

SAN BERNARDINO
COUNTY

2018-2019
EXECUTIVE SUMMARY &
RECOMMENDED

BUDGET

County Administrative Office

May 22, 2018

It is my pleasure to submit the 2018-19 Recommended Budget. This recommended budget demonstrates a commitment to the Countywide Vision and the County's Goals and Objectives set by the Board of Supervisors.

The 2018-19 Recommended Budget funds the increasing costs to maintain current service levels. This is due to negotiated salary increases and increases in retirement costs, insurance costs, and costs to run State-mandated programs. In addition, the County continues to be both directly and indirectly exposed to fiscal impacts resulting from actions at the state level. Changes in the In-Home Supportive Services Maintenance of Effort (IHSS MOE) and increased costs in the State's Foster Care Program are projected to require an additional \$60.8 million of Discretionary General Funding during the upcoming five-year period. As a result, the 2018-19 Recommended Budget allocates funding strategically to maintain flexibility, and to address future costs.

The 2018-19 Recommended Budget of \$6.2 billion is balanced and consistent with policy direction received from the Board of Supervisors. The 2018-19 Recommended Budget addresses the following key issues:

- Funds increased costs to maintain current service levels.
- Allocates limited amounts of one-time and ongoing funding to high-priority needs across the County.
- Sets aside ongoing funds in contingencies to mitigate future estimated costs and potential impacts from the state.
- Maintains fiscal responsibility through contributions to reserves of \$34.3 million.

The 2018-19 Recommended Budget includes Requirements of \$6.2 billion, which is a net increase of \$195.7 million or 3.24% compared to the 2017-18 Modified Budget. This budget book presents the County General Fund and County restricted general funds. It also presents capital project funds, special revenue funds, enterprise funds, internal service funds and permanent funds for all entities in the 2018-19 Recommended Budget book including the County, Board Governed County Service Areas, San Bernardino County Fire Protection District, San Bernardino County Flood Control District, Big Bear Valley Recreation and Park District, and Bloomington Recreation and Park District. Other agencies presented in this budget book include the County Industrial Development Authority, the Economic and Community Development Corporation, In-Home Supportive Services Public Authority, Inland Counties Emergency Medical Agency, and the Housing Authority of the County of San Bernardino.

The total requirements for all entities in 2018-19 is \$6.2 billion, which includes amounts budgeted as Contingencies and Contributions to Reserves/Net Position.

The General Fund makes up \$3.2 billion of the \$6.2 billion Recommended Budget amount. General Fund requirements are funded with Countywide discretionary revenues (primarily property taxes), departmental revenues, and other funding sources of the General Fund. Of this \$3.2 billion, only \$587.8 million is truly discretionary.

Summary by Group (In Millions)

The following table illustrates budgeted expenditures by budget group and changes from the 2017-18 Modified Budget. Requirements discussed in this section include Contributions to Reserves/Net Position.

	Fiscal Year 2017-18 Modified Budget	Fiscal Year 2018-19 Recommended Budget	Change From Prior Year Modified
<u>County Operations:</u>			
Administration	346.8	372.6	25.8
Capital Facilities Leases	7.3	7.3	0.0
Economic Development Agency	34.1	34.3	0.2
Community Development and Housing Agency	60.5	52.6	(7.9)
Fiscal	72.4	80.2	7.8
Arrowhead Regional Medical Center	612.8	684.9	72.1
Human Services	2,039.6	2,081.8	42.2
Law and Justice	1,000.3	1,063.5	63.2
Operations and Community Services	391.3	464.3	73.0
Capital Improvement Program	315.2	303.6	(11.6)
Other Funding	343.1	237.4	(105.7)
Subtotal:	5,223.4	5,382.5	159.1
<u>Special Districts/Other Agencies Operations:</u>			
Special Districts Department/Airports Spec. Dist.	92.5	93.8	1.3
Fire Protection District	259.2	277.5	18.3
Flood Control District	118.1	122.8	4.7
Other Agencies	339.5	351.8	12.3
Subtotal:	809.3	845.9	36.6
Total:	6,032.7	6,228.4	195.7

Notable changes by group include increases within Arrowhead Regional Medical Center (\$72.1 million) and the Operations and Community Services Group (\$73.0 million).

Requirements for **Arrowhead Regional Medical Center (ARMC)** are increasing by \$72.1 million, which represents an 11.8% increase over the prior year. Increases primarily include changes in staffing expenses related to the net addition of 39 positions, negotiated salary increases, retirement cost increases and replacing limited term positions with regular positions. Increases also include \$34.0 million in new Capital Improvement projects, including \$26.1 million for the construction of a parking structure.

Requirements of the **Operations and Community Services Group** are increasing \$73.0 million, which represents an 18.7% increase from the 2017-18 Modified Budget. Notable increases include \$36.4 million in the Department of Public Work's Solid Waste Division, which reflects an increase of \$25.8 million to fund several expansion projects, and an increase of \$10.3 million primarily due to an increase in professional services in support of expansion plans and payments to host cities related to additional tonnage. In addition, there is an increase of

\$29.8 million in Public Works – Transportation (all units) primarily due to increased expenses for projects carried over from 2017-18, new projects planned for construction, and an increase in expenditures to fund the replacement of heavy equipment and right-of-way for capital projects.

Other increases include a \$63.2 million increase in the **Law and Justice Group** that reflects increases in staffing and insurance costs. Increases in staffing costs are primarily the result of negotiated increases to salaries and benefits, and increases in retirement costs in the Sheriff’s Department, Probation Department and District Attorney.

Lastly, the **Human Services Group** is increasing by \$42.2 million due to increased staffing costs and an increased demand for services including contracted treatment and recovery services in the Department of Behavioral Health, direct payments of benefits to clients and contracted payments to service providers in the Human Services Subsistence budget units, and IHSS provider payments in the Human Services Administrative Claim.

These increases are offset by a net decrease of \$105.7 million in the Other Funding group that primarily represents decreases in the Countywide Discretionary Fund (\$34.6 million) which reflects a decrease in transfers to the capital improvement program, and a decrease in General Fund Contributions to Reserves (\$96.3 million). This is partially offset by an increase in General Fund Contingencies (\$39.1 million).

Budgeted Staffing Summary

	Budgeted Staffing		Change
	2017-18 Modified	2018-19 Recommended	
County General Fund	14,468	14,553	85
County - Other Funds	6,905	6,903	(2)
Special Districts and Other Agencies	1,627	1,624	(3)
	<u>23,000</u>	<u>23,080</u>	<u>80</u>

Budgeted staffing for 2018-19 is 23,080, an increase of 80 positions from the 2017-18 Modified Budget. General Fund staffing is increasing by a net 85 positions primarily due an increase of 135 positions in the Law and Justice General Fund departments. This includes 122 positions in the Sheriff’s Department which primarily reflects the addition of 90 Deputy Sheriff Trainee positions to increase the capacity of the training academy program, and 15 Deputy Sheriffs to meet the requirements of additional recreational time for inmates and increased security in housing units. The District Attorney is adding 25 positions that will improve security, enhance prosecution of crimes and improve compliance with legal mandates.

These increases are offset by a decrease in the Human Services General Fund departments including a reduction of positions in the Human Services Administrative Claim primarily due to reductions in CalWORKs funding (170), and a reduction in state and federal funding for IHSS administration (41), offset by the addition of 89 positions in Children and Family Services to reduce caseloads and overtime, and minor increases in Behavioral Health (31 – All general fund units) and Public Health (34, all general fund units).

Staffing in Other County Funds are decreasing slightly, due to reductions in Special Districts (3) and Other Agencies (2).

HIGHLIGHTS OF 2018-19 RECOMMENDED BUDGET

Following are highlights of programmatic and budgetary proposals included in the Recommended Budget as they relate to the County Goals.

Implement the Countywide Vision

- With support from the County, the Countywide Vision Education Element Group is continuing to facilitate the award-winning Vision2Read initiative, which seeks to raise the bar for literacy in our community by connecting the public, whether they need help or can offer their help, to existing literacy programs provided by the County, cities, towns, school districts and community organizations. Launched in 2015-16, Vision2Read is an opportunity for all sectors and members of the San Bernardino County community to engage and take action to support the success of every child from cradle to career, which is one of the regional implementation goals of the Countywide Vision Project.
- In support of Vision2Read, Preschool Services Department (PSD) partnered with County Superintendent of Schools (SBCSS), First Five San Bernardino, and Children's Fund to launch Footsteps2Brilliance, an early learning mobile technology platform that helps children become proficient readers by 3rd grade. Launched in 2016-17, this program is designed to accelerate student achievement and empower parents by giving them computer and mobile device access to easy-to-use web-based tools to augment their children's learning. The tool is available to all children ages 0-5 residing in our county and since the launch they have read 54,688,921 words, written 38,814 books, and read 207,480 books at a 75.82% comprehension rate. Footsteps2Brilliance will continue to be utilized in 2018-19 and ongoing literacy growth will be measured.
- The Community Vital Signs initiative (CVS), a community-driven effort to establish a countywide health improvement framework, continues to work on the implementation and evaluation of the four priority areas of the Community Transformation Plan (CTP): Education, Economy, Access to Health, and Safety. In 2018-19, CVS will continue to work with community partners to implement activities within each priority area Implementation Action Plan, actively market the CVS Open Performance Site, and begin the update of the 2013 Community Health Assessment to provide multi-dimensional context to several of the issues affecting the community's health.
- With support from Public Health, CVS will continue to facilitate the Vision2BActive initiative, which aims to improve health and wellness in San Bernardino County by encouraging residents to increase their physical activity, and connecting them to existing recreational programs, amenities and activities in their communities. Regular physical activity can produce a variety of long-term health benefits for people of all ages, backgrounds and abilities. Launched in January 2017, Vision2BActive seeks to inspire people, in part, by bringing together family, friends and neighbors on social media to share their favorite ways of being physically active and to challenge each other to do more.

Create, Maintain, and Grow Jobs and Economic Value in the County

- With a track record of increasingly successful regional shows, the Purchasing Department will host the 2018 Vendor Show in October at the Ontario Convention Center. Fifty public agencies and more than 200 companies attend, with a common goal of connecting vendors with decision makers and buyers of a wide variety of products and services. The Purchasing Department also

partners with Workforce Development to reach out to local businesses by hosting mini-shows such as the High Desert Vendor Show held in January 2018.

- The Workforce Development Department budget includes \$14.4 million for training and employment services programs projected to serve 65,000 customers. Services offered include career counseling, job placement, and youth and adult employment training. The Workforce Development Department offers resources to more than 240 businesses to help them grow and avert potential layoffs.
- The Department of Economic Development's budget focuses on economic development, job creation and tourism activities serving 4,800 businesses and individuals in the San Bernardino County area. Services include business retention and expansion, developing strong local, regional, and national business relationships, thereby supporting the local economy through maximizing job creation and tourism opportunities.
- The Department of Economic Development's budget includes \$260,000 to support a new education initiative in partnership with Workforce Development by introducing youth to career pathways and work-based learning opportunities. Funding will provide education and training to prepare students for high-demand and high-opportunity careers.

Improve County Government Operations

- The Real Estate Services Department – Facilities Management Division (FMD) continues to develop ways to improve operations at County facilities, including:
 - HVAC preventative maintenance and repair services to the Glen Helen Correctional Facility. Using internal mechanic staff will represent an economy of scale and cost savings over using a vendor contract for services at this facility.
 - Implementation of a new software module to track the inventory used for all repairs. This will ensure less shrinkage, improved inventory carrying costs and a simpler process for performing cycle counts and physical inventories.
 - Support for water-saving efforts by utilizing smart clocks to control irrigation sprinklers on an expanded number of properties throughout the County. These App driven devices can be remotely altered enabling irrigation to be postponed in the event of unanticipated storms. These will save the County time, water and money.
- The Housing Authority of the County of San Bernardino (HACSB) plans to complete the conversion of its housing software system to a cloud based system. This system will include online functionality for both staff and customers, to include online applications and resident/landlord portals, which will provide our families and landlords with greater customer service.
- The Purchasing Department is improving operations that provide service to departments and constituents. Surplus Property and Storage is investing in warehousing improvements and recycling initiatives, Mail Services is adding automated mailing services that shorten preparation time for mailings to consumers of County services, and Printing Services is deploying technology in the form of an electronic storefront for County departments to order and expedite their printing needs.
- The budget includes phases two and three of the Enterprise Financial System Management implementation. These phases include Fixed Assets, Inventory Management, Budget Preparation,

- and bidding and vendor registration and management.
- On March 1, 2018 the Behavioral Health Department went “live” with the Drug Medi-Cal-Organized Delivery System (DMC-ODS) waiver, which is a pilot program to test a new paradigm for the organized delivery of health care services for Medi-Cal eligible individuals with substance use disorders (SUD). This program will change the current SUD system from a contract administration program to a specialty managed care program for SUD treatment. This approach is expected to provide the patient with access to the care and interaction needed in order to achieve sustainable recovery, while decreasing other health costs.
 - Public Health continues its efforts to achieve and maintain National Accreditation through the Public Health Accreditation Board (PHAB). Accreditation ensures the department’s continued focus on quality and performance improvement, transparency and accountability to all stakeholders, and the capacity to deliver core Public Health functions. The department achieved a major milestone in Spring of 2018 when it formally submitted more than 340 documents to the PHAB site. During 2018-19, Public Health will begin preparations for the formal site visit expected to occur during the Fall of 2018.
 - Public Health’s electronic health record (EHR) was implemented in December 2017. The EHR promotes higher continuity of service for individuals that seek care or receive services from multiple County departments. It enables the department to securely share patient information with other healthcare providers and hospitals to make more informed decisions, assist in coordination of care, prevent duplication of services and healthcare errors due to unknown medical history. Public Health expects to begin receiving financial incentives from The Centers for Medicare and Medicaid Services for demonstrating a set of objectives and clinical quality measures through the use of its EHR.
 - In support of the EZ-Online Permitting (EZOP or Accela) System upgrade, the Strategic Initiatives Group in the County Administrative Office will continue to assist in facilitating enterprise-wide continuous process improvements relating to land development and building permitting activities with the goal to improve efficiency and customer service levels. This includes the centralized management of trust accounts and electronic payments for permits and development services, management of the EZOP Customer Hotline and EZOP website, and improvement of the customer experience and access to information.
 - The County Library continues its plans to enhance service by replacing outdated computer hardware and software. Funding has been included in their budget to purchase high demand items to enhance their collection of materials, including an expanded digital book collection. In addition, programs continue to be enhanced at 32 locations through engaging events such as large book festivals, summer reading programs, and countywide book reading initiatives.

Operate in a Fiscally-Responsible and Business-like Manner

- Fleet Management continues with the installation of a new fuel information system, which automates county fuel sites and provides vehicle automation devices for improved fuel management and analysis.
- The Clerk of the Board’s budget includes funding for the implementation of a new Enterprise Board Management System which includes agenda management, video streaming, voting,

speaker management, and closed captioning components. The system will include workflow to allow for a seamless review/approval process, electronic voting in the Board Chambers, as well as closed captioning services to ensure compliance with disability access laws.

- The County Museum's budget of \$3.6 million demonstrates the County's commitment to support the Museum's operations and activities. The County Museum continues to partner with the San Bernardino County Museum Association to increase grant funding and individual donations. With these resources, the County Museum continues to implement improvements in programming, operations, and facilities which led to a successful 10 year reaccreditation by the American Alliance of Museums.
- The Human Resources Department facilitated several highly successful one-day hiring events that enabled departments to make multiple on-the-spot job offers in 2017-18. Building on this success, Human Resources will partner with additional departments in 2018-19 to fill vacancies for hard-to-recruit classifications in a continuous effort to improve the recruiting experience.
- The Auditor-Controller/Treasurer/Tax Collector's budget includes the establishment of the SAP Financial Team to provide ongoing Countywide post-implementation production support for the new SAP Enterprise Financial Management System.
- The Assessor/Recorder-County Clerk budget includes \$4.9 million to replace the current outdated Recorder-County Clerk system with an enterprise Land and Vital Records software solution to record, file, and cache documents and their related information. This will improve operations in the Recorder-County Clerk's office when recording documents and maps, and when indexing, verifying, and retrieving documents. This system will also offer more efficient cashiering.

Ensure Development of a Well-Planned, Balanced, and Sustainable County

- The Public Works - Transportation budget includes \$49.2 million worth of pavement improvement projects, funded in part with ongoing Discretionary General Funding, to preserve the County's roadways by investing enough to maintain the system.
- The Public Works - Solid Waste Management Division plans to complete \$57.4 million of capital improvement projects, which includes the following: liner expansions at Mid Valley, San Timoteo, and Victorville Landfills, entrance road and scale house construction at Heaps Peak Transfer Station, groundwater treatment system construction at the Yucaipa Disposal Site, entrance road construction and widening of road at the San Timoteo Landfill, landfill gas extraction system construction at the Landers Landfill, perimeter fencing at the Barstow Landfill and full radio frequency identification (RFID) lane automation at the Victorville Landfill.
- The Public Works – Flood Control District (District) budget includes \$62.7 million in capital improvement projects. The District anticipates completion of the Amethyst Basin and the waterline relocation for Bandicoot Basin. The District also plans to start construction on the following projects: Sand Creek/Warm Creek Confluence, Cactus Basin #4, West Fontana Channel, Santa Ana River Flood Wall Repair, Etiwanda Channel Invert Repair, and West State Street Storm Drain.
- The Public Works - Transportation budget includes more than \$65.1 million in major infrastructure projects, some funded in part with Discretionary General Funding. Budgeted activities include design, right-of-way and/or construction for major projects, including:

- Bridge replacements on: Arrowbear Drive, Glen Helen Parkway, Baker Boulevard, Rock Springs Road, National Trails Highway at Adena Ditch, National Trails Highway at Beacon Ditch, National Trails Highway at Bristol Ditch, National Trails Highway at Cerro Ditch, National Trails Highway at Cerrulia Ditch, National Trails Highway at Gordo Ditch, National Trails Highway at Larissa Ditch, National Trails Highway at Leith Ditch, National Trails Highway at Sombra Ditch, National Trails Highway at Terra Ditch, and Yermo Road.
 - New grade separation and bridge on Shadow Mountain Road.
 - Drainage improvements to Banana Avenue, Lone Pine Canyon Road, and Slover Avenue.
 - Widening and rehabilitation of Ranchero Road and San Bernardino Avenue.
 - Road reconstructions on Beech Avenue, Cedar Avenue, Cherry Avenue, Crafton Avenue, Green Tree Road, Institution Road, and Park Boulevard.
 - Design phase for 42 bridges on the National Trails Highway Bridges Management Plan.
- The Special Districts Department budget includes \$42.9 million for several capital improvement projects including construction of the Big Bear Alpine Zoo relocation, continued rehabilitation of Lake Gregory Dam, design and construction of Snowdrop Road (Rancho Cucamonga area), design and construction of a 3.5 mile water pipeline, pump station, and 75,000 gallon reservoir for County Service Area 70, Zone W-4 (Pioneertown), and various water system improvements for County Service Area 70, Zone CG (Cedar Glen).
- Implementation of the County's upgraded enterprise permitting system, EZ-Online Permitting (EZOP), continues to successfully progress with phase 2 and 3, which will add the Planning, Code Enforcement, and Fire Hazard Abatement divisions to the system. The system includes a shared database, precise digital maps, and satellite images of land data that are linked to the County's GIS database. It also provides field staff with remote real-time access to the database, streamlines permitting processes across various departments in the County, and offers customers and the general public access to a web portal to manage and monitor applications, permits, and development-related information online.
- Land Use Services continues to lead the work on the Countywide Plan, a comprehensive web-based system to document land use planning and organizational governance policies. It will be comprised of three basic components: The Policy Plan (a comprehensive general plan), the County Business Plan (a system that will define and guide how the County government operates and manages itself), and the Regional Issues Forum (a web-based resource center containing information regarding shared Countywide issues). Additionally, the County is updating and expanding the community planning continuum. When completed, there will be more than 40 web-based community action guides involving 75 communities.
- The Department of Airports will be implementing a two-year plan of improvements that address deferred maintenance on items of significant size including signage and way-finding, building needs, and runway surface and marking improvements.
- Regional Parks will begin construction of the Santa Ana River Trail Phase III. This project, slated to begin in January 2019, is funded by a grant of \$3.4 million from the California State Coastal Conservancy. Phase III construction will extend the trail from Waterman Avenue in San Bernardino to California Street in Redlands, adding to the existing seven miles of open trail.

Provide for the Safety, Health and Social Service Needs of County Residents

- The Law and Justice Group, in collaboration with CA Forward's data-driven approach, have expanded the Group's goal of evaluating public safety services through data-driven decision making principles. The Group continues to fund a dedicated Law and Justice Data Analyst to evaluate the effectiveness of County public safety services through the analysis of criminal justice related data. The position seeks to identify and understand problems and their causes, and assist the County in developing baselines and indicators for ongoing management and continuous improvement.
- The Preschool Services Department (PSD) offers an Apprentice Training Program which is a unique program that combines vocational training with on-site mentoring in partnership with the Transitional Assistance Department (TAD). PSD parent participants can choose from the following TAD-recognized Welfare to Work vocation training paths: Center Clerk, Custodian, Food Service Worker, or Teacher Aide.
- The Preschool Services Department (PSD) offers a program focused on increasing the number of Head Start parents who successfully obtain a high school diploma. This program is possible as the result of resources provided through a Memorandum of Understanding (MOU) with San Bernardino County Library and First 5 San Bernardino.
- The Department of Child Support Services (DCSS) has created and implemented a new holistic case management philosophy for staff focused on meeting the needs of both parents. In collaboration with Work Force Development and the Transitional Assistance Department, the department will attempt to help remove barriers like unemployment, underemployment, domestic violence, and homelessness. The primary objective is to move families toward self-sufficiency, resulting in their ability to provide continued reliable and sustainable support for their children.
- DCSS has partnered with County Libraries and implemented "DCSS in Your Neighborhood" offering after-hours services at the Fontana Lewis Library & Technology Center and the Hesperia Library. This increases visibility and accessibility of DCSS services to County residents.
- Community Development & Housing will continue development of the Veterans Village in Loma Linda and Golden Apartments in San Bernardino with completion anticipated in summer 2018 and early 2019, respectively. These projects include 125 affordable housing units and reflect a County investment of \$5.3 million in Home Investment Partnership Act funds, which leveraged \$38.6 million of private investment for a total of \$43.9 million. These new housing units are targeted for seniors, families, veterans, and homeless while undertaking neighborhood and community revitalization.
- Arrowhead Regional Medical Center is pursuing certification as a Level I trauma center in order to provide the highest level of care to trauma patients.
- Through the utilization of grant funding from the California Health Facility Financing Authority and funding from the Mental Health Service Act, the Behavioral Health Department will be opening and operating, through contractors, three new crisis residential facilities and two crisis stabilization facilities to support clients in crisis. These facilities will specialize in providing crisis intervention services to individuals diagnosed with mental health and co-occurring disorders who are experiencing an acute psychiatric episode or crisis that will benefit from short-term stabilization services or residential treatment services as an alternative to hospitalization.

- The Probation Department - Detention Corrections Bureau (DCB) will implement additional programs to address a multitude of individualized needs of the youth in custody. To achieve this goal, the Juvenile Assessment and Intervention System tool used in field services will expand to the Juvenile Detention and Assessment Centers. This will allow programming such as Aggression Replacement Therapy, Focus Teams, Re-entry Preparation, and Drug and Alcohol Services to be individualized to the youth. Additionally, DCB staff are expanding their knowledge with Gang Intervention Training to recognize markings and identifiers to appropriately classify unit housing needs for the youth's safety.
- The District Attorney is adding six positions as part of its Let's End Truancy (LET) program. This will allow prosecutors to increase their collaborative efforts with the courts, school districts, the Probation Department and the Public Defender's office in keeping kids in school, thus combating crime before it starts. This also fits in with the District Attorney's broader Prevention and Intervention Unit framework, which looks to focus on preventative efforts to keep children in school and on a positive pathway, and on early intervention.
- The Inland Counties Emergency Medical Agency continues to improve utilization of EMS systems data to guide evidence-based decision making in the continued evolution of prehospital and hospital emergency medical care. Specifically, ICEMA's budget is enhanced by acquiring multiple data collection service contacts with the State of California including, the Department of Public Health, Emergency Medical Services Authority, Highway Patrol and multiple County EMS Agencies.
- Arrowhead Regional Medical Center continues to expand Primary Care in an effort to increase access to healthcare, while lowering costs by focusing on prevention and reducing emergency room visits.
- Arrowhead Regional Medical Center is implementing the next phase of its campus development plan by moving non-clinical business office staff off-site to make better use of prime real estate for expanded clinical services.
- A reserve of \$2.0 million is established for pilot programs to identify and understand challenges facing the criminal justice system and assist in developing baselines and indicators for ongoing management and continuous improvement; and for Countywide crime suppression aimed to provide additional law enforcement services to deal with increases in crime or enhance existing operations.
- The Sheriff/Coroner/Public Administrator Operations budget includes \$12.0 million of one-time Discretionary General Funding (Net County Cost) to replace two aging and obsolete patrol helicopters including equipment, travel and training for pilots and mechanics, installation of equipment, and delivery charges. This completes the upgrade of the Sheriff's helicopter replacement program which provides a newer and more reliable fleet to provide patrol, search and rescue and other related law enforcement functions.
- The Sheriff/Coroner/Public Administrator Operations budget includes \$630,000 of ongoing Discretionary General Funding (Net County Cost) to provide 9 new Sheriff's Communications Dispatcher I positions to enhance call intake operations at the Sheriff's Communication Center.

This is part of a two-year plan to provide a total of 18 new Sheriff's Communications Dispatcher I positions to the Valley and Desert Dispatch Control Centers.

- The Sheriff/Coroner/Public Administrator Detentions budget includes \$1.6 million of ongoing Discretionary General Funding (Net County Cost) to fund 10 new Deputy Sheriff positions at the West Valley Detention Center. These positions will add two fixed posts to the facility to improve both inmate and officer safety.
- The Children and Family Services (CFS) budget includes additional Discretionary General Funding to fund the local share of 89 new positions. Since 2011-12, CFS's total average open cases has increased 38%, which has driven up caseloads. At the same time, additional mandates from the State, including Safety and Organized Practice and Continuum of Care Reform have further increased workload and expectations. These additional positions will allow CFS to reduce caseloads and reduce overtime.
- The Public Defender, through its Youthful Offender Program, provides juvenile offenders a meaningful opportunity to present relevant evidence and develop a clear record of the mitigating youth-related factors and circumstances affecting the client at the time of the offense.
- Public Defender Social Service Practitioners support at-risk youth and their families, connecting them to appropriate support services to help reduce truancy and address other factors that impact school success.

Pursue County Goals and Objectives by Working with Other Agencies

- The Animal Care and Control Division (ACC) of Public Health has significantly expanded the number of enrolled non-profit organizations that serve as Rescue Group Partners (RGPs) to help rehabilitate and place homeless animals received at County animal shelter facilities, and it is anticipated that the number of RGPs enrolled will increase to more than 500 by the end of 2017-18. The 2018-19 budget includes the addition of an Animal Rescue Coordinator to assist in coordinating and supporting the RGP program. This position will directly coordinate the program with the desired intent of increasing the number of animals that are placed with RGPs and/or private individuals.
- The Land Use Services Department Code Enforcement division will receive a \$600,000 grant from the California Department of Resource Recycling and Recovery in 2018-19 for the Local Government Waste Tire Enforcement Grant Program. In 2017-18, receipt of this grant resulted in Code Enforcement being able to assign full-time staff to inspect every "waste tire generator" in the County, to ensure compliance with regulations pertaining to the proper disposal of waste tires. Waste tires are a significant part of illegally dumped material, so establishing a meaningful regulatory presence is an important part of ensuring greater compliance with the correct disposal of waste tires. With the 2018-19 grant funding, Code Enforcement anticipates being able to increase surveillance operations.

Focus on Recovery and Resiliency Following the December 2, 2015 Terrorist Attack (SB Strong)

- In 2018-19, Public Health will revise its Department Emergency Operations Plan, in consultation with the Department of Behavioral Health, to include a section on “Behavioral Health” to address the critical need for mental health and counseling during times of crisis and emergency.

CHALLENGES IN FISCAL YEAR 2018-19 AND BEYOND

The following fiscal challenges currently impact the 5-year fiscal strategy for the County.

Economic Challenges

The County's 5-Year Financial Forecast covers July 2018 through June 2023 and includes moderate growth of major revenue streams throughout the period. In addition to the topics discussed earlier, the County Administrative Office continues to monitor other outstanding issues including:

- Retirement Changes – Potential for additional reductions in the earnings rate assumptions of the Retirement Board, which would increase retirement costs.
- Demand for Social Services – Human Services is projected to require \$60.8 million in additional Discretionary Funding over the five-year period. These increases are primarily associated with changes to the IHSS MOE and Foster Care Program. In addition to impacts driven by changes to program funding and administration, it is reasonable to expect caseload growth in social service programs as a result of an aging population.
- Potential of a recession – By the end of the 2018-19 fiscal year the current economic expansion will match the longest expansion in history. While the current five-year forecast does not explicitly build in a recession, revenue growth is projected conservatively in order to account for the potential impact of a weakening economy in the forecast.
- Capital Improvement and Safety and Security Needs will require continued investments. The County is completing a review of its Capital Improvement needs as they relate to building improvements, replacements and security enhancements. Costs associated with this review will be discussed in future planning sessions with the Board of Supervisors.

State Budget

On May 11, 2018, Governor Brown released his May Revision to the January Budget proposal for the 2018-19 fiscal year. New spending priorities are primarily one-time in nature and include \$2 billion for infrastructure investments, \$359 million in homeless assistance programs for local governments, \$312 million for mental health services, and an additional \$96 million in Cap & Trade revenue. These investments are made possible through tax revenues exceeding expectations by \$3.8 billion since January estimates, pushing the total budget surplus to \$8.8 billion. A \$3.5 billion supplemental payment is proposed to be deposited into the Rainy Day Fund, fully funding it at \$13.8 billion. In addition, the May Revision would direct \$3.2 billion to the traditional budget reserve fund, tripling its historical size.

- For Human Services, The May Revision includes \$806 million in state general fund contributions over the next four years to mitigate the \$735.7 million cost shift to counties in year two and future years due to the discontinuance of the five year county maintenance of effort (MOE) for the In-Home Supportive Services (IHSS) program. The breakdown is as follows: \$317.2 million General Fund in 2018-19; \$194.1 million in 2019-20; \$144.2 million in 2020-21 and \$150 million in 2021-22 and ongoing. Also in year two, an additional \$424 million is available through redirected and accelerated realignment (VLF/sales tax) revenue to offset these additional costs.

Sales Tax Volatility

Historically, counties have been funded by relatively stable property taxes. The realignment of many state services has made counties increasingly dependent on sales tax revenue. As a result, the portion of requirements funded primarily with sales tax now represents 14.4% of the County budget and includes 1991 and 2011 Realignment revenues (\$749.8 million), County sales tax (\$20.8 million) and Proposition 172 Half Cent Sales taxes (\$192.0 million). While sales taxes are projected to experience a modest increase in 2018-19, they tend to be much more volatile and quicker to react to changes in the economy, resulting in a higher risk of funding losses in future years.

Retirement Costs

Retirement costs are increasing in 2018-19 as a result of the Retirement Board's actuarial changes that reduced the assumed rate of return from 7.5% to 7.25% and increased life expectancy assumptions. Included in the 5-year forecast is a pension cost smoothing plan that will require approximately \$19.3 million of one-time funds to generate approximately \$7.0 million of available ongoing discretionary revenue. The County Administrative Office anticipates reaching the peak in retirement cost rates during the 5-year forecast period and this smoothing plan allocates one-time funds to address the peak in costs rather than allocating ongoing funds. It is anticipated that the County will begin to see a net savings in retirement costs beginning in 2022-23 as a result of the final payment on its 1995 Pension Obligation Bonds in 2021-22.

Although forecasting a peak in costs during the 5-year period, the County can expect to see increasing retirement cost volatility due to the increasing size of the pension fund and the continuing demographic shift toward a higher retiree-to-active member ratio as the system matures. Additionally, it is possible that the Retirement Board will again consider reducing the assumed rate of return, from 7.25% to either 7.0% or 6.75%, during its next scheduled experience study. This would impact the County in 2021-22 and would cost approximately \$8.0 million in additional Discretionary General Funding for every quarter percent reduction in the assumed rate of return. The County Administrative Office and the Retirement Association have an active dialog about monitoring, measuring, and mitigating potential risks as they arise within the pension system.

CONCLUSION

The County fiscal plan as developed by the County Administrative Office is balanced, funds substantial costs to maintain services, and allocates both one-time and ongoing funding for high priority County needs, leaving capacity to fund future estimated costs. This budget, which is consistent with the Board's policy direction, continues to pursue achievement of the Goals and Objectives adopted by the Board, while providing for the service needs of the County.

CONTENTS OF 2018-19 RECOMMENDED BUDGET

There are two workbooks for the 2018-19 Recommended Budget, both are user friendly for members of the public, Board of Supervisors, and departments. The first workbook is the 2018-19 Executive Summary and the second workbook is the 2018-19 Recommended Budget. Both workbooks have the tabbed sections described below:

Please Note: The 2017-18 Modified Budget amounts displayed in this Recommended Budget exclude adjustments approved on the 2017-18 Second Quarter Budget Report.

The first workbook, 2018-19 Executive Summary, is a summary of the 2018-19 Recommended Budget, which begins with a memo from the Chief Executive Officer (CEO), and includes the following sections:

- **County Fiscal Plan**, which summarizes the CEO's plan to address the five-year forecast and includes changes in ongoing County discretionary revenue and the ongoing cost to maintain services.
- **Identified Needs**, which summarizes the ongoing and one-time needs recommended to be funded in 2018-19 and identifies future needs that are recommended for funding by setting aside monies in reserves.
- **County Budget Summary**, which shows total requirements and total sources included in the 2018-19 Recommended Budget with comparative numbers from the 2017-18 modified budget. Also included is total budgeted staffing recommended for 2018-19 with comparative numbers from the 2017-18 modified budget.
- **Discretionary General Funding and Restricted Funds**, which summarizes how the general fund is funded in 2018-19 as well as the balances of unallocated discretionary sources (contingencies) and reserves. Also included is information related to Prop 172 sales tax revenue and Realignment revenue.

The second workbook, 2018-19 Recommended Budget, begins with the **Table of Contents** and a **County Budget Overview**, which provides information about the County and the budget process and explains to the reader how the workbook functions.

After the County Budget Overview, there is a tab for each budget group and behind each tab are all the budget unit details within that budget group.

For each department the following is included:

- **Department's Mission Statement.**
- **Department's Organizational Chart**, which includes the names of key personnel of the department, what functions the department performs and budgeted staffing counts by function included in their 2018-19 Recommended Budget.
- **Summary of Budget Units**, which summarizes the 2018-19 Recommended Budget by requirements, sources, net county cost, fund balance, unrestricted net position and staffing for all budget units under the direction of a specific department and/or group.
- **Department's 2017-18 Major Accomplishments.**
- **Department's Performance Measures to meet the County Goals and Objectives.**

For each departmental budget unit the following details are included:

- **Description of Major Services**, provides information regarding the main functions of each budget unit.
- **Budget at a Glance**, lists the budget unit's 2018-19 requirements (excluding reimbursements), sources (including reimbursements), net county cost, use of/(contribution to) fund balance/net position, budgeted staffing, and percentage of net county cost, if applicable.
- **Total Requirements (Excluding Reimbursements) and Total Sources (Including Reimbursements) pie charts**, illustrate what percentage of 2018-19 budgeted expenditure authority is spent on staffing expenses, operating expenses, etc., as well as, the percentage of the 2018-19 budgeted sources that come from net county cost, reimbursements, taxes, fee/rate supported revenues, etc.
- **Analysis of 2018-19 Recommended Budget**, includes line item budget amounts for requirements such as staffing expenses, operating expenses, etc., line items for revenue sources, and budgeted staffing for the most recent and upcoming fiscal year, as well as actual results for the past three fiscal years, and current year estimates.
- **Major Requirements and Sources in 2018-19 Recommended Budget**, provides explanations of major departmental requirements and sources included in the 2018-19 Recommended Budget.

The section named **Detail of 2018-19 Recommended Budget** is for funds that have been consolidated for presentation purposes (i.e. Assessor/Recorder/County Clerk Recorder Special Revenue Funds, Human Services Subsistence Funds, etc.) This section depicts the budget detail of each individual budget unit for 2018-19, including staffing, requirements, sources, net county cost, fund balance, and net position, where applicable; and also includes a description of major programmatic changes in requirements and sources.

- **Budget Changes and Operational Impact**, briefly describes any major budget unit program impacts, and highlights the 2018-19 Recommended Budget including significant changes in requirements and sources from the prior year modified budget.
- **Analysis of Fund Balance/Net Position**, where applicable, describes the budgeted use of or (contribution to) fund balance/net position, provides detail on one-time and ongoing uses, and if it is being used for ongoing purposes, explains what the plan is to reduce reliance on fund balance/net position.
- **2018-19 Position Summary** identifies, by departmental function, the 2017-18 modified budgeted staffing, recommended additions, deletions, and re-orgs in order to develop the 2018-19 Recommended Budgeted Staffing. In addition, the chart separates positions by type (regular and limited term).
- **Staffing Changes and Operational Impact**, briefly highlights budgeted staffing changes and operational impacts for 2018-19, including significant changes from prior year modified budgeted staffing.

Long-term financial planning is an effective tool for creating sustainable budgets and providing fiscal stability beyond the annual budget horizon. Long-term financial planning is a strategic process that provides governments with the information and insight needed to establish multi-year budget solutions and financial policies and actions that maintain good fiscal health. The County creates a five-year financial forecast for the purpose of providing the Board of Supervisors with a framework for use in decision-making to maintain continuity of the fiscal health of the County, and plan for the provision of services, capital assets, and infrastructure. It also helps the County understand the fiscal challenges ahead and the need to establish priorities.

The forecast is updated annually and is not a budget. It does not establish policy or priorities; it simply summarizes fiscal capacity. The forecast identifies key factors that affect the County's fiscal outlook and assesses how difficult balancing the budget may be in the future.

The forecast is developed using a baseline environment, in which revenues and expenditures are projected based primarily on trend analysis, specific circumstances and present level of services provided by the County. The forecast is not a prediction of what is certain to happen but rather a projection of what will occur in the absence of mitigating actions or changing circumstances. As such, this forecast highlights significant issues or problems that must be addressed in order to maintain a structurally balanced budget.

Significant Issues Impacting the General Fund

There is an increase in projected Human Service Program costs totaling \$60.8 million through the five-year financial forecast. To the extent available, these programs are paid for with Realignment revenues, which are primarily funded with sales tax. Realignment revenue is not growing at a fast enough rate to cover projected cost increases, which are driven from greater demand in the foster care system and a change in the In-Home Supportive Services (IHSS) Maintenance of Effort (MOE).

Additionally, retirement costs are increasing in 2018-19 by \$9.0 million as a result of the Retirement Board's actuarial changes that reduced the assumed rate of return from 7.5% to 7.25% and increased life expectancy assumptions. The forecast also includes an estimated retirement cost increase in 2021-22 related to the potential for another decrease in the assumed rate of return to 7.0% at that time. It is anticipated that the County will reach its peak in retirement costs in 2021-22 due to the final payment on its 1995 Pension Obligation Bonds.

Finally, in April 2017 Senate Bill 1 (SB 1) was passed, which enhanced funding for road projects. It is anticipated that an initiative to repeal the SB 1 program will be placed on the November ballot that, if approved, would negatively impact the Discretionary General Fund by \$11.5 million.

Table 1 displays the County's 2018-19 financial forecast and summarizes the County's five-year financial forecast. The forecast reflects ongoing expenditures funded with ongoing discretionary revenue in the County's General Fund. The forecast shows that ongoing revenues are increasing due to projected increases in property tax and Proposition 172 sales tax revenue. Ongoing cost changes reflect the Ongoing Cost to Maintain Services at current levels and Recommended Changes to Ongoing Costs which reflects funding for identified departmental needs. After accounting for these changes, the Yearly Operating Available is positive, representing a \$103.5 million surplus for the next five fiscal years.

This forecast illustrates the need to exercise fiscal caution over the upcoming period due to Future Estimated Ongoing Costs that the County does not yet have fully funded in the five-year forecast period. This includes staffing of the expanded High Desert Detention Center, projected Memoranda of Understanding (MOU) cost increases, increased Retirement costs related to the potential decrease in the earnings rate, Glen Helen Rehabilitation Center remodel costs, and the potential repeal of SB1. These costs result in a potential deficit through the five-year forecast of \$28.8 million.

2018-19 Recommended Budget

The 2018-19 Recommended Budget is structurally balanced, with \$54.5 million of ongoing funding that has not been allocated to fund ongoing costs. The recommended budget does include the allocation of a portion of this ongoing funding to fund one-time costs in 2018-19.

2018-19 Ongoing Revenue Changes

As reflected in the Five Year Financial forecast, the County anticipates increased revenues of \$37.9 million in 2018-19.

Property Tax Revenue, including pass-through and residual revenue related to dissolved redevelopment agencies, is projected to increase due to 5% growth in assessed valuation (AV) in 2018-19.

Proposition 172 Sales Tax revenue is projected to increase 2.5% over 2017-18 projected receipts. This revenue is derived from a half-cent sales tax that provides funding for public safety services.

Other Revenue includes an anticipated increase of \$5.4 million in COWCAP revenue based on information received from the Auditor-Controller/Treasurer/Tax Collector. Remaining increases in other revenue are comprised of other property related revenue and interest revenue.

2018-19 Ongoing Cost Changes

As reflected in the Five Year Financial Forecast, the County anticipates an increase in Ongoing Costs to Maintain Services of \$42.5 million in 2018-19, and \$10.2 million in Recommended Changes to Ongoing Costs.

Ongoing Costs to Maintain Services:

Retirement costs are projected to increase in 2018-19 due to the impact of a 0.25% decrease in the Retirement Board's actuarial changes that reduced the assumed rate of return from 7.5% to 7.25% and increased life expectancy assumptions.

MOU Costs reflect the 2018-19 cost of approved compensation changes pursuant to negotiated MOUs with employee groups.

County Fire MOU is increasing primarily due to additional negotiated salary and benefit and retirement costs for Fire employees.

Human Services Programs increases are largely due to additional costs for foster care programs and changes in the IHSS MOE.

Insurance and Central Services increases are primarily a result of additional risk management insurance costs for workers' compensation, general liability, and law enforcement liability.

Utilities costs are rising due to slight increases in all utility service types.

Other (Costs)/Savings primarily reflects a reduction in the ongoing contribution to the 800 MHz project.

Recommended Changes to Ongoing Costs:

Recommended Changes to Ongoing Costs of \$10.2 million are detailed in the Identified Needs Section of this Recommended Budget Book.

THIS PAGE LEFT INTENTIONALLY BLANK

The County Fiscal Plan (five-year financial forecast) primarily focuses on increases in costs to maintain current services and the amount of discretionary revenue available to fund these costs and/or what mitigations are needed. Under the direction of the Chief Executive Officer, Finance and Administration also identifies needs within the County that are not currently funded and require funding with ongoing or one-time sources.

ONGOING NEEDS

The 2018-19 Recommended Budget funds \$52.7 million in increased Ongoing Cost changes identified in the five year financial forecast (\$42.5 million to maintain current services, which is discussed in the County Fiscal Plan section of this Recommended Budget, and \$10.2 million in increased needs as detailed below).

**Ongoing Costs Identified to be Funded
(in millions)**

	Ongoing
Auditor/Controller - SAP Ongoing Maintenance and Support	\$0.6
County Trial Courts - Trial Court Funding Maintenance of Effort	1.3
District Attorney	
Two Investigators for Security Detail	0.4
One Position to Prosecute Major Fraud	0.2
Human Services, Children and Family Services - Addition of 89 Positions	2.5
Museum - Ongoing Funding for Operations	0.6
Probation - Three Positions for Proposition 63 Compliance	0.3
Public Defender	
Post Conviction Workload	0.4
Loss of Juvenile Fee Revenue	0.2
Purchasing - Two Buyer III Positions to Handle Contract Workload	0.2
Sheriff/Coroner/Public Administrator	
Overtime Funding	1.0
Nine Dispatch Positions	0.6
Addition of 1 Sheriff Personnel Technician	0.1
West Valley Detention Center - 10 Deputy Positions	1.6
Morongo Station - One Sheriff's Sergeant	0.2
Additional Ongoing Costs in 2018-19 Recommended Budget	\$10.2

\$0.6 million for Auditor/Controller - SAP Ongoing Maintenance and Support

Funding for post-implementation vendor (SAP) support and annual licensing fees for the new Enterprise Financial Management System.

\$1.3 million for County Trial Courts - Trial Court Funding Maintenance of Effort

Funding for an increase in the Maintenance of Effort (MOE) payment to the State of California for court operations, and reflects a decrease in budgeted fine and forfeiture revenue compared to the prior fiscal year.

\$0.6 million for District Attorney

- Funding for two Senior District Attorney Investigators to investigate threats against District Attorney Staff and to provide and coordinate security and protection that results from these investigations (\$0.4 million).
- Funding for one Deputy District Attorney to prosecute major fraud cases (\$0.2 million).

\$2.5 million for Human Services, Children and Family Services – Addition of 89 Positions

Children and Family Service's total average open cases has increased 38% since Fiscal Year 2011-12. During this same time period, additional mandates from the State, including Safety and Organized Practice and Continuum of Care Reform have further increased workload and expectations. This \$2.5 million in funding will add 89 budgeted positions, which will be used to reduce caseloads and overtime.

\$0.6 million for Museum – Ongoing Funding for Operations

Funding for Museum operations to maintain programs, exhibits and to fund operational expenses. In recent years this funding has been allocated to the Museum on a one-time basis.

\$0.3 million for Probation – Three Positions for Proposition 63 Compliance

Funding for two Probation Officers and one Office Assistant to implement and execute new procedures set forth by Proposition 63. Proposition 63 establishes new administrative procedures for relinquishing firearms for criminals convicted of felonies and some misdemeanor offenses.

\$0.6 million for Public Defender

- Post-conviction legal services are provided to County residents with previous convictions. Funding of \$0.4 million will add one Supervising Public Defender and two paralegals for post-conviction workload.
- SB 190, effective January 1, 2018, repealed the County's authority to assess and collect legal representation fees from families of youth involved in the juvenile delinquency system. Funding of \$0.2 million will offset this loss of revenue.

\$0.2 million for Purchasing – Two Buyer III Positions to Handle Contract Workload

Funding for two positions needed to handle contract workload. These positions will develop contracts, assist with negotiations, enforce contractual provisions, ensure supplier compliance with deliverables and facilitate contract amendments and related change orders.

\$3.5 million for Sheriff/Coroner/Public Administrator

Funding for new positions and overtime. The \$3.5 million will add:

- Funding for operational overtime (\$1.0 million).
- Nine Sheriff's Communication Dispatchers to enhance call intake operations at the Sheriff's Communication Center (\$0.6 million).
- One Personnel Technician to support the hiring process to keep adequate staffing levels at the detention centers (\$0.1 million).
- Ten Deputies at the West Valley Detention Center to add two fixed posts to the facility to improve the safety of inmates and officers (\$1.6 million).
- One new Sergeant at the Morongo Station (\$0.2 million).

ONE-TIME NEEDS

The 2018-19 Recommended Budget funds \$92.5 million in one-time costs. One-time costs include \$15.5 million per Board policy or direction and \$77.0 million in increased needs. The \$15.5 million in one-time costs per Board policy or direction includes funding for the Economic Development Agency with one-time Discretionary General Funding derived from revenue earned by the Department, funding for the Registrar of Voters 2018-19 Election Cycle, funding for the required increase in the County's Mandatory Contingencies, costs related to the pension smoothing plan that funds a peak in retirement costs with general fund reserves, and one-time funding for the Earned Leave Reserve funded annually from department savings. Further detail of the \$77.0 million in one-time needs included in the 2018-19 Recommended Budget is provided on the following pages.

One-time Costs in 2018-19 Recommended Budget	\$77.0

\$4.9 million for the Assessor-Recorder – Recording System Replacement

Use of the Assessor-Recorder-Clerk’s Enterprise System Reserve to fund costs associated with the replacement of the current aging system used by the Recorder-Clerk division for the recording of documents.

\$1.3 million for the Clerk of the Board – New Board Management System

Use of the Clerk of the Board – Agenda Management System Reserve to continue with the implementation of the County’s Enterprise Board Management System. The new system will include: agenda management, video streaming, speaker management, closed captioning, and voting.

\$1.6 million for the County Administrative Office

Funds the following costs:

- Worthington Partners consulting contract (\$0.1 million).
- Funding for Pilot Technology Projects that will enhance County service delivery. This represents an allocation approved by the Board of Supervisors in 2017-18 that has not been spent (\$0.1 million).
- Strategic Initiatives Funding. Use of the Strategic Initiatives Reserve (\$0.13 million) and the Permit System Upgrade Reserve (\$0.14 million) for the Strategic Initiatives unit that supports the Accela Automation Land Management system upgrade, manages and oversees centralized fiscal functions for the departments involved in land development services, and coordinates administrative, operational, and technological process improvement.
- December 2nd Memorial Project Funding. Use of the December 2nd Memorial Project Reserve to fund costs related to the solicitation, evaluation, and selection of the artist, design, creation, and installation of the December 2nd Memorial (\$0.1 million).
- California University of Science and Medicine MOU. Use of the MOU-California University of Science and Medicine Reserve to fund the first of five annual payments to the university pursuant to the MOU. The MOU calls for collaboration in clinical research studies, education, and in the delivery and improvement of healthcare services at Arrowhead Regional Medical Center, (\$1.0 million).

\$0.4 million for the County Administrative Office and County Counsel for Legal Costs for Chino Airport Groundwater Remediation

Use of the Litigation Expenses Reserve to fund legal services related to Chino Airport groundwater remediation in the County Administrative Office Litigation Budget (\$0.2 million) and County Counsel’s budget (\$0.2 million).

\$0.1 million for Community Development and Housing – RDA Dissolution Activities

Funding for staff time and legal/consulting costs associated with an estimated 18 cities that will utilize the County to negotiate agreements regarding the sale of former RDA property. The department assists in managing agreements relating to disposition of properties by cities that require County approval. CDH will represent the County General Fund, County Flood Control and County Library on all of these agreements.

\$5.2 million for County Fire Protection District

Funding for vehicle replacement purchases (\$1.7 million), continuation of the Inmate Handcrew Program (\$1.6 million), fire protection and emergency medical services for the community of Wonder Valley (\$1.2 million), and ambulance service in the Baker Area (\$0.7 million).

\$0.1 million for District Attorney – Vehicles for Security Detail

Funding for the purchase of two vehicles and tactical gear to assist with threat assessment and protection of District Attorney staff.

\$0.2 million for District Attorney – 3 Positions for Proposition 63 compliance

Funding for three Office Assistants to assist the Probation Department in Proposition 63 compliance by providing relevant police reports for any active investigations. Proposition 63 establishes new administrative procedures in relinquishing firearms for criminals convicted of felonies and some misdemeanor offenses.

\$0.3 million for Economic Development - Ontario Airport Support

Funding in support of Airport related projects. The County is a member of the Ontario International Airport Authority (OIAA), which is a Joint Powers Authority with the City of Ontario.

\$0.3 million for Economic Development - Youth Education Initiative

Funding to support a new education initiative in partnership with Workforce Development by introducing youth to career pathways and work-based learning opportunities. Funding will provide education and training to prepare students for high-demand and high-opportunity careers.

\$0.4 million for the Flood Control – Rimforest Drainage

Use of the Rimforest Drainage Reserve to fund costs associated with Flood Control's Rimforest Drainage project. This project involves construction of storm drain systems along Highway 18 and inside the village of Rimforest to mitigate the impact of drainage on the stability of the slope. Activities for 2018-19 include continuation of the design phase.

\$0.8 million for Information Services - GIS Enterprise License Agreement

Use of the GIS Enterprise License Agreement Reserve to fund year three of the GIS Enterprise License Agreement project. This project will consolidate duplicate GIS hardware and software silos into one GIS infrastructure, assist departments in inventorying and cataloging GIS data layers, and develop a central master database of authoritative data layers supporting future efforts such as: Next Generation dispatching systems for Fire and Sheriff's departments, Countywide Plan support, Accela support, Public Outreach, Job Growth and Investment, Asset Monitoring, and Fleet Routing.

\$0.6 million Land Use Services, Administration - Permit System Upgrade (Accela)

Use of the Permit Systems Upgrade Reserve to fund 2018-19 costs related to the upgrade of the outdated permitting system to Accela, the new enterprise land management system that facilitates interdepartmental communication and cooperative processing in a shared data environment.

\$0.4 million for the Land Use Services, Code Enforcement – Unpermitted Truck Facilities

Funding to address unpermitted truck facilities operating in the unincorporated area of Bloomington.

\$0.3 million for the Land Use Services, Planning – Countywide Plan

Use of the Land Use Services General Plan/Development Code Amendments Reserve to fund County staff to work on the Countywide Plan.

\$0.5 million for Public Health – General Liability/Workers Comp Experience Mod Increase

Funding for the increase in General Liability and Worker's Compensation insurance costs relating to the 12/2/2015 Waterman Incident.

\$0.1 million for Public Health – Animal Rescue Coordinator

Funding for an Animal Rescue Coordinator that will work closely with rescue groups to help ensure more animals are being rescued/adopted out of our County shelters.

\$0.2 million for Real Estate Services - Construction Management Software

Use of the RESD Construction Management Software Reserve to fund the development of software that will improve performance, flow of information, efficiency and communication between project managers, architects, contractors, supervising managers and customers.

\$2.3 million for the Restricted General Fund - New Financial Accounting System Phases 2 and 3

Use of the New Financial Accounting System Reserve for phases 2 and 3 of the project, which includes Accounts Receivable, Fixed Assets, Inventory Management and Budget Preparation.

\$0.5 million for the Sheriff – Recruitment Funding

Funding for the recruitment, advertisement and processing of prospective applicants. Represents the 4th year of funding for additional recruitment efforts that will assist the department in addressing critical issues with attrition and filing of positions.

\$0.2 million for the Sheriff – Start-up Equipment for New Deputies and Sergeant

Funding for start-up equipment for the ten new deputies for the West Valley Detention Center and the new sergeant for the Morongo Station discussed in the list of Ongoing Costs Identified to be Funded, found earlier in this section of the Executive Summary.

\$2.7 million for the Special Districts – Lake Gregory Dam Project

Funding for the Lake Gregory Dam Rehabilitation Project to avoid project delays. Special Districts is waiting to hear on a potential \$3 million grant from the Office of Emergency Services. If the grant is received, the Discretionary General Funding will be returned.

\$0.1 million for the Special Districts – CSA 120 North Etiwanda Preserve – PSE’s for Gate Coverage

Funding for three part-time employees for the North Etiwanda Preserve to open/close the newly installed gates to mitigate vandalism and to maintain the premises.

\$0.0 million for the Special Districts – Chino Sewer Survey

Funding of \$500 to survey residents in the unincorporated Chino area regarding formation of a special district for access to local sewer lines.

\$10.3 million for the Transportation Projects

- \$5.3 million for the Ranchero Road Widening and Rehabilitation to address the congestion of traffic along Ranchero Road, which is a result of the I-15/Ranchero Road interchange improvements and the new railroad grade separation. This project is a joint project with the City of Hesperia.
- \$5.0 million for the National Trails Highway to fund environmental clearance by completing design, mitigation, hydrology and preliminary engineering for 33 bridges in order to apply for the Transportation Investment Generating Economic Recovery (TIGER) grant funding in March 2019. This will assist in meeting the requirements for the TIGER grant.

\$12.2 million Use of the Asset Replacement Reserve

Allocations from the reserve fund the replacement of the following assets that have exceeded their useful life:

- \$24,052 for the Clerk of the Board for replacement of Polycom units used for videoconferencing the Board of Supervisors meetings at the Joshua Tree and High Desert Government Centers.
- \$0.2 million for Regional Parks to fund the replacement of three utility vehicles and two backhoe loaders.
- \$12.0 million for the Sheriff to fund the replacement of two patrol helicopters.

\$31.0 million for Capital Improvement Projects

One-time funding is recommended for various Capital Improvement Projects.

- \$19.0 million for a parking structure at the Arrowhead Regional Medical Center, funded by the ARMC Jail Ward Reserve.
- \$10.0 million for the Chino Airport groundwater remediation construction.
- \$0.7 million for the ADA restroom remodel at the Rancho Courthouse. The restrooms need to be remodeled to accommodate the number of staff located at the Courthouse.
- \$1.0 million for Devore Animal Shelter that will fund necessary repairs and maintenance.
- \$0.3 million for Facilities Management, for costs associated with newly acquired space that must be maintained but has not been remodeled for occupancy, and other vacant space associated with the County Building Acquisition and Retrofit Project.

FUTURE ONE-TIME NEEDS

In addition to one-time needs allocated for use in 2018-19, there are future one-time needs for which funding is recommended. This funding is recommended to be set aside in County General Fund Reserves. The detail of these needs is described below.

**One-time Needs Set-Aside in General Fund Reserves
(in millions)**

	<u>One-Time</u>
General Purpose	\$11.4
Countywide Crime Suppression and Pilot Programs Reserve	\$2.0
One-time Reserve Contributions in 2018-19 Recommended Budget	\$13.4

\$11.4 million one-time for the General Purpose Reserve

The County’s Fund Balance and Reserve Policy provides for a General Purpose Reserve targeted at 20% of locally funded appropriation. This policy states that this reserve shall be built up with one-time sources until the established target is achieved. The recommended one-time contribution of \$11.4 million for 2018-19 brings the General Purpose Reserve to 15.7% of locally funded appropriation.

\$2.0 million one-time to the Countywide Crime Suppression and Pilot Programs Reserve

One-Time funding to establish a General Fund Reserve for Countywide Crime Suppression and Pilot Programs.

**RECOMMENDED CHANGES TO EARNED LEAVE AND ASSET REPLACEMENT RESERVE FUNDING
(in millions)**

	Ongoing	One-Time
Contribution from Earned Leave Reserve	(\$2.8)	(\$10.0)
Contribution to Asset Replacement Reserve	<u>\$2.8</u>	<u>\$10.0</u>
Recommended Changes to Earned Leave and Asset Replacement Reserves	\$0.0	\$0.0

The recommended budget includes changes in the contribution to, and balances in, the Earned Leave and Asset Replacement Reserves. The Earned Leave Reserve funds the Discretionary General Funding (Net County Cost) share of payments made to County employees at separation. Based on an analysis of actual usage of the Earned Leave Reserve, and the need for existing resources for Asset Replacement, the recommended budget includes a redirection of \$2.8 million of the ongoing contribution currently going to the Earned Leave Reserve, to the Asset Replacement Reserve. Additionally, a transfer of \$10.0 million of the existing balance in the Earned Leave Reserve (\$26.4 million) to the Asset Replacement Reserve is also recommended. The Asset Replacement Reserve was established to fund the Discretionary General Funding (Net County Cost) share of assets that exceed their useful life.

The Asset Replacement Reserve currently has an ongoing allocation of \$3.0 million. The reallocation in the recommended budget would bring the total ongoing contribution to \$5.8 million. Current numbers support a need of \$9.1 million in ongoing funding to adequately address Asset Replacement needs.

Overview of 2018-19 Requirements and Sources

As the largest political subdivision of the State, counties are vested by the California State legislature with the powers necessary to provide for the health and welfare of the people within its borders. The \$6.2 billion 2018-19 Recommended Budget reflects the planned allocation of resources necessary to carry out this mission for the citizens of San Bernardino County. This budget has been developed in accordance with the Countywide Vision which promotes a sustainable system of high-quality education, community health, public safety, housing, retail, recreation, arts and culture, and infrastructure. The County's 23,080 budgeted positions are responsible for a wide variety of services to residents, from responding to calls for emergency services (Sheriff's Department and Fire District), to giving businesses the tools they need to succeed (Economic Development Agency), and to providing a home for children in need (Human Services – Subsistence). The budget is recommended in order to continue to provide the County's many important services in a fiscally responsible and sustainable manner.

Total Requirements of \$6.2 billion, an increase of 3.24%, consist primarily of Staffing and Operating Expenses, which represent 81.1% (\$5.4 billion) of Total Requirements (excluding Reimbursements as a Requirement). Staffing Expenses of \$2.2 billion consist of salaries of \$1.4 billion and benefit costs of \$835.6 million. Departments with significant budgeted staffing expenses include the Sheriff/Coroner/Public Administrator (all budget units - \$516.4 million, 3,940 positions), Human Services Administrative Claim (\$366.1 million, 4,535 positions), and Arrowhead Regional Medical Center (ARMC - \$308.4 million, 3,949 positions). The largest benefit related cost for the County is employee pensions (retirement), which makes up 61.0% (\$506.8 million) of all costs associated with employee benefits. The increase in staffing costs of \$128.3 million is largely due to the addition of positions, negotiated salary increases and retirement cost increases. Budgets that reflect large increases in staffing costs include the Sheriff's Department (\$34.4 million – all budget units), ARMC (\$24.5 million), and the Human Services Administrative Claim (\$13.3 million). Increases in the Sheriff's Department are largely driven by

negotiated salary increases and increased retirement costs, but also included in the budget is an increase of 122 positions (all budget units) over the prior year. Notable increases in staffing within the Sheriff's Department includes the addition of 90 Deputy Sheriff Trainee positions to accommodate the departments need for an increase in the capacity of the training program as well as the addition of 9 Dispatcher I positions to improve efficiency in dispatch services. The increase in ARMC staffing costs is also primarily driven by negotiated salary increases and increased retirement costs, but also reflects a net increase of 39 positions. This increase includes the addition of 155 positions (offset by 116 deletions) that will support continued growth at the Primary Care Clinics, expansion of Operative Services due to high census, increased security to ensure patient and employee safety and additional Environmental Services staff to help reduce turnover of positions critical for preventing the spread of infections. Lastly, while the Human Services Administrative Claim budget unit is decreasing overall budgeted staffing by 125 positions, staffing costs are projected to increase by \$13.3 million due to increases in positions within the Children and Family Services program, negotiated salary increases and increased retirement costs.

Operating Expenses in the County include costs for services and supplies, internal service fund charges, travel, transfers to the other County departments, subsistence payments, and other charges. These expenses represent the largest share of costs within the County at \$3.2 billion. These costs include subsistence payments to help residents in need throughout the County and as a result, the Human Services operational group makes up 43.8% of the County's operating expenses. In 2018-19 Operating Expenses are increasing by \$181.9 million which is primarily associated with increases in the Operations and Community Services Group (\$53.8 million), the Human Services Group (\$45.0 million), the Administrative Group (\$28.9 million) and the Law and Justice Group (\$27.5 million).

Total Requirements include Contingencies and Contributions to Reserves (General Fund and Non-General Fund). Like Contingencies, Contributions to Reserves represent Sources that are not planned to be spent in the coming fiscal year. Beginning in 2015-16, governmental funds other than the general fund eliminated the use of Contingencies, which represented Sources in excess of Requirements. Instead amounts that are available but not budgeted to be spent, are contributed to reserves. Excluding Contingencies and Contributions to Reserves, the total budget available for expenditure in 2018-19 is \$6.1 billion (including Operating Transfers Out and Reimbursements as Requirements). Further detail on General Fund Contingencies and Reserves can be found in the Discretionary General Funding and Restricted Funds section of the Executive Summary.

The three major funding sources of the County include revenue from other governmental entities (State, Federal or Other Government), funding for direct services provided (Fee/Rate), and Taxes. At \$2.0 billion, State, Federal or Other Government Revenue represents 29.6% of the County budget (including Reimbursements as a Source). The Human Services operational group receives the largest amount of funds from other governments, with \$423.7 million received from the State and \$664.5 million received from the federal government. Fee/Rate revenue of \$1.1 billion represents 16.8% of the County budget (including Reimbursements as a Source) and includes funding from licenses, permits, fines, fees, rates, and other charges for direct services provided by the County. Much of this funding (\$242.9 million) is received by departments, such as the Fleet Management, Information Services and Risk Management Departments, that provide direct services to other County Departments. Other notable departments that receive funding to provide specific services include the Sheriff's Department (\$161.5 million), which provides law enforcement services for 14 incorporated county cities, and the Public Work's Solid Waste Division (\$85.1 million) that is responsible for the operation and management of the County solid waste disposal system.

While historically it has been assumed that counties are reliant on relatively stable property taxes for the provision of services, with the realignment of many state services, counties have become increasingly dependent on sales tax revenue. When combining 1991 and 2011 Realignment revenues, which are primarily funded with sales tax (\$749.8 million), with County sales tax (\$20.8 million) and Proposition 172 Half Cent Sales taxes (\$192.0 million), the portion of requirements funded primarily with sales tax represents 14.4% of the County budget (including Reimbursements as a Source). While sales taxes are projected to experience a modest increase in 2018-19, they tend to be much more volatile and quicker to react to changes in the economy, resulting in a higher risk of funding losses in future years.

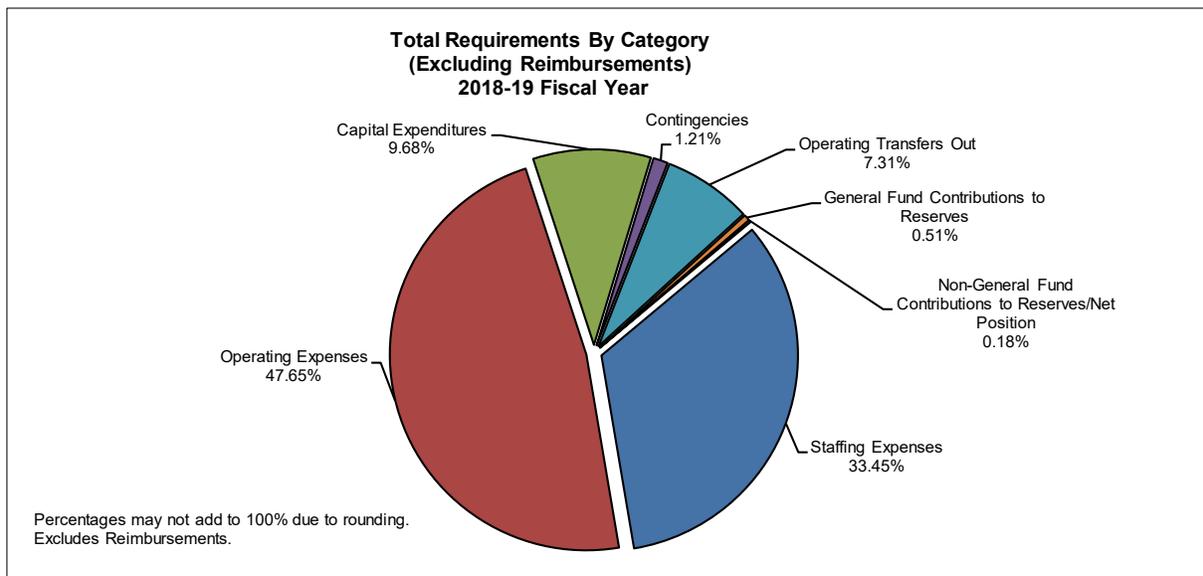

As the current economic expansion continues to grow to a nearly unprecedented duration, the County continues to take a conservative approach to the budgeting of revenue in anticipation of an economic slowdown. This approach allows the County to minimize impacts should the portion of County revenue associated with sales tax begin to decrease.

