for aid and includes all cases that have not been identified as two-parent or zero-parent families. The federal and state governments reimburse 97.5% of the costs for this program. Currently, approximately 37.5% of state funding is 2011 Realignment. The mandated County share of 2.5% is funded by discretionary general funding (net county cost).

Kinship Guardianship Assistance Program (Kin-Gap) provides a subsidy to children who leave the juvenile court dependency system to live with a relative legal guardian. It offers relative caregivers of dependent children an option for providing a permanent home to these children. To be eligible for the program, the child must have lived with the relative at least 12 consecutive months, the relative guardianship must be established pursuant to Welfare and Institutions Code 366.26, and the juvenile court dependency for the child must be dismissed. Movement to the Kin-Gap program is not automatic. The court, with a recommendation from the social worker, has discretion regarding whether termination of dependency is in the child's best interest. This program is approximately 87.7% state (2011 Realignment) funded; the remaining 12.3% is funded by discretionary general funding (net county cost).

CalWORKs – 2 Parent Families provides payments to resident families who are eligible for aid in accordance with state law. This budget includes all cases identified as having two parents in the home or in which the parents are excluded from, or ineligible for, CalWORKs. The federal and state governments reimburse 97.5% of the costs for this program. The mandated County share of 2.5% is funded by discretionary general funding (net county cost).

There is no staffing associated with these budget units. Services for the above programs are provided by staff budgeted in the Human Services (HS) Administrative Claim budget unit.

Consolidated Human Services Subsistence Funds are increasing requirements by \$16.8 million due to a combination of caseload and grant payment increases in HS Subsistence budget units. Sources are increasing by \$14.0 million which includes an increase of \$7.5 million in Realignment (both Social Services Realignment and 2011 Realignment funds). This represents required matching funds in various HS Subsistence budget units due to caseload and cost growth and is outlined in the HS Administrative Claim budget unit. Additional \$2.8 million in discretionary general funding (net county cost) is required because the County share for programs with decreasing requirements is minimal (0 - 2.5%) and the County share for programs with increasing requirements is significant (15% - 60%).

BUDGET CHANGES AND OPERATIONAL IMPACT

Aid to Indigents (General Relief) includes operating expenses of \$1.7 million which provides cash aid for food, shelter and transportation, as well as SSI advocacy legal fees, to indigents who do not meet categorical eligibility requirements for state and federally funded programs. Due to anticipated minor caseload decreases, requirements level will decrease by \$70,919. As a result of a small growth in sources from increased SSI referrals, net county cost is expected to decrease \$230,544 to \$1.2 million. These savings allow the overall HS Subsistence budget units to remain within overall net county cost targets.

Domestic Violence/Child Abuse Services includes operating expenses of \$1.3 million which funds contracts with agencies to ensure temporary shelter, food, transportation, emergency services and treatment/counseling for adults and children who are victims of domestic violence and child abuse. Reimbursements of \$779,402 are from a surcharge placed on certified copies of birth certificates, marriage licenses and court fines imposed in domestic violence cases. Sources of \$531,812 is from a state grant to fund the child abuse prevention program. There is no change to this budget unit from the prior year.

Entitlement Payments (Child Care) includes operating expenses of \$31.2 million which provides payments to childcare providers for Stage 1 childcare. The requirements and sources for 2013-14 will be increased by \$2.8 million. The Welfare to Work participation exemption for parents caring for young children expired June 30, 2012. Re-engagement of these clients began in March of 2013 and will continue throughout 2013-14. Therefore, these CalWORKs clients will be required to participate in work activities and the need for childcare services will increase.

Out-of-Home Child Care includes operating expenses of \$810,566 which provides assistance grants for room, board and care for children. Requirements are expected to remain level with the 2012-13 modified budget as the current average monthly caseload (34) and the current average monthly grant (\$2,001) are expected to remain constant through 2013-14.

Aid to Adoptive Children includes operating expenses of \$56.3 million which provides assistance to adoptive parents who would otherwise not be able to provide for a child's special needs. Requirements are projected to increase \$3.4 million (6.5%) over the 2012-13 modified budget due to continued caseload growth and associated costs resulting from the success of legislation (AB390) which encourages and promotes the adoption of eligible children. Continued increase in the average monthly grant payment is partially due to historical increases based on the child's needs and legislation (AB106) which granted a California Necessities Index (CNI) increase

retroactive to July 2011. Federal and state revenue (2011 Realignment) is projected to increase \$2.8 million. A net county cost increase is averted with the use of an additional \$591,066 of Social Services Realignment.

AFDC-Foster Care includes operating expenses of \$123.7 million, a \$12.0 million increase, consisting of \$120.3 million in aid payments and other expenses for children living in foster homes and group-care facilities, \$1.2 million in payments to Transitional Housing Program-Plus (THPP) contractors and \$2.2 million in transfers to the Wraparound Reinvestment Fund. The 100% state funded (2011 Realignment) THPP program provides support services to youth exiting foster care. The transfer to the Wraparound Reinvestment Fund represents the 5% - 10% of monthly Wraparound Foster Care payments to contractors that are contractually retained by the County to be re-invested in Child Welfare Services programs. The number of children receiving Wraparound services continues to increase resulting in an increase of \$160,000. Caseload is projected to increase by 4% overall, (federal cases by 5% with non-federal by 1%). Costs are projected to increase 8.5% due to the following:

- The United States District Court ordered a new method of determining payment rates for foster homes. While costs for foster care cases have increased slightly overall in recent years, the court-ordered foster home rate increases are projected to increase federal case costs by 2% and non-federal case costs by 10%.
- AB 12 allows wards and child welfare dependents turning age 18 in 2012 to remain in extended foster care (EFC). In 2014, these youth will be eligible to stay in care through age 21. The financial impact of this change has not yet been determined.

Federal revenue will increase by \$6.7 million and state revenue (2011 Realignment) will increase by \$2.0 million. \$5 million in additional revenue will be transferred from the Wraparound Reinvestment Fund. An additional \$3.4 million of net county cost is required for this program to meet mandated matches, and exceeds targets by \$566,239. Savings in other HS subsistence budget units allow HS to remain within overall net county cost targets.

Refugee Cash Assistance is 100% federally funded and includes operating expenses of \$75,918 which provides payments to refugees who cannot meet the requirements for the Refugee Demonstration Project and CalWORKs programs. Requirements and sources are projected to decrease slightly due to small changes to caseload and grant payment costs.

Cash Assistance for Immigrants is 100% state funded and includes operating expenses of \$1.9 million which provides payments to legal immigrants who meet the SSI/SSP immigration status requirements. Requirements and sources are projected to increase \$235,311 due to a 10% increase in caseload.

CalWORKs – All Other Families includes operating expenses of \$248.4 million which provides assistance payments to families eligible for aid and includes all cases that have not been identified as two-parent or zero-parent families. This is a \$1.4 million reduction from the prior year and is a result of slightly lower caseload. Federal and state revenue of \$188.7 million and 2011 Realignment revenue of \$53.5 million comprise 97.5% of the funding for this program, a \$1.3 million reduction from the 2012-13 modified budget. The resulting decrease of \$34,476 in net county cost allows HS to remain within overall net county cost targets.

Kinship Guardianship Assistance Program (Kin-GAP) includes operating expenses of \$7.5 million which provides subsidies to relative caregivers of children who leave the juvenile court dependency system to live with a relative legal guardian. Requirements are projected to increase \$1.1 million due an 18% increase in placement costs. Sources are projected to increase \$1.6 million due to the availability of additional 2011 Realignment funds. This additional revenue results in \$416,979 savings of net county cost and allows HS to remain within overall net county cost targets.

CalWORKs – 2 Parent Families includes operating expenses of \$39.5 million which provides assistance payments to all cases identified as having two parents in the home or in which the parents are excluded from or ineligible for CalWORKs. A state mandated reduction in aid payments contributes to a \$1.4 million decrease in requirements. Caseload is expected to remain stable in 2013-14. Federal and state revenue of \$38.5 million comprises 97.5% of the funding for this program, a \$1.3 million decrease from 2012-13 modified budget. The resulting decrease of \$34,240 in net county cost allows HS to remain within overall net county cost targets.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Staffing expenses of \$32.2 million fund 700 budgeted positions who administer preschool services programs. Operating expenses of \$17.8 million includes contracts for temporary help, transportation, food and subcontractors. Also included are transfers to other County departments for services such as lease payments, Human Services Administration Support, and Human Resources. Capital expenditures of \$192,240 fund the annual mortgage payment of a new warehouse. Reimbursements are from the Department of Behavioral Health for the operation of the Prevention and Early Intervention and the Low-Income First-Time Mothers programs.

Sources of \$49.5 million are primarily from federal and state government.

BUDGET CHANGES AND OPERATIONAL IMPACT

In 2013-14, requirements are increasing overall by \$62,157. Staffing expenses are increasing by \$1.6 million primarily due to an increase in general retirement, workers compensation and medical premium subsidy. In addition, PSD had increases in vision, termination and survivor benefits. Furthermore, PSD increased operating days for the State Preschool Program and increased the hours in the Program Generalists work schedule. Operating expenses are decreasing by \$1.3 million primarily due to changes in program options and also realized savings in central services-data processing and other charges – food program contracts. Capital expenditures are decreasing by \$199,360 primarily due to the one-time purchase of vehicles in 2012-13.

State, federal or government aid is increasing by \$19,983 primarily due to an increase in projected meals and snacks served through the Child and Adult Food Care Program because of the extension of the school calendars. Moreover, fees are increasing due to the implementation of family fees by the California Department of Education for the State Preschool Program; and offset by a decrease in other revenue due to a reduction in eligible teachers qualified to receive funds provided through Assembly Bill 212 Stipend Program.

For 2013-14, PSD's funding will be affected by the Federal Sequestration by approximately \$2.1 million. Due to the lag time with receipt of the notification from the Office of Head Start, PSD's 2013-14 budget will be adjusted in the first quarter budget report.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$32.2 million fund 700 positions of which 69 are regular positions and 631 are limited term positions. The 2013-14 recommended budget includes a net decrease of 6 positions.

There is a reduction of 10 limited term positions due to program option changes. However, due to an increase in workload at the administrative office and the warehouse, 3 regular positions and 1 limited term position were added resulting in a net decrease of 6 positions in 2013-14, totaling 700 budgeted positions.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Staffing expenses of \$1.5 million is the primary expenditure in the Veterans Affairs budget and supports 18 budgeted positions. Operating expenses primarily consist of general office and COWCAP costs, facilities management costs, and other costs such as printing, mailing, leases and utilities.

Sources of revenue are from the State Veterans Subvention Fund, Medi-Cal Cost Avoidance Program, the County Veterans Service Office Fund, and state reimbursement for contract services performed at the Barstow Veterans Home.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$38,101 primarily due to retirement costs. The Department received one-time Board discretionary funding of \$20,000 in reimbursements in 2012-13 that will not be received in 2013-14. Operations will not be impacted by these changes.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$1.5 million fund 18 budgeted regular positions. There are no staffing changes.

“Special Department Expense” for court-appointed Penal Code § 987.9 confidential services of experts and investigators for capital cases is increased by \$25,000 (from \$200,000 to \$225,000) in anticipation of increased need for these services during 2013-14.

“Court Appointed Attorney Fees” is decreased by \$99,000 due to a new contract and resulting decreased costs for paternity and child support contempt representation services effective July 1, 2013, and anticipated extension of existing adult indigent and delinquency representation contracts to June 30, 2014. These contract services are expected to be released for competitive procurement (RFP) during 2013-14 for new contracts to be effective July 1, 2014. Court-appointed legal representation services for civil, conservatorship, guardianship, probate, and family law other than Family Code § 3150 minor’s counsel were first included in the Indigent Defense budget unit during 2011-12, resulting in ongoing increased expenditures for these court-appointed attorney services.

“Other Professional and Special Services” for court-appointed services of experts and investigators for non-capital cases continue to be at reduced levels since the Superior Court’s January 2010 implementation of its designated Penal Code § 987.2 Judge program, and the Court’s adoption of its *Penal Code § 987.2 Procedures and Rules*.

Court Facilities Payments

DESCRIPTION OF MAJOR SERVICES

The Trial Court Facilities Act of 2002, SB 1732, requires the transfer of responsibility for funding and operation of trial court facilities from the counties to the State of California. The County must pay the state the amount that the County historically expended for the operation and maintenance of each court facility. This budget unit was established in 2006-07 to budget and track these payments for the County's facilities. With the new courthouse, there were two facilities added in 2013-14. Four more locations will be added by 2015 which will be the final obligation under this agreement.

Trial Court Funding – Maintenance of Effort (MOE)

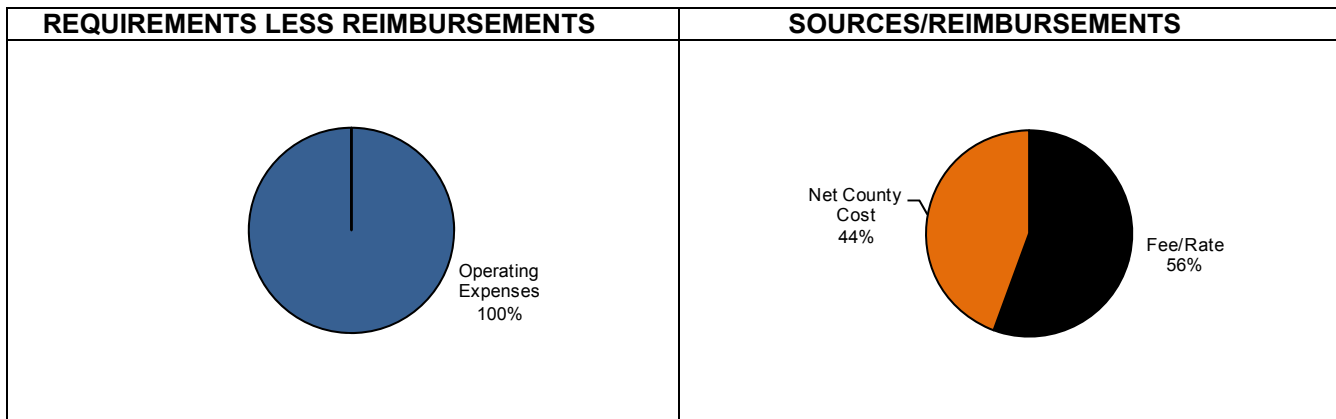

DESCRIPTION OF MAJOR SERVICES

On January 1, 1998, AB 233, the Lockyer – Isenberg Trial Court Funding Act of 1997 went into effect in the State of California. This bill fundamentally changed how the trial courts are funded by transferring primary responsibility for funding the courts to the state, including sole responsibility for funding future growth in court operations costs. In addition, it requires counties to make a capped maintenance of effort (MOE) payment to the state each year for operations of the courts.

Budget at a Glance	
Total Requirements	\$25,510,051
Total Sources	\$14,182,000
Net County Cost	\$11,328,051
Total Staff	0
Funded by Net County Cost	44%

The County’s historical MOE contribution of \$28,390,295 was made up of two components. The expenditure component of \$20,227,102 represented the adjusted 1994-95 County expenses for court operations and the sources component of \$8,163,193 was based on the fine and forfeiture sources sent to the state in 1994-95. In 2006-07 the sources component changed to \$3,325,704 due to legislation. Therefore, the County’s current MOE contribution is \$23,552,806. The Legislation allows the counties to retain many fines and forfeitures to help fund their MOE payments with the provision that collections that exceed the amount of sources MOE be shared equally between the state and the County.

Courthouse Seismic Surcharge

DESCRIPTION OF MAJOR SERVICES

Funding for this budget unit comes from a \$35 surcharge on civil filings as authorized by Government Code Section 70624. Surcharge revenues were used for the Central Courthouse seismic retrofit/remodel project, which was completed in January 2011. These revenues are also being used to make contributions to the state for the new courthouse in downtown San Bernardino.

In June 2007 the County privately placed \$18.4 million of revenue bonds for courthouse improvements. These bonds mature on June 1, 2037, and are payable solely from revenues generated by a \$35 civil filing fee surcharge and related interest earnings. They are not an obligation of the County. The purchasers of the bonds have assumed the risk that surcharge revenues may someday not be sufficient to make principal and interest payments. All pledged revenues are remitted monthly to a trustee acting on behalf of the owners of the bonds.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 ADOPTED BUDGET

Operating expenses of \$500,000 represent costs related to contracts for mediation services. Contingencies of \$194,299 are being set aside for future allocation as approved by the Board of Supervisors. Sources of \$500,000 represent the anticipated collection of civil filing fees and interest earnings.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$23,292 due to an increase in contingencies of \$68,292, offset by a decrease in operating expenses of \$45,000 due to the new contract for the alternate dispute resolution services funded by this unit.

Sources from the \$8 civil filing fee have been averaging \$500,000 per year during the past two years. The contract services funded by this special revenue fund were opened to competitive procurement during 2012-13, resulting in a new contract paid at a rate of \$500,000 per year (under previous contract arrangement expenditures were \$600,000 per year). The fund balance is reserved as a contingency in the event the \$8 civil filing fee revenues fall below the contract expenditures of \$500,000 per year.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

The major expenditures for the District Attorney's Office are for staffing and other operating costs necessary to achieve the Department's core responsibility of prosecuting crimes. These expenditures are funded primarily through a \$30.7 million in net county cost and \$25.7 million of Prop 172 revenues required by law to be used for public safety activities. Other significant funding sources include reimbursements of \$9.0 million primarily from the Department's special revenue funds, \$3.5 million of AB 109 funds, \$1.5 million of SB 90 revenue, and \$2.6 from various state/federal grants.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$1.3 million primarily due to increases in staffing expenses of \$1.2 million as a result of a net increase of 11 budgeted positions as detailed below and an increase in operating expenses of \$0.6 million primarily due to additional requirements for computer hardware and systems development charges. These expenses are more than offset by an additional \$1.5 million of AB 109 funding as part of the state's public safety realignment and \$0.5 million of increased reimbursements from the department's special revenue funds.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$65.1 million fund 488 budgeted positions of which 484 are regular positions and 4 are limited term positions.

The Department's 2013-14 budgeted staffing includes the addition of the following 12 new positions:

- 8 positions for additional workload associated with the public safety realignment (funded through AB 109):
 - 5 District Attorney Senior Investigators
 - 2 Victim Advocate II's
 - 1 Business System Analyst
- 1 Deputy District Attorney for the prosecution of cold case homicides in the County.
- 2 positions (1 Deputy District Attorney and 1 Paralegal) for increased workload of the Specialized Prosecution Unit (funded through revenue from case settlements).
- 1 Deputy District Attorney for the Alcohol and Drug Impaired Vertical Prosecution Program (funded by the State Office of Traffic Safety)

These increases are partially offset by the deletion of 1 extra-help District Attorney Senior Investigator originally added to assist with the investigation of real estate fraud cases.

DESCRIPTION OF MAJOR SERVICES

Real Estate Fraud Prosecution accounts for activity related to the investigation and prosecution of real estate fraud crimes in the County. On January 23, 1996, the Board of Supervisors (Board) adopted Resolution 96-14 to allow the County to collect, pursuant to Government Code 27388, a \$2 fee upon recording documents. On December 9, 2008, the Board adopted Resolution 2008-311 authorizing an increase of this fee from \$2.00 to \$3.00. This fee is used to fund costs of the District Attorney's Real Estate Fraud Prosecution Unit. Sources are transferred to the District Attorney's Criminal Prosecution budget unit to offset the cost of staff assigned to real estate fraud prosecution.

