MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Operating expense of \$4.5 million includes licensing and maintenance of the annual registry and provider health benefits databases, provider and staff training, provider background investigations and fingerprinting, County overhead charges (COWCAP) and payments for provider health benefits.

Contingencies of \$1.4 million represent the amount of fund balance required to be set aside to guarantee appropriate cash flow due to retroactive reimbursements from federal and state funding sources.

Operating transfers out of \$975,000 represents the match for the Public Authority administration and health benefits now paid to the state as part of the new Maintenance of Effort structure.

State, federal or government aid revenue of \$5.6 million represents the federal and state mandated share of Public Authority expenditures.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses is decreasing by \$77,747 as a result of deleting 2 vacant positions. Operating expenses is decreasing by \$61,950 primarily in budgeted computer hardware reductions.

Realignment revenue is increasing by \$975,000 due to revenue being recorded within this budget unit and then directly transferred to the HS Administrative claim to pay the match required by the state. Other revenue decreased by \$898,722, this is where the match was previously recorded. Because the match is paid separately to the state, the increased state and federal revenue represents now 100% reimbursement of claimed expenditures back to the Department.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$1.2 million fund 19 budgeted contract positions, 2 vacant contract positions are being deleted. The 2013-14 recommended budget includes the reclassification of an Administrative Supervisor I to an Administrative Supervisor II.

MAJOR EXPENDITURES AND REVENUE IN 2013-14 RECOMMENDED BUDGET

Operating expenses of \$94 represent costs associated with maintaining the Economic and Community Development Corporation open. If a decision is made to issue bonds or to expand the existing services the budget would be modified to increase operating expenses for costs associated with the issuance of bonds, the expanded services and/or other related costs. The increase in operating expenses would be offset by a budget adjustment for the anticipated revenue.

BUDGET CHANGES AND OPERATIONAL IMPACT

Since no bonds are planned to be issued due to low market interest rates, total requirements reflect the available fund balance and other revenue anticipated in 2013-14.

STAFFING CHANGES AND OPERATIONAL IMPACT