The County's approach to increasing County reserves reflects a fiscally conservative recognition of the resource shift from historically stable to risky tax sources. In 2017-18, the County has contributed a total of \$142.9 million between General Fund (\$130.6 million) and Non-General Fund (\$12.3 million) reserves and is budgeted to contribute \$34.3 and \$12.1 million in 2018-19, respectively. Further detail on County General Fund Reserves can be found in the Discretionary General Funding and Restricted Funds section of this budget book. Information regarding Non-General Fund Reserves can be found on Budget Unit Specific pages within the budget book.

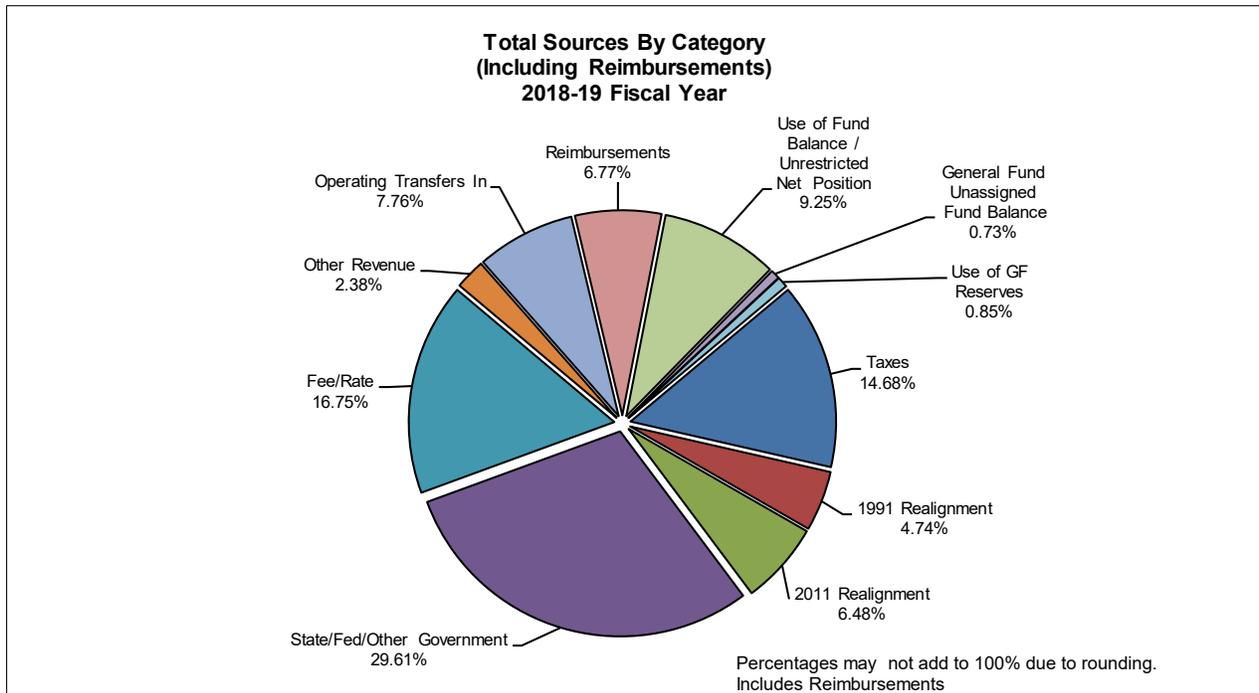

REQUIREMENTS AND SOURCES BY CATEGORY

Total Requirements shown below (which exclude Reimbursements as a Requirement) include recommended expenditure authority (appropriation) for adoption by the Board of Supervisors, Operating Transfers Out, and Contributions to Reserves/Net Position for the County General Fund and for non-general fund departments. Operating Transfers Out provide a mechanism to transfer funding between budget units and are not appropriated to spend.

Total Sources shown in the following pie chart (which include Reimbursements as a Source) include projected revenue and Operating Transfers In. Operating Transfers In provide a mechanism to transfer funding from one budget unit to another within the County. Additionally, Sources include the use of fund balance/unrestricted net position for all non-general funds, the general fund available unassigned fund balance, and the use of General Fund reserves.

REQUIREMENTS SUMMARY

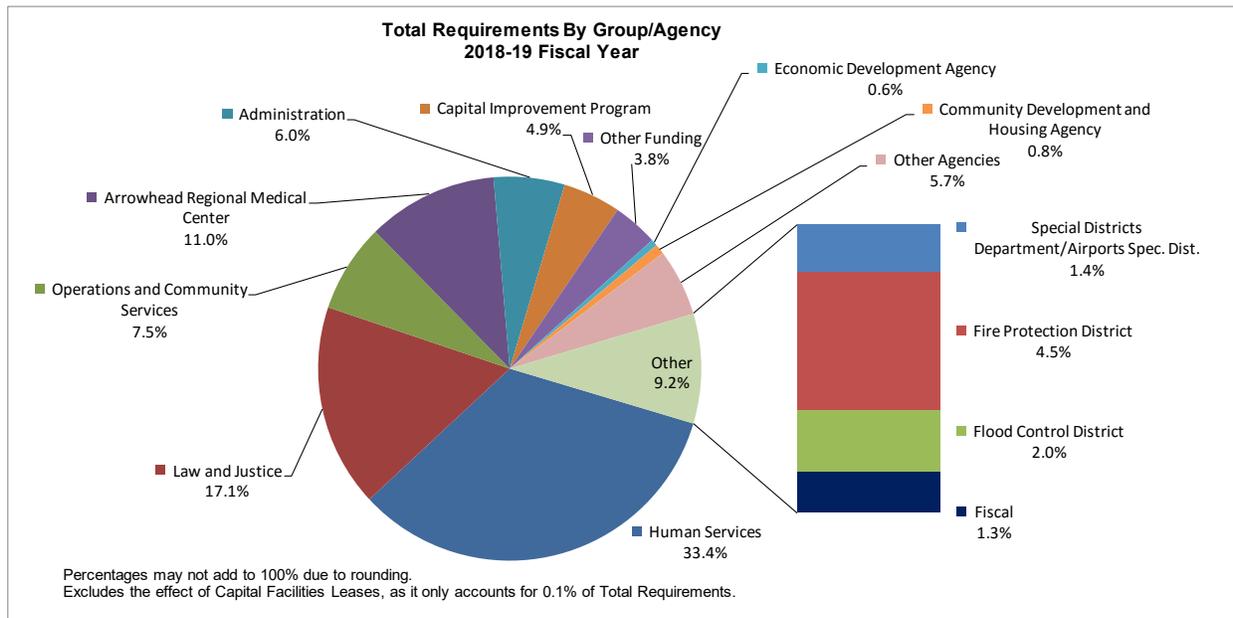

The 2018-19 Recommended Budget includes Requirements of \$6.2 billion, which is a net increase of \$195.7 million or 3.24% compared to the 2017-18 Modified Budget.

Requirements include contributions to Available Reserves and Net Position.

Below are explanations of the major expenditures that are included in the \$6.2 billion 2018-19 Recommended Budget and changes from the 2017-18 Modified Budget. It should be noted that Requirements discussed in this section include Contributions to Reserves/Net Position. As a result, the Total Requirements included in this section may not align with the Total Requirements discussed on Budget Unit Specific pages.

County Operations

Administration has Requirements of \$372.6 million and contains County departments and functions that provide leadership and support to departments that provide direct public services to County residents. The leadership

section of this operational group includes the Board of Supervisors (\$8.1 million), which is the governing body of County government, and the County Administrative Office (\$7.4 million), which directs and coordinates departmental activities according to the law and strategic goals set by the Board of Supervisors. Various support functions include civil legal services provided by County Counsel (\$11.6 million), employment and employee related services provided by Human Resources (\$18.2 million), and information technology support provided by the Information Services Department (\$110.6 million – including contributions to Net Position). The largest department in the Administration operational group is the Department of Risk Management, which has Requirements of \$145.5 million and administers the County workers' compensation, public liability, property conservation, safety and risk reduction programs.

Requirements for this operational group are increasing by \$25.7 million from the 2017-18 Modified Budget. Notably, Requirements are increasing in Risk Management Insurance Programs by \$12.6 million due to an increase in settlements, liability claims experience, and increased medical claims costs in workers' compensation. In addition, the Information Services Department – Telecommunications budget unit is increased by \$7.9 million due to increased costs associated with maintenance of the County WAN infrastructure and the procurement of a network security solution for the County's Data Center. These increases are offset by a \$5.8 million decrease in Human Resources which is the result of a reduction in one-time funding for the EMACS upgrade project as compared to the prior year. This project will continue to be funded with General Fund Reserves in the First Quarter of 2018-19, utilizing any remaining project funds.

Capital Facilities Leases has Requirements of \$7.2 million which reflects a slight decrease from the prior year. This budget unit funds the cost of long-term capital lease payments for the major County facilities financed by the General Fund. Requirements are decreasing as the result of a decrease in County overhead costs (COWCAP).

Economic Development Agency has Requirements of \$34.3 million and provides services that seek to create, maintain, and grow the economic value of the County. Such services include small business assistance and technical support, permitting assistance, and business site selection assistance. Notable departmental Requirements include \$30.2 million (including Contributions to Reserves) for the Department of Workforce Development, which is funded by federal Workforce Innovation and Opportunity Act (WIOA) revenue, and includes \$14.4 million in direct services to job seekers and business customers, including vocational training, On-the-Job training, supportive services, business consulting, and workshops. Also included is \$4.1 million in Requirements for the Department of Economic Development which funds various economic development programs including trade shows, advertising and public relations.

The net increase in Requirements of \$0.2 million is primarily due to slight adjustments within the Workforce Development budget where increases in Staffing costs are largely offset by decreases in Operating Expenses and Reimbursements (which has the effect of increasing Requirements).

Community Development and Housing Agency has Requirements of \$52.6 million and provides services that better people's lives and the communities they live in by strategically investing and leveraging limited federal, state and local resources to achieve community and neighborhood revitalization. Notable departmental Requirements include \$51.7 million for Community Development and Housing (CDH) services which includes \$20.2 million for infrastructure improvements in the areas surrounding the former San Seavine redevelopment project area. In addition, the Office of Homeless Services (\$1.0 million) includes Operating Expenses of \$0.6 million to support Continuum of Care grant administration and planning functions.

The net decrease in Requirements of \$7.8 million is the result of a decrease in one-time funding for project expenditures in 2018-19 compared to the prior year.

Fiscal has Requirements of \$80.2 million and includes the Auditor-Controller/Treasurer/Tax Collector (\$43.6 million – including Contributions to Reserves) and the Assessor/Recorder/County Clerk (\$36.6 million). These departments provide services to the public and other County departments related to the establishment and collection of County property taxes along with other fiscal services that ensure the proper reporting and usage of taxpayer funds. Notable Requirements in the Auditor-Controller/Treasurer/Tax Collector include \$28.8 million for staffing expenses to provide accounting, auditing, collections, and investment services to County departments

and constituents. The Assessor/Recorder/County Clerk includes a total of \$21.2 million in staffing expenses (\$20.9 million in the general fund budget unit and \$0.3 million in special revenue fund budget units) to perform mandated assessment of properties, recording of real estate and other documents, and County clerk functions.

Total Requirements in this group are increasing by \$7.8 million (10.8%) and are primarily associated with increases in the Assessor/Recorder/County Clerk (\$6.8 million). The Assessor's General Fund budget unit is increasing by \$1.8 million due to increases in Staffing Expenses for additional positions and negotiated salary increases. In addition, the Assessor's Consolidated Special Revenue budget unit is increasing by \$5.0 million due to the anticipated purchase of capitalized software and computer hardware related to the replacement of the document recording system.

Arrowhead Regional Medical Center (ARMC) has Requirements of \$684.9 million (including Contributions to Net Position) and provides medical services to County residents. ARMC is an acute care facility that provides a full range of inpatient and outpatient services, has five family health centers, and provides Department of Behavioral Health's inpatient activities and numerous specialty activities. For 2018-19, ARMC will continue to focus on managing the continued impact of the Affordable Care Act as the number of uninsured patients declines, and members of this group migrate to expanded coverage under Medi-Cal Managed Care.

ARMC is increasing Requirements by \$72.1 million, which represents an 11.8% increase over the prior year. Increased requirements in this group include increases within the ARMC enterprise fund (\$33.2 million) and increases in the Medical Center CIP fund (\$38.9 million). Increases in the operating fund primarily include changes in staffing expenses related to the net addition of 39 positions, negotiated salary increases, retirement cost increases and replacing limited term positions with regular positions. Increases in the ARMC CIP fund primarily include \$34.0 million in new projects, including \$26.1 million for the construction of a parking structure at ARMC.

Human Services is the largest operational group within the County with Requirements totaling \$2.1 billion. This group provides health and social service programs to County residents through a number of County departments. Health services are provided primarily through the Department of Behavioral Health (\$481.9 million) and Public Health (\$116.1 million, including Contribution to Reserves). Social services are provided primarily through Human Services (\$1.2 billion) including the Human Services Administrative Claim budget unit (\$589.4 million), the Human Service Subsistence Payments budget units (\$575.4 million) and the Wraparound Reinvestment Fund budget unit (\$8.3 million). Additional social services are provided by the Preschool Services Department (\$57.7 million), Child Support Services Department (\$40.9 million), and the Aging and Adult Services Department (\$9.8 million). Notable Requirements in the Human Services group include \$1.4 billion in Operating Expenses of which \$576.3 million are in the Human Services Subsistence funds and represent either direct payments to welfare recipients or payments to organizations that provide services to welfare recipients.

Human Services is increasing Requirements by a net \$42.2 million which includes significant changes in numerous departments within the group. Significant increases in the 2018-19 Recommended Budget include:

- An increase of \$29.8 million in the Human Services Administrative Claim budget unit primarily reflects increased Staffing Costs (\$13.3 million) due to negotiated salary increases and increases in Children and Family Services staffing. In addition, increases in Operating Expenses (\$16.7 million) funds increases to IHSS provider payments and central service costs.
- An increase of \$12.8 million in the Substance Use Disorder and Recovery Services (formerly Alcohol Drug and Services) budget unit that primarily reflects an increase in demand for contracted treatment and recovery services.
- An increase of \$12.2 million in the Human Services Subsistence budget units due to an increase in Operating Expenses that are direct payments of benefits to clients and contracted payments to service providers.
- An increase of \$9.9 million in the Health Administration budget unit due to an anticipated increase in Intergovernmental Transfers to fund the required local match for Medi-Cal managed Care and other health programs, as well as debt service for ARMC.

- An increase of \$3.7 million in the Behavioral Health general fund budget unit that is primarily due to increased costs for negotiated salary increases.

These increases are offset by a decrease of \$25.2 million in the Mental Health Services Act special revenue fund that is primarily due to a reduction in one-time funding for six construction projects that were completed in 2017-18.

Law and Justice has Requirements of \$1.1 billion and provides public safety services to County residents. The Sheriff/Coroner/Public Administrator (all units - \$698.6 million) provides law enforcement services for the unincorporated areas of the County and certain services on a countywide basis through its Operations budget unit (\$274.2 million). Another primary function of the Sheriff's Department is to provide Detention facilities (\$241.1 million) for all of the County pre-sentenced inmates as well as sentenced inmates no longer required to go to State prison, as a result of the realignment of services by the State for adult offenders (2011 Realignment). The Sheriff's Department also provides law enforcement services to 14 county cities through contractual agreements (\$161.5 million). The Probation Department (\$188.4 million) provides supervision of adult and juvenile probationers throughout the County as well as for recently realigned State parolees (2011 Realignment). The District Attorney's Office (\$91.2 million) is responsible for prosecuting crimes committed within the County, and the Public Defender (\$42.8 million) provides mandated representation to indigent adult clients in felony, misdemeanor, and mental health civil commitment cases, as well as to clients facing probation, parole, or post-community supervision release violations. Also included are the County Trial Court budget units (\$41.1 million, including Contributions to Reserves) which represent both ongoing County-Court related financial obligations and functions related to the transfer of the Courts to the State.

Law and Justice is increasing Requirements by a net \$63.2 million which includes significant changes in numerous departments within the group. Significant increases in the 2018-19 Recommended Budget include:

- An increase of \$54.1 million in the Sheriff's Department (all units) which primarily reflects an increase in staffing expenses related to negotiated salary increases, retirement increases, the addition of 122 positions (21 in Detentions and 101 in Operations) and increases in insurance costs.
- An increase of \$5.6 million in the Probation Department's General Fund budget unit is primarily the result of increased staffing expenses due to negotiated salary increases.
- An increase of \$3.4 million in the District Attorney's General Fund budget unit due to negotiated salary increases, retirement costs and a net increase of 25 positions

Operations and Community Services has Requirements of \$464.3 million and provides both internal support of County operations as well as external services to the public that promote the quality of life and well-being of County residents. Services that support the general operation of County government include the Real Estate Services department (\$49.8 million – all units) that manages custodial services, the payment of County utilities, management of the Chino Agricultural Preserve, and leasing and acquisition services. Departments that provide direct services to the community include Agriculture/Weights and Measures (\$7.9 million), the County Library (\$20.0 million), Land Use Services (\$24.8 million), Registrar of Voters (\$11.2 million), Regional Parks (\$16.7 million), and the County Museum (\$3.8 million). Notably, this group also includes the Department of Public Works – Transportation (\$175.3 million) and Public Works – Solid Waste Management (\$134.0 million). The Transportation Division is responsible for the operation, maintenance, and improvement of the County's road system that currently includes approximately 2,552 miles of roadway. Solid Waste Management is responsible for the operation and management of the County solid waste disposal system, which consists of five regional landfills, nine transfer stations, and 34 closed landfills or disposal sites.

The net increase in Requirements is \$73.0 million, which represents an 18.7% increase from the 2017-18 Modified Budget. Notable increases in requirements include:

- A net increase of \$36.4 million in the Department of Public Work's Solid Waste Enterprise Funds which reflects an increase of \$25.8 million to fund several expansion projects and a \$10.3 million increase in Operating Expenses primarily due to an increase in professional services in support of expansion projects.

- A net increase of \$29.8 million in Public Works – Transportation (all units) primarily due to increased Operating Expenses resulting from projects carried over from 2017-18 and new projects planned for construction, and an increase in Operating Transfers Out to fund the replacement of heavy equipment and right-of-way for capital projects.

Capital Improvement Program has Requirements of \$303.6 million and is used to account for funding resources designated for the acquisition or construction of major capital facilities. The decrease in Requirements of \$11.7 million from the prior year is due to projects either being completed in 2017-18, cancelled in 2017-18, or projected expenditures being reduced as projects near completion. Notable requirements included in the Capital Improvement Program in 2018-19 includes additional funding for the Chino Airport Groundwater Remedial Project (\$10.0 million), Devore Animal Shelter Repair and Maintenance (\$1.0 million) and the 800 MHz Upgrade Project (\$8.3 million). Further detail on major capital projects for 2017-18 is shown in the Capital Improvement Program section of this budget summary and in the CIP section of this budget book.

Other Funding of \$237.4 million primarily represents the Countywide Discretionary Fund (\$115.1 million), General Fund Contingencies (\$50.6 million), and various restricted funds within the General Fund including contingencies within the Proposition 172 Half-Cent Sales Tax budget unit (\$30.1 million), and expenditures in the Automated Systems Development Fund (\$5.9 million). Other Funding also includes Contributions to General Fund Reserves of \$34.3 million. Requirements within the Countywide Discretionary Fund are used primarily to transfer Discretionary General Funding to various budget units outside the General Fund to fund various programs and projects, such as a multi-year 800 MHz upgrade project (\$8.3 million), and numerous non-major capital improvement projects for County facilities (\$12.0 million).

Restricted Funds (General Fund) consist of four limited use budgets – Proposition 172 Half-Cent Sales Tax, 1991 Realignment, 2011 Realignment, and Automated Systems Development. Proposition 172 revenue assists in funding the Sheriff/Coroner/Public Administrator, District Attorney, and Probation departments. Realignment assists in funding realigned law and justice, mental health, social services and health programs within the County. Automated Systems Development is funding that is set aside for the purpose of developing, upgrading, and/or replacing the County Financial Accounting System. Further detail on all Restricted Funds can be found in the Discretionary General Funding and Restricted Funds section of this budget document.

The net decrease in Other Funding of \$105.7 million primarily represents decreases in the Countywide Discretionary Fund (\$34.6 million), and General Fund Contributions to Reserves (\$96.3 million) which is offset by an increase in General Fund Contingencies (\$39.1 million). Contingencies represent funding available from 2018-19 Sources that have not been allocated for expenditure. Further detail on County Contingencies and Reserves can be found in the Discretionary General Funding and Restricted Funds section of this budget document.

Special Districts/Other Agencies Operations

Special Districts Department/Airports Special District has Requirements of \$93.7 million (including Contributions to Net Position/Reserves) and is managed primarily by the Special Districts Department (\$87.3 million) with \$6.4 million in Requirements managed by County Airports. Airports manages County Service Area 60, which funds the operation, capital projects and maintenance of the Apple Valley Airport that was built in 1970 and is a public use airport providing general aviation services to the High Desert region.

The Special Districts Department provides for the management, and maintenance of general, parks and recreation, road, sanitation, streetlighting, and water districts for 100 Districts, County Services Areas (CSA) and Improvement Zones within the County. On December 29, 1969 the Board of Supervisors established CSA 70 Countywide to provide a centralized mechanism for administration of personnel and operations which serve all of the Board Governed CSAs. Staff within CSA 70 Countywide provide centralized and regional management services, administration, engineering, fiscal, human resources, lien administration, park maintenance, payroll, information services, road maintenance and inspection services.

Fire Protection District has Requirements of \$277.5 million (including Contributions to Reserves) and provides fire protection and emergency services throughout the County. The District covers 19,278 square miles and serves more than 60 communities/cities (including the City of Grand Terrace, City of Needles, City of San

Bernardino, City of Twentynine Palms, City of Upland and the Town of Yucca Valley) within four Regional Service Zones (Mountain, North Desert, South Desert and Valley). Additionally, the District provides contractual fire protection services to four cities: Adelanto, Victorville, Hesperia and Fontana (through the City of Fontana's independent fire protection district).

Requirements are increasing by \$18.3 million which is primarily due to an increase of \$15.5 million in the Valley Regional Service Zone resulting from increases in staffing costs due to negotiated salary increases (\$1.5 million) and a \$12.0 million increase in operating expenses for various repair/improvement projects at several fire stations including the replacement of Station #229 in the City of San Bernardino.

Flood Control District was created in 1939 under special State legislation and has Requirements of \$122.8 million. The District has developed an extensive system of flood control and water conservation facilities, including dams, conservation basins, debris basins, channels and storm drains. The purpose of these facilities is to intercept and convey flood flows through and away from developed areas of the County, as well as to promote water conservation and improved water quality.

Requirements are increasing by \$4.7 million and are associated with increases in Flood Control District Consolidated Special Revenue funds (\$6.4 million) offset by a decrease in the Flood Control District Equipment fund (\$1.7 million). The consolidated Special Revenue funds are increasing Requirements primarily due to an increase of \$9.9 million in Operating Expenses for planned construction projects, offset by a decrease of \$1.6 million in Capital Expenditures for right-of-way purchases and a decrease of \$1.9 million in Operating Transfers Out primarily due to a reduction in an operating transfer within Zone 1 used to fund the District's Judgement Obligation Bonds. The decrease in the Equipment fund is due to a decrease in vehicle purchases.

Other Agencies has total Requirements of \$351.8 million and contains five Other Agency budget reporting entities in the County, including the Housing Authority of the County of San Bernardino (\$340.5 million - including Contributions to Net Position), In-Home Supportive Services Public Authority (\$6.9 million), Inland Counties Emergency Medical Agency (\$4.4 million, including Contributions to Reserves), County Industrial Development Authority (\$57,746), and Economic and Community Development Corporation (\$0 dollars). The Housing Authority of the County of San Bernardino (HACSB) is a critical economic resource providing vital housing programs to low income families. The In-Home Supportive Services (IHSS) program was created in 1973 to serve elderly, blind, and/or disabled individuals who are not able to remain safely in their home without assistance. The Inland Counties Emergency Medical Agency (ICEMA) was developed under a Joint Powers Agreement with San Bernardino, Inyo and Mono Counties and is charged with the coordination, evaluation, and monitoring of emergency medical services within public and private pre-hospital providers, specialty hospitals, paramedic base hospitals, and the effectiveness of Emergency Medical Services (EMS) educational programs and medical disaster preparedness. The County Industrial Development Authority and Economic and Community Development Corporation are agencies created to provide various methods of financing on behalf of private enterprise in order to promote and enhance economic development and increase opportunities for useful employment.

Requirements are increasing by \$12.4 million and are associated with an increase in HACSB (\$14.5 million) primarily due to an increase of \$10.1 million in expenses related to the physical improvements of properties. The increase in physical improvement costs, reflected under Extraordinary Maintenance are due to the costs outlined by Physical Condition Assessments (PCA) that were undertaken as a requirement of HACSB's participation in HUD's Rental Assistance Demonstration (RAD) program.

MAJOR COUNTY FUNDS

Governmental Fund Types

General Fund: The General Fund is used to account for resources traditionally associated with government, which are not required legally or by sound financial management to be accounted for in another fund. The General Fund is the County’s primary operating fund and Requirements are separated into General Fund and General Fund – Restricted. Funds included in the General Fund category are those that the Board of Supervisors predominately have oversight on the Sources and Requirements, including units that are typically mandated, such as human services programs. General Fund – Restricted Funds consist of Prop 172, 1991 and 2011 Realignment, and Automated Systems Development.

Special Revenue Funds: Special Revenue Funds account for the proceeds of specific revenue sources that are legally restricted to expenditure for specified purposes (other than for major capital projects).

Capital Project Funds: Capital Project Funds account for financial resources designated for the acquisition or construction of major capital facilities other than those funded by Enterprise and Internal Service Funds.

Permanent Funds: Permanent Funds account for legally restricted resources provided in trust. The earnings but not the principal may be used for purposes that support the primary government’s programs.

Proprietary Fund Types

Enterprise Funds: Enterprise Funds account for operations that are funded and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be funded or recovered primarily through user charges.

Internal Service Funds: Internal Service Funds account for the funding of goods or services provided by one department or agency to other departments or agencies of the governmental unit on a cost reimbursement basis.

The matrix below lists the group/agency as depicted in the County organizational chart. For each group/agency listed, the various fund types are shown with their Total Requirements (including Operating Transfers Out).

* For 2016-17, the two Fund Balance budget line items represent the actual (increase to)/Use of fund balance/net position.

The revenue and other funding sources schedule above includes all County funds. This schedule includes Operating Transfers In, which are the mechanism for providing funding from one budget unit to another within the County. Additionally, this summary schedule provides the use of fund balance/unrestricted net position for all non-general funds, the general fund unassigned fund balance, as well as the use of general fund and non-general fund reserves. Descriptions of major sources of funding in the 2018-19 Recommended Budget and changes from the 2017-18 Modified Budget are included below.

Revenue

Taxes of \$980.9 million consist of approximately \$622.6 million of Property Tax (\$598.0 million) and Sales, Occupancy, and Other Taxes (\$24.6 million) that are deposited directly into the Countywide Discretionary General Fund budget unit for allocation by the Board of Supervisors. Additionally, \$160.4 million in Property Tax is reported for the County Library (\$16.1 million), Fire Protection District (\$84.8 million), Flood Control District (\$51.0 million), and Board Governed Districts managed by the Special Districts Department and Airports (\$8.5 million). Finally, Taxes also consist of Proposition 172 Half-Cent Sales Tax (\$192.0 million) and Sales Tax – Measure I Road Operations funds (\$5.3 million).

The net increase of \$67.2 million is primarily related to an increase of \$41.0 million in taxes that are deposited into the Countywide Discretionary General Fund budget unit. This is the result of a projected 5% increase in the assessed valuation of properties within the County. For more detail on Discretionary General Fund related taxes, refer to the Discretionary General Funding and Restricted Funds section of the 2018-19 Recommended Budget. Also included in this category is an increase of \$5.8 million in taxes for the Fire Protection District as the result of increased property tax estimates and an increase of \$11.3 million in the Sheriff's, District Attorney and Probation Department's budget units due to a projected increase in Proposition 172 half-cent sales tax revenue. The County share of Prop 172 sales tax revenue has been positively affected by the efforts of the Economic Development Agency that works with companies doing large construction projects in the unincorporated areas of the County resulting in 100% of the local share of sales tax revenue generated by large construction projects being allocated to the County instead of being allocated between the County and cities within the County.

1991 Realignment revenues of \$316.8 million are increasing by \$28.2 million over the prior year while **2011 Realignment** revenues of \$433.1 million are increasing over the prior year modified budget by \$0.6 million. Although technically not categorized as the receipt of taxes, this funding is received from the State and is primarily

derived from sales taxes to pay for realigned law and justice, mental health, social services and health programs within the County. Because sales tax tends to be much more volatile and quicker to react to changes in the economy, its usage results in a higher risk of funding decreases in future years. These decreases will likely coincide with an economic downturn when there is an increased need for programs funded with this revenue. For more detail on Realignment funding, refer to the Discretionary General Funding and Restricted Funds section of this budget document.

State, Federal, and Other Government represent the largest revenue source within the County totaling \$2.0 billion. The Human Services operational group receives the largest amount of funds from other governments, with \$1.1 billion received from State, Federal and other governments. Countywide, there is an overall increase of \$69.4 million from the 2017-18 Modified Budget in this revenue category, which represents an increase of 3.6%.

Notable changes within this revenue source include:

- **ARMC** is increasing by \$30.0 million due to an increase in State Managed Care primarily caused by physician capitation payments received from IEHP and one-time revenue for Graduate Medical Education. In addition, State Medi-Cal has increased based on volume for inpatient and outpatient fee-for-service.
- **Operations and Community Services** is increasing by \$17.2 million primarily due to increases in Public Works Transportation Consolidated Special Revenue group that reflects increased State contributions for construction projects.
- **Human Services** is increasing by \$12.5 million primarily due to the increases in Behavioral Health (net increase of 8.3 million) and Human Services Subsistence budget units (\$3.7 million).
 - Increases in **Behavioral Health** includes a \$12.8 million increase in the Substance Use Disorder and Recovery Services budget unit due to increases in the State general fund allocation and Drug Medi-Cal Organized Delivery System (DMC-ODS) revenue related to the implementation of the DMC-ODS, and are offset by a decrease of \$4.5 million in the department's General Fund budget unit due to decreases in Medi-Cal revenue related to the elimination of the expenditures for the construction of a new Children's Juvenile Justice facility.
 - Increases in the **Human Services Subsistence** budget units (\$3.7 million) are due to anticipated increases in Adoptions, Foster Care and Kinship Assistance programs.

Fee/Rate includes the following types of revenues: licenses, permits, fines, fees, rates, and other service revenue. Total revenue of \$1.1 billion is anticipated to increase from the 2017-18 Modified Budget by \$86.6 million. A portion of this funding (\$242.9 million) is received by departments, such as the Information Services Department and Risk Management Department that provide direct services to other County Departments. Other notable departments that receive funding to provide specific services include the Sheriff's Department (\$161.5 million), which provides law enforcement services for 14 incorporated county cities, and Public Works Solid Waste Division (\$85.1 million) that is responsible for the operation and management of the County solid waste disposal system.

Significant changes in this category include:

- An increase of \$31.6 million in the Administrative Group primarily due to an increase of \$28.0 million in Risk Management Insurance Operations due to higher premiums charged to departments for workers compensation, general liability, and law enforcement liability programs to maintain an 80% confidence level of funding.
- A increase of \$11.5 million in ARMC primarily due to an increase in revenue from an MOU with the Department of Behavioral Health and an increase in commercial insurance revenues.
- An increase of \$14.0 million in the Operations and Community Services Group which reflects an increase in revenue within Public Works - Solid Waste that reflects additional in-county waste, changes in accounting methodology for revenue abatements, and Cost of Living Adjustments for waste agreements.
- An increase of \$10.7 million in the Human Services Group primarily due to a \$10.0 million increase in the Health Administration budget unit due to an anticipated increase in Intergovernmental Transfers.
- An increase in the Law and Justice Group of \$9.5 million which primarily reflects an increase in Fee/Rate revenue within the Sheriff's Department Contract Law Enforcement budget unit.

- An increase in the County Discretionary budget unit of \$5.4 million due to an increase in County overhead (COWCAP) revenue.

Other Revenue of \$158.9 million primarily includes interest earnings, rents and concessions, and tobacco settlement funds. This revenue source is anticipated to increase by a net \$4.4 million from the 2017-18 Modified Budget. Notably, changes in this revenue group include increases in ARMC (\$2.2 million) and the Fire Protection District (\$4.2 million). These increases are offset by a \$1.7 million decrease in the Flood Control District.

Other Funding Sources

Operating Transfers In of \$518.6 million is a funding source that provides a mechanism to transfer funding from one budget unit to another within the County or other entity. In 2018-19 the most notable groups with large Operating Transfers In include the Capital Improvement Program (\$65.9 million), Other Agencies (\$198.9 million), and ARMC (\$74.5 million). Operating Transfers In are the main funding source for the Capital Improvement Program as the program is funded primarily through monies received from other County Departments and the County General Fund for specific projects. The Operating Transfers In for Other Agencies are primarily budgeted within HACSB (\$197.8 million) and reflects the movement of funds within the agency related to the Moving to Work Program. The \$74.5 million of Operating Transfers in ARMC primarily represents one-time funding for capital improvement projects and annual funding of the ARMC Capital Facilities long term lease costs.

The net decrease in this funding source of \$21.4 million is primarily the result of the one-time nature of the majority of Operating Transfers In and varies from year to year based on the availability of one-time sources.

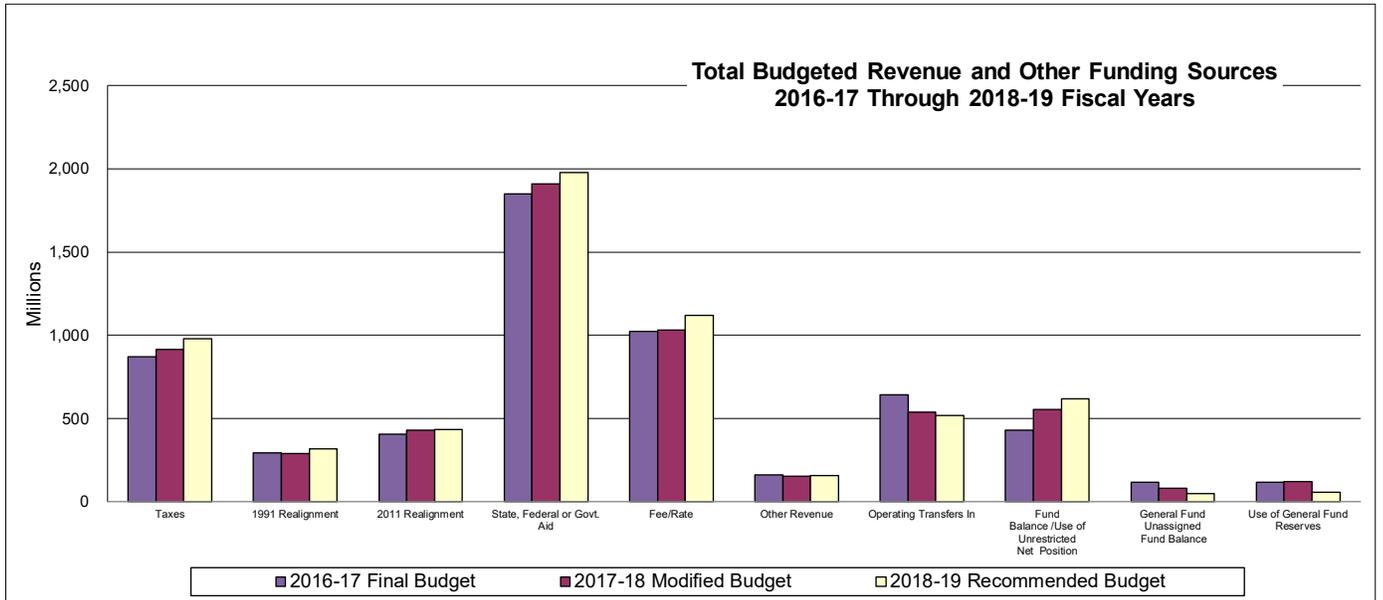

Use of Fund Balance/Unrestricted Net Position of \$617.8 million represents unspent funds carried over from prior years that are budgeted in the Restricted General Funds, Special Revenue Funds, and Capital Project funds in the County and the use of unrestricted net position in Internal Service and Enterprise funds. The use of fund balance/net position is increasing from the prior year by \$61.3 million primarily due to the one-time use of fund balance for carryover projects within the Capital Improvement Program.

General Fund Unassigned Fund Balance of \$48.7 million represents unspent general fund balance carried over from 2017-18. This amount, in conjunction with other one-time money, funds one-time costs for department programs, capital improvement projects, transportation projects, contributions to General Fund Reserves, and also funds the County's mandatory 1.5% contingency, which per Board Policy 05-01 is in the general fund to accommodate unanticipated operational changes, legislative impacts, or other economic events affecting County operations that could not have been reasonably anticipated. General Fund Unassigned Fund Balance is decreasing by \$33.4 million from the prior year, and reflects the estimate of the General Fund results of operations for 2017-18.

Use of General Fund Reserves of \$56.6 million represents the use of the following General Fund Reserves: Asset Replacement (\$12.3 million), ARMC Jail Ward (\$19.0 million), Rim Forest Drainage (\$0.4 million), Agenda Management System (\$1.3 million), Assessor-Recorder-Clerk's Enterprise System (\$4.9 million), New Financial Accounting System (\$2.3 million), Permits System Upgrade (\$0.7 million), RESD Construction Management System (\$0.2 million), December 2nd Memorial (\$0.1 million), Earned Leave (\$10.0 million), GIS Enterprise License Agreement (\$0.8 million), Land Use Services General Plan/Development Code Amendments (\$0.3 million), Litigation Expenses (\$0.4 million), MOU – California University of Science and Medicine (\$1.0 million), Retirement (\$2.7 million), and Strategic Initiatives Reserve (\$0.1 million). This represents a \$67.4 million decrease from the 2017-18 Modified Budget and is detailed in the Discretionary General Funding and Restricted Funds section of this budget document.

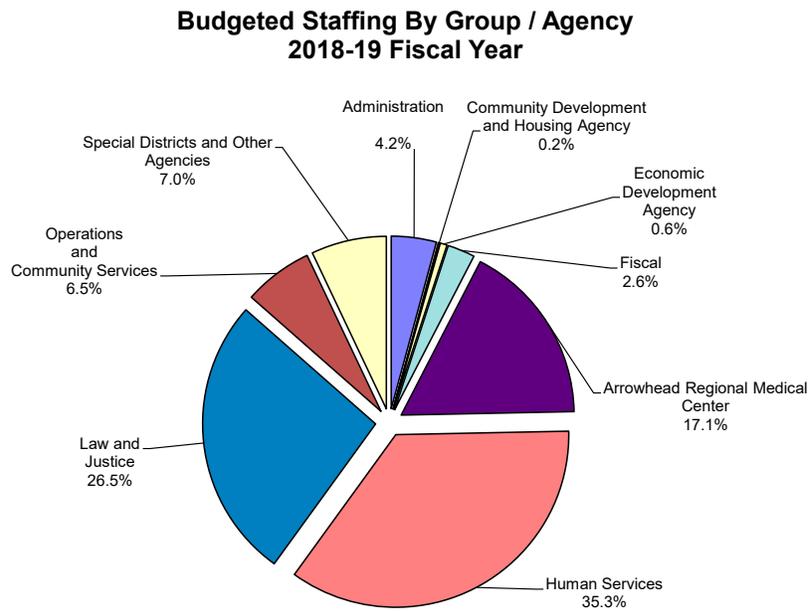

The bar graph below includes total budgeted revenue and other funding sources from the two prior Budgets and the 2018-19 Recommended Budget. 2016-17 amounts will not match previous information on prior pages because the bar graph reports on budgeted revenue and the previous tables reflect actual revenue received.

BUDGETED STAFFING SUMMARY

Budgeted staffing is accounted for using headcount. Each position, whether full time or part time, is counted as one. The pie chart below depicts the budgeted staffing by group/agency for 2018-19.

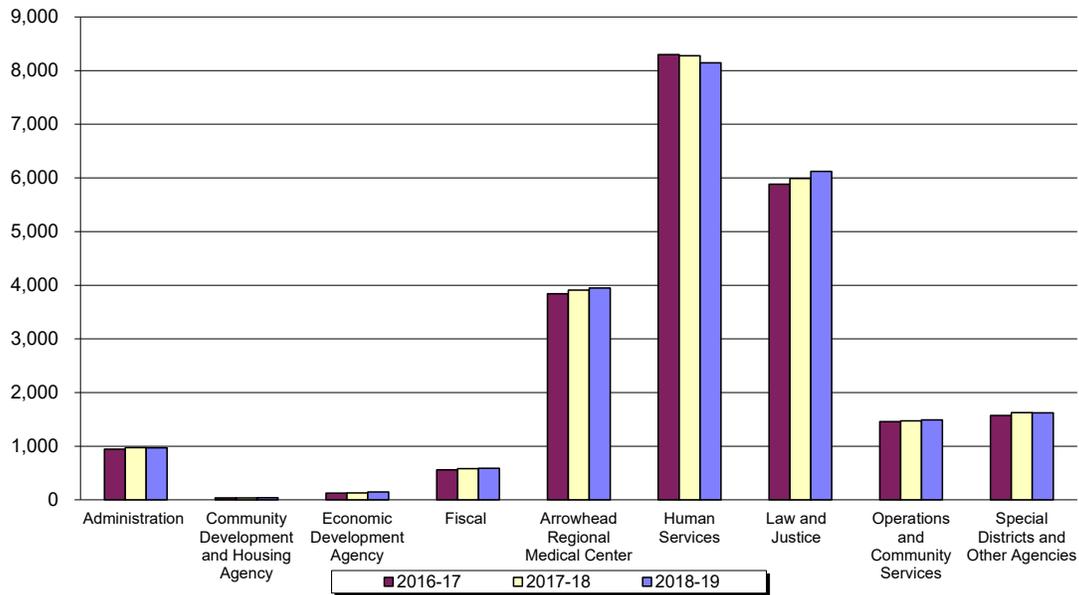

Percentages may not add to 100% due to rounding.

The following bar graph illustrates the budgeted staffing for 2018-19 as well as the prior two fiscal years.

Budgeted Staffing By Group / Agency 2016-17 Through 2018-19 Fiscal Years

	2017-18 Modified Budget Staffing	Change from Modified Budget			2018-19 Recommended Budget Staffing	Percentage Change
		Caseload Driven/ Grant or Special Funded Programs	All Other Programs	Total Change		
County - General Fund	14,468	(42)	127	85	14,553	0.6%
County - Other Funds	6,905	(5)	3	(2)	6,903	(0.0%)

Total	23,000	(50)	130	80	23,080	0.3%

Budgeted Staffing for caseload driven/grant, or special funded programs, is decreasing by a net 50 positions. Significant changes from the previous year’s modified budgeted staffing in caseload driven, grant or special fund programs include the following:

County - General Fund

- **The Human Services Administrative Claim** is decreasing by a net of 125 budgeted positions. This includes the addition of 95 positions across its various departments but is offset by the deletion of 220 positions, the majority of which are from the Transitional Assistance Department (170). This change in staffing reflects a significant decrease in TAD CalWORKs administrative funding which requires a reduction of eligibility staff.
- The **Department of Behavioral Health** is increasing positions by 31 which includes the addition of 4 positions (9 additional regular positions and 5 deletions of regular positions) in the Behavioral Health budget unit to better align staffing with programmatic needs. The remaining increase of 27 positions reflects changes in the department’s Substance Use Disorder and Recovery Services budget unit which

is primarily due to the expansion of Substance Use Disorder treatment and recovery services related to the implementation of the DMC-ODS for consumers.

- The **Department of Child Support Services** continues to deal with limited increases in state and federal sources, and as a result is recommending a net decrease of 16 positions (1 addition and 17 deletions) to stay within projected allocations for the 2018-19 fiscal year.
- The **Department of Public Health** is recommending the net addition of 21 positions resulting from the addition of 39 new positions offset by the deletion of 18. These changes are needed to address changes in grant funding, operational needs, quality improvement, and to increase efficiency in operations.
- The **California Children's Service's** budget unit (under the Department of Public Health) is requesting the addition of 13 positions to meet state staffing requirements for the provision of case management, diagnosis, and treatment services to individuals who qualify under the program.
- The **Sheriff's Department** is increasing budgeted staffing by 21 positions in the **Detentions** budget unit and includes the following: the addition of 15 Deputy Sheriff positions to meet requirements of additional recreation time for inmates (5) and to address the need for increased security in inmate housing units (10), 5 Correctional Nurse IIs for increased Health Services at the High Desert Detention Center, and 1 Staff Analyst II to improve program funding and tracking for the inmate services division.
- **District Attorney** is increasing budgeted staffing by a net of 25 positions. This includes the addition of 26 positions as follows: 4 positions to provide victim advocate services, 2 District Attorney Senior Investigators to provide protection and security of DA staff members, 3 Office Assistant IIIs to support Proposition 63 compliance, 1 District Attorney IV to prosecute major fraud cases, 6 positions for the expansion of the Let's End Truancy Program, and 10 limited term Law Clerk IIs to start a new training and development initiative. This increase is offset by the deletion of 1 limited term position which is no longer needed.
- The remainder of caseload driven/grant, or special funded staffing changes within the General Fund reflect a net decrease of 12 positions including the deletion of 11 limited-term positions within the **Public Defender** and a decrease of 1 position within the **Probation – Administration, Corrections and Detention** budget unit.

County - Other Funds

- **Arrowhead Regional Medical Center** is increasing budgeted staffing by a net of 39 positions to support continued growth at the primary care clinics, expansion of Operative Services due to high census, increased security to ensure patient and employee safety and additional Environmental Services staff to help reduce turnover of positions critical for preventing the spread of infections.
- The **Preschool Services Department** is decreasing budgeted staffing by 55 positions which includes the deletion of 56 limited-term positions resulting from the 2017-18 transition from 9-month to 12-month operations at various locations, which results in the need for fewer positions.
- The **Workforce Development Department** is increasing budgeted staffing by 15 positions which includes an increase of 11 regular and 4 limited term positions. The additional staff will manage contracts and in-house program activities (3), support the adult and youth program expansions (6), improve administrative and financial support (2), and provide mental health students with development training and provide them with the required clinical supervision during their clinical rotation.
- The remainder of caseload driven/grant, or special funded staffing changes within Other County Funds reflects a net decrease of 4 positions including minor reductions in the **Department of Public Works**

Solid Waste (1), Assessor Consolidated Special Revenue Funds (7), and Printing Services (4). These decreases are offset by the addition of positions in **Public Works – Transportation (3), Community Development and Housing (1), Information Services Computer Operations (2), and Information Services Telecommunications (2).**

Special Districts and Other Agencies

- Special Districts and Other Agencies are decreasing budgeted staffing by a net 3 positions which reflects minor changes in Fire (increase of 4 positions), Special Districts (increase of 3 positions) and Flood Control District (increase of 1 position). These increase are offset by decreases in Other Agencies of 11 positions due to changes within the Housing Authority of The County of San Bernardino (5) which is deleting positions as a result of a restructuring within programs/departments including the Housing Choice Voucher program, which is the Authority's largest program. The remainder of the changes within Other Agencies is due to a decrease of 6 positions within the In-Home Supportive Services Public Authority due to a reduction in federal financial support for this agency.

Budgeted staffing for all other programs in both the general fund and other funds is increasing by a net 130 budgeted positions. Significant changes from the previous year's modified budgeted staffing in all other programs include the following:

- **Administration** – Except for the 8 positions discussed in the caseload section above, budgeted staffing within the Administration Group is decreasing by a total of 2 positions. Significant changes within the group include increases in the Purchasing department (2) and Business Solutions Development (3). These are offset by deletions in the Board of Supervisors (1), Automated Systems Development (4), and Information Services (2). The Purchasing department is increasing 2 positions to handle contract workload. The Business Solutions Development budget unit is increasing 3 positions that reflects a reorganization of operations in the overall Information Services Department. The Board of Supervisors is decreasing 1 position to recognize the elimination of limited term contract positions which have been vacated since the 2017-18 First Quarter Budget Report. The Automated Systems Development budget unit is decreasing 4 positions to reflect the transfer of positions to the Auditor-Controller/Treasurer/Tax Collector budget unit. The Information Services GIS & Multimedia budget unit is decreasing 2 positions due to a department reorganization.
- **Community Development and Housing Agency** – The Agency is adding one limited-term position to assist with data entry of the Homeless Management Information System.
- **Fiscal** – The Fiscal Group is increasing budgeted staffing by a total of 14 positions due to additions within the Auditor-Controller/Treasurer/Tax Collector (3) and the Assessor/Recorder/County Clerk (11). The Auditor-Controller/Treasurer/Tax Collector is increasing budgeted staffing by a net of 3 positions which reflects the addition of 10 positions (6 new and 4 transferred from the Automated Systems Development budget unit) to address workload changes, and are offset by a decrease of 7 positions which reflects the deletion of 7 vacant positions which are no longer necessary (5 limited term and 2 regular). The Assessor's general fund budget unit is increasing by a total of 11 regular positions. This includes the transfer of 7 positions from the departments Special Revenue budget unit into the General Fund budget unit. The remaining 4 positions are added to address workload changes, including new duties added to the Recorder's office as a result of the passage of Senate Bill 2.
- **Law and Justice** – Excluding the previously mentioned increases in the Sheriff's Detentions, District Attorney, and Probation budget units, the Law and Justice Group is increasing by 101 positions all within the Sheriff's Operations budget unit. This increase includes the addition of 90 Deputy trainee positions to accommodate the departments needs for increased capacity in the training academy, 9 Sheriff's Communications Dispatcher Is to improve efficiency in the dispatch center, 1 Sergeant at the Morongo station and 1 Personnel Technician in the Bureau of Administration.

- **Operations and Community Services** – Excluding the previously discussed changes to Public Works (Transportation and Solid Waste divisions), the Operations and Community Services Group is increasing staffing by a net of 16 positions. Departments requesting an increase to budgeted staffing: Agriculture/Weights and Measures (2), the Community Services Group (1), Land Use Services – Code Enforcement (3), Regional Parks (10) and Real Estate Services (3, all divisions). These increases are offset by minor decreases in the County Museum (3). Overall the largest change within this group is in Real Estate Services which is recommending a reorganization of the department to establish a new budget unit, Real Estate Services – Administration and Finance, who will oversee the administrative and financing operations of all Real Estate divisions. The Administration and Finance division reflects an increase of 19 positions but is largely offset by decreases in other budget units which reflect the deletion of positions that are being transferred to the newly established unit.

Countywide staffing changes are outlined by County department in the following chart:

In August 2017, County departments were requested to provide a five-year projection of their capital requirements. The 2018-2023 5-Year Capital Improvement Program Plan was completed in March 2018. That document included information on Major Capital Improvements that are currently in progress, and projects proposed by County departments and Special Districts to commence within the next five years. It is intended to be a tool for management and the Board to prioritize capital needs, develop funding plans, and stay informed about the progress of multi-year projects. Departments request funding for these capital improvement projects as part of the budget process, when they submit a request for funding consideration. Requests can also be submitted mid-year, if necessary, with any required budget adjustments made on quarterly budget reports.

The Real Estate Services Department – Project Management Division (PMD) manages major county projects which include construction and rehabilitation of facilities, and repair projects. The 2018-19 budgets for these projects are summarized in the schedule above. The schedule above does not include Operating Transfers Out or Reimbursements as part of total Requirements. Instead, the schedule represents total budgeted project costs.

PMD projects include \$371.1 million in projects managed through Capital Funds and \$67.7 million in projects managed through Arrowhead Regional Medical Center Enterprise Funds, for a total project budget of \$438.9 million.

The 2018-19 budget includes \$95.1 million in new project funding. This includes \$51.0 million in projects funded with Discretionary General Funding. Discretionary General Funding allocations include the 800MHz Upgrade Project (\$8.3 million), the Chino Airport Groundwater Remedial Project (\$10.0 million), ARMC Parking Structure (\$19.0 million), District Attorney Rancho Courthouse ADA Restroom (\$0.7 million), and the Devore Animal Shelter Repair and Maintenance (\$1.0 million). Additionally \$12.0 million in new project funding is allocated to non-major CIP and maintenance projects. \$2.5 million of this \$12.0 million is allocated to the County Buildings Acquisition and Retrofit Project in 2018-19.

Projects approved in prior years, but not yet completed have carryover balances of \$343.7 million. The major multi-year projects with carryover balances are the 800 MHz Upgrade Project, the County Buildings Acquisition

and Retrofit Project, Crisis Residential Treatment Facilities and Crisis Stabilization Units, Valley Dispatch Center and the County Fire Relocation/Consolidation (Administration Building).

For a complete listing of capital improvement program highlights for projects administered by the Real Estate Services Department – Project Management Division see the Capital Improvement Program section of this budget document.

Projects Administered by Other County Departments

Transportation and Solid Waste projects are administered by the Department of Public Works. Requirements for these projects are accounted for in special revenue and enterprise funds and budgeted in the respective department(s) budgets. Budgets for both the Transportation and Solid Waste departments are found in the Operations and Community Services section of this budget book. Total projects budgeted in 2018-19 (both new and carryover) for Transportation is \$68.1 million, and for Solid Waste is \$57.4 million. Transportation project types include major rehabilitation and overlay, and major infrastructure improvements. Solid Waste Management project types include landfill expansion, liner construction, and entrance road and scale house construction.

Also reflected in the Capital Improvement Program are \$1.7 million in Requirements for minor projects which are administered by County Fire with oversight and inspection provided by RES-PMD.

For a complete listing of capital improvement program highlights for projects administered by other county departments see the Capital Improvement Program section of this budget document, specifically Exhibits B, C, and D.

Projects Administered by Flood Control and Special Districts Department

The Flood Control District and the Special Districts Department have independent multi-year capital improvement project plans that are budgeted in special revenue funds, capital projects funds, and enterprise funds and are included in the respective department's budget pages.

Flood Control, found in the Operations and Community Services section of this budget document, has twenty-five major improvement projects budgeted in 2018-19. Requirements for these projects (both new and carryover) total \$62.7 million and include right-of-way acquisition expenses, consultants for design or geotechnical services, labor, and construction costs.

Special Districts Department capital projects are found in the Special Districts Department section of this budget document, in the Capital Improvement Program pages. In 2018-19, Requirements for these projects (both new and carryover) total \$42.9 million. Requirements include \$9.2 million for the Lake Gregory Dam Rehabilitation project, \$5.5 million for Big Bear Alpine Zoo Relocation Project, \$6.7 million for the Snowdrop Road Project, \$2.4 million for the CSA 70 Cedar Glen Water System Improvement project, and \$5.2 million for water projects for CSA 70 W-4 Pioneertown.

DISCRETIONARY GENERAL FUNDING AND RESTRICTED FUNDS

County General Fund operations of \$3.2 billion are funded with four major types of sources: countywide discretionary revenue, use of reserves, and fund balance (\$869.0 million), Proposition 172 revenue (\$192.0 million), 1991 and 2011 Realignment revenues (\$748.1 million), and departmental revenue (\$1.4 billion).

- Countywide discretionary revenue includes a variety of revenue sources that are not legally designated for a specific purpose or program. The majority of discretionary revenue is property related revenue, primarily property tax. Other revenue sources in this category include: sales and other taxes, net interest earnings, Countywide Cost Allocation Plan (COWCAP) revenue (which is a reimbursement for overhead/indirect costs incurred by the General Fund), property tax administration revenues, State and federal revenue, and other revenue. Additionally, the General Fund's available fund balance, use of reserves and operating transfers in, are other funding sources that may be allocated to General Fund departments in the same manner as countywide discretionary revenue.
- Proposition 172 revenue is a permanent extension of a half-cent Local Public Safety Sales Tax approved by California voters on November 2, 1993. Proceeds of this sales tax must be dedicated to public safety. Proposition 172 revenue is restricted and is used solely for funding the Sheriff/Coroner/Public Administrator, District Attorney, and Probation departments.
- 1991 Realignment revenue provides health and welfare funding. In 1991-92, the State approved the Health and Welfare Realignment Program that involved a shift of program responsibilities from the State to the County. This shift is funded through a corresponding shift of dedicated sales tax and vehicle license fee revenue. Realignment revenue is also restricted and used in funding mental health, social services and health programs within the County.
- 2011 Realignment revenue provides public safety, health, and welfare funding. In 2011-12, the State approved what has become known as AB 109 Public Safety Realignment. As part of this realignment, the State addressed prison over-crowding by shifting custodial responsibility of non-violent, non-sex, and non-sex-against-children ('Triple-Nons') offenders to local jails. In addition, the parole function of the State was delegated to county Probation departments. In conjunction with Public Safety Realignment, the State also shifted full financial burden of many social service and mental health programs. The County was responsible for delivery of these programs before realignment, but with the shift the State would no longer contribute a share of cost. While the State no longer shares in the cost, it has dedicated a portion of the State sales tax (1.0625%) revenue along with a portion of vehicle license fees for these realigned programs.
- Departmental revenue includes fees, service charges, and State and federal support for programs such as welfare, health care, and mental health.

County General Fund operations not funded by departmental revenue, Proposition 172 revenue, and/or Realignment revenue are funded by Net County Cost (or Discretionary General Funding). Net County Cost is funded by countywide discretionary revenue, which is primarily property tax revenue.

Any countywide discretionary revenue not distributed to departments through their Net County Cost allocation, if not transferred to other funds for specific projects/programs, is contributed to contingencies or reserves. Every year the County of San Bernardino has set aside a prudent dollar amount in contingencies and/or reserves for two purposes: 1) to ensure that the County can accommodate unforeseen increases in expenditures or reductions in revenues, or other extraordinary events, which would harm the fiscal health of the County; and 2) to be proactive and set aside funds to meet future known obligations or to build a reserve for large capital projects.

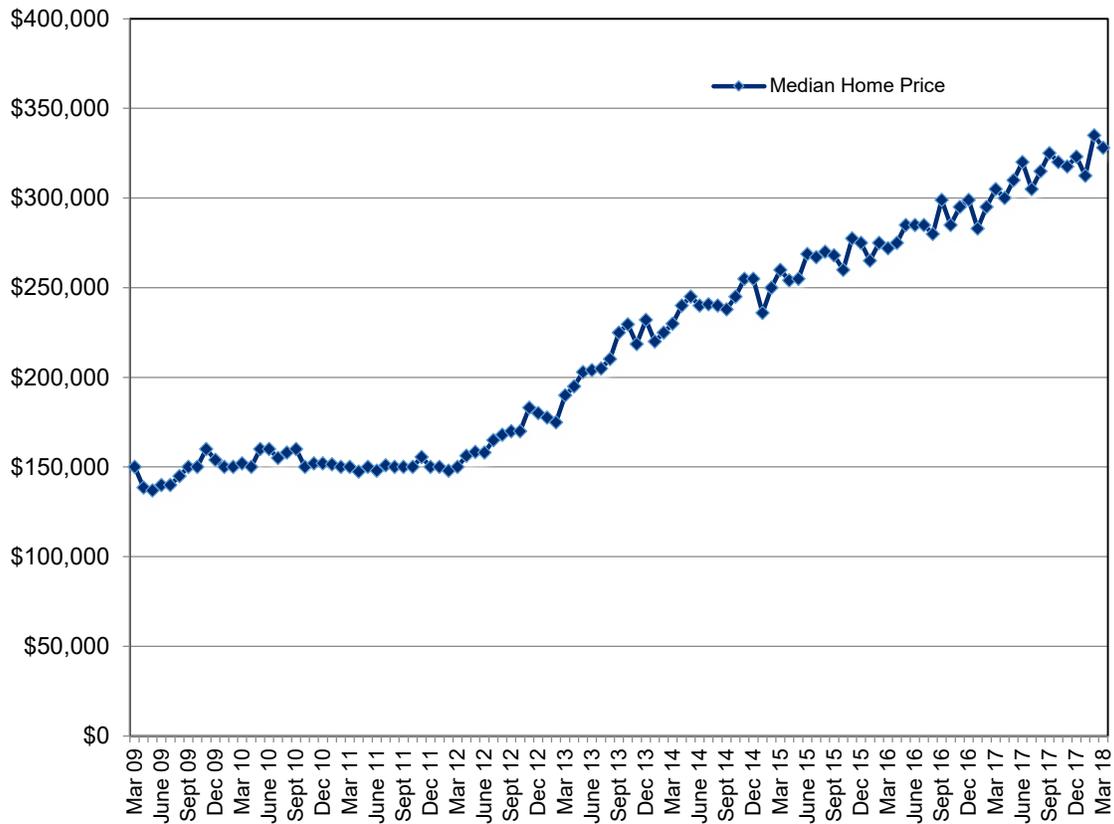

The following sections provide details of:

After a dramatic decline in the median home price due to the mortgage and financial crisis, the median home price was stable at approximately \$150,000 for the 34 month period between September 2009 and June 2012. Since that time, the County's median home price has risen to \$335,000. This compares to a high of \$380,000 in November 2006, during the housing bubble. Although prices are rising, sales are subdued due to a lack of inventory.

Unemployment continues to decline, returning to pre-recession levels at 3.9% as of March 2018, which compares to unemployment rates for the State and the United States of America, which were 4.2% and 4.1%, respectively. During the recession, the loss of jobs in the County led to high levels of unemployment, as shown in the chart below. County unemployment has declined from its peak of 14.8% in July 2010. In 2017, 49,433 jobs were added, and total job gains since 2011 are 300,325, which is 213.52% of the 140,650 jobs lost during the recession. Job growth for 2018 is forecasted at 45,600, which, if achieved, will be consistent with median job growth experienced prior to the recession.

COUNTYWIDE DISCRETIONARY REVENUE

Countywide discretionary revenue and other funding sources total \$868,974,131. These sources are first obligated to pay for required health and welfare matches and other fixed obligations, which total \$281,221,145. The remaining amount of \$587,752,986 is available to fund departmental budgets' Net County Cost or other expenditures.

Shown below are the sources of countywide discretionary revenue and other funding sources of \$868,974,131 for the 2018-19 Recommended Budget:

COUNTYWIDE DISCRETIONARY REVENUE WHICH PAYS FOR NET COUNTY COST

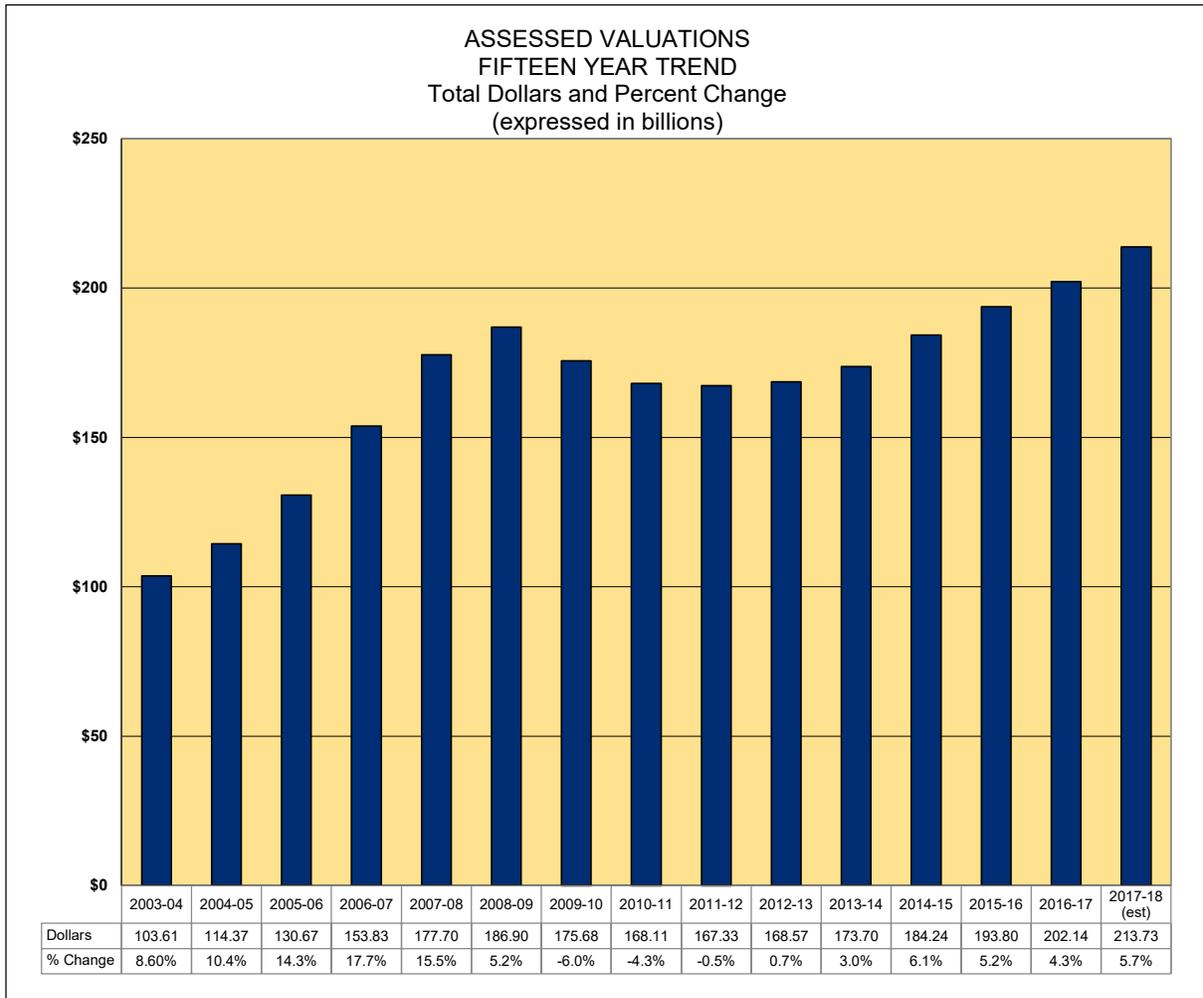

2018-19 Discretionary General Funding of \$868,974,131 includes Countywide Discretionary Revenue of \$743.3 million and Other Funding Sources of \$125.7 million. In accordance with the County Fund Balance and Reserve Policy, the General Purpose Reserve will be built up with one-time sources until the target of 20% of locally funded appropriation is reached. The 2018-19 Recommended Budget includes a contribution of \$11,403,798 to the General Purpose Reserve (1.5% of locally funded appropriation) and brings the funding level to \$119,207,852, or 15.7% of locally funded appropriation. County policy also requires a minimum of 1.5% of locally funded appropriation be placed in General Fund Mandatory Contingencies, which is \$11,403,798 for 2018-19.