Auto Insurance Fraud Prosecution represents activity related to the investigation and prosecution of automobile insurance fraud. Insurance fraud is a particular problem for automobile policy holders. It contributes substantially to the highest cost of automobile insurance with particular significance in urban areas. Prevention of automobile insurance fraud can significantly reduce insurance claim payments and may therefore produce a commensurate reduction in automobile insurance premiums. Under direction of the Insurance Commissioner, the California Department of Insurance makes funds available, as authorized by the California Insurance Code, to the District Attorney's Office for investigation and prosecution of automobile insurance fraud. Sources are transferred to the District Attorney's Criminal Prosecution budget unit to offset the cost of staff assigned to auto insurance fraud prosecution.

Workers Compensation Insurance Fraud Prosecution accounts for activity related to the investigation and prosecution of workers' compensation insurance fraud. The Department of Insurance, pursuant to Section 1871.83 of the California Insurance Code, distributes funds to the District Attorney's Office for this purpose. These assessed funds represent a percentage of the total premiums collected by workers' compensation claims relating to the willful failure to secure the payment of workers' compensation. Of all money collected by the state, 56% is retained by the state for fraud investigation and 44% is distributed statewide to District Attorney Offices through a grant program. These funds are administered through this budget unit. The insurance grant revenue is transferred to the District Attorney's Criminal Prosecution budget unit to offset the cost of staff assigned to the Workers' Compensation Insurance Fraud Prosecution Unit.

Specialized Prosecutions was established in 1990-91 with funding from various fines and forfeitures for the District Attorney's Office to prosecute crimes such as hazardous waste dumping, consumer fraud and violations of Cal/OSHA laws. Sources transferred to the District Attorney's Criminal Prosecution budget unit to offset the cost of staff associated with the Specialized Prosecution.

Vehicle Fees – Auto Theft accounts for the receipt of assessments on vehicles registered in San Bernardino County. In May of 1995, the Board adopted a resolution, pursuant to Vehicle Code 9250.14, to impose a \$1.00 fee on each San Bernardino County new and renewal vehicle registration. The revenue from this fee is used to enhance the capacity of local law enforcement and prosecutors to deter, investigate and prosecute vehicle theft crimes. This budget unit receives the District Attorney's share of the registration assessment on vehicles registered in San Bernardino County. Sources are transferred to the District Attorney's Criminal Prosecution budget unit to offset the costs of prosecuting and investigating automobile theft crimes.

State Asset Forfeitures represent receipt of the District Attorney's share of state asset forfeiture funds. The goal of asset forfeiture is to remove the profits from those who benefit from illegal activities. While seizures and arrests present a temporary setback for criminals, asset forfeiture is effective in permanently removing the proceeds from the criminals while diminishing their ability to continue the illegal enterprise. The law permits law enforcement agencies to use the proceeds of forfeitures to offset public safety expenses. Thus, law enforcement is able to convert criminal profits into supplemental funding to inhibit illegal activities. There is no staffing associated with this budget unit. Sources are transferred to the District Attorney's Criminal Prosecution budget unit to help offset the cost of processing asset forfeiture cases.

Federal Asset Forfeitures account for the share of federal asset forfeitures processed by the District Attorney’s Office. In 1982, Congress enacted the comprehensive Crime Control Act that gave federal prosecutors new forfeiture provisions to combat crime. Also created by this legislation was the Department of Justice Assets Forfeiture Fund. The proceeds from the sale of forfeited assets such as real property, vehicles, business, financial instruments, vessels, aircraft and jewelry are deposited into this fund and are subsequently used to further law enforcement initiatives. Under the Equitable Sharing Program, proceeds from sales are often shared with the state and local enforcement agencies that participated in the investigation, which led to the seizure of the assets. This important program enhances law enforcement cooperation between state/local agencies and federal agencies. The U.S. Department of Justice sets forth the terms by which law enforcement may use these funds. These funds are transferred to the District Attorney’s Criminal Prosecution budget unit to assist with the Asset Forfeitures Unit’s operating expenses and other public safety expenses according to the guideline set forth by the U.S. Department of Justice.

- Received two National Association of Counties (NACo) Achievement Awards, one for the Gateway Program and the other for development and implementation of the Performance Assessment System (PAS).
- Received the California State Association of Counties (CSAC) Innovation Challenge Award for development and implementation of the AB 109 Realignment Plan. The plan includes three regional Day Reporting Centers (DRC) that operate as a “one stop shop” providing a full array of services from several County departments.
- Established the Probation Apprehension Team to seek and capture offenders that have absconded from supervision.
- Coordinated and/or participated in 37 multi-agency compliance sweeps or enforcement operations resulting in the confiscation of 322 firearms, 391 other weapon types, 70 pounds of marijuana, and 8.6 pounds of methamphetamine.
- Added six probation officers to school campuses, bringing the total to 23, which helped to increase the average daily attendance and allowed for intervention with youth on probation or at risk of entering the juvenile justice system.

COUNTY GOALS AND OBJECTIVES AND DEPARTMENT PERFORMANCE MEASURES

COUNTY GOAL: MAINTAIN PUBLIC SAFETY

Objective(s): • *Work with all elements of the County’s public safety services to reduce costs while maintaining the highest level of service that funding will support.*

Department Strategy: • *Supervise adult and juvenile probationers at an appropriate level to reduce recidivism.*
 • *Assess each new adult and juvenile offender to determine expected risk of recidivating and their criminogenic risk factors to ensure appropriate supervision level.*

Measurement	2011-12 Actual	2012-13 Target	2012-13 Estimate	2013-14 Target
Percentage of adult supervision cases recidivating.	3.5%	3.1%	4.0%	3.5%
Percentage of juvenile supervision cases recidivating.	8.0%	8.0%	6.2%	6.0%
Percentage of new adult supervision cases assessed within 60 days.	85.9%	87.0%	93.9%	94.0%
Percentage of new juvenile supervision cases assessed within 60 days.	94.4%	95.0%	97.0%	97.2%

There is expected to be a small increase in the percentage of adults recidivating during 2012-13 due to a more serious assortment of AB 109 offenders being released by the State sooner than anticipated. For purposes of collecting recidivism information for the adult population, the Probation Department can currently report on only those convictions that occur in San Bernardino County.

DESCRIPTION OF MAJOR SERVICES

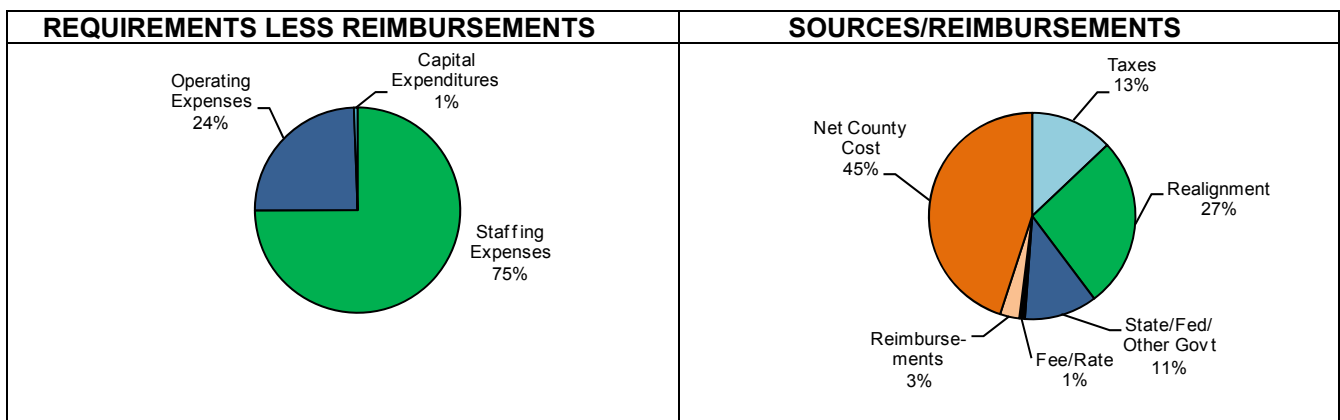

Probation executive management is responsible for the overall leadership to provide Department policies and procedures that focus on maintaining public safety while operating in a fiscally responsible and business-like manner. These efforts are driven by the principles of operating with management integrity, relying on recognized professional practices, and developing innovative programs to meet the changing needs of the population.

Each of the following bureaus focus on providing for the health and social service needs of County residents, whether managing field operations in the community or caring for minors in detention, by addressing each individual's criminogenic risk factors and providing services that meet those specific needs:

- Community Corrections Bureau (CCB) is responsible for adult and juvenile supervision, investigation reports for the courts, and case management services. CCB utilizes appropriate evidence-based treatment and supervision services as identified through validated assessment tools. With development of AB 109, the Department has created Day Reporting Centers (DRC) in three regions of the County to provide services to the entire adult offender population by offering services from a wide variety of governmental agencies such as Behavioral Health, Workforce Development, Transitional Assistance, and other related agencies much like the Juvenile Division currently operates. All efforts are aimed at minimizing recidivism and moving offenders into a role of self sufficient, producing citizens.
- Detention Corrections Bureau (DCB) is responsible for the County's Juvenile Detention and Assessment Centers (JDAC) and Department operated residential treatment options in secured environments for legally detained and court ordered minors. DCB works with all law enforcement agencies in the County when a minor is considered for detention and with multiple County agencies within the facilities, as well as local community groups such as faith based organizations to address the juvenile's needs.
- Administrative Services Bureau (ASB) is responsible for the organizational and specialty support functions that include fiscal, payroll/personnel, purchasing, accounts payable, information systems, research/analytical support, courier/file management, and the professional Standards Units. Each of these units work with other County agencies, from fiscal audits to developing new training curriculums, to ensure that the Department is operating in a fiscally responsible and business-like manner while staying focused on the primary objective to maintain public safety.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

The majority of expenditures for 2013-14 consist of staffing and facility costs related to the supervision and treatment of adult offenders and legally detained or court ordered minors. These costs include operation of the day reporting centers and the juvenile detention and assessment centers. The Department's primary sources of revenue are as follows: AB 109 funds (\$27.9 million), Prop 172 revenues (\$18.3 million), federal Title IV monies (\$7.2 million), Youthful Offender Block Grant (\$7.1 million), Juvenile Probation Funding from the state (\$5.3 million), reimbursements from other departments/budget units (\$4.3 million), and realignment funding (\$2.7 million).

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$2.1 million primarily due to a significant reduction in reimbursements resulting from the Department budgeting prior year AB109 funds in 2012-13 for one-time purposes. The \$2.0 million decrease in staffing expenses is the result of new employee MOU's combined with new hires starting at lower salary steps to produce significant savings. Sources are increasing by \$2.8 million due to additional Prop 172 and AB 109 monies anticipated for 2013-14.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$106.1 million fund 1,193 budgeted positions of which 1,184 are regular positions and 9 are limited term positions. The Department's budgeted staffing reflects a net decrease of 1 position. Staffing changes are shown below:

The Department is adding 7 positions, which are being funded by AB109, to help fulfill workload requirements associated with the public safety realignment:

- 1 Probation Officer II
- 1 Probation Officer III
- 1 Applications Specialist
- 2 Media Specialist II
- 2 Fiscal Specialist

The Department is also revising its procedure of transporting juveniles due to safety and security reasons. This function, which is currently being performed by probation corrections officers, can be more safely accomplished through the services of probation officers. As a result, the Department is adding the following 24 new positions, offset by a decrease of 26 vacant probation corrections officers:

- 20 Probation Officer II
- 2 Probation Officer III
- 2 Supervising Probation Officer

Furthermore, 6 additional vacant positions, including 5 probation corrections officers and 1 supervising office specialist, are being deleted primarily because of fewer wards within the JDAC system.

The 2013-14 budget also includes the following recommended reclassifications:

- Office Assistant III to Office Assistant IV
- Office Assistant III to Office Specialist
- Office Assistant III to IT Technical Assistant I
- Supervising Office Assistant to Supervising Office Specialist
- Probation Officer III to Probation Officer II
- Statistical Analyst to Administrative Supervisor I

DESCRIPTION OF MAJOR SERVICES

Juvenile Justice Crime Prevention Act (JJCPA) accounts for the annual allocation of resources from the state to fund programs that address juvenile crime prevention and focus on public safety. The Juvenile Justice Coordinating Council, mandated to oversee local programming, consists of a variety of county and community leaders that develop and recommend the Comprehensive Multi-Agency Juvenile Justice Plan. This plan identifies and addresses the public safety gaps in services for juvenile offenders and their families throughout San Bernardino County. Staffing is budgeted in the Juvenile Justice Program Grant general fund budget unit and reimbursed by this budget unit.

SB 678 – Criminal Recidivism allocates state funding resources to oversee programs for the purposes of reducing parolee recidivism. The funding is intended to improve evidence-based probation supervision practices and will enhance public safety outcomes among adult felons who are on probation. Improving felony probation performance, measured by a reduction in felony probationers who are sent to prison because they were revoked on probation or convicted of another crime while on probation, will reduce the number of new admissions to state prison. Staff is budgeted in the Probation general fund budget unit and reimbursed by this budget unit.

AB 1628 – Juvenile Reentry Program allocates state funding resources to gradually assume responsibility for supervision of juveniles released from the state’s Division of Juvenile Justice (DJJ). This shift of parole supervision to the counties gives local officials more responsibility for the rehabilitation of youth in their communities. This legislation authorizes counties to establish a Juvenile Reentry Fund that would accept state money to address the costs of local supervision and rehabilitative programs.

Asset Forfeiture 15% accounts for State of California Health and Safety Code Section 11489 collections which mandates that fifteen percent of distributed seizure funds are used for the sole purpose of funding programs designed to combat drug abuse and divert gang activity. Expenditures for this fund include drug and gang unit expenses not reimbursed through other sources.

State Seized Assets accounts for Probation’s proportionate share of asset forfeitures seized in conjunction with other agencies. Expenditures for this budget unit include safety equipment and training expenses not reimbursed through other sources.

*Staffing costs for these Special Revenue funds are located within Probation's General Fund budget units (JJCPA staff is in Juvenile Justice Grant Program budget unit and SB 678 staff is in Probation-Administration, Corrections and Detention budget unit. However, the funding for these positions is located within these special revenue funds.

Juvenile Justice Crime Prevention Act: Requirements of \$10.0 million include transfers totaling \$6.4 million primarily for the Juvenile Justice Grant Program, the Department's House Arrest Program, and the District Attorney's LET program. Also included is \$3.6 million in contingencies available for future allocation. Sources of \$5.9 million primarily represent the projected state allocation of JJCPA funding.

SB 678 – Criminal Recidivism: Requirements of \$4.4 million include transfers of \$1.7 million to the Department's general fund budget unit for reimbursement of salary/benefit costs and other operating expenses. In addition, \$2.7 million is being set aside in contingencies for future allocation. Sources of \$1.2 million represent the projected state allocation of SB 678 funding.

AB 1628 – Juvenile Reentry Program: Requirements of \$343,372 represent contingencies available for supervision of juveniles and rehabilitative programs. Sources of \$120,000 represent this program's anticipated state allocation for 2013-14.

Asset Forfeiture 15%: Requirements of \$9,938 represent costs related to drug abuse and gang diversion programs.

State Seized Assets: Requirements of \$54,673 is comprised of an array of costs including training, seminars, safety equipment, travel, and incentives for graduates of the youth Gang Resistance Education and Training (G.R.E.A.T.) program.

BUDGET CHANGES AND OPERATIONAL IMPACT

A net decrease of \$588,448 in total sources is primarily due to less SB 678 funds anticipated from the state for programs that reduce parolee recidivism. Because of the large fund balance available, this reduction will have no impact on operations for 2013-14.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Total expenditure authority of \$243.5 million includes the cost of providing patrol operations for the County's unincorporated areas. Also included are costs related to the following additional divisions: Automotive, Bureau of Administration, County Building Security, Civil Liabilities, Criminal Intelligence, Employee Resources, Information Services, Internal Affairs, Public Affairs, Records, Technical Services, Training (Basic Academy, Emergency Vehicles Operation Center, Range), Specialized Investigations, Aviation, Arson/Bomb, Coroner, Court Services, Communications, and the Inland Regional Narcotics Enforcement Team (IRNET). These costs are funded by a variety of sources, the more significant of which are listed below:

- \$102.7 million in Proposition 172 half cent sales tax revenue
- \$ 56.4 million in allocation of Net County Cost
- \$ 38.2 million in reimbursements (primarily from the Department's Law Enforcement Contracts Unit)
- \$ 27.1 million from the state for providing court security services
- \$ 7.2 million in fees/charges for providing an array of law enforcement related services
- \$ 4.5 million in various state and federal grants
- \$ 1.7 million in California Multi-jurisdictional Methamphetamine Enforcement Team funding
- \$ 0.8 million from Proposition 69 funding related to the collection of DNA information on inmates
- \$ 0.6 million from the state under the Citizens' Option for Public Safety (COPS) Program
- \$ 0.5 million from proceeds from sale of fixed assets

BUDGET CHANGES AND OPERATIONAL IMPACT

The most notable change in this budget unit for 2013-14 is associated with the movement of operating expenses totaling approximately \$15.3 million from this budget unit to the Sheriff – Detentions unit (\$5.8 million) and Sheriff – Law Enforcement Contracts unit (\$9.5 million) in order to more accurately account for the cost of these units. This change also contributed to the net reduction in reimbursements of \$11.3 million, as the Sheriff – Law Enforcement Contract unit previously reimbursed this unit for those costs. Changes in staffing expenses are primarily due to additional retirement costs as well as the movement of staffing costs from the Sheriff Public

Gathering Special Revenue Fund to this budget unit. The Department is closing this Special Revenue Fund and taking steps as part of this budget to close its Aviation, Contract Training, and Search and Rescue Special Revenue Funds in accordance with the Governmental Accounting Standards Board (GASB) 54 requirements. The ongoing costs and revenues for these funds were moved into this budget unit.

The increase in sources for this budget unit is related to estimated increases in Proposition 172 Half-Cent Sales Tax revenue totaling \$7.8 million (which is offset by reduced net county cost) as well as additional Fee/Rate revenue associated with the inclusion of the ongoing revenue of the closed out Special Revenue Funds detailed above.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$183.4 million fund 1,670 budgeted positions of which 1,558 are regular positions and 112 are limited term positions. The Department is recommending the addition of 22 positions.

Additional recommended positions for 2013-14 include the transfer of 1 Accountant II from the Sheriff – Detentions unit and 1 new Supervising Accountant III positions, both of which will be funded by AB 109 Public Safety Realignment funds. The Department is recommending to add 1 Criminalist III to the CAL-ID program, which is funded through regional CAL-ID funds. Grant operations required the addition of 1 Accountant III and 1 Staff Analyst II, both funded by charging new grants between 3% and 5% in administration costs. The Inland Regional Narcotic Enforcement Team (IRNET) is adding 1 Safety Unit Extra Help position funded through the IRNET Special Revenue fund. Additionally, the Department is requesting to add 1 Public Service Employee, 4 Safety Unit Extra Help, 4 Sheriff’s Communication Dispatcher I – Recurrent and 4 Sheriff Communication Dispatcher II – Recurrent positions for temporary workload relief due to existing and projected vacancies. Finally, the Department is adding 3 additional employees that will be job sharing, which will not result in additional costs to the Department.