Countywide Discretionary Revenue

Property Related Revenue accounts for 68.8% of countywide discretionary revenue and other funding sources. These revenues were severely impacted as a result of the mortgage and financial crisis which resulted in substantial decreases in assessed valuation from 2009-10 through 2011-12. However, the median price of a home in the County has risen and the volume of home sales remains relatively stable.

The 2018-19 Recommended Budget anticipates a 5% increase in the assessed valuation of properties within the County.

Elimination of Redevelopment Agencies

A portion of the General Fund's property tax revenue is pass-through of property tax increment belonging to Redevelopment Agencies. Redevelopment Agencies were dissolved as of February 1, 2012, pursuant to ABx1 26. Pursuant to ABx1 26, revenues that would have been directed to the dissolved Redevelopment Agencies will continue to be used to make pass-through payments to other public agencies (i.e., payments that such entities would have received under prior law). In addition, the State projects that the elimination of Redevelopment Agencies will provide additional property tax revenue (residual) for local public agencies, including the County.

The Teeter Plan

The Teeter Plan is an alternate property tax distribution procedure authorized by the California Legislature in 1949, and implemented by the County in 1993-94. Generally, the Teeter Plan provides for a property tax distribution procedure by which secured roll taxes are distributed based on the tax levy, rather than on the basis of actual tax collections, for agencies that elect to participate in the Teeter Plan (including the County General Fund). Under the Teeter Plan, the County advances each participant an amount equal to the participant's Teeter Secured Levy (adjusted at year end for corrections to the assessment roll) that remains unpaid at the end of the fiscal year. In return, the County General Fund receives all future delinquent tax payments, penalties and interest. The County bears the risk of loss on the delinquent property taxes but benefits from the penalties and interest associated with these delinquent taxes when they are paid. Under the Teeter Plan, the County is also required to establish a tax loss reserve fund to cover losses that may occur as a result of sales of tax-defaulted properties.

The Teeter Secured Levy includes each participating agency's share of the 1% ad valorem secured levy, plus any ad valorem levy for the debt service of voter-approved general obligation bonds. Not included in the Teeter Secured Levy are supplemental roll revenues, special assessments, utility roll revenues, or property tax pass-through amounts from Redevelopment Agencies within the County (see 'Elimination of Redevelopment Agencies' above).

As a participant in the Teeter Plan, the County General Fund receives its entire share of its Teeter Secured Levy, regardless of delinquencies. The County General Fund also receives all participating agencies share of the penalties and interest associated with the delinquent taxes advanced under the Teeter Plan once they are paid. These interest and penalties, accounted for as interest earnings in Countywide discretionary revenue, are projected to remain consistent with 2017-18 estimated earnings.

The following paragraphs describe the components of property related revenue in detail:

Current Secured, Unsecured, Unitary (includes Property Taxes received as a result of Redevelopment Agency dissolution)

Secured Property Tax Revenue makes up approximately \$277.8 million of the \$309.5 million in the 2018-19 "Current Secured, Unsecured, Unitary" budgeted revenue number, up from \$264.6 million in the 2017-18 Estimate. This reflects a projected increase in assessed valuation of 5%.

VLF/Property Tax Swap

Historically, approximately three-fourths of Vehicle License Fee (VLF) revenue was allocated to cities and counties as general purpose funding. Beginning in 1998-99, the State reduced the VLF payment required from vehicle owners. However, the State made up the revenue impact of the VLF rate reductions with State general fund revenue (the 'VLF Backfill').

The VLF Backfill was eliminated in the 2004-05 State Budget. In that year, the VLF Backfill to cities and counties was permanently replaced with an equivalent increase in property tax revenues (VLF/Property Tax Swap revenues). This increase was funded by decreases in property tax revenues allocated to schools and community colleges.

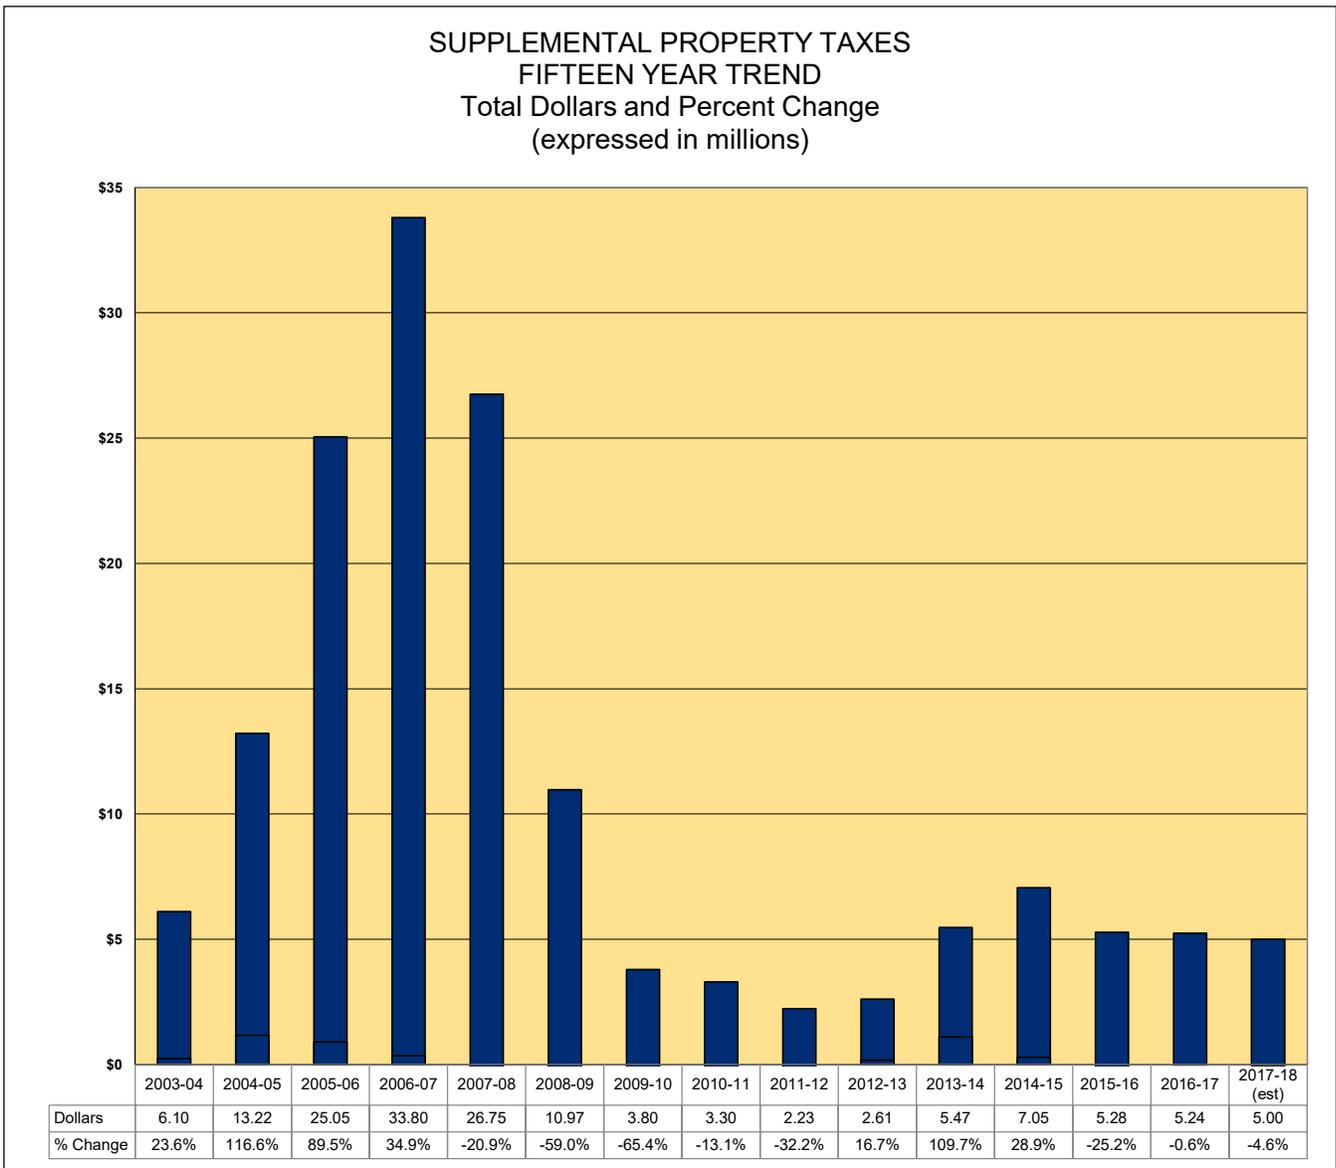

For 2004-05, the State established the base amount of the VLF/Property Tax Swap. The base is equal to the amount of VLF backfill that the counties and cities would have received in 2004-05, calculated using actual VLF receipt amounts for 2004-05. For years beginning in 2005-06, the VLF/Property Tax Swap amount is calculated using the prior year VLF/Property Tax Swap amount adjusted by the percent change in assessed valuation. This percent change includes both secured and unsecured assessed valuation, but excludes the change in unitary valuations. The 2018-19 budgeted amount reflects the projected increase in assessed valuation of 5% as compared to the 2017-18 Estimate.

Supplemental Property Tax

Supplemental Property Tax payments are required from property owners when there is a change in the assessed valuation of their property after the property tax bill for that year has been issued. Generally, there are two types of events that will require a supplemental property tax payment: a change in ownership or the completion of new construction. As a result, when property values have been increasing and sales activity is high, there will be an increase in the number and dollar amount of supplemental property tax bills, which will result in increased supplemental property tax revenue to the County. Conversely, when home values are decreasing, refunds may be due to homeowners, and supplemental property tax revenues will decrease. Because the collection of these revenues may not occur for one to two years after the sale of the property, supplemental property tax revenue will generally lag the reality in the housing market by at least a year.

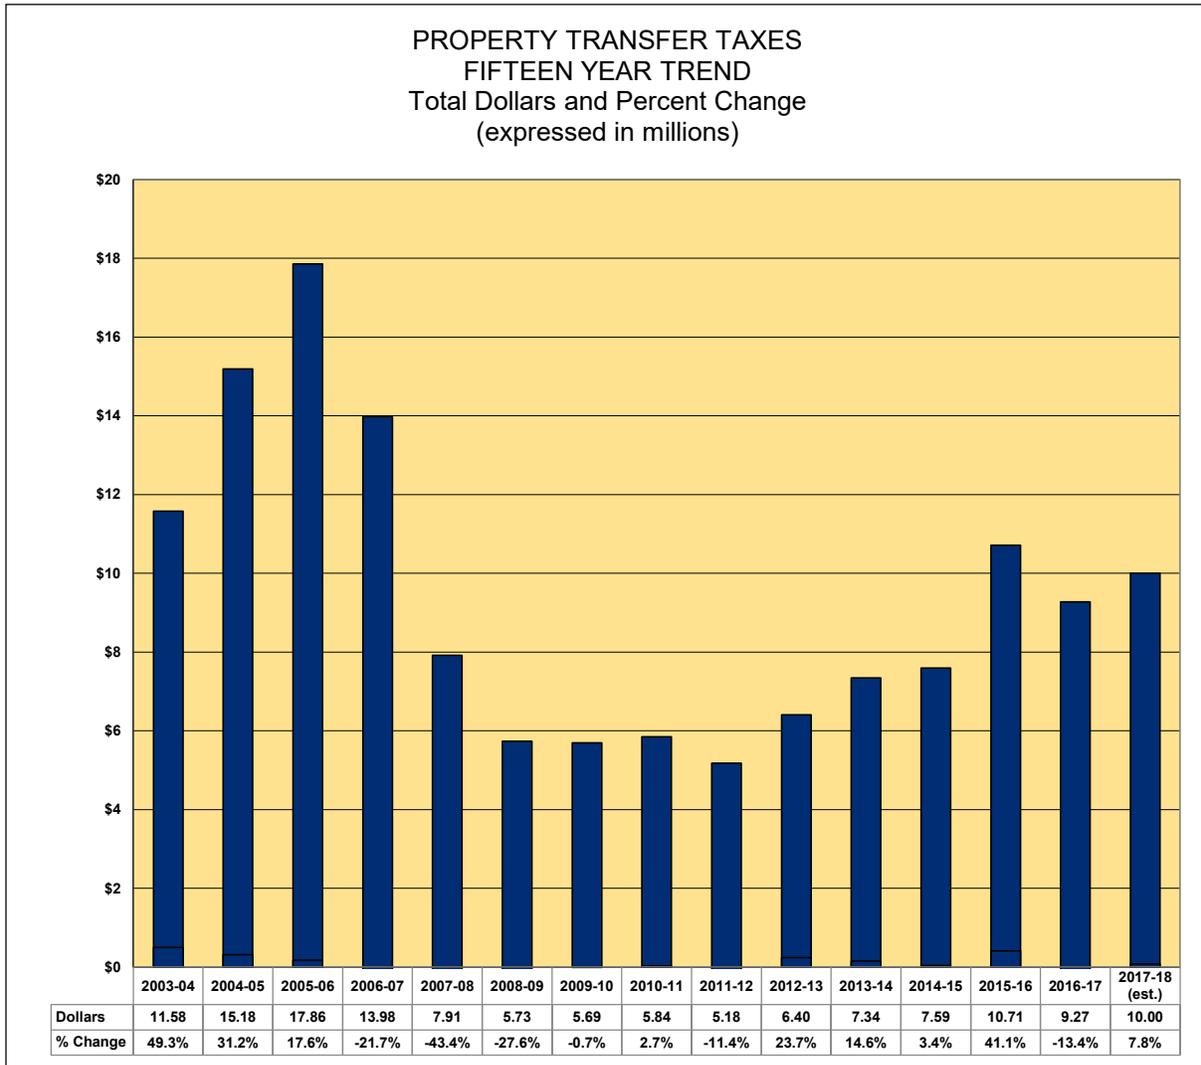

As shown in the chart above, supplemental property tax revenues were extremely high from 2004-05 through 2008-09, at the peak of the housing boom, but have returned to normal levels. The County projects the ongoing portion of these revenues to be \$5.0 million in 2018-19.

Property Transfer Tax

The Property Transfer Tax is collected when any lands, tenements, or other realty sold within the County is granted, assigned, transferred, or otherwise conveyed to or vested in the purchaser. The tax is imposed when the value of the property exceeds \$100. The tax rate is \$0.55 for each \$500 of property value. For sales in the unincorporated areas of the County, the County receives 100% of the tax. For sales in cities, the County receives 50% of the tax. The County anticipates that property transfer tax will total \$10.0 million in 2018-19, consistent with 2017-18 estimated revenue. The following chart presents the most recent fifteen year trend of property transfer tax revenue.

Sales and Use Tax

Countywide discretionary revenue includes 1.0% of taxable sales charged on purchases made in the unincorporated areas of the County. When preparing the annual budget, the County projects future sales tax revenue based on data provided by a local economist and the County's sales tax consultant.

2018-19 ongoing sales tax revenue in the unincorporated area is projected to total \$26.0 million. However, the County has budgeted only \$20.8 million for 2018-19. The sales tax revenue projection of \$20.8 million excludes the ongoing amount that will be remitted to the City of Redlands under the sales tax sharing agreement explained below:

Sales Tax Sharing Agreement with the City of Redlands: In August of 2003, the County entered into a sales tax sharing agreement with the City of Redlands. Under the terms of this agreement, the City of Redlands provides certain government services to an unincorporated area of the County, and in return the County pays the City a percentage of the sales tax revenue generated in that geographical area. This geographical area has numerous retail establishments and generates a considerable amount of sales tax revenue. Under the terms of the sales tax sharing agreement, the County currently pays the City of Redlands 90% of the County discretionary sales tax revenue generated in this area.

Sales Tax Risk – Potential Annexations and Incorporations: A portion of the County’s discretionary sales tax revenue is generated in the unincorporated portion of the spheres of influence of the 24 cities that are within the County’s boundaries. A sphere of influence is a ‘planning boundary’ within which a city or district is expected to grow over time. Therefore, the areas within these spheres are likely to be annexed, and once annexed, the discretionary sales tax revenue generated in that area will go to the city instead of the County. The County would also lose sales tax revenue if a community in the unincorporated area of the County decided to create a new city (incorporate).

Not included in budgeted sales and use tax revenue is \$3.5 million of one-time use tax revenue estimated to be generated from major construction projects in the unincorporated areas of the County. This revenue would normally be distributed to the County, and cities within the County, based on their percent share of countywide sales tax revenue. However, due to the efforts of the Economic Development Department working with companies doing this construction, 100% of this revenue will be allocated to the County. Because this revenue is one-time in nature, it is budgeted as Operating Transfers In (one-time) instead of sales and use tax revenue.

Net Interest Earnings

Net interest earnings for 2018-19 are projected at \$26.3 million and anticipated to remain level when compared to the 2017-18 estimated amount as there are no material changes projected to penalties and interest earned from the Teeter program. For more information see the section titled ‘The Teeter Plan’ found earlier in this section.

COWCAP (Countywide Cost Allocation Plan) Revenue

The budgeted COWCAP Revenue reflects the recovered allowable costs included in the 2018-19 Countywide Cost Allocation Plan (COWCAP) published by the Auditor-Controller/Treasurer/Tax Collector. COWCAP revenue is reimbursement for overhead/indirect costs incurred by the General Fund. Reimbursements are received from various State and federal grant programs (that permit such reimbursement) and General Fund departments and taxing entities such as the County Library and Board-governed Special Districts. The County anticipates COWCAP revenue will increase by \$5.4 million when compared to the 2017-18 Estimate based on information provided by the Auditor-Controller/Treasurer/Tax Collector.

Property Tax Administration Revenue

Property tax administration revenue consists of:

- SB 813 cost reimbursement, which represents allowable charges for administration and operation of the supplemental property tax program. This reimbursement is tied directly to the performance of supplemental property tax revenue.
- The property tax administrative fee, which is allowed by the legislature, recovers a portion of the County’s cost of the property assessment and tax collection process from certain other local jurisdictions that receive property tax revenue. This revenue is tied directly to the cost of that collection effort. School Districts are not required to pay their share of this fee, so not all County costs are recovered.

The 2018-19 Recommended Budget anticipates this revenue will increase by \$3.2 million as compared to the 2017-18 Estimate. The increase is due to a one-time reduction in revenue in 2017-18 due to an audit that determined that the General Fund had been overpaid for the four year period covered by the audit. This resulted in an estimated revenue loss of \$3.7 million, a portion of which is ongoing.

State and Federal Aid

State and federal aid consists of a payment from the welfare realignment restricted fund, which replaced the State revenue stabilization program, SB90 reimbursements from the State, and excess Vehicle License Fee (VLF) revenue. It also includes revenues received from the federal government’s Payment in Lieu of Taxes (PILT) program. PILT is federal payment to local governments to help offset losses in property taxes due to the existence of non-taxable federal land within their boundaries. It is anticipated that this revenue will remain flat as compared to the 2017-18 Estimate.

Other Revenue

Other revenue includes voided warrants issued by the County, projected transfers of unclaimed property tax refunds to the General Fund, the County's share of vehicle code violation revenue, and other miscellaneous revenues.

Other Funding Sources**Fund Balance**

The 2017-18 estimated year-end fund balance for the General Fund is \$48.7 million. This reflects fund balance that is available for appropriation. Anticipated fund balance is a result of unspent General Fund contingencies, departmental cost savings and revenue in excess of budget.

Use of Reserves

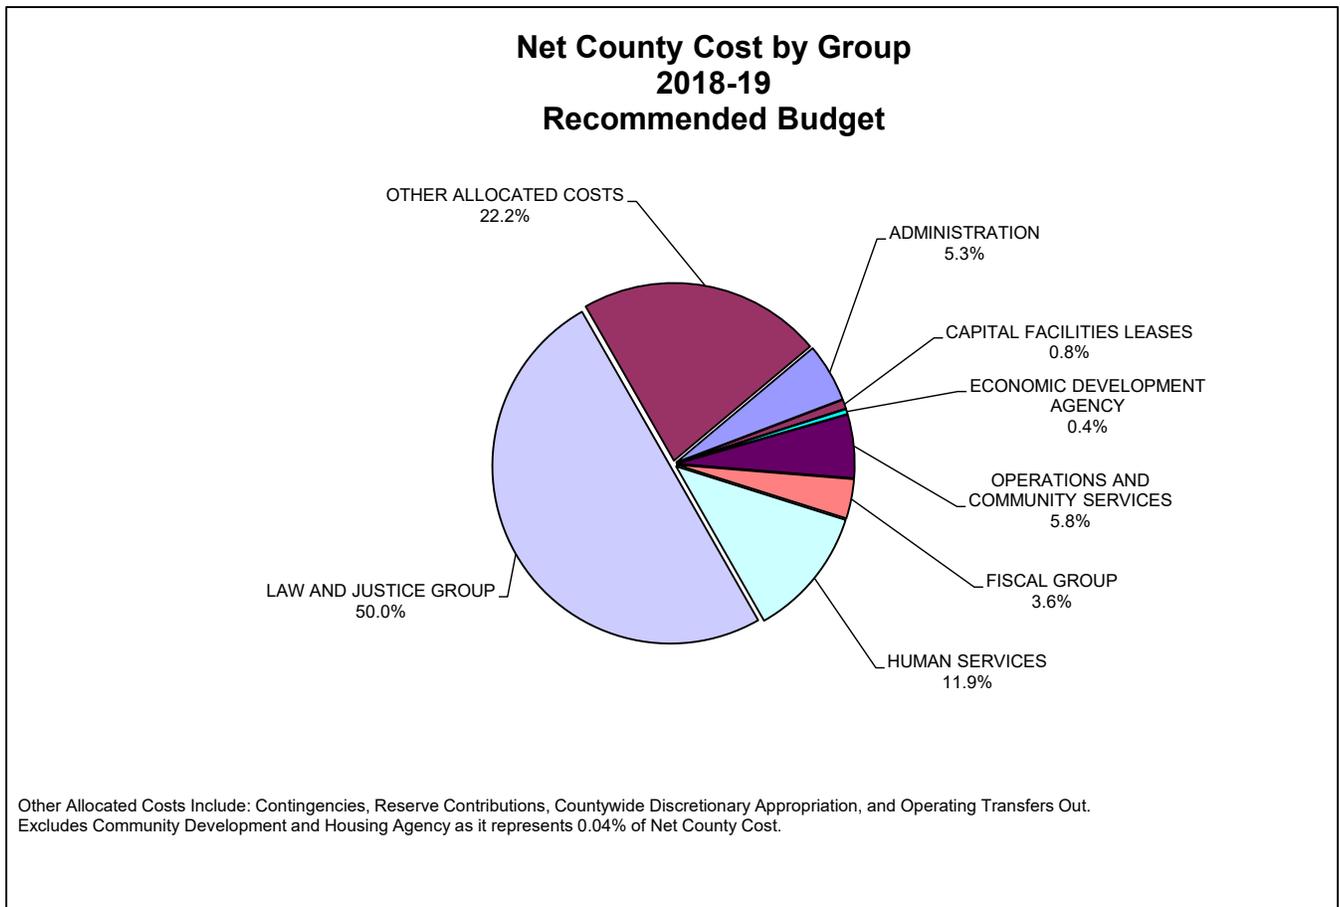

The County has set aside specific purpose reserves and the 2018-19 Recommended Budget anticipates the allocation of specific purpose reserves for use on projects. The \$56.6 million use of General Fund Reserves is primarily to fund capital projects, the implementation of computer systems, and other one-time needs in 2018-19.

Operating Transfers In

Operating Transfers In includes \$17.0 million of ongoing tobacco settlement funds which primarily fund a portion of the annual debt service (\$10.7 million) on the Arrowhead Regional Medical Center and ongoing funding for Public Health. One-time Operating Transfers In include \$3.5 million of estimated one-time sales tax revenue discussed in the section titled 'Sales and Use Tax'.

Countywide discretionary revenue is allocated as Net County Cost to various General Fund departments within the County. The pie chart below shows what percentage of Net County Cost is allocated to each of the groups.

Percentages may not add to 100% due to rounding.

The schedule on the following page shows a comparison of 2017-18 Modified Net County Cost and 2018-19 Recommended Net County Cost by department. This schedule also includes requirements and sources, including operating transfers, which are mechanisms to move funding between the various county budget units. Operating transfers are presented in the following chart because the intended purpose is to provide a complete picture of the departments' requirements and sources.

REQUIREMENTS

NON-DEPARTMENTAL BUDGET UNIT

	2017-18 Adopted Budget	2017-18 Modified Budget	2017-18 Estimate	2018-19 Adopted Budget
Services & Supplies	1,000,000	1,125,000	1,000,000	1,000,000
Other Charges	6,500,000	6,500,000	1,500,000	7,500,000
Total Expenditure Authority	7,500,000	7,625,000	2,500,000	8,500,000

Non-departmental expenditure authority pays for Countywide expenditures not allocable to a specific department, interest expense on the County's Tax and Revenue Anticipation Notes, if applicable, and unanticipated costs such as settlements. In 2018-19, non-departmental expenditure authority is increasing by \$1.0 million as compared to the 2017-18 Adopted Budget which reflects a payment to the California University of Science and Medicine for collaboration in clinical research studies, education, and in the delivery and improvement of healthcare services at Arrowhead Regional Medical Center.

The amount budgeted is not decreased to reflect actual cost experience. This is to ensure that payments can be made when needed without having to request additional spending authority. Settlement payments can have required payment dates without sufficient lead time to obtain approval for budget adjustments. The net interest earnings revenue reported in the table titled 'Countywide Discretionary Revenue Which Pay for Net County Cost' is reduced by these expenditures.

In addition to expenditures, this budget unit also includes operating transfers out which are transfers of cash to fund programs accounted for outside of the General Fund.

CONTINGENCIES

The County Contingencies include the following elements:

Contingencies

Mandatory Contingencies

Board Policy requires the County to maintain an appropriated contingency fund to accommodate unanticipated operational changes, legislative impacts or other economic events affecting the County's operations, which could not have reasonably been anticipated at the time the budget was prepared. Funding is targeted at 1.5% of locally funded appropriation.

Uncertainties Contingencies

Any unallocated funding available from current year sources (both ongoing and one-time) that has not been set-aside or contributed to reserves is budgeted in the contingencies for uncertainties.

Ongoing Set-Aside Contingencies

The County budget process differentiates between ongoing and one-time revenue sources. Ongoing set-asides represent ongoing sources of funding that have been targeted for future ongoing program needs. There are currently no ongoing set-aside contingencies.

2017-18 Changes to Uncertainties Contingencies

In 2017-18, there was a net use of \$27,547,897. The major adjustments are as follows:

- A contribution to Contingencies of \$11,104,946 which represents the release of the IHSS MOE Discontinuance Reserve that was not required to fund 2017-18 costs.
- An allocation of \$1,006,000 to the County Administrative Office for consulting services, two Business Systems Analyst III positions to assist with information technology needs, and two new Deputy Executive Officer positions a part of a structural reorganization of the office.
- An allocation of \$2,105,701 to Human Resources to continue the upgrade of the EMACS payroll and benefits system to version 9.2, funded with an allocation of Net County Cost that remained unspent at the end of 2016-17.
- An allocation of \$477,692 to Public Health to contract for temporary staffing for Environmental Health, funded with an allocation of Net County Cost that remained unspent at the end of 2016-17.

- An allocation of \$100,000 to Public Health for the costs of permits issued to non-profits for temporary events and snack bars for youth sporting events.
- An allocation of \$219,846 to Human Services Administrative Claim for the CalFresh Waiver, funded with an allocation of Net County Cost that remained unspent at the end of 2016-17.
- An allocation of \$22,977 to County Museum to support the Victor Valley Museum Coordinator, funded with an allocation of Net County Cost that remained unspent at the end of 2016-17.
- An allocation of \$211,908 for Land Use Services to enhance Planning's efforts to develop phase II of the EZ Online Permitting System and to create opportunities for individuals pursuing a career in planning.
- An allocation of \$28,730 to Regional Parks to reimburse the concessionaire for discounted entrance and waterslide/splash island combination fees at Lake Gregory Regional Park to promote the park and offset the negative impacts of the lowered water level due to construction issues at the Lake Gregory Dam.
- An allocation of \$144,341 to the Registrar of Voters to fund one Staff Aide position and one personnel technician to coordinate election records, reference materials, assist with the analysis of the election process, and coordinate personnel processes.
- An allocation of \$11,309,440 for various County-wide Capital Improvement Program projects.
- An allocation of \$29,166,114 to fund increases to or establish the following reserves:
 - December 2nd Memorial Reserve in the amount of \$1,000,000
 - Retirement Reserve in the amount of \$9,000,000
 - MOU-California University of Science and Medicine in the amount of \$4,000,000
 - Asset Replacement in the amount of \$3,000,000
 - RESD Construction Management System of \$229,000
 - Valley Dispatch Reserve in the amount of \$11,937,114
- A contribution to Contingencies of \$6,139,906 as a result of an increase in budgeted discretionary revenue.

2018-19 Mandatory Contingencies

The base allocation to the mandatory contingencies is \$11,403,798, the amount required pursuant to Board policy, based on projected locally funded appropriation of \$760.3 million.

2018-19 Uncertainties Contingencies

All available General Fund sources not appropriated in the Recommended Budget or contributed to General Fund Reserves are reflected in the recommended Uncertain Contingencies of \$39.2 million

RESERVES

The Board of Supervisors has established a number of reserves over the years. The majority are for specific purposes, such as to meet future known obligations or to build a reserve for capital projects. The General Purpose reserve protects the County from unforeseen increases in expenditures or reductions in revenues, or other extraordinary events, which would harm the fiscal health of the County. On January 6, 1998, the Board of Supervisors adopted a County policy to provide guidelines and goals for reserve levels. The current policy calls for the County General Purpose Reserve target to be 20% of locally funded appropriation. The Board of Supervisors also established specific purpose reserves to set aside funds to meet future needs.

2018-19 Recommended Contributions and Uses

The Fund Balance and Reserve Policy calls for a General Purpose Reserve targeted at 20% of locally funded appropriation, up from the previous target of 10%. The 2018-19 recommended contribution to the General Purpose Reserve brings the balance in the General Purpose Reserve to 15.7% of locally funded appropriation. The Fund Balance and Reserve Policy calls for continued annual contributions of one-time sources to the reserve until the 20% target is achieved. The 2018-19 contributions to Specific Purpose reserves include

amounts set-aside to fund Capital Improvement Projects, Implementation of Computer Systems, the Earned Leave Reserve, the Asset Replacement Reserve, a reserve for Countywide Crime Suppression and Pilot Programs, and many other important projects and future potential costs as show in the following tables.

PROPOSITION 172

Proposition 172 (Prop 172), which became effective January 1, 1994, placed a one-half percent sales tax rate in the State’s Constitution and required that revenue from the additional one-half percent sales tax be used only for local public safety activities, which include but are not limited to sheriff, police, fire protection, county district attorney, and county corrections. Funding from Prop 172 enabled counties and cities to substantially offset the public safety impacts of property tax losses resulting from the State property tax shift to the Educational Revenue Augmentation Fund (ERAF).

The one-half percent sales tax imposed by Prop 172 is collected by the state and apportioned to each county based on its proportionate share of statewide taxable sales. In accordance with Government Code 30055, of the total Prop 172 revenue allocated to San Bernardino County, 5% is distributed to cities affected by the property tax shift and 95% remains within the County. The following chart reflects the annual amount of Prop 172 revenues received by San Bernardino County, excluding the cities’ distributions, for the past 15 years.

On August 22, 1995, the County Board of Supervisors approved the recommendation that defined the following departments as the public safety services designated to receive the County's 95% share of Prop 172 revenue, consistent with Government Code Section 30052, and authorized the Auditor-Controller/Treasurer/Tax Collector to deposit the County's portion of the Prop 172 revenue as follows:

➤	Sheriff/Coroner/Public Administrator	70.0%
➤	District Attorney	17.5%
➤	Probation	12.5%

Prop 172 revenue currently represents a significant funding source for the Sheriff/Coroner/Public Administrator, District Attorney, and Probation departments. Each year, as part of the budget development process, Prop 172 projections are developed based on staff analysis of revenue trends and forecasts provided by an outside economist.

On February 13, 2007, the Board of Supervisors approved a policy which requires the County to maintain an appropriation for contingency for Prop 172 funds targeted at no less than 10% of the current year's budgeted Prop 172 revenues. This 10% contingency was created to ensure funding for these public safety departments should the County experience Prop 172 revenue shortfalls in the future. These contingencies are maintained for each respective department within the Prop 172 restricted general fund.

The chart below illustrates the estimated beginning and ending fund balances of the Prop 172 restricted general fund, budgeted revenue and departmental usage, the required 10% contingency target, and the amount above that target.

	Estimated Beginning Fund Balance	2018-19 Budgeted Revenue (1)	2018-19 Budgeted Usage	Estimated Ending Fund Balance	10% Contingency	Amount Above Required Contingency

REALIGNMENT FUNDS

Beginning in 1991, the State of California (State) shifted the fiscal and programmatic responsibility of several health and social services programs from the State to counties. In 2011 the State shifted more social services and mental health programs to the counties along with law enforcement services. Separate budget units were established to account for the realigned program funding for the following service areas:

1991 Realignment
Mental Health
Social Services
Health

2011 Realignment
Law Enforcement Services
Support Services

Other Realignment
CalWORKs MOE
Family Support

These Realignment budget units receive funds through a portion of sales tax and vehicle license fees. The budget units do not directly spend funds or provide services, but rather transfer funds to the operating budget units of the departments that incur the actual expenditures related to the realigned programs. The breakdown of the revenue received and departmental usage for each of the individual Realignment budget units is included in this section.

With the realignment of many state services, counties have become increasingly dependent on sales tax and vehicle license fee revenue for these realigned programs. County Realignment sources are vulnerable to the State's economy. When the economy is doing well, the demand for public services goes down while revenues increase, but when the economy begins to retract, the demand for those services rises while revenues decrease. Therefore, the County maintains reserves in the 1991 Realignment funds and will establish reserves for certain 2011 Realignment funds to ensure there is sufficient funding available to provide the needed services.

1991 Realignment

In 1991, the State shifted responsibility for a number of mental health, social services, and health programs to counties. This shift, known as 1991 Realignment, resulted in the creation of two dedicated funding streams to pay for the shifted services: a one-half cent Sales Tax and 24.33% of Vehicle License Fee (VLF) revenues made available by a change in the depreciation schedule for vehicles. Pursuant to SB 1096, Chapter 21, Statutes of 2004, the Vehicle License Fee was reduced from 2.0% of the market value of a vehicle to 0.65% of the market value. SB 1096 also changed the percentage of the VLF revenue allocated to Realignment from 24.33% to 74.9%. This change did not result in increased VLF revenues to 1991 Realignment, but simply reflects the same funding amount expressed as a percentage of the reduced revenue collected. Each of the three service areas identified was required to have their own separate accounts established and each of those service areas receive a different share of statewide 1991 Realignment revenue.

The County is responsible for the following mental health programs: community-based mental health programs, State Hospital services for County patients, and Institutions for Mental Disease; the following social services programs: the County revenue stabilization program and the County justice subvention program; and the following health programs: AB8 County health services, local health services, medically indigent services, and the County medical services program.

In addition to these program responsibility shifts, a number of programs had changes made to their cost sharing ratios. For example, prior to 1991 Realignment, Foster Care non-federal reimbursable costs were funded by 95% State resources and 5% County resources. As a realigned program, Foster Care is funded with 40% State resources and 60% County resources, significantly impacting County resources.

The 1991 Realignment legislation allows for some flexibility in usage of funds at the County level. Upon approval by the Board of Supervisors, a county can transfer 10% of a given year's revenue from one fund to another. San Bernardino County has used this provision in the past to help support either the health or social services programs; however, the County has not made a 10% transfer in several years and is not budgeting one for this fiscal year.

The 1991 Realignment program has some flaws in its design that adversely impact San Bernardino County revenues. First, San Bernardino County is an “under-equity county,” meaning that the County receives a lesser share of revenue relative to other counties based on population and estimated poverty population. Revenue distributions among counties were determined by expenditures in the programs that were transferred just prior to the adoption of Realignment. San Bernardino County was under-equity in those programs. 1991 Realignment did attempt to address the inequity issue, but the effort fell short. The County continues to be under-equity at this time and barring any legislative action the amount of inequity will increase over time. As growth occurs in the revenue streams, incremental new funding is distributed on existing sharing arrangements between the counties. The counties that are already over-equity get a higher percentage of the new revenue while those that are under-equity get less.

2011 Realignment

The State addressed prison overcrowding by shifting custodial responsibility of non-violent, non-sex, and non-sex-against-children (‘Triple-Nons’) offenders to local jails in 2011, through Public Safety Realignment (AB 109). In addition, the parole function of the State was delegated to county Probation departments; parole revocation hearings were shifted to the local jurisdictions and cases were assigned to the District Attorney and Public Defender. The State also realigned Juvenile Reentry and Trial Court Security by placing 100% of the financial burden of those programs on the County. The justification for the ‘Public Safety Realignment’ is that it gives the County flexibility to better provide mental health and social services to the recently incarcerated in the hopes of reducing recidivism and having the net effect of lowering both jail and prison population.

In conjunction with AB 109, the State also shifted full financial burden of many social service and mental health programs to the County, including: Adult Protective Services, Foster Care, Child Welfare Services, Child Abuse Prevention and Intervention, Drug Court, and Medi-Cal substance abuse treatment programs. The County was responsible for delivery of these programs before realignment, but with the shift, the State no longer participates in the share of cost. While the State no longer shares in the cost, it has dedicated a portion of the State sales tax (1.0625%) revenue, along with a portion of vehicle license fees for these realigned programs. The County continues to receive federal funding in all of these programs at different levels depending on the program.

In November 2012, the California voters passed Proposition 30 which increased both Sales and Income Tax. The measure also dedicated a funding stream for 2011 Realignment in the State Constitution. That process has mitigated the revenue stream doubts that existed with the onset of 2011 Realignment, but funding will now be directly dependent on the health of the economy.

The two service areas of 2011 Realignment, Law Enforcement Services and Support Services, have each been assigned their own budget unit. The Law Enforcement Services budget unit has five subaccounts: 1) Community Corrections; 2) Juvenile Justice (administered by Probation); 3) Local Innovation; 4) Parole Revocation - District Attorney/Public Defender (which share the funds equally); and 5) Trial Court Security (administered by the Sheriff/Coroner/Public Administrator’s department). The Community Corrections subaccount is administered by the Local Community Corrections Partnership which consists of a membership defined by Penal Code Section 1230 (including the Chief Probation Officer, the Sheriff/Coroner/Public Administrator, the District Attorney, the Public Defender, and Social Services Executives). As established by State law, the County’s Local Community Corrections Partnership (CCP) has authority over the allocation of revenue from the Community Corrections subaccount. Historically, additional subaccount revenue has been used to cover the cost of new Public Safety Realignment programs. The CCP has also allocated additional estimated revenue from the subaccount to fund existing Public Safety Realignment program inflationary costs (e.g., retirement increases, negotiated employee cost increases).

The Support Services budget unit has two subaccounts: Behavioral Health and Protective Services. The Department of Behavioral Health allocates the subaccount funding to Specialty Mental Health, Drug Court, and the Drug Medi-Cal substance use disorder treatment programs while Human Services allocates the Protective Services subaccount to the appropriate social service programs. The 2011 Realignment legislation allows counties to allocate up to 10% between the Behavioral Health and Protective Services subaccounts on a one-time basis. The 10% is based on the amount deposited in the previous year in the subaccount with the lowest

balance. The County is not budgeting a transfer between subaccounts in this fiscal year. In the event that such transfer is needed, Board of Supervisors approval is required. The Board of Supervisors also has the discretion to establish a Support Services Reserve Subaccount of up to five-percent (5%) from each subaccount's previous year's deposits.

Other Realignment

The State redirected funding from 1991 Realignment for Mental Health Services to the CalWORKs MOE portion related to 2011 Realignment. Sales tax and vehicle license fee revenue that previously was directed to the fund for Mental Health matching funds is now going to the CalWORKs MOE fund. The CalWORKs MOE budget unit provides funding to pay benefits to CalWORKs clients. The Mental Health funding now comes in the form of a defined monthly amount taken off the top of 2011 Realignment revenues. California Government Code establishes a statewide amount of \$1.121 billion per year directed to the Mental Health Fund with future growth in the CalWORKs MOE fund to be directed to Mental Health as well.

Assembly Bill 85 (AB85) was signed into law on June 27, 2013, in order to provide a mechanism for the State of California to redirect a portion of 1991 Realignment for Health Services to fund social service programs. This shift is due to the idea that less health realignment is necessary as a result of the implementation of the Affordable Care Act. Per California Welfare and Institutions Code 176500.10(a)(5) and AB85 legislation the establishment of a new Family Support subaccount was required at the local level. This funding replaces State General Fund to fund the non-federal share of CalWORKs benefits.

Budgetary Note: Growth and ongoing revenues are reflected in the period the revenue is received and is consistent with other County budget reporting. Prior year growth revenue received is shown separately from regular revenues received in the budget unit. The financial information presented in the Realignment budget sections is not consistent with State reporting requirements for the 1991 Realignment funds as a result of delays by the State in distributing sales tax growth revenue.

Mental Health funding comes in the form of a defined monthly amount. Revenues are projected to exceed departmental usage in 2017-18 which will result in an increase in fund balance of \$5.3 million. Behavioral Health uses less realignment funding as more clients are receiving Medi-Cal revenue as a result of expanded eligibility of the implementation of the Affordable Care Act. Fund balance is budgeted to increase by \$5.5 million in 2018-19 due to lower departmental usage resulting from the elimination of construction expenditures associated with the completed Children's and Juvenile Justice facility.

Prior year growth revenue is not expected to be received in 2017-18 through 2019-20 due to redirection of growth funds to IHSS. Departmental usage will continue to be monitored closely to ensure that fund balance is maintained at adequate levels since the Mental Health 1991 Realignment has a fixed allocation.

Revenue is expected to exceed departmental usage in 2017-18 primarily due to the shift of growth funds from Health and Mental Health and accelerated IHSS growth. Departmental usage is budgeted to exceed revenue in 2018-19 due to the structural change in the IHSS MOE, addition of positions in Children and Family Services to cover increased caseload levels, and caseload and Cost Necessities Index (CNI) growth in Foster Care payments, Kinship Guardianship Assistance, and Adoptions Assistance, resulting in a decrease in fund balance of \$16.2 million. Based on this increased need in departmental usage, discretionary general funding will be needed in the future.

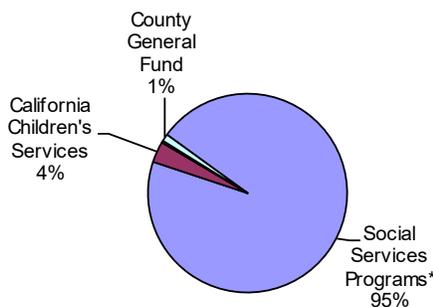

Social Services has priority claim on any 1991 Realignment sales tax growth received. Prior year growth revenue of \$13.0 million was received in 2017-18. Departmental usage will continue to be monitored closely to ensure that fund balance is maintained at adequate levels to mitigate potential operational impacts of sales tax fluctuations.

Departmental usage is expected to exceed revenue in 2017-18, resulting in a decrease in fund balance of \$18.0 million primarily due to a transfer to family support subaccount as a result of the implementation of the Affordable Care Act. Revenues are projected to decrease in 2018-19 as a result of Assembly Bill 85 legislation which redirects health realignment to the State to fund social services programs due to the passage of the Affordable Care Act. Revenues are expected to exceed departmental usage in 2018-19 due to no planned usage by ARMC resulting in an increase in fund balance of \$3.5 million.

Prior year growth revenue of \$616,180 was received in 2016-17, which is available to fund one-time needs. Prior year growth revenue is not expected to be received in 2017-18 through 2019-20 due to redirection of funds for IHSS. Departmental usage will continue to be monitored closely to ensure that fund balance is maintained at adequate levels to mitigate potential operational impacts of sales tax fluctuations.

Revenues are projected to exceed departmental usage in 2017-18, resulting in an increase in fund balance of \$6.5 million primarily due to prior year growth revenue received that has not yet been allocated to departments. Departmental usage is budgeted to exceed revenues in 2018-19 due to the funding of various one-time needs, resulting in a decrease in fund balance of \$5,388,639.

Prior year growth revenue of \$7.2 million was received in 2017-18, which is available to fund one-time needs. Although prior year growth revenue is expected to be received in 2018-19, it has not been included in the budget at this time due to the uncertainty of the amount. Departmental usage will continue to be monitored closely to ensure that fund balance is at adequate levels. Fund balance will be used for one-time needs and to establish reserves for sales tax volatility.

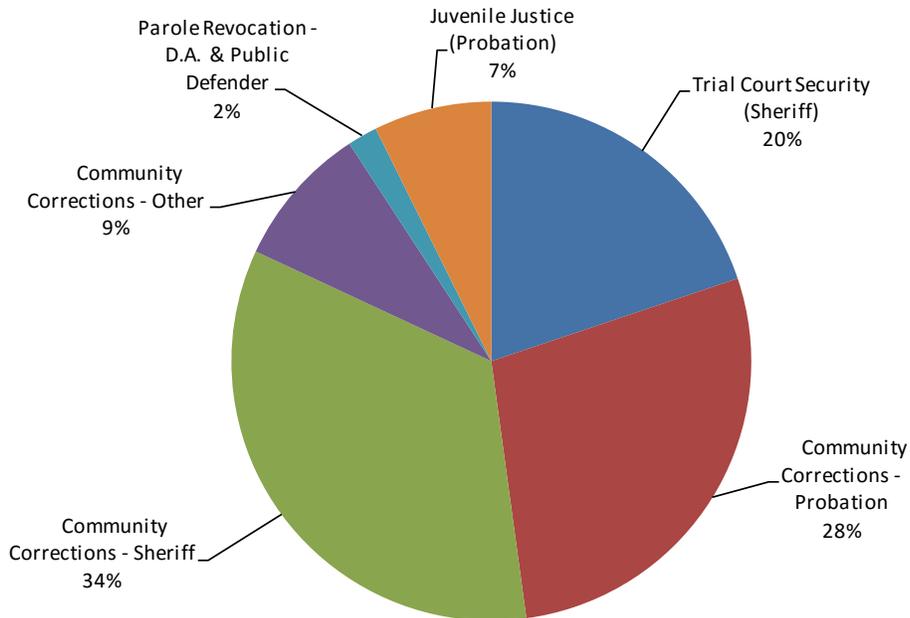

Departmental usage of 2011 Realignment funding for Law Enforcement Services is detailed in the table and chart on the following page.

This will result in a decrease in fund balance of \$11.8 million. Revenue will slightly exceed departmental usage in 2018-19 due to including prior year growth for Behavioral Health and Protective Services resulting in an increase in fund balance of \$1.2 million.

Prior year growth revenue of \$10.4 million is expected to be received in 2018-19. Departmental usage will continue to be monitored closely to ensure that fund balance is at adequate levels. Fund balance will be used to establish reserves for Protective Services.

Funding for the CalWORKs MOE comes from both Sales Tax and Vehicle License Fee revenues. These revenues originally funded Mental Health programs but, as part of 2011 Realignment, the funds were redirected to CalWORKs. Revenues are projected to exceed departmental usage in 2017-18 primarily due to an ongoing decline in caseload in the CalWORKs program. This will result in an increase in fund balance of \$5.9 million. Fund balance is budgeted to increase by \$8.1 million in 2018-19 due to an ongoing decline in caseload and timing of the State reconciliation process. The department anticipates returning the fund balance to the State at a later date based on actual expenditures.

This budget unit was established in 2013-14 per California Welfare and Institutions Code 17600.10(a)(5). Funding for Family Support comes from counties' indigent health care savings that are redirected from counties' Health 1991 Realignment Subaccount and moved to the new Family Support subaccount at the State level. Funds are allocated to counties from the Family Support subaccount in lieu of State general fund for CalWORKs assistance payments. The distribution of funds is based on counties' CalWORKs general fund expenditures.

Revenues are projected to exceed departmental usage in 2017-18 due to a transfer from Health 1991 Realignment to Family Support. This will result in an increase in fund balance of \$25.8 million. Prior year growth revenue of \$6.2 million was received in 2017-18, which is available to fund future caseload and expenditure growth. Revenues are budgeted to exceed departmental usage in 2018-19 due to budgeting prior year growth revenue of \$3.5 million to fund the increased CalWORKs expenditures.

AUTOMATED SYSTEMS DEVELOPMENT

The Automated Systems Development budget unit is a restricted General Fund that was established in 2011-12 to fund the development, upgrade, and/or replacement of the County’s Financial Accounting System (FAS), a core information technology system; and for other future developments.

The new FAS project is a countywide collaborative effort to replace the existing financial accounting system that was implemented over 20 years ago and does not provide either the efficiencies or information for managing County functions that modern systems provide. In 2011-12, the Board of Supervisors approved a \$12.0 million allocation of Discretionary General Funding to fund this project. In 2013-14, the Board approved an additional \$13.0 million for this project, which was added as a General Fund Reserve (New Financial Accounting System Reserve).

In April 2016, the Board of Supervisors approved contracts with SAP Public Services, Inc. (SAP) for financial software licensing, maintenance and support, and Labyrinth Solutions, Inc. for SAP Enterprise Financial Management System implementation consulting services. Implementation of the new system commenced in May 2016. Wave 1, consisting of the Financial Accounting modules, went live on October 1, 2017. Subsequent waves 2 and 3 include Budget Preparation, Accounts Receivable, Strategic Procurement, Supplier Management, Fixed Assets and Inventory Management.

MAJOR REQUIREMENTS AND SOURCES IN THE 2018-19 RECOMMENDED BUDGET

Requirements of \$5.9 million represent staffing, operating and application development costs. Staffing Expenses of \$1.4 million fund 10 positions to assist the Auditor-Controller/Treasurer/Tax Collector, Finance and

Administration, Human Resources, and Information Services in the implementation of waves 2 and 3 of the project. Operating Expenses of \$2.6 million include contracted services, and reimbursement to ISD for Application Development and staffing costs and to Purchasing for staffing costs. Capital Expenditures of \$1.9 million reflect a decrease of \$599,449 in contract implementation costs in 2018-19.

Operating Transfers In reflect a \$2.3 million allocation from the New Financial Accounting System Reserve established in 2013-14 for this project. After the \$2.3 million allocation in 2018-19, \$1.2 million will remain in the reserve.

COUNTY OF SAN BERNARDINO

The County of San Bernardino's 2018-19 Recommended Budget covers the period from July 1, 2018 – June 30, 2019. The 2018-19 Recommended Budget represents a consolidation of all County entities which includes \$6.2 billion in budgeted Requirements and Sources as well as 23,080 in budgeted staffing. The budget consists of several funds including the general fund, restricted funds, capital project funds, special revenue funds, internal service funds, enterprise funds and permanent funds. Each department is responsible for operating within their budget and has the authority to spend up to the approved budget.

When developing their individual budgets, each department considers the Countywide Vision and goals and objectives of the County of San Bernardino approved by the Board of Supervisors (Board):

Countywide Vision

In 2010, the Board set out to establish a Countywide Vision for the future of the county as a whole, seeking input from the community through an online survey, town hall meetings and more than two dozen industry-specific focus groups. The County partnered with the San Bernardino Associated Governments (now known as the San Bernardino County Transportation Authority) representing the county's 24 cities and towns on this effort that culminated in development of the Countywide Vision Statement and report, which were endorsed and adopted by the Board on June 30, 2011.

We envision a complete county that capitalizes on the diversity of its people, its geography, and its economy to create a broad range of choices for its residents in how they live, work, and play.

We envision a vibrant economy with a skilled workforce that attracts employers who seize the opportunities presented by the county's unique advantages and provide the jobs that create countywide prosperity.

We envision a sustainable system of high-quality education, community health, public safety, housing, retail, recreation, arts and culture, and infrastructure, in which development complements our natural resources and environment.

We envision a model community which is governed in an open and ethical manner, where great ideas are replicated and brought to scale, and all sectors work collaboratively to reach shared goals.

From our valleys, across our mountains, and into our deserts, we envision a county that is a destination for visitors and a home for anyone seeking a sense of community and the best life has to offer.

The Countywide Vision report and related documents are available for review at www.sbcounty.gov/vision.

County Paradigm and Job Statement

Following the adoption of the Countywide Vision, the Board adopted the County paradigm and job statements on April 10, 2012. These statements describe County government's role in achievement of the Vision.

Our Paradigm: The County of San Bernardino is a regional government. We understand that every aspect of the quality of life in a community is part of an interrelated system. The County takes responsibility for ensuring that the community has determined how, when and by whom each element of that system is being addressed in pursuit of our shared Vision of the county and the future we desire.

Our Job: Our job is to create a county in which those who reside and invest can prosper and achieve well-being.

County Goals and Objectives

The Board has established goals for the County since 2010. These goals seek to improve County government by providing a unified focus for all departments, clarifying roles and responsibilities, ensuring alignment and proper allocation of fiscal and human resources, and fostering collaboration with other governmental agencies.

The Board approved the following County Goals and Objectives on March 1, 2016.

Implement the Countywide Vision

- *Continue the County role of convening conversations on community collaboration and collective action.*
- *Continue to promote the Countywide Vision and support the Element Groups.*

Create, Maintain, and Grow Jobs and Economic Value in the County

- *Focus on training, education, employment and support services for the unemployed and underemployed, developing a more highly-educated and trained workforce.*
- *Continue business retention and expansion programs while implementing office and industrial attraction strategies for companies providing high-paying jobs.*
- *Provide stable governmental leadership, consistent decision-making and efficient processing to inspire confidence in investors and ensure a business-friendly environment.*
- *Compete globally, regionally and locally for businesses and investment.*
- *Utilize County programs and resources to support the local economy, maximize job creation and promote tourism.*

Improve County Government Operations

- *Maintain clear lines of authority and clarity in terms of roles, responsibilities and governance of all County departments and programs.*
- *Develop an approach to evaluate the performance of department heads who report to the Board.*
- *Continue to develop and maintain consistent messaging for the organization.*
- *Ensure that employees know that they and their work are valued.*
- *Monitor and evaluate operations and implement strategies to continually improve efficiency, effectiveness, and collaboration.*

Operate in a Fiscally-Responsible and Business-Like Manner

- *Develop a long-term budget plan which brings County operations into both fiscal and programmatic balance, including full funding of reserves for infrastructure and operating system maintenance and replacement.*
- *Invest County resources in ways which create more ongoing revenue to reinvest in maintaining and improving services.*
- *Eliminate silos and consolidate and centralize administrative functions, including financial management and oversight.*
- *Implement information management best-practices that will fully utilize available technology, unify platforms and move toward a standardized enterprise approach.*

Ensure Development of a Well-Planned, Balanced, and Sustainable County

- *Ensure that the County's approach to development recognizes the diverse character of County unincorporated areas.*
- *Work collaboratively with cities on zoning and development standards in their spheres of influence.*
- *Prioritize investments in services and amenities for County unincorporated communities.*

Provide for the Safety, Health, and Social Service Needs of County Residents

- *Partner with County and non-County agencies and maximize the use of Federal and State programs and funding to address the public health, safety and social service needs of County residents and move participants to self-sufficiency.*

- *Support efforts to improve the capacity of non-profit organizations to help address the needs of County residents.*
- *Develop a clinically integrated network of County departments and other health providers to support a comprehensive approach to population health management for County residents.*

Pursue County Goals and Objectives by Working with Other Agencies

- *Work with Federal, State and regional governments and organizations, to ensure San Bernardino County receives its fair share of resources.*
- *Collaborate with other agencies to help shape legislation and regulations which affect the County.*
- *Maintain close working relationships with cities, tribes and other governmental agencies.*

Focus on Recovery and Resiliency Following the December 2, 2015 Terrorist Attack (SB Strong)

- *Support County employees affected by the December 2, 2015 terrorist attack.*
- *Develop a memorial honoring County victims and first responders.*
- *Pursue economic investment in the City of San Bernardino and the region.*
- *Document actions taken to support the victims and the County organization and analyze their effectiveness in order to share lessons learned with those preparing for or suffering similar tragedies.*

In addition to the adoption of annual Goals & Objectives, since 2010 the Board of Supervisors is continuing to focus on maintaining the County's infrastructure and facilities, investing in underlying operating systems and improving service levels while implementing long-term solutions needed to establish a solid financial foundation for the County.

Performance Measurements

As part of the continuing effort to align resources with operational priorities, each department was asked to review existing performance measurements to ensure alignment with the County Goals and Objectives. These measurements should be realistic, easily quantifiable, and reflect progress on long-term multi-year strategic initiatives or the accomplishment of shorter-term tactical goals, that directly correlate to the identified County objectives and reflect activities within the department's control. Performance measurement progress continues to be reported as part of each quarterly budget report.

Performance measure information in the 2018-19 Recommended Budget book includes departmental strategies to achieve selected County Goals and Objectives, departmental performance measures for 2018-19 to demonstrate if departments are meeting the County Goals and Objectives and prior year accomplishments for performance measures carried over from the prior year. BUDGET PLANNING CALENDAR

ONGOING

Policy Direction - The Board of Supervisors provides ongoing policy direction to the Chief Executive Officer.

Significant Budgetary or Programmatic Impacts – Significant budgetary or programmatic changes and potential impacts are immediately communicated to the County Administrative Office and the Board of Supervisors to allow for timely decision-making and policy direction.

Year-End Estimates - Departments provide year-end estimates of revenues and expenditures to Finance and Administration on a monthly basis and any significant changes are addressed timely.

Quarterly Budget Reports - The County Administrative Office brings an agenda item to the Board of Supervisors requesting modifications to the adopted budget. Quarterly budget adjustments serve as a management tool to help each department assess the current environment, and anticipate and respond appropriately to that environment. In addition, the quarterly budget adjustments provide the Board of Supervisors with the most current information on County department revenues (sources) and appropriation (requirements) with which to base decisions, and serve as a guideline to lead the County in preparing the upcoming budget.

OCTOBER THROUGH FEBRUARY

Capital Improvement Plan – Departments submit annual capital improvement requests for improvements to land or structures that exceed \$5,000. These requests include a project description and justification, financial impact, and funding source. The requests are evaluated and prioritized by Finance and Administration and provided to the Chief Executive Officer for comments and recommendations, and presented to the Board of Supervisors for final approval. In addition, departmental five-year capital improvement plans are updated to re-evaluate priorities based on changing circumstances, staffing levels, and available funding.

Fee and Internal Service Rate Development – Departments develop their recommended fee changes and internal service rate adjustments for the upcoming budget year and submit them to Finance and Administration for review and recommendation to the Chief Executive Officer, and to the Board of Supervisors for final approval. Departments are required to compute their full cost of service, capturing both direct and indirect costs associated with fees and internal service rates. Departments are able to recommend an alternate fee amount to the Board of Supervisors, if based on their knowledge, implementation of a full cost fee or internal service rate would not be beneficial.

JANUARY AND FEBRUARY

Five-Year Fiscal Forecast – Finance and Administration develops a Five-Year Fiscal Forecast of financial operations for general fund programs, projecting major revenues (sources) and expenditures (requirements), based on current service levels and expected future changes to those programs or service levels. The analysis includes the identification of trends, significant impacts, and recommendations, which are presented to the Chief Executive Officer for recommendation to the Board of Supervisors for final approval.

Budget Prep System – The in-house budget system is updated for changes in the various Memorandums of Understanding between the County and the various employee representation units.

MARCH AND APRIL

Budget Prep System – The system is opened for departmental input in preparation of the budget submittal. Internal training is conducted for all users of the system.

County Fiscal Plan – The five-year County fiscal plan is developed based on revenue projections and estimates of ongoing cost changes to maintain current service levels for the five years. This plan includes the allocation of discretionary general funding (net county cost) and provides estimates of any remaining funding or shortfall.

Preparation of Recommended Budget – Departments develop their respective recommended budgets and submit them to Finance and Administration for review, and to the Chief Executive Officer for recommendation, and to the Board of Supervisors for final approval. General fund departments must budget within their respective net county cost allocations given to them based on the County fiscal plan. Special Revenue Funds, Internal Service Funds, and Enterprise Funds may budget requirements in excess of current year sources which reflects an operational decision to utilize assets that have been carried over from prior periods.

APRIL THROUGH JUNE

Internal Service Rates – The rates charged by departments for services provided to other departments are brought before the Board of Supervisors for approval. In addition to rates for internal service funds, rates for services provided by general fund departments, such as Facilities Management, Human Resources, and Real Estate Services – Project Management Division are also approved.

Fee Hearing – The Board of Supervisors conducts a public hearing on the Recommended Fee changes for the upcoming fiscal year. Approved fee changes are included in the Recommended Budget submittals to the Board of Supervisors.

Fiscal Overview – The Board of Supervisors receives a presentation from the Chief Executive Officer on the County’s current and projected financial condition. The presentation includes a preview of the Recommended Budget including proposed budget programs, potential issues and also provides the Board of Supervisors the opportunity to discuss and provide input for development of the County’s Recommended Budget.

Submission of Recommended Budget – The Recommended Budget Book is finalized and presented to the Board of Supervisors. The County Administrative Office publishes notices and schedules public hearings to discuss the Recommended Budget.

Budget Hearing and Adoption of Budget – The Board of Supervisors conducts a public hearing on the Recommended Budget. At this time, the Board may modify the Recommended Budget. All Board approved changes are incorporated into the Adopted Budget.

JULY THROUGH OCTOBER

Budget Prep System – Finance and Administration makes final budget changes to the Budget Prep System for items approved by the Board of Supervisors, including final fund balance adjustments.

Preparation of Adopted Budget Book – Finance and Administration updates the Recommended Budget Book to reflect final changes.

General Fund Budget Process

The County Administrative Office has the responsibility of developing the County fiscal plan for all General Fund departments. This plan begins with a Five-Year Fiscal Forecast which is detailed in the County Fiscal Plan section of the Executive Summary. This forecast highlights estimated costs and revenue projections for the upcoming fiscal year, as well as the next four fiscal years. The County uses this forecast to build their fiscal plan for the five years beginning 2018-19.

The County fiscal plan also focuses on two restricted general fund funding sources, Proposition 172, and 1991 and 2011 Realignment. **Proposition 172** assists in funding the Sheriff/Coroner/Public Administrator, District Attorney, and Probation departments. **1991 Realignment** assists in funding the general fund departments of Human Services, Behavioral Health, and Public Health for mental health, social services, and health programs. **2011 Realignment** assists in funding the general fund departments of Human Services, Sheriff/Coroner/Public Administrator, Probation, District Attorney, Public Defender and Behavioral Health for public safety, health and welfare programs.

For some departments, budgets are also built utilizing revenues generated from fees. On February 27, 2018 the Board of Supervisors held a fee workshop to discuss recommended fee changes and the fee process, and held a fee hearing on March 20, 2018. The fee hearing is designed to take public testimony related to fee changes for the 2018-19 fiscal year. The majority of approved fees become effective July 1, 2018.

Other Funds Budget Process

In addition to the general fund, the County of San Bernardino has capital project funds, special revenue funds, enterprise funds and internal service funds. All of these funds are restricted to the revenue sources they receive. Each department having these types of funds is responsible for developing its budget based on the revenue (sources) available to them. These sources include projected revenue to be collected in 2018-19 and any revenue not spent and carried forward from prior years (for example, fund balance for special revenue funds). These budgets will also be discussed during the Budget Hearing. When the Board of Supervisors adopts the recommended budget, they will also approve the necessary fund balance adjustments to special revenue funds to agree to the Auditor-Controller/Treasurer/Tax Collector’s actual fund balance.

Other Entities Budget Process

In 2014-15, Board Governed Special Districts and Other Agencies (referred to collectively as “entities”) were consolidated into the uniform, Countywide budget process. These entities include special revenue funds, capital

project funds, internal service funds, enterprise funds and permanent funds. Acting as the appropriate governing body, the Board is presented with and adopts a recommended budget for each respective entity.

The 2018-19 Recommended Budget, including all entities and funds discussed above, is scheduled for hearing and adoption on June 12, 2018.

Amending the Adopted Budget

An operating budget is adopted each fiscal year for all Governmental Funds. Expenditures are controlled at the appropriation unit level within budget units for the County. Any increases in appropriation in a budget unit after adoption of the budget will be submitted on a quarterly budget report or separate mid-year item placed on the agenda of the Board of Supervisors and a four-fifths vote is necessary for approval.

Transfers of appropriation within the same budget unit may be approved by the County Administrative Office depending upon the appropriation unit, unless noted below:

Transfer of Salaries and Benefits Appropriation:

- Transfers out require Board of Supervisors approval and should be included in a quarterly budget report.

Transfers of Fixed Asset Appropriation:

- Transfers in and out among the different fixed asset appropriation units are approved by the County Administrative Office as long as the total fixed asset appropriation does not increase.
- Transfers out of Fixed Asset Appropriation-
 - Transfers out increasing a non-fixed asset appropriation unit within individual Capital Improvement Program (CIP) project budgets are approved by the County Administrative Office as long as the total project budget does not increase.
 - Transfers out increasing a non-fixed asset appropriation unit are required to be included in the quarterly budget reports for Board of Supervisors approval, except within the CIP, as detailed above.
- Transfers in of Fixed Asset Appropriation-
 - Transfers in from a non-fixed asset appropriation unit to fund a unit value less than \$10,000 may be approved by the County Administrative Office.
 - Transfers in from a non-fixed asset appropriation unit to fund a unit value of \$10,000 or more are required to be included in a quarterly budget report for Board of Supervisors approval.

Transfers impacting Operating Transfers Out Appropriation:

- Any changes to Operating Transfers Out are required to be included in a quarterly budget report for Board of Supervisors approval.

BUDGET BOOK FORMAT

Budget units presented in this book are displayed at a fund/department level. Although some departments incorporate additional organizational levels when developing their budgets, the fund/department level of presentation was selected to provide consistency between all budget units. A sample of the departmental budget format is included in this overview.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$6.6 million make up the majority of the Board of Supervisors' (Board) expenditures within this budget unit. Operating Expenses of \$1.5 million include COWCAP, phone services, office expenses, courier and printing charges, facilities management basic services, and travel related expenses.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$324,909 primarily due to an increase in Staffing Expenses of \$236,272 resulting from negotiated salary increases, and an increase in Operating Expenses of \$90,945 due to increases in COWCAP, vehicle charges, printing and courier charges, and Information Services Department charges.

For 2018-19, each district will receive an equal allocation of \$1.58 million in Net County Cost, totaling \$7.9 million across all five districts. In addition to the allocation of Net County Cost, each district will receive a share of augmentation funding based on the Board's augmentation plan which was adopted as part of the 2012-13 Budget Hearing and directed that \$214,257 be allocated among each district budget based on the percentage of unincorporated population. The 2018-19 budget allocates the augmentation funding under the same methodology as in 2017-18 and is as follows:

Formula for Allocation of Staff Augmentation Funds			
Supervisory District	Population (Unincorporated)	% of Total Unincorporated Population	Allocation Amount*
1	95,846	32.8%	70,382
2	59,401	20.4%	43,619
3	73,950	25.3%	54,303
4	13,117	4.5%	9,632
5	49,462	17.0%	36,321
Total	291,776	100%	214,257

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$6.6 million fund 56 budgeted positions of which 5 are regular positions and 51 are limited term positions. Supervisory Districts make staffing adjustments to limited term positions through separate board agenda items; however, it is through the annual budget process that these positions are added into the budget. There is a net decrease of 1 position in this budget unit. This decrease represents the net change resulting from staff added by separate board agenda items throughout 2017-18 and the deletion of positions which have become vacant throughout the year. Limited term positions within this budget unit are deleted upon becoming vacant.

Staffing changes are as follows and include a total of 4 deletions and 3 additions, for a net decrease of 1 budgeted position:

Deletions

- 1 Executive Aide I (Third District)
- 1 Intern Staff Assistant (Third District)
- 1 Policy Advisor I (Fourth District)
- 1 Communications Advisor I (Fifth District)

Additions

- 1 Deputy Chief of Staff (First District)
- 1 Intern Staff Assistant (Third District)
- 1 Intern Staff Assistant I (Fourth District)

CLERK OF THE BOARD

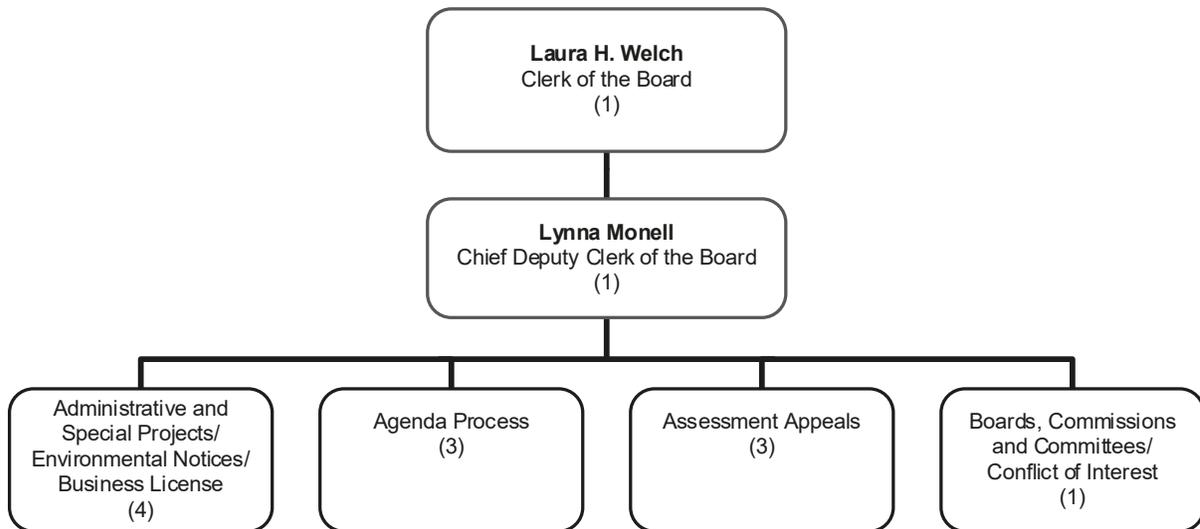

Laura H. Welch

DEPARTMENT MISSION STATEMENT

In support of the County Board of Supervisors, and in service to the public and fellow County staff, the Clerk of the Board of Supervisors: prepares and maintains records of actions taken by the Board of Supervisors; oversees membership of the County's boards, commissions and committees; licenses businesses operating in the County unincorporated areas; and facilitates the filing and hearing of appeals of assessed property valuations. Our service priorities are timeliness and accuracy. Our service commitments are courtesy and respect.

Clerk of the Board

DESCRIPTION OF MAJOR SERVICES

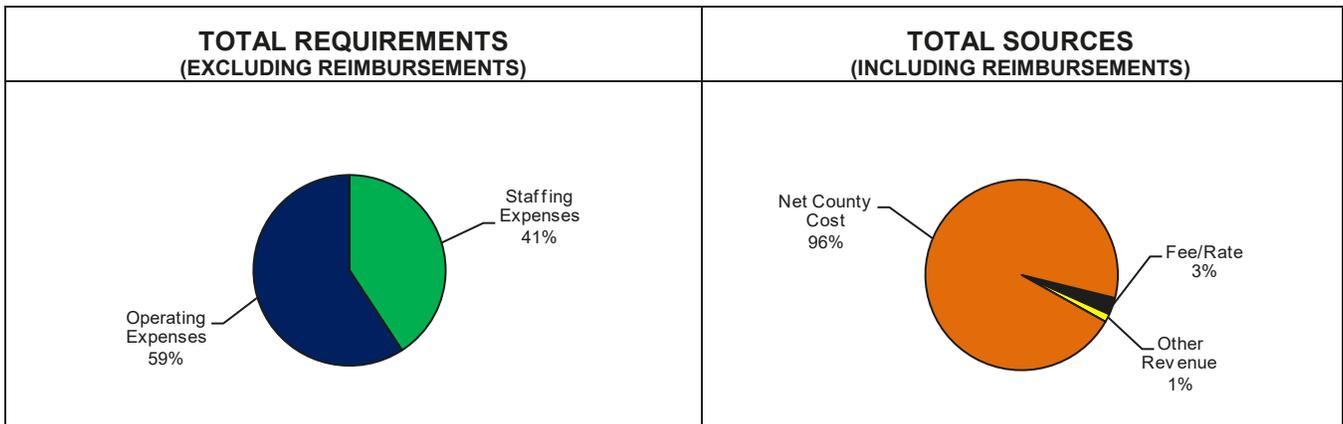

The Clerk of the Board (COB) provides legislative and administrative support services to the Board of Supervisors (BOS). The COB coordinates, prepares and maintains minutes, ordinances, resolutions, contracts, agreements and other official records and documents related to meetings conducted by the BOS. The COB coordinates the annual filing of financial disclosure documents in accordance with state law and local conflict of interest codes. The County has more than 150 advisory boards, commissions and committees (BCCs) and the COB maintains records and membership information for the County's BCCs. Responsibilities include posting of vacancies, processing of appointments and monitoring of ethics training for more than 1,000 BCC members.

Budget at a Glance

Funded by Net County Cost	96%

In accordance with state law, appeals of assessed property valuation are heard and determined by the County's Assessment Appeals Boards (AABs). The COB provides staff support to the AABs, facilitating the filing, hearing and disposition of thousands of appeals annually.

The County requires certain businesses operating in unincorporated areas obtain and maintain a valid business license. The COB receives, reviews, and processes business license applications and issues licenses for approved businesses. The COB also receives, posts and files environmental California Environmental Quality Act (CEQA) notices in accordance with State Department of Fish and Game requirements; accepts summonses, complaints, planning appeals, requests for tax refunds and Board correspondence; and responds to hundreds of requests for information and documents from County staff and the public.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$1.4 million represent 13 budgeted positions that support functions of the Board of Supervisors and Assessment Appeals processing. Operating Expenses of \$2.1 million include costs related to the implementation of the new Enterprise Board Management System, office expenses, vendor service contracts, maintenance and support costs, transfers, and Assessment Appeals costs.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$110,314. This reflects a decrease of \$254,947 in Operating Expenses primarily due to a decrease in budgeted expenditures for the Enterprise Board Management System project as compared to 2017-18. These decreased costs are offset by an increase of \$144,633 in Staffing Expenses due to negotiated salary increases and the cost of 1 new limited term contract position for the implementation of the new Enterprise Board Services System. Sources are decreasing by \$12,838 primarily due to an anticipated reduction in the number of Assessment Appeal application submissions and a decline in the number of business licenses.

County Administrative Office

DESCRIPTION OF MAJOR SERVICES

The County Administrative Office (CAO) is responsible to the Board of Supervisors (Board) for the general administration and coordination of all County operations and programs. The CAO oversees the operations of all County departments whose department heads are appointed by the Board or Chief Executive Officer, and assists in the coordination of activities of departments headed by elected officials.

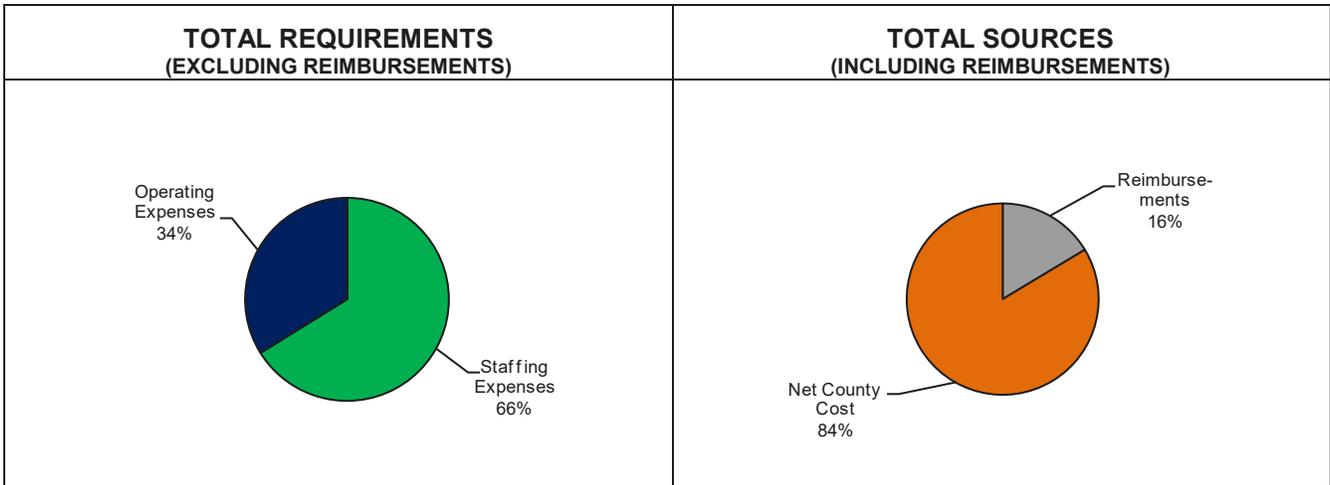

Budget at a Glance

Total Requirements (Excl. Reimb.)	\$8,888,414
Total Sources (Incl. Reimb.)	\$1,454,418
Net County Cost	\$7,433,996
Total Staff	31
Funded by Net County Cost	84%

The CAO is also responsible for public information and legislative activities, and coordination of County activities with other local government entities, including cities and other counties.

On September 13, 2016, the Board approved personnel actions related to the creation of the Strategic Initiatives Unit and the transfer of the Labor Relations Unit from the Human Resources department. The Labor Relations Unit develops and implements the County’s labor relations goals, policies and priorities in an effort to maintain productive and positive relations between the County and its employees, and the recognized employee organizations that represent them. The Labor Relations Unit works closely with Finance and Administration, Human Resources, County Counsel, and County departments to support and achieve countywide fiscal, strategic, and operational goals and objectives. The Strategic Initiatives Unit manages and oversees centralized fiscal functions for the departments involved in land development services and coordinates administrative, operational, and technological process improvement.

Not included in this budget is \$440,681 which represents the County Administrative Office's share of costs of other central service departments, such as Human Resources.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$5.9 million represent the majority of expenditures and fund 31 budgeted positions. Operating Expenses of \$3.0 million include the Fair Political Practices Commission contract, federal and state lobbyist contracts, and consulting contracts. Operating Expenses also include \$100,000 to fund pilot technology projects recommended by the Technology Improvements Committee to enhance County service delivery. This represents the allocation approved by the Board of Supervisors on 8/8/17 (Item No. 50) which has been carried forward from 2017-18. Reimbursements of \$1.5 million are received from other departments for services provided. These Reimbursements fund a portion of Operating Expenses for legislative services and Staffing Expenses primarily for the Labor Relations Unit and the Strategic Initiatives Unit.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$384,492 primarily due to increased Staffing Expenses of \$453,827 resulting from the addition of 1 Assistant Executive Officer – Finance and Administration position and negotiated salary increases, which is offset by an increase in Reimbursements resulting from negotiated salary increases for the positions providing support to other departments.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$5.9 million fund 31 budgeted positions of which 30 are regular positions and 1 is a limited term position. There is no net change to the number of positions. Staffing changes include the addition of 1 Assistant Executive Officer – Finance and Administration position, which is transferred from the Finance and Administration budget unit, and the deletion of 1 Deputy Executive Officer which is transferred to the Finance and Administration budget unit to reflect a reorganization. An Executive Secretary III position is transferred from the Labor Relations Unit to the Special Projects division to assist the division with clerical and administrative duties.

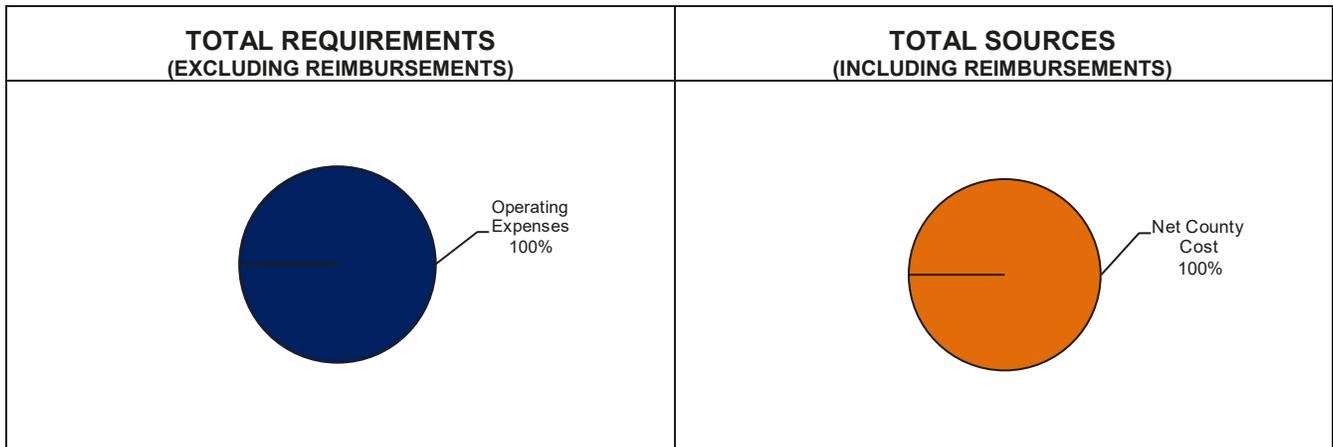

Litigation

DESCRIPTION OF MAJOR SERVICES

This budget unit funds external attorney services and other litigation related expenses. The Board of Supervisors approved the establishment of this budget unit in 2001-02. The use of additional Discretionary General Funding (Net County Cost) may be required during the fiscal year for any new major contracts or material amendments to existing legal contracts.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$18.0 million represent a majority of the Requirements in this budget unit. Operating Expenses of \$3.6 million include professional services, publications, travel/training, computer charges and facility costs. These expenses are primarily funded through Reimbursements of \$10.1 million from other County departments and Fee/Rate revenue of \$7.7 million received for providing legal services to clients.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$909,219. Staffing Expenses are increasing by \$1.1 million primarily due to negotiated salary increases. Operating Expenses are increasing by \$688,537 reflecting an anticipated increase in outside legal services. These increases are partially offset by an increase in Reimbursements from departments for services provided.

Sources are increasing by \$509,912 due to additional revenue generated from an anticipated increase in overall caseloads, and the addition of three positions in the Juvenile Dependency division that were approved in the 2017-18 First Quarter Budget Report.

DESCRIPTION OF MAJOR SERVICES

The Finance and Administration budget unit was created in 2011-12 to centralize financial management and oversight. In alignment with priorities of the Board of Supervisors and the Chief Executive Officer, this section provides timely and accurate financial information, and advises departments in financial matters.

Budget at a Glance	
Total Requirements (Excl. Reimb.)	\$4,550,623
Total Sources (Incl. Reimb.)	\$1,219,162
Net County Cost	\$3,331,461

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$3.9 million fund 20 budgeted positions. Reimbursements of \$1.2 million fund administrative oversight for Health Administration, County Fire, Special Districts, and Indigent Defense.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing Expenses are increasing by \$245,438 as a result of the addition of a Deputy Executive Officer position from the County Administrative Office budget unit and negotiated salary increases, offset by the transfer of the Assistant Executive Officer – Finance and Administration position to the County Administrative Office budget unit. An increase of \$138,250 in Operating Expenses is primarily due to an increase in transfers to the Law and Justice Group for its Administrative Analyst II position which will offset a projected reduction in grant funds that partially funded this position in prior years.

Reimbursements are increasing \$245,941 to fund negotiated salary increases for the positions providing administrative oversight.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$3.9 million fund 20 budgeted positions of which 18 are regular positions and 2 are limited term positions. Changes include the deletions of 1 Assistant Executive Officer – Finance and Administration position which was transferred to the County Administrative Office as a result of a reorganization, and 1 vacant Public Service Employee (PSE) position which was no longer needed. These deletions are offset by the addition of 1 Deputy Executive Officer which was transferred from the County Administrative Office as a result of a reorganization, and 1 Contract Enterprise EFMS Implementation Data Analyst position that will assist with the implementation of the SAP budget module.

Capital Facilities Leases

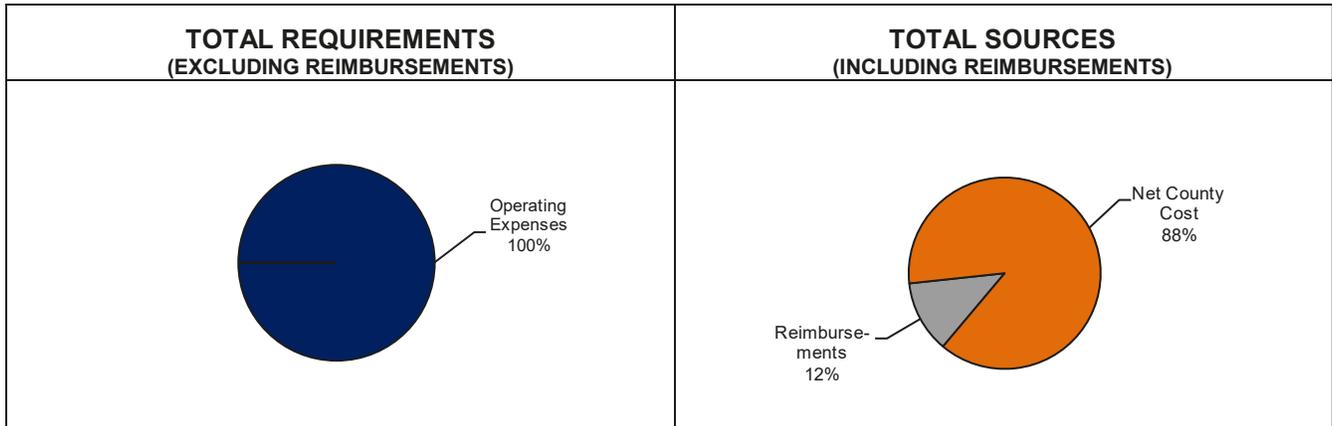

DESCRIPTION OF MAJOR SERVICES

This budget unit funds the cost of long-term capital lease payments for the major County facilities financed by the General Fund. The only facility currently being financed by the General Fund is the West Valley Detention Center.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Operating Expenses of \$8.2 million represent lease payments and related fees, and administrative costs for the West Valley Detention Center. Administrative costs include fees for Trustee services, auditing and other tax compliance services.

Reimbursements of \$1.0 million represent repayment of lease costs from Regional Parks. These Reimbursements reflect the department share of lease payments that were optionally prepaid with Discretionary General Funding.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$17,306 due to a decrease in COWCAP charges. A decrease in Requirements, offset by a decrease in Reimbursements, both in the amount of \$80,750, reflects the final lease payment from Preschool Services, which was made in 2017-18.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

Disaster Recovery Fund

DESCRIPTION OF MAJOR SERVICES

The Disaster Recovery Fund was established to provide separate accountability for specific administrative and program costs related to the County's disaster recovery efforts, which are reimbursed through state and federal funds. Prior incidents have included the Grand Prix/Old Fires in October 2003, Grass Valley/Slide Fires of October 2007, and winter storms of 1998, 2005, and 2010.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Sources include anticipated payments from state and federal agencies for reimbursable incidents, and anticipated interest earnings on the cash balance of the fund.

BUDGET CHANGES AND OPERATIONAL IMPACT

This budget unit is currently used as a suspense account to track payments by state and federal agencies for reimbursable disaster recovery efforts that are then distributed to County departments. Sources are increasing by \$1.0 million due to anticipated payments from state and federal agencies (\$1.0 million), and an increase in Other Revenue (\$27,470) to reflect anticipated interest earnings as a result of higher interest rates.

ANALYSIS OF FUND BALANCE

Fund Balance in the Disaster Recovery Fund consists of interest that has accrued on advances from the General Fund and reimbursements from the state and federal governments that will be paid to County departments for disaster recovery efforts. Fund Balance will be used to help offset any costs disallowed by the Federal Emergency Management Agency after audits of reimbursement claims.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

FLEET MANAGEMENT

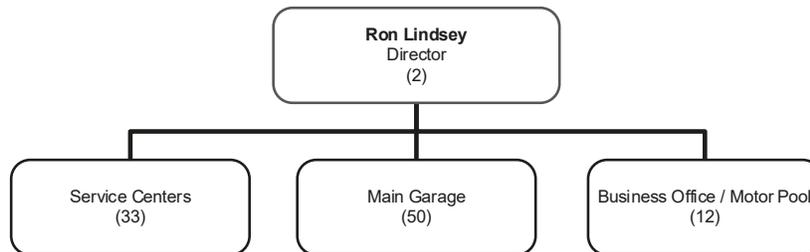

Ron Lindsey

DEPARTMENT MISSION STATEMENT

San Bernardino County Fleet Management Department provides vehicles, equipment, and services to the officials and employees of the County so that they may provide services that promote health, safety, well-being and quality of life to the residents of the County.

Fleet Management

DESCRIPTION OF MAJOR SERVICES

Fleet Management provides acquisition, maintenance, repair, modification, and disposal services for the majority of County vehicles and equipment. Fleet Management's main garage in San Bernardino includes four shops: automotive, heavy duty, welding/metal fabrication, and generator services, as well as a parts room and fueling station. The department also operates five smaller service centers in outlying locations (Barstow, Hesperia, Needles, Rancho Cucamonga, and 29 Palms) and 64 strategically located fueling sites. Additionally, Fleet Management operates a motor pool which has ownership and/or maintenance and replacement responsibility for approximately 2,100 vehicles or equipment assigned to or used by County departments. The department also provides Department of Motor Vehicle registration services and security lock-up services.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$46.0 million include \$8.7 million in Staffing Expenses, \$43.3 million in Operating Expenses, and \$5.0 million in Capital Expenditures. Major operating expenses are repair parts, fuel, sublets and specialized services. Reimbursements include internal cost allocations and transfers out for capital improvement projects.

Sources of \$32.1 million include \$26.4 million in Fee/Rate revenue that includes Motor Pool mileage and monthly charges, fuel revenue, labor charges from light and heavy shops, parts sales, and sublet charges.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing primarily due to the construction of the Victorville High Desert Service Center, which has a project budget of \$8.0 million.

Sources are decreasing by \$1.2 million primarily due to a decrease in one-time transfers in to fund capital improvement projects and the elimination of countywide automobile liability insurance, which was previously charged to departments by Fleet. Risk Management now directly charges departments with assigned vehicles.

ANALYSIS OF NET POSITION

Fleet's budget includes a Use of Net Position of \$13.9 million in 2018-19. The Use of Net Position for 2018-19 is due to one-time expenditures related to capital projects carried over from 2017-18 and new projects for 2018-19. The capital projects include the construction of the High Desert Service Center in Victorville, fuel tank replacements throughout the County, car wash replacement, and a security kiosk for the Lena Road facility in San Bernardino. Rates are reviewed annually to ensure that Net Position is maintained at an adequate level.

2017-18 MAJOR ACCOMPLISHMENTS

- Implemented a self-service portal for the computerized test bank for a more user-friendly experience.
- Expanded the candidate pipeline by collaborating with additional local colleges to increase internship agreements, provide more outreach to graduate students, coordinate additional hiring events, and increase attendance at career/job fairs.
- Continued online pre-employment assessments to reduce overall applicant attrition and increase the candidate pool for law enforcement vacancies.
- Continued development and enhancement of first-line leader training to better prepare supervisors and managers to support our employees.
- Collaborated with departments to develop and deliver new, customized training on topics such as organizational culture, leadership values and employee retention.
- Negotiated the renewal of County-paid vision premium rates resulting in a savings of \$371,000 over a 5-year contract term.
- Successfully validated and processed approximately 22,310 IRS health insurance coverage forms 1095-C, as required by federal compliance regulations.

Human Resources

DESCRIPTION OF MAJOR SERVICES

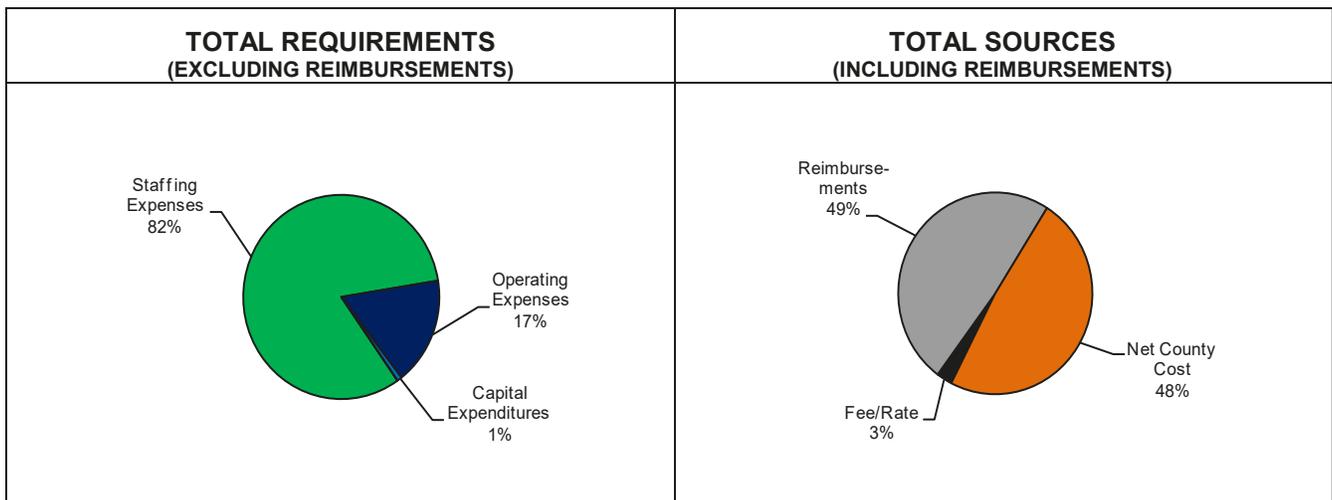

The Human Resources Department administers the County's human resources and people programs to meet the needs of County departments. Responsibilities include strategic staffing, reemployment assessment, certification of eligible candidates; management of County employee classification and compensation systems including program administration for the Employee Management and Compensation Systems (EMACS); and the Equal Employment Opportunity Office. Human Resources also shares responsibility, through a partnership with Human Services, for countywide organizational employee development.

Budget at a Glance

Total Requirements (Excl. Reimb.)	\$14,185,894
Total Sources (Incl. Reimb.)	\$7,297,844
Net County Cost	\$6,888,050
Total Staff	94
Funded by Net County Cost	48%

Finally, the department is responsible for the management of the Western Region Item Bank (WRIB), a cooperative, computer-based test question bank used by 103 public agencies to develop employment tests.

Not included in this budget is \$695,998, which represents Human Resource's share of costs of other central service departments, such as County Counsel.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$11.7 million make up the majority of the department's Requirements in this budget unit. These expenses are necessary to provide human resources services and support for the County's approximately 22,000 employees. Sources of \$373,215 primarily represent revenue from Western Region Item Bank memberships and revenue from the Employee Benefits and Services Division to fund a Health Insurance Portability Accountability Act coordinator position.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$5.8 million, primarily due to a decrease of \$5.2 million within Operating Expenses and Capital Expenditures for the EMACS upgrade project. This project will continue to be funded with General Fund reserves in the first quarter of 2018-19, utilizing the remaining project funds after the 2017-18 fiscal year has been closed out. Additionally, Staffing Expenses are increasing by \$630,025 due to negotiated salary increases and an increase in retirement costs, offset by an increase in Reimbursements from departments of \$458,631 for the increased staffing costs associated with recruitment, classification and employee relations services.

Sources are decreasing by \$338,896 primarily due to a change in the processing of invoices for advertising and recruitment services. Some departments will now pay for these services directly, which is decreasing both Sources and Requirements.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$11.7 million fund 94 budgeted regular positions. The budget includes the following position actions, which results in no net change to the number of positions (deletion of 4 regular and 1 limited-term positions, addition of 5 regular positions):

- Addition of 3 Supervising Human Resource Officer positions to increase the level of oversight provided to 17 Human Resources Officers and to provide for succession planning in the Employee Relations Division. These additions are offset by the deletion of 3 Human Resource Officer III positions.
- Addition of 1 Human Resources Analyst I position in the Employee Relations Division to provide a variety of support services, including disability management, on/off boarding of new employees, data analysis, and human resource administrative functions.
- Deletion of 1 Human Resources Officer II in the Employee Relations Division position due to the loss of grant funding.
- Addition of 1 regular EMACS Manager position to better meet the needs of the department. The addition is offset by the deletion of 1 limited term Contract EMACS Manager position.

The department continues to align functions, positions, and responsibilities with current human resources practices to optimize operational effectiveness and to ensure the best possible support and service.

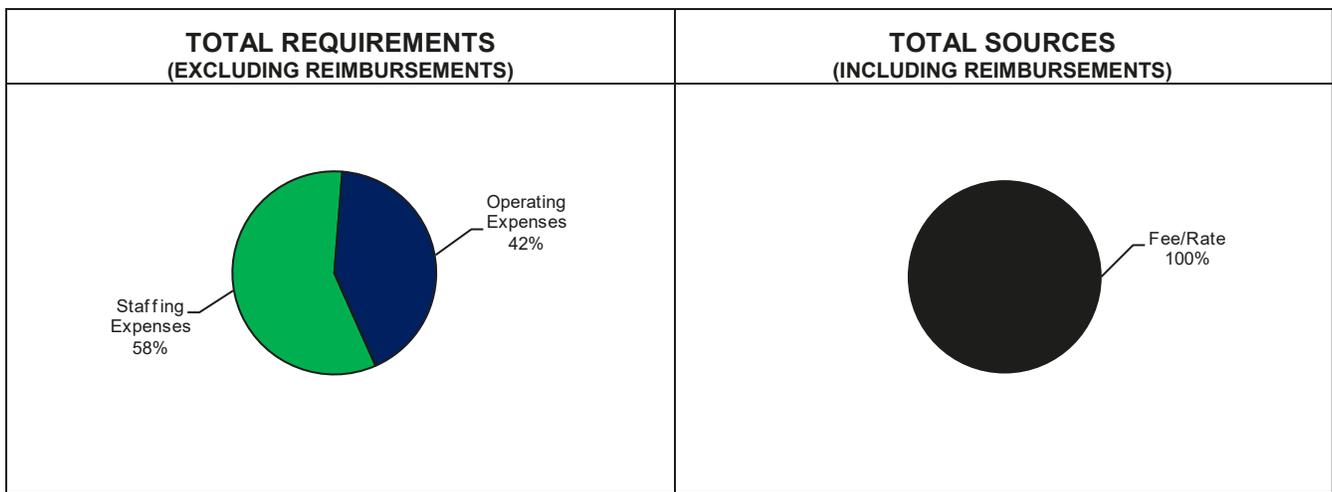

Center For Employee Health and Wellness

DESCRIPTION OF MAJOR SERVICES

The responsibilities of the Center for Employee Health and Wellness (CEHW) include employee and applicant pre-placement and in-service medical examinations, medical records, representing the County in hearings before the Civil Service Commission regarding appeals of medical findings, and advising the County’s management on compliance with Occupational Safety and Health Administration (OSHA) regulations and occupational medical problems.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$1.4 million and Operating Expenses of \$1.0 million make up the Requirements in this budget unit. These expenses are necessary to provide employee and applicant pre-placement and in-service medical examinations to the County's approximately 22,000 employees, as well as employees of various external agencies. Sources consist of fees charged in accordance with the County's fee ordinance for various pre-placement and in-service medical examinations.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$85,610 primarily as a result of increased Staffing Expenses due to negotiated salary increases.

Sources are increasing by \$85,610 as a result of an increase in projected fee revenue for medical testing services. Funding for the CEHW is completely fee based and departments are billed these fees for services provided.

Unemployment Insurance

DESCRIPTION OF MAJOR SERVICES

Unemployment Insurance is a mandated program based upon a 1978 amendment to the California Unemployment Insurance Code extending insurance benefits to all public employees. Human Resources administers this program, which compensates eligible County employees with a portion of their wage loss when they become unemployed. The objective is to assist former County employees while they are looking for work, by providing weekly income for a predetermined amount of time. The program monitors claims, reviews claim for eligibility, and challenges them when appropriate.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$4.0 million make up the majority of the department's Requirements in this budget unit. These expenses represent the amount available for payment of potential unemployment claims. Operating Expenses of \$70,216 represent quarterly payments to the vendor who administers the unemployment insurance claims as well as transfers for internal staffing expenses for administration of the program.

BUDGET CHANGES AND OPERATIONAL IMPACT

There are no significant changes in this budget unit.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$4.0 million do not fund any positions. As mentioned above, Staffing Expenses represent the amount available for payment of potential unemployment claims.

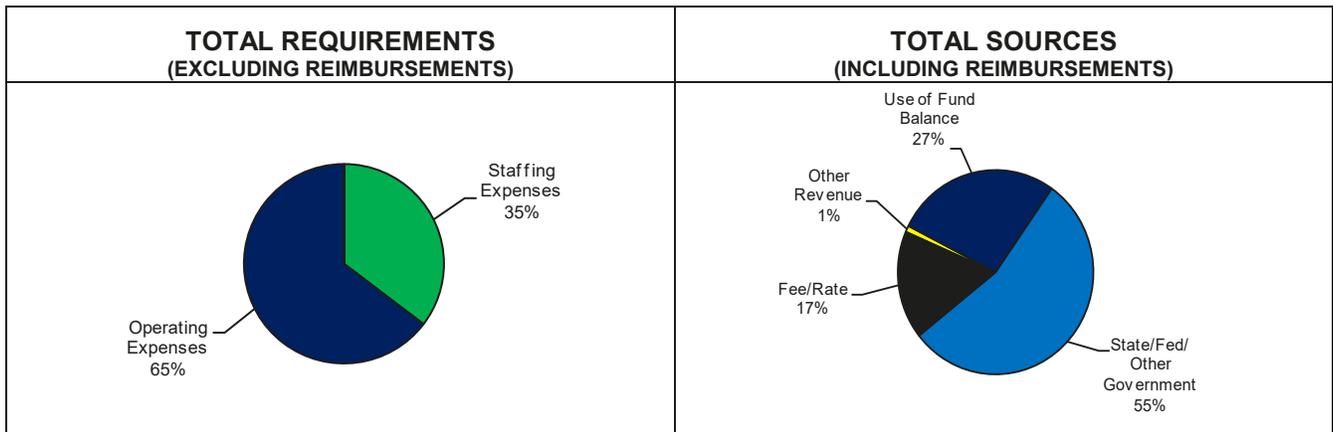

Commuter Services

DESCRIPTION OF MAJOR SERVICES

The Commuter Services budget unit receives AB 2766 fee revenues collected by the Department of Motor Vehicles (DMV) for implementing measures to reduce air pollution. The DMV remits amounts to the appropriate Air Quality Management District (AQMD) for vehicles registered within the district. The County is served by the South Coast (SCAQMD) and Mojave Desert (MDAQMD) Air Quality Management Districts, which develop management plans for their respective regions that are in line with California Health and Safety Code sections 44220-44247. The County is eligible to apply for funds to encourage projects that result in the reduction of motor vehicle emissions. Under this program, Commuter Services receives funds for projects related to vanpooling, biking to work and transit subsidies.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Operating Expenses of \$475,910 make up the majority of the Requirements in this budget unit and include rideshare program subsidies, incentives and advertising. Sources of \$535,772 include payroll deductions from rideshare participants and funds received from Air Quality Management Districts.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$190,683 and Sources are decreasing by \$236,328 primarily due to a reduction in participation in vanpool programs, which result in lower payroll deduction revenue and lower expenses.

ANALYSIS OF FUND BALANCE

Use of Fund Balance of \$200,460 is for a one-time expense to implement advertising campaigns that will promote transportation alternatives to County employees. Advertising campaigns will focus on supporting commuter events (bike to work, dump the pump) and public transportation. The Use of Fund Balance is restricted to developing strategies to reduce air pollution and increasing employee participation as outlined in the department's annual plan for funding.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$2.6 million make up the majority of the department's Requirements within this budget unit. These expenses are necessary to support personnel assigned to manage the County's employee health, dental, vision, life insurance and integrated leave plan benefits. Sources of \$3.6 million primarily represent revenue from administrative fees for managing the employee benefit programs.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$168,109 as the result of cost increases in Staffing Expenses due to negotiated salary increases. Operating Expenses are increasing to reflect one-time software, training and furniture expenses. Sources are increasing by \$32,711, due to an increase in revenue collected from health trust funds.

ANALYSIS OF FUND BALANCE

Use of Fund Balance of \$112,932 will be used for the purchase of one-time expenses such as furniture, software, and training associated with division operations.

2017-18 MAJOR ACCOMPLISHMENTS

- Implemented Accela, the County's new permitting and inspections system, which includes Electronic Document Review, Automated Workflows, Time Accounting, Reporting, Citizen Portal for Application Submittals, Integration with the County's GIS platform, and Mobile Access.
- Deployed a cloud-based broadcast messaging system as part of the SB Safe Initiative that provides a mass notification mechanism for the entire County organization in the event of an emergency.
- Increased capacity of the data center network to support 40 Gigabit connectivity for servers in order to meet growing and future network bandwidth demands.
- Completed migration of the Wireless LAN (Wi-Fi) infrastructure to support the most recent wireless standards.
- Utilized innovative technologies to improve Call Center and Telephone Service offerings to ensure that privacy and reliability of services are sustainable and cost effective long term.
- Established connectivity to Microsoft's Cloud for single sign on to allow seamless access to cloud applications from San Bernardino County's network without having to repetitively logon to multiple networks or systems.
- Implemented new high-speed flash storage solutions, which increase performance while reducing the storage footprint, power consumption, and cooling needs of the data center.
- Designed and deployed an infrastructure for hosting SAP, the County's new financial accounting system.
- Upgraded ESRI Open Data platform to version 2.0 to support the County's enhanced Open Government site, which allows County departments to display public data in more compelling and informative ways, such as charts, dashboards and interactive maps that allow for enhanced citizen engagement.
- Established a process for departments to submit and display interactive GIS maps during County Board meetings.

GIS & Multimedia Services

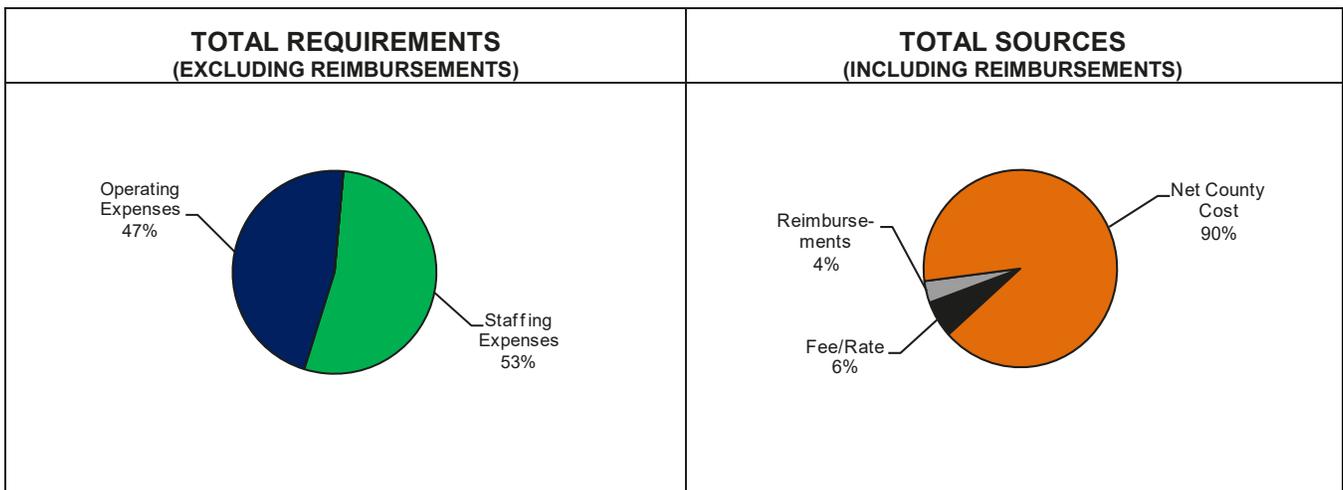

DESCRIPTION OF MAJOR SERVICES

The Information Services Department's (ISD) Geographic Information System (GIS) team provides geographical data products and services to all GIS stakeholders, including County departments and other regional entities. The County frequently uses GIS imagery to readily respond with accurate information to daily requests and emergency situations as needed. The County's populated areas and landscapes change from year to year, resulting in necessary updates to GIS data. This data is collected by aerial photography taken by flyovers of the County.

Budget at a Glance

Note: Information Services - GIS and MultiMedia Services is classified as a central service department in the Countywide Cost Allocation Plan (COWCAP). In order to allocate full central service costs to the County's operating departments, central service departments do not pay COWCAP charges. Not included in this budget is \$12,438, which represents Information Services - GIS and MultiMedia Services's share of costs of other central service departments, such as Human Resources.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$1.9 million fund 16 positions that provide geographical data products and services to all GIS stakeholders and support to the Clerk of the Board for Board of Supervisors meetings and other miscellaneous meetings. Operating Expenses of \$1.6 million provide for computer software, computer hardware, and professional services.

Sources of \$214,732 are comprised of revenue from Board-approved fees and rates for Street Network Subscriptions and Tract Maps provided to County departments and external customers.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$92,670 primarily due to an increase of \$116,528 in Operating Expenses related to parcel mapping services and contract staff for GIS support as needed. These costs are offset by a decrease of \$23,858 in Staffing Expenses primarily related to the deletion of two positions in this budget unit, which were added to the Business Solutions Development budget unit.

Sources are unchanged.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$1.9 million fund 16 budgeted regular positions. The budget includes a deletion of 2 positions (1 IT Technical Assistant II and 1 Office Assistant II) that were moved to the Business Solutions Development budget unit as they provide support to both the Geographic Information System and Business Solutions Development divisions, but report organizationally to the Business Solutions Development division. These positions will continue to provide services to GIS & Multimedia Services and costs will be funded via a transfer.

Computer Operations

DESCRIPTION OF MAJOR SERVICES

The Computer Operations budget unit provides enterprise data center services and a portion of the County's communications services to County departments on a 24/7 basis. The budget unit is comprised of four sections: Finance and Administrative Services, Technology Operations, Enterprise Solutions Services and Enterprise Infrastructure.

Budget at a Glance

Total Requirements (Excl. Reimb.)	\$55,266,962
Total Sources (Incl. Reimb.)	\$53,520,469

Total Staff	152

Finance and Administrative Services provides support to the entire Information Services Department (ISD) for processes related to budget, contract administration, fee/rate development, accounts payable, and accounts receivable.

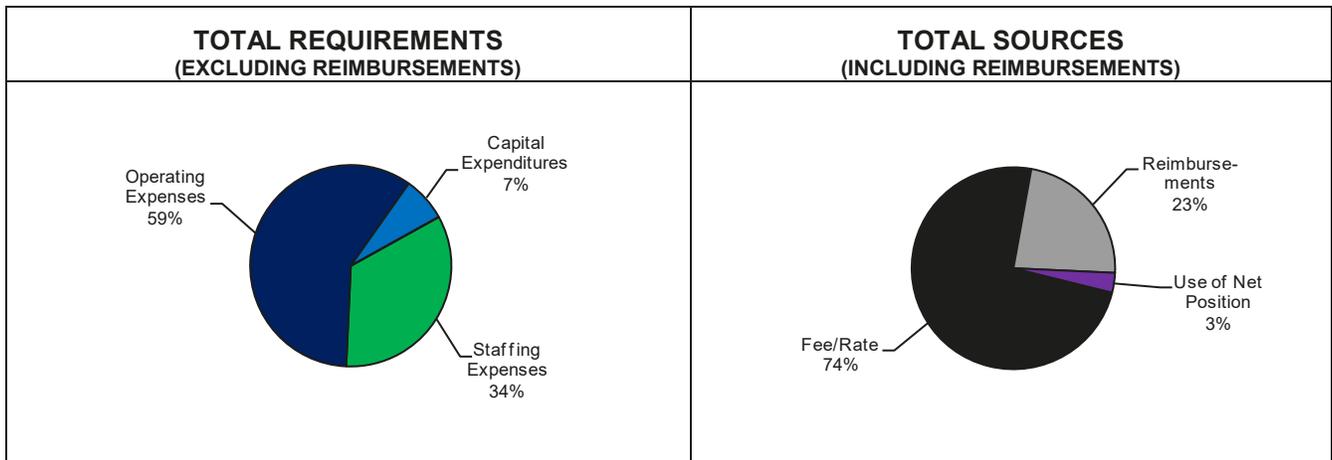

Technology Operations provides for the design, operation, maintenance and administration of the County's Enterprise Data Center, and print operations for bulk printing functions required by the County.

Enterprise Solutions Services provides support for the enterprise server and the enterprise content management system for digitizing paper records, the EMACS payroll system and the enterprise data back-up and recovery system,

Enterprise Infrastructure provides the County with global email, security direction and technology policies and procedures, server management for physical and virtual servers, support for the County's data storage systems, handles service requests and technical services that support desktop communications and functions across the County, and assists departments in ensuring their technology and business objectives are achieved.

This budget unit is an internal service fund, which allows for net position available at fiscal year-end to be carried over to the next fiscal year to be used as working capital or for replacement of fixed assets and capital improvement projects.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$18.7 million fund 152 positions that provide support for the County's enterprise server and other servers, data storage and replication, and technical services that support the wireless infrastructure. Operating Expenses of \$32.6 million include \$17.1 million in services and supplies for computer software licenses and equipment support and maintenance, \$2.7 million for application development support and maintenance, \$506,021 for facilities maintenance, \$121,800 for travel, and \$12.2 million to fund transfers out for capital improvement projects and internal cost allocations.

Sources of \$40.9 million are comprised of revenue from rates approved by the Board of Supervisors for central computer services and other information technology services, paid by County departments, Board-Governed Special Districts, and County Service Areas.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$1.3 million due to a \$1.8 million increase in Staffing Expenses related to negotiated salary increases, retirement cost increases and the addition of 2 positions, and a \$4.6 million increase in Operating Expenses for capital improvement projects, primarily the Data Center upgrade. These increased costs are offset by a decrease of \$1.7 million in Capital Expenditures due to a decreased need for capital equipment, primarily servers, storage and related equipment, and an increase of \$3.4 million in Reimbursements for staffing, services

and supplies, and equipment to support the Enterprise Financial Management System infrastructure and internal cost allocations.

Sources are increasing by \$4.5 million in Fee/Rate revenue due to increased service rates to fund costs for new positions, software licenses, and software support and maintenance.

ANALYSIS OF NET POSITION

The use of \$1.7 million of Net Position funds one-time capital improvement projects such as a portion of the data center upgrade project, design costs for the data center fire suppression system replacement project, and the purchase of additional fixed asset equipment for computer and data storage hardware needed to meet customer demand.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$18.7 million fund 152 budgeted regular positions. The budget includes an increase of 2 net budgeted positions (addition of 3, deletion of 1). The department is adding 3 positions (1 Computer Operator II, 1 Help Desk Technician II, and 1 IT Technical Assistant II) to address increased workload related to enterprise processing, enterprise solutions and product technology and support. Additionally, 1 Business Applications Manager was deleted from the Computer Operations budget unit and moved to the Business Solutions Development budget unit to assist departments in identifying, acquiring, and integrating new business solutions.

Telecommunication Services

DESCRIPTION OF MAJOR SERVICES

The Telecommunication Services budget unit provides for the design, operation, maintenance, and administration of the County's telephone network, paging system, wide area network (WAN), Regional Public Safety Radio System, and the microwave transport system that provides transport capabilities for each of these individual networks.

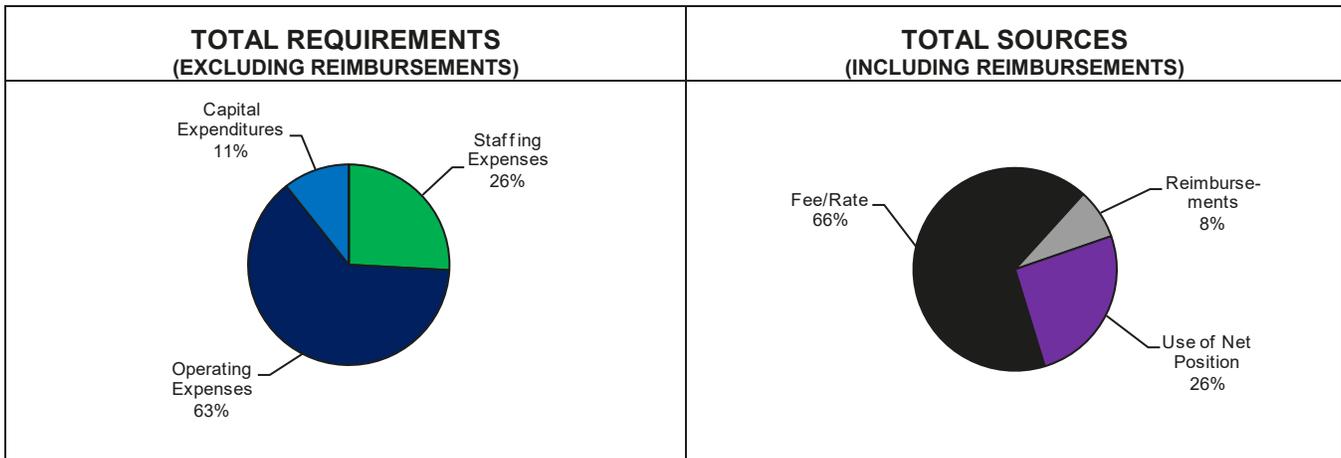

Budget at a Glance

Total Requirements (Excl. Reimb.)	\$53,097,614
Total Sources (Incl. Reimb.)	\$39,511,919
Use of / (Contribution To) Net Position	\$13,585,695
Total Staff	107

The County's Regional Public Safety Radio System integrates all countywide sheriff, police, and fire emergency radio dispatch capabilities and is in the process of being upgraded. The estimated cost of the project is \$158.2 million. \$150.0 million has been funded to date and an additional \$8.2 is funded in 2018-19. Approximately \$94.9 million has been expended or encumbered to date. During 2018-19, the top priorities of the project continue to center on construction and implementation of new radio equipment buildings and towers in strategic locations which help to enhance signal coverage, and the continued installation of upgraded microwave radio equipment to interlink dispatch centers with public safety agencies and responders throughout the County.

This budget unit is an internal service fund, which allows for net position available at fiscal year-end to be carried over to the next fiscal year to be used as working capital or for replacement of fixed assets and capital improvement projects.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$13.7 million fund 107 positions that support the County's telephone network, radio system, paging system, WAN, and the countywide microwave system. Operating Expenses of \$33.7 million include \$23.2 million in services and supplies for computer software licenses and equipment support and maintenance, \$301,287 for central services, \$177,147 for travel, and \$10.0 million to fund transfers for capital improvement project costs and internal cost allocations. Capital Expenditures of \$5.7 million fund the replacement of fixed assets.

Sources of \$35.3 million are comprised primarily of revenue from Board-approved fees and rates for telephone, WAN, microwave transport, and radio system services provided to County departments, Board-Governed Special Districts, County Service Areas, and external customers.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$7.9 million primarily due to an increase of \$8.3 million in Operating Expenses to fund this budget unit's share of the Data Center Upgrade project, the upgrade of the County's WAN infrastructure through a long-term lease of fiber optic circuits from Edison, and a new network security solution for the data center. Other changes include an increase of \$1.0 million in Staffing Expenses primarily due to negotiated salary increases, the addition of 2 positions, and retirement cost increases, and a decrease of \$1.5 million in Capital Expenditures due to a decreased need for purchases of capital equipment.

Sources are increasing by \$2.6 million in Fee/Rate revenue primarily due to increased fees and rates to provide full cost recovery.

ANALYSIS OF NET POSITION

The use of \$13.6 million of Net Position funds one-time capital improvement projects such as the data center upgrade project, the upgrade of the County's WAN infrastructure, a new network security solution for the data center, new information security requirements, and the conversion of the telephone system to voice over internet protocol (VoIP) technology.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$13.7 million fund 107 budgeted positions, of which 106 are regular positions and 1 is a limited-term position. The budget includes the addition of 2 regular positions to address increased workload: 1 Electronic Drafting Technician in the Radio Operations division and 1 Systems Support Analyst III in the Wide Area Network division.

Business Solutions Development

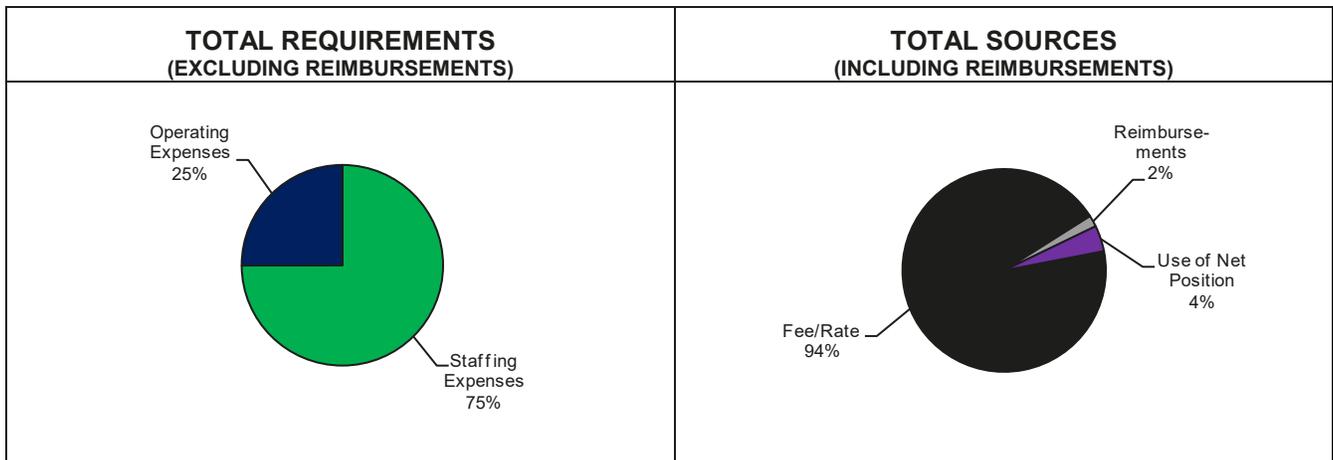

DESCRIPTION OF MAJOR SERVICES

The Business Solutions Development budget unit provides support for County departments through development, maintenance, support, and enhancement of business applications for a variety of hardware and software platforms. These applications include the County's payroll/personnel, budget, document imaging, public websites, and many other business line systems. The Business Solutions Development budget unit consults with departments to identify cost effective ways of conducting business and often provides process reviews, cost analysis, and overall recommendations for the acquisition and integration of new systems.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$12.0 million fund 92 positions that support County business systems and applications. Operating Expenses of \$4.0 million provide for professional services for information technology contract staff, computer hardware, and technical training.

Sources of \$15.1 million are comprised of revenue from Board-approved fees and rates billed to County departments and external customers for development, maintenance, support, and enhancement of business applications and systems.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$61,126 due to an increase of \$1.5 million in Staffing Expenses which reflect the cost of 3 additional positions, negotiated salary increases and retirement costs. The increase in Staffing Expenses also includes a mid-year reduction to the 2017-18 budget which reflects the hiring of IT contractors, budgeted in Operating Expenses, due to vacancies. These increased costs are offset by a decrease of \$1.1 million in Operating Expenses budgeted for IT contractors, who are used on an as needed basis depending on the current workload and staffing vacancies.

Sources are decreasing by \$775,742 in fee and rate revenue to reflect an anticipated reduction in application development and enhancements.

ANALYSIS OF NET POSITION

The use of \$660,266 of Net Position is primarily related to increased insurance and COWCAP costs that were unknown at the time service rates were calculated. These costs will be included in future Fee/Rate calculations to ensure full cost recovery.

Not included in this budget is \$196,615, which represents Purchasing's share of costs of other central service departments, such as Human Resources.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$3.1 million fund 30 budgeted positions. Operating Expenses of \$4.8 million make up the majority of the department's requirements within this budget unit. These expenses include \$3.8 million for countywide office supplies, which are reimbursed by user departments.

Sources of \$829,330 include \$336,000 from service charges for administering the countywide desktop office supply program and consolidated billing, and \$493,330 from various rebate agreements with vendors associated with countywide procurement programs.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$192,590. Staffing Expenses are increasing by \$472,425 due to the addition of two Buyers III and negotiated increases to salaries and benefits. An increase in Operating Expenses of \$943,871 reflects an increase in office supply purchases through the Countywide contract. These increases are offset by an increase of \$1.2 million in Reimbursements from user departments.

Sources are increasing by \$10,000 due to increased rebates from CAL-Card transactions.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$3.1 million fund 30 budgeted positions of which 29 are regular positions and 1 is a limited term position. A contract Business Systems Analyst III is added to support the County Enterprise Financial System project.

Two additional Buyers III are requested to handle contract workload. These positions will develop contracts, assist with negotiations, enforce contractual provisions, ensure supplier compliance with deliverables, and facilitate contract amendments and related change orders. There is no operational impact from the deletion of 1 Public Service Employee position, as that position was added to temporarily perform the duties of a vacant Fiscal Assistant position.

Printing Services

DESCRIPTION OF MAJOR SERVICES

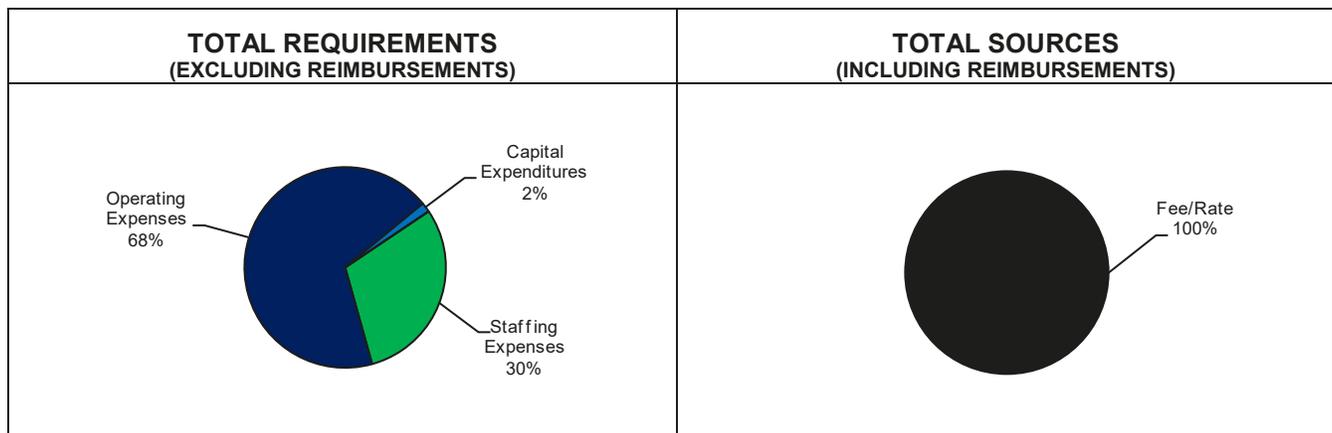

Printing Services designs, prints, and finishes high quality print production materials using the latest technology, and operates two locations for Quick Copy services.

As an Internal Service Fund (ISF) of the Purchasing Department, operational costs of this program are funded through user rates.

Unrestricted net position available at the end of a fiscal year is carried over for working capital or equipment replacement. Any excess or shortage in net position is reviewed and incorporated into the rate structure for the following fiscal year.

Note: Unlike governmental funds, the 2017-18 Modified Budget and Estimate columns do not include information on Estimated Net Position Available or Total Estimated Unrestricted Net Position because GAAP requires that internal service and enterprise funds include line items such as depreciation, which are not budgeted, in the Net Position calculation.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$1.0 million fund 15 budgeted positions. Operating Expenses of \$2.4 million fund the cost of production materials, outside printing services, and equipment leases including copiers and maintenance. Expenses are charged to County departments and outside agencies through annual Board-approved rates.

Sources of \$3.5 million represent projected rate-generated revenue from black and white copies, color copies, in-house off-set printing services, graphic design services and outside printing services.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$694,392 primarily due to decreased Operating Expenses including material costs and outside printing services, relative to reduced workloads.

Sources are decreasing by \$433,700 due to projected reduced workloads.

ANALYSIS OF NET POSITION

The department is submitting a balanced budget for 2018-2019, with no Use of Net Position.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$1.0 million fund 15 regular budgeted positions. Staffing changes include the deletion of 3 vacant regular positions and 1 limited term position. These deletions are due to a reduction in demand for printing services.

Surplus Property and Storage Operations

DESCRIPTION OF MAJOR SERVICES

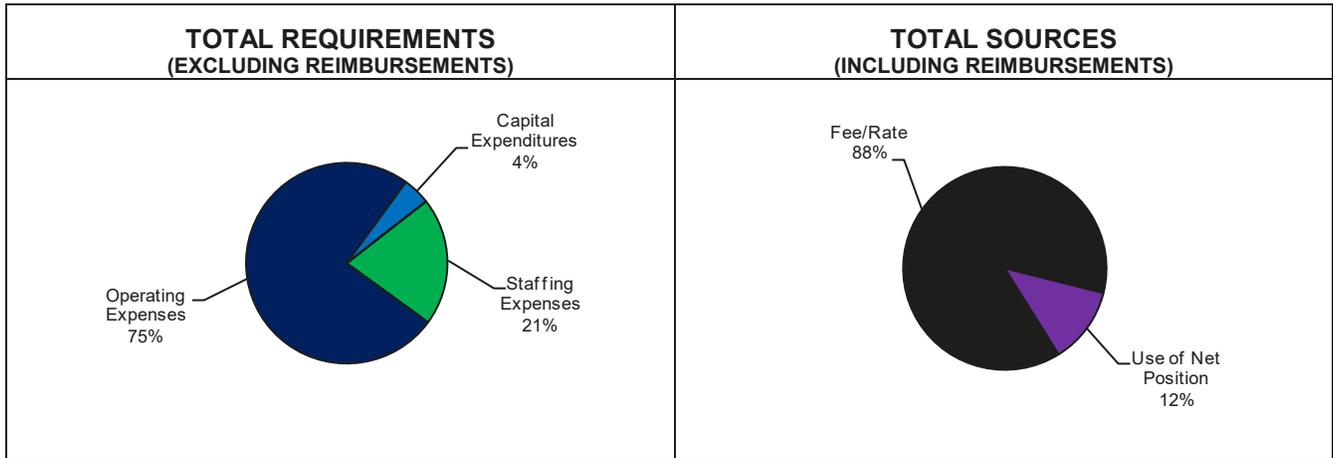

Surplus Property and Storage Operations manage County storage and excess property, internally reallocating used items to departments, distributing equipment to approved community-based organizations, and contracting with auctioneers and recyclers. Detailed reporting is required under County policy and state law.

Budget at a Glance

Total Requirements (Excl. Reimb.)	\$1,356,909
Total Sources (Incl. Reimb.)	\$1,191,510
Use of / (Contribution To) Net Position	\$165,399
Total Staff	4

As an Internal Service Fund (ISF) of the Purchasing Department, operational costs of this program are managed through a rate assessed on purchases of commodities frequently received at Surplus Property and by user rates for Storage Operations. Unrestricted net position available at the end of a fiscal year is carried over for working capital or equipment replacement. Any excess or shortage in unrestricted net position is reviewed and incorporated into the rate structure for the following fiscal year.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$1.4 million consist primarily of Operating Expenses, which include COWCAP charges, financial statement preparation, non-inventoriable equipment, information technology charges, and transfers out to fund administrative support provided by staff in the Purchasing Department's General Fund budget unit.

Sources of \$1.2 million include auction revenue, revenue from the storage and surplus handling rates, proceeds from recycling with outside vendors as well as payment from Human Services for participation by Community Based Organizations in the Surplus Property Program.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$146,083 reflecting the elimination of one-time purchases of capital assets. Sources are increasing by \$91,710 due to increased volume in countywide purchases of commodities that qualify for the handling rate assessment in Surplus operations.

ANALYSIS OF NET POSITION

The department is budgeting a Use of Net Position in the amount of \$165,399. This is in adherence to Federal OMB 2 CFR 255, which requires the department to achieve a balance between the rates charged and maintaining an adequate working capital reserve.

Mail/Courier Services

DESCRIPTION OF MAJOR SERVICES

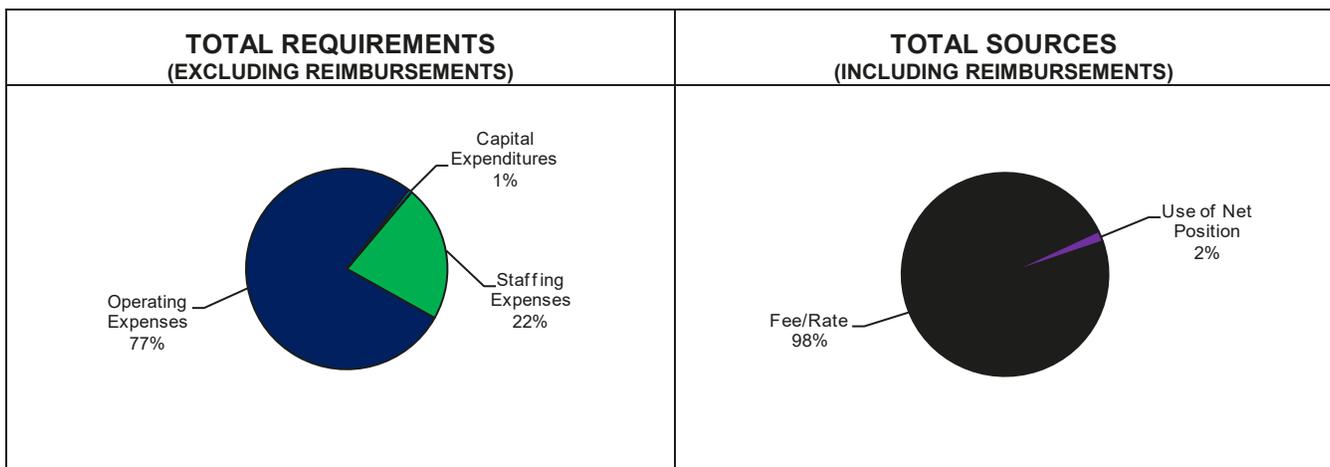

Mail/Courier Services provides mail handling and interoffice mail delivery. Mail handling includes various expedited shipping services, postage at a discounted presort rate and overnight services at a governmental discounted rate, along with automated mail duties. There are nine courier routes, six postage meter stations and a certified mail post.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$1.2 million fund 21 budgeted positions. Operating Expenses of \$4.3 million include direct postage expenses, equipment leases and maintenance, postal software upgrades, and other related services and supplies.