The Department is also requesting the reclassification of positions in the Crime Lab including the change of a Forensic Specialist position to Sheriff’s Service Specialist and 1 Criminalist I to a Programmer Analyst II. The Department is also requesting the reclassification of 1 Office Assistant II to a Secretary I to be assigned to the Civil Liabilities Division. Finally, the Department is requesting the reclassification of 2 Safety Unit Extra Help to become Specialized Enforcement Specialists assigned to the Narcotics Division.

Sheriff - Detentions

DESCRIPTION OF MAJOR SERVICES

Penal Code Section 4000 designates the Sheriff to manage the County's detention facilities for the following uses: detention of persons committed in order to secure their attendance as witnesses in criminal cases; detention of persons charged with crime and committed for trial; confinement of persons for contempt, or upon civil process, or by other authority of law; confinement of persons sentenced to imprisonment upon conviction of a crime; or violation of the terms and condition of post release community supervision.

The San Bernardino County Sheriff operates four Type II detention facilities with a total maximum inmate capacity of 6,013. West Valley Detention Center, Central Detention Center, and Adelanto Detention Center houses pre-trial inmates and the Glen Helen Rehabilitation Center houses persons sentenced to serve time in a County facility.

On April 4, 2011, the Governor of California signed Assembly Bill 109, the Public Safety Realignment Act, which created a significant change to the California correctional system. This law, which became effective on October 1, 2011, transferred responsibility for housing/supervising inmate and parolee populations classified as low-level offenders from the California Department of Corrections and Rehabilitation (CDCR) to counties. AB 109 allows newly sentenced low-level offenders to serve their sentence in a county jail facility rather than the state prison system.

Construction of the Adelanto Detention Center expansion project is underway and is expected to be completed in 2014. This project will add 1,392 beds to the Department's total capacity, increasing the amount of total beds to 7,405.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Total expenditure authority of \$163.5 million represents the cost to staff and operate the County's four detention facilities. This includes costs of the food services division that serves approximately 19,200 meals each day, the health services division that is responsible for providing healthcare to over 6,000 inmates, and the transportation detail that transports over 286,000 inmates annually primarily for court appearances. The most significant sources of revenue for this budget unit are as follows:

- \$108.9 million of net county cost (discretionary general funding)
- \$ 28.4 million in Realignment funding (AB 109 Public Safety Realignment)
- \$ 10.9 million from the U.S. Marshal for housing federal inmates
- \$ 4.9 million received from the Inmate Welfare Fund

- \$ 2.8 million reimbursement from the Local Detention Facility Revenue Fund
- \$ 2.2 million from charging inmates for participating in the Electronic Monitoring Program
- \$ 1.5 million from charging inmates participating in the Work Release Program
- \$ 1.0 million from the U.S. Department of Justice, State Criminal Alien Assistance Program (SCAAP)

BUDGET CHANGES AND OPERATIONAL IMPACT

The largest impact to this budget unit for 2013-14 is from the additional \$3.3 million anticipated in AB 109 Public Safety Realignment funding, of which \$1.1 million will be used for additional staffing to improve monitoring of inmates participating in the Electronic Monitoring Program. \$2.2 million will be used for additional staffing and other operational costs in the Health Services Division, which has been greatly impacted by the implementation of AB 109 due to the increased length of stay of inmates with significant health issues. In addition, transfer of expenditures and net county cost for the net amount of \$5.4 million from the Sheriff/Coroner/Public Administrator budget unit is reflected in this budget unit for proper recording of County risk management and facilities costs in the rightful budget unit where the expenditures are incurred. Furthermore, an increase of \$1.3 million reimbursement from Inmate Welfare is due to additional positions approved by the Inmate Welfare Board, as detailed below. Finally, the Department has seen reduced revenue associated with State Criminal Alien and Assistance Program and U.S. Marshall funding totaling \$2.86 million, which was offset by additional net county cost (discretionary general funding).

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$138.6 million fund 1,332 budgeted positions of which 1,281 are regular positions and 51 are limited term positions. The Department is requesting to add a net 31 positions as follows: 10 additional AB 109 funded positions (5 Deputy Sheriffs and 5 Sheriff’s Custody Specialist) are allocated to the Electronic Monitoring Program to improve monitoring of inmates participating in the program; 13 additional AB 109 funded positions (5 Deputy Sheriffs assigned to Medical Transportation, 4 Correctional Nurse II and 4 Licensed Vocational Nurse-Corrections) are allocated to the Health Services Division, which has been greatly impacted by the implementation of AB 109, and 8 Inmate Welfare funded positions (1 Captain, 3 Alcohol & Drug Counselors, 3 Social Worker II, and 1 Contract Culinary Instructor) are per approval by the Inmate Welfare Board. Additionally, 1 regular position (Accountant II) was transferred to the Sheriff/Coroner/Public Administrator budget unit, which was offset by the increase of one additional employee that is job sharing a Sheriff’s Custody Assistant position.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Requirements of \$122.8 million include \$80.5 million for 575 budgeted law enforcement and professional staff assigned to stand-alone stations serving as city police departments and \$42.9 million in operating expenses consisting primarily of the following: \$18.9 million for service hours provided from County stations for smaller city operations, \$5.8 million for dispatch services, \$5.2 million for COWCAP (Countywide Cost Allocation Plan) charges, \$3.7 million for vehicle/equipment replacement charges, \$2.5 million for fuel and auto repair/parts, and \$2.1 for insurance. All expenditures in this budget unit are funded through law enforcement contracts with various cities/towns and the San Manuel Band of Mission Indians.

BUDGET CHANGES AND OPERATIONAL IMPACT

Changes to requirements totaling \$2.5 million is primarily due to increased staffing expenses of \$1.5 million associated with increased retirement costs, which were partially offset by savings in safety employee costs related to employee concessions. Additionally, this unit is seeing increased operating expenses to pay for transfers to the Sheriff/Coroner/Public Administrator budget unit for additional dual operations staffing costs as well as increases in fuel and insurance charges. Finally, this budget unit will see the removal of one-time net county cost totaling \$1.0 million that was provided to Contract Cities in 2012-13 associated with a Board of Supervisors directed half-year subsidization of increased COWCAP costs.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$80.5 million fund 575 budgeted regular positions. There were no changes to budget staffing recommended in the 2013-14 budget.

Contract Training represents special law enforcement training provided to the Sheriff/Coroner/Public Administrator and other law enforcement agencies. Funding is provided through fees for service. Services at the Emergency Vehicle Operations Center (EVOC) and the Training Academy are provided by staff budgeted in the Sheriff/Coroner/Public Administrator's general fund budget unit, and have historically been reimbursed by this budget unit. For 2013-14, it is being recommended that the ongoing revenue and expenses in this unit be transferred into the Department's general fund budget unit. The Department will work with the County Administrative Office on a plan to expend the fund balance and discontinue this Special Revenue Fund in 2013-14.

Aviation provides law enforcement, search and rescue, fire suppression and transportation services for the County and other fire and law enforcement agencies. This budget unit represents the maintenance and acquisition of helicopters, aircraft, and equipment for search and rescue, firefighting and flight operations, with contract revenue and proceeds from the sale of surplus aircraft and equipment providing the funding. For 2013-14, it is being recommended that the ongoing revenue and expenses in this unit be transferred into the Department's general fund budget unit. The Department will work with the County Administrative Office on a plan to expend the fund balance and discontinue this Special Revenue Fund in 2013-14.

Public Gatherings represents protective services provided by the Sheriff/Coroner/Public Administrator for various public functions and events throughout the County; fully funded by fees charged to the sponsoring organizations. For 2013-14, this budget unit was discontinued and the ongoing expenses and revenue were moved to the Sheriff/Coroner/Public Administrator's general fund budget unit.

The Inland Regional Narcotics Enforcement Team (IRNET) is a joint project among city, county, state and federal agencies in the Inland Empire aimed at combating major narcotics and money laundering operations. **IRNET Federal** accounts for IRNET share of federal asset forfeitures. **IRNET State** accounts for IRNET share of state asset forfeitures, and was established to comply with federal guidelines requiring state forfeiture funds to be kept separate from federal forfeiture funds.

Federal Seized Assets (DOJ) accounts for asset forfeitures from federal cases filed with the U.S. Department of Justice (DOJ) through its asset forfeiture program and **Federal Seized Assets (Treasury)** accounts for asset forfeitures from cases filed with the U.S. Department of Treasury. Receipts from this program are required to be maintained in separate funds and must not replace existing funds that would be made available to the Sheriff/Coroner/Public Administrator in the absence of forfeiture funds.

State Seized Assets accounts for asset forfeiture proceeds from cases filed and adjudicated under state asset seizure statutes. The California Health Safety Code requires these funds be maintained in a special fund and that 15% of all forfeitures received after January 1994 are set aside for drug education and gang intervention programs. The proceeds are used to offset a portion of the labor costs for staff assigned to the IRNET Team and High Density Drug Trafficking Area (HIDTA) task forces. The 15% allocated to drug education programs is used to fund the Sheriff/Coroner/Public Administrator's Drug Use is Life Abuse (DUILA) program, Crime-Free Multi-Housing, Law Enforcement Internship and Operation Clean Sweep Programs. Funds are also used for maintenance of seized properties. Services for the drug education program are provided by staff budgeted in the Sheriff/Coroner/Public Administrator's general fund budget unit, and reimbursed by this budget unit.

San Bernardino County **Auto Theft Task Force** (SANCATT), established by the Board of Supervisors in 1995, deters, investigates and prosecutes vehicle theft organizations and provides statistical and financial reports to the State Controller, State Legislature and California Highway Patrol as required by AB183. In January, 2010, AB183 was extended to January 1, 2018 by AB286 (Chapter 230; 2009). This budget unit accounts for vehicle registration assessments, per Vehicle Code 9250.14, allocated to the Task Force. Revenue from these fees

offsets operating expenses for qualified expenditures by participating agencies. Staffing costs for those positions assigned to SANCATT are reimbursed to the Sheriff/Coroner/Public Administrator’s general fund budget unit.

Search and Rescue accounts for the principal and interest from a restricted donation for search and rescue purposes, along with reimbursements received for the cost of providing search and rescue operations. For 2013-14, it is being recommended that the ongoing revenue and expenses in this unit be transferred into the Department’s general fund budget unit. The Department will work with the County Administrative Office on a plan to expend the fund balance and discontinue this Special Revenue Fund in 2013-14.

CAL-ID Program funding is used for the operating expenses of the Local Automated Fingerprint Identification System (AFIS), and reimburses general fund expenditures for salaries and benefits. The budget unit is funded from joint trust contributions by all local contracting municipal agencies. Staffing costs for those positions assigned to the CAL-ID program are reimbursed to the Sheriff/Coroner/Public Administrator’s general fund budget unit.

Capital Projects Fund represents revenue received in prior years for one-time law enforcement or detention projects. This Special Revenue Fund is being discontinued in 2013-14.

Court Services Auto accounts for processing fees collected under AB1109 and are used for purchases and maintenance of automotive equipment necessary to operate court services.

Court Services Tech accounts for processing fees collected under AB709 used for automated equipment and furnishings necessary to operate court services.

In accordance with State legislation (AB1805) effective July 1, 2007, **Local Detention Facility Revenue** accounts for an allocation of funds from the State replacing booking fees previously charged by the County to cities and local entities, as permitted by Government Code Section 29550. Funds are required to be used for the purpose of operating, renovating, remodeling, or constructing local detention facilities.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Staffing expenses make up the majority of the Department's expenditures within this budget unit for 2013-14. These expenses are necessary primarily in order to provide mandated inspection services in the field of agriculture and weights and measures. Herbicide purchases, vehicle and equipment maintenance charges comprise the majority of the Department's operating expenses. Sources of \$5.4 million are derived primarily from license and permit fees, reimbursement for State Contracts, County's portion of Unclaimed Gas Tax, and reimbursement for weed control services.

BUDGET CHANGES AND OPERATIONAL IMPACT

This budget deletes four positions and restores four positions that were deleted in prior years due to budget reductions, and reestablishes the Environmental Protection Division with the added duties of administrative support functions. The addition of these positions will enable the Department to meet existing workload and enhance its ability to meet succession planning needs.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$4.9 million fund 63 budgeted positions of which 61 are regular positions and 2 are limited term positions.

The Department has added 1 Deputy Agricultural Commissioner/Sealer position, and 3 Agricultural/Standards Officer IV positions to provide mandated services and meet an increased workload. The Department is also deleting 3 Agricultural Field Aide I positions (all vacant) and 1 Agricultural Field Aide II position (vacant) assigned to the Pest Prevention Division. The remaining staff in these classifications have demonstrated the ability to perform the contracted workload.

California Grazing

DESCRIPTION OF MAJOR SERVICES

The California Grazing budget unit funds a variety of range improvement projects such as cattle guards, fencing, pipelines, tanks and other water dispensing facilities recommended by the County's Range Improvement Advisory Committee (RIAC). RIAC is comprised of five lessees of federal grazing land and one wildlife representative, and are appointed by the Board of Supervisors. RIAC recommends various grazing improvement projects for funding to the Board of Supervisors. The Bureau of Land Management (BLM), the federal agency responsible for leasing the grazing allotments to the ranchers, reviews the environmental impact of projects. Funding for these projects comes from fees paid to the federal government for grazing rights by ranchers under the provisions of the federal Taylor Grazing Act of 1934. A portion of the grazing fees is distributed back to the County to finance improvements on federal lands. The County acts in a trustee capacity for these funds.

Airports

DESCRIPTION OF MAJOR SERVICES

The Department of Airports (Department) provides for the management, development, maintenance and operation of six airports. The Department assures that County airports are maintained and operated in compliance with state and federal regulations. The Department works cooperatively with other airports located within the County regarding state and federal aviation programs, issues and requirements. The Department participates and provides input to aviation industry support organizations, as necessary, to develop local, national and state aviation policy.

The County's six airports include:

1. Apple Valley Airport, a County Service Area (CSA 60) with a significant sport aviation base;
2. Baker Airport, located adjacent to the Town of Baker and supports 1-40 between Barstow and Las Vegas;
3. Barstow-Daggett Airport, which features significant military activity and the Fort Irwin Helicopter Maintenance Base, both of which support the Fort Irwin National Training Center;
4. Chino Airport, a Federal Aviation Administration (FAA) designated reliever to John Wayne Airport and one of the largest general aviation airports in the country with approximately 650 based aircraft;
5. Needles Airport, a critical transportation link along the Colorado River; and
6. Twentynine Palms Airport, a center for soaring activity serving the surrounding community, including the United States Marine Corps Air-Ground Combat Center.

The County's airports produce revenue to operate and maintain the airport system. Revenues are generated from facility rents, concession and user fees, and, in the case of Apple Valley Airport, property taxes dedicated to the support of CSA 60. State and federal grants are significant sources for funds to construct, improve and maintain airport infrastructure.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Staffing expenses of \$1.9 million fund 20 budgeted regular positions that provide support for 6 County-operated airports. Operating expenses of \$1.8 million include Countywide Services (COWCAP), property insurance, utilities, other professional services, general maintenance, and fuel purchases for the sale of fuel at Twentynine Palms Airport. Reimbursements of \$1.0 million are primarily for staffing costs and services/supplies expenses that are incurred by the Airport's general fund budget unit for personnel that are assigned to support the Apple Valley Airport and Chino Airport Commercial Hangar complex. Sources of \$2.9 million primarily represents Rents and Concession receipts at the airports.

BUDGET CHANGES AND OPERATIONAL IMPACT

There are minor changes to the Department of Airports 2013-14 budget as a whole; however, the budget does include an increase of \$110,898 to staffing expenses due to the addition of 1 new position (Airports Operations Manager) and a \$104,223 increase in fuel flowage revenues due to the inception of the sale of fuel at the Twentynine Palms Airport.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$1.9 million fund 20 budgeted regular positions. A minor restructuring of the Departments' organizational function and programmatic responsibilities has resulted in the addition of 1 position (Airports Operations Manager). This position will be responsible for the daily operations management responsibilities throughout the six County airports.

The Commercial Hangars at Chino Airport were constructed in 1987 with proceeds from a 30-year bond issue. In addition to maintenance expenses, requirements are budgeted annually for insurance costs and bond repayment. Requirements for this budget unit are funded from rental revenues and available fund balance. There is no staffing associated with this budget unit. However, this budget unit reimburses the Airport's general fund budget unit for the cost of staffing incurred to support the Commercial Hangar complex.

Total Special Revenue Funds	5,413,265	2,496,046	2,917,219	0

Chino Airport Commercial Hangars has approximately \$1.2 million in requirements for operating expenses, which includes transfers of \$856,253 for the bond payment and services and supplies of \$174,886 for operations. Sources of approximately \$1.2 million are generated from Rents and Concessions receipts from commercial tenants in the amount of \$513,066, and an operating transfer in from the Airport Capital Improvement Program budget unit in the amount of \$649,065 to fund current services. The Chino Airport Commercial Hangars, if fully occupied at the current market lease rate, will not generate adequate revenues to fully fund the operations, maintenance and bond obligation expenses through the bond payment period.

Chino Airport Incentive Fund has \$43,929 in requirements for operating expenses for services and supplies which is primarily for the completion of the Chino Airport Master Plan contract. Sources of \$43,929 are an operating transfer in from the Airport Capital Improvement Program budget unit to fund current services.

Airports Capital Improvement Program has \$4.2 million in requirements which includes \$1.0 million in capital expenditures primarily for the installation of monitoring wells and groundwater assessment associated with the groundwater plume at Chino Airport for \$363,924, the Chino Airport pavement project for \$330,746, apron rehab projects at both the Chino and Barstow-Daggett Airports for \$115,000, and pavement maintenance and Comprehensive Land Use Plan (CLUP) at Chino Airport for \$110,000. Additionally, \$610,181 is budgeted in contingencies to fund future airport capital improvement projects. Operating transfers out of \$2.5 million primarily consist of transfers to Architecture and Engineering (A&E) for management of various CIP's including \$1.0 million for the Chino Airport Runway Safety Fire Suppression project and \$240,000 for the Chino Airport Storm Water Conveyance project, \$650,000 will assist with funding the bond payment within the Chino Airport Commercial Hangars budget unit and \$44,000 to the Chino Airport Master Plan within the Chino Airport Incentive Fund budget unit, and \$0.5 million for the continuing groundwater plume project at Chino Airport. Sources of \$1.3 million are primarily from state and federal grants for various CIP's including the Chino Fire Suppression Removal project.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by a net \$112,000 and sources are decreasing by a net of \$1.1 million. Requirements reflect a decrease of \$1.0 million in contingencies to fund current year operations and capital improvement projects and an increase of \$1.2 million to operating transfers out primarily to A&E for project management of the Chino Airport fire suppression project. Sources are decreasing by approximately \$1.1 million due to a decrease of \$924,000 to state/federal revenue primarily due to the completion of the electrical upgrades CIP at Barstow-Dagget Airport as the project was federally funded with a 95% match from the Federal Aviation Administration, and a decrease to other revenue of \$285,000 primarily due to the receipt of plume reimbursement funds from Risk Management for 2012-13 plume related expenditures.