Sources totaling \$5.5 million represent revenue generated from rates charged to departments for mail handling, direct postage costs, and courier services.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$447,656 primarily due to reduced postage costs and significant reductions in mail handling volume. Sources are decreasing by \$417,558 reflecting the reduction in projected mail volume.

ANALYSIS OF NET POSITION

The department is budgeting Use of Net Position of \$95,977. This is in adherence to Federal OMB 2CFR 255, which requires the department to achieve a balance between the rates charged and ensuring an adequate working capital reserve.

RISK MANAGEMENT

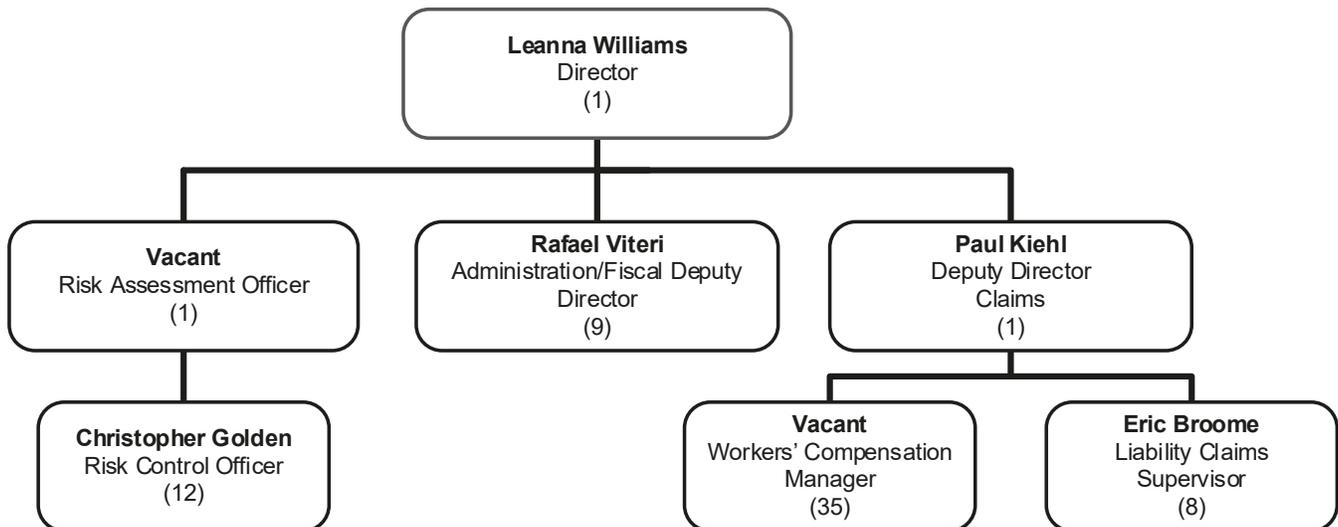

LeAnna Williams

DEPARTMENT MISSION STATEMENT

Risk Management seeks to minimize the frequency and severity of financial loss to the County through an Integrated Risk Management Program that includes identification and assessment of exposures that can result in loss, effective risk reduction and loss prevention programs for identified risks, aggressive claims management, and fiscally responsible risk financing and recovery.

2017-18 MAJOR ACCOMPLISHMENTS

- Negotiated the renewal of General Liability Insurance with California State Association of Counties – Excess Insurance Authority (CSAC-EIA) in the General Liability II program with coverage limits of \$50.0 million and a self-insured retention (SIR) of \$3.0 million without an additional amount of self-insured retention payable by the County (a corridor) for a second consecutive year, effective July 1, 2017.
- Conducted RFP's for the following services: Workers' Compensation Pharmacy Benefit Management, Insurance Broker Services, Nurse Case Management Services, American with Disabilities Act Services, and Risk Control Services to continue to identify County liability, reduce exposure, and decrease the overall cost of claims. Entered into agreements for these services for a period of 3 years.
- Refuted 31 OSHA inquiries and negotiated total proposed penalties from \$44,685 to \$7,450.
- Collaborated with the Human Services Departments to revise their Ergonomic Program and develop an interactive online training for the department.
- Continued to proactively respond to the Waterman Incident by ensuring that those who suffered injuries are receiving all benefits due. Continued collaboration with stakeholders to coordinate and disseminate information to ensure all available resources are made available.
- Implemented a new contract for Pharmacy Services for Workers' Compensation Claims Management to help reduce the cost of claims.
- Upgraded the departments Claims Management System to work with the County's new SAP Financial Management System.
- Referred 45 potential catastrophic cases to counsel for pre-litigation handling during 2017-18; an increase of 5 incidents and claims from 2016-17. This has allowed Risk Management to gain better control, resulting in less expensive resolutions in certain cases.
- Completed and passed the second annual Medical Malpractice Claims Management Audit since moving claims management administration from an outside Third Party Administrator to in-house staff in July 2015.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$6.6 million represent the majority of the Requirements within this budget unit and fund 67 budgeted positions which are necessary to administer the County's insurance programs.

Sources of \$102,000 primarily consist of interest revenue and the Emergency Medical Services Program administrative fee authorized under SB612 and SB173, which allows the department to recover expenses to administer the program.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$43,000 primarily due to an increase in Reimbursements of \$1.3 million from the insurance funds for increased operations costs. These additional Reimbursements fund an increase of \$1.1 million in Operating Expenses for increases in COWCAP charges, general insurance and application development enhancements, and an increase in Staffing Expenses of \$152,889 to fund negotiated salary increases and increased retirement costs.

Sources are decreasing by \$43,000 primarily due to a decrease in administrative fees for the Emergency Medical Services Program and lower interest revenue.

ANALYSIS OF NET POSITION

All services in this budget unit are provided on a cost-reimbursement basis from the insurance funds. These cost-reimbursements are transferred back to the appropriate insurance funds in fiscal years where the results of operations contribute to Net Position.

Insurance Programs

DESCRIPTION OF MAJOR SERVICES

Risk Management administers the County's self-insured workers' compensation, public liability, property conservation, safety and risk reduction programs and its insured programs. All programs are financed by charging General Fund and non-general fund departments, as well as Board-Governed Special Districts and County Service Areas. Each is billed for their specific coverage for the cost to pay losses under the self-insured programs and the cost of insurance for the insured programs.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$145.4 million include judgment and settlement costs, medical treatment and expenses, temporary and permanent disability payments; property, general and automobile liability insurance; cyber and medical malpractice liability insurance among others, and legal defense services.

Sources of \$118.3 million primarily include premiums paid by County departments, Board-Governed Special Districts, and County Service Areas, as approved by the Board of Supervisors.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$12.6 million due to an increase in settlements, liability claims experience, and increased medical claims costs in workers' compensation.

Sources are increasing by \$28.0 million due to higher premiums charged to departments for Workers' Compensation, General Liability, Auto Liability, and Law Enforcement Liability Programs to maintain an 80% confidence level of funding as determined by a yearly actuarial study.

ANALYSIS OF NET POSITION

Net Position supports insurance programs in maintaining and reaching an 80% confidence level of funding as recommended by annual actuarial studies. The department is budgeting a Use of Net Position of \$27.1 million for one-time claims' costs for judgments and settlements that may occur during the year, and to increase balances in certain insurance funds to achieve the 80% confidence level of funding.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit. Staff that administers these programs are budgeted in Risk Management's Operations budget unit.

DESCRIPTION OF MAJOR SERVICES

The Local Agency Formation Commission (LAFCO) is an independent regulatory body composed of two elected County supervisors selected by the Board of Supervisors, two city council members chosen by the mayors of the 24 incorporated cities, two elected special district board of directors selected by the presidents of independent special districts in the County, and one public member not associated with the County, city, or special districts who is chosen by the other six commission members. The members are charged with the responsibility to encourage the orderly growth of government agencies, to preserve agricultural lands, to discourage urban sprawl, and to ensure efficient delivery of services through local government agencies within San Bernardino County. In meeting these responsibilities, the Commission:

1. Regulates proposed boundary and sphere-of-influence changes for cities and special districts.
2. Conducts sphere-of-influence updates and municipal service reviews. The Commission also has the authority to initiate and make studies of existing government agencies and initiate proposals for consolidations, mergers, or dissolutions of special districts based upon its findings.
3. Regulates the formation and dissolution of cities and special districts.
4. Reviews contracts for the provision of services outside the boundaries of cities and special districts.

Costs incurred in this budget unit represent the County’s legally mandated contribution to LAFCO, which is one third of the operating cost that is not reimbursed by fees and other revenue.

The Superintendent of Schools is the elected chief school administrative officer of the County. The Superintendent of Schools is mandated by State law to provide various services for 33 school districts and two regional occupational programs. The Superintendent of Schools also provides ancillary services to five community college districts within the County. Through State and other funding sources, the Superintendent provides services to more than 400,000 Kindergarten through 12th grade students and approximately 40,000 community college students in accordance with the Education Code. These services also include direct instruction to alternative education, special education, juvenile hall and preschool students.

District Financial Services was established to independently perform all audits and approval functions required of the Auditor-Controller/Treasurer/Tax Collector and the Superintendent of Schools. District Financial Services is jointly responsible to those elected officials. These services include warrant production, control and the examination and audit of the payrolls, and other expenditures from the funds of the schools districts and entities in the County.

Arrowhead Regional Medical Center

DESCRIPTION OF MAJOR SERVICES

Arrowhead Regional Medical Center (ARMC) is a 456-bed university-affiliated teaching hospital licensed by the State of California Department of Health and operated by the County of San Bernardino. The hospital, located on a 70-acre campus in Colton, California, is a designated Level II Trauma Center. ARMC operates a regional burn center, primary stroke center, a free-standing behavioral health center, five primary care centers, including four family health centers, and 40 subspecialty clinics.

Budget at a Glance	
Total Requirements (Excl. Reimb.)	\$576,577,291
Total Sources (Incl. Reimb.)	\$580,347,235
Use of / (Contribution To) Net Position	(\$3,769,944)
Total Staff	3,949

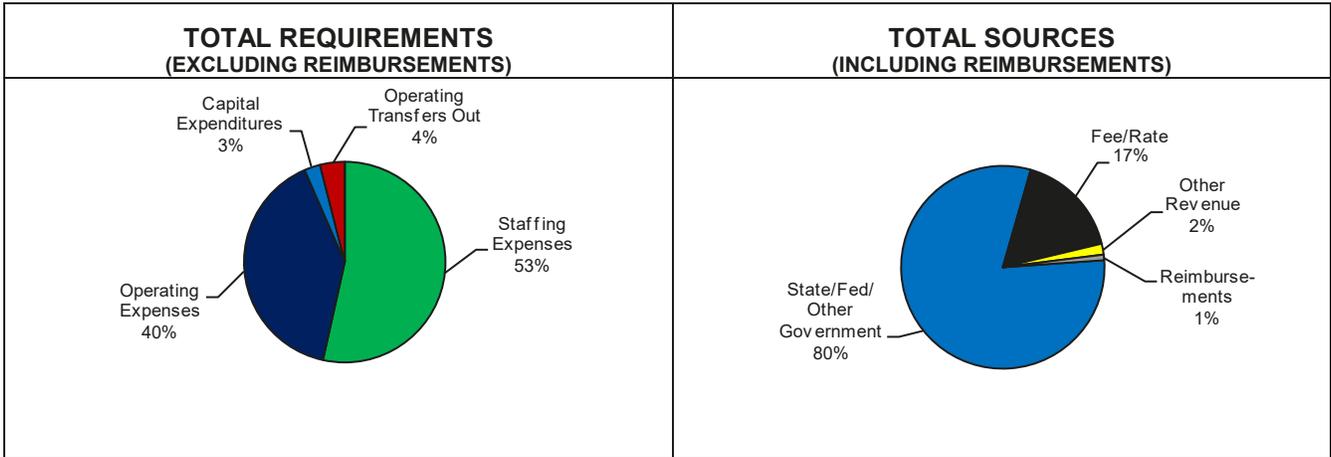

In keeping with its mission of providing quality healthcare and education, a variety of community outreach and wellness programs are offered, including the Breathmobile (asthma education and screening), a mobile medical clinic, annual health and safety expo, and annual 5K walk-run event. ARMC is the principal clinical site for multiple medical residency programs, some accredited through the Accreditation Council for Graduate Medical Association (ACGME), and others accredited by the American Osteopathic Association (AOA). Specialty programs include: emergency medicine, family medicine, internal medicine, surgery, neurological surgery, OB-GYN, psychiatry, and ophthalmology.

Patient care is coordinated among multiple care providers to ensure all health care needs are met from arrival to discharge, including the following:

- **Emergency Department:** ARMC's Emergency Department, with more than 92,000 patient visits each year, includes a helicopter landing area outside of the Emergency Department that can accommodate both standard medical evacuation helicopters and military helicopters.
- **Trauma Center:** ARMC's trauma center treats the most seriously injured patients and is one of the region's busiest for adult trauma care. It is the only Inland Empire Trauma Center certified by the American College of Surgeons.
- **Edward G. Hirschman Burn Center:** The center provides complete inpatient and outpatient burn care to patients of all ages and serves four counties: Inyo, San Bernardino, Riverside, and Mono.
- **Neonatal Intensive Care (NICU):** The 30-bed unit offers state-of-the-art intensive care in a nursery setting and provides care for premature infants and sick newborns requiring continuous assessment, observation, and intensive treatment.
- **Primary Care Clinics:** The Primary Care Clinics offer comprehensive primary care medical services to individuals and families in Rialto (Westside Family Center), San Bernardino (McKee Family Health Center), Fontana (Fontana Family Health Center), Redlands (Redlands Family Health Center) and Colton (ARMC Primary Care Clinic in the Medical Office Building).
- **Outpatient Specialty Care Services:** ARMC's Outpatient Care services include many different specialty services and an array of programs designed to ensure optimum health for children and adults, including: Cardiology, (interventional and cardiac rehabilitation), Coumadin Clinic, Dialysis Center, Gastroenterology Lab, Infusion Therapy, Lipid Clinic, Oncology Services, Ophthalmology, Orthopedics, Otolaryngology (ENT) and Oral, Maxillofacial Surgery, Pain Management Clinic, Pediatrics Clinic, Rehabilitation Services, Surgical Services, Women's Health Services, and Wound Care Center (Hyperbaric Oxygen Therapy).

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$308.4 million fund 3,949 positions. Operating Expenses of \$230.6 million are comprised primarily of medical supplies, physician fees, purchased medical services, insurance, utilities, and rent expense. Capital Expenditures of \$14.8 million fund necessary clinical and non-clinical equipment purchases. These Requirements are offset by Reimbursements of \$5.2 million for services and supplies purchased on behalf of other County Departments.

Operating Transfers Out of \$22.8 million represents costs budgeted for debt service of \$8.0 million and \$14.8 million for construction projects, which are being managed by the Real Estate Services-Project Management Division (PMD).

Sources of \$575.2 million includes \$467.5 million in state and federal funding primarily from Medicare and Medi-Cal; \$97.6 million in current services revenue from private pay patients and insurance; and \$10.1 million in Other Revenue from cafeteria sales, interest, miscellaneous grants, and services provided to other hospitals through the residency program.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$32.5 million primarily due to increases in Staffing Expenses of \$24.5 million related to negotiated salary increases, retirement cost increases and replacing limited term positions with regular positions. Operating Expenses are also increasing by \$11.6 million primarily due to increases in physician fees for patient care and various Risk Management insurance costs. These increased costs are offset by decreases of \$3.0 million in Capital Expenditures primarily related to one-time major medical imaging purchases in 2017-18 including \$1.5 million for new portable X-Ray machines and \$1.3 million for digital radiography upgrades.

Sources are expected to increase by \$33.2 million overall. This is primarily related to a \$30.0 million increase in State/Fed/Other Government revenue caused by the following fluctuations:

- \$22.2 million increase in State Managed Care primarily caused by physician capitation payments received from the Inland Empire Health Plan and one-time revenue for Graduate Medical Education.
- \$17.4 million increase in State Medi-Cal primarily caused by increases in volume for Inpatient and Outpatient Fee-For-Service.
- \$10.4 million decrease in Federal Medicare primarily caused by decreases in volume for Inpatient and Outpatient Fee-For-Service.

Fee/Rate revenue is also increasing by \$11.5 million primarily due to an \$8.1 million increase in Commercial Insurance revenues due to scheduled price increases and \$7.0 million in additional revenue earned from an MOU with the Department of Behavioral Health. These increases are offset by an estimated decrease in past due collections of \$3.4 million.

These increased revenues are offset by a decrease of \$10.5 million in Operating Transfers In as strong revenue forecasts for 2018-19 eliminate the need to utilize State Realignment reserves for one-time expenses.

ARMC continues to feel the impact of the Affordable Care Act (ACA) as the number of uninsured patients decline, and members of this group migrate to expanded coverage under Medi-Cal Managed Care. However, potential negative impact to Sources could come as a result of pending state legislation related to the Federal Managed Care Rule and State 340B Drug Pricing Program changes.

ANALYSIS OF NET POSITION

The budget reflects a contribution of \$3.8 million to Net Position. This is a result of anticipated small volume increases and additional Sources earned under the ACA. Available Net Position will be used to fund future capital projects, electronic health record system, and fixed asset purchases as needed.

- Specialty Care Registered Nurse (1 regular)
- Specialty Care Registered Nurse - Per Diem (13 limited term)
- Sterile Processing Technician I (1 limited term)
- Student Nurse (1 limited term)

Deletions were based on an operational assessment of staffing requirements. Of these deleted positions, 90 are vacant while 4 regular and 22 limited term positions are currently filled. These filled positions will be transferred to the newly added positions.

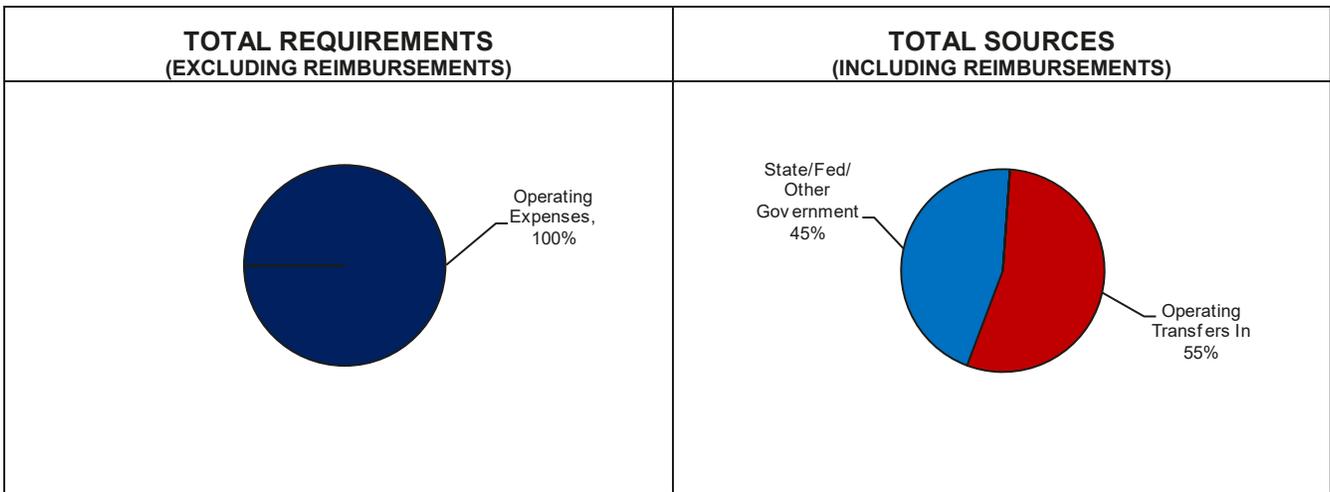

Medical Center Lease Payments

DESCRIPTION OF MAJOR SERVICES

This budget unit funds the cost of long-term lease payments to the Inland Empire Public Facilities Corporation for the Arrowhead Regional Medical Center (ARMC) facility. Funding sources include state revenues from the Construction Renovation/Reimbursement Program (SB 1732). This program provides supplemental reimbursement for construction, renovation, or replacement of medical facilities or fixed equipment. Other funding sources are operating transfers from ARMC and operating transfers from the General Fund backed by Health Realignment revenues and Tobacco Master Settlement Agreement proceeds.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Operating Expenses of \$42.0 million represent lease payments and associated fees and expenses.

State, Federal, or Other Government revenue of \$19.1 million is from the State of California’s Construction Renovation/Reimbursement Program (SB 1732). The amount reimbursed by the state depends on the allowable portion of the lease payments multiplied by a rate that is calculated by the state every year. The rate fluctuates based on actual Medi-Cal inpatients days paid to ARMC.

Operating Transfers In of \$22.9 million are funded by \$10.7 million of Tobacco Master Settlement Agreement monies, \$4.2 million of Health Realignment funds, and \$8.0 million in revenues anticipated to be generated by ARMC.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$26,540 primarily due to increased debt service costs, which results in an increase to Sources to fund these Requirements.

ANALYSIS OF NET POSITION

The Net Position associated with this budget unit will always be zero since Requirements will always be the same as Sources.

STAFFING CHANGES AND OPERATIONAL IMPACT

2017-18 MAJOR ACCOMPLISHMENTS

- Completed several street improvement projects in the County unincorporated and cooperating cities totaling over \$3.3 million of Community Development Block Grant (CDBG) funds, which benefited over 35,335 individuals in low-moderate income areas and their surrounding communities.
- Allocated over \$1.3 million of CDBG funds towards Americans with Disabilities Act (ADA) improvement projects at Yucaipa Regional Park, Prado Regional Park and Bloomington.
- Invested CDBG funds to purchase 4.5 acres for a new park to better serve the residents and enhance Bloomington Grove Affordable Housing.
- Invested CDBG program funds, in partnership with 13 cooperating cities, to accomplish the following: constructed or improved 19 public facilities; initiated or completed 27 infrastructure projects; and completed approximately 2,224 code enforcement inspections.
- Allocated \$3.2 million of HOME funds to the Golden Avenue Apartments project, financing 40 permanent supportive housing units for chronically homeless individuals, which was a collaboration between the Housing Authority and the County.
- Committed \$2.2 million of HOME funds to the Arrowhead Grove affordable housing project, a 184-unit multi-family affordable project located in the City of San Bernardino, which allowed the second and third phases of the former Waterman Gardens public housing site to apply for financing utilizing State Cap and Trade funding.
- Partnered with non-profit organizations to provide homeless assistance to approximately 700 individuals using the Emergency Solutions Grant (ESG) funds.
- Continued the implementation of the Enhanced Security Deposit program – as an extension of the Homeless Veterans Housing Initiative—and provided security deposit assistance to approximately 80 chronically homeless veteran households.
- Provided funding for Housing Search and Placement using ESG grant funds to identify permanent housing units for chronically homeless clients; 643 units have been identified since program inception.
- Coordinated and reviewed all financial actions of the 26 Oversight Boards for the County regarding the Redevelopment Dissolution Act to assist the County in overseeing the wind down of former redevelopment agencies and to secure revenue for County taxing entities.
- Sold 3.5 acres of the former San Sevaire Redevelopment Area properties for \$2.4 million, which resulted in a benefit for affected taxing entities of the former redevelopment area.
- Executed a Memorandum of Understanding with the Auditor Controller/Treasurer Tax-Collector to assist in managing the creation of the County Wide Oversight Board, which will begin on July 1, 2018.

Community Development and Housing

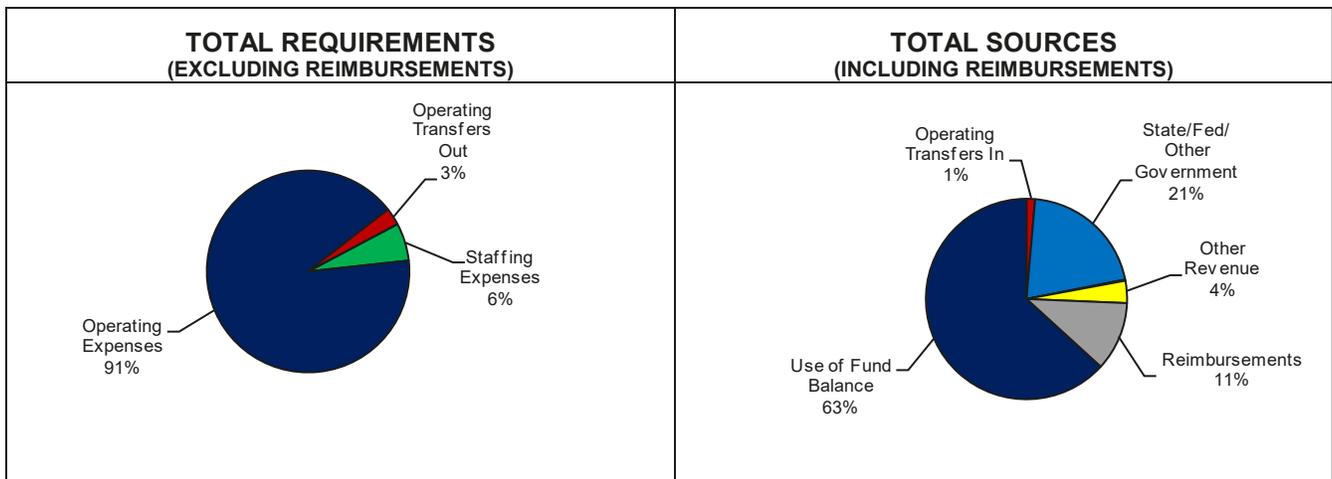

DESCRIPTION OF MAJOR SERVICES

Community Development and Housing (CDH) seeks quality of life for the residents of San Bernardino County by providing community and housing development resources for low and moderate income families, individuals and communities. CDH invests several Federal Department of Housing and Urban Development (HUD) and State grants to undertake needed infrastructure projects and services for targeted communities. Housing grant funds are leveraged to develop vision-based affordable housing communities.

Special Revenue Funds: Requirements of \$31.5 million are for low-moderate income housing assistance and community development. Sources of \$14.7 million represent federal and state entitlement revenues. Use of Fund Balance of \$16.7 million is for one time infrastructure improvements and large HOME Investment Partnerships Program (HOME) projects.

Capital Projects Funds: Requirements of \$20.2 million are for infrastructure improvements in the areas surrounding the former San Sevine redevelopment project area. Sources of \$198,100 represent interest earned from the Capital Projects Fund Balance. Use of Fund Balance of \$20.0 million is for a variety of bond funded infrastructure projects.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$7.8 million as a result of a projected reduction in one-time project expenditures that are part of Operating Expenses, Capital Expenditures, and Operating Transfers Out.

Sources are decreasing by \$6.8 million to reflect the required funding for 2018-19 projects and adjustments to budgeting procedures to use fund balance for one-time projects, before drawing entitlement funds, as required by HUD.

ANALYSIS OF FUND BALANCE

The budget reflects a \$36.8 million Use of Fund Balance for one-time project expenditures. The majority of the departmental Fund Balance represents monies received from the dissolution of redevelopment, representing bond and housing funds. The Fund Balance also includes revenues from repayment of HUD loans.

2017-18 MAJOR ACCOMPLISHMENTS

- Secured \$10.4 million in Continuum of Care (CoC) Homeless Assistance Grant funding from the U.S. Department of Housing and Urban Development (HUD) to support 19 permanent supportive housing and 4 rapid rehousing rental assistance programs throughout the County, which resulted in a total of 1,454 CoC funded beds and 1,090 households assisted as reported on the 2018 Housing Inventory Chart.
- Submitted local Homeless Management Information System (HMIS) data to HUD for use in the Annual Homeless Assessment Report (AHAR) submitted to the U.S. Congress. The AHAR provides nationwide estimates of homelessness, characteristics of homeless persons, and service use patterns.
- Achieved 100% homeless service provider participation in HMIS.
- Increased the number of Continuum of Care Homeless Assistance Grant funded permanent housing beds designated for Chronically Homeless individuals and families to 318 county-wide, which include wrap around supportive services.

- Successfully implemented the HUD mandated Coordinated Entry System, for persons experiencing homelessness with Inland Empire United Way 2-1-1.
- Coordinated two Project Connect outreach events to connect the homeless with service providers throughout the County.
- Sponsored 250 representatives from community and faith-based organizations, educational institutions, non-profit organizations, private industry, state, and local government to attend the 1 in 4 Convening.

Office of Homeless Services

DESCRIPTION OF MAJOR SERVICES

The Office of Homeless Services (OHS) was created in September 2007 by the San Bernardino County Board of Supervisors. OHS serves as the administrative arm of the Homeless Partnership. In addition to its supportive function, OHS strives to develop a countywide public and private partnership that coordinates services directed towards reducing and preventing homelessness by providing comprehensive services and resources for homeless persons. OHS serves as the lead agency for the local Continuum of Care (CoC) Homeless Assistance grants, funding to various non-profit and housing service providers.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$993,535 represent a majority of the expenses in this budget unit and fund 10 positions. Operating Expenses of \$564,067 are primarily for consulting and other professional services in support of the CoC Grant administration and planning functions. Sources of \$599,786 are provided by HMIS and CoC grants.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$4,887 due to increases in Staffing Expenses and Operating Expenses. The majority of the increase to Requirements is being offset by an increase in Reimbursements of \$78,380 primarily from the Behavioral Health Department.

Sources are increasing by \$4,026 due to an increase of CoC Grant.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Operating Expenses of \$3.0 million include costs of various Economic Development programs (real estate related trade shows, advertising, public relations, and tourism), travel, and internal transfers out (County Counsel and HR charges, Facilities, etc.). Staffing Expenses of \$1.3 million fund 12 positions that manage economic development programs, and provide administrative services.

Reimbursements of \$236,036 from other departments are for services provided by the Economic Development staff.

Sources of \$200,000 represent film fees, registration fees and sponsorships for the State of the County event planned for the spring of 2019.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$133,340 primarily due to the elimination of \$600,000 in one-time projects in 2017-18 offset by the allocation of one-time funding in 2018-19 for Ontario International Airport related projects (\$250,000) and the Youth Education Initiative (\$260,000).

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$11.3 million fund 134 budgeted positions. Operating Expenses of \$19.7 million include costs associated with the department's three America's Job Centers of California, such as rent, including \$14.4 million in direct services to job seekers and business customers. Direct services include vocational training, On-the-Job training, supportive services, business consulting and workshops.

Reimbursements of \$1.9 million represent payments from other departments for program services provided through various Memoranda of Understanding.

Sources of \$30.2 million represent funding from various state and federal grants, primarily the Workforce Innovation and Opportunity Act (WIOA).

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$835,780 primarily due to a decrease in Reimbursements from the Transitional Assistance Department (TAD). Sources are increasing by \$345,078 due to an anticipated increase in WIOA expenditure reimbursements.

ANALYSIS OF FUND BALANCE

The department expects to contribute \$1.1 million to Fund Balance in 2018-19. This is consistent with the two-year federal funding cycle for WIOA programs.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staff Expenses of \$11.3 million fund 134 budgeted positions of which 118 are regular positions and 16 are limited term positions. The budget reflects an increase of 11 regular positions and 4 limited term positions. Due to a program change and expansion of the WIOA adult, youth employment and training programs, the department added a Program Manager I, an Administrative Supervisor I and a Staff Analyst II for managing contracts and in-house program activities. To support the adult and youth program expansions, the department added 6 Workforce Development Specialists in the Business Services Unit for job development and business outreach programs. The department added a Staff Analyst I and an Automated System Analyst I, for administrative and financial support, and program compliance. Lastly, 4 Contract Mental Health Nurse Practitioners were added to provide mental health students with development training and provide them with the required clinical supervision during their clinical rotation.

2017-18 MAJOR ACCOMPLISHMENTS

- Instituted a formal comprehensive training program for new appraisers to provide these employees with the skills and experience necessary to value residential, commercial, and industrial properties.
- Implemented a Secure File Transfer Protocol to transfer Business Property-related mandatory audit data between participating counties, making the audit process more efficient and reducing mailing costs.
- Initiated a Courtesy Notification program in cooperation with the District Attorney's office to notify property owners when documents that affect their real property are recorded, in order to assist in reducing real estate fraud.
- Utilized multiple social media platforms to expand public awareness of department services and information, including a Historical Archive video series highlighting the County's history, and a quarterly newsletter with tax-saving tips and career opportunities.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$20.9 million represent the majority of the Requirements in this budget unit and fund 251 positions. Operating Expenses of \$8.9 million primarily consist of printing and taxpayer notice mailing costs, COWCAP, and systems development charges for the Property Information Management System. Reimbursements of \$2.3 million are primarily from Recorder special revenue funds for administrative and information technology costs.

Sources of \$11.4 million include fees for recording and County Clerk services, special assessments, and transfers of ownership.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$1.8 million primarily due to increases in Staffing Expenses for additional positions and negotiated salary increases.

Sources are increasing by \$388,332, primarily due to an increase in revenue from vital records activities and recorded documents, partially offset by a decrease in special assessments and a decrease in revenue from data sales and sales of public information due to a restructuring of fees.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$20.9 million fund 251 budgeted positions of which 244 are regular positions and 7 are limited term positions. This includes an increase of 11 regular positions as noted below.

- 2 Legal Document Classifier II positions and 1 Lead Legal Document Classifier are added to process additional workload related to the implementation of Senate Bill 2, which requires the collection and remittance of a fee on certain real estate documents recorded. This fee supports a new state mandated program to provide permanent funding for the development of affordable housing.
- 1 Automated Systems Analyst II is added to assist with the modernization of the existing data infrastructure.
- 1 Automated Systems Technician, 3 Automated Systems Analyst I positions, 1 Automated Systems Analyst II, and 2 Programmer Analyst III positions are deleted from the Systems Development Special Revenue Fund (2340) and added to this budget unit as a result of a reorganization.

These staffing changes will ensure that the department can meet new and ongoing operational requirements.

Recorder Special Revenue Funds - Consolidated

DESCRIPTION OF MAJOR SERVICES

Systems Development was established to support, maintain and modernize the creation, retention and retrieval of information in the County's system of recorded documents. Sources include fees collected pursuant to Government Code Section 27361 on legal documents. There is no staffing associated with this budget unit.

Budget at a Glance

Vital Records was established to support vital records operation and retention, including the improvement and automation of vital records systems. Sources include fees collected for certified copies of vital statistics records pursuant to Health and Safety Code Section 103625(f) and 103625(g)(2). There is no staffing associated with this budget unit.

Electronic Recording was established by Government Code Section 27279.1 to authorize the County of San Bernardino to accept electronic transmission of recordable documents and the Recorder has been recording electronic documents since 2004. Government Code Section 27397 authorized all California counties to accept electronic transmission of recordable documents subject to regulations set forth by the Attorney General. In 2007, the Board approved a joint powers agreement (JPA) for the California e-Recording Transaction Network Authority (CeRTNA). This budget unit was established to support participation in the JPA. Sources include fees collected pursuant to Government Code Section 27397 regarding electronic recording delivery systems for official records evidencing ownership and encumbrances of real and personal property, and other miscellaneous records. There is no staffing associated with this budget unit.

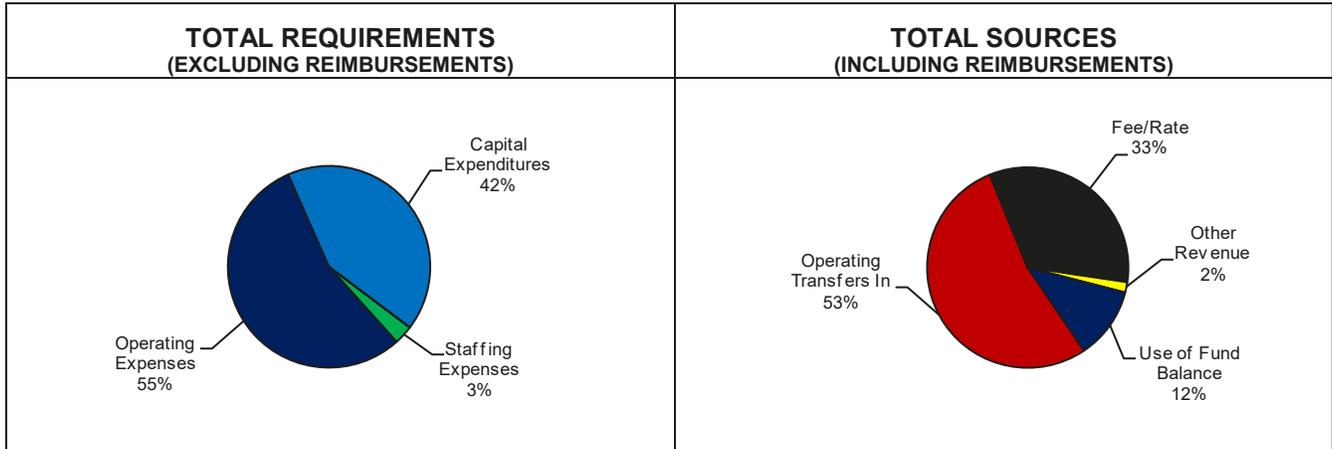

Recorder Records was established to defray the cost of storing, restoring, and imaging the County Recorder's documents. The primary service provided by this budget unit is the maintenance, repair and imaging digitization of the County Recorder's documents. Sources include fees collected pursuant to Government Code Section 27361 on legal documents.

Social Security Number Truncation was established to defray the cost of implementing Government Code Section 27301, which requires local governments to truncate the first five digits of social security numbers (SSN) that appear in records that may be disclosed to the public. The law requires the Recorder to implement the SSN truncation program for all records back to 1980. The primary service provided by this budget unit is the review of all recorded documents, flagging of high-value personal information, truncation of the first five digits of the SSN, and the creation of a separate index and images for public view. Sources previously included fees collected pursuant to Government Code Section 27301. There is no staffing associated with this budget unit.

DETAIL OF 2018-19 RECOMMENDED BUDGET

	2018-19				
	Requirements	Sources	Use of / (Contribution to) Fund Balance	Available Reserves	Staffing
Special Revenue Funds					
Systems Development (Fund 2340)	8,023,197	6,950,000	1,073,197	5,971,305	0
Vital Records (Fund 2342)	143,138	200,000	(56,862)	1,570,684	0
Electronic Recording (Fund 2344)	338,388	452,000	(113,612)	1,938,320	0
Recorder Records (Fund 2346)	484,551	442,000	42,551	927,889	3
Social Security Number Truncation (Fund 2348)	154,388	44,000	110,388	3,789,961	0
Total Special Revenue Funds	9,143,662	8,088,000	1,055,662	14,198,159	3

Systems Development includes \$8.0 million in Requirements to fund costs for document indexing/imaging, computer hardware, software and associated maintenance, and the anticipated purchase of capitalized software and computer hardware related to the replacement of the document recording system. Sources of \$7.0 million include \$2.1 million from Recorder modernization fees and \$4.9 million from General Fund reserves. Fund Balance of \$1.1 million is being used to support ongoing costs related to the modernization of Recorder systems. The department is reviewing operations in an effort to make adjustments to programs to reduce the reliance on Fund Balance in future years.

Vital Records includes \$143,138 in Requirements for computer software, printing and other professional services. Sources of \$200,000 are from vital and health statistic fees. Contribution to Fund Balance of \$56,862 will fund future vital records system improvements.

Electronic Recording includes \$338,388 in Requirements for computer hardware and CeRTNA related expenses. Sources of \$452,000 are from electronic recording fees and anticipated interest earnings. Contribution to Fund Balance of \$113,612 will fund future electronic recording system improvements.

Recorder Records includes \$484,551 in Requirements to fund three positions and costs associated with preservation efforts. Sources of \$442,000 are from records fees and anticipated interest earnings. Fund Balance of \$42,551 is being used to support ongoing costs related to preservation efforts. Cost savings in lease and utility costs are anticipated through a requested move from a leased facility to a County-owned facility, which would eliminate reliance on Fund Balance to fund ongoing costs.

Social Security Number Truncation includes \$154,388 in Requirements to fund the cost of truncating records as required by law. Sources of \$44,000 are from anticipated interest earnings. Fund Balance of \$110,388 is being used to support ongoing costs related to truncation of records. The department is in the process of acquiring a replacement for the document recording system and it is anticipated that this replacement system will automatically truncate records, reducing or eliminating reliance on Fund Balance in future years.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$5.0 million primarily due to the anticipated purchase of capitalized software and computer hardware related to the replacement of the document recording system. Sources are increasing by \$4.1 million primarily due to one-time funding from General Fund reserves for the replacement of the document recording system, partially offset by a reduction in revenue due to the discontinuance of fee collection for Social Security Number Truncation, which terminated on December 31, 2017.

ANALYSIS OF FUND BALANCE

Fund Balance has historically been used for special projects and periods of temporary revenue decline, and has been increased during years of strong revenues in all Recorder special revenue funds. In 2018-19, Systems Development will use Fund Balance of \$1.1 million to support ongoing costs related to the modernization of Recorder systems. The department is reviewing operations in an effort to make adjustments to programs to reduce the reliance on Fund Balance in future years. Recorder Records will use Fund Balance of \$42,551 to support ongoing costs related to preservation efforts. Cost savings in lease and utility costs are anticipated through a requested move from a leased facility to a County-owned facility, which would eliminate reliance on Fund Balance to fund ongoing costs. Social Security Number Truncation will use Fund Balance of \$110,388 to support ongoing costs related to truncation of records. The department is in the process of acquiring a replacement for the document recording system and it is anticipated that this replacement system will automatically truncate records, reducing or eliminating reliance on Fund Balance in future years.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$281,980 fund 3 budgeted regular positions. Staffing changes include a decrease of 7 budgeted positions as outlined below.

- 1 Automated Systems Technician
- 3 Automated Systems Analyst I
- 1 Automated Systems Analyst II
- 2 Programmer Analyst III

These 7 positions are deleted from the Systems Development Special Revenue Fund (2340) and added to the department's General Fund budget unit as a result of a reorganization that will allow the department to meet new and ongoing operational requirements.

Auditor-Controller/Treasurer/Tax Collector

DESCRIPTION OF MAJOR SERVICES

The Office of the Auditor-Controller/Treasurer/Tax Collector (ATC) is responsible for providing the County and its constituents with a variety of accounting, collections, and investment services.

The Controller Division records the collections and performs the accounting, reporting, and claims of all County financial activities to ensure sound financial management. It is also responsible for developing and implementing accounting systems and standards, and administering the Countywide Cost Allocation Plan (COWCAP).

The Disbursements Division is responsible for disbursing vendor payments and processing payroll services for County and Special District employees.

The Property Tax Division is responsible for the compilation of property tax rates, revenue disbursements to taxing agencies and managing and calculating pass-through agreement payments on behalf of countywide successor agencies relating to the dissolution of Redevelopment Agencies. 2015 California Senate Bill 107 requires that the 26 Oversight Boards of the 26 Successor agencies be combined into one Oversight Board by July 2018, and ATC in collaboration with the Community Development and Housing Agency will staff the Board.

The Treasurer Division performs the County's treasury function, including the investment of all County and School District funds within the County investment pool and associated banking services. The Treasurer currently manages assets of \$6.0 to \$7.2 billion. The Tax Collector Division collects property taxes for all County taxing entities and collected over \$2.6 billion in secured property taxes and other fees in 2017-18.

The Central Collections Division provides collection services for the County and Superior Court, and collected \$38.6 million for the year ending June 30, 2018, consisting of \$24.2 million for collection of court-ordered payments and \$14.4 million for Arrowhead Regional Medical center's delinquent accounts receivable.

The Auditor Division performs operational and financial audits of departments, agencies, and special districts; evaluates internal controls for operational improvement; and operates the Fraud, Waste, and Abuse Hotline.

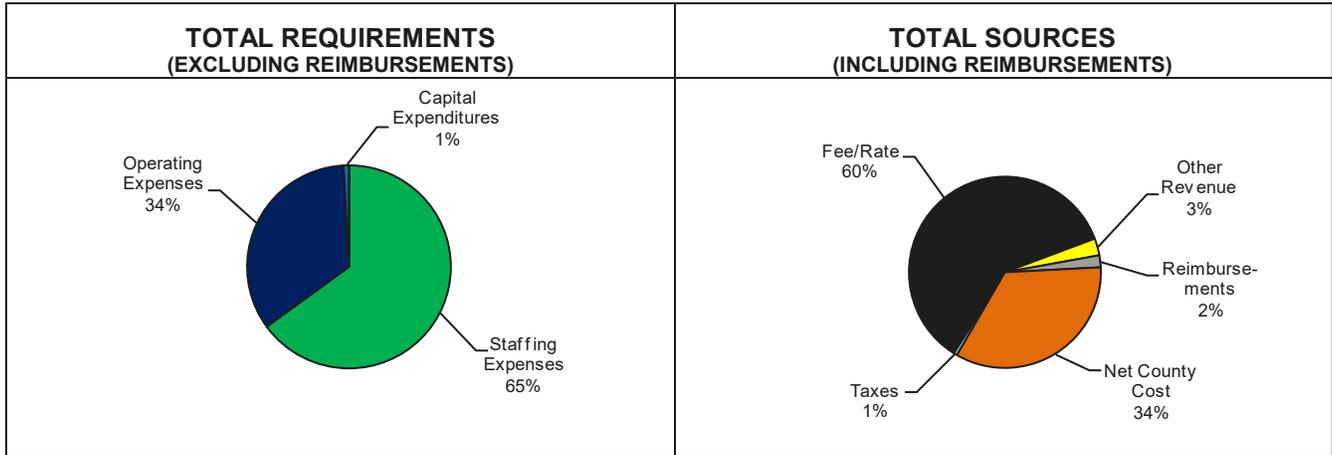

The SAP Financial Team provides ongoing countywide support for the Enterprise Financial Management System consisting of business and information technology experts. Support includes maintaining the system, performing technical upgrades/updates, testing, troubleshooting, training, and collaborating with the vendor for system updates to stay current and in compliance with new legislation and Governmental Accounting Standards Board pronouncements.

Note: Auditor-Controller/Treasurer/Tax Collector is classified as a central service department in the Countywide Cost Allocation Plan (COWCAP). In order to allocate full central service costs to the County's operating departments, central service departments do not pay COWCAP charges. Not included in this budget is \$132,756, which represents Auditor-Controller/Treasurer/Tax Collector's share of costs of other central service departments, such as Human Resources.

FISCAL

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$28.8 million represent the majority of Requirements in this budget unit and fund 336 budgeted positions that are necessary to provide accounting, auditing, collections, and investment services to County departments and constituents. Sources of \$28.3 million primarily represent Fee/Rate and cost-reimbursement revenue generated by services provided.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$1.0 million, due to an increase in Staffing Expenses reflecting full year funding for 12 regular positions, approved mid-year 2017-18 by the Board of Supervisors for the new SAP Financial Team, and negotiated salary increases. Operating expenses are decreasing by \$926,823 due to a decrease in Central Service costs and the elimination of SAP Post Go-Live support, offset by the cost of vendor maintenance and support for the new Enterprise Financial Management System. Sources are increasing by \$357,201 due to increased Tax Collector revenue and Treasurer Division cost recovery.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$28.8 million fund 336 budgeted positions of which 318 are regular positions and 18 are limited term positions. The budget includes an increase of 3 net budgeted positions.

A total of 7 vacant positions are deleted. This includes 1 Supervising Accountant II (regular), and 1 Secretary I (regular) due to a reorganization in Central Collections. Additionally, 4 Contract Accountant III positions (limited term), and 1 Contract Accountant II (limited term) are deleted. The deleted positions provided backfill for employees assigned to the Enterprise Financial Management System (EFMS) implementation project.

The Information Technology Division is adding 1 Business Systems Analyst III that is being transferred from the Automated Systems Development Fund (1042). This change is due to this position no longer necessary for EFMS project implementation activities.

A total of 5 positions are added to the Controller Division. This includes 1 Accountant II to assist with the increased accounting workload of the new California Automated Consortium Eligibility System, which manages data for beneficiaries receiving benefits in 40 California counties, and 2 Fiscal Specialists to assist with specialized banking accounting processes. In addition, 1 Systems Accountant I and 1 Systems Accountant III are transferred to the Division from Fund 1042 as they are no longer necessary for the EFMS project.

The Disbursements Division is adding 1 Public Service Employee position to assist with the Accounts Payable workload. The Property Tax Division is adding 1 Contract Systems Accountant II to assist with coordinating the implementation of the new EFMS and the Property Tax System. The Tax Collector Division is adding 1

Accounting Technician to assist with complex fiscal and accounting processes. Additionally, 1 Auditor-Controller Division Chief is added to the Central Collections Division and deleted from Fund 1042. The position is no longer necessary for EFMS project implementation activities.

The aforementioned addition also results in the transfer of 1 Auditor-Controller Division Chief position from Central Collections to Disbursements.

Redemption Restitution Maintenance

DESCRIPTION OF MAJOR SERVICES

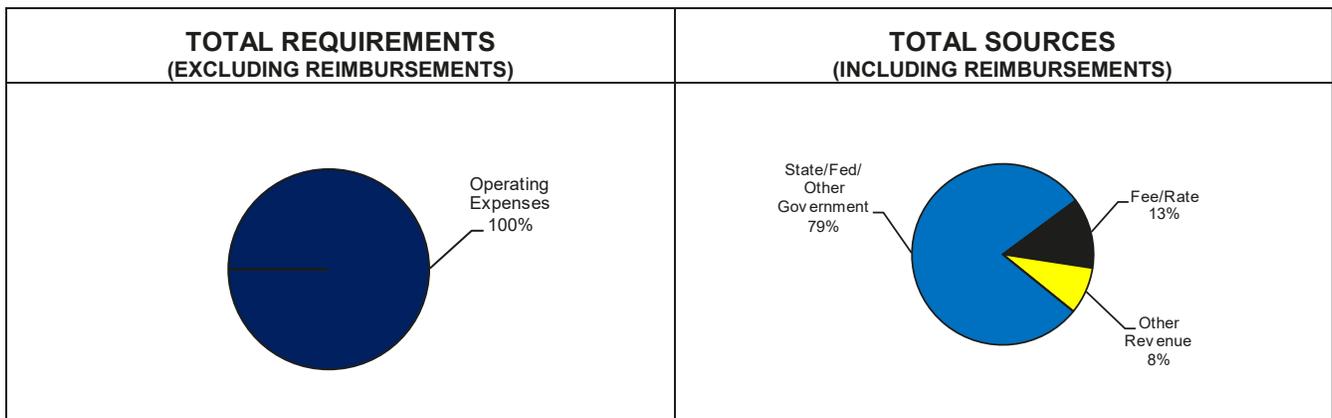

The Redemption Restitution Maintenance budget unit consists of revenue received from tax sales and the State of California for the Victim Restitution Rebate.

Redemption Maintenance accounts for revenue received from tax sales to defray the costs of maintaining the redemption and tax defaulted files, and the costs of administering and processing the claims for excess tax sale proceeds. Revenue includes unclaimed excess tax sale proceeds collected pursuant to Revenue and Taxation Code 4674.

Restitution Maintenance accounts for rebate revenue received from the State of California for collecting and submitting Victim Restitution funds timely to the state, per Government Code 13963(f). Additionally, the rebate revenue received is used to further collection efforts.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Operating Expenses of \$200,000 represent a transfer to the Auditor-Controller/Treasurer/Tax Collector's General Fund budget unit for Staffing and Operating Expenses for work related to the processing of excess tax sale proceeds. Sources of \$238,000 represent revenue from the State of California and anticipated interest earnings.

BUDGET CHANGES AND OPERATIONAL IMPACT

Sources are increasing by \$6,000 due to an anticipated increase in interest earnings.

ANALYSIS OF FUND BALANCE

A Contribution to Fund Balance of \$38,000 is anticipated in 2018-19 as Sources are expected to exceed Requirements. In future years, Fund Balance can be used for processing tax sale excess proceeds and to further collection efforts for victim restitution.

STAFFING CHANGES AND OPERATIONAL IMPACT

Health is comprised of six general fund budget units: Health Administration, Behavioral Health, Substance Use Disorder and Recovery Services, Public Health, California Children's Services and Indigent Ambulance. In addition, ten special revenue funds have been established to act as financing budgets for the Health Administration, Behavioral Health and Public Health general fund budget units. Each special revenue fund collects and disburses funds based on the specific purpose and activities established including, but not limited to, alcohol and drug prevention services, tobacco cessation services and preparedness and response.

NOTE: IHSS Public Authority is reported in the 'Other Agencies' section of this budget document.

Human Services is composed of eight County Departments: Transitional Assistance (TAD), Children and Family Services (CFS), Aging and Adult Services (DAAS), Preschool Services, Child Support Services, Veterans Affairs, Behavioral Health (BH) and Public Health (PH). Two other agencies work in conjunction with the core Human Services departments and they are: Children's Network and the Office of Homeless Services. Additionally, there are several support divisions under Human Services Management Services, including the Performance, Education and Resource Center which provide administrative and training support to the Human Services Departments.

Transitional Assistance, Children and Family Services, Aging and Adult Services, and all Human Services support divisions are included in the Human Services Administrative Claim process. The purpose of the claim process is to provide the County with the means for determining the costs applicable to each of the numerous welfare programs. This cost determination is necessary to satisfy federal and state reporting and funding requirements and to determine appropriate federal and state financial reimbursement to the County for each of the welfare programs.

HEALTH ADMINISTRATION

DEPARTMENT MISSION STATEMENT

Health Administration develops and coordinates budgets, policies, and procedures for the County's health care departments in accordance with the strategic goals adopted by the Board of Supervisors, the County Charter, and the general laws.

Health Administration

DESCRIPTION OF MAJOR SERVICES

The role of the Health Administration budget unit is to seek and support opportunities to foster collaboration among the Department of Public Health (PH), Department of Behavioral Health (BH), and the Arrowhead Regional Medical Center (ARMC). Health Administration provides regular fiscal and policy analysis relating to the operations of these departments. Additionally, Health Administration manages the Health Administration budget unit, which includes funding and related transactions for the County’s contribution for ARMC debt service payments, health related maintenance of effort costs, and transfers required to obtain federal health care funding.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Intergovernmental Transfers

This budget unit includes Intergovernmental Transfers (IGT) to the state for Medi-Cal Managed Care and Section 1115 Waiver related payments which consists of three components: Public Hospital Redesign and Incentives in Medi-Cal (PRIME), Global Payment Program (GPP), and Whole Person Care (WPC). These IGTs are used to send the non-federal share of Medi-Cal Managed Care and Section 1115 Waiver payments to the state in order to receive matching contributions. The initial investment is returned to this budget unit.

Medi-Cal Managed Care payments provide for maximum reimbursement under the allowable rate range. PRIME funding is tied to results and is based on meeting metrics and project objectives set to national standards. GPP funding is tied to treating remaining uninsured through non-traditional or complementary services. WPC is designed to provide comprehensive integrated care to high-risk and vulnerable patients. These payments are reflected as a matching contribution to the state, with a return of the initial investment to this budget unit and the matching contribution to the ARMC budget unit.

Realignment and General Fund Support

County General Fund support and Realignment funding totaling \$20.3 million is used to pay a portion of the ARMC debt service (\$14.9 million), Realignment AB 8 match of \$4.3 million, 2-1-1 San Bernardino Program, and administrative costs. To qualify for receipt of Health Realignment funding from the state, the County must contribute a 'match' of local funds. The County's \$4.3 million match is based on a formula established through AB 8 in 1979. This amount has remained constant throughout the years.

Realignment funds support costs in this budget unit as follows:

- Mental Health at 8.81%;
- Social Services at 1.15%;
- Health at 90.04% (which also includes ARMC debt service payments).

2018-19 Major Requirements include Intergovernmental Transfers, which are included in Operating Expenses, to cover the required local match for Medi-Cal Managed Care, PRIME, GPP, and WPC programs. The major revenue source is the return of the initial investment received from the state, which is budgeted as Fee/Rate revenue.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$9.9 million due to an anticipated increase in Intergovernmental Transfers of \$10.0 million offset by a slight decrease in administrative costs.

Sources are increasing by \$9.9 million reflecting the return of the additional \$10.0 million initial IGT investment to this budget unit, and a reduction in Realignment usage due to the decrease in administrative costs.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

Master Settlement Agreement

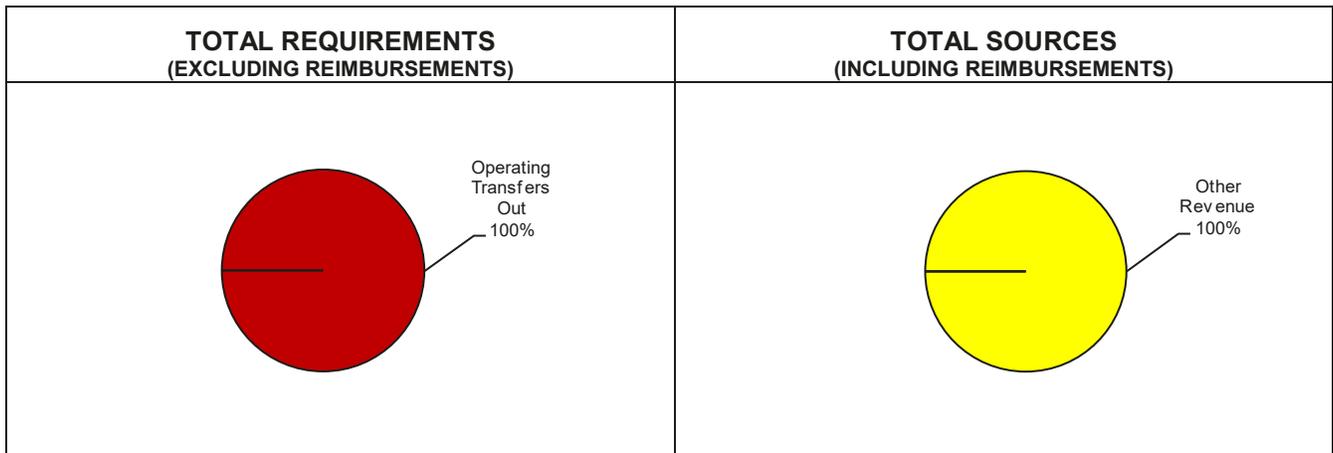

DESCRIPTION OF MAJOR SERVICES

This budget unit accounts for proceeds received from the tobacco lawsuit Master Settlement Agreement (MSA). In late 1998, a settlement was reached in a lawsuit filed by states against the tobacco industry. In California, the proceeds of the settlement are divided equally between the state and local governments who partnered in the lawsuit. Payments to local governments are based on a formula involving total tobacco sales and each local entity's population.

A majority of the County's total proceeds are used each year to fund a portion of the Arrowhead Regional Medical Center (ARMC) debt service.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Operating Transfers Out of \$17.0 million reflect a transfer to the General Fund to fund the Net County Cost within the Health Administration budget unit and to offset increased health care costs within the Department of Public Health. Health Administration uses that Net County Cost to fund the \$4.3 million local match requirement for 1991 Health Realignment and \$10.7 million of debt service for ARMC.

BUDGET CHANGES AND OPERATIONAL IMPACT

Sources are increasing by \$736,101 and have been budgeted conservatively based on average receipts over the last four years, excluding extraordinary revenue. Sources have remained stable over the past four years.

ANALYSIS OF FUND BALANCE

A contribution to Fund Balance of \$904,939 is anticipated based on the continued trend of revenues exceeding the base expenditure.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

2017-18 MAJOR ACCOMPLISHMENTS

- Department of Behavioral Health (DBH) Homeless Services provided behavioral health services to over 500 individuals housed in permanent supportive housing.
- Developed the Drug Med-Cal Organized Delivery System Implementation Plan and rolled-out full implementation effective March 1, 2018.
- DBH outpatient clinics provided services to an average of 7,154 persons with a severe and persistent mental illness (SPMI) and 35 individuals with a substance use disorder from eight (8) clinics countywide every month.
- Evaluated and administered over \$100 million in Mental Health Services Act (MHSA) programs which served over 170,000 individuals.
- Successfully evaluated and tested an innovative approach to engaging individuals living with serious mental illness, resulting in a 189% increase in adults accessing outpatient services, a 55% decrease in psychiatric hospital stays, and a 34% decrease in psychiatric hospital days.

Behavioral Health

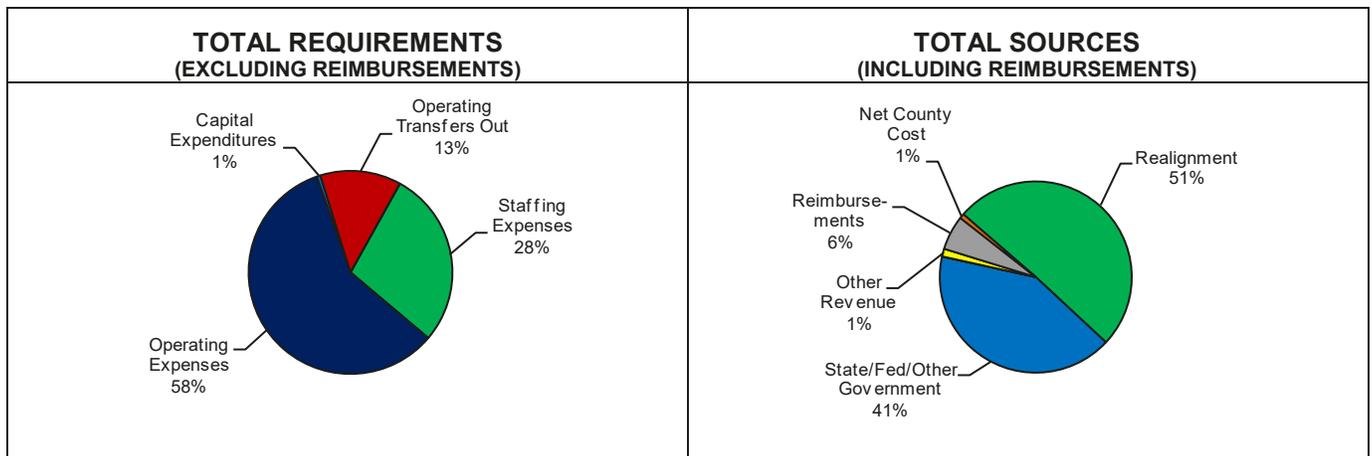

DESCRIPTION OF MAJOR SERVICES

The Department of Behavioral Health is responsible for providing mental health services to County residents who are either unable to afford treatment or do not live in proximity to private services. Treatment is provided to all age groups, with primary emphasis placed on treating children, families and chronically mentally ill adults (in that priority). Services are delivered throughout the County via a network of department-operated clinics, community based contract providers (residential and psychiatric skilled nursing facilities and acute hospitals), public schools, and other community-based settings. Services include: information and referrals, community outreach, client self-help and support groups, a variety of children's programs, mentally ill homeless program, employment services, case management, crisis and transitional residential assistance, augmented board and care placements, conservatorship services, supportive housing services and client transportation assistance. The department also operates as a training setting by administering various internship programs and offering continuing education for licensed department and contractor staff.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$65.6 million fund 589 positions. Operating Expenses of \$136.4 million are primarily for \$79.2 million in contracted and specialized services. Capital Expenditures of \$1.3 million include the purchase of fixed assets related to the expansion of the Outpatient Clinics located in Hesperia and East Valley. Capital Expenditures also include items such as vehicles, computers, and other equipment to enhance the ability of the mental health clinicians to provide services in the field. Operating Transfers Out of \$30.0 million include transfers of 2011 Realignment funds to the Mental Health Services Act (MHSA) budget unit, which is necessary to secure federal and state matching funds.

Reimbursements of \$13.6 million include \$9.6 million from the MHSA and Substance Use Disorder and Recovery Services (SUDRS) budget units for administrative and staffing support, and \$4.0 million in Reimbursements from other County departments for program staffing expenses, CalWORKs, rents, and other program operations.

Realignment sources of \$118.0 million consist of 1991 Realignment and 2011 Realignment revenue, including Public Safety Realignment. State, Federal, and Other Government sources of \$96.8 million include Medi-Cal Federal Financial Participation, Affordable Care Act (ACA), and the Mental Health Block Grant. Other Revenue of \$3.0 million includes payments from the Social Security Administration, reflecting Medicare indigent care for the disabled, and other agencies.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$3.7 million. A \$4.8 million increase in Staffing Expenses due to negotiated salary increases and a net increase of 4 positions, is offset by lower Operating Expenses. Operating Expenses are decreasing by \$5.3 million due primarily to a decrease in contract Children's services due to the loss of other agency funding. Reimbursements are decreasing by \$6.5 million, which reflects a \$5.5 million decrease from the

MHSA budget unit reflecting a one-time reimbursement in 2017-18 for the construction of a new Children’s and Juvenile Justice facility and a \$1.0 million decrease to CalWORKs funding due to programmatic changes.

Operating Transfers Out is decreasing by \$2.0 million, which is due in part to a \$10.8 million increase in transfers to the MHSA budget unit for increased Early and Periodic Screening, Diagnosis, and Treatment (EPSDT) services offset by a \$12.8 million decrease in one-time transfers to the Capital Improvement fund for the construction of a new Children’s and Juvenile Justice facility.

Sources are increasing by \$3.7 million due in part to an increase in 2011 Realignment of \$9.5 million, a decrease of \$4.5 million in State, Federal and Other Government sources which includes a decrease in Medi-Cal revenue related to the construction of a new Children’s and Juvenile Justice facility, and a decrease in Other Revenue of \$1.3 million due to a loss of other agency funding.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$9.6 million fund 115 budgeted positions. Operating Expenses of \$38.4 million are comprised primarily of \$34.0 million in professionally contracted services and \$3.2 million in interdepartmental transfers for prevention services, contracted physician services, rents, facility charges, and Behavioral Health (BH) General Fund administrative support. Together these expenditures support the clinics and programs that provide SUD services to County residents.

Reimbursements of \$18.0 million include support from the Transitional Assistance Department, Children and Family Services, and the department's special revenue funds for SUD services provided to their consumers.

Sources of \$29.9 million include the following federal and state funds: Drug Medi-Cal (DMC), Affordable Care Act Drug Medi-Cal, Substance Abuse Prevention and Treatment Block Grant, 2011 Realignment, and Public Safety Realignment.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$12.8 million. Operating Expenses are increasing by \$8.6 million primarily due to increased contracted professional services that provide SUD treatment and recovery services under the Drug Medi-Cal Organized Delivery System (DMC-ODS) program. Reimbursements are decreasing by \$1.9 million due to a reduction in services to be provided for CalWORKs Counseling, Family Stabilization, Children & Family Services counseling, and Probation Transitional Housing.

Sources are increasing by \$12.8 million due to a net increase in the State general fund allocation and DMC-ODS revenue related to the implementation of the DMC-ODS.

Mental Health Services Act

DESCRIPTION OF MAJOR SERVICES

On November 2, 2004, voters passed Proposition 63, which established a state personal income tax surcharge of one percent on the portion of taxpayers' annual taxable income that exceeds \$1.0 million. The proposition was enacted into law as the Mental Health Services Act (MHSA), effective January 1, 2005. The overall purpose and intent is "to reduce the long-term adverse impact on individuals, families, and state and local budgets resulting from untreated serious mental illness and to ensure that all funds are expended in the most cost effective manner and to ensure accountability to taxpayers and to the public."