OPERATIONS & COMMUNITY SERVICES

County Library

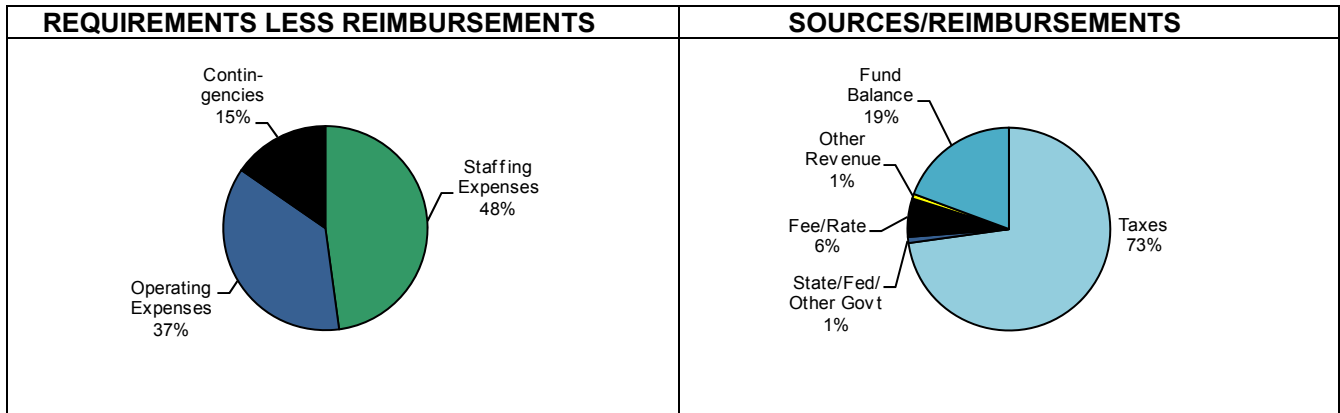

DESCRIPTION OF MAJOR SERVICES

The San Bernardino County Library (Library) provides public library services through a network of thirty two branches in the unincorporated areas and seventeen cities within the County. The Library provides access to information through its materials collection and now offers more than 1,000 Internet accessible public computers. These public computers also provide access to a number of online databases and other electronic resources. Electronic access to the Library’s collection of materials is available through the Internet, and daily delivery services provide for materials to be shared among the various branches. The Library’s on-line catalog provides access to over 2.5 million items. The system (shared between Riverside County and San Bernardino County library jurisdictions) allows for patrons to directly request materials held by participating library jurisdictions and to have those items delivered to their local branch for pick up. In addition, the Library’s OverDrive system allows online access for library patrons to thousands of eBooks, Audiobooks, music, and video through their personal device or web browser.

The Library is in the process of a major improvement to its computer communications infrastructure for the coming year. This will be accomplished by greatly increasing available bandwidth at 29 branch locations. This will not only allow faster Internet access, it will also allow the Library to add wireless service to most branches currently without wireless connectivity. The annual costs for the upgrade will actually be less than the Library is currently paying for those services – primarily due to significant federal and state discounts.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Staffing expenses are the largest portion of the Department's expenditures for 2013-14, which encompasses staffing for 32 library branches and support staff at Library Administration. Operating expenses of \$6.3 million include general operating expenses for branch locations, computer and telecommunication charges for internet access at branch locations, utilities, COWCAP charges, and custodial/maintenance charges. Sources of \$13.8 million primarily represent property tax allocations and library fines and fees collected from patrons.

BUDGET CHANGES AND OPERATIONAL IMPACT

Major changes for the Department include an increase in property tax allocations, a decrease in state aid due to no State Library funding being passed onto the County Library, and an increase in fines and fees collected primarily by reducing the threshold for outstanding accounts that are sent to collections from \$65 or more to \$25 or more. A lower threshold will enable the County Library to collect more outstanding materials and fees/fines.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$8.2 million fund 279 budgeted regular positions. The Library is reclassifying a Librarian II position to a Librarian I, due to the position no longer managing two library branches and a decrease in external branch responsibilities.

Museum programs incorporate State Educational Standards (including school programs, research symposiums, museum internships, special events, and guest lecture series) to promote non-formal education learning and awareness through community outreach, partnerships with educational institutions, and research that enhances both the collections and educational services. Approximately 3.0 million permanent and loaned collections are preserved for the benefit of the public and the scientific community. The County Museum has been accredited by the American Association of Museums since February 23, 1973. In 2002, the Museum received its reaccreditation that will continue through 2015.

Furthermore, all Divisions have active discipline related research programs that contribute directly to regional community benefit by enhancing museum exhibit content through primary information acquired through research activities. The Museum is a recognized regional federal and state repository for cultural and natural objects, artifacts and specimens that are deposited in public trust for a fee from federal and state regional lands. The Museum provides best curatorial practices and preservation for these materials, and utilizes these antiquities for education, exhibits, and research. In addition, the Anthropology/Archeological Information Center provides archeological land use information for the public and private sector for a fee as outlined in the County Fee Ordinance. The Biological Sciences and the Geological Science divisions conduct scientific field research and studies for public and private agencies which provides a revenue source for the Museum. This field research results in valuable intellectual resources and also collections which are accessioned into the museum collections then curated and exhibited for public education at the main facility and historic sites.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Staffing expenses of \$1.3 million fund 21 budgeted positions that provide program services and oversight for the main Museum facility and seven historic sites. Operating expenses of \$1.8 million primarily includes services and supplies expenses of \$450,112 for educational programming, exhibits, and advertising of Museum activities/programs; COWCAP charges of \$689,140; central services charges of \$428,775 for Facilities Management and Information Services Department (ISD) charges; and transfers of \$128,644 primarily related to the Museum's off-site storage. Sources of \$975,006 are derived from admission fees, educational services revenues, professional archeological/paleontological service revenues, and facility rental revenues.

OPERATIONS & COMMUNITY SERVICES

BUDGET CHANGES AND OPERATIONAL IMPACT

The 2013-14 budget reflects major reductions in the categories of requirements and sources that are being driven by a revenue downturn, and budgeted staffing has been decreased with the deletion of 9 positions. Sources have been reduced by \$765,760, requirements have been reduced by \$524,809, and net county cost has been increased by \$240,951 (\$200,000 is a one-time increase only for 2013-14) as a measure to buy time for the Department to develop a sustainable revenue base.

Previous budgets included a mix of a smaller amount of ongoing revenue sources (primarily admission fees and development related service fees) and a larger amount of one-time sources (primarily federal and state) that partially subsidized ongoing costs. The 2012-13 budget was developed on that basis as well, but the one-time revenue sources are not being fully recognized in the current fiscal year. Historically many of these one-time sources have been renewed or were replaced with other one-time sources; however, these one-time sources are becoming more difficult to secure at the present time and are forecast to remain lean in the near future. In response to this revenue downturn, the 2013-14 budget was developed conservatively with a minimal reliance on one-time sources. This is a step toward creating a more sustainable revenue base, and when this lower level of budgeted sources is combined with net county cost, it funds a much lower level of ongoing costs. To achieve a lower level of ongoing costs, 9 positions were deleted, and these deletions will result in service delivery impacts.

The 2013-14 staffing level reductions will create significant service level reductions in the areas of educational programs, the live animal exploration station at the Redlands main facility, educational K-12 outreach programs, Museums on the Roads programs, Geological Sciences, and weekend programming. Reductions to the Museum Visitor Services/Security function will result in no dedicated in-house security personnel available during daytime Museum hours of operation, or during evening hours where the facility is typically used by affiliate groups and for community fund raising events.

The Department will work with other government agencies to explore opportunities to transfer the ownership/operation of the Victor Valley Museum to another entity. The remaining six historic sites will be open and will operate on their customary schedule.

The Department recognizes the challenge of providing museum services with fewer resources, but remains committed to managing within these means and continuing to work with the County Administrative Office to collectively explore service-related solutions and more sustainable revenue sources that can be used to restore programs, services, and staffing.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$1.3 million fund 21 budgeted positions of which 15 are regular positions and 6 are limited term positions.

Staffing changes are comprised of a decrease of 9 budgeted positions (6 – filled; 3 – vacant). These deletions are 2 Museum Education Specialist positions (1 – filled; 1 – vacant), 2 General Services Worker II positions (2 – filled), 1 Secretary I position (filled), 1 Security Technician II position (filled), 1 Museum Excavation Technician (filled), 1 Contract Excavation Technician (vacant), and 1 Contract Paleo Project Facilitator (vacant).

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Staffing expenses of \$35,900 funds 1 position that operates the Museum Store. Operating expenses of \$31,274 are specific to purchases for resale (inventory). Sources of \$55,000 are generated from novelty items/souvenirs product sales, books and publications.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$12,233 due to reduced inventory costs as a result of locating cost effective vendors and controlling inventory. Sources are decreasing by \$5,000 to reflect a realistic level of anticipated sales of museum novelty items/souvenirs. The Department plans to explore outsourcing opportunities for the Museum Store program, as it has become increasingly difficult for staff to operate it in a profitable manner.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$35,900 fund 1 budgeted regular position.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Staffing expenses of \$3.0 million fund 36 budgeted positions, of which 1 is limited term.

Operating expenses of \$1.8 million primarily include \$636,889 for COWCAP charges, \$110,000 in license renewal charges for the department's Permit Plus system, \$150,786 for computer software, \$733,497 in charges payable to the Information Services Department for application development and direct labor charges, and \$68,164 for Facilities charges.

Reimbursements of \$4.3 million are comprised of transfers-in from the other Land Use Services divisions for administrative support.

BUDGET CHANGES AND OPERATIONAL IMPACT

In 2013-14, requirements increased by \$467,142, primarily due to the change in billing for application development by the Information Services Department.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$3.0 million fund 36 budgeted positions of which 35 are regular positions and 1 is a limited term position. Changes in staffing include the addition of 1 Office Assistant III, the deletion of 2 Public Service Employee positions and addition of 2 Office Assistant III, and the transfer of 2 Secretary I positions—1 from Code Enforcement and 1 from Planning. These changes will enable the department to streamline and enhance program support. The addition of 1 Accountant II position will be critical in analyzing departmental revenue and expenses. Lastly, the reclassification of 2 Staff Analyst I to Staff Analyst IIs will correctly align the classification with actual duties performed, as these positions have been tasked with increasingly complex assignments.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Staffing expenses of \$2.6 million fund 25 budgeted positions, of which 4 are limited term positions.

Operating expenses of \$6.0 million include \$1.6 million for General Plan and Development Code Amendments and \$1.0 million in litigation expenses for the Cadiz project. Other major expenses include consultants, project expenses reimbursable by applicants, and transfers of \$1.7 million to Land Use Services – Administration budget unit for administrative support.

Sources of \$3.2 million include \$1.5 million in reimbursements from applicants for project expenses and \$1.4 million in fees for current services.

BUDGET CHANGES AND OPERATIONAL IMPACT

In 2013-14, requirements are decreasing by \$146,591 primarily due to the reduction of one-time discretionary general funding for the General Plan update offset by the addition of several positions to staff the Division’s Mining Program. The current staffing for the Mining Program is inadequate to effectively and efficiently process mining applications and limit County liability. Properly staffing the Mining Program will ensure compliance with state and federal laws, all mines are inspected at least once annually, and County liability is properly mitigated through the quick processing of bonds. Other budget changes include a decrease in one time projects funded by district discretionary funds and an increase in litigation costs.

Sources are increasing by \$728,999 primarily due to an increase of reimbursement for litigation expenses and revenues related to the increase in staffing of the Mining Program.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$2.6 million fund 25 budgeted positions of which 21 are regular positions and 4 are limited term positions. Staffing changes are primarily for the Mining Program, which include the addition of 1 Land Use Technician, 1 Supervising Planner, and 3 Public Service Employee positions. Additional changes include 1 Engineering Geologist added for Planning and offset by a transfer of 1 Secretary I to Land Use Administration.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Staffing expenses of \$1.9 million fund 21 budgeted positions of which 6 positions are limited term.

Operating expenses of \$2.0 million are comprised primarily of transfers to Land Use Services – Administration budget unit for administrative support, vehicle services charges, COWCAP, and consultants.

Sources of \$3.4 million primarily include revenue from fees charged for permit and plan reviews.

BUDGET CHANGES AND OPERATIONAL IMPACT

In 2013-14, requirements are decreasing by \$34,324, primarily due to a reduction in consultant costs as a result of the vacancy of the Building Official position and extended leave for several staff in 2012-13. Other decreases are related to the transfer to Land Use Services – Administration budget unit for administrative support, and rent and leases for equipment.

Sources decreased by \$47,434, primarily due to decrease in activity for Moly Corp as Phase I of their project is nearly complete.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$1.9 million fund 21 budgeted positions of which 15 are regular positions and 6 are limited term positions. Changes in budgeted staffing include the addition of 1 Building and Safety Engineer, the reclassification of 2 Building Inspector II positions to Building Inspector III, and the deletion of 1 Extra Help Building Inspector II position. The addition of the Building and Safety Engineer position will provide in-house expertise in complex building issues. The reclassification of the 2 Building Inspector II positions to Building Inspector III will ensure adequate staffing for plan reviews, improving thru-put times for plan review as the demand increases. Deleting 1 Extra Help Building Inspector II position was a result of declining activity for the Moly Corp project.

PUBLIC WORKS Gerry Newcombe

DEPARTMENT MISSION STATEMENT

The Public Works Department provides a broad range of services and infrastructure to help ensure safe and desirable communities for the people of San Bernardino County. Areas of responsibility include roads, traffic, flood control, storm water quality, water conservation, solid waste services, and County surveyor functions.

ORGANIZATIONAL CHART

2012-13 ACCOMPLISHMENTS

- Surveyor - Continued to expand services for Geographic Information Systems support, with projects performed for Public Works and other County departments. In addition, the Division transitioned its public website to offer free document downloads for survey records research, which provides both a benefit to the professional land surveying community and a net cost savings to the Division.
- Transportation – Completed \$14.7 million in pavement improvement projects, which includes 9.8 miles of road repaving projects (4.3 miles of which were on Shay Road and Baldwin Lake Road), 12.7 miles of overlay projects, and 90.1 miles of roadway surface sealing protection projects. Additionally, the Division completed construction of a mile of new paved roadway on Caughlin Road; culvert replacement project to reopen Lenwood Road at the Mojave River; 3 sidewalk projects (on Roswell Avenue, Pipe Line Avenue and Eureka Street); 7 drainage projects; 2 bridge repair projects (one on Torrey Pines Road and one on National Trails Highway); widening project on Cherry Avenue; an intersection improvement; and a retaining wall. Of the 112.6 miles of repaving, overlay, and sealing/surface protection projects completed in 2012-13, 49.0 miles were funded with \$5.0 million from the General Fund as a one-time contribution to assist the Division in maintaining the pavement condition of the County’s Maintained Road System (CMRS).
- Solid Waste Management – Negotiated a long-term operations contract that will improve the day-to-day operations and maintenance of the County’s Solid Waste Disposal System at a significant cost savings. Also, the Division completed the following capital improvement projects: 1) Heaps Peak Leachate Treatment System; and 2) major improvements to the landfill gas flare stations at Mid-Valley, Colton, Milliken and Victorville Sanitary Landfills and Yucaipa and Heaps Peak Disposal Sites. Furthermore, the Division received regulatory approval to double the daily permitted capacity of the San Timoteo Sanitary Landfill (STSL) which provides flexibility to divert waste to the STSL as needed due to weather or capacity related conditions encountered at other valley area disposal sites. In addition, for the unincorporated areas of the county, the Division achieved a 62.1% diversion rate for municipal waste, exceeding the State mandated 50% diversion rate, and it continued to reduce the number of exemptions to mandatory trash service, down 4% from 2011-12 and 12.2% since 2008-09.
- Flood Control District - Completed the following: construction on Sultana Cypress Storm Drain Phase II-C for an additional catch basin in the Ontario area; design and environmental activities and advertised Mountain View Acres Storm Drain Project for construction in early summer 2013 in the Victorville area; design and environmental activities, advertised and awarded a contract for the construction of Alabama at City Creek in the Highland/Redlands area; design and environmental activities and advertised Lytle Cajon Channel Invert Repair Project for construction in the Colton/San Bernardino area; design and environmental activities and advertised the Sheep Creek Grouted Rock Bank Protection project for construction in the Wrightwood area; Cactus Basin Supplemental Environmental Impact Report in Rialto; and removal of approximately 50,000 cubic yards of material in San Timoteo basins 13 to 15.

Surveyor

DESCRIPTION OF MAJOR SERVICES

The function of the County Surveyor is to review subdivision maps as prescribed by state law, prepare legal descriptions and maps, perform design and construction surveys for various County departments, assist the public in matters relating to land boundaries, and ensure that sound surveying is used in the preparation of maps and plans for project development within the county. The County Surveyor ensures these maps and plans conform to conditions of approval, local ordinances, standards for development, and state laws. Field crews perform boundary and construction surveys for other County departments and are responsible for perpetuation of controlling survey monuments. The County Surveyor also maintains the integrity of the Countywide Geographic Information Services (GIS) Parcel Basemap.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Staffing expenses represent the majority of requirements for 2013-14. In the event of unanticipated workload increases, \$100,000 has been included in operating expenses for the services of private land surveying firms as needed. Capital expenditures of \$30,000 represent the replacement of 3 data recorders needed to perform field surveys. All of these costs are necessary to provide the public with protection in matters that relate to sound surveying practices and to meet state mandated time frames. Sources of \$3.0 million include fees charged to customers for: field surveys, review of subdivision maps, preparation of legal descriptions/maps, and taxable sales of microfiche prints, plotter prints, electronic map images and photocopies.

BUDGET CHANGES AND OPERATIONAL IMPACT

Budget changes for the Surveyor include a net decrease in staffing expenses of \$127,607 primarily due to the deletion of a Staff Analyst II position responsible for accounting and budget preparation. These functions are now being performed by other administrative staff within the Public Works Department. Accordingly, operating expenses are increased by a similar amount since the Surveyor is providing reimbursement for these services. A reduction in COWCAP, microfilm scanning services, and courier/ mailing expenses helped to offset this increase. Sources have been decreased by \$333,381 due to the continued slow development that has been occurring in this County. Net county cost has increased by \$284,543 to provide additional funding for costs associated with processing corner records, a mandated service, and maintaining the integrity of the Countywide Geographic Information Services (GIS) Parcel Basemap.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$2.7 million fund 25 budgeted regular positions. As mentioned above, the Surveyor deleted a Staff Analyst II position responsible for accounting and budget preparation and is utilizing administrative personnel within the Public Works Department to accomplish these tasks.

The 2013-14 recommended budget also includes the following reclassifications:

- Engineering Technician V to Land Surveyor
- Engineering Technician IV to Land Surveyor

Survey Monument Preservation

DESCRIPTION OF MAJOR SERVICES

The Survey Monument Preservation budget unit was established to account for expenses incurred related to the retracement or re-monument surveys of major historical land division lines, upon which later surveys are based. These include, but are not limited to, surveys of government section lines, rancho section lines, acreage subdivision lot lines, and subdivision boundary lines. The services related to this budget unit are funded by a \$10 fee charged to the public for filing or recording specific types of grant deeds conveying real property.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Operating expenses and contingencies totaling \$105,541 are for services specifically related to retracement or re-monument surveys. Sources of \$62,000 are from fees charged to the public for filing or recording specific types of grant deeds conveying real property.

BUDGET CHANGES AND OPERATIONAL IMPACT

An increase in contingencies is a reflection of additional fund balance available for 2013-14.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

Transportation Special Revenue Funds - Consolidated

DESCRIPTION OF MAJOR SERVICES

Road Operations is responsible for the operation, maintenance, and improvement of the County's road system that currently includes approximately 2,769 miles of roadways. Additional activities include administration, planning, design, construction, environmental management, and traffic operations.

Budget at a Glance

Total Requirements	\$148,328,751
Total Sources	\$102,232,209
Fund Balance	\$46,096,542
Use of Fund Balance	\$14,855,030
Total Staff	343

The Division's routine maintenance activities include patching and crack filling on approximately 7,500 lane-miles of asphalt pavement, grading of 533 miles of unpaved roads, shoulder maintenance, snowplowing of over 300 miles of mountain roads, traffic signal maintenance at 56 intersections, roadside weed abatement in urban areas, traffic sign and pavement striping maintenance throughout the system, storm repairs and cleanup, maintenance of 380 bridges and thousands of concrete box and metal pipe culverts, as well as maintenance of drainage facilities such as inlets, ditches, dikes, and gutters. Maintenance functions are provided through 13 yard districts with regional facilities located to best serve the 20,000 square-mile area of the County.

Road activities are funded primarily from highway-users sources. Funding sources consist of state and federal fuel taxes (Highway Users' Tax or Gas Tax), voter-approved state transportation infrastructure bond (Proposition 1B – a one-time funding source), local transportation funds generated by sales tax revenues (Measure I), and development fees. The Department has eight established Local Area Transportation Facilities Development Plans and one Regional Development Mitigation Plan containing 16 subareas throughout the County to collect funds for the purpose of mitigating the impacts of new development. Construction of major improvements (such as new roads, bridges, or adding of lanes) is limited to a few projects per year based on available financing.

The County's goal, for the maintained roads Pavement Condition Index (PCI), is good or better rating. Currently the average rating is in the very good range with some roads below a PCI rating of "Fair". In prior years, the Division utilized Gas Tax to fund the local share of major infrastructure projects such as major arterials and grade separations instead of utilizing those funds to maintain or improve the County Maintained Road System (Road System). Over the last two years, the General Fund provided a total of \$13.0 million to the Division to support the Pavement Management Program. With the focus of the Transportation Division being shifted to emphasize the maintenance of the Road System ahead of capital projects, the Division allocated its main funding sources to support maintenance and pavement preservation projects. Thus for 2013-14, the General Fund contribution for maintenance activities is only \$0.4 million. With this allocation, routine maintenance and pavement preservation projects will still be funded at \$23.0 million and \$18.0 million respectively and other Departmental functions such as traffic safety and support will still be maintained at the same level. This fundamental shift, which is necessary to ensure that the pavement condition of the Road System does not deteriorate, will also have an impact on the ability to complete non-pavement preservation projects that have been programmed as Gas Tax is no longer available to pay for the local share. These projects will now be reflected as unfunded and will be completed at the discretion of the Board of Supervisors. Therefore, in 2013-14, the General Fund is contributing \$0.9 million for the Yates Road realignment project and due to the slow growth in developer fees, the General Fund will also contribute \$3.2 million to help fund the required development contribution of the Glen Helen Parkway grade separation project. Furthermore due to the end of Proposition 1B funding in 2013-14, it is expected that in the upcoming years, the Division will not be able to sustain an \$18 million allocation to the Pavement Management Program and will require additional discretionary general funding to maintain the pavement condition of the Road System.

The Department's Land Development functions are being transferred to the Land Use Services Department effective July 1, 2013 in order to improve overall service to the development community.

Measure I is a Countywide one-half cent transaction use tax that was passed by the voters of San Bernardino County in November 1989 (1989 Measure), and extended by voters in 2004 (2004 Measure), to provide funding for transportation improvements until 2040. Measure I provides funding for roadway resurfacing, rehabilitation, and widening projects, as well as traffic signal projects throughout the County. The County is divided into six sub-

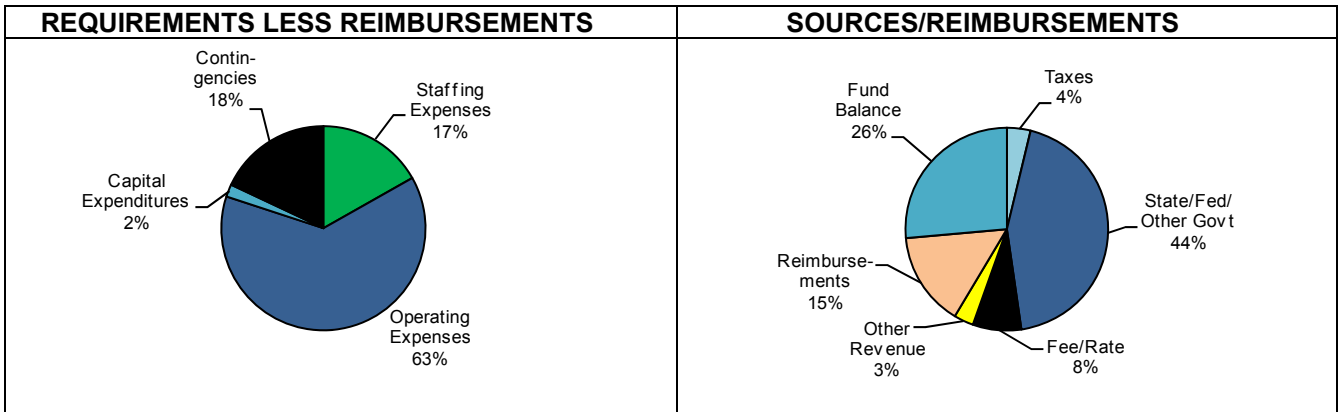

areas, and the Measure I funds received must be spent within the sub-area in which they were collected. The sub-areas are as follows: North Desert, Morongo Basin, San Bernardino Mountains, Colorado River, Victor Valley, and San Bernardino Valley.

Facilities Development Plans were established by County ordinance to collect development impact fees for new construction of roads within the boundaries of the established fee areas. Fee ordinances have been approved in the areas of Helendale/Oro Grande, High Desert (Phelan and Pinon Hills), Lucerne Valley, Oak Glen, Yucaipa, Oak Hills, Snowdrop Road, South and East Apple Valley, and Summit Valley. Interim fee plans in the areas of Big Bear and Joshua Tree have been approved to collect fees pending final approval from the residents. Yucaipa and Oak Glen were dissolved in 2007 due to annexation.

Regional Development Mitigation Plan was adopted by the Board of Supervisors in 2006 as a condition of the voter approved Measure I Ordinance to generate fair-share development contributions for regional transportation needs resulting from the impacts of new development, including freeway interchanges, regional arterials, and railroad grade separation projects. The County of San Bernardino’s development contribution target shares were calculated for each of the unincorporated city spheres of influence in the San Bernardino Valley and Victor Valley as part of San Bernardino Associated Government’s (SANBAG) Development Mitigation Nexus Study. Development impact fees are collected at the time of issuance of a building permit for all residential, commercial, and industrial development. When sufficient fees are collected to cover the development contribution fair-share amount of projects, applications are submitted to SANBAG for the regional Measure I and/or federal and state funds necessary to construct the regional arterial roads, freeway interchanges, and railroad grade separation projects listed in the Regional Development Mitigation Plan. The Regional Development Mitigation Plan was updated with the effective date of August 25, 2012.

Road Operations has requirements of \$111.5 million consisting of the following: \$29.2 million for staffing costs of 343 positions; \$80.9 million for operating expenses such as road maintenance, equipment/materials purchases, vehicle maintenance, County internal service and administrative expenses, insurance, professional services for road construction projects, and transfers for labor/equipment usage within all Department of Public Works divisions; \$3.4 million for capital expenditures (\$2.8 million to purchase land and right-of-way for planned road construction projects and \$0.6 million to replace equipment needed for daily operations); \$23.2 million in reimbursements from other Department of Public Works divisions for labor and equipment usage; \$0.9 million in operating transfers out primarily for capital improvement projects managed by the Architecture and Engineering Department (primarily demolition work for the Glen Helen Parkway grade separation project and paving the parking lot for the Big Bear Yard); and \$20.3 million is contingencies for future construction projects and a new accounting system.

Sources of \$90.4 million includes \$46.5 million in Gas Tax and \$25.7 million in state, federal, and other government aid for construction projects, with some of the major contributions being as follows:

- \$6.4 million from SANBAG for various projects
- \$3.9 million from State Proposition 1B funds for share of the Glen Helen Grade separation project
- \$3.6 million from Highway Bridge Program for various bridge repair and replacement projects
- \$2.9 million from Federal Highway Administration for Alabama Street at City Creek culvert replacement
- \$2.3 million from Union Pacific and Burlington Northern Santa Fee Railroads
- \$1.1 million from Highway Safety Improvement Program for Valley Boulevard median installation project

Also included in sources are: \$8.3 million from the San Bernardino Redevelopment Successor Agency for completion of the Cherry Avenue widening project and Cherry Avenue at Interstate 10 interchange improvement project; \$3.5 million of Federal Highway Administration Surface Transportation Program funds for the Cedar Avenue at Interstate 10 interchange improvement project; \$1.1 million from permit/inspection fees and other miscellaneous reimbursement for services to outside agencies; \$4.9 million in operating transfers, including a General Fund contribution of \$3.2 million for the local developer's share of the Glen Helen Parkway grade separation project; and \$0.4 million in other sources (primarily interest earnings).

Over the years, Gas Tax and Measure I funding have declined while costs have increased. In 2012-13, the General Fund contributed \$5.0 million in one-time funding to Transportation to assist in the maintenance of the County Maintained Road System. For 2013-14, the General Fund contribution decreased to \$0.4 million.

Measure I has requirements of \$27.4 million consisting of \$25.3 million in operating expenses for road construction projects, routine maintenance, and snow removal; \$4.9 million in anticipated contingencies set aside for future road construction projects; and \$2.8 million in reimbursements from Road Operations to partially fund a portion of costs associated with Ranchoero Road and Phelan Road. Sources of \$9.1 million include \$6.6 million in Measure I sales tax and \$2.5 million in federal and other government aid for the following projects: Ranchoero Road signal installation; Maple Lane drainage improvements; and Orange Blossom bike trail.

Facilities Development Plans has requirements of \$2.8 million, which includes \$0.9 million in operating expenses primarily for the design of Shadow Mountain Road in the Helendale/Oro Grande area and Rock Springs Road Widening and Bridge over the Mojave River in the Southeast Apple Valley area. These expenses are partially offset by a reimbursement of \$138,368 from the Measure I fund for a share of the Shadow Mountain project. Additionally, \$2.0 million has been allocated to contingencies for future construction projects. Sources of \$48,333 consist of anticipated development fees and estimated interest earnings.

Regional Development Mitigation Plan has requirements of \$6.7 million. This amount consists of \$2.2 million to the Road Operations fund for SANBAG's public local share of Reche Canyon Road and Slover Avenue rehabilitation projects, Glen Helen Grade separation project, and Cherry Avenue at Interstate 10 interchange improvement project; \$0.5 million to Measure I for developer's share of Ranchoero Road; and \$4.0 million allocated to contingencies for future road construction projects. Sources of \$2.7 million include \$2.1 million from SANBAG for various road rehabilitation projects and \$0.6 million in development fees.

BUDGET CHANGES AND OPERATIONAL IMPACT

Consolidated Special Revenue Funds are increasing total requirements by a net amount of \$3.7 million as follows:

- \$1.0 million decrease in staffing expenses primarily because of a net reduction of 11 budgeted positions.
- \$25.3 million increase for new road construction projects that include Glen Helen Parkway grade separation, Maple Lane drainage improvements, Ranchoero Road signal installation, Alabama Street at City Creek culvert construction, National Trails Highway bridge rehabilitation projects at Avon and Kalmia washes, and various sidewalk construction projects.
- \$15.0 million decrease due to projects being completed during 2012-13 including Cherry Avenue widening, Lenwood Road culvert construction, Escondido Road drainage improvements, Sheep Creek Road rehabilitation, and Baldwin Lake Road rehabilitation.
- \$6.1 million increase for transfers among funds due to contributions for various road improvement projects including Ranchoero Road signal installation, Glen Helen Parkway grade separation, and Maple Lane drainage improvements.

- \$3.8 million decrease in capital expenditures due to a \$1.8 million reduction in anticipated right of way purchases for major construction projects and \$2.0 million less for equipment and vehicle purchases.
- \$0.9 million decrease in contingencies due to utilization of these funds for current projects.
- \$6.3 million increase in reimbursements due to additional inter-fund contributions for joint participation projects including \$4.5 million from Measure I for Yates Road realignment, North Bay Road rehabilitation, and Glen Helen Parkway grade separation, and \$1.8 million from Flood Control District for Alabama Street at City Creek culvert replacement.
- \$0.7 million decrease in operating transfers out, primarily to Architecture and Engineering Department for oversight of various capital improvement projects.

Total sources are increasing by a net \$22.1 million primarily as a result of the following additional funds anticipated for 2013-14:

- \$1.9 million of Measure I tax revenue.
- \$6.7 million from SANBAG for Glen Helen Parkway grade separation project (\$5.2 million) and Maple Lane drainage improvements (\$1.5 million).
- \$2.3 million from Southern Pacific and Union Pacific Burlington Northern Rail Roads for the Glen Helen Parkway grade separation project.
- \$4.6 million from Federal Highway Administration for Alabama Street culvert construction (\$2.9 million) and Glen Helen Parkway bridge construction (\$1.7 million).
- \$1.3 million from the Highway Bridge Program for Yermo Bridge reconstruction.
- \$1.8 million from the Highway Safety Improvement Program for the Cedar Avenue and Valley Avenue median installation projects.
- \$8.3 million from the San Bernardino Redevelopment Agency successor for the Cherry Avenue widening project and the Cherry Avenue at Interstate 10 interchange improvement project.

These increases are partially offset by the following sources reductions:

- \$2.1 million less from other agencies that includes the City of Fontana for right of way portion of the Cherry Avenue at Interstate 10 interchange improvement project (\$1.5 million) and SANBAG for Calabash Avenue improvements (\$0.6 million).
- \$2.7 million less is operating transfers from the General Fund for a cost accounting system (\$2.0 million) and various road projects (\$0.7 million).

The fund balance is projected to decrease by \$18.4 million due to the planned completion of several Proposition 1B funded road construction projects in 2012-13.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$29.2 million fund 343 budgeted positions of which 297 are regular positions and 46 are limited term positions. The 2013-14 budget reflects a net decrease of 11 positions. Changes include the addition of the following new positions:

- 1 Business Applications Manager (BAM) to interact primarily with the Information Systems Department (ISD) on future system implementations and development of integral functions, policies and procedures. This addition will not have a budgetary impact since Public Works is currently paying ISD for the equivalent of a full time BAM.
- 1 Accountant III to help manage the complex reporting, auditing, and cost accounting requirements associated with the Department of Public Works.

The Transportation Division is also deleting 3 vacant positions (1 Public Works Engineer II; 1 Engineering Technician IV; 1 Engineering Technician V) without an impact to departmental operations and transferring 10 positions (1 Public Works Engineer IV; 1 Public Works Engineer III; 2 Public Works Engineer II; 1 Engineering Technician V; 3 Engineering Technician IV; 1 Secretary I; 1 Office Assistant III) to the Land Use Services Department in order to better serve the development community.

In addition, the 2013-14 budget includes the following recommended reclassifications:

- Automated Systems Analyst I to Automated Systems Analyst II
- Engineering Technician I to Engineering Technician II

Solid Waste Enterprise Funds - Consolidated

DESCRIPTION OF MAJOR SERVICES

Operations Fund is responsible for the operation and management of the County's solid waste disposal system, which consists of six regional landfills, nine transfer stations, and thirty-three closed landfills or disposal sites. The Solid Waste Management Division also administers the County's solid waste franchise program which authorizes and regulates trash collection by private haulers in the County unincorporated area, and state mandated waste diversion and recycling programs. This is the only fund that has staffing associated with it.

Budget at a Glance

Total Requirements	\$86,589,419
Total Sources	\$85,238,287
Net Budget	(\$1,351,132)
Estimated Unrestricted Net Assets	(\$62,308,127)
Use of Unrestricted Net Assets	\$1,351,132
Total Staff	81

While the Solid Waste Management Division has approximately \$106.5 million in short-term assets such as cash that is used to support the operations of the system, the Division is estimating its Unrestricted Net Assets to be in deficit by \$62.3 million at June 30, 2013 due to the inclusion of approximately \$170.2 million of long term landfill liabilities for pollution remediation obligations, future closure construction, and post-closure maintenance. These liabilities do not come due within the current year budget and represent future costs that will be funded with future revenue. For 2013-14, the Division will be using approximately \$1.4 million of its short term assets to balance the budget.

Site Closure and Maintenance Fund provides for the closure of landfills and for post-closure maintenance (e.g. fencing, storm damage, soil erosion, but excluding landfill gas and groundwater monitoring) required by Titles 14 and 27 of the California Code of Regulations. This budget unit accounts for the requirements and sources related to the planning, design, permitting, construction, and maintenance activities required for closure and post-closure maintenance of County landfills.

Site Enhancement, Expansion and Acquisition Fund provides for the construction of landfills and transfer stations, purchase of land, construction of ancillary facilities, and site enhancements, all of which are directly related to the increase of waste capacity. This budget unit accounts for the requirements and sources related to the planning, permitting, design, and construction activities required for the expansion and/or enhancement of County landfill and transfer station operations.

Environmental Fund provides environmental mitigation and monitoring activities (e.g., landfill gas systems operation, maintenance and monitoring, groundwater monitoring and remediation) at disposal sites and active and closed landfill sites for the health and safety of the public. This budget unit accounts for the requirements and sources related to these environmental mitigation and monitoring activities.

Environmental Mitigation Fund (EMF) was established to provide separate accountability of that portion of the tipping fee designated as a resource for addressing solid waste facilities impacts on local communities. On July 10, 2001, the Board of Supervisors (Board) approved an Environmental Mitigation Fund Use Policy. In accordance with this policy, projects or programs must reduce, avoid, or otherwise mitigate impacts arising from the operations and management of a County owned landfill or transfer station to be eligible for use of EMF monies. Current programs funded through EMF monies are the Household Hazardous Waste Program in unincorporated County communities, ongoing since 1993; and the Host Cities Program. Sources collected in this fund are also used to make contractual payments to the seven host cities with a County landfill or transfer station within its boundary or sphere of influence. On March 30, 2004, the Board approved an amended EMF Use Policy that revised the eligibility criteria to include the County's portion of costs associated with debris cleanup in the aftermath of a locally declared disaster. Also, for 2008-09 and forward, all uncovered load fees will be transferred into this fund and used to finance the fund's activities.