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$55.9 million fund 655 positions. Operating Expenses of \$161.0 million include \$123.1 million in contracted and specialized services and \$18.4 million in interdepartmental transfers for mental health crisis services provided by Children's Network, Children and Family Services, Probation, Public Defender and Public Health.

State, Federal and Other Government sources in the amount of \$158.1 million include revenue from the Mental Health Services Act, Medi-Cal Federal Financial Participation and Affordable Care Act, and Senate Bill 82 Investment in Mental Health Wellness Act of 2013 (SB82) Grants. Other Revenue of \$8.6 million includes revenue from Children and Family Services for Screening, Assessment, Referral and Treatment services (SART), Social Security Supplemental Security Income through Interim Assistance for indigent clients, rent reimbursement, and anticipated interest earnings.

Operating Transfers In from the Behavioral Health (BH) General Fund budget unit of \$28.5 million primarily consist of 2011 Realignment for Early and Periodic Screening, Diagnosis and Treatment (EPSDT) Services, and Public Safety Realignment for mental health services to probationers.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$25.2 million, primarily due to a decrease in Operating Transfers Out of \$33.2 million reflecting the completion of two Crisis Stabilization Units (CSUs) located in the East Valley and West Valley and four Crisis Residential Treatment (CRT) facilities located in San Bernardino, High Desert, West Valley, and Morongo Basin. These decreases are partially offset by an increase in Staffing Expenses of \$2.3 million due to negotiated salary and retirement cost increases, and an increase of \$8.3 million in Operating Expenses due primarily to increases in contracted services for Childrens’ programs.

Sources are increasing by \$14.4 million. Operating Transfers In is increasing \$10.8 million primarily due to 2011 Realignment for Early and Periodic Screening, Diagnosis and Treatment (EPSDT) services, and Public Safety Realignment received from the BH General Fund budget unit. Other Revenue is increasing \$2.2 million reflecting lease revenue from the opening of the new CSU and CRT facilities. MHSA revenue is increasing \$1.3 million based on the state’s projections.

ANALYSIS OF FUND BALANCE

The \$25.5 million Use of Fund Balance reflects program expenditures required to avoid reversion of prior year’s funding that must be used within three years of receipt. Fund Balance usage has declined from the prior year and reflects the department’s continued efforts to reduce the ongoing Use of Fund Balance.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$55.9 million fund 655 budgeted positions of which 618 are regular positions and 37 are limited term positions. There are no new staffing increases included in the 2018-19 budget. Additions include 4 positions to be transferred from the BH General Fund budget unit and 1 position to be transferred from the Substance Use Disorder & Recovery Services (SUDRS) budget unit. Position deletions reflect the transfer of 2 positions to the BH General Fund budget unit, 1 position transfer to the SUDRS budget unit, the deletion of 1 duplicate position, and the deletion of an unfilled contract position for the Children’s Fund. This contract position was to provide administrative support for assessments provided at the Children’s Assessment Center, the necessary support does not require a full-time position and this service is being provided through an existing position. Staffing changes have no material impact on operations.

DESCRIPTION OF MAJOR SERVICES

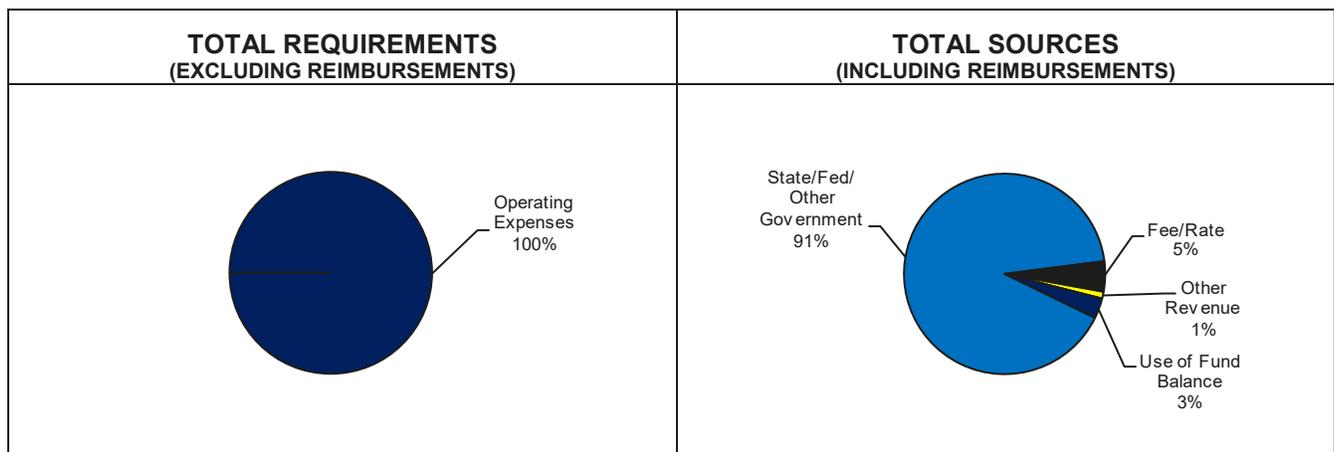

Block Grant Carryover Program funding is utilized by Substance Use Disorder & Recovery Services (SUDRS), formerly known as Alcohol and Drug Services (ADS). This funding is received from the State Department of Health Care Services (DHCS) under a multi-year cost reimbursement contract that allows the County to retain unused federal Substance Abuse Prevention and Treatment (SAPT) funds for use in the next fiscal year. These funds are to be spent on alcohol abuse prevention, education, and treatment in schools and the community as described in the annual update to the contract between the County and the State. Funds are transferred to the SUDRS Budget Unit, based on the needs of the program.

Court Alcohol and Drug Program funding is provided by three sources: the Statham funds, which are fines collected from individuals convicted of Driving Under the Influence (DUI) offenses; Senate Bill 921 of September 24, 1996, which requires persons convicted of an offense involving a controlled substance to pay a drug program fee in an amount not to exceed \$100 for each separate offense; and by Senate Bill 920 of September 24, 1996 that requires persons convicted of specific alcohol related offenses to pay an additional alcohol abuse education and prevention penalty assessment in an amount not to exceed \$50. Funds are transferred to the SUDRS Budget Unit for preventative services and a diversion program, based on needs of the program.

Driving Under the Influence Program funding is provided by fees charged pursuant to Title 9, Division 4, Chapter 3, 9878 (m) of the State Regulations and Health and Safety Code section 11837.8 (a). The Department of Behavioral Health charges fees to privately owned and operated contractors for monitoring Penal Code (PC) section 1000 and DUI programs. The County supervises these programs as required by Vehicle Code Section 1660.7, which states that the supervision and regulation of the first offender program resides with the County. Fees collected from privately owned and operated DUI programs within the County are deposited to this special revenue fund budget unit. Funds are then transferred to the SUDRS budget unit, as needed, to meet the costs of staff assigned to this function. These funds can only be used for the cost of monitoring PC 1000 and DUI programs.

DETAIL OF 2018-19 RECOMMENDED BUDGET

	2018-19				
	Requirements	Sources	Use of / (Contribution to) Fund Balance	Available Reserves	Staffing
Special Revenue Funds					
Block Grant Carry Over Program (Fund 2712)	10,457,887	10,457,887	0	7,595,403	0
Court Alcohol & Drug Program (Fund 2714)	788,040	416,108	371,932	2,673,352	0
Driving Under the Influence Program (Fund 2706)	178,761	178,760	1	576,805	0
Total Special Revenue Funds	11,424,688	11,052,755	371,933	10,845,560	0

Block Grant Carryover Program has Requirements of \$10.5 million for Operating Expenses which primarily consist of transfers to the SUDRS General Fund budget unit for salaries and benefits as well as other costs related to alcohol abuse prevention, education, and treatment in schools and the community. Sources of \$10.5 million are primarily from federal aid received through DHCS and anticipated interest revenue. Since sources correspond to the Requirements, there will be no contribution to Fund Balance.

Court Alcohol and Drug Program has Requirements of \$788,040 for Operating Expenses to fund Substance Use Disorder (SUD) programs which are expensed in the SUDRS General Fund budget unit. Sources of \$416,108 include fines collected from DUI offenders and anticipated interest. Use of Fund Balance of \$371,933 will be used to expand a diversion program.

Driving Under the Influence Program has Requirements of \$178,760 for Operating Expenses to fund salaries and benefits and other expenditures in the SUDRS General Fund budget unit incurred in monitoring the DUI/Deferred for Entry of Judgment programs. Sources of \$178,760 include DUI fees paid by program providers and anticipated interest revenue. Since sources correspond to the Requirements, there will be no contribution to Fund Balance.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements have decreased by \$509,320. Operating Expenses consisting of transfers to the SUDRS budget unit have decreased due to a decline in services for TB testing and contracted physicians in the Block Grant Carryover program, and the completion of equipment purchases for administrative staff relocation.

Sources are decreasing by \$58,107 due to a projected decrease in fee revenue from the Court Alcohol and Drug Program based on current revenue trends. This is due to a projected increase of \$35,855 in the Federal Block Grant award and a decrease of \$93,963 in fees collected from the Court Alcohol and Drug Program based on current revenue trends.

ANALYSIS OF FUND BALANCE

The Federal SAPT Block Grant award is available to the County for two fiscal years. Any balances from the first fiscal year are rolled over and can be used in the next fiscal year. Consequently, the Fund Balance primarily consists of these roll over balances and current deposits from the federal award to fund ongoing expenses. The primary reason for the decrease in Fund Balance is additional costs associated with the new diversion program for substance use disorder consumers and the expansion in contracts for current SUD treatment services. In future years, Drug Medi-Cal funding and State General Funds for expanded services to eligible clients will reduce utilization of Fund Balance.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no budgeted staffing in these consolidated special revenue funds.

2017-18 MAJOR ACCOMPLISHMENTS

- Implemented an Electronic Health Record system (EHR) within the Clinical Health and Prevention Services Section, providing fully integrated practice management and electronic medical records designed to assist in enhancing clinical and financial productivity. The EHR was operational effective December 11, 2017.
- Convened a community sexually transmitted disease (STD) task force with partners from multiple sectors to address the large number of STDs reported in the County.
- Conducted a Safe and Sober Prom/Graduation Kick Off Event with participation from 21 area high schools and multiple community partnerships, which was live streamed for the first time.
- Applied for Public Health National Accreditation
- Received National Association of Counties (NACo) Achievement Awards for the Environmental Health Services' "Virtual Receptionist" program and "After an Emergency: Using Mutual Aid to Help Rebuild a Local Government Department When Resources Are Limited."
- Partnered with 186 qualifying early child care education sites, 125 school sites and 98 afterschool sites to train teachers and program staff to conduct food garden activities, nutrition, healthy beverage and physical activity education interventions reaching 50,605 students.
- Launched "HealthStat" an open performance site that showcases the department's Strategic Plan 2015-2020.
- Created and adopted the Local Area Management Plan (LAMP) to meet requirements of Assembly Bill (AB) 885 to promulgate consistent, statewide standards for the regulation of onsite water treatment systems.
- Engaged 116 seniors (who reported improved grip and overall body strength, improved flexibility, and decreased stress and depression) at 5 locations through the Steps to Healthier Aging Walk With Ease program.
- Changed from a Hearing Panel to a Hearing Officer for the Solid Waste Program making the hearing process easier, more efficient and reducing conflict of interest when hearings are requested by solid waste operators.
- Partnered with 500 non-profit, private sector animal rescue group organizations to receive homeless animals from its shelters and conducted 20 special adoption events, as of March 23, 2018.
- Provided over 730,000 food vouchers at 17 sites throughout the County, generating over \$43 million in sales at more than 200 authorized Women, Infant, and Children (WIC) grocers.
- Processed more than 36,000 disease and outbreak reports.
- Received National Association of Counties (NACo) Achievement Awards for the Accreditation "SharePoint" and "Laserfiche" programs created by the Information Services Section.

Public Health

DESCRIPTION OF MAJOR SERVICES

The Department of Public Health provides a wide range of services to prevent diseases and improve the health, safety and quality of life for residents and visitors of San Bernardino County. Many services are mandated by California Health and Safety Code.

Key delivery areas include Clinical Health and Prevention Services, Community and Family Health, Disease Control and Prevention, Environmental Health, Animal Care and Control, and Community Outreach and Innovation. Clinical Health and Prevention provides health care services that promote and improve the health of County residents and visitors, and assures the quality and accessibility of health care services to the public by providing clinical services through a network of Federally Qualified Health Centers (FQHCs) and Public Health clinics. Community and Family Health works to increase opportunities for children and families to lead healthier lives by organizing community efforts to embrace health education promotion and wellness core values, providing education on nutrition, promoting breastfeeding and infant health, and coordinating community-wide efforts to improve the oral health of County residents. Disease Control and Prevention provides for surveillance and prevention of communicable diseases, including tuberculosis, HIV, and other transmitted diseases, and provision of immunizations to prevent disease. Environmental Health prevents, eliminates, or reduces hazards adversely affecting health, safety and quality of life through integrated, regulatory programs such as Food Protection, Vector Control, and other Land Use/Water Protection programs. Animal Care and Control protects the public from rabies through dog vaccinations, stray animal abatement, wildlife rabies surveillance, and public education.

Community Outreach and Innovation encompasses Community Vital Signs, an ongoing community driven process that acts as a complement to the Wellness component of the Countywide Visioning process. This initiative builds upon the Countywide Vision by setting evidence-based goals and priorities for action that encompass policy, education, environment and systems change in addition to quality, affordable and accessible health care and prevention services. Implementation will involve the alignment and activation of resources and partnerships within the community to achieve shared goals that aim at improving the overall health and well-being of the County's residents.

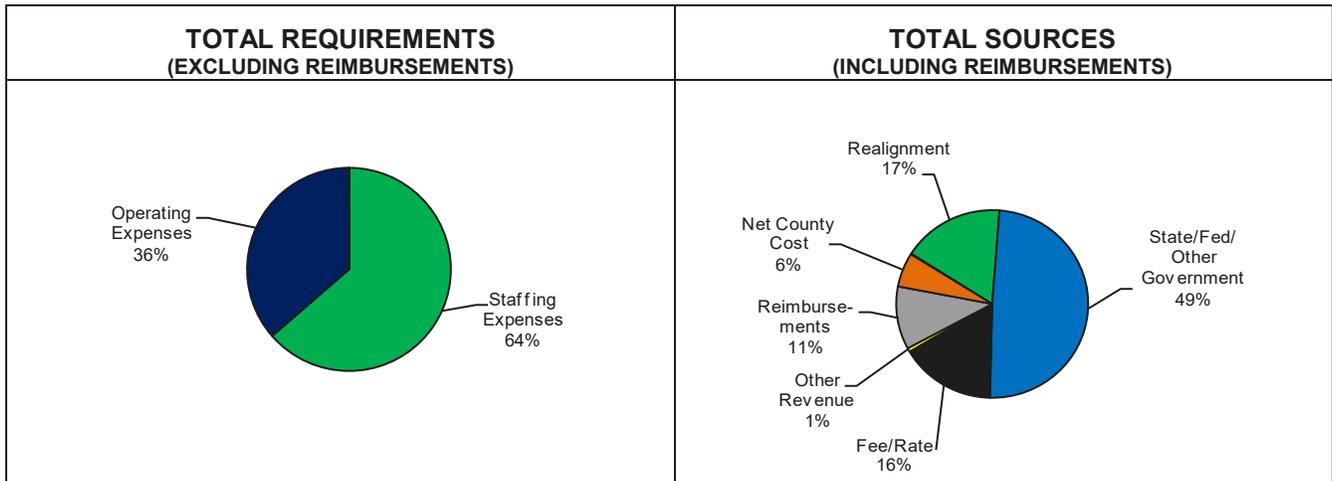

The Department of Public Health is in the process of seeking national accreditation. Public Health accreditation measures performance against a set of nationally recognized standards that focus on accountability, efficiency, effectiveness, and outcomes. This includes using deliberate and defined continuous quality improvement processes that are responsive to community needs and the goal of improving community health.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$86.4 million primarily consist of Staffing Expenses of \$61.7 million, which fund 778 positions and represent staffing for four Federally Qualified Health Centers (FQHCs), three Public Health clinics, 17 Women, Infant and Children (WIC) clinics, and two animal shelters, as well as multiple outlying County sites performing environmental health inspections, home visits and animal control staff canvassing. Operating Expenses of \$35.1 million include services and supplies, travel, and transfers to other County departments.

Sources of \$80.7 million consist of \$47.7 million in state and federal funding primarily from grants and Medi-Cal; \$15.6 million in Fee/Rate revenue primarily from license and permits, and fees for service; and \$16.7 million in 1991 Health Realignment funding.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$115,293 primarily due to reduced expenditures in temporary help (Operating Expenses) to support the Division of Environmental Health Services (EHS) and the elimination of one-time capital expenditures for the electronic health record system (EHR), offset by increased Staffing Expenses as a result of increases in retirement costs and negotiated salary increases. Also included is funding (\$100,000) for a contract Animal Rescue Coordinator that will work closely with rescue groups to help ensure more animals are being rescued/adopted out of our County shelters.

Sources are decreasing by \$338,358 primarily due to the reduction of one-time 1991 Health Realignment funding for EHR implementation services and the elimination of one-time 2011 Realignment funding related to the Sheriff's sexually transmitted disease testing pilot program, offset by new grant funding for the Oral Health program.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$61.7 million fund 778 budgeted positions of which 739 are regular positions and 39 are limited term positions. There is a net increase of 21 budgeted positions, with an increase of 26 new regular positions and 13 limited term positions, offset by the deletion of 18 positions, of which 17 are regular positions and 1 is limited term. In addition, 1 Health Education Specialist I position was reclassified to a Health Education Specialist II, and 1 Health Services Assistant I position was reclassified to an Office Assistant III. The department made staffing adjustments to limited term positions through mid-year actions, however, it is through the annual budget process that these positions are added to the budget. These staffing changes are needed to address changes in grant funding, operational needs, quality improvement, and to increase efficiency in operations.

California Children's Services

DESCRIPTION OF MAJOR SERVICES

California Children's Services (CCS) is a state program that provides case management, diagnosis and treatment services to individuals up to 21 years of age with severe qualifying medical conditions and whose families are unable to pay for all or part of the care. State law requires the County to maintain a mandated minimum funding level. In addition to realignment dollars and the County's mandated contribution, funding also comes from Medi-Cal, private insurance and patient co-payments.

The revenue breakdown among federal, state, realignment and County General Fund support depends on the type of services provided under this program. This program provides two types of services.

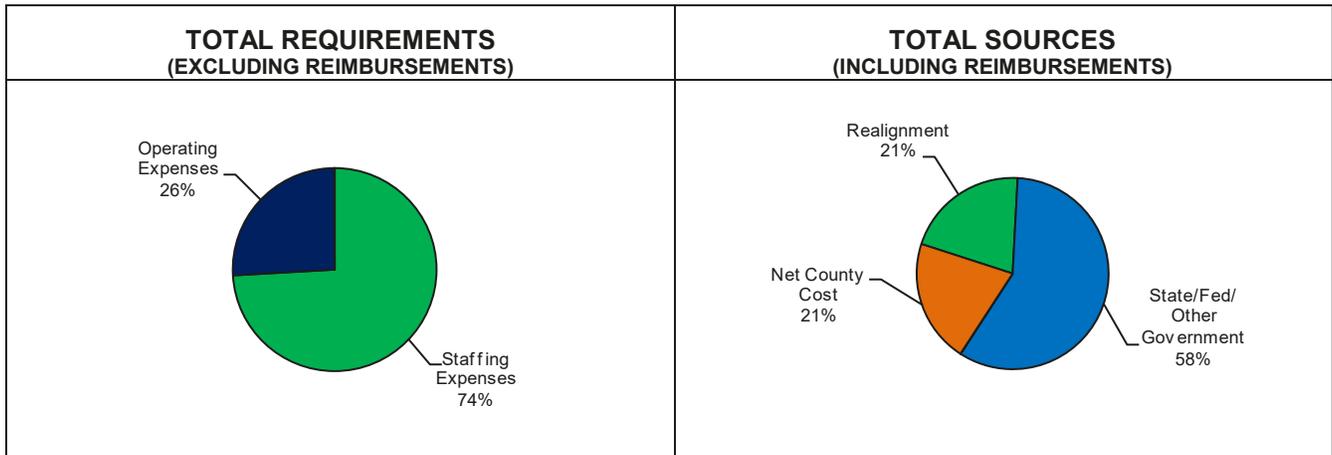

1. Administrative Component – Case Management activities include determining program eligibility, evaluating needs for specific services, determining the appropriate providers and authorizing/paying for medically necessary care. Reimbursement for administrative and operational costs for county CCS programs is shared between the state and the County as per Health and Safety Code Section 123955 (a). Effective 2016-17, County CCS Program Administrative funding allocations are assigned by the state based on prior fiscal year allocations, and adjusted to include increases and decreases in CCS Program appropriations in the current year Budget Act.

Caseload percentages are currently as follows:

- Medi-Cal accounts for 83% of the caseload. Federal and state funds reimburse CCS for 100% of the costs.
 - Optional Targeted Low Income Children's Program (OTLICP) accounts for 11% of the caseload. This federal and state program pays 88% of the costs. The remaining 12% local share is equally funded by Social Services Realignment (6%) and County General Fund support (6%) and is billed to CCS on a quarterly basis.
 - CCS or Non-Medi-Cal accounts for approximately 6% of the caseload. Federal and state funds pay for 50% of the costs associated with treating this clientele. The remaining 50% is split equally between Social Services Realignment (25%) and County General Fund support (25%).
2. Medical Therapy Component – This component provides physical therapy, occupational therapy and medical therapy conference services. Licensed physical therapists and certified occupational therapists provide evaluation, treatment, consultation services and case management. The state reimburses the County 50% of the costs incurred by this program up to the allocated amount prescribed by the state. The remaining 50% is equally funded by Social Services Realignment and County General Fund support. Additionally, this program is allowed to bill Medi-Cal for therapy provided to Medi-Cal eligible clients. This revenue is split 75% state and 25% County. Approximately 90% of the caseload in the medical therapy component is Medi-Cal eligible. The state also reimburses approximately \$80,000 at 100% for personnel costs while attending individualized educational programs per California AB3632.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$18.6 million fund 193 budgeted positions and comprise the majority of requirements within this budget unit. Operating Expenses of \$6.5 million include payments to the state and other providers for treatment costs and medical supplies.

Sources of \$19.9 million primarily consist of state and federal aid of \$14.7 million and \$5.2 million in Social Services Realignment funding.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$2.4 million primarily due to increased Staffing Expenses associated with negotiated salary increases, 13 new positions, and increased payments to the Public Health budget unit for indirect overhead costs.

Sources are increasing by \$1.6 million primarily due to an increase in federal and state grant funding, and increased use of Social Services Realignment. This increase funds the cost of the negotiated salary increases noted above and is not expected to have an operational impact to this program. County General Fund support is also increased as a result of matching requirements.

DESCRIPTION OF MAJOR SERVICES

Bioterrorism Preparedness is supported by federal and state funding from the Centers for Disease Control, Pandemic Influenza and Cities Readiness initiative. Funds support the department's preparedness for and response to emergencies caused by bioterrorism, infectious disease, natural disasters and other public health threats, such as Pandemic Influenza, through the development and exercising of comprehensive public health emergency preparedness and response plans.

Vital Statistics State Fees holds fees set by the state, which are collected from the sale of birth and death certificates. Per Health and Safety Code section 103625, all applicants for birth and death certificates shall pay an additional \$4, to be collected by the County, which is then disbursed 45% to the State Registrar and the remaining 55% is retained by the department. The funds may be used to defray the administrative costs of collecting and reporting with respect to those fees, but also to improve and/or modernize vital records operations, data collection and analysis.

Vector Control Assessments funding is received via the property tax roll and is dedicated for vector control services. The assessments are levied against parcels within the unincorporated areas of the County and the amount assessed depends upon the level of improvement on a given parcel. Services provided by the Vector Control Program include responding to citizen complaints/service requests for community control of vectors. Additional services include monitoring for the presence of vector borne diseases, inspecting poultry ranches, dairies, and riding academies for nuisance flies and other vectors, and direct abatement and control of vectors in sanitary sewer systems, flood control channels and basins.

Bioterrorism Preparedness: Requirements of \$2.1 million represent transfers to the Public Health General Fund budget unit for the Preparedness and Response Program. Sources of \$2.1 million are primarily from federal aid.

Vital Statistics State Fees: Requirements of \$142,980 represent transfers to the Public Health General Fund budget unit for the costs of improvement/modernization of the vital records systems and operations. Sources of \$189,732 are primarily vital statistics fees set by the state.

Vector Control Assessments: Requirements of \$1.8 million represent transfers to the Public Health General Fund budget unit for the operation of the Vector Control program. Sources of \$1.8 million are primarily funding received via property tax assessments.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements and Sources are decreasing by \$1.1 million primarily due to the reduction in one-time expenses related to the use of public health emergency preparedness carryover funds, as there is no carryover of unspent grant funds budgeted for 2018-19.

ANALYSIS OF FUND BALANCE

The Contribution to Fund Balance in the Bioterrorism Preparedness fund reflects an estimate of accumulated interest revenue that is due to the State.

The Contribution to Fund Balance in the Vital Statistics fund represents amounts collected that are not used during the year. These amounts are set aside for use in low revenue years or to fund larger automation/improvement projects.

Contributions to Fund Balance in the Vector Control fund have historically been used to replace equipment.

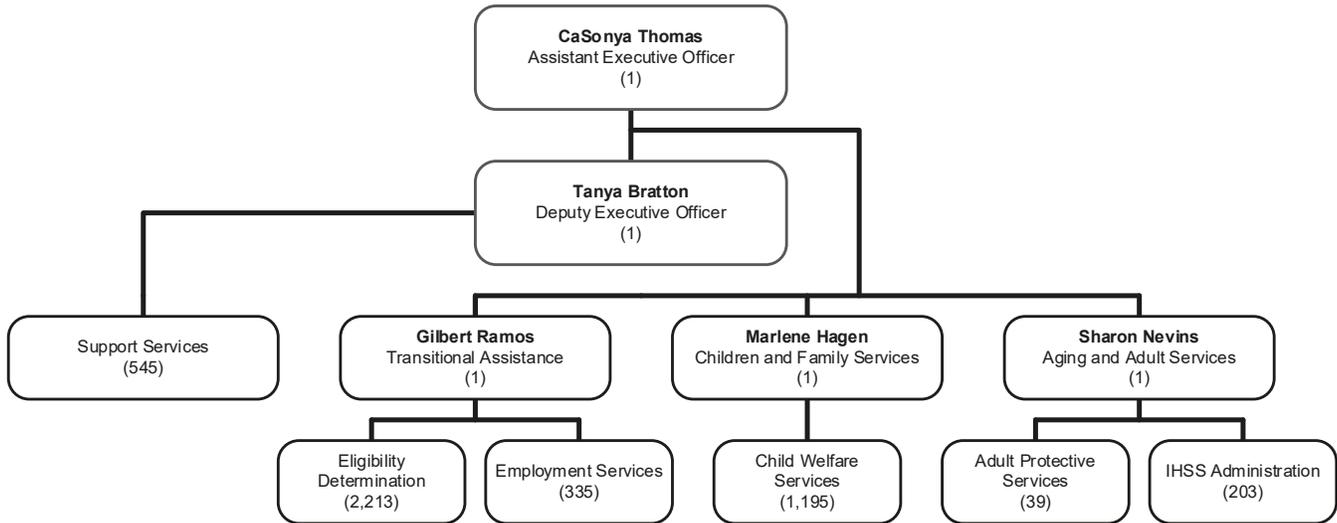

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit. Services for the above programs are provided by staff budgeted in Public Health's General Fund budget unit.

2017-18 MAJOR ACCOMPLISHMENTS

Transitional Assistance Department (TAD)

- Processed 850,000 phone requests (average of 70,800 calls per month) related to CalWORKs, CalFresh and Medi-Cal cases through the Customer Service Center (CSC). Also provided timely responses to County residents for Health Care Reform, handling the transferred calls from Covered CA Service Centers in 30 seconds or less, as mandated by the MOU signed by the Consortia/DHCS/Covered CA.
- Collaborated with Workforce Development Department (WDD) in placing 319 CalWORKs customers into subsidized employment.
- Processed CalFresh cases at a 97.31% accuracy Rate.
- Processed over \$35 million in federal and state tax refunds and served more than 16,024 taxpayers in communities throughout San Bernardino County through the Volunteer Income Tax Assistance (VITA) program. These refunds stimulate economic activity in addition to fighting poverty and leading to increased self-sufficiency.

- Received the 2017 CSAC Challenge Award for permanently housing 397 CalWORKs families in collaboration with the Housing Authority of the County of San Bernardino (HACSB) to promote housing stability through the Housing Support Program (HSP).

Children and Family Services (CFS)

- On August 1, 2017, Children and Family Services, in collaboration with the Department of Behavioral Health (DBH) began the Referral, Screening, Assessment and Treatment (RSAT) process to ensure children entering care were getting the appropriate mental health assessment and services in a timely manner. Since implementation, 66% of all children entering care received mental health assessments and/or treatment.
- Received National Association of Counties (NACo) Achievement Awards for Kinship Support Services and Jurisdiction/Disposition (JD) Writer Unit.
- Assessed 25,332 child abuse and neglect referrals encompassing over 27,271 children.
- Provided case management services to 10,673 children and young adults.
- Reunited 2,108 children with their families.
- Achieved permanency for 865 children through adoption and guardianship.

Department of Aging and Adult Services (DAAS)

- Received National Association of Counties (NACo) Achievement Award for “Enhancing Adult Protective Services (APS) through In-Home Capacity Assessments” project.
- Provided In-Home Support Services to over 28,000 aged, blind and/or disabled County residents who were able to remain safely in their homes because of services provided.
- Processed 21,426 calls and referrals at the 24 hour Adult Protective Services hotline.
- Provided 320,708 congregate and 386,843 home delivered meals to eligible seniors and their spouses.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Major requirements include the following:

- Staffing Expenses of \$366.1 million fund 4,535 positions.
- Operating Expenses of \$222.1 million represent expenses for County services, computer hardware and software, office supplies, insurance, mail services, professional services, communications, training, security, furniture, travel, goods and services for clients, facility leases, transfers out and miscellaneous operating costs.
- Capital Expenditures of \$2.6 million include expenses for fixed asset equipment, capitalized software and vehicles.
- Reimbursements of \$2.4 million include payments from other County departments to HS for administrative support services as requested.
- Operating Transfers Out of \$1.1 million provide the required local share of cost to the IHSS Public Authority.

Major sources include the following:

- Realignment revenue of \$134.5 million is used to match available federal funding and replace state funding for programs that have been realigned.
- Federal and state funding of \$413.6 million represents total available funding for the administration of mandated Human Services programs.
- Operating Transfers In of \$7.7 million represents funds provided from the Wraparound Reinvestment Fund utilized as a match to access additional federal funding for Children’s Services programs. This funding enables Children and Family Services to maintain current service levels despite increasing costs.

BUDGET CHANGES AND OPERATIONAL IMPACT

The latest projection of available sources for social services programs includes funding and mandated program changes as addressed in the 2018-19 Governor's Budget and an analysis of actual current realignment growth receipts. Caseload changes, mandated program changes, augmented funding for continuation of the Affordable Care Act and increasing Realignment revenue receipts continue to provide additional funding for most HS programs.

This budget anticipates stagnant or decreased allocations across many social services programs and the ongoing availability of statewide revenue and realignment revenue is uncertain. Because of this, HS continues to plan for the maximum possible available funding to effectively take advantage of potential funding increases, yet remains prepared for unexpected funding decreases. To prepare for possible future funding challenges, HS will continue to monitor developments at the state and federal levels in an effort to maintain mandated public services at appropriate levels while utilizing all available funding.

Plans for significant expenditures, whether for staff, services and supplies, equipment, or services to clients will be monitored closely and necessary adjustments will be made as future changes to the state budget are known. Any significant differences between this budget and actual allocations received from the state will be addressed through the County's quarterly budget adjustment process.

Overall, sources within this budget unit are expected to increase by 4.3%. Slight decreases in available federal/state sources and increased use of Realignment funds result in a net Requirements increase of \$29.8 million as follows:

- Staffing Expenses are increasing by \$13.3 million. This is primarily due to negotiated salary increases and increases in CFS staffing. These increases are partially offset by savings realized from reductions in TAD and DAAS staffing for a net staffing decrease of 125 positions. TAD and CFS staff reductions are necessary due to decreases in program funding.
- Operating Expenses are increasing by \$16.7 million. Cost increases are primarily driven by state mandated increases to IHSS provider payments and increases in county services costs for COWCAP, ISD and Risk Management. Cuts have been made in computer software and support, furniture, professional services and other accounts to help offset some of the overall increase.
- Capital Expenditures are increasing by \$113,000, which is primarily due to updates and refresh of media equipment purchases.
- Reimbursements are increasing by \$257,225, which reflects the increase in staffing cost for HS administrative support.
- Operating Transfers Out are decreasing by \$14,840. This is due to decreased costs for the IHSS Public Authority related to a reduction in state funding.

Sources are increasing by \$22.9 million as follows:

- Realignment usage is increasing by \$22.6 million and is possible because of redirected and accelerated Realignment collections related to changes to the IHSS Maintenance of Effort (MOE) legislation. This increase is required to fund a shift from state funding of IHSS administration to Realignment (\$4.3 million), the mandated IHSS MOE increase (\$15.0 million), increased program expenditures for CFS programs (\$3.2 million) and increases in Foster Care and KinGAP administration (\$100,000).
- Federal and state funding available for HS programs is decreasing by \$51,400 primarily due to decreased CalWORKs, CalFresh and IHSS Administration funding.
- Operating Transfers In is increasing by \$500,000 due to increased wraparound reinvestment matching funds for Child Welfare Services program increases.

NET COUNTY COST

Most HS programs are state and/or federal mandates. The County share of funding is either mandated as a percentage of total program costs or as a fixed maintenance of effort. County share is comprised of a combination of Net County Cost and revenue from Realignment funds. Realignment funds were created by two distinct and separate state realignment processes to offset the costs that were shifted to the County from the state for realigned programs. Their use is limited to designated social services programs.

Changes to HS County share needs are as follows:

Note: Totals may not add due to rounding.

In aggregate, the HS Administrative Claim (DPA) budget unit includes a \$7.0 million net increase to Net County Cost. \$2.5 million of this increase is the local share requested by CFS for additional positions necessary to enhance services to an increasing number of County families in need, \$3.4 million is the local share required for HS to access the federal and state funding required to fund increased salary, IT, insurance and COWCAP costs and \$1.1 million is the local share required to fully fund the County share of the elimination of enhanced state CalFresh Administration funding.

For CalFresh, the incremental increase of \$1.1 million Discretionary General Funding (Net County Cost) represents funding necessary to maintain current staffing levels after the elimination of the CalFresh waiver. This represents a reduction of \$1.7 million of one-time funding and an increase of \$2.8 million ongoing. This brings the current year match to \$6.1 million for CalFresh Administration. Future funding requests will be based on workload requirements and the department will continue to evaluate staffing needs based on caseload change.

Net County Cost figures are estimates and are dependent upon actual expenditures and use of available funding sources. HS will closely manage changes arising from the state budget, grant funding and available realignment revenue. Significant changes will be addressed through the County's quarterly budget update process as needed.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$366.1 million fund 4,535 budgeted positions of which 4,518 are regular positions and 17 are limited term positions.

TRANSITIONAL ASSISTANCE DEPARTMENT (TAD)

A significant decrease in TAD CalWORKs funding is expected and a reduction of eligibility staffing is required. The stepped reduction of enhanced state CalFresh Administration funding would also require the reduction of eligibility staffing if not for the provision of additional Discretionary General Funding (Net County Cost). As a result, TAD has identified the need to reduce the following 170 positions that are currently unfilled, or that become vacant through attrition:

Deletions

- 1 Deputy Director of Transitional Assistance
- 25 Eligibility Worker I
- 49 Eligibility Worker II
- 9 Eligibility Worker III
- 2 Eligibility Worker Supervisor I
- 1 Employment Services Manager
- 46 Employment Services Specialist
- 1 Employment Services Technician
- 10 Employment Services Specialist Trainee
- 4 Interpreter/Translator
- 16 Office Assistant II
- 1 Secretary I
- 1 Staff Analyst II
- 2 Supervising Office Assistant
- 1 Supervising Employment Services Specialist
- 1 TAD District Manager

CHILDREN AND FAMILY SERVICES (CFS)

CFS funding increases due to availability of additional Realignment funding and additional Discretionary General Funding (Net County Cost) allows for a net increase of 88 budgeted positions (addition of 89, deletion of 1) as follows:

Deletions

- 1 Administrative Supervisor I

Additions

- 3 Fiscal Specialist
- 1 Office Assistant II
- 7 Office Assistant III
- 67 Social Service Practitioner IV
- 1 Staff Analyst II
- 10 Supervising Social Service Practitioner

DEPARTMENT OF AGING AND ADULT SERVICES (DAAS)

DAAS funding decreases due to a reduction in state and federal funding for IHSS Administration result in a decrease of the following 41 budgeted positions that are currently unfilled, or become vacant due to attrition:

Deletions

- 1 DAAS District Manager
- 3 Office Assistant II
- 4 Office Assistant III
- 1 Office Assistant IV
- 2 Registered Nurse II
- 3 Social Service Practitioner IV
- 21 Social Worker II
- 1 Staff Analyst II
- 3 Supervising Social Worker
- 2 Supervising Social Service Practitioner

ADMINISTRATION

HS Administration Divisions are deleting six C-IV contracted positions that remain unfilled in 2017-18 and adding one contracted position for a net decrease of 5. Additionally, there will be a net increase of three regular positions (addition of five, deletion of 2 vacant positions) for a total decrease of two net budgeted positions as follows:

Deletions

- 1 Contract C-IV Accountant I
- 4 Contract Business Analyst
- 1 Contract Business Applications Manager
- 1 Administrative Supervisor II
- 1 Supervising Office Assistant

Additions

- 1 Contract CalACES Executive Director
- 1 IT Technical Assistant II
- 3 Office Assistant III
- 1 Systems Accountant II

The following chart provides an overview of the funding sources and local share requirements for the programs that are budgeted in the HS Administrative Claim budget.

Human Services Subsistence Funds - Consolidated

DESCRIPTION OF MAJOR SERVICES

Aid to Indigents (General Relief) provides mandated County subsistence in the form of cash aid for food, shelter and transportation to indigents who do not meet categorical eligibility requirements for state and federally funded programs. These general relief payments facilitate transition to an employable status and/or provide interim assistance pending receipt of Social Security Income (SSI) benefits. Revenue under this program represents retroactive SSI payments, which the County receives as reimbursements for general relief assistance provided to SSI eligible indigents prior to their enrollment in the SSI program and reimbursements made by non-SSI eligible indigents when assistance under this program is no longer needed.

Domestic Violence/Child Abuse Services provides for a number of contracts with agencies to ensure temporary shelter, food, transportation, emergency services and treatment/counseling for adults and children who are victims of domestic violence and child abuse. The domestic violence program under SB 1246 is funded by a surcharge on marriage licenses and court fines imposed in domestic violence cases. The child abuse prevention program is funded by Realignment and revenue generated from a surcharge placed on certified copies of birth certificates. Revenues from the surcharges are deposited into special revenue funds and used to fund the payments to contractors. These three revenue sources provide 100% of the funding for this program.

Entitlement Payments (Child Care) provides for the Stage One Child Care program administered by the Transitional Assistance Department (TAD). This program is one of the major programs of federal welfare reform and the resulting state CalWORKs program and is intended to fund child care for CalWORKs recipients who are seeking employment or have obtained employment. Child care provider payments are 100% federally and state funded through reimbursements by the state.

Out-of-Home Child Care provides assistance grants for room, board and care for children pending determination of eligibility for state or federal aid, those who are ineligible due to other resources or those who are undocumented residents. Some of these children have serious emotional and medical problems, which increase the difficulty of locating appropriate facilities for care. Costs for this program can fluctuate based on the unique nature and requirements of each individual case and are funded with Discretionary General Funding (Net County Cost).

Aid to Adoptive Children provides financial assistance to adoptive parents who would otherwise not be able to provide for a child's special needs. The children are either personally disadvantaged, physically handicapped or adolescents. This program enables hard to place children to be adopted and taken out of the higher cost Foster Care program. This budget unit is approximately 45% federally funded. The remaining 55% is funded with Realignment and Discretionary General Funding (Net County Cost).

AFDC-Foster Care provides aid payments for children living in foster homes and group-care facilities. The Foster Care caseload consists of cases from both Children and Family Services (CFS) (approximately 90%) and Probation (approximately 10%). The cost of Probation related foster care cases is approximately two times greater than CFS cases due to the higher levels of care required for these juveniles. There are two funding eligibility criteria in the Foster Care Program, federal (federal, Realignment and County participation) and non-federal (Realignment and County only). Foster Care placements are generally eligible for federal financial participation if the parents meet the previous Aid to Families with Dependent Children (AFDC) Program criteria.

- For federal cases, the cost-sharing ratios are now approximately 45% federal and 55% County.
- For non-federal cases, all costs are borne by the County.
- All County share-of-cost is funded with Realignment and Discretionary General Funding (Net County Cost).

Refugee Cash Assistance provides assistance payments for a maximum of eight months to all refugees who cannot meet the requirements for the Refugee Demonstration Project and CalWORKs programs. This program is 100% federally funded, and federal participation is open-ended.

Cash Assistance for Immigrants program, under AB 2779, provides cash assistance to aged, blind and disabled legal immigrants, who meet the Supplemental Security Income/State Supplementary Payment (SSI/SSP) immigration status requirements in effect on August 21, 1998, and all other current SSI/SSP eligibility requirements, yet are no longer eligible for SSI/SSP solely due to their immigration status. This program is 100% state funded.

CalWORKs – All Other Families provides CalWORKs assistance payments to families eligible for aid and includes all cases that have not been identified as two-parent families. The federal government reimburses 31% of the costs of the CalWORKs programs. Approximately 67% is funded with Realignment. The mandated 2% County share is funded by Discretionary General Funding (Net County Cost).

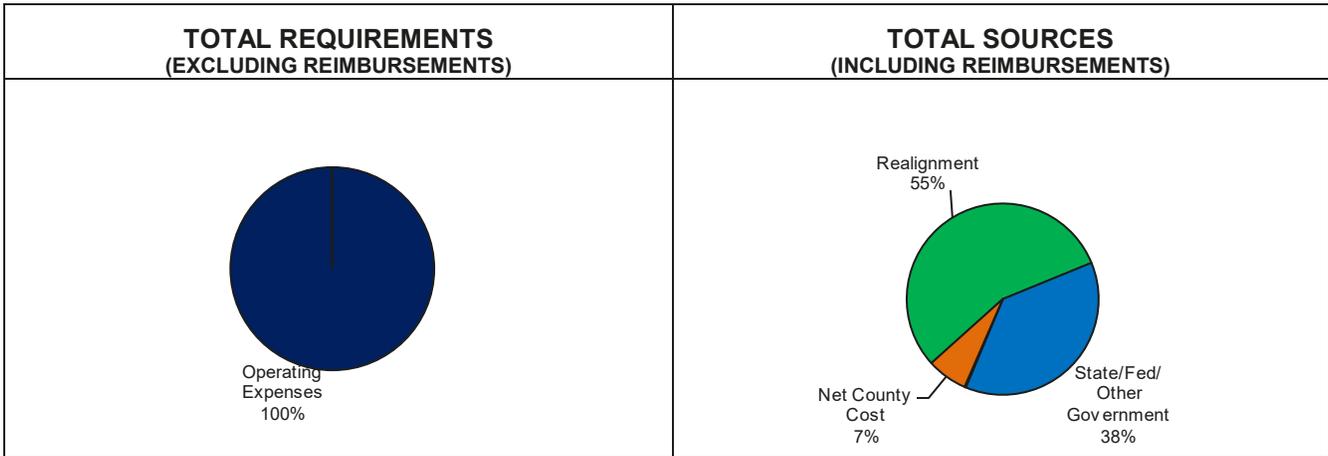

Kinship Guardianship Assistance Program (Kin-Gap) provides a subsidy to children who leave the juvenile court dependency system to live with a relative legal guardian. It offers relative caregivers of dependent children an option for providing a permanent home to these children. To be eligible for the program, the child must have lived with the relative at least 12 consecutive months, the relative guardianship must be established pursuant to Welfare and Institutions Code 366.26, and the juvenile court dependency for the child must be dismissed. Movement to the Kin-Gap program is not automatic. The court, with a recommendation from the social worker, has discretion regarding whether termination of dependency is in the child’s best interest. This program is approximately 50% state and federally funded. The remaining 50% is funded with Realignment and Discretionary General Funding (Net County Cost).

CalWORKs – 2-Parent Families provides payments to resident families who are eligible for aid in accordance with state law. This budget includes all cases identified as having two parents in the home. The federal government reimburses 31% of the costs of the CalWORKs programs. Approximately 67% is funded with Realignment. The mandated 2% County share is funded by Discretionary General Funding (Net County Cost).

All HS Subsistence programs are mandated by federal or state law.

There is no staffing associated with these budget units. Services for the above programs are provided by staff budgeted in the Human Services (HS) Administrative Claim budget unit.

Aid to Indigents (General Relief): Requirements of \$1.0 million provide cash aid for food, shelter and transportation as well as SSI advocacy legal fees to indigents who do not meet categorical eligibility requirements for state and federally funded programs. Sources of \$300,000 represent aid payment reimbursement and SSI collections. This budget unit has a Net County Cost of \$720,000.

Domestic Violence/Child Abuse Services: Operating Expenses of \$1.4 million are for contracts with agencies to ensure temporary shelter, food, transportation, emergency services and treatment/counseling for adults and children who are victims of domestic violence and child abuse. This is funded by Reimbursements of \$857,900 from surcharges placed on certified copies of birth certificates, marriage licenses and court fines imposed in domestic violence cases, and Sources of \$531,812 of Realignment funding that is dedicated to the child abuse prevention program. There is no Net County Cost for this budget unit.

Entitlement Payments (Child Care): Requirements of \$22.6 million provide payments to child care providers for CalWORKs Stage One Child Care. Sources of \$22.6 million represent state and federal funding for the program. There is no Net County Cost for this budget unit.

Out-of-Home Child Care: Requirements of \$2.3 million provide assistance grants for room, board and care for children pending determination of eligibility for state or federal aid, those who are ineligible due to other resources, or those who are undocumented residents. This budget unit is 100% funded with Net County Cost.

Aid to Adoptive Children: Requirements of \$85.9 million provide assistance to adoptive parents who would otherwise not be able to provide for a child's special needs. Sources of \$82.9 million include \$38.6 million in federal revenue and \$44.3 million in Realignment revenue. This budget unit has a Net County Cost of \$3.0 million.

AFDC-Foster Care: Requirements of \$182.5 million consist of \$181.0 million in aid payments and other expenses for children living in foster homes and group-care facilities and \$1.5 million in transfers to the Wraparound Reinvestment Fund. Sources of \$156.9 million include \$60.9 million in federal revenue, \$5.5 million in state revenue, \$89.4 million of Realignment revenue, and \$1.1 million in Child Support collections. This budget unit has a Net County Cost of \$25.6 million.

Refugee Cash Assistance: Requirements of \$150,000 provide assistance payments for a maximum of eight months to all refugees who cannot meet the requirements for the Refugee Demonstration Project and CalWORKs programs. Sources of \$150,000 represent federal funding for the program. There is no Net County Cost for this budget unit.

Cash Assistance for Immigrants: Requirements of \$2.5 million provide cash assistance to aged, blind and disabled legal immigrants who are no longer eligible for SSI/SSP. Sources of \$2.5 million represent state funding for the program. There is no Net County Cost for this budget unit.

CalWORKs – All Other Families: Requirements of \$223.2 million provide assistance payments to families that are eligible for aid and include all cases that have not been identified as two-parent families. Sources of \$219.0 million include \$63.5 million in federal revenue, \$154.9 million in Realignment revenue, and \$620,031 in Child Support collections. This budget unit has a Net County Cost of \$4.2 million.

Kinship Guardianship Assistance Program (Kin-GAP): Requirements of \$21.6 million provide subsidies to relative caregivers of children who leave the juvenile court dependency system to live with a relative legal guardian. Sources of \$18.8 million include \$10.7 million in federal and state revenue, \$8.1 million in Realignment revenue, and \$48,990 in Child Support collections. This budget unit has a Net County Cost of \$2.8 million.

CalWORKs – 2-Parent Families: Requirements of \$33.2 million provide assistance payments to families eligible for aid and includes all cases that have been identified as two-parent families. Sources of \$32.5 million include \$11.0 million in federal revenue, \$21.5 million in Realignment revenue and \$21,043 in Child Support collections. This budget unit has a Net County Cost of \$698,579.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$12.2 million due to an increase in Operating Expenses that are direct payments of benefits to clients and contracted payments to service providers that provide vital, necessary services to children.

Sources are increasing by \$8.7 million due to the following:

- Realignment is increasing by \$6.2 million and State/Fed/Other Government is increasing by \$3.7 million. Overall increases are the net of anticipated increases in Adoptions, Foster Care and Kinship Assistance programs that exceed anticipated decreases in CalWORKs assistance.
- Operating Transfers In is decreasing by \$1.5 million due to a lack of available funding in the Wraparound Reinvestment budget that is used to offset local matching funds for Foster Care.
- Child Support Collections are increasing by \$339,952.

Net County Cost is increasing by \$3.5 million primarily due to caseload increases in Adoptions, Foster Care and Kinship Guardianship Assistance Programs, offset by the reduction in Operating Transfers In.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with these budget units. Services for the above programs are provided by staff budgeted in the Human Services (HS) Administrative Claim budget unit.

Wraparound Reinvestment Fund

DESCRIPTION OF MAJOR SERVICES

The Wraparound Services Program was created through Senate Bill (SB) 163, Chapter 795, Statutes of 1997, and is an intensive, community-based and family-centered process designed to allow children with serious behavior and/or emotional difficulties to remain in their community at the lowest level of care possible instead of being placed in a group home setting. Payments for Wraparound Services are included in the Aid to Families with Dependent Children (AFDC) – Foster Care budget unit. This bill allows counties to accumulate savings realized from a wraparound program and requires that the savings be reinvested in a Child Welfare Services Program.

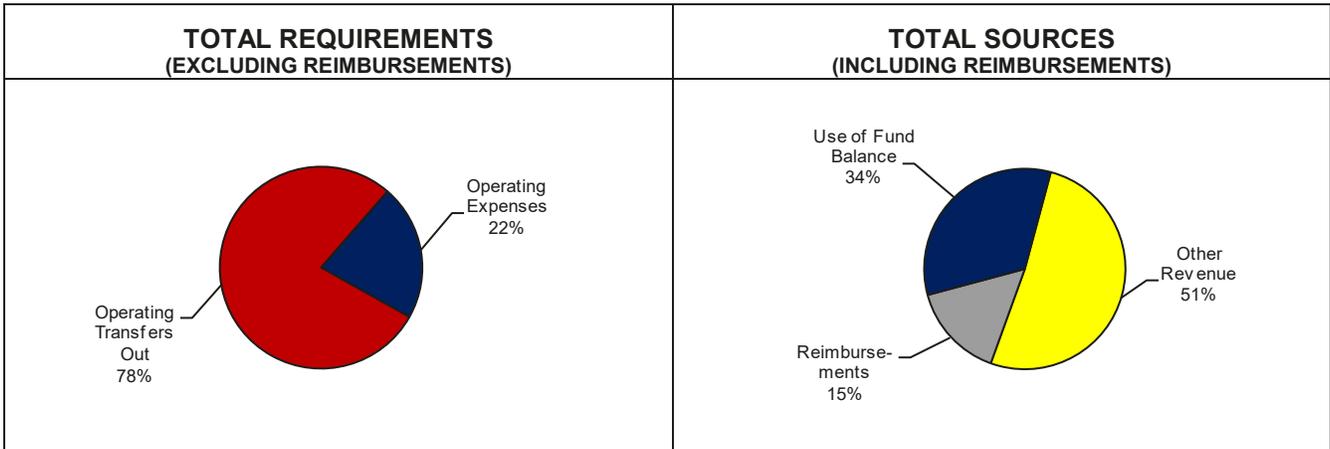

Budget at a Glance	
Total Requirements (Excl. Reimb.)	\$9,789,529
Total Sources (Incl. Reimb.)	\$6,525,000
Use of/ (Contribution to) Fund Balance	\$3,264,529
Total Staff	0

Contracts have been established with four agencies to provide countywide wraparound program services to high-risk children. These contracts stipulate that the County will retain 5% of the monthly Wraparound Foster Care payments for federally eligible cases and 10% of the monthly Wraparound Foster Care payments for non-federally eligible cases.

This budget unit will provide funding to 1) reinvest in services for youth in placement while they are being assessed for residential based services, 2) enhance services provided to foster care children and their families 3) expand services to youth aging out of the foster care system in order to promote self-sufficiency in these young adults, and 4) provide matching funds to access additional federal funding in support of the Child Welfare Services Program.

This budget unit requires no Discretionary General Funding (Net County Cost) since amounts are withheld from existing AFDC – Foster Care maintenance payments.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$8.3 million consist of the following:

- Operating Expenses of \$2.1 million for services and supplies, travel and public assistance expenses, to provide supportive services to children in need.
- Reimbursements of \$1.5 million reflecting the retention of funds from contractor payments.
- Operating Transfers Out of \$7.7 million representing a transfer to the Human Services Administrative Claim budget unit to provide matching funds allowing access to additional federal funding in support of the Child Welfare Services Program.

Sources of \$5.0 million are anticipated from unexpended funds that will be recovered from contractors as each annual contract settlement is concluded.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$2.1 million due to an overall decrease in expenditures for sponsorships and miscellaneous supportive services. Many of these services are provided by Children and Family Services and are included in the HS Administrative Claim budget to leverage access to available federal revenue.

Sources are decreasing by \$2.0 million due to a decline in recoveries from contractors.

Available Reserves are increasing by \$859,500. These reserves may be used to cover future Wraparound Services program payments.

ANALYSIS OF FUND BALANCE

The budget includes a use of Fund Balance of \$3.3 million to provide matching funds for Child Welfare Services Programs. This Fund Balance usage is less than the prior year usage of \$3.4 million, which was determined to be unsustainable. Realignment and other funding will be utilized to replace the use of wraparound funds to maintain current program levels and provide additional funding in the future.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit. Services for this program are provided by staff budgeted in the Human Services (HS) Administrative Claim budget unit.

AGING AND ADULT SERVICES

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$3.4 million fund 34 regular positions and seven limited term positions. Operating Expenses of \$7.1 million include \$5.5 million for contracted services for the Elderly Nutrition, Senior Supportive Services, and Family Caregiver programs, and \$1.4 million for contracted services for the MSSP and TREP programs. Operating Transfers In of \$1.1 million are funded with Discretionary General Funding and reflect the required County match.

Sources of \$9.8 million include \$8.7 million from federal and state funding sources, of which \$3.3 million is for Senior Nutrition Services (Title IIIC), \$1.2 million is for MSSP, \$1.3 million is for Senior Supportive Services (Title IIIB), and \$676,000 is for Family Caregiver.

BUDGET CHANGES AND OPERATIONAL IMPACT

Total Requirements are increasing by \$103,425. Staffing Expenses are increasing by \$204,867 due to negotiated salary increases. Operating Expenses are decreasing by \$99,486 due to a reduction in one-time money expected to be received for the C1 food program.

Sources are increasing by \$103,425 primarily due to a slight increase in State and Federal revenue.

ANALYSIS OF FUND BALANCE

Aging programs are fully reimbursed from federal and state funding sources with a required match that is funded with Discretionary General Funding (Net County Cost) reflected in Operating Transfers In. Typically, there is no Use of or Contribution to Fund Balance.

Public Guardian - Conservator

DESCRIPTION OF MAJOR SERVICES

By court appointment, the Public Guardian-Conservator acts as conservator of last resort for individuals found to be gravely disabled or who lack capacity to manage their finances and provide their own care. A conservator has the responsibility for the conservatee’s care, custody, and control. The conservator determines where the conservatee lives and ensures his/her daily needs are met. Conservatees must be placed in the least restrictive placement, which may include, but is not limited to the following: medical, psychiatric, nursing, or other licensed facility or state hospital, county hospital, or United States government hospital.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$2.3 million fund 27 regular positions. Operating Expenses of \$1.6 million represent program expenses that include COWCAP, Central Services, and County Counsel legal expenses. Reimbursements of \$2.6 million include funding received from the Department of Behavioral Health for conservatee case costs and from the Sheriff/Coroner/Public Administrator for shared warehouse costs.

Estate fee revenue of \$465,000 represents court-ordered fees paid to the Department from the estates of conservatees.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$70,127 primarily due to increased Operating Expenses of \$364,265 caused by increases in estate expenditures, COWCAP charges and specialized contract services. Staffing Expenses are also increasing by \$136,537 primarily due to negotiated salary increases. These increases are offset by additional Reimbursements of \$430,675 received from the Department of Behavioral Health.

Sources are increasing by \$10,000 due to anticipated increases in estate fees and payments for legal costs.

2017-18 MAJOR ACCOMPLISHMENTS

- Created and implemented a new holistic case management philosophy for staff focused on meeting the needs of both parents and helping to remove barriers like unemployment, underemployment, domestic violence, and homelessness to move families toward self-sufficiency.
- Collected \$187.2 million in child support payments for federal fiscal year 2017, a 1.8% increase from the prior year.
- Increased the amount of money collected through wage withholding to over \$44 million, a 3% increase from the prior year.
- Collected \$624,409 via MoneyGram and PayNearMe services, a 22.4% increase over last fiscal year.
- Answered 168,926 customer calls in the Call Center, of which 93.05% were resolved within the Call Center at first point of contact.
- Educated customers on availability and use of TouchPay kiosks located in each branch office as a payment option; customers used these kiosks to make over 9,000 payments totaling \$1.7 million.
- Achieved a program cost effectiveness of \$4.63 in support collected for every \$1.00 spent on program operations; the most cost-effective child support agency in the State of California.
- Assisted 3,235 customers through attendance at 106 outreach events and activities.
- Expanded services for customers by partnering with the County Library to host “DCSS in Your Community” offering after hours services at various locations throughout the County.
- Implemented the Procedural Justice Informed Alternatives to Contempt (PJAC) 5-year grant after a year in development to assist parents in overcoming barriers encountered in paying child support.
- Partnered with the Family Law Facilitator’s Office and have assisted 313 customers with their child support legal issues at the Loma Linda, Ontario and Victorville Child Support branches.
- Received National Association of Counties (NACO) awards for the Bridges to Employment Program and License Release Project. Both programs assist parents towards self-sufficiency and consistent child support payments for their children and families.
- Received the Western Interstate Child Support Enforcement Association award for Program Awareness for enhancing Program Awareness through social and radio media as well as educating our local partners.

Child Support Services

DESCRIPTION OF MAJOR SERVICES

The Department of Child Support Services (DCSS) promotes family self-sufficiency by partnering with parents and the community to deliver reliable child support services. These services are offered throughout San Bernardino County with offices located in the high desert, west end, and the greater San Bernardino area.

Budget at a Glance	
Total Requirements (Excl. Reimb.)	\$40,876,745
Total Sources (Incl. Reimb.)	\$40,876,745
Net County Cost	\$0
Total Staff	399
Funded by Net County Cost	0%

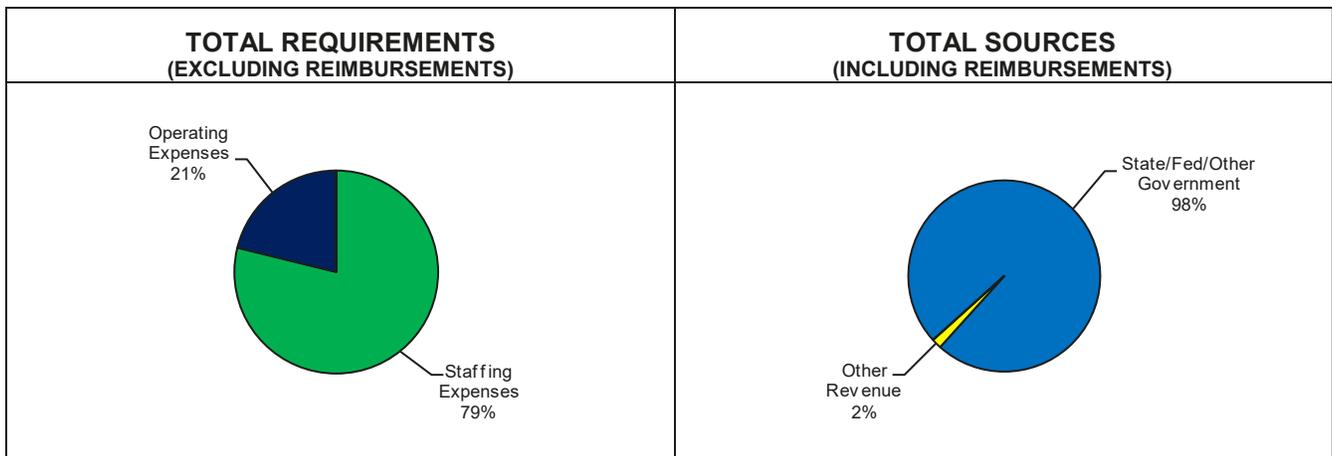

DCSS is dedicated to administering the program to ensure that the needs of the families are first and foremost. DCSS works collaboratively with parents to remove barriers to child support and assist in directing parents to services in the community. DCSS identifies partners who can help families with job training and skills, domestic violence resources, legal assistance and more. DCSS identifies collaborative opportunities to serve shared customers with other county programs and community based organizations.

The services provided by DCSS include the following:

- Establishing court orders for parentage, child and medical support, and health insurance.
- Enforcing court orders for child, family, spousal, medical support and health insurance.
- Collecting and distributing support payments.
- Maintaining records of payments made and balances due.
- Modifying court orders when there is a change in circumstances.

DCSS' brand, "Champion of Children" emphasizes making a positive difference in the lives of families.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$32.2 million fund 399 budgeted regular positions. Operating Expenses of \$8.6 million include COWCAP, professional service contracts, utilities, telephone services, leases, insurance, and other operating costs. Capital Expenditures of \$38,410 include purchases of technical equipment.

Sources of \$40.9 million primarily represent the state and federal allocation to fund child support operations. DCSS has no Net County Cost.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements and Sources are increasing by \$511,180 primarily due to an increase in projected state and federal sources to support leadership training and information security expenditures. Additionally, the department is expected to receive Sources in the amount of \$100,000 from Human Services recoupment funds which will enable the department to earn an additional \$200,000 in federal sources.

Negotiated salary increases require the department to reduce budgeted staffing by a net of 16 positions, which are currently vacant. Service levels will not be affected.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$32.2 million fund 399 budgeted regular positions. Staffing changes include the addition of 1 Administrative Manager and the deletion of 10 Child Support Officer I positions, 1 Child Support Operations Manager position, 1 Program Specialist II position, 1 Supervising Office Assistant position, and 4 Supervising Child Support Officer positions, all of which are vacant.

With limited increases in state and federal sources, the deletion of 17 positions is necessitated by negotiated salary increases and other operational cost increases. The reduction in staffing will require redistribution of workload among existing staff. The budget includes a net decrease of 16 positions (addition of 1, deletion of 17).

Preschool Services

DESCRIPTION OF MAJOR SERVICES

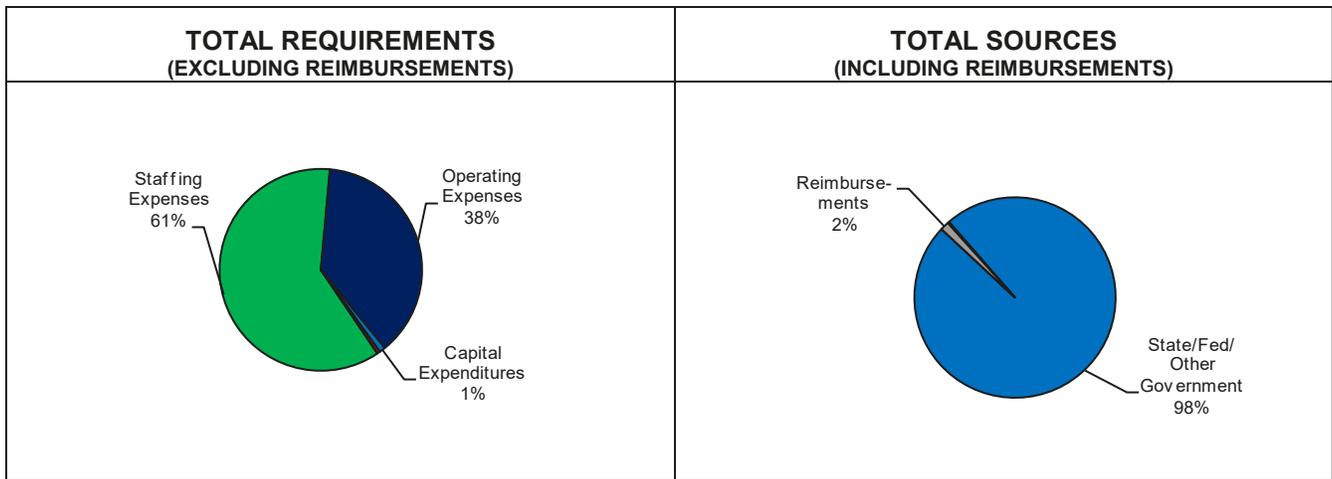

The Preschool Services Department (PSD) administers the Federal Head Start, Early Head Start, and Early Head Start – Child Care Partnership federal programs, the California Department of Education State Preschool program, as well as the Child and Adult Care Food Program at 71 locations throughout San Bernardino County. The programs are fully funded from federal and state sources with no Net County Cost.

Budget at a Glance

Total Requirements (Excl. Reimb.)	\$58,557,544
Total Sources (Incl. Reimb.)	\$58,412,230
Use of/ (Contribution to) Fund Balance	\$145,314
Total Staff	788

PSD serves approximately 6,000 low income and disadvantaged families with children from birth to five years of age and pregnant women. PSD’s priority population includes children in foster care, those who are homeless, and children with special needs and/or disabilities. In addition, PSD’s programs offer comprehensive child development and family support services to all enrolled children and families which include physical and mental health services and nutrition to strengthen each child’s capacity to participate successfully in school.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Major expenditures include Staffing Expenses of \$35.6 million to fund 788 budgeted positions that administer preschool program services. Operating Expenses of \$22.1 million include contracts for temporary help, food, subcontractors, and transportation. Also included are transfers to other County departments for services such as data processing, facilities management, insurance, lease payments, human services and information technology systems support, and human resources. Capital Expenditures of \$564,160 fund the purchase of playground flooring and fencing for Head Start and Early Head Start sites. Additionally, Capital Expenditures will also fund seven vehicles that will replace fully depreciated vehicles. Reimbursements of \$821,000 are from the Department of Behavioral Health for the operation of the Prevention and Early Intervention (PEI) and the Low-Income First Time Mothers (LIFT) programs. These programs provide children with identified social-emotional developmental challenges, as well as at-risk low-income first-time pregnant mothers, with support services and parent/teacher training.

Sources of \$57.6 million are primarily from the federal and state governments.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$881,735 mainly due to a decrease in Operating Expenses resulting from the elimination of one-time expenses for the Quality Rating and Improvement System (QRIS), reduction of the number of one-time projects for Extended Duration services, and decreases in on going costs for COWCAP, transportation, Delegate Agency contracts, and temporary help. This decrease in overall Requirements is partially offset by an increase in Staffing Expenses primarily due to negotiated salary increases for contract employees. The net decrease will not impact the level of services provided to enrolled children and their families.

Sources are decreasing by \$1.3 million primarily due to two factors: (1) a reduction in the QRIS budgeted funding; and (2) budgeting for a lower Child and Adult Care Food Program (CACFP) reimbursement which is expected due to the delay in the start of Extended Duration services at some Head Start locations.

ANALYSIS OF FUND BALANCE

Use of Fund Balance of \$145,314 will cover prior year obligations that will be paid in 2018-19. This fund has ongoing Contributions to or Uses of Fund Balance arising from timing differences in the recognition of Requirements and Sources between the Department and the Federal Government.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$35.6 million fund 788 budgeted positions, of which 86 are regular positions and 702 are limited term positions. The budget includes a net decrease of 56 vacant limited term positions and an increase of 1 regular position.

Additions

- 16 Contract Teacher II 12-months
- 6 Contract Teacher Aide II 12-months
- 1 Contract Site Supervisor I 9-months
- 1 Automated System Analyst I

The addition of 1 regular Automated Systems Analyst I position will address the increase in workload for the Information Technology area and ensure compliance with Head Start Program Performance Standards.

Deletions

- 29 Contract Program Generalist 9-months
- 1 Contract Storekeeper 9-months
- 1 Contract Food Service Worker 12-months
- 4 Contract Center Clerk 9-months
- 2 Contract Custodian 12-months
- 4 Contract Custodian 9-months
- 16 Contract Teacher Aide II 9-months
- 20 Contract Teacher II 9-months
- 2 Contract Site Supervisor II 12-months

The net decrease of 56 limited term positions is primarily due to the 2017-18 transition from 9-month to 12-month operations at various locations. During 2017-18, it was necessary to have both 9 month and 12 month positions as the timing of contract changes was staggered throughout the program year. All deleted positions are now vacant.

Reorganization (3)

- 3 Contract Clerk 12-months reorganized/moved from Administration to Operation

2017-18 MAJOR ACCOMPLISHMENTS

- Produced \$45.1 million in new federal benefits for County residents. This level of new federal benefits exceeds that generated by all other counties in California.
- Continued prison outreach program, expanding to 14 institutions. This program enables incarcerated veterans to pursue benefits, allowing for resources and a potential source of income upon release from incarceration.
- Increased staffing by an additional four Veterans Service Officers, thus continuing to reduce department wait times and enhance customer service.

Veterans Affairs

DESCRIPTION OF MAJOR SERVICES

According to the Secretary of the United States Department of Veterans Affairs (USDVA), approximately one out of every three people in the United States is a potential Veterans Affairs beneficiary. The County Department of Veterans Affairs (VA) provides claims assistance, information and referral, advocacy, and outreach to County residents. The benefits include medical care, life insurance, home loans, pension benefits, disability compensation, education, and vocational rehabilitation. County VA employees are often the initial contact with the USDVA system for veterans and recently discharged military personnel in our community.

Total Sources (Incl. Reimb.)	\$645,000
Net County Cost	\$2,023,169
Total Staff	25
Funded by Net County Cost	76%

Services to the veteran’s community are concentrated in the following areas:

Claims Assistance

Provide benefits counseling, claim preparation, and development of material evidence. Monitor adjudication and resolve issues or questions in favor of the veteran. Provide assistance with administrative and appellate review of claims.

Information and Referral

Make referral to other County departments, homeless and emergency service providers, as well as state and federal agencies.

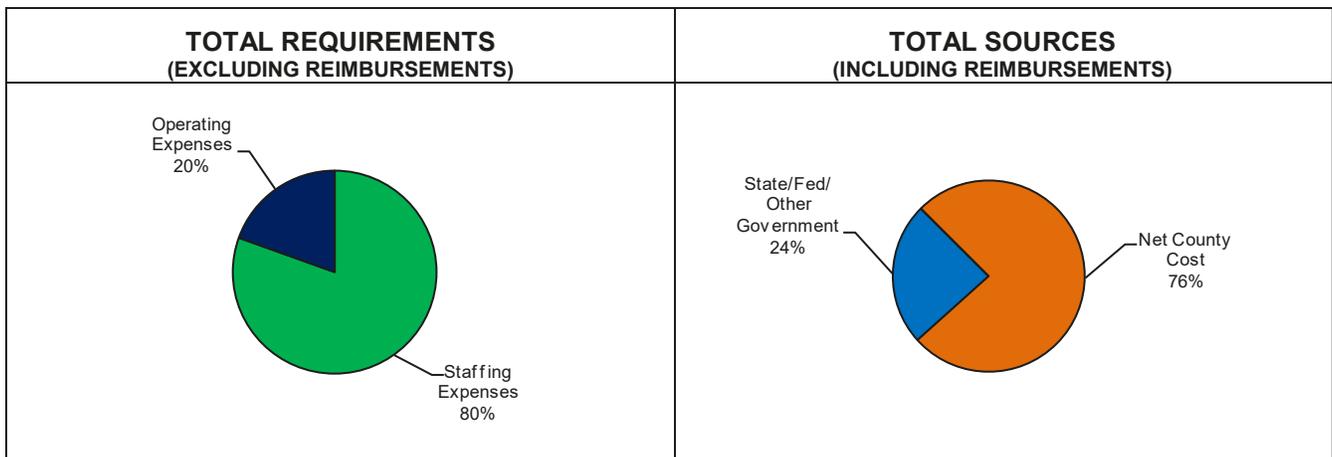

Advocacy

Provide individual advocacy, advocacy at the policy and legislative levels, and provide state and federal elected officials with technical assistance regarding veteran’s legislation.

Outreach

Conduct outreach to retirement homes, mortuaries, schools, job fairs, military separation programs, local prisons, and service organizations such as the American Legion, Disabled American Veterans, Veterans of Foreign Wars, Elks, Rotary, Knights of Columbus, and Optimists for the express purpose of informing the community of veterans’ benefits and services.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$2.1 million fund 25 budgeted regular positions. Operating Expenses of \$520,421 consist primarily of facilities management, interdepartmental transfers, COWCAP, general office supplies, printing, mailing, and outreach supplies.

Sources of \$645,000 consist of state Subvention funding, Medi-Cal Cost Avoidance Program, and the state Veterans Service Office fund.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing Expenses are increasing by \$109,484 due to an increase in retirement costs and negotiated salary increases. Operating Expenses are increasing primarily due to the addition of a break room at the Rancho Cucamonga Office.

Sources are increasing by \$43,000 due to an increase in state Subvention funding.

Grand Jury

DESCRIPTION OF MAJOR SERVICES

The San Bernardino County Grand Jury is appointed annually by the Superior Court. Its responsibilities include investigating local government, examining instances of public office crime and corruption, and returning indictments in certain criminal cases brought before it by the District Attorney's Office. Funding in this budget unit covers members' stipends, office supplies, administrative staff, and other support costs. This budget unit funds one Grand Jury Assistant position budgeted within the Superior Court.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Operating Expenses include transfers of \$96,894 to the Superior Court to fund a Grand Jury Assistant position and juror fees of \$244,669. The balance of Requirements is primarily for information system, facility, and administrative costs.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements have increased by \$196,126 primarily due to an increase in the juror fee rate and increased information technology cost for website design and other technical support to the Grand Jurors.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

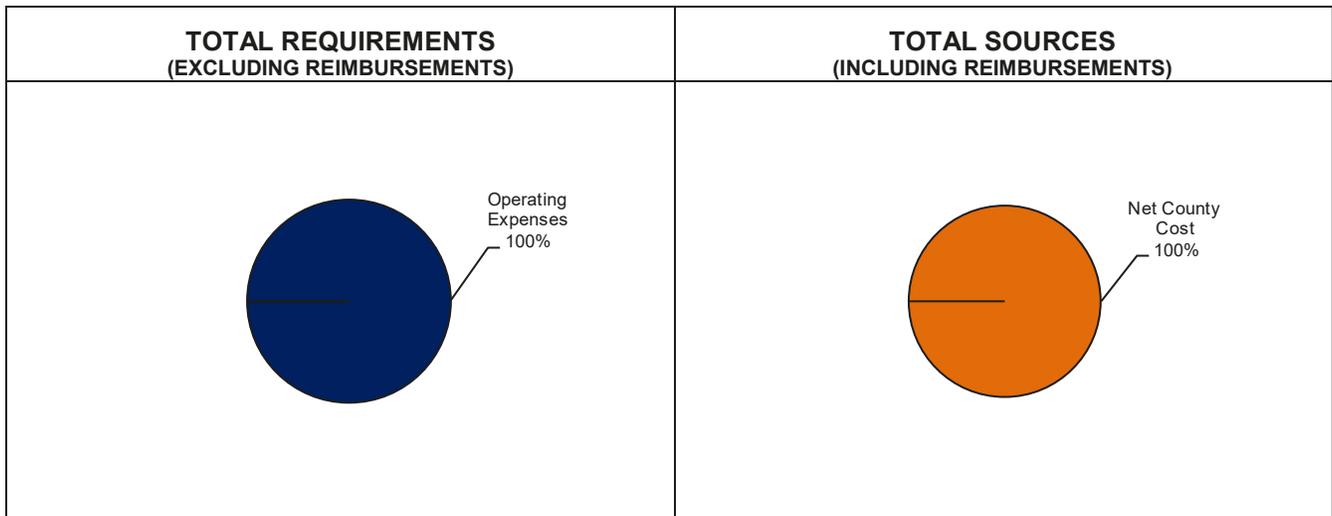

Indigent Defense

DESCRIPTION OF MAJOR SERVICES

The Indigent Defense Program provides for representation services appointed by the Superior Court for indigent defendants in criminal and juvenile delinquency proceedings that the Public Defender is unable to represent, and for conservatorship, guardianship, probate, family law other than Family Code § 3150 minor's counsel, and misdemeanor appeals. A portion of this budget is also set aside for capital case defense costs for the Public Defender Capital Defense Unit. The program administers contracts, monitors caseloads and expenditures, processes accounts payable and performs trust fund accountings, and reports to the County Finance and Administration Office. The program administers and coordinates court-appointed representation services of attorneys, experts, and investigators for an average of 3,000 misdemeanor and 3,500 felony cases per year, including capital and life-without-parole cases, and an average of 3,000 delinquency, conservatorship, guardianship, probate, mental health, misdemeanor appeal and other cases per year. In coordination with the Superior Court, this program also administers the County's Dispute Resolution Programs Act alternate dispute resolution program and its associated special revenue fund. This unit funds one analyst position and the cost for secretarial support in the Finance and Administration budget.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Operating Expenses of \$10.6 million include contracted and *ad hoc* (non-contracted) court-appointed legal representation services for indigent defendants in criminal and juvenile delinquency cases, and for other cases requiring court-appointed representation services including conservatorship, guardianship, probate, mental health, and misdemeanor appeals. These expenses also include costs for investigator and expert services for the Public Defender Capital Defense Unit of \$225,000, reflecting the division's projected caseload. The cost of one limited-term contract position for program administration services and part-time secretarial support is included in the budget as a transfer to the Finance and Administration budget unit.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$32,051. Although re-procurement of three of the County's appointed representation service contracts paid by Indigent Defense will occur in 2018-19, existing Requirements are anticipated to be sufficient.

Sources are decreasing by \$32,000 as Fee/Rate revenue from receipt of client payments for appointed juvenile delinquency representation services is eliminated starting 2018-19 due to implementation of SB190 (Mitchell).

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no budgeted staffing associated with this budget unit. One analyst position and part-time secretarial support are included in the Finance and Administration budget unit.

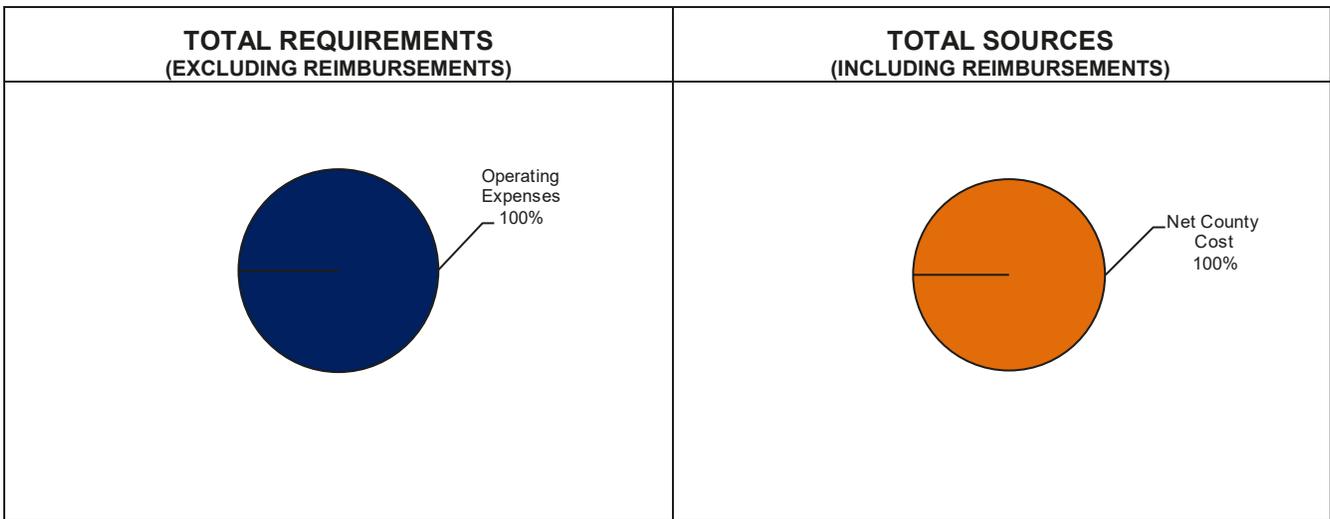

Court Facilities/Judicial Benefits

DESCRIPTION OF MAJOR SERVICES

This budget unit annually appropriates an amount that the County provides in supplemental benefits for Superior Court judges appointed before January 1, 2008. These benefits include automobile, security and education allowances. This budget unit also continues to appropriate funds for property insurance costs not covered by an agreement with the Judicial Council of California, as well as security services at the Fontana Court.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Operating Expenses of \$958,202 include payment of judicial benefits for 40 judges who were appointed prior to January 1, 2008. According to the County's agreement with the Superior Court, new judges authorized and appointed after this date do not receive these benefits. Operating Expenses also include COWCAP costs and transfers to the Sheriff/Coroner/Public Administrator for security services at the Fontana Court.

Court Facilities Payments

DESCRIPTION OF MAJOR SERVICES

The Trial Court Facilities Act of 2002, SB 1732, requires the transfer of responsibility for funding and operations of trial court facilities from the counties to the State of California. The County must pay the state the amount that the County historically expended for the operation and maintenance of each court facility. This budget unit was established in 2006-07 to budget and track these payments for the County's facilities. The final obligation under this agreement was the transfer of four facilities in 2014-15.

Trial Court Funding Maintenance of Effort

DESCRIPTION OF MAJOR SERVICES

On January 1, 1998, AB 233, the Lockyer – Isenberg Trial Court Funding Act of 1997 went into effect in the State of California. This bill fundamentally changed how the trial courts are funded by transferring primary responsibility for funding the courts to the state, including sole responsibility for funding future growth in court operations costs. In addition, it requires counties to make a capped maintenance of effort (MOE) payment to the state each year for operations of the courts. In return, the state allowed counties to retain many fines and forfeitures to help fund their MOE payments with the provision that collections that exceeded the amount of the revenue component of the MOE be shared equally between the state and the County.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Operating Expenses of \$24.0 million reflects the County's capped MOE payment and estimated revenue sharing to the state for court operations. Sources of \$10.7 million include traffic and criminal fines, penalty assessments, vital statistics fees, civil filing fees, traffic school and recording fees.

BUDGET CHANGES AND OPERATIONAL IMPACT

On June 24, 2015, Governor Brown signed the Traffic Tickets/Infractions Amnesty Program into law. The program went into effect October 1, 2015, and remained in force until March 31, 2017. The program forgave unpaid traffic tickets due by January 1, 2013, in order to provide relief to qualified individuals who defaulted on a court-ordered obligation and may have had driving privileges suspended as a result. The amnesty resulted in a significant decline in revenue which, in turn, resulted in a significant increase to Net County Cost beginning in 2015-16. It was anticipated that there would be a corresponding increase in revenue in 2017-18 after amnesty expired. However, that rebound has not yet materialized. As a result, Sources are decreasing by \$1.5 million. In addition, requirements are increasing to reflect the estimated revenue sharing costs paid to the state.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

Courthouse Seismic Surcharge

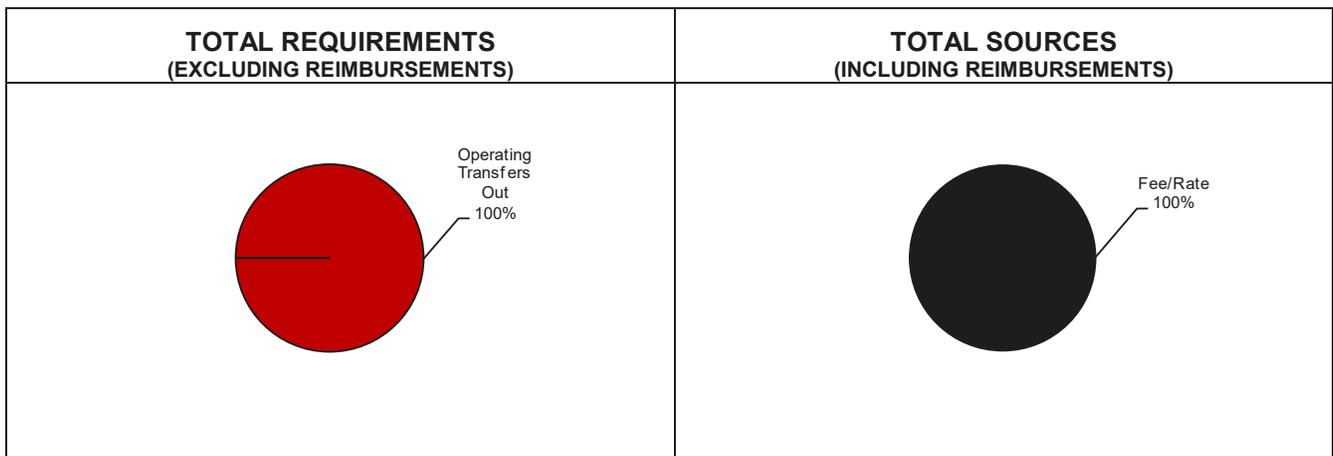

DESCRIPTION OF MAJOR SERVICES

Funding for this budget unit comes from a \$35 surcharge on civil filings as authorized by Government Code Section 70624. Surcharge revenues were used for the Central Courthouse seismic retrofit/remodel project, which was completed in January 2011. These revenues were also used to make contributions to the state for the new courthouse in downtown San Bernardino.

In June 2007 the County privately placed \$18.4 million of revenue bonds for courthouse improvements. These bonds mature on June 1, 2037, and are payable solely from revenues generated by a \$35 civil filing fee surcharge and related interest earnings. They are not an obligation of the County. The purchasers of the bonds have assumed the risk that surcharge revenues may someday not be sufficient to make principal and interest payments. All pledged revenues are remitted monthly to a trustee acting on behalf of the owners of the bonds.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Operating Transfers Out of \$1.9 million reflect the amount of projected revenue and fund balance to be transferred to the bond trustee. Principal and interest payments on the bonds total \$1.1 million for the fiscal year.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements and Sources are increasing slightly reflecting an anticipated increase in surcharge revenue, and the transfer of this revenue to the bond trustee.

ANALYSIS OF FUND BALANCE

The Courthouse Seismic Surcharge does not carry a fund balance. Revenues received for the surcharge placed on civil filings are transferred to the trustee on a monthly basis for payments on the bonds issued for the seismic retrofit of the courthouse. Any fund balance reflected at year-end is only a result of timing.

Alternate Dispute Resolution

DESCRIPTION OF MAJOR SERVICES

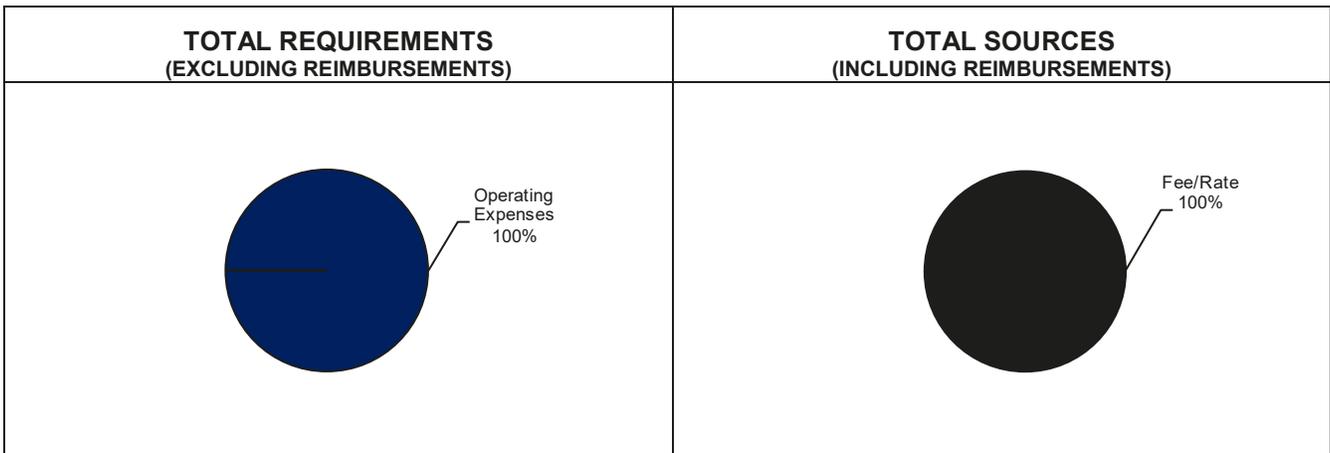

The Dispute Resolution Programs Act of 1986 (“DRPA”) authorizes the local establishment and funding of dispute resolution programs as an alternative to more formal court proceedings. The County presently receives \$8 per civil filing which funds contract alternate dispute resolution services for small claims and landlord-tenant actions, and certain civil and family law matters.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Operating Expenses of \$360,000 represent costs related to contracted alternate dispute resolution services. Sources of \$360,200 are anticipated from the collection of the DRPA \$8 civil filing fee.

BUDGET CHANGES AND OPERATIONAL IMPACT

There are no significant changes to Requirements, which are based on a contract payment rate of \$360,000 per year for contracted alternate dispute resolution services.

There is no significant change to Sources.

ANALYSIS OF FUND BALANCE

Fund Balance is reserved for future needs in the event revenues from the DRPA \$8 civil filing fee decline to amounts below the cost of contracted alternate dispute resolution services.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

Registration Fees

DESCRIPTION OF MAJOR SERVICES

This budget unit accounts for the “registration fee” that is collected from indigent defendants under Penal Code § 987.5 at the time appointed defense counsel is assigned. Effective July 1, 2010, the fee was increased from \$25 to a maximum of \$50 in accordance with California Senate Bill 676. The revenues from this fee are distributed at the discretion of the Board of Supervisors pursuant to Penal Code § 987.5 (e).

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$82.0 million include Staffing Expenses of \$80.5 million and Operating Expenses of \$13.1 million to fulfill the department’s core responsibility of prosecuting crimes. These expenses are funded primarily from the following sources:

- Discretionary General Funding (Net County Cost) of \$37.0 million.
- Proposition 172 sales tax revenue of \$33.6 million that is required by law to be used for public safety activities.
- Funding from various state/federal agencies of \$5.8 million.
- AB 109 revenue of \$5.1 million as part of the 2011 Public Safety Realignment.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$3.4 million primarily due to the following:

- \$4.7 million increase in Staffing Expenses related to negotiated salary increases, retirement costs and a net increase of 25 positions.
- \$256,004 increase in Operating Expenses, primarily due to data center operations and support, and creating a technology infrastructure to allow convenient, remote access to the department’s case management system and other resources. These initiatives will allow the department staff to better serve victims of crime and give attorneys and investigators additional technology support for prosecution and crime prevention programs.
- \$97,200 decrease in Capital Improvement Projects due to projects being completed, less capitalized equipment needed and the fulfillment of one-time budget requests.
- \$1.5 million increase in reimbursements due to the expansion of the Let’s End Truancy program.

Sources are increasing by \$2.4 million primarily due to the following:

- \$2.0 million increase in Proposition 172 sales tax revenue.
- \$375,595 of additional Realignment funds.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$80.5 million fund 567 budgeted positions of which 549 are regular positions and 18 are limited term positions. This budget reflects a net increase of 25 positions as follows:

Additions

- A total of 4 positions (3 Victim Advocate I's and 1 Victim Advocate Supervisor) are added for the Bureau of Victim Services to provide a variety of social services to victims of and witnesses to crime. The cost of these additional positions will be funded by increased grant funds received annually through the California Governor's Office of Emergency Services (CalOES).
- 2 District Attorney Senior Investigators are added for the Bureau of Investigation to provide more vigilant and rigorous prevention and investigation of threats and attacks on District Attorney staff members. These positions will be funded with additional Discretionary General Funding.
- 3 Office Assistant III's are added for compliance with Proposition 63 to assist the Probation Department in providing documentation necessary to complete the required investigations of defendants subject to firearms and ammunition prohibitions. These positions will be funded with additional Discretionary General Funding.
- 1 District Attorney IV is added to create a Major Fraud Unit, dedicated to prosecuting complex white-collar fraud cases. These positions will be funded with additional Discretionary General Funding.
- A total of 6 positions (4 Deputy District Attorney IV's and 2 Secretary I's) for the expansion of the Let's End Truancy program funded by the Juvenile Justice Grant Program funds. The 4 Deputy District Attorney positions were assigned to the following locations: 2 to the Central Division; 1 to the Desert Division; and 1 to the West Valley Division. The 2 Secretary I positions were assigned to the following locations: 1 to the Desert Division and 1 to the Central Division.
- 10 limited term Law Clerk II positions are added as part of a new departmental initiative to train and develop third and fourth year law students for a future prosecutorial career with the District Attorney's Office. These positions were funded within the department's existing budget allocation.

Deletions

- 1 Assistant Chief Investigator position in the Bureau of Investigation as an Extra Help position is no longer needed as the individual's participation in an outstanding case has concluded.

Special Revenue Funds - Consolidated

DESCRIPTION OF MAJOR SERVICES

Real Estate Fraud Prosecution accounts for activity related to the investigation and prosecution of real estate fraud crimes in the County. Pursuant to Government Code section 27388, the costs related to this activity are funded through a fee charged on recorded documents. On July 22, 2014, the Board of Supervisors (Board) adopted Resolution 2014-164 authorizing an increase of this fee from \$3.00 to \$10.00. The revenue collected from this fee is transferred to the District Attorney's Criminal Prosecution unit (less an administrative fee) to offset the cost of staff assigned to investigate/prosecute real estate fraud. The District Attorney's Office is collaborating with the Assessor-Recorder's Office on a program to send notices of recently-recorded property transactions to confirm the accuracy of the transactions and to assist in the early detection of fraudulent property recordings.

Auto Insurance Fraud Prosecution represents activity related to the investigation and prosecution of automobile insurance fraud. Insurance fraud is a particular problem for automobile policy holders. It contributes substantially to the cost of automobile insurance, particularly in urban areas. Prevention of automobile insurance fraud can significantly reduce insurance claim payments and may therefore produce a commensurate reduction in automobile insurance premiums. Under direction of the Insurance Commissioner, the California Department of Insurance makes funds available, as authorized by the California Insurance Code, to the District Attorney's Office for investigation and prosecution of automobile insurance fraud. Sources are transferred to the District Attorney's Criminal Prosecution budget unit to offset the cost of staff assigned to investigate/prosecute auto insurance fraud.

Workers' Compensation Insurance Fraud Prosecution accounts for activity related to the investigation and prosecution of workers' compensation insurance fraud. The California Department of Insurance, pursuant to section 1872.8 of the Insurance Code, distributes grant funds to the District Attorney's Office for this purpose. The funds received by San Bernardino County are administered through this budget unit. The insurance grant revenue is transferred to the District Attorney's Criminal Prosecution budget unit to offset the cost of staff assigned to prosecute workers' compensation insurance fraud.

Consumer/Environmental Protection Unit (formerly entitled Specialized Prosecutions) was established in 1990 – 1991, with funding from various fines and forfeitures, for the District Attorney's Office to prosecute crimes such as hazardous waste dumping, consumer fraud, and violations of Cal/OSHA laws established to ensure safe and healthy working conditions for California workers. Sources are transferred to the District Attorney's Criminal Prosecution budget unit to offset the cost of staff associated with these specialized prosecutions.

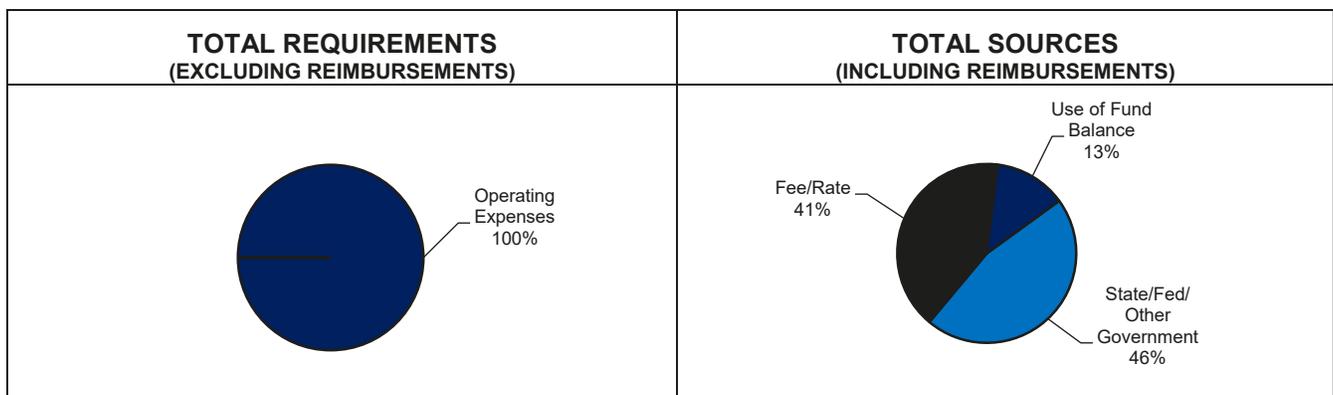

Vehicle Fees – Auto Theft Prosecution accounts for the receipt of assessments on vehicles registered in San Bernardino County. On May 2, 1995, the Board adopted a resolution, pursuant to Vehicle Code section 9250.14, to impose a \$1.00 fee on each San Bernardino County new and renewal vehicle registration. The Board adopted a subsequent resolution on June 16, 2015, to increase this fee from \$1.00 to \$2.00 per vehicle. The revenue from this fee is used to enhance the capacity of local law enforcement and prosecutors to deter, investigate and prosecute vehicle theft crimes. This budget unit receives the District Attorney's share of the registration assessment on vehicles registered in San Bernardino County. Sources are transferred to the District Attorney's Criminal Prosecution budget unit to offset the costs of prosecuting and investigating automobile theft crimes.

State Asset Forfeitures represent receipt of the District Attorney's share of state asset forfeiture funds. The goal of asset forfeiture is to remove the profits from those who benefit from illegal activities. While seizure and arrests present a temporary setback for criminals, asset forfeiture is effective in permanently removing the proceeds from the criminals while diminishing their ability to continue the illegal enterprise. The law permits law enforcement agencies to use the proceeds of forfeitures to offset public safety expenses. Thus, law enforcement is able to convert criminal profits into supplemental funding to inhibit illegal activities. Sources are transferred to the District Attorney's Criminal Prosecution budget unit to help offset the cost of processing asset forfeiture cases.

Federal Asset Forfeitures account for the share of federal asset forfeitures processed by the District Attorney’s Office. In 1982, Congress enacted the comprehensive Crime Control act that gave federal prosecutors new forfeiture provisions to combat crime. Also created by this legislation was the Department of Justice Assets Forfeiture Fund. Proceeds from the sale of forfeited assets such as real property, vehicles, businesses, financial instruments, vessels, aircraft and jewelry are deposited in this fund and are subsequently used to further law enforcement initiatives. Under the Equitable Sharing program, proceeds from the sale of these seized assets are often shared with participating state and local law enforcement agencies. The County’s share of these funds are ultimately transferred to the District Attorney’s Criminal Prosecution budget unit to assist with operating costs of the Department’s Asset Forfeiture unit and other eligible public safety expenses pursuant to established guidelines set forth by the U.S. Department of Justice. On January 1, 2017, California Senate Bill 443 went into effect, which significantly curtailed the ability of local agencies to participate in asset forfeitures adopted by federal agencies under Health & Safety Code sections 11470.1, 11471.2, 11488.4, 11488.5 and 11495.

Real Estate Fraud Prosecution: Requirements of \$2.3 million are for transfers to the department's Criminal Prosecution budget unit for costs related to prosecuting real estate fraud. Sources of \$3.0 million represent the amount anticipated from the \$10.00 fee collected on recorded documents for real estate fraud prosecution.

Auto Insurance Fraud Prosecution: Requirements of \$699,677 are for transfers to the department's Criminal Prosecution budget unit for costs related to prosecuting auto insurance fraud cases. Sources of \$699,616 represent projected grant funds from the California Department of Insurance.

Workers' Compensation Insurance Fraud Prosecution: Requirements of \$2.0 million are for transfers to the department's Criminal Prosecution budget unit for costs related to prosecuting workers' compensation insurance fraud cases. Sources of \$2.0 million reflect projected grant funds from the California Department of Insurance.

Consumer/Environmental Protection Unit (formerly Specialized Prosecutions): Requirements of \$1.9 million are for transfers to the department's Criminal Prosecution budget unit for staffing and other costs related to specialized prosecution. Sources of \$665,000 reflect revenue from anticipated case settlements. The Use of Fund Balance of \$1.2 million is for the costs to prosecute crimes such as hazardous waste dumping, consumer fraud, and violations of Cal OSHA laws. These types of cases often continue for many months or possibly years in some instances. When these cases eventually conclude, the department receives funding for cost reimbursement and Fund Balance is replenished at that time.

Vehicle Fees – Auto Theft Prosecution: Requirements of \$1.5 million are for transfers to the department's Criminal Prosecution budget unit for costs associated with prosecuting and investigating automobile theft crimes. Sources of \$1.6 million represent new and renewal registration assessments on vehicles registered in San Bernardino County.

State Asset Forfeitures: Requirements of \$250,131 are primarily for transfers to the department's Criminal Prosecution budget unit to help offset costs related to asset forfeiture cases. Sources of \$150,000 reflect the anticipated proceeds from asset forfeitures. The Use of Fund Balance of \$100,131 is to assist with the costs of processing asset forfeiture claims. Proceeds from these asset forfeitures tend to fluctuate on an annual basis. When these cases conclude, the department receives funding pursuant to California law and Fund Balance is replenished at that time.

Federal Asset Forfeitures: Requirements of \$577,408 are for transfers to the department's Criminal Prosecution budget unit to assist with various costs eligible under federal law. These costs include training, safety equipment, and forensic drug/alcohol testing related to legal proceedings. Sources of \$12,000 represent interest earnings. The Use of Fund Balance of \$565,408 is to assist with the aforementioned costs. Proceeds from these Federal asset forfeitures tend to fluctuate on an annual basis. When these cases conclude, the department receives funding pursuant to Federal law and the Fund Balance is replenished at that time.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$260,646 primarily due to additional transfers to the department's Criminal Prosecution budget unit as a result of negotiated salary and retirement cost increases.

Sources are decreasing by \$306,343 primarily due to a change in the estimated number of cases anticipated to be settled in the Consumer/Environmental Protection budget unit. These cases often continue for many months, years in some instances, and revenue will be received when the cases are settled.

ANALYSIS OF FUND BALANCE

In general, the department establishes a fund balance for the purpose of funding one-time costs/projects. However, there are budgeted exceptions as follows:

- Consumer/Environmental Protection Unit – Fund Balance is typically utilized for the cost of continuing litigation. In many instances, these cases can continue for several months or possibly years. The department is eventually reimbursed for its costs when the case concludes. At that time, the fund balance is replenished.
- State Asset Forfeitures – Fund Balance is used to assist with the costs of processing asset forfeiture claims. When the claiming process concludes, the department receives funding pursuant to California law and the Fund Balance is replenished at that time.
- Federal Asset Forfeitures – Federal guidelines do not allow the department to budget revenue from Federal Asset Forfeitures. As a result, the Use of Fund Balance is often budgeted for various ongoing costs eligible under federal law. Since the annual amount of revenue received from Federal Asset Forfeiture is very often sufficient to offset these ongoing costs, there is no actual Use of Fund Balance occurring in most years.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with these consolidated special revenue budget units.

LAW AND JUSTICE GROUP ADMINISTRATION

2017-18 MAJOR ACCOMPLISHMENTS

- Supported the Stepping Up Initiative which is a national movement to provide counties with the tools they need to develop strategies that can lead to measurable reductions in the number of incarcerated adults with mental illness.
- Added a dedicated Law and Justice Data Analyst to support the Group's goal of evaluating the effectiveness of public safety services through data-driven decision making principles.
- Continued the Misdemeanor Pretrial Diversion Program which provides early intervention and education for low level offenders with a goal towards reducing recidivism throughout the County.
- Implemented business practice changes to evaluate the County's JAG subrecipients' compliance with federal requirements and enhance performance goals.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$279,577 represent the majority of expenditures and funds two budgeted positions. Operating Expenses of \$51,586 include various administrative costs for providing services. Reimbursements of \$152,850 are funded by the Finance and Administration budget unit and pay for operational expenses for services provided. Sources include \$173,313 of Realignment funds allocated to this budget unit to fund the contract Law and Justice Data Analyst position and provide for administrative services.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$7,200 due to an increase in Staffing Expenses of \$38,674 from negotiated salary increases and an increase in Operating Expenses of \$13,111 due to various administrative costs for providing services. This increase is offset by an increase in Reimbursements of \$44,585 for Finance and Administration's share of the increase in expenses. Sources are increasing by \$7,200 due to increased Realignment funding.

Special Revenue Funds - Consolidated

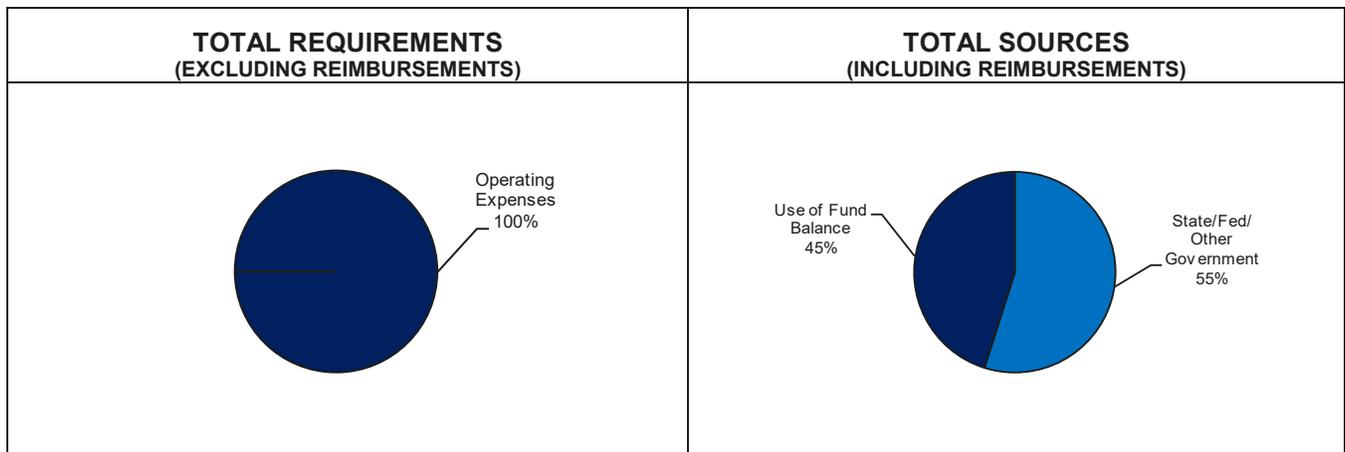

DESCRIPTION OF MAJOR SERVICES

Justice Assistance Grant (JAG) funding is used to support a broad range of law enforcement activities to improve the overall criminal justice system. The County of San Bernardino serves as the lead agency and passes allocations through to the various local jurisdictions. Grant funds have been used to provide equipment, supplies, prevention and education programs, and information systems for law enforcement. This fund receives allocations from the Edward Byrne Memorial Justice Assistance Grant Program administered by the Bureau of Justice Assistance (BJA).

DETAIL OF 2018-19 RECOMMENDED BUDGET

2018-19

	Requirements	Sources	Use of / (Contribution to) Fund Balance	Available Reserves	Staffing
Special Revenue Funds					
Southwest Border Prosecution Initiative (Fund 2370)	438,320	0	438,320	1,800,300	0

Total Special Revenue Funds	1,114,145	611,642	502,503	1,800,300	0

Southwest Border Prosecution Initiative: Requirements of \$438,320 include transfers to the participating law and justice departments, including the District Attorney, Probation, Public Defender, and Sheriff/Coroner/Public Administrator for various one-time law enforcement projects and programs. Fund Balance of \$438,320 is being used for these one-time expenses, such as the District Attorney's Gang Reduction Program (GRIP).

JAG Consolidated: Requirements of \$675,825 primarily include pass-through costs to various law enforcement agencies for the Justice Assistance Grant Program. Sources of \$611,642 represent Justice Assistance Grant funds. Fund Balance of \$64,183 is primarily being used to pay for various law enforcement equipment, projects, and programs for participating law and justice departments including the District Attorney, Probation, Public Defender and Sheriff/Coroner/Public Administrator.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$39,165 primarily due to a decrease in one-time funding for projects included in the 2017-18 budget for the various grant programs.

ANALYSIS OF FUND BALANCE

The budget includes a Use of Fund Balance of \$502,503, as there has not been an allocation by the federal government of SWBPI funding in the last four fiscal years. Fund Balance will solely be used to pay for one-time Law and Justice related projects approved by the Law and Justice Group.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with these budget units.

2017-18 MAJOR ACCOMPLISHMENTS

- Reduced the number of emergency room transports from Juvenile Detention and Assessment Centers (JDACs) by 50% as a direct result of the department’s contract with Arrowhead Regional Medical Center’s Dr. Michael Neeki, whose hands on approach and presence in the JDACs has shown a significant impact on the number of youth transported outside of the JDAC for medical emergencies.
- Launched Video Visiting in the JDACs as a supplemental family/guardian visiting option to facilitate more frequent communication between detained youth and parents/guardians.
- Filled every Probation Corrections Officer position. In conjunction with the Human Resources Department, after many years of innovative recruitment efforts through advertising, career fair workshops, internships and the department’s volunteer program, 150 sworn officers graduated from CORE, including 41 Probation Officers, 88 Probation Corrections Officers, and 21 Probation Transportation Officers.
- Implemented requirements of AB 403, Continuum of Care Reform (CCR), including formation of Child & Family Teams (CFTs) in order to discuss placement and case plans for each youth court-ordered into out of home placement. In collaboration with the youth, their family and supporters, as well as representatives from child-serving agencies, educators and behavioral health specialists, 76 CFT Meetings were conducted.
- Expanded the Custody to Community initiative, whose mission is to offer a seamless continuity of services, in conjunction with Behavioral Health and other stakeholders, beginning in Sheriff’s custody through the term of probation, utilizing community based contracts.
- Added 5 programs to the previously implemented Five Keys Charter School, which provides the opportunity to earn a high school diploma or GED.

Each of the following bureaus focus on providing for the health and social service needs of County residents in a variety of ways, from managing field operations in the community to caring for minors in detention, by addressing each individual’s criminogenic risk factors and providing services to meet those specific needs:

- Adult Community Corrections Bureau (ACCB) is responsible for adult supervision, training and treatment program options, Day Reporting Centers (DRC) and investigation reports for the courts along with case management services. ACCB utilizes appropriate evidence-based treatment and supervision services as identified through validated assessment tools. As a result of Public Safety Realignment (AB 109), the department created DRCs in each region to provide services to the entire adult offender population by offering services from a wide variety of governmental agencies such as Behavioral Health, Workforce Development, Transitional Assistance and other related agencies. The department is also expanding services to assist in diverting an offender from progressing further into the criminal justice system through additional state SB 678 - Criminal Recidivism funded programs, which target offenders for prevention and program efforts aimed at preventing them from being sentenced to state prison. All efforts are aimed at reducing recidivism and moving offenders into a role of law-abiding, self-sufficient, productive citizens.
- Juvenile Community Corrections Bureau (JCCB) is responsible for juvenile case management and supervision services, treatment program options, operating DRCs, and providing investigation reports for the courts. JCCB utilizes appropriate evidence-based treatment and supervision services as identified through validated assessment tools. JCCB also uses Juvenile Justice Crime Prevention Act funding to provide school probation officers and targeted behavioral development programs to prevent minors’ immersion into the criminal justice system. JCCB also receives funding through the Youthful Offender Block Grant, which provides funding for the Gateway Program, a secured residential treatment program which allows minors to gain self-sufficiency through a variety of educational and behavioral components, and also funds intensive juvenile supervision services. Additionally, with the implementation of Continuum of Care Reform (CCR), services have been revised to improve focus on supporting the family as a whole, and reintegrating those minors who have been removed back into the community. All efforts are aimed at reducing recidivism and moving offenders into the role of law-abiding, self-sufficient, productive citizens.
- Detention Corrections Bureau (DCB) is responsible for the County’s Juvenile Detention and Assessment Centers (JDAC’s) and department operated residential treatment options in secured environments for legally detained and court ordered minors. DCB works with all of the law enforcement agencies in the County when detention for a youth is being considered, provides a variety of services to those detained, including medical, mental health, and nutrition services, and works with multiple County agencies inside the facilities as well, including local community groups such as faith based organizations, to address the behavioral and emotional needs of the juveniles.

- Administrative Services Bureau (ASB) is responsible for the organizational and administrative support functions of the department countywide, including budget preparation, grant compliance, payroll and personnel, purchasing, payables, courier/file delivery, reception, clerical, research and analytical units, building management and facilities, vehicles, and other infrastructure needs. Each of these units work with other County agencies, from the County Administrative Office to Real Estate Services and Fleet Management, as well as outside vendors and suppliers, to ensure that the department is operating at maximal efficiency in a fiscally responsible manner, while staying focused on the primary mission, which is to improve long-term public safety.
- Specialized Services Bureau (SSB) is responsible for activities and operations which address unique needs and department requirements beyond community corrections or detention services, and which often impact areas across the entire department. Units include Training & Safety Management, Automated Systems, External Affairs, Policies and Procedures, Audits and Inspections, Prison Rape Elimination Act (PREA), and the Criminal Intelligence Unit (CIU). Prior to the development of this bureau, these units were spread across the other bureaus and unifying these efforts resulted in coordination of service delivery across all bureaus, ensuring consistent operations across the County.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$173.8 million represent the costs related to the supervision and rehabilitation of adult and juvenile clientele in the community, as well as the custody of legally detained youth in the Juvenile Detention and Assessment Centers. These costs are funded primarily by Realignment funds (\$52.8 million), Proposition 172 sales tax revenue (\$24.0 million), state funding for Juvenile Probation Activities (\$5.7 million), Federal Title IV-E funds (\$1.9 million), and Discretionary General Funding (\$85.0 million).

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing Expenses are increasing by \$5.5 million primarily due to negotiated salary increases and retirement cost increases. Operating Expenses are increasing by \$2.8 million primarily resulting from additional charges for liability and vehicle insurance. These increased costs are partially offset by a decrease of \$2.4 million in Operating Transfers Out to the County's Capital Improvement Program because Probation is allocating less funding in 2018-19 for capital projects.

Sources are increasing by \$888,280 associated with an increase in projected Proposition 172 sales tax revenues (\$2.3 million) and State/Federal/Other Government sources (\$1.2 million). The additional State revenue is related to an estimated increase in Juvenile Probation funds reflecting 2017-18 projected receipts. These increases are partially offset by a reduction in Realignment revenue of \$2.6 million. The department has agreed to receive a lower allocation of 1991 Social Services Realignment in order to assist the County Human Services Group with additional costs related to the In Home Support Services MOE Discontinuance.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$125.9 million fund 1,293 budgeted positions of which 1,244 are regular positions and 49 are limited term positions. This includes a net decrease of 1 regular positions (addition of 9, deletion of 10) as follows:

Additions

- 3 positions (2 Probation Officer II's and 1 Office Assistant III) are needed for Proposition 63 compliance. These positions will assist in the administration of the new proposition which creates an administrative process for probation officers to assist the Court with the relinquishment of firearms for certain defendants.
- 1 General Maintenance Mechanic (limited term) to keep up with the growing demand of building maintenance for all department facilities while vacancies are recruited and filled.
- 2 Public Service Employees (limited-term) for support of the fiscal, budget, and personnel operations while vacant positions are recruited and filled.
- 2 Background Investigators (limited term) to supplement services currently provided by Probation Officers.
- 1 Probation Corrections Supervisor I is needed for the GATEWAY Program in order to meet the Board of State and Community Corrections (BSCC) requirements regarding night supervision of detained juveniles.

Deletions

- 10 vacant Probation Officer II positions are deleted from Adult Services due to a reduction in state funding for SB 678. The impact on department operations from these deletions will result in a reallocation of workloads to existing officers in the Adult Community Corrections Bureau, resulting in moderate caseload increases.

Juvenile Justice Grant Program

DESCRIPTION OF MAJOR SERVICES

The Juvenile Justice Crime Prevention Act allocates state resources annually to fund programs which address juvenile crime prevention and focus on public safety. The Juvenile Justice Coordinating Council, mandated to oversee local programming, consists of a variety of County and community leaders that develop and recommend the comprehensive Multi-Agency Juvenile Justice Plan. This plan identifies and addresses the public safety gaps in services for juvenile offenders and their families throughout San Bernardino County.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$5.6 million and Operating Expenses of \$3.6 million represent the cost of programs for at-risk minors that include Day Reporting Centers, counseling and tutoring services, School Probation Officers, and the District Attorney's Let's End Truancy (LET) Program. This budget unit is funded by Reimbursements from the Probation Department's Juvenile Justice Crime Prevention Act – Special Revenue Fund.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing Expenses are increasing by \$289,321 primarily due to negotiated salary increases and retirement costs. Operating Expenses are increasing by \$1.2 million as a result of expanded District Attorney LET Program, which added 6 new positions (4 Deputy District Attorney IV's and 2 Secretary I's) to the program. The LET Program expansion is intended to extend services to at-risk students in order to increase their educational opportunities and prevent them from entering the criminal justice system.

DESCRIPTION OF MAJOR SERVICES

Juvenile Justice Crime Prevention Act (JJCPA) allocates state resources annually to fund programs which address juvenile crime prevention and focus on public safety. The Juvenile Justice Coordinating Council, mandated to oversee local programming, consists of a variety of County and community leaders that develop and recommend the Comprehensive Multi-Agency Juvenile Justice Plan. SB 678 – Criminal Recidivism allocates state funding resources to oversee programs for the purpose of reducing recidivism. The funding is intended to improve evidence-based probation supervision practices and enhance public safety outcomes among adult felons who are on probation. Improving felony probation performance, measured by a reduction in felony probationers who were sent to prison because their probation was revoked or they were convicted of another crime while on probation, will reduce the number of new admissions to state prison. Staffing is budgeted in the Probation General Fund budget unit and reimbursed by this budget unit.

AB 1628 – Juvenile Reentry Program allocates state funding resources to gradually assume responsibility for supervision of juveniles released from the state’s Division of Juvenile Justice (DJJ). This shift of parole supervision to the counties gives local officials more options for the reintegration and rehabilitation of youth in their communities. This legislation authorizes counties to establish a Juvenile Reentry Fund that would accept state money to address the costs of local supervision and rehabilitative programs.

Asset Forfeiture 15% accounts for State of California Health and Safety Code Section 11489 collections which mandates that 15% of distributed seizure funds be used for the sole purpose of funding programs designed to combat drug abuse and divert gang activity. Expenditures for this fund include drug and gang unit expenses not reimbursed through other sources.

State Seized Assets accounts for Probation’s proportionate share of asset forfeitures seized in conjunction with other agencies. Expenditures for this budget unit include safety equipment and training expenses not reimbursed through other sources.

Juvenile Justice Crime Prevention Act: Requirements of \$9.3 million consist of transfers to the Juvenile Justice Grant Program budget for costs related to the department's House Arrest and School Programs, as well as the Let's End Truancy program with the District Attorney and Public Defender. Sources of \$9.3 million represent the projected state JJCPA allocation (\$8.6 million) and estimated revenue from school districts participating in the School Probation Office program (\$653,298).

SB678 – Criminal Recidivism: Requirements of \$5.3 million represent transfers to the department's general fund budget unit for reimbursement of staffing and other operating costs related to reducing recidivism. Sources of \$4.2 million represent the projected state allocation of SB 678 funding and projected interest earnings. The Use of Fund Balance of \$1.0 million represents program costs to offset the reduction in state funding for 2018-19.

AB1628 – Juvenile Reentry Program: Requirements of \$15,000 represent costs related to supervision and rehabilitative programs for juveniles. Sources of \$145,000 represent the program's anticipated state allocation.

Asset Forfeiture 15%: Requirements of \$8,087 represent costs related to drug abuse and gang diversion programs.

State Seized Assets: Requirements of \$48,134 represent costs such as training seminars, safety equipment, travel and incentives for students/graduates of the youth Gang Resistance Education & Training (G.R.E.A.T.) program.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$325,080 attributable to an increase in AB 1913 program costs, partially offset by a decrease in SB 678 – Criminal Recidivism program costs as a result of the deletion of 10 positions.

Sources are decreasing by \$629,528 primarily due to a reduction in state funding for the SB 678 program.

ANALYSIS OF FUND BALANCE

Significant Use of/Contributions to Fund Balance are as follows:

- The SB 678 – Criminal Recidivism Fund is budgeting the Use of Fund Balance of \$1.0 million for program costs to help offset the reduction in state funding for 2018-19. The department has developed a plan to ensure the fund is balanced on an ongoing basis by deleting 10 positions from the program while continuing to monitor state revenue. If funding reductions continue into future fiscal years, a plan will be developed to ensure the fund is balanced on an ongoing basis.
- The AB 1678 – Juvenile Reentry Program is budgeting a Contribution to Fund Balance of \$130,000 that will increase Available Reserves for future allocation.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing included in these consolidated special revenue funds.

Public Defender

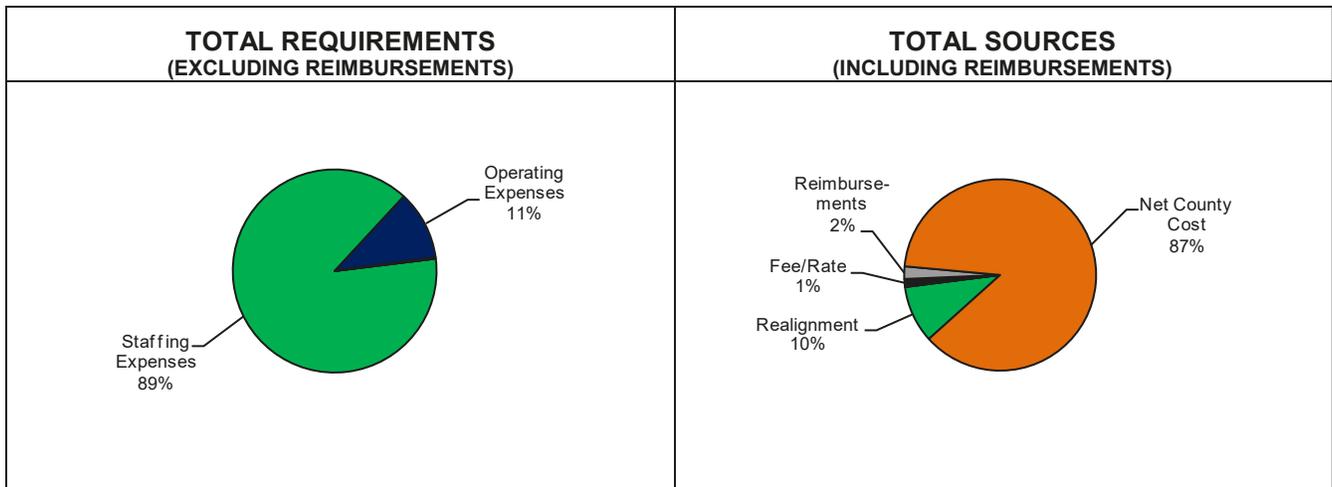

DESCRIPTION OF MAJOR SERVICES

The Public Defender promotes justice and protects constitutional rights by providing mandated representation to indigent adult clients in felony, misdemeanor, and mental health civil commitment cases, as well as to clients facing probation, parole, or post-community supervision released violations. The Public Defender also represents the County’s children facing juvenile delinquency proceedings. Using a holistic approach, the department seeks to increase client opportunities for achieving self-sufficiency. The role the department plays in the criminal justice system reflects the checks and balances found in American democracy.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$38.9 million, Operating Expenses of \$4.8 million, and Capital Expenditures of \$90,000 support the department in achieving its mission of promoting justice and protecting constitutional rights. Sources include \$4.2 million of Realignment funds, legal services fees of \$560,500, and state aid for the representation of state hospital and prison clients in the amount of \$32,542.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$2.0 million primarily due to higher Staffing Expenses. Although the department is deleting 11 positions, the decrease associated with this reduction is offset by higher retirement costs, as well as negotiated salary and benefit increases, resulting in a net increase of \$2.3 million in Staffing Expenses. The increase fully funds operational requirements and ensures that the quality and timeliness of services are not impacted. An increase in Net County Cost funds the loss of Senate Bill 190 revenue, and 3 new positions for Post-Conviction workload.

Sources are increasing by \$145,290 primarily due to higher Realignment funding, which is partially offset by a reduction in legal representation fee revenue as a result of Senate Bill 190. This legislation repealed the County's authority to assess and collect fees from youth involved in the juvenile delinquency system.

*Detailed classification listing available in Appendix D.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$38.9 million fund 272 budgeted positions of which 250 are regular positions and 22 are limited term positions. This includes a decrease of 14 positions: 1 regular position (Deputy Public Defender IV) that was previously split to accommodate a job share and 13 limited term positions. The limited term positions are comprised of 3 contracted Deputy Public Defender IV and 4 Office Assistants III retained to meet the initial workload demands of Proposition 47, and 6 Public Service Employee positions that assisted with the department's file imaging project. Also included is an increase of 3 regular positions associated with Post-Conviction workload resulting from new constitutional mandates, Prop 57, and other penal code amendments. A Supervising Public Defender position will perform supervisory duties related to Post-Conviction workload, which provides legal services to County residents with previous convictions. Two Paralegal positions in the Adult Divisions will allow attorney staff to focus on more complex legal processes.

The staffing changes will ensure that the department can meet new and ongoing operation requirements. The department has reorganized throughout the divisions to accommodate changing requirements in each of the divisions, as well as to support the Youthful Offender Program and Post-Conviction workload in Human Services.

SHERIFF/CORONER/PUBLIC ADMINISTRATOR

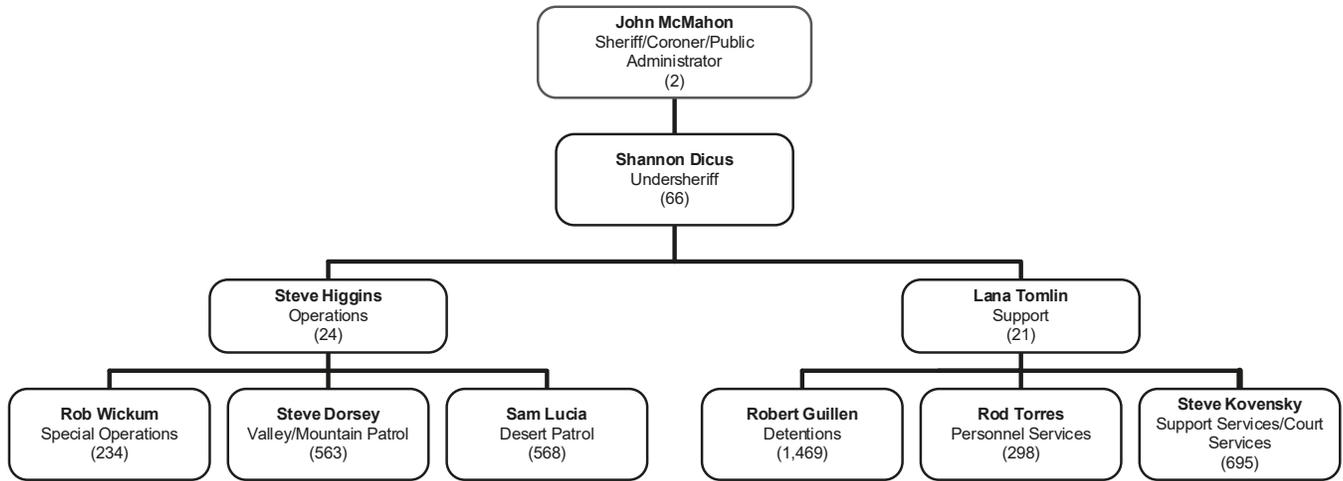

John McMahon

DEPARTMENT MISSION STATEMENT

The Sheriff/Coroner/Public Administrator provides professional public safety services to residents and visitors of San Bernardino so they can be safe and secure in their homes and businesses.

2017-18 MAJOR ACCOMPLISHMENTS

- Acquired two additional patrol helicopters, replacing a total of four of the six patrol helicopters in the fleet over two fiscal years, using one-time Proposition 172 half-cent sales tax reserve and Discretionary General Funding.
- Started the Sheriff's Reintegration Pilot Program (SPP) through the Glen Helen Rehabilitation Center (GHRC) Work Release Program, in collaboration with the California State University San Bernardino Reentry Initiative (CSRI) Office. Participants with 4 – 10 months remaining on their sentence are transitioned to the Work Release Electronic Confinement Program and allowed to attend classes and work assignments under the direction of the case manager at CSRI at no cost.
- Expanded the Jail Based Competency Treatment (JBCT) Program by consolidating with the smaller Restoration of Competency (ROC) Program which allowed for an improvement in the care and services provided to the inmate patients, and streamlined tracking of all aspects of the program. The JBCT Program is a state-funded program that provides restoration of competency treatment services to individuals who are charged with a felony and have been determined to be incompetent to stand trial, similar to those provided in state mental hospitals. The program is intended to reduce the wait time for treatment and significantly decrease the time these individuals remain incarcerated due to a faster adjudication of their criminal cases.
- Spent \$1.0 million to increase police presence throughout the County, which is to be reimbursed from the Board approved Countywide Crime Suppression Reserve. The increased police presence resulted in the recovery of 338 firearms and 63 stolen vehicles, the seizure of approximately 300 pounds of narcotics, and the arrest of 1,759 individuals, of which 703 were charged with felony offenses.

LAW AND JUSTICE

Sheriff/Coroner/Public Administrator

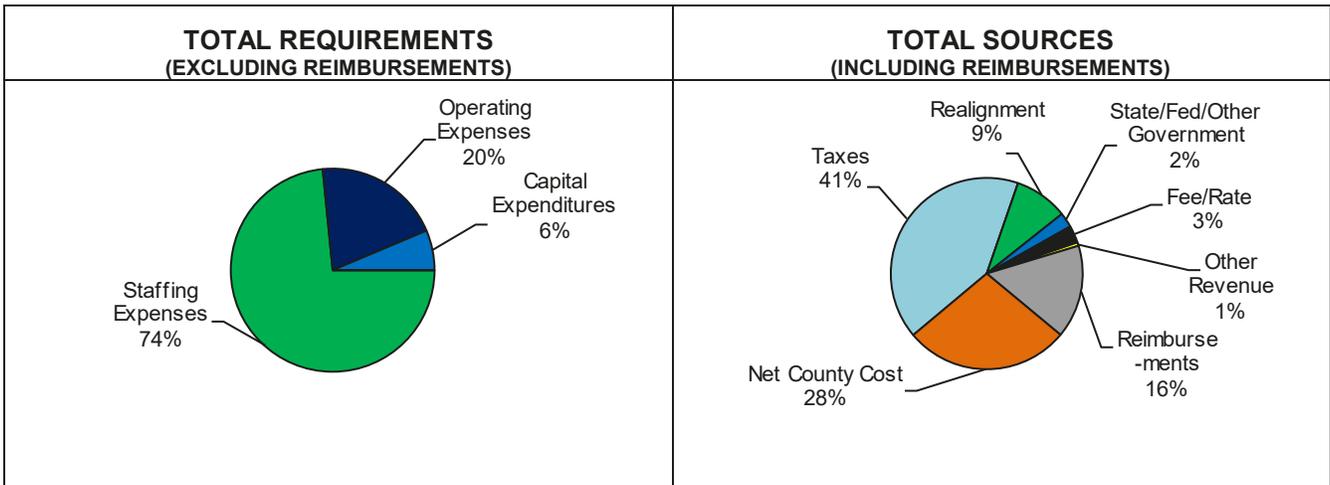

DESCRIPTION OF MAJOR SERVICES

The Sheriff/Coroner/Public Administrator acts as the chief law enforcement officer, coroner/public administrator, and director of safety and security for the County by providing a full range of services throughout the County's unincorporated areas.

The department's general law enforcement mission is carried out through the operation of 10 County stations and a centralized headquarters, using basic crime and narcotics investigations, a crime laboratory and identification bureau, central records, two dispatch communication centers, and an aviation division for general patrol and search/rescue operations. The Coroner's division is tasked with investigating the cause and manner of death, while the Public Administrator's function is to manage the estates of deceased persons with whom no executor was appointed. The Courts Civil Division oversees the imposition of court-ordered settlements and provides security to courtrooms in the San Bernardino Superior Court system. The department is also mandated to perform search and rescue operations within the County through its mountain rescue, desert rescue, swift water, and dive team units. These functions are performed primarily by trained volunteers and reserve deputies, and administered by the Sheriff's Volunteer Unit.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$274.2 million include the costs of providing patrol and general law enforcement for the County's unincorporated areas alongside Coroner and Court Services. Also included are costs related to the following administrative support divisions: Automotive, Bureau of Administration, County Building and Security, Civil Liabilities, Criminal Intelligence, Employee Resources, Internal Affairs, Records, Technical Services, Training (Basic Academy, Emergency Vehicle Operations Center, Range, and Advanced Officer), Specialized Investigations, Aviation, Bomb & Arson, Communications, and the Inland Regional Narcotics Enforcement Team (IRNET). This budget unit also contains the Contract Training, Public Gathering, Aviation Services, and Search & Rescue operating budget units previously accounted for as special revenue funds.