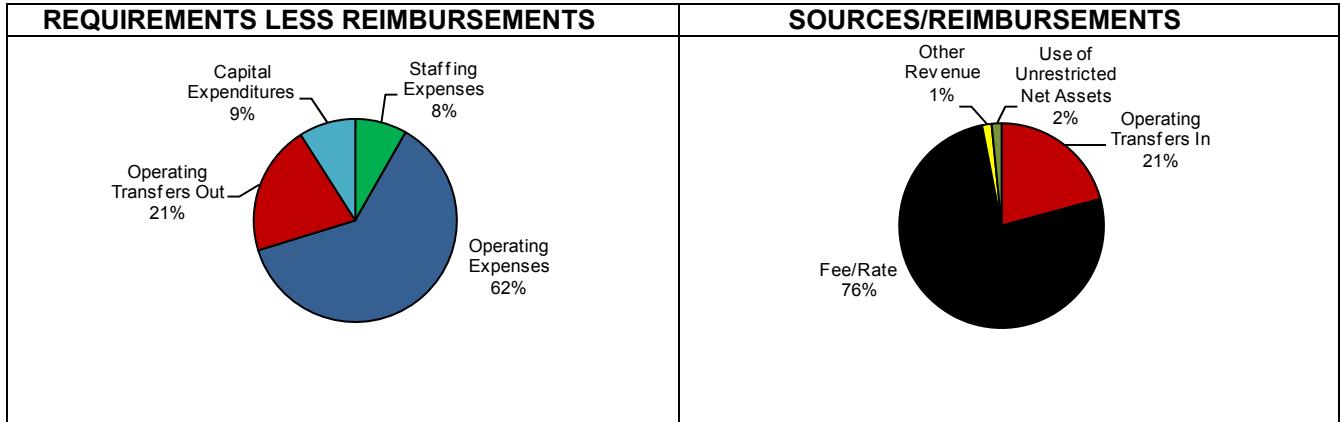

Closure and Post-Closure Maintenance Fund provides for the funding of landfill closure construction for those facilities that fall within the regulatory requirements of landfill facilities that were still actively receiving waste as of 1989. Deposits are made to this budget unit from the Solid Waste Operations budget unit, as needed, to provide proper funding, based upon the amount of waste deposited into the landfills each year. No expenditures are booked to this budget unit, only operating transfers out to the Site Closure and Maintenance budget unit and

contingencies to reflect total net assets available at year end. Operating transfers to the Site Closure and Maintenance budget unit can only be done when Solid Waste Management Division receives written approval from CalRecycle for the release of funds.

Solid Waste Management Earned Leave Fund provides for the funding of employee compensated absences which are the accumulated vacation, holiday benefits, sick pay, and compensatory time recorded as an expense and non-current liability as benefits are earned. In the event of retirement or termination, an employee is paid 100% of accumulated vacation, holiday and compensatory time. This fund was newly created in 2011-12.

Operations Fund has requirements of \$55.5 million for operation of the County's solid waste disposal system, which primarily includes \$7.2 million for 81 budgeted positions, \$32.0 million for the landfill operations contract and other professional services needed to maintain the County's disposal sites, \$10.7 million in operating transfers to the Environmental Fund for operation, maintenance and monitoring of landfill environmental control systems, \$2.3 million for payments to the Board of Equalization based on a per ton of landfill waste, \$1.3 million set aside for potential legal settlements, and \$0.9 million for payments to cities for their share of Article 19 Waste fees. Sources of \$62.3 million includes funds generated from landfill gate fees, special land use assessments, solid waste franchise fees, royalty agreements, land leases, interest earned on fund balance, and a small state grant for beverage container recycling education and outreach program. Sources received in this budget unit also finance the activities of other solid waste budget units and is reflected as operating transfers out.

Site Closure and Maintenance Fund includes requirements of \$1.7 million for partial final closure of the Mid-Valley Landfill's Unit 1's south and west slopes. Sources of \$0.9 million include allocated special assessments, landfill gate fees that support closure activities, and interest earnings.

Site Enhancement, Expansion and Acquisition Fund includes requirements of \$11.5 million, of which \$4.0 million is for the Barstow Landfill – Borrow Area Phase 1 Liner project, \$0.3 million for Landers Landfill - Lateral Expansion, and \$7.2 million in operating transfers to the Environmental Fund for capital projects and annual maintenance/monitoring of existing landfill gas, air, and groundwater systems. Sources of \$2.7 million are from allocated landfill gate fees that support expansion activities.

Environmental Fund includes requirements of \$11.0 million for the following list of projects related to the construction, operation, maintenance, and monitoring (OM&M) of environmental control systems to protect groundwater, air, and soil per Title 5 and Title 27 regulations:

- Countywide - Landfill Gas Extraction System OM&M
- Countywide - Water Quality Response Program OM&M
- Big Bear Landfill - Landfill Gas Extraction System
- Heaps Peak Disposal Site - Leachate Treatment System OM&M
- Heaps Peak Disposal Site - East Slope Stabilization
- Landers Landfill - Landfill Gas Extraction System
- Mid-Valley Landfill - Broco Cleanup
- Mid-Valley Landfill - Perchlorate - State Dept. of Toxic Substances Control
- Milliken Landfill - Easement Agreements – Edison
- Yucaipa Disposal Site - Groundwater Treatment System

Sources of \$11.5 million consist primarily of operating transfers from the Operations Fund (\$10.7 million) and allocated landfill gate fees (\$0.7 million).

Environmental Mitigation Fund includes requirements of \$6.9 million for that portion of the tipping fee designated as a resource for addressing solid waste facilities impacts on local communities as payments to seven host cities with a landfill or transfer station in their sphere of influence or within incorporated city limits. Sources of \$7.9 million are from allocated special assessments and landfill gate fees.

Closure and Post-Closure Maintenance Fund is expected to not have any activity required for closure based on the estimated waste to be deposited for the Financial Assurance period covered within 2013-14.

Solid Waste Management - Earned Leave Fund has \$50,000 in requirements (contingencies) and sources that represent operating transfers from the Operations Fund for approximately one-twentieth of the unfunded liability of employees' earned leave balances.

BUDGET CHANGES AND OPERATIONAL IMPACT

The Solid Waste Enterprise Funds are decreasing total requirements by a net \$146.6 million. Due to a change in the presentation of the budget, the amount representing available net assets set aside for future use is no longer shown in requirements, resulting in an \$87.8 million decrease in budgeted contingencies. Those net assets provide sufficient operating cash reserves in addition to the sources from current services to fund current budgeted activities. Other significant reductions in requirements include a \$38.7 million decrease from the County's decision to prepay the outstanding balance of the 2008 Refunding Program Certificates of Participation (Solid Waste COPs) in 2012-13, and \$19.7 million less in operating transfers out due to payoff of the Solid Waste COPs.

Total sources are decreasing by a net amount of \$10.0 million resulting from the following: \$19.7 million less in operating transfers in due to payoff of the Solid Waste COPs, partially offset by a \$9.7 million increase from out-of-County imported waste coming in under the new disposal system operations contract.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$7.2 million fund 81 budgeted regular positions. Although the overall staffing total remains unchanged, the 2013-14 budget includes the following recommended actions:

- Public Works Operations Supervisor position is being restored to supervise the day-to-day operations of the Colton Sanitary Landfill and assist with managing the new disposal system operations contract.
- Vacant Media Specialist position is being deleted as duties have been reassigned within the division.
- Reclassification of Solid Waste Division Manager to Chief Public Works Engineer.

The Leasing and Acquisition Division negotiates and administers revenue and expenditure leases on behalf of County departments. Revenue leases allow for the use of County-owned facilities, generally at County parks and airports, and generate revenue to offset expenses incurred to provide such facilities to residents and users. Expenditure leases provide space in leased facilities throughout the County for departments and their employees to support the delivery of services in locations convenient to the residents served. In addition, the division is responsible for the property management of court facilities within the County and the County-owned land and dairy facilities in the Chino Agricultural Preserve.

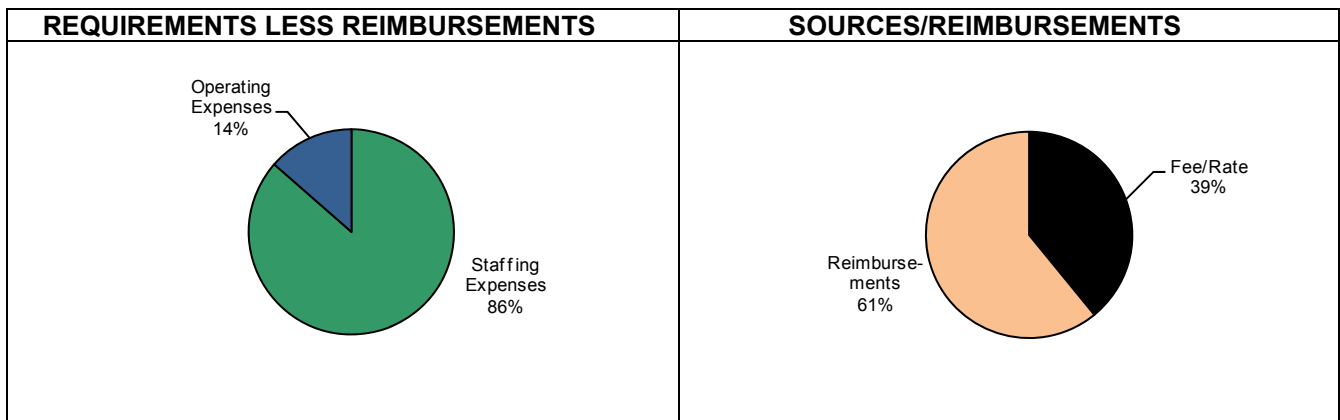

The Leasing and Acquisition Division also provides appraisal, acquisition, and relocation assistance for County departments and, upon request, to other agencies including San Bernardino Associated Governments (SANBAG), the State of California, and various cities. Staff establishes values and acquires the necessary rights-of-way needed to complete public safety projects, including the construction and maintenance of transportation corridors and floodways. This Division also acquires land and facilities for various functions and disposes of property determined to be surplus to the County's needs.

The activities of the Leasing and Acquisition Division are conducted in accordance with, and in support of, the County goals to operate in a fiscally responsible and business-like manner, to maintain public safety, to provide for the health and social service needs of County residents, and to pursue County goals and objectives by working with governmental agencies.

The Administration and Fiscal section is responsible for maintaining an inventory of all County land and buildings, including leased facilities, and provides all support functions including budgeting, personnel administration and automation services.

The Facilities Management Division serves the public by providing quality custodial, grounds and maintenance services that enable County departments and staff to effectively meet the expectations of their customers.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Staffing expenses of \$2.6 million make up a majority of Real Estate Services Department's expenditures within this budget unit. Operating expenses of \$404,537 fund services and supplies, central services, travel and transfers. Reimbursements of \$1.8 million are for transfers from Architecture and Engineering Department (A&E) and the Facilities Management Division (FMD) for department overhead for shared administrative and fiscal staff, and from the Rents Budget for administration of expenditure leases (based on 3% of annual lease cost in excess of \$36,000). Sources of \$1.2 million is based on billable labor hours for leases with annual lease cost less than \$36,000, and for acquisition and appraisal services billed at an hourly rate.

OPERATIONS & COMMUNITY SERVICES

BUDGET CHANGES AND OPERATIONAL IMPACT

Department requirements and sources of \$1.2 million decreased overall by \$58,780. Staffing expenses increased \$86,414 due primarily to increased retirement and employee group insurance costs. Operating expenses increased \$27,631 related to information-technology services. Reimbursements increased \$172,825 due to an increase in department overhead allocated to A&E and FMD. Sources decreased \$58,780 due to a reduction of billable labor hours charged to departments associated with appraisal and acquisition activities. Since the overall budget change is minimal, there is no impact to operations.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$2.6 million fund 23 budgeted regular positions. There is no change in staffing proposed for 2013-14.

OPERATIONS & COMMUNITY SERVICES

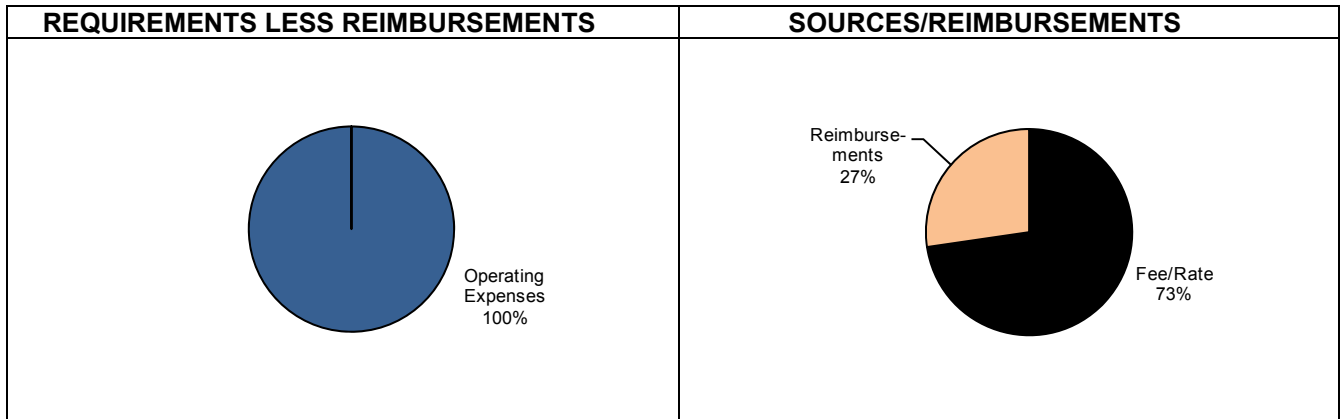

Courts Property Management

DESCRIPTION OF MAJOR SERVICES

The Trial Court Facilities Act of 2002, SB 1732, required the transfer of responsibility for funding and operation of trial court facilities from all counties to the State of California on behalf of the Judicial Council of California, Administrative Office of the Courts (AOC). In addition, as each transfer occurred, the County and the AOC entered into an agreement that defined whether the County or the AOC manages the operations and maintenance of the building. This budget unit is used to manage and account for reimbursements from the AOC for maintenance, utilities, insurance, overhead expenditures, and work order requests for space occupied by the local court in County-managed facilities. This budget unit is also used to manage and account for payments to the AOC for costs associated with the space occupied by County departments in AOC-managed facilities.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Staffing expenses of \$8.3 million constitute approximately one-half of FMD's expenditures. Operating expenses of \$8.3 million constitute the other one half and fund contracts for grounds, maintenance and custodial services; materials for repairs and maintenance of county facilities and equipment; and vehicles, tools, supplies, systems development charges, overhead and administrative costs. Reimbursements of \$3.3 million and sources of \$12.9 million offset these costs by billing County departments, the Administrative Office of the Courts, and local courts for services provided.

BUDGET CHANGES AND OPERATIONAL IMPACT

An increase of \$285,248 in staffing expense for 2013-14 is due primarily to the addition of three full-time positions to maintain additional office building space added during 2012-13. While some costs for maintenance services have increased as a result of contracting out additional services for boilers, and heating, ventilation and air conditioning (HVAC) controls, there is an overall decrease in services and supplies of \$146,471 attributed to anticipated decline in requisition work for County departments. Reimbursements increased \$148,543 as a result of the overall increase in allocation of administrative overhead.

Sources are decreasing \$362,825 primarily due to County departments not requesting work outside of basic services from Facilities Management.

In 2013-14, discretionary general funding (net county cost) of \$353,059 is budgeted to mitigate Information Services Department (ISD) charges for the creation, maintenance and support of a new financial billing system. The costs for the billing system are reflected in an increase to Central Services.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$8.3 million fund 109 positions including the addition of 3 full-time positions: 1 Facilities Management Dispatcher, 1 Air Conditioning Mechanic, and 1 General Maintenance Mechanic for maintenance services to address increased workload.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

This budget unit's requirements are \$19,625,024 and primarily funds utility costs for County facilities. Sources of \$277,495 represent utility costs passed on to customers and third parties that occupy County-owned space.

BUDGET CHANGES AND OPERATIONAL IMPACT

For 2013-14, staffing expenses of \$162,891 fund 2 positions and decreased a nominal \$2,387. Operating expenses of \$20.8 million increased \$219,127 due to rate increases anticipated for various utilities and the addition of new facilities. Reimbursements of \$1.4 million include an increase of \$75,875 for anticipated increased utility costs for the Superintendent of Schools and the Administrative Office of the Courts for courthouses, and the addition of reimbursements from the Probation Department for the West Valley Juvenile Detention and Assessment Center funded through AB109.

This budget unit also realized a reduction of \$134,078 for operating transfers out to the capital program and a reduction of \$134,079 in Federal Aid as the American Recovery and Reinvestment Act (ARRA) federal energy efficiency grant that funded various energy efficiency capital projects was fully received in 2012-13.

Sources of \$277,495 for utility costs passed on to customers and third parties that occupy County-owned space decreased \$107,797 due to the completion of the remaining project funded through the energy efficiency grant. Discretionary general funding (net county cost) increased \$114,584.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$162,891 fund 2 budgeted regular positions. There is no change in staffing for 2013-14.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Staffing expenses of \$5.6 million fund 252 budgeted positions (67 full-time, 23 part-time, and 162 seasonal/extra help employees) to oversee administration, operations and maintenance for the nine regional parks, the County Trails System, and various special events/programs. Operating expenses of \$5.6 million include stocking fish at park lakes, turf maintenance contracts (Prado, Cucamonga-Guasti, Yucaipa, and Glen Helen Regional Parks), supplies for general maintenance and special projects, aquatic facility supplies, office supplies, computer hardware and software replacement/upgrades, credit card use fee charges, advertising park events/amenities, restroom supplies, insurance, and COWCAP (\$3.1 million with a corresponding net county cost allocation less \$500,000 departmental reduction). Sources of \$7.9 million represent fees from camping, fishing, park entrance, swimming, facility use, special events, and concessionaire and/or partnership agreements.

BUDGET CHANGES AND OPERATIONAL IMPACT

Due to projected budgetary constraints for 2013-14, the Department has continued reorganization to address program priorities and the provision of park services with a lower level of staffing resources and by a reconfiguration of position classifications. Staffing expenses include adjustments for retirement and health insurance cost increases and a budgeted staffing level of 252 positions for 2013-14, which reflects an overall net decrease of 7 positions that is the result of this continued reorganization (a reduction of 11 positions that is offset by an increase of 4 positions). Operating expenses are decreasing by approximately \$300,000 primarily due to a reduction in COWCAP charges, and reimbursements are decreasing primarily from a reduced amount of transfers out from other park funds. Sources are increasing in other revenue (primarily taxable sale items to the public) that affects many of the nine parks in the Regional Parks system. Net county cost support from the County general fund was reduced by \$206,119, a decrease related to a corresponding reduction in COWCAP charges.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$5.6 million fund 252 budgeted positions of which 90 are regular positions and 162 are limited term positions.

Staffing changes include a decrease of 11 budgeted positions (11 vacant; 0 filled) and an increase of 4 positions, for an overall net decrease of 7 budgeted positions. Under the continued departmental reorganization, added positions include: 1 Fiscal Specialist position to provide for the full-year cost of an employee sharing a position on a dual-fill basis, 2 General Services Worker II positions to provide funding for positions that are filled but had no funding budgeted in 2012-13, and 1 General Services Worker II position funded on a part-time basis. Deletions include: 1 Elections Analyst position, 6 General Services Worker II positions, 1 Park Ranger II position, and 3 Public Service Employee positions. A reclassification of an Office Assistant III position is also included. Some of the related duties/responsibilities for deleted positions will be streamlined and spread amongst full-time General Service Worker positions. The Department is committed to managing park activities with this reduction in staffing.

DESCRIPTION OF MAJOR SERVICES

County Trails System was established by the Board of Supervisors and the Regional Parks Department was assigned as the steward of the County's Regional Trail Program charged with the development, operation and maintenance of regional and diversified trails throughout the County. This budget unit was established to follow compliance requirements for federal and state grant funding used in the development and construction of the trail system. San Manuel Amphitheater was established to account for lease payments received annually from the operators of the San Manuel amphitheater at Glen Helen Regional Park. Each year, the bulk of this revenue is transferred to the County general fund to fund the cost of the amphitheater's debt service payment.

Amphitheater Improvements at Glen Helen was established to provide for improvements to the San Manuel Amphitheater at Glen Helen Regional Park. These improvements are designed to maintain the amphitheater and its facilities in their current condition in order to preserve a quality entertainment experience for its visitors. This budget unit is funded jointly by deposits from the County and the operators of the amphitheater.

Park Maintenance/Development was established to provide for the maintenance, development and emergency repairs at all regional parks. The costs associated with this budget unit are funded through an allocation of park admission fees.

Calico Ghost Town Marketing Services was established to provide separate accountability and operations of marketing services for Calico Ghost Town Regional Park. A portion of revenues from Calico Ghost Town concessionaire operations and park admission fees are used to advertise and market several special events including Calico Days, Calico Ghost Haunt, Civil War, Bluegrass in the Spring and Wild West Days.

Off-Highway Vehicle License Fee was established by Off-Highway Vehicle (OHV) "in-lieu of taxes." Fees are provided from the California State Controller's Office based on the amount of OHV recreation in the County. The state collects these fees for each OHV identification plate sold by the Department of Motor Vehicles.

County Trails System includes operating expenses of \$1.2 million for the anticipated costs for finalizing design, environmental and acquiring trail right-of-way for Phase III (Waterman Avenue to California) and Reach "A" of Phase IV of the Santa Ana River Trail (California Street to Orange Street, Redlands; 3.5 miles). Also included is the construction of the pocket park along the Santa Ana River Trail (funded by HUD Grant of \$99,000). Sources of \$883,940 include \$559,940 in State Local Transportation Funds (SANBAG) for Phase III of the Santa Ana River Trail. State revenue of \$100,000 represents an allocation of Prop 84 grant funds from the Coastal Conservancy for the Santa Ana River Trail (Phase IV initial funding) and \$24,000 HUD Grant #L09AP15533 revenue. Grant revenue reimbursements will be contingent upon incurring project expenses first, which will create cash flow challenges for this budget unit. The Department will work with the County Administrative Office for financial assistance prior to grant contracts or construction contracts being presented to the Board of Supervisors for approval. Contingencies of \$296,606 are set aside for unanticipated expenses.

San Manuel Amphitheater includes operating expenses of \$1.5 million for payments to the County general fund for the cost of the annual debt service payment for the amphitheater (\$1.0 million), other payments of \$475,000 for payment to the Regional Parks general fund budget unit for the upkeep and management of the amphitheater (\$450,000) and to the Amphitheater Improvements at Glen Helen budget unit (\$25,000) as required per the lease agreement with the operators of the amphitheater. Contingencies of \$33,837 are budgeted as a precaution against unforeseen necessities involving the amphitheater. Sources of \$1.4 million include use of money/property as rent from the operators of the amphitheater and interest earnings. Naming rights revenues are still under negotiation with Live Nation.

Amphitheater Improvements at Glen Helen includes operating expenses of \$288,563 which represent a provision for maintaining the amphitheater to preserve quality entertainment experiences for its visitors. Contingencies of \$317,754 are set aside for unanticipated expenses. Reimbursements of \$25,000 represent the County's contribution towards improvements at the amphitheater per provisions of the lease. Sources of \$28,000 include a \$25,000 matching contribution from the operators for the amphitheater per the lease agreement.

Park Maintenance/Development includes operating expenses of \$670,418 to be used in part for ongoing upgrades and implementation of a new Point of Sale component to the camping reservation system. The balance of the requirements authority is available for emergency repairs and development for the current fiscal year as well as held for repairs and development for future years. Capital expenditures for park equipment are budgeted at \$150,100, which include a new HVAC system, CAT backhoe, John Deere gator, and a portable Boom. Replacement of heavy-equipment is part of the department's plan to rotate out all non-repairable or outdated equipment with high repair costs. Contingencies of \$457,892 are set aside for unanticipated expenses. Sources are anticipated at \$321,386 for current services representing a portion of gate entrance fees collected throughout all Regional Parks.

Calico Ghost Town Marketing Services includes requirements of \$581,399 for the costs of producing special events at the Park, advertising of Calico Ghost Town, travel, and transfers. Travel of \$14,100 is expected for participation in the annual POW-WOW International Trade Show, a crucial event in promoting Calico Ghost Town and its specialized events. Approximately 60% of the attendance at Calico Ghost Town is a result of the tours booked at this trade show. Transfers of \$30,000 to the Regional Parks general fund budget unit represent the labor cost of park staff time (outside of regular duties) to produce and assist with the set up for the special events. Sources of \$385,000 include all special event gate revenue and, as stipulated in the concession contracts, the Department also contributes a percentage of the regular day fees collected throughout the year. Use of money and property revenue of \$51,000 represents rent payments from Calico concessions, and interest earned on the fund balance.

Off-Highway Vehicle License Fee includes operating expenses of \$516,924 for enforcement, safety, trail signage, maintenance and administration of the Off-Highway Vehicle Fund (OHV) throughout the County, at Moabi Regional Park, and Calico Ghost Town. Operating transfers out of \$500,000 are programmed for Calico Ghost Town Off Highway Vehicle campground hook-ups. Contingencies of \$1,250,251 are budgeted for unforeseen future projects. Sources consist of \$310,000 that is received from the state, which is derived from vehicle registrations/licensing for use of off-highway operations in the County. The California Public Resources Code 5090.50 specifies that these funds may be used for '...planning, acquisition, development, maintenance, administration, operation, enforcement, restoration, and conservation of trails, trailheads, areas and other facilities associated with the use of off-highway motor vehicles, and programs involving off-highway motor vehicle safety or education.'

BUDGET CHANGES AND OPERATIONAL IMPACT

Consolidated Special Revenue Funds are decreasing overall requirements by approximately \$6.3 million, and sources have decreased by approximately \$3.8 million. Decreases to requirements relate to capital expenditures planned for the construction of Phase III of the Santa Ana River Trail (Waterman Avenue, San Bernardino to California Street, Redlands; 3.6 miles) that were not initiated during 2012-13 as planned due to environmental delays and were re-budgeted at a lower level for 2013-14. Decreases to sources are primarily related to the lower federal revenues intended to fund the cost of the revised Phase III for the Santa Ana River Trail.

STAFFING CHANGES AND OPERATIONAL IMPACT

DETAIL OF 2013-14 RECOMMENDED BUDGET

	2013-14

Snack Bars (Fund EMT)	12,342	0	(12,342)	0
Active Outdoors (Fund EME)	57,877	47,108	(10,769)	4
Total Special Revenue Funds	70,219	47,108	(23,111)	4

Snack Bars include requirements of \$12,342 that are primarily budgeted as an operating transfer out to close out residual funds within this budget unit. Previously, this budget unit included staffing expenses that funded 1 budgeted position (Public Service Employee) to operate the Boathouse snack bar at Lake Gregory Regional Park, and the related operating expenses that represented the cost of pre-packaged food/snack items sold at the snack bar. During 2012-13, the Department outsourced this function to a Board-approved private contractor, which is consistent with snack bar operations at other regional parks.

Active Outdoors includes staffing expenses of \$34,039 which funds 4 budgeted Public Service Employee positions that will operate the Environmental Science Day Camp and other programs such as Junior Fishing Workshop, and Doggie Palooza. Operating expenses of \$23,838 will primarily fund services and supplies for use in the Environmental Science Day Camp program, as well as fishing poles, equipment and supplies for the Junior Fishing Workshop. Expenses also include costs of supplies, awards, and printing materials for all programs within Active Outdoors. Sources of \$47,108 are anticipated through an Operating Transfer In from the Department's Park Maintenance and Development budget unit in the amount of \$42,108, as well as anticipated vendor fees and other participation costs collected for program events associated with the Junior Fishing Workshop and Doggie Palooza in the amount of \$5,000.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$28,879 and reflect the discontinuance of the Department-operated snack bar at Lake Gregory Regional Park and reduced operating expenses for the Active Outdoors program. Sources are decreasing by \$37,892 which reflects receipts for the Active Outdoors program only.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$34,039 fund 4 budgeted positions which are all limited term positions for the Active Outdoors budget unit. The budget reflects a decrease of 1 Public Service Employee due to the outsourcing of snack bar operations to a private contractor.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Requirements of \$8.6 million to conduct two minor elections (July 2013 and August 2013) and two major elections (November 2013 and June 2014) includes staffing expenses of \$2.4 million for 26 budgeted positions, operating expenses of \$6.0 million and capital expenditures of \$215,000. Operating expenses primarily consist of services and supplies of \$5.5 million for routine operations and election-related expenses (such as temporary labor, ballots, postage, poll workers and other professional services). Operating expenses also include central service charges for Facilities Management and Information Services as well as travel costs. Capital expenditures of \$215,000 include the purchase of two high speed ballot counters to supplement aging counters and speed up election results (\$75,000 each; \$150,000 total) and ballot printing equipment funded by a portion of the Federal Voting Assistance Program Grant (\$65,000). Sources of \$2.5 million are derived from a variety of sources. These sources include: Secretary of State quarterly postage reimbursement (\$20,000), Federal Voting Assistance Program Grant (\$65,000); sale of services and products including maps, voter files and certified documents (\$12,240); and election services for participation jurisdictions (\$2.4 million).

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements and related sources will fluctuate based on a 4-year election cycle with the Presidential Election being the most costly of the major elections. The Department is transitioning from a 1 major election (Presidential Election) cycle in 2012-13 to a 2 major election cycle in 2013-14. The 2013-14 budget includes provisions for 2 minor and 2 major elections as follows: July 16, 2013, for the Fontana Unified School District Election (minor); August 27, 2013, for a General District Mail Ballot Election (minor); November 5, 2013, for a Consolidated General Election (major); and June 3, 2014, for a Gubernatorial Primary Election (major). The first three elections are 100% reimbursable; however, the Gubernatorial Primary Election is only 2% reimbursable, which requires significant net county cost financing. In addition, the Department has implemented numerous cost savings measures which has resulted in reduced requirements.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$2.4 million fund 26 budgeted regular positions. Following the 2012 Presidential Election, the Elections Office analyzed its strengths and weaknesses and re-aligned its organizational structure to increase its effectiveness, lower temporary labor expenses, and to provide appropriate backup for existing employees. In doing so, 4 existing positions (3 – vacant, 1 – filled) were deleted and 6 new positions were added; for an overall net increase of 2 positions. Position deletions include 1 Business Applications Manager position (vacant), a Geographic Information Systems Technician I position (filled), and two Office Assistant III positions (vacant). Position additions include 1 Fiscal Specialist position, 2 Elections Technician positions, 1 Elections Services Assistant position, 1 Applications Specialist position, and 1 Automated Systems Technician position.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Operating expenses of \$4,633 include costs for various projects, including administrative costs, as approved by the Commission.

Sources of \$4,267 primarily represent fines imposed on hunting, fishing, and environmental infractions and from sales of hunting maps.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$9,352 as a result of decreased operating expenses primarily due to the completion of the wildlife drinking station project in 2012-13.

Contingencies have decreased by \$1,367 based on less available fund balance due to the use of fund balance in 2012-13 to fund the installations of the wildlife drinking stations.

Sources are decreasing by \$5,733 due to lower expected collection of fines and reduced sales of hunting maps.

The CIP provides for the acquisition, construction, reconstruction, initial fixtures and equipment, renovation, rehabilitation or replacement of facilities or equipment with a life expectancy of at least five years and capital costs in excess of \$5,000. The program:

- Receives and evaluates requests to lease or expand leased space or to vacate, occupy, alter, remodel or construct County-owned space, land, or facilities
- Recommends priorities for capital projects based on criteria in the Capital Budget Policy for government facilities, regional parks, airports, transportation, and solid waste facilities
- Prepares the annual CIP budget, monitors and directs implementation of approved projects through the Architecture and Engineering (A&E), Real Estate Services, Airports, Regional Parks and Public Works departments
- Provides direct oversight for major capital projects
- Develops and implements facility standards and maintains land and building inventories
- Performs long-range planning to:
 - Link department capital and operational budget plans to Countywide strategic plans
 - Conduct physical condition assessments through periodic surveys of facilities to identify major, large-scale projects to repair and rehabilitate County assets
 - Identify opportunities for energy efficiencies, life-cycle increases, and maintenance operating cost reductions
 - Identify future space and infrastructure needs of the County
 - Develop formal estimates of costs and seek adequate project funding, and
 - Identify opportunities for public-private partnerships for the development of County facilities.

BUDGET HISTORY

The CIP is funded by a number of sources, including the County general fund and various other funding sources:

- Discretionary General Funding: Funded from County general fund discretionary dollars provided to CIP for general fund projects.
- Other Funding: The underlying funding source is from a general fund department or from a funding source over which the Board has discretion (such as realignment, Fines and Forfeitures, special revenue, or internal service funds such as Risk Management and Fleet Management), or is from a dedicated source for a specified purpose (such as grants, Inmate Welfare Fund, enterprise funds, Courts, Library, fees, dedicated gas and sales tax, and state and federal aid).

The County's CIP includes construction, rehabilitation, and repair projects for numerous facilities and structures. Solid Waste Management and Transportation Division (road) projects are administered by the Department of Public Works (DPW). A&E administers projects for all others, including Arrowhead Regional Medical Center (ARMC), Airports, Regional Parks, general fund departments, and Community Development and Housing (CDH).

CIP funds are budgeted in various capital budget units and expended in various capital asset object codes for County-owned facilities: 4005-Land, 4010-Improvements to Land, 4030-Structures and Improvements to Structures, 4040-Equipment and 5010/5012-Transfers. The CIP budget also includes funding for non-owned facilities: 3305-Contributions to Other Agencies (for various city or community sponsored deferred maintenance/infrastructure capital projects that provide benefits to County residents), and 3310-Contributions to Non-Owned Projects (generally Community Development and Block Grant funded projects also administered by A&E).

The amount of discretionary general funding (net county cost) funding for CIP varies annually based on available one-time funding. The following chart demonstrates the Board’s commitment in recent years to address the backlog of deferred maintenance projects for County buildings and infrastructure. General fund contributions to CIP over the past five years total **\$293.6 million**. Contributions have averaged approximately \$58.7 million per year.

ANALYSIS OF 2013-14 RECOMMENDED BUDGET

On December 20, 2012, County departments were requested to submit CIP requests for discretionary general funding for 2013-14. The CAO received 93 requests from 15 departments with an estimated total project cost of \$205.4 million. Departments submitting more than one CIP request prioritized their requests. CIP requests were also submitted by A&E, Facilities Management and Regional Parks for general projects.

The base budget allocation for CIP for 2012-13 was \$12.0 million. For 2013-14, the CAO is recommending that the base budget allocation for CIP remain the same. This recommended funding level will allow the County to continue to invest in County building assets at an acceptable level.

In addition to the base budget above of \$12.0 million funded from ongoing discretionary general funding, additional ongoing discretionary general funding of \$20.0 million for the 800 Megahertz (MHz) Upgrade Project and additional one-time discretionary general funding of \$24.8 million is proposed for the following projects:

- **Construction** **\$44.8 million**
 - 800 MHz Upgrade Project – This project will begin to address the upgrade of the aging 800 MHz digital radio system. The Board previously approved redirecting an annual allocation from the Future Space Needs Reserve to fund this project. The total estimated project cost is \$175.0 million with a project duration in excess of seven years. \$24.0 million was funded in 2010-11, \$20.0 million in 2011-12, and \$20.0 million is proposed for funding in 2013-14.
 - Sheriff's Crime Lab – In 2012-13, the Board approved \$1.3 million for design to expand and remodel the existing Sheriff's Crime Lab located at 200 S. Lena Road in San Bernardino. The total estimated project cost is \$17.0 million to expand the existing facility approximately 20,000 square feet. \$15.7 million is proposed for funding in 2013-14 for the estimated cost of construction for this project.
 - Sheriff's Aviation Relocation from Rialto Airport to San Bernardino International Airport – This project will relocate the Sheriff's Aviation Division from Rialto Airport located at 1776 Miro Way to San Bernardino International Airport (SBIA) and will consolidate space currently leased at SBIA into a new facility. The total estimated cost is \$9.6 million and will be funded with \$4.1 million from the City of Rialto for relocation, \$1.0 million from the Sheriff's Asset Seizure Fund, and \$4.5 million from one-time discretionary general funding. It is anticipated the County will enter into a 25-year lease with six, five-year options to extend the term with SBIA for the land at an estimated annual cost of \$62,000 increasing 3% every five years. The estimated operating expenses are \$170,800 annually for a total ongoing cost of \$242,800. This cost will be offset from savings of existing lease cost in other buildings leased by the Sheriff.
 - County Buildings Acquisition and Retrofit Project – Funding of \$4.5 million is proposed to be added to the County Buildings Acquisition and Retrofit Project to acquire existing office space near the Victorville Courthouse to locate general funded departments currently in leased space. This budget will acquire and remodel space for the District Attorney and Public Defender.
 - Sheriff's Resident Deputy Housing Improvements – This project will make various improvements in the total amount of \$150,000 to the Resident Deputy Housing at various locations throughout the County. Following is a status of the large carryover construction projects administered by A&E:

Project	Total Project Cost	Carryover Balance
<p>800 MHz Upgrade Project</p> <p>As part of the adoption of the CIP budget for 2011-12, the Board approved redirecting the ongoing set aside for Future Space Needs to fund an 800 MHz digital radio system upgrade for public safety. The total estimated project cost is \$175.0 million. \$44.0 million has been funded to date and an additional \$20.0 million is proposed for new funding in 2013-14. During 2012-13, \$4.75 million of the \$44.0 million was redirected to the High Desert Government Center (HDGC) Public Safety Operations Center (PSOC) project for infrastructure to support the 800 MHz upgrade and a consultant contract was issued in the amount of \$250,000 to Motorola to assist in the planning and implementation of the system upgrade. The scope of the project will include acquisition/lease of microwave sites, tower construction and upgrades, and equipment. The assessment by Motorola is expected to be completed by August 2013. Other actions will be presented to the Board for implementation of the project in 2013-14.</p>	\$175.0 million	\$39.0 million

Project	Total Project Cost	Carryover Balance
<p>Adelanto Detention Center Expansion In December 2010, the Board approved the project budget of \$120.0 million and awarded a construction contract for the 1,368 bed expansion of the Adelanto Detention Center located in Adelanto. On February 26, 2013, (Item No. 11), the Board approved an increase in the project budget of \$6.0 million. In addition, the Sheriff anticipates transition planning costs of \$1.5 million bringing the total project cost to \$127.5 million. The project is funded with a combination of a grant from the State of California under the Public Safety and Offender Rehabilitation Services Act of 2007 (AB900) and by the County from the Future Space Needs Reserve. The current estimate of the State's share of the project cost is \$88.0 million. The County's total share of the projected cost is \$39.5 million. Construction commenced in January 2011 and is estimated to be completed December 2013. Estimated annual staffing costs and operating costs are \$37.5 million when fully operational. It is anticipated the full operation of this facility will be phased in over a period of time depending on availability of funding and will be included within the Sheriff Department's budget allocation.</p>	<p>\$127.5 million</p>	<p>\$11.0 million</p>
<p>County buildings Acquisition and Retrofit Project As part of the adoption of the CIP budget for 2011-12, the Board allocated one-time discretionary general funding of \$30.0 million to acquire and complete tenant improvements to existing buildings and to complete the seismic retrofit and modernization of certain existing buildings in San Bernardino. Additional funding of \$10.0 million was added in 2012-13 to meet the anticipated need to acquire additional square footage and to include furniture, fixtures and equipment in the budget which were previously planned to be funded by department occupants. Approximately \$1.7 million was also transferred from existing CIP projects into the County Buildings Acquisition and Retrofit Project bringing the total to \$41.7 million funded to date. The 2013-14 recommended budget includes the addition of \$4.5 million to acquire additional office space near the Victorville Courthouse to locate general funded departments currently in leased space. The estimated total cost of the project is \$49.8 million for San Bernardino and \$4.5 million for Victorville for a total of \$54.3 million. The amount that is not currently funded is approximately \$8.1 million. It is anticipated that \$4.1 million will be funded from the annual base allocation for the CIP over the next three to four years (the project duration in San Bernardino) and \$4.0 million has been set-aside in the County's general fund contingencies. Activities during 2012-13 included the acquisition of a 106,000 square foot existing office building and 4.3 acres of land for additional parking at 268 W. Hospitality Lane in San Bernardino. Space programs and restacking plans were also completed for 13 departments in approximately 500,000 square feet of existing space, and planning for County Government Center campus improvements, building exteriors and seismic retrofits, and parking studies are currently underway. Additional acquisition of space is under consideration for the project in 2013-14. The estimated operations and maintenance cost for approximately 150,000 square feet of additional space is \$1,080,000 annually.</p> <p>*Budgets of \$41,525,018 were distributed to individual building remodel projects. Current carryover balances for those building projects are \$33,330,781.</p>	<p>\$54.3 million</p>	<p>\$4.65 million*</p>

FIVE-YEAR CAPITAL IMPROVEMENT PROGRAM PLAN

The Five-Year CIP is reviewed annually and revised based on current circumstances and opportunities and considers historic requirements and expenditures for capital projects. While the Five-Year CIP does not appropriate funds, it does serve as a budgeting tool to set priorities, identify needed capital projects, estimate capital requirements, and coordinate financing and timing. It identifies projects for annual funding, focuses resources in program areas, and supports the County Goals and Objectives. It also identifies project impacts on future operating budgets, including additional staffing, maintenance, and other recurring operational expenditures that require ongoing funding and must be considered in the planning and approval of new projects.

The current general fund annual allocation for CIP projects is \$12.0 million and the focus is on maintenance. That funding has been programmed over the next five years and is summarized on Exhibit E – 2013-14 through 2017-18 Five-Year Capital Improvement Program and includes capital expenditures of \$60.0 million.

THE LAST FIVE YEARS

Over the past five years, the Board of Supervisors has allocated \$293.6 million in general fund contributions for the CIP. The following chart indicates how those resources have been allocated by project type:

1991 Realignment: In 1991-92, the state approved the Health and Welfare Realignment Program that involves a shift of program responsibilities from the state to the counties. This shift is funded through a corresponding shift of dedicated Sales Tax and Vehicle License Fee revenue.

2011 Realignment: In 2011-12, the state approved AB 109, the Public Safety Realignment Act, which shifted custodial responsibility of non-violent, non-sex, and non-sex-against-children ('Triple-Nons') offenders to local jails. In addition, the parole function of the state was delegated to County Probation departments. In conjunction with Public Safety Realignment, the state also shifted full financial burden of many social service and mental health programs to the County. While the state no longer shares in the cost, it has dedicated a portion of the state sales tax (1.0625%) revenue along with a portion of vehicle license fees for these realigned programs.

AB 109: Assembly Bill 109, the Public Safety Realignment Act, signed April 4, 2011, transfers responsibility for housing/supervising inmate and parolee populations classified as "low-level" offenders from the California Department of Corrections and Rehabilitation (CDCR) to counties effective October 1, 2011.

ABx1 26: Assembly Bill x1 26, the Dissolution Act, signed June 29, 2011, mandates the elimination of every redevelopment agency in California effective February 1, 2012, and mandates all unobligated funds be distributed to the appropriate taxing entities.

Accrual: An accrual is an accounting entry that recognizes revenue when earned and expenses when incurred. An accrual is made at the end of the fiscal year to ensure revenue and expenses are recorded in the appropriate fiscal year.

Activity: A component within a fund; usually a specific line of work performed to accomplish a function for which a governmental unit is responsible.

Adopted Budget: The original spending plan at the beginning of the fiscal year, typically adopted by the Board of Supervisors in June for the upcoming fiscal year. It may vary from the Recommended Budget.

Amortization: The process of gradually extinguishing an asset on the books.

Appropriation: An appropriation is the amount of authority to spend less reimbursements. It represents the authorization for the County to make expenditures/incur obligations for a specified purpose and period of time.

ARRA: ARRA is an acronym used for American Recovery and Reinvestment Act of 2009, also known as Economic Stimulus Funds. The three immediate goals of ARRA are to create new jobs and save existing ones, spur economic activity and invest in long-term growth, and foster unprecedented levels of accountability and transparency in government spending.

Balanced Budget: Total sources, including carry-over fund balances, equals the total requirements and reserves.

Budgeted Staffing: The number of positions (headcount) funded in a budget unit.

Budget Unit: An organizational component which is represented by the combination of a fund and department into one unit for purposes of budgeting.

Capital Expenditures: An asset of a long-term character such as land, buildings, furniture, and other equipment costing \$5,000 or more and having a useful life of one year or more. Additionally, computer software is capitalized if the value is \$100,000 or greater.

Capital Project Funds: Capital Project Funds are used to account for financial resources designated for the acquisition or construction of major capital facilities other than those financed by Enterprise and Internal Service Funds.

Central Services: The Central Services expense category, replaces Central Computer and was set up beginning fiscal year 2010-11 to allocate both the Information Services and Facilities Management Departments' associated charges.

- Information Services Department computer charges are Countywide costs for computer infrastructure such as email, wide area network, payroll processing, and software/hardware staff support. Each department's Central Computer budget amount is estimated at the beginning of the fiscal year by the Information Services Department and is billed based on that estimate.
- Facilities Management Department charges are for basic services provided to departments including grounds, custodial, and maintenance. Each department's budget amount for grounds, custodial, and maintenance is based on an annual average cost per square foot.

Contingencies: An amount set aside within a budget for unforeseen expenditure requirements. Board action must be taken to spend contingency funds and a 4/5 vote is required for approval.

COWCAP: COWCAP is an acronym for County Wide Cost Allocation Plan. It is the method by which indirect support costs for services such as Human Resources, Payroll, Purchasing, etc. are allocated to departments. It is prepared annually by the County Auditor-Controller/Treasurer/Tax Collector in accordance with 2 Code of Federal Regulations (CFR) Part 225, which is the guideline for state and federal reimbursements for indirect costs.

Department: An organizational unit used by County management to group programs of a like nature. In terms of financial structure, departments may have multiple funding sources, i.e. general fund, special revenue fund, etc. that are based on specified uses. The combinations of the various funds are consolidated at the department level.

Depreciation: The recording of expiration in the service life of fixed assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy, and obsolescence.

Deficit: Insufficient sources to fully fund expenditures and other disbursements during a fiscal year.

Discretionary General Funding: Describes the overall process of administering net county cost, which is the amount contributed by the County general fund from its discretionary revenue sources to fund the activities of a department.

Discretionary Revenue: Revenue not legally designated for a specific purpose or program that can be appropriated at the discretion of the Board of Supervisors.

Employee Health and Productivity Program (EHaP): A modified duty/return to work program that utilizes specialized nurses to obtain effective and timely treatment for injured or ill employees. Overall goals are to return the employee to the workplace as soon as possible and to increase the health and productivity of employees through health promotion and risk reduction programs.

Encumbrance: An encumbrance is not an expenditure or a liability but merely a reserve of appropriation in a given fiscal year for a specific expenditure.

Enterprise Funds: Enterprise Funds are established to account for operations that are funded and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be funded or recovered primarily through operational revenues.

Expenditure: Decreases in net financial resources. An expenditure includes current operating expenses that require the present or future use of resources.

Final Budget: A budget unit's adopted spending plan and financing, including all mid-year adjustments through the fourth quarter.

Fiscal Year: The County's twelve-month accounting period (July 1 through the following June 30), which varies from the calendar year and the federal fiscal year.

Function: A group of related activities aimed at accomplishing a major service for which a governmental unit is responsible. This designation is specified by the State Controller. For example: "Public Protection" is the function of the Sheriff/Coroner/Public Administrator Department.

Fund: A legal unit that provides for the segregation of moneys or other resources in the County treasury for specific activities or obligations in accordance with specific restrictions or limitations. A separate set of accounts must be maintained for each fund to show its assets, liabilities, reserves, and fund balance, as well as its income and expenditures. The assets of a fund may also be placed into separate accounts to provide for limitations on specific fund income or expenditures.

Fund Balance: An amount comprised of accumulated excess or deficiency of revenues less expenditures of a fund, including the cancellation of prior year encumbrances. This is measured at the end of each fiscal year. Fund balance may be used in the budget unit for the upcoming year as a funding source for one-time projects or services.

Fund Balance Classifications: Beginning in 2010-11, GASB 54 requires that financial statements for governmental funds classify fund balance in one of the following five components:

- Nonspendable fund balance – assets that will never convert to cash, or will not convert soon enough to affect the current period, or resources that must be maintained intact pursuant to legal or contractual requirements;
- Restricted fund balance – resources that are subject to externally enforceable limitations imposed by creditors, grantors, contributors, or laws and regulations of other governments, constitutional provision, or enabling legislation;
- Committed fund balance – resources that are constrained by self-imposed limitations set in place prior to the end of the period by the highest level of decision making, and remain binding unless removed in the same manner;
- Assigned fund balance – resources that are limited resulting from an intended use established by either the highest level of decision making, or the official or body designated for that purpose;
- Unassigned fund balance – residual net resources that cannot be classified in one of the other four categories.

GASB 34: Governmental Accounting Standards Board (GASB), Statement 34 establishes requirements for the annual financial reports of state and local governments. The goal is to make annual reports easier to understand and more useful to people who use governmental financial information to make decisions. There are many components of GASB 34, but as it relates to the budget, it is primarily composed of how services provided between County budget units are accounted for. GASB 34 specifies how payments for services should be accounted for (either as reimbursements or as departmental revenues). All transactions between departments within the same fund (i.e. general fund) are budgeted as reimbursements. While the net impact is zero, reclassifications between these two categories cause inconsistencies when comparing year-to-year budgets by specific expense or revenue categories.

GASB 51: Governmental Accounting Standards Board (GASB), Statement 51 establishes requirements for the annual financial reports of state and local governments. The objective of this statement is to enhance the comparability of the accounting and financial reporting of intangible assets among state and local governments, and requires that all intangible assets not specifically excluded by its scope provisions be classified as capital assets.

GASB 54: Governmental Accounting Standards Board (GASB), Statement 54 establishes requirements for the annual financial reports of state and local governments to be implemented for periods beginning after June 15, 2010. The objective of this statement is to enhance the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing governmental fund type definitions. The main components of GASB 54 and how they relate to budget primarily consists of replacing existing fund balance classifications (reserved and unreserved) with new classifications (nonspendable, restricted, committed, assigned, and unassigned) that observe the constraints imposed upon the

use of the resources reported in governmental funds. In addition, special revenue fund type was clarified and affects the activities required to be reported in that fund type.

General Fund: The General Fund is the predominate fund for funding County programs.

Geographic Information System (GIS): A geographic information system integrates hardware, software, and data for capturing, managing, analyzing, and displaying all forms of geographically referenced information.

Governmental Funds: Governmental funds consist of the general fund, special revenue funds, capital projects funds and debt service funds.

Grants: A contribution by a government or other organization to support a particular function. Grants may be classified as either operational or capital, depending upon the grantee.

Headcount: Actual number of individuals carried in a budget unit's payroll, as opposed to the equivalent number computed from wages budgeted.

Internal Service Funds (ISF): Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the governmental unit on a cost reimbursement basis.

Limited Term: A position designation for non-regular positions, consisting of contract, extra-help, or recurrent position types.

Mandate: A program that meets constitutional, statutory or court-ordered requirements from either federal or state entities.

Memorandum of Understanding (MOU): For budget purposes, the MOU refers to a negotiated and approved labor agreement between the County and an employee labor organization or group that details the salary, benefits, and other conditions of employment.

Mid-Year Adjustments: Board approved budget changes subsequent to adoption.

Mission: A clear, concise statement of purpose for the entire department. The mission focuses on the broad, yet distinct, results the department will achieve for its customers.

Modified Budget: A budget unit's adopted spending plan and financing, including any mid-year adjustments through the second quarter.

Net Budget: Represents the total change in a proprietary fund's net assets excluding depreciation in a given fiscal year.

Net County Cost: Net county cost (or discretionary general funding) is the amount contributed to County general fund departments from discretionary revenue sources to fund the activities of a department.

Operating Expenses: A category of expenditures within a budget unit for all standard costs of daily operations, including such items as office supplies, training, contractual services, and travel.

Operating Transfers In/Out: A method of providing financing from one budget unit to another for the implementation of a project or program.

Performance Measure: An ongoing, quantitative indicator of resources consumed, workload, productivity, efficiency, and effectiveness. Performance measures should relate to objectives and allow for measurement of the same thing over time.

Position: A specific employment, whether occupied or vacant, involving duties requiring the services of one person. A position whether full or part-time is reflected as 1 in budgeted staffing amounts.

Proposition 172 (Prop 172): A permanent extension of a half-cent Local Public Safety Sales Tax approved by California voters on November 2, 1993. Proceeds of this sales tax must be dedicated to public safety.

Proprietary Funds: Classification used to account for a government's ongoing organizations and activities that are similar to those often found in the private sector (i.e., enterprise and internal service funds).

Public Service Employee (PSE): PSEs are employees assigned to entry-level positions in a variety of fields and occupations for a limited duration. They are not full-time, regular County employees. PSEs are subject to an expedited recruiting process to accommodate additional workload or to manage one-time special projects. They do not receive the full range of benefits or have the civil service status of regular County employees.

Recommended Budget: A recommended budget is the working document of the fiscal year under discussion.

Redevelopment Agency: In 1951 the California Redevelopment Law (CRL) was enacted, which gave California cities and counties the authority to create redevelopment agencies. The CRL provided the local redevelopment agencies powerful local tools to eliminate urban decay, apply for grants, create jobs, build community facilities and infrastructure and attract economic reinvestment. Eventually, the CRL was expanded to assist in the creation of low and moderate income housing. A redevelopment agency, a separate legal entity, was responsible for the implementation of the CRL for the local communities. A redevelopment agency had the ability to create project areas, to purchase and assemble development sites, build infrastructure, construct deed-restricted affordable housing, and issue debt. An agency paid for these improvements through the utilization of tax increment financing. Redevelopment agencies and tax increment financing were eliminated by the state effective February 1, 2012.

Reimbursements: Amount received as payment of the cost of work, or service performed, or of other expenditures made, for or on behalf of another governmental unit or department. Reimbursements represent the recovery of expenditures and are considered a source.

Requirements: A department's appropriation or authority to spend plus department's budgeted operating transfers out.

Restricted Funds: Restricted funds consist of two restricted funding sources – Prop 172, 1991 Realignment and 2011 Realignment. Prop 172 revenue assists in funding the Sheriff/Coroner/Public Administrator, District Attorney, and Probation departments. 1991 Realignment assists in funding mental health, social services, and health programs within the County. 2011 Realignment assists in funding public safety, mental health, social services, and health programs within the County.

Revenue: The addition of cash or other current assets to governmental funds (receipts) which do not increase any liability or reserve and do not represent the recovery of an expenditure, i.e., reimbursements. Generally, revenue is derived from taxes, licenses and fees, or investment earnings. Revenues are deposited in a budget unit for future appropriation.

Retirement Incentive Program (RIP): A program offered to County employees in 2008-09 to obtain personnel cost savings in a manner that minimized the financial impact to the County. County employees retiring by June 30, 2009 were made eligible to receive \$250 for each completed quarter of continuous County service, payable annually over five years. As part of the RIP, it was expected that the resulting vacated positions would not be filled for a period of five years (although some exceptions applied) and that payment would be suspended if the participating employee returned to work for the County in any capacity.

SB 90 State-Mandated Local Program: State reimbursements to local governments for the cost of activities required by State legislative and executive acts.

Set-Aside Contingency: A contingency made up from available balances materializing throughout one or more fiscal years which are not required to support disbursements of a legal or emergency nature and are held (set-aside) for future funding requirements.

Sources: Amount of funding available to departments such as revenue, reimbursements, operating transfers in, fund balance and reserves.

Special Revenue Funds: Special Revenue Funds are used to account for the proceeds of specific sources of revenue whereby the use of such revenue is restricted by law for particular functions or activities of government. State Government Code Section 29009 requires that the entire unreserved fund balance must be appropriated each year. The amount not expended is carried over to the subsequent year's budget.

Staffing Expenses: A category of expenditures within a budget unit for all costs related to employees including salary, retirement, employee benefits and workers compensation insurance.

Step Increases: An employee, based upon the completion of the required service hours in their classification, satisfactory work performance, and appointing authority recommendation, may receive step advancements. Step advancements within the base salary range shall be based on one (1) or two (2) step increments depending on hire date and bargaining unit. Each increment is 2.5%.

Structurally Balanced Budget: The annual operating budget will be structurally balanced upon adoption of the Board of Supervisors. One-time sources will not be spent on ongoing expenditures.

Successor Agency: A separate public entity from the public agency that had formed the former redevelopment agency. Its purpose is to expeditiously wind down the affairs of the former redevelopment agency pursuant to ABx1 26 and AB 1484 and in accordance with the direction of the oversight board. The primary task of the Agency is to continue to make payments due from its enforceable obligations.

Total Expenditure Authority: The authorized expenditure limit for a budget unit for the current fiscal year.

Transfers: The movement of resources from one budget unit to another usually for payment of services received.

Trend: A documented recurrence of a measurable event or circumstance over time that is increasing, decreasing or even staying the same.

Unrestricted Net Assets: That portion of net assets that is neither restricted nor invested in capital assets (net of related debt).