Operations are funded by a variety of Sources, the most significant of which are listed below:

- \$134.4 million in Proposition 172 half-cent sales tax revenue.
- \$90.4 million in Net County Cost (Discretionary General Funding).
- \$51.1 million in Reimbursements (primarily from the department's law enforcement contracts).
- \$29.3 million from the state for providing court security services (Public Safety Realignment).
- \$9.5 million in fees/charges for providing an array of law enforcement services.
- \$5.8 million in state and federal grants.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$22.6 million due to a \$12.9 million increase in Staffing Expenses related to additional positions, negotiated salary increases and retirement cost increases. Additionally, Operating Expenses are increasing by \$14.0 million due to an increase in liability insurance and COWCAP charges. These increases are partially offset by an increase in Reimbursements by \$4.2 million from the department's Law Enforcement Contracts budget unit to fund its share of additional staffing expenses.

Sources are increasing by \$8.8 million primarily due to a projected increase in Proposition 172 half-cent sales tax revenue of \$7.0 million and an anticipated increase in Fee/Rate revenue by \$1.6 million. The department's Net County Cost (Discretionary General Funding) allocation is increasing by \$13.9 million primarily to fund additional positions, negotiated salary increases and retirement costs and increases in liability insurance costs.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$238.7 million fund 1,873 budgeted positions of which 1,719 are regular positions (984 safety and 735 professional) and 154 are limited term positions. The department is increasing budgeted staffing by 90 Deputy Sheriff Trainee positions to accommodate the department's need for an increase in the capacity of the training academy program, 9 Sheriff's Communications Dispatcher I positions to meet the increased need of dispatcher services, 1 Sergeant for the Morongo Station and 1 Personnel Technician to support the hiring process in order to keep adequate staffing levels and remain in compliance with the Prison Law Office mitigation and mental health mediation. In addition, the department is deleting 7 Sheriff's Communications Dispatcher II positions, which is offset by the addition of 6 Sheriff's Communications Dispatcher III positions to meet the increased needs of dispatcher services throughout the County.

The following positions are technical corrections to the staffing count for the Sheriff/Coroner/Public Administrator operations budget unit:

- 1 Office Specialist, which is reflected as a deletion.
- 1 additional Sheriff's Detective/Corporal, which was transferred from the Law Enforcement Contracts budget unit.
- 1 additional Sheriff's Service Specialist, which is transferred from the Law Enforcement Contracts budget unit.

Sheriff – Detentions

DESCRIPTION OF MAJOR SERVICES

Penal Code Section 4000 designates the Sheriff to manage the County's detention facilities for the following uses: detention of persons committed in order to secure their attendance as witnesses in criminal cases; detention of persons charged with crime and committed for trial; confinement of persons for contempt, or upon civil process, or by other authority of law; confinement of persons sentenced to imprisonment upon conviction of a crime; or violation of the terms and condition of post release community supervision.

The San Bernardino County Sheriff operates four Type I and four Type II facilities. The Type II Detention Facilities currently have a total maximum inmate capacity of 6,769. West Valley Detention Center, Central Detention Center, High Desert Detention Center and the Glen Helen Rehabilitation Center house both pre-trial inmates and persons sentenced to serve time in a County facility. The Type I Holding Facilities, namely Big Bear, Barstow, Morongo and Colorado River Jails, have a total maximum holding capacity of 198 arrestees.

On April 4, 2011, the Governor of California signed Assembly Bill 109, the Public Safety Realignment Act, which created a significant change to the California correctional system. The law, which became effective on October 1, 2011, transferred responsibility for housing/supervising inmate and parolee populations classified as low-level offenders from the California Department of Corrections and Rehabilitations (CDCR) to counties. AB 109 allows newly sentenced low-level offenders to serve their sentence in a county jail facility rather than the state prison system.

Phase 1 of the High Desert Detention Center opened on February 6, 2014. This completed portion of the expansion project allowed for an additional 222 beds, with a total of 1,392 bed increase upon full operations of the facility.

On April 21, 2015, the California Department of State Hospitals entered into a contract with the department to administer the Jail Based Competency Treatment Program (JBCT) and provide inmates from counties, including San Bernardino, with restoration of competency treatment services similar to those provided in state mental hospitals. The contract provides access to portions of the West Valley Detention Center (WVDC) for up-to 126 patient inmates.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$241.1 million represent the cost to staff and operate the County’s four detention facilities. This includes costs of the food services division that serves approximately 21,000 meals each day, the health services division that is responsible for providing healthcare to over 6,000 inmates, and the transportation detail that transports over 200,000 inmates annually primarily for court appearances. The most significant sources of funding for this budget unit are as follows:

- \$155.8 million of Net County Cost (Discretionary General Funding).
- \$50.3 million of Public Safety Realignment Funding (AB 109).
- \$17.9 million from a contract with the California Department of State Hospitals for the JBCT Program.
- \$8.0 million from the United States Marshals Service for housing federal inmates.
- \$4.8 million from the Inmate Welfare Fund budget unit.
- \$3.5 million from Department of Behavioral Health for the Comprehensive Mental Health Service Program.
- \$2.8 million reimbursement from the Department’s Local Detention Facility Revenue budget unit.
- \$2.0 million from state funded programs.
- \$1.0 million from charging inmates for electronics monitoring.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$21.4 million primarily due to increases in Staffing Expenses, Operating Expenses and Operating Transfers Out as well as a decrease in Reimbursements. Staffing Expenses are increasing by \$17.7 million due to negotiated salary increases, retirement costs, and the addition of 21 positions to meet the need of increased recreational time, health services and for additional support in the inmate services division. Operating Expenses are increasing by \$2.8 million primarily due to increased medical services contracts, necessary mattress replacement for all detention centers, and an increase in liability insurance and food costs. A net increase of \$377,329 in Operating Transfers Out is due to new one-time capital improvement projects funded by a one-time allocation of AB 109 revenue of \$1.0 million, which is partially offset by the completion of one-time funded capital projects from the prior year.

Sources are increasing by \$12.0 million due to a projected increase in AB 109 base funding which assists in funding additional program costs, a one-time allocation of AB 109 funding to fund detentions-related capital improvement projects, the expansion of the JBCT program, and renegotiated rates with the United States Marshals Service for housing federal inmates. The department's Net County Cost (Discretionary General Funding) allocation is increasing by \$9.4 million to fund additional positions, negotiated salary increases and retirement costs, increases in liability insurance costs and in medical service contracts.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$177.0 million fund 1,472 budgeted positions of which 1,421 (654 safety and 767 professional) are regular positions and 51 are limited term positions. The department is increasing budgeted staffing by 21 positions. Budgeted staffing changes include the following:

Additions:

- 15 Deputy Sheriff – To adequately meet requirements of additional recreational time for inmates and to address the need for increased security in housing units due to prison realignment. Of the 15 positions, 5 are funded with an increase in AB 109 base funding and 10 are funded with Net County Cost (Discretionary General Funding).
- 5 Correctional Nurse II – To address the need for increased health services at the High Desert Detention Center. These positions are funded with an increase in AB 109 base funding.
- 1 Staff Analyst II - To improve program funding and tracking for inmate services division. This position is funded by the Inmate Welfare Fund.

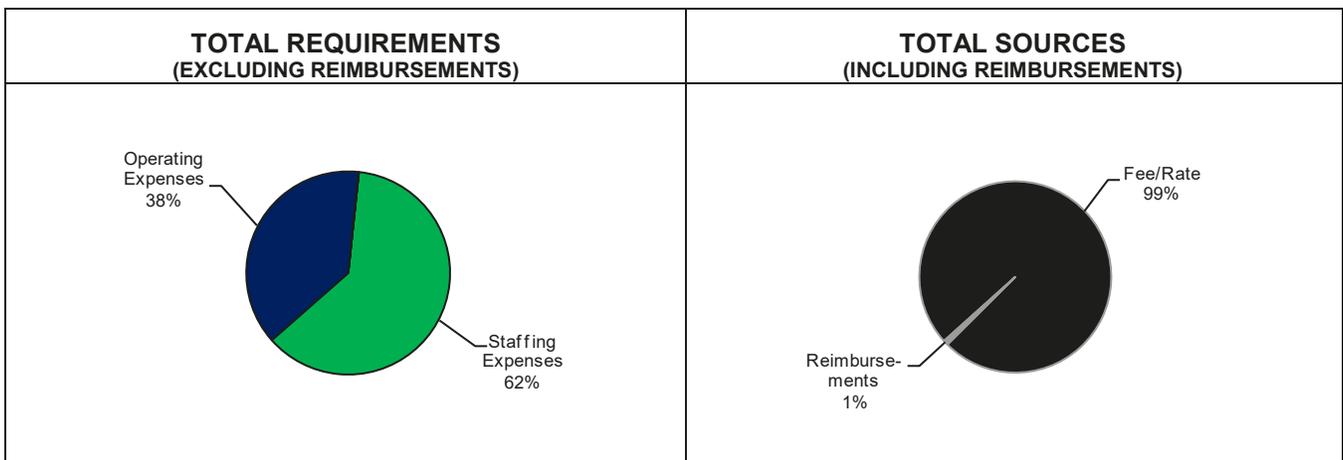

Sheriff – Law Enforcement Contracts

DESCRIPTION OF MAJOR SERVICES

The San Bernardino County Sheriff provides contract law enforcement services to 14 cities/towns (Adelanto, Apple Valley, Big Bear, Chino Hills, Grand Terrace, Hesperia, Highland, Loma Linda, Needles, Rancho Cucamonga, Twentynine Palms, Victorville, Yucaipa, and Yucca Valley) within San Bernardino County and the San Manuel Band of Mission Indians. The Commanders for these stations also act as the city’s Chief of Police, affording the cities an economical way of providing quality law enforcement services to its citizens while maintaining seamless cooperation between cities and County stations. This results in a more effective and efficient broad-based law enforcement environment.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$161.5 million primarily include the following:

- Staffing Expenses of \$100.7 million for 595 budgeted law enforcement and professional staff assigned to stand-alone operations serving as city police departments.
- Operating Expenses of \$62.1 million primarily include \$5.5 million in COWCAP charges, \$6.8 million in Risk Management premiums, \$2.2 million in vehicle fuel and maintenance charges, \$2.0 million in patrol vehicle equipment and radio replacement charges, and \$1.0 million in radio access and maintenance charges. It also includes transfers to the Sheriff/Coroner/Public Administrator general fund budget unit for the following:
 - \$25.7 million for services from County stations for smaller city operations (dual operations)
 - \$7.0 million for dispatch services
 - \$3.0 million for training costs
 - \$679,959 for administrative support
- Reimbursements of \$1.3 million represent a credit to the cities of Chino Hills, Rancho Cucamonga and Yucaipa for delivering law enforcement services to portions of the unincorporated area of the West End and Yucaipa. This allows for a shorter response time to calls for service while still maintaining the quality of service and supervision.

Sources of \$161.5 million represent law enforcement contract revenues from 14 law enforcement contracts and the San Manuel Band of Mission Indians.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$10.1 million primarily due to increases in Staffing Expenses and Operating Expenses. Staffing Expenses are increasing by \$3.8 million due to negotiated salary increases, and increases to retirement costs. Operating Expenses are increasing by \$6.5 million due to an increase in liability insurance, and transfers to the Sheriff/Coroner/Public Administrator general fund budget unit for an increase in service hours and dispatcher services for dual operations stations.

Sources are increasing by \$10.1 million to reflect additional revenue from law enforcement contracts to cover the increased cost of services provided.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$100.7 million fund 595 budgeted regular positions.

Staffing changes include the following:

Additions

- 1 Deputy Sheriff in the City of Victorville as approved by the Board of Supervisors on December 19, 2017 (Item No. 65) for additional law enforcement services.
- 1 Deputy Sheriff in the City of Highland as approved by the Board of Supervisors on February 13, 2018 (Item No. 66) for additional law enforcement services.

The following positions represent a technical correction and need to be reflected as deletions, and added to the Sheriff/Coroner/Public Administrator’s general fund budget unit to correct staffing counts:

Deletions

- 1 Sheriff’s Detective/Corporal which was added to the Town of Yucca Valley contract as approved by the Board of Supervisors on December 5, 2017 (Item No. 70) is being transferred.
- 1 Sheriff’s Service Specialist which was deleted from the City of Yucaipa contract and added to the City of Adelanto contract as approved by the Board of Supervisors on June 27, 2017 (Item No. 52) is being transferred.

Special Revenue Funds - Consolidated

DESCRIPTION OF MAJOR SERVICES

The Inland Regional Narcotics Enforcement Team (IRNET) is a joint project among city, county, state and federal agencies in the Inland Empire aimed at combating major narcotics and money laundering operations. **IRNET Federal** accounts for IRNET's share of federal asset forfeitures. **IRNET State** accounts for IRNET's share of state asset forfeitures and was established to comply with federal guidelines requiring state forfeiture funds to be kept separate from federal forfeiture funds.

Budget at a Glance

Federal Seized Assets (DOJ) accounts for asset forfeitures from federal cases filed with the U.S. Department of Justice (DOJ) through its asset forfeiture program and **Federal Seized Assets (Treasury)** accounts for asset forfeitures from cases filed with the U.S. Department of Treasury. Receipts from this program are required to be maintained in separate funds and must not replace existing funds that would be made available to the Sheriff/Coroner/Public Administrator in the absence of forfeiture funds.

State Seized Assets accounts for asset forfeiture proceeds from cases filed and adjudicated under state asset seizure statutes. The California Health and Safety Code 11489 (b)(2)(A)(i) requires these funds be maintained in a special revenue fund. Fifteen percent (15%) of all forfeitures received after January 1994 are set aside for drug education and gang intervention programs. The 15% allocated to drug education programs is used to fund the Sheriff/Coroner/Public Administrator's Drug Use is Life Abuse (DUILA) program, Crime-Free Multi-Housing, Law Enforcement Internship and Operation Clean Sweep Programs. Funds are also used for maintenance of seized properties. Services for the drug education program are provided by staff whom are budgeted in the Sheriff/Coroner/Public Administrator's general fund budget unit and reimbursed by this budget unit.

San Bernardino County Auto Theft Task Force (SANCATT), established by the Board of Supervisors in 1995, deters, investigates and prosecutes vehicle theft organizations. In addition, the task force provides statistical and financial reports to the State Controller and California Highway Patrol as required by AB767. This budget unit accounts for vehicle registration assessments, per Vehicle Code (VC) 9250.14, and is expended exclusively to fund programs that enhance law enforcement efforts to deter and investigate vehicle theft crimes. Expenditures for SANCATT personnel are transferred to the Sheriff/Coroner/Public Administrator's general fund budget unit, while incoming funds offset Operating Expenses for qualified expenditures by participating agencies.

CAL-ID Program funding is used for the operating expenses of the Local Automated Fingerprint Identification System (AFIS) and reimburses general fund expenditures for salaries and benefits. The budget unit is funded from joint trust contributions by all local contracting municipal agencies and vehicle registration fees per Vehicle Code (VC) 9520.19. Staffing costs for positions assigned to the CAL-ID program are transferred to the Sheriff/Coroner/Public Administrator's general fund budget unit.

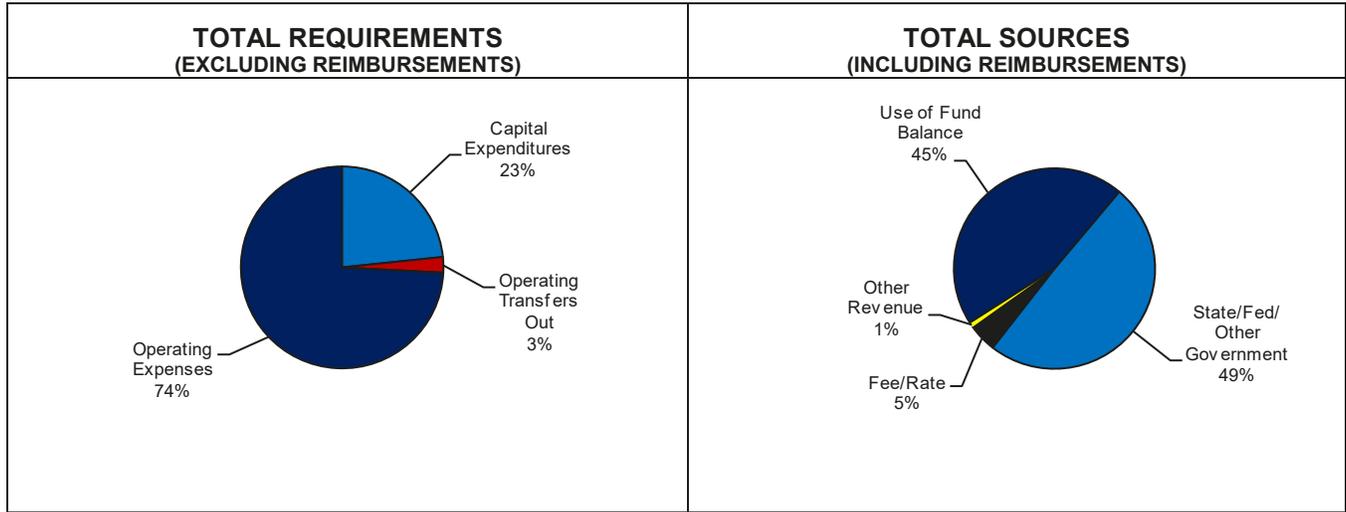

Court Services Auto accounts for processing court fees collected under AB1109, which are used to supplement the County's cost for vehicle fleet replacement in addition to equipment, maintenance, and civil process operations associated with court services.

Court Services Tech accounts for processing court fees collected under AB709, which are used for automated equipment necessary to operate court services.

In accordance with state legislation (AB1805) enacted on July 1, 2007, **Local Detention Facility Revenue** accounts for an allocation of funds from the state replacing booking fees previously charged by the County to cities and local entities, as permitted by Government Code Section 29550. Funds are required to be used with the intended purpose of operating, renovating, remodeling, or constructing local detention facilities.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

IRNET Federal: Requirements of \$29,524 consist of Operating Expenses which support law enforcement operations and investigations, training and education, transfers and contributions to other agencies for their participation in asset seizures, and overtime for personnel involved in law enforcement operations. Sources of \$10,500 include projected interest earnings on the current Fund Balance. To comply with federal guidelines, the department does not budget anticipated revenues in this budget unit.

Fund Balance will be used for COWCAP charges and application development enhancements. The Guide to Equitable Sharing for State and Local Law Enforcement Agencies permits the expenses noted above.

IRNET State: Requirements of \$2.0 million are comprised of Operating Expenses for various one-time law enforcement operations and ongoing drug and gang programs. Sources of \$1.0 million include anticipated state asset forfeiture funds and projected interest earnings. Use of Fund Balance of \$936,745 is for one-time Operating Expenses. State forfeited funds are distributed to the local law enforcement agency that participated in the seizure.

Federal Seized Assets (DOJ): Requirements of \$5.9 million include \$2.3 million in Operating Expenses to support law enforcement operations and investigations and Capital Expenditures of \$3.6 million in one-time vehicles, equipment and software purchases. Sources of \$43,000 include projected interest earnings on the current Fund Balance. To comply with federal guidelines, the department does not budget anticipated revenues in this budget unit.

Fund Balance will be used for law enforcement operations and investigations as well as for training and education purposes. In addition, the Fund Balance will be used for law enforcement equipment and overtime for personnel involved in law enforcement operations. These expenses can be reduced as needed dependent on the amount of Fund Balance available. The Guide to Equitable Sharing for State and Local Law Enforcement Agencies permits the expenses noted above.

Federal Seized Assets (Treasury): Requirements of \$613,115 support law enforcement operations. Sources of \$1,200 represent projected interest earnings. To comply with federal guidelines, the department does not budget anticipated revenues in this budget unit.

Fund Balance will be used for law enforcement operations and investigations along with training and education, all of which can be reduced as needed dependent on the amount of Fund Balance available. Treasury Guide and Equitable Sharing for Foreign Countries and Federal, State and Local Law Enforcement Agencies permits the expenditures noted above.

State Seized Assets: Requirements of \$825,309 support continuous law enforcement investigation activity. Of this total, \$61,000 of Operating Expenses provide for a transfer to the Sheriff/Coroner/Public Administrator's general fund budget unit for public safety educator overtime and salaries. Sources of \$509,500 include \$425,000 in anticipated state asset seizures, \$9,500 in projected interest earnings and a transfer of \$75,000 from the Evidence and Cash Trust Fund. Fund Balance of \$315,809 will be used for one-time capital improvement projects.

State forfeited funds are distributed to the local law enforcement agency that participated in the seizure. Fifteen percent (15%) of these funds will be deposited in a special fund maintained by the seizing agency to fund programs designed to combat drug abuse and reduce gang activity.

San Bernardino County Auto Theft Task Force (SANCATT): Requirements of \$2.8 million include contributions to non-county participating task force agencies and a transfer to the Sheriff/Coroner/Public Administrator's general fund budget unit to support the cost of 4 positions. Requirements are partially offset by Reimbursements of \$68,200 from the District Attorney's office for the cost of one of these positions. Sources of \$1.8 million primarily represent vehicle registration fees and projected interest earnings. Fund Balance of \$968,929 is being used to support costs associated with the operations of SANCATT as permitted by Vehicle Code Section 9240.14.

CAL-ID Program: Requirements of \$4.8 million includes \$4.7 million in Operating Expenses, which supports communications, travel and training, and Transfers to the Sheriff/Coroner/Public Administrator's general fund budget unit for staffing costs of 36 personnel assigned to this program. Capital Expenditures of \$146,000 include one-time equipment and vehicle purchases. Sources of \$4.7 million are from the CAL-ID Program trust fund and directly offset all claimable costs. Fund Balance of \$70,000 is being used to support costs associated with the operations of the CAL-ID Program as permitted by Vehicle Code Section 9240.19.

Court Services Auto: Requirements of \$604,500 million include \$600,000 in Capital Expenditures to replace vehicles and \$4,500 in Operating Expenses for maintenance and COWCAP charges. Sources of \$604,500 reflect the department's share of anticipated court fines and projected interest earnings.

Per Government Code Section 26746, Fund Balance shall be expended to supplement the County's cost for vehicle fleet replacement and equipment, maintenance, and civil process operations.

Court Services Tech: Requirements of \$1.5 million include \$669,634 in Operating Expenses and \$796,802 in Capital Expenditures to fund one-time purchases of computer equipment for the Civil Case Management System (CCMS). Each time the Sheriff's Civil Services Division serves various court writs, the Sheriff's Civil Services Division receives a portion of the fee. Sources of \$412,300 primarily represent the department's share of anticipated court fines. Use of Fund Balance of \$1.1 million may be used to further enhance the CCMS.

Per Government Code Section 26731, Fund Balance shall be expended to supplement the County's cost for the implementation, maintenance, and purchase of auxiliary equipment and furnishings for automated systems or other non-automated operational equipment and furnishings deemed necessary.

Local Detention Facility Revenue: Requirements of \$2.8 million represent Transfers to the Sheriff – Detentions budget unit for expenditures related to the operation, renovation, remodeling, or construction of local detention facilities. Sources of \$2.8 million represent the booking fee allocation anticipated from the state in addition to projected interest earnings.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$3.2 million, resulting primarily from the following:

- IRNET Federal Requirements are decreasing by \$1.9 million due to the department only being able to budget revenue once funds have been received by per equitable sharing/federal guidelines.
- Federal Seized Assets (DOJ) Requirements are decreasing by \$1.9 million due to the department only being able to budget revenue once funds have been received by per equitable sharing/federal guidelines, which results in the reduction of Reimbursements.
- SANCATT Program requirements are increasing by \$245,750 due to negotiated salary increases.
- CAL-ID Program requirements are increasing by \$127,132 due to negotiated salary increases.

Sources are increasing by \$1.1 million due to participation in CAL-ID, and increased participation in IRNET State Asset Forfeiture. To comply with equitable sharing/federal guidelines, the department can only budget revenue for IRNET Federal and Federal Seized Assets (DOJ) once funds have been received. It is likely the department will return to the Board of Supervisors in a future quarterly budget report as forfeiture revenue is received throughout the fiscal year.

ANALYSIS OF FUND BALANCE

Historically, the department has used Fund Balance for one-time law enforcement expenditures. Such one-time expenditures have included various detention facility and training academy improvements and the purchase of law enforcement equipment and vehicles.

Various laws and program guidelines governing the special revenue funds require the use of the Fund Balance to supplement law enforcement operations as well as to purchase various law enforcement vehicles and equipment. Additionally, the department uses Fund Balance for overtime salaries of officers involved in law enforcement investigations as permitted by federal asset forfeiture program guidelines.

A significant portion of Fund Balance for IRNET Federal is estimated to be used in 2017-18 for combating narcotics organizations. The decrease in Fund Balance is due to changes in the federal distribution process which caused a temporary delay in the receipt of revenues and has since been resolved.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with these budget units.

The Community Services Group includes the following six departments: Agriculture/Weights and Measures, Airports, County Library, County Museum, Regional Parks, and Registrar of Voters. The departments include General Fund budget units, special revenue fund budget units, and enterprise fund budget units. The various budget units fund operations, programs, and Capital Improvement Projects.

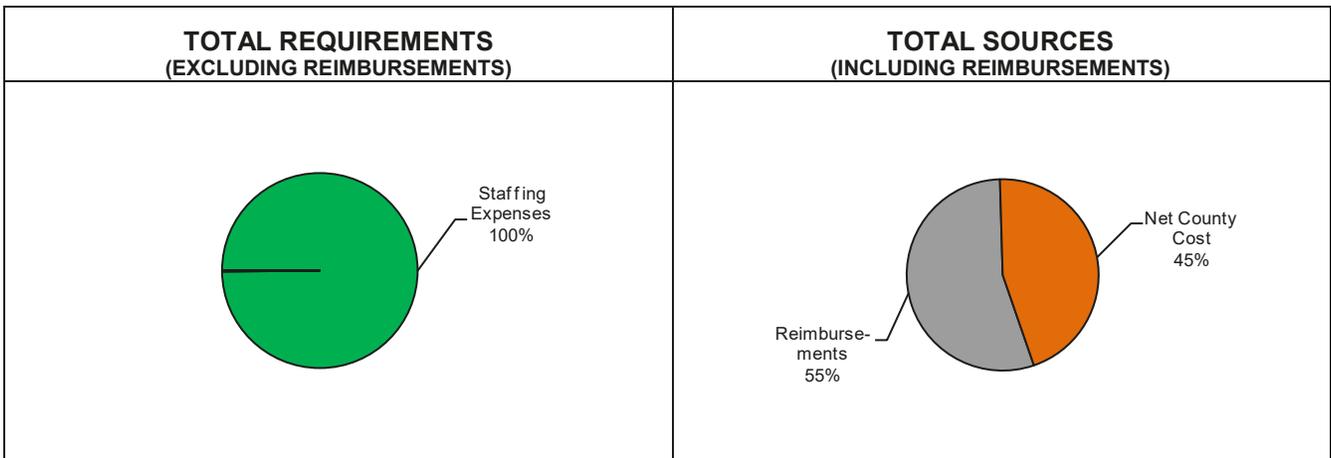

Community Services Group Administration

DESCRIPTION OF MAJOR SERVICES

The Community Services Group (CSG) is comprised of the following six departments: Agriculture/Weights and Measures, Airports, County Library, County Museum, Regional Parks, and Registrar of Voters. Agriculture/Weights and Measures protect the welfare of the public by ensuring residents and businesses comply with state and local agricultural and consumer protection laws. The Department of Airports operates six airports throughout the County in compliance with state and federal regulations. The County Library operates 32 branch libraries and offers millions of print and electronic resources. The County Museum is an accredited regional museum focusing on anthropology, history, earth sciences, integrated sciences, and visitor engagement at two museum locations and five historic sites. Regional Parks operates nine sites with a variety of recreational resources available to the public. Registrar of Voters is responsible for conducting impartial elections in accordance with state and federal election codes. These community services positively impact the lives of County residents by monitoring resources, increasing personal and commercial transportation opportunities, inspiring people to learn and read, providing recreational and leisure opportunities, and facilitating the democratic process to vote.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$657,017 fund 4 positions that provide administrative support services to all six departments within CSG. Operating Expenses of \$1,200 primarily represent travel mileage reimbursement for staff. Reimbursements of \$360,829 from CSG departments fund staffing expenses for finance, communications, and payroll related services. Net County Cost of \$297,388 primarily funds the Deputy Executive Officer.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$16,835 primarily due to negotiated salary increases and increased retirement expenses. Operating Expenses are decreasing by \$63,800 reflecting the transfer of the cost for the University of California, Cooperative Extension (UCCE) Program to the County Administrative Office budget.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$657,017 fund 4 regular positions. A Community Services Communications Officer position is added to assist in the coordination of communication to the public about the Community Services Group related initiatives and inquiries through digital and print media. This new position is funded by reimbursements from CSG departments. A Staff Analyst I position is reclassified to a Community Services Analyst due to a change in workload requiring higher level coordination efforts within the Community Services Group.

AGRICULTURE/WEIGHTS AND MEASURES

2017-18 MAJOR ACCOMPLISHMENTS

- Performed 1,950 site visits to the US Post Office Distribution Center, parcel shipping terminals and other locations, inspected over 11,100 plant and quarantine shipments, rejected 81 shipments for various violations and intercepted 17 foreign pest species.
- Visited over 7,600 businesses that require inspections and issued over 1,850 Notices of Violation.
- Verified the accuracy of over 21,850 devices including all commercially used scales, motor fuel dispensers, LPG meters, taximeters, ambulance odometers and sub-metered electric, gas and water meters.
- Checked the price accuracy on over 27,800 items in an effort to achieve an overall price overcharge error rate of less than 2%. The measured error rate achieved was 0.8%.
- Inspected over 97,450 packaged items for accurate weight or measure of the net contents and rejected over 40,900 packages, or almost 42% of the items inspected.
- Serviced over 144,000 insect exotic insect traps at an average of 12,000 traps per month under state grant (contract) agreements in an effort to detect unwanted foreign pests.
- Inspected over 1,350 individuals and companies for compliance with pesticide laws and regulations, including 128 headquarters safety inspections at pesticide company locations.

Agriculture/Weights and Measures

DESCRIPTION OF MAJOR SERVICES

The Department of Agriculture/Weights and Measures protects the environment, public health, worker safety and the welfare of the public by helping residents and businesses comply with state and local agricultural and consumer protection laws. The department enforces plant quarantines, detects and eradicates unwanted foreign pests, regulates pesticide use, verifies pricing accuracy of goods, and regulates all business transactions based on units of measures such as weight or volume. Additional duties include inspecting eggs, produce and nursery stock, certifying plant shipments for export, controlling vegetation along state and County right-of-ways and flood control channels, and other miscellaneous services provided to businesses and the general public. The department has a canine inspection team that is utilized with great success to detect plant materials from within unmarked agricultural parcels found at package shipping terminals and the US Post Office. The department works closely with the California Department of Food and Agriculture (CDFA) and has multiple grants (revenue contract agreements) with CDFA that provide funding for related state mandated programs.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses make up the majority of the \$7.8 million in Requirements within this budget unit. These expenses are necessary in order to provide mandated inspection and enforcement services in the fields of agriculture, weights and measures. Herbicide purchases and vehicle/equipment maintenance charges make up the bulk of the department's Operating Expenses. Sources of \$6.0 million include license and permit fees, funds received via state grants, the County's portion of Unclaimed Gas Tax, and reimbursement for weed control services.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$148,238 primarily due to increases in general office expenses, negotiated salary increases, and the capital purchase of a slip-on calibration unit. Sources are decreasing by \$55,667 primarily due to a small reduction in the amount of weed control services provided.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$5.4 million include 67 budgeted positions of which 65 are regular and 2 are limited term. A new Deputy Agricultural Commissioner/Sealer position will provide additional administrative support for the Consumer Protection division. An employment contract for a Special Projects Coordinator/Trainer position was approved by the Board on October 3, 2017 (Item No. 3) to assist the department with special projects and staff training, and is now being added to the budget to correct an error in the 2017-18 first quarter budget report.

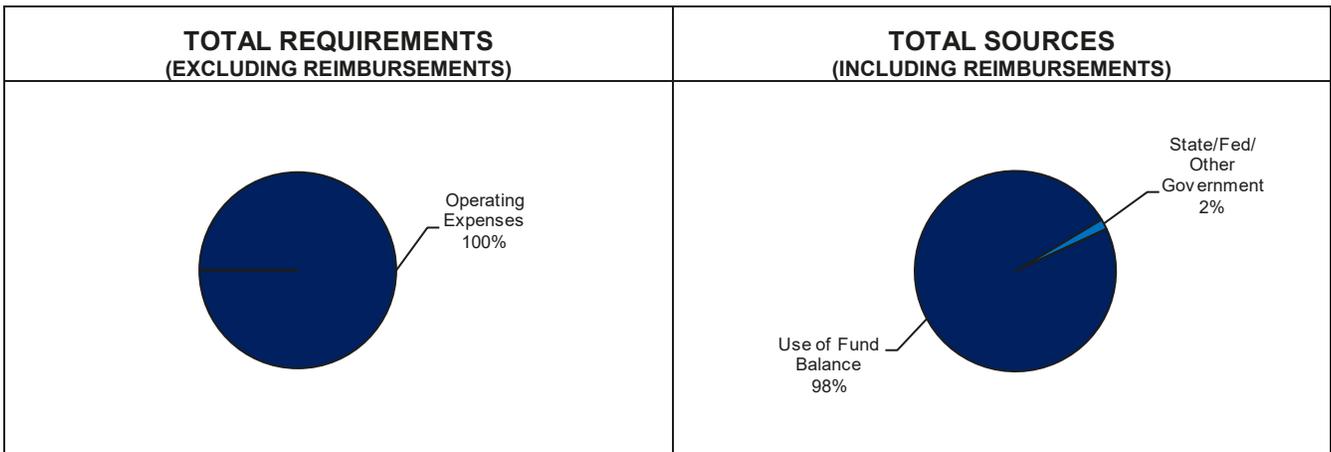

California Grazing

DESCRIPTION OF MAJOR SERVICES

The California Grazing budget unit funds a variety of range improvement projects such as cattle guards, fencing, pipelines, tanks and other water dispensing facilities adopted by the County's Range Improvement Advisory Committee (RIAC). RIAC is comprised of five lessees of federal grazing land and one wildlife representative, and are appointed by the Board of Supervisors. RIAC recommends various grazing improvement projects for funding to the Board of Supervisors. The Bureau of Land Management (BLM), the federal agency responsible for leasing the grazing allotments to the ranchers, reviews the environmental impact of projects. Funding for these projects comes from fees paid to the federal government for grazing rights by ranchers under the provisions of the Federal Taylor Grazing Act of 1934. A portion of the grazing fees is distributed back to the County to finance improvements on federal lands. The County acts in a trustee capacity for these funds.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Operating Expenses of \$147,865 provide for a variety of grazing/range improvement projects on federal lands, and these improvement projects are approved by the Board of Supervisors through recommendations from the RIAC. Sources are derived from a portion of fees paid by ranchers directly to the federal government for grazing rights.

BUDGET CHANGES AND OPERATIONAL IMPACT

There are no budget changes or operational impacts from the prior year.

ANALYSIS OF FUND BALANCE

The County acts in a trustee capacity for an ongoing allotment of annual federal grazing fees that are distributed back to the County to finance RIAC approved projects on leased federal lands within the County. The budget reflects the use of a majority of fund balance. However, the amount used in 2018-19 will depend on projects that are approved during the fiscal year.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

Airports

DESCRIPTION OF MAJOR SERVICES

The Department of Airports (Department) provides for the management, development, maintenance and operation of six airports. The Department assures that County airports are maintained and operated in compliance with state and federal regulations. The Department works cooperatively with other airports located within the County regarding state and federal aviation programs, issues and requirements. The Department participates and provides input to aviation industry support organizations, as necessary, to develop local, state and national aviation policy.

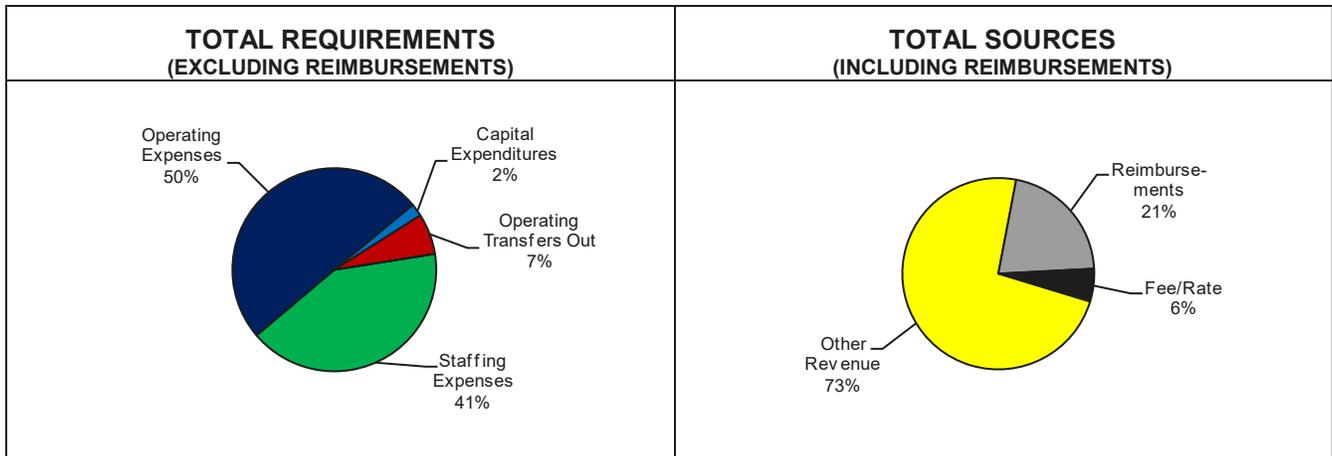

Budget at a Glance

Total Sources (Incl. Reimb.)	\$5,954,891
Net County Cost	\$0
Total Staff	22
Funded by Net County Cost	0%

The County's six airports include:

1. Apple Valley Airport, a County Service Area (CSA 60) with a significant sport aviation base;
2. Baker Airport, located adjacent to the Town of Baker and supports Interstate 15 between Barstow and Las Vegas;
3. Barstow-Daggett Airport, which features significant military activity and the Fort Irwin Helicopter Maintenance Base, both of which support the Fort Irwin National Training Center;
4. Chino Airport, a Federal Aviation Administration (FAA) designated general aviation reliever to John Wayne Airport and one of the largest general aviation airports in the country with approximately 650 based aircraft;
5. Needles Airport, a critical transportation link along the Colorado River;
6. Twentynine Palms Airport, a center for soaring activity serving the surrounding community, including the United States Marine Corps Air-Ground Combat Center.

The County's airports produce revenue to operate and maintain the airport system. Revenues are generated from facility rents, concession and user fees, and, in the case of Apple Valley Airport, property taxes dedicated to the support of CSA 60. State and federal grants are significant sources for funds to construct, improve and maintain airport infrastructure.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$2.5 million fund 22 positions that provide support for six County-operated airports. Operating Expenses of \$3.0 million include countywide Services (including COWCAP), insurance, utilities, other professional services, and general maintenance. Reimbursements of \$1.3 million are primarily for staffing costs and services/supplies expenses that are incurred by the Airports General Fund budget unit for personnel that are assigned to support the Apple Valley Airport. Sources of \$4.7 million primarily represent rents and concession receipts at the airports.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$1.2 million primarily due to the following:

- Increased Staffing Expenses of \$293,058 due to negotiated salary increases, retirement cost increases and a forecasted increase in leave cash outs due to anticipated retirements this fiscal year.
- Increase in Operating Expenses of \$616,080 for maintenance that was previously deferred because of a bond obligation for the Commercial Hangars Complex at Chino Airport which has been fulfilled.
- Increase in Operating Transfers Out of \$122,695 as a result of excess earnings being transferred to the Airports Capital Improvement Program budget unit to be used to fund future capital projects.

Sources are increasing by \$1.2 million due to an increase in Revenue from Use of Property as a result of forecasting rent and concessions revenue at 98% instead of 95% earning capacity, and as a result of closing the Chino Airport Commercial Hangars special revenue fund at the end of fiscal year 2017-18 and moving all associated revenue into the Airports General Fund budget unit.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$2.5 million fund 22 budgeted regular positions including the Airport Manager position for Chino Airport which was added mid-year in 2017-18. The Airport Operations Manager position has been reclassified to a Maintenance Supervisor position and added to Barstow-Daggett Airport.

Airports – Special Revenue Funds – Consolidated

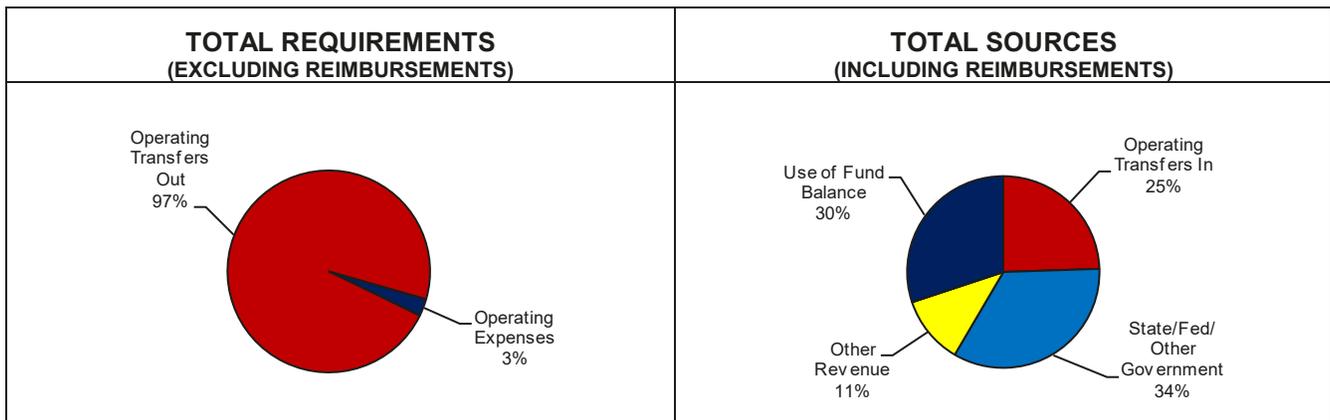

DESCRIPTION OF MAJOR SERVICES

Chino Airport Commercial Hangars complex is managed, maintained, and operated by the Department of Airports. The Commercial Hangars at Chino Airport were constructed in 1987 with proceeds from a 30-year bond issue that matured in 2015-16 and was retired. This special revenue fund will be closed out at the end of fiscal year 2017-18.

Airports Capital Improvement Program is a Capital Improvement Program (CIP) that is managed by the Department of Airports and includes projects for Baker Airport, Barstow-Daggett Airport, Chino Airport, Needles Airport, and Twentynine Palms Airport. Projects funded in this budget unit include utility infrastructure, storm water, fire suppression plans, Airport Master Plans, Airport Layout Plans, construction and rehabilitation for 12 runways and associated taxiways, water systems, airport facilities, annual pavement maintenance, infrastructure and rehabilitation of reverted buildings. The capital projects for Apple Valley Airport (CSA 60) are budgeted in a separate budget unit. All Capital Improvement Projects for all six airports that are administered by the Department, or by Real Estate Services – Project Management Division (PMD) on behalf of the Department, are reported in the CIP section of this budget book. There is no staffing associated with this budget unit.

Chino Airport Commercial Hangars made its final debt service payment in 2015-16. As a result, this fund will be closed during 2017-18.

Airports Capital Improvement Program has \$12.4 million in Requirements primarily for Operating Transfers Out to the Real Estate Services Project Management Division (PMD) for management and construction of various capital projects including Phase II of the Chino Airport Northwest Apron Rehabilitation, Kimball Avenue Storm Water Conveyance, and well installations and testing associated with the Chino Airport Groundwater Remediation Project. More detail about capital projects budgeted for 2018-19 can be found in Exhibit A of the Capital Improvement Program section of this budget book. Sources of \$8.7 million are primarily from anticipated federal grants for various capital projects including the Chino Airport Northwest Apron Rehabilitation, insurance reimbursements for groundwater remediation, and Operating Transfers In due to excess earnings in the Airports General Fund budget unit.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$1.7 million primarily due to an increase in Operating Transfers Out to PMD for capital project costs associated with the construction of wells, testing, and monitoring connected to the Chino Airport Groundwater Remediation Project, and the Kimball Avenue Storm Water Conveyance.

Sources are increasing by \$210,943 primarily due to an increase in Operating Transfers In to fund capital projects.

ANALYSIS OF FUND BALANCE

The budget includes a Use of Fund Balance of \$3.7 million which is for one-time capital projects. Additionally, Available Reserves of \$2.8 million are on hand to fund future expenses.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

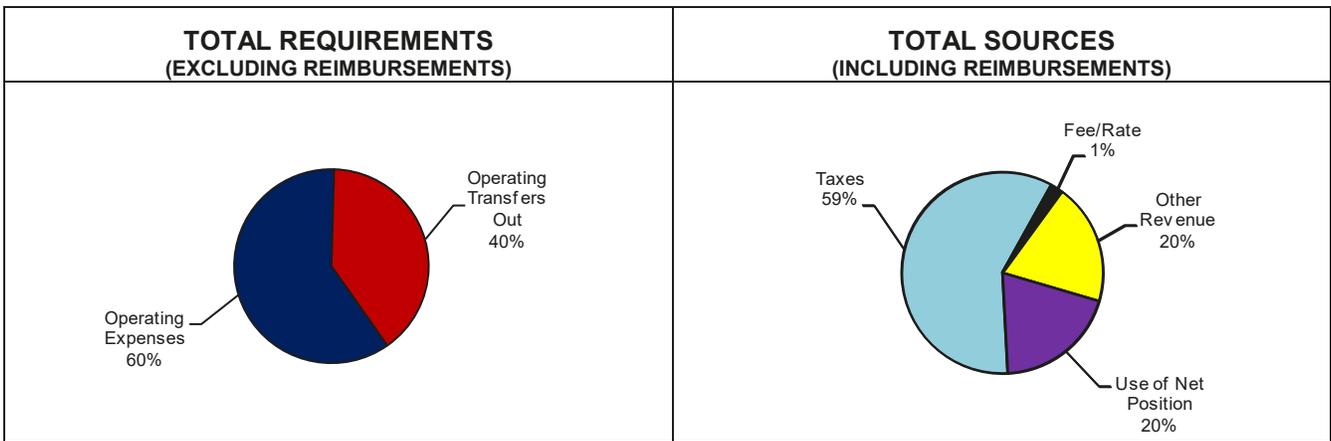

CSA 60 – Apple Valley Airport – Operations

DESCRIPTION OF MAJOR SERVICES

County Service Area 60 (CSA 60) funds the operation, capital projects and maintenance of Apple Valley Airport, which is administered and staffed by the County of San Bernardino Department of Airports. Apple Valley Airport, which was built in 1970, is a public use airport providing general aviation services to the High Desert region. CSA 60 is primarily funded by local property tax and revenue generated from airport leasing activities.

Note: Unlike governmental funds, the 2017-18 Modified Budget and Estimate columns do not include information on Estimated Net Position Available or Total Estimated Unrestricted Net Position because GAAP requires that internal service and enterprise funds include line items such as depreciation, which are not budgeted, in the Net Position calculation.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$3.6 million include \$2.2 million in Operating Expenses for transfers and services and supplies related to the operation of the Apple Valley Airport. In addition, Requirements also include Operating Transfers Out of \$1.5 million to the CSA 60 – Apple Valley Airport – Capital Improvement Program budget unit to fund capital projects.

Sources of \$2.9 million consist of tax revenue receipts and Other Revenue for leasing activity.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$266,006 due to additional costs for performers and event organization for the Apple Valley Airshow, for the replacement of signage throughout the airport, and an increase in the Operating Transfers Out to the CSA 60 – Apple Valley Airport – Capital Improvement Program budget unit. Sources are increasing by \$169,998 due to a forecasted increase in tax revenue and leasing activity.

ANALYSIS OF NET POSITION

Net Position is decreasing by \$714,720 primarily due to an increase in Operating Expenses for an airshow, signage replacement, and one-time transfers to the CSA 60 – Apple Valley Airport Capital Improvement Program budget unit. Estimated Net Position Available of \$11.2 million is remaining for future capital improvement projects and other one-time airport expenses when they arise.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit. However, this budget unit reimburses the Airports General Fund budget unit for staffing costs incurred in connection with service to the Apple Valley Airport.

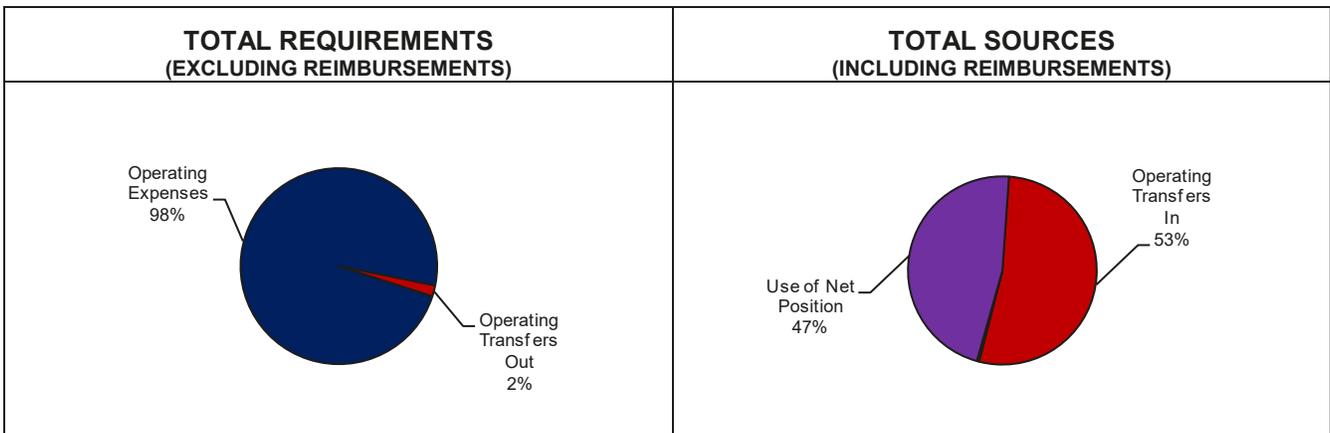

CSA 60 – Apple Valley Airport – Capital Improvement Program

DESCRIPTION OF MAJOR SERVICES

County Service Area 60 (CSA 60), through the Department of Airports, manages the Capital Improvement Program (CIP) for Apple Valley Airport. Projects include utility, storm water, fire suppression plans, Airport Master Plan and construction/rehabilitation of numerous runways, taxiways, and airport facilities. Projects are funded with proceeds from CSA 60 – Apple Valley Airport Operations budget unit and when available, Federal Aviation Administration (FAA) and Cal Trans Aeronautics grants.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$2.7 million consist primarily of fixed asset transfers to Real Estate Services – Project Management Division (PMD) for the management and construction of capital projects at Apple Valley Airport. More detail about projects budgeted for 2018-19 can be found in Exhibit A of the Capital Improvement Program section of this budget book.

Sources of \$1.5 million consist of Operating Transfers In from the CSA 60 – Apple Valley Airport – Operations budget unit that fund capital projects.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$471,898 primarily due to less spending anticipated for the management and construction of capital projects at Apple Valley Airport in 2018-19. In addition, Capital Expenditures are decreasing by \$250,000 because \$50,000 for a Comprehensive Land Use Plan (CLUP) is now budgeted as Operating Transfers Out and \$200,000 for a Fog, Seal and Striping project is now budgeted as Operating Expenses.

Sources are increasing by \$61,924 due to an increase of Operating Transfers In from CSA 60 – Apple Valley Airport – Operations budget unit to fund capital projects.

ANALYSIS OF NET POSITION

The budget includes the Use of Net Position of \$1.3 million which is for one-time capital projects. Funds are transferred from the CSA 60 – Apple Valley Airport – Operations budget unit when projects require funding.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

County Library

DESCRIPTION OF MAJOR SERVICES

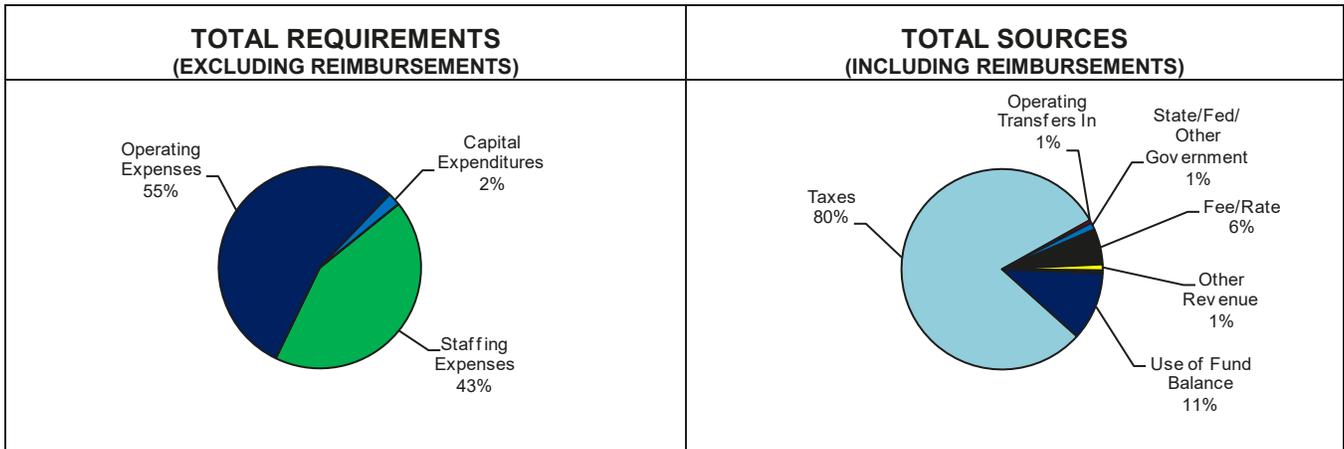

The San Bernardino County Library (Library) provides public library services through a network of thirty two branches in the unincorporated areas and seventeen cities within the County. The Library provides free access to information through its materials collection and offers almost 1,000 public accessible computers for internet, productivity use and browsing the library's online catalog.

These public computers also provide access to a number of online databases and other electronic resources. Electronic access to the Library's collection of materials is available through the Internet and daily delivery services provide for materials to be shared among the various branches. The Library's online catalog provides access to over 1 million items. In addition, the Library's OverDrive, Cloud Library, Freegal and RB Digital systems allows online access for library patrons, in branch or from home, to thousands of eBooks, audiobooks, magazines, music, and movies through their tablet, eReader, phone or web browser.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$8.6 million fund 317 positions that provide services at 32 library branches and support staff at Library Administration. Operating Expenses of \$11.0 million include general expenses for branch locations such as telecommunication charges for internet access, utilities, landscaping, custodial services, mandated County charges, one-time branch remodel expenses, equipment replacement, library databases, and electronic and physical library materials. Operating Expenses also include the following Library programs at all branches: literacy, new book festival, summer reading program, and various children, teen, and adult programs at all locations. Sources of \$17.7 million primarily represent property tax allocations and library fines and fees collected from patrons.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$402,234 primarily due to negotiated salary increases, retirement cost increases and an adjustment to the 2016-17 budget which transferred salary savings to the operating budget for the purchase of library materials. Sources are increasing by \$1.1 million primarily due to an increase in property tax allocations and an increase in library fines and fees collected.

ANALYSIS OF FUND BALANCE

The department will utilize \$2.2 million of Fund Balance for one-time expenditures to perform several anticipated branch remodels which include new furniture, branch reconfiguration, and new paint and carpet. The department will also continue on its four year replacement cycle for computer equipment to keep staff and public machines up to date to meet today's demands along with networking devices for connectivity. In addition to these expenses, the department will replace existing equipment including two camera systems, two servers, two book drops, two self-checkout units, one set of security gates, and two Ethernet switches. Available Reserves are used to maintain a minimum 20% reserve for unforeseen or one-time expenditures.

*Detailed classification listing available in Appendix D.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$8.6 million fund 317 budgeted positions of which 285 are regular positions and 32 are limited term positions. The library regions have been re-organized under four Regional Managers instead of three to provide additional direct management of day-to-day branch operations to better serve the patrons of the Library system.

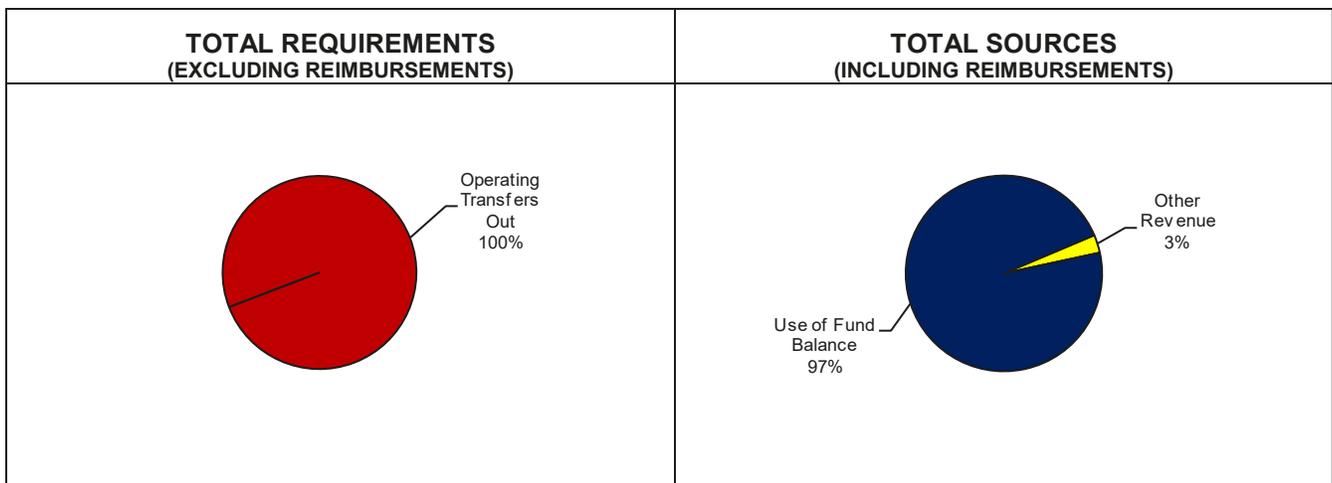

Bloomington Library Reserve

DESCRIPTION OF MAJOR SERVICES

The Bloomington Library was opened in May 2016 as part of the Bloomington Intergenerational Housing Project and provides public library services to the residents of the unincorporated community of Bloomington and surrounding areas. Due to the Bloomington Library being co-located within the housing project, future repairs are to be shared by the Library and the building management company. The Bloomington Library Reserve was established through funds provided by the developer and set aside to be used for future building repairs at the Bloomington Library.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$100,000 represent Operating Transfers Out to the County Library fund for potential building repairs at the Bloomington Library. Sources of \$3,000 come from annual interest earned on cash in the fund.

BUDGET CHANGES AND OPERATIONAL IMPACT

Operating Transfers Out are decreasing by \$127,380 due to a reduced need for future building repairs. Sources are increasing by \$1,500, which represents interest earned on funds deposited.

ANALYSIS OF FUND BALANCE

Fund Balance can only be used to pay for one-time building repairs that may be required at the Bloomington Library. It is likely that Fund Balance will not be used for the next three to four years until a repair is needed on the building. Use of Fund Balance totaling \$97,000 is budgeted in case an emergency repair is needed, in order to minimize the impacts to Bloomington Library patrons.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

County Museum

DESCRIPTION OF MAJOR SERVICES

The County Museum (Museum) is an accredited regional museum in California and provides enhanced “Quality of Life” for County and regional residents. The Museum is comprised of the following focus areas: Anthropology, History, Earth Sciences, Integrated Sciences, and Visitor Engagement. All areas enhance public learning through exhibits and public and educational programming and activities for families, individuals, and school groups at the main Museum facility in Redlands, Victor Valley Museum in Apple Valley, and five historic sites: Agua Mansa Cemetery in Colton, Casa de Rancho Cucamonga (John Rains House) in Rancho Cucamonga, Asistencia Outpost of the Mission San Gabriel in Redlands, Yorba Slaughter Families Adobe in Chino, and Yucaipa Adobe in Yucaipa. The Museum partners with the Yucaipa Historical Society to operate the Mousley Museum in Yucaipa. These programs and activities involve the exhibition, interpretation, and preservation of cultural and natural heritage collections depicting the history, culture and natural science of San Bernardino County.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$1.3 million fund 18 positions that provide program services and oversight for the main Museum facility in Redlands, Victor Valley Museum in Apple Valley, and five historic sites throughout the County. Operating Expenses of \$2.3 million include services and supplies expenses for educational programming, exhibits, insurance, advertising, security services, COWCAP charges, Facilities Management charges, Information Services charges, and rent for the Museum's off-site storage. Sources of \$386,988 are derived from admission fees, education services, facility rentals, and sponsorships from the Museum Association.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$80,221 primarily due to an increase to Staffing Expenses from negotiated salary increases. Sources are increasing by \$19,043 due to small increases in forecasted museum attendance and services provided.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$1.3 million fund 18 budgeted positions of which 15 are regular positions and 3 are limited term positions. Three limited term Contract Site Manager positions will not be needed and are being deleted because the Asistencia and Yorba Slaughter sites are currently closed to the public, and the Yucaipa Adobe is being programmed once a month with tours by existing staff and does not require a site manager.

Museum Store

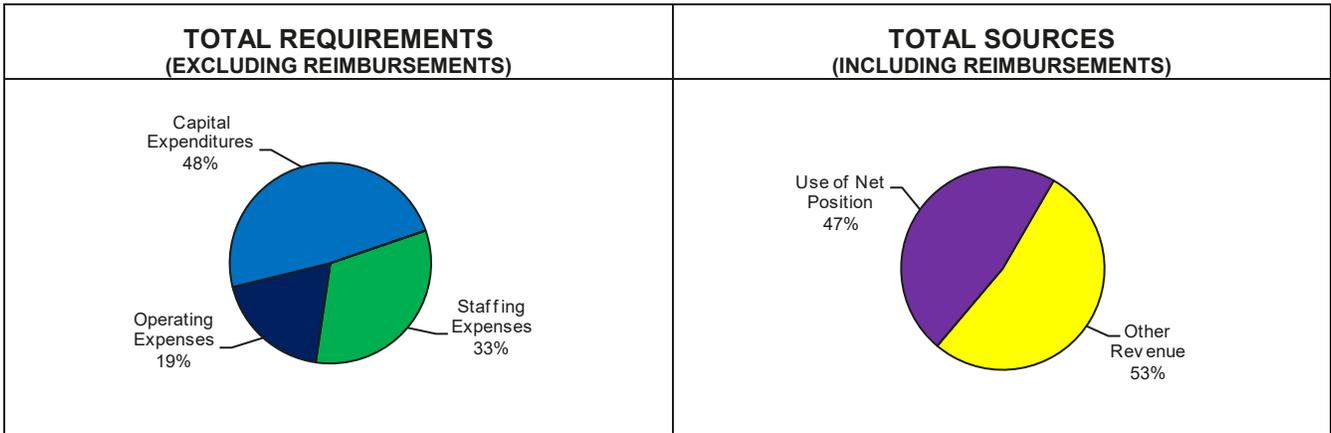

DESCRIPTION OF MAJOR SERVICES

The Museum Store operates as an enterprise fund under the management of the San Bernardino County Museum. The store is considered a critical part of the K-12 visitor experience and provides many museum related items for sale including books and publications, educational toys, thematic novelty items related to exhibitions, jewelry, minerals, and souvenirs.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$57,087 fund two part-time regular positions and two part-time limited term public service employees that operate the Museum Store. Operating Expenses of \$32,992 are for purchases of inventory for resale. Capital Expenditures of \$85,000 are to purchase hardware to replace the current point-of-sale (POS) system that no longer meets the needs of the store, and also for renovations to the store. Sources of \$92,500 are from sales of novelty and souvenir items, books and publications, and funding from the Museum Association in support of one limited term position.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$67,669 primarily due to the purchase of a POS system and renovation of the Museum Store. Sources are increasing by \$15,000 as the result of a forecasted increase in attendance and sales activity.

ANALYSIS OF NET POSITION

Use of Net Position of \$82,579 is for the one-time purchase of a POS system and renovations to the Museum Store.

2017-18 MAJOR ACCOMPLISHMENTS

- Continued Countywide Plan preparation process with completion on track for 2018. Extensive outreach, inter-departmental collaboration, integration of ideas from Community Plan preparation process, and all-new scenario modeling are highlights of this successful initiative.
- Completed 27 draft Community Plans for public review and launched an online survey to collect community input for an additional 22 Fundamental Plans.
- Collaborated in resolution of Molycorp bankruptcy, with mining operations re-starting and over 140 staff hired so far. The County was repaid for all legal costs for its pursuit of legal remedies.

- Implemented the Accela on-line plan review and permit system allowing for electronic plan submittal and on-line permit processing. Applicants can electronically apply for permits, submit plans, view permit status, request building inspections, and receive inspection results.
- Completed Renewable Energy and Conservation Element of the General Plan, which was approved unanimously by the Board of Supervisors, with direction for revision of subsection 4.10.
- Updated fee schedule to better identify and capture the full cost of services, and to provide clarity and increase efficiency of the permit process.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$3.4 million fund 41 budgeted positions, of which 38 are regular positions and 3 are limited term. Operating Expenses of \$3.6 million include \$1.8 million for applications development and direct labor charges primarily related to the Accela EZ Online Permitting System upgrade and implementation, \$263,000 in licensing fees for the department's electronic document review software, permitting system and Enterprise Agreement, \$1.2 million for labor related to technology maintenance, facilities maintenance charges, data processing charges, legal services and other expenses, and \$435,000 for COWCAP charges. Reimbursements of \$5.8 million are primarily comprised of transfers in from the other Land Use Services budget units for administrative support.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$587,082, primarily due to increased Reimbursements from other Land Use Services divisions for recovery of administrative costs. An increase in Staffing Expenses of \$290,212 is primarily due to negotiated salary increases.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$2.4 million fund 23 budgeted regular positions. Operating Expenses of \$4.2 million are comprised mostly of transfers to Land Use Services - Administration for administrative support, vehicle services charges, COWCAP, and consultants.

Sources of \$5.8 million are primarily related to fees charged for permit and plan reviews.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$873,169 primarily due to negotiated salary increases and an increase in transfers out to Land Use Services - Administration for administrative support.

Sources are increasing by \$727,000 primarily due to a restructuring of the division's permit inspection and plan review fees, and miscellaneous fees.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$3.9 million fund 37 regular positions and 3 limited term positions. Operating Expenses of \$3.0 million include \$179,000 for the demolition of derelict properties, \$175,000 for graffiti abatement contracts, \$400,000 for enforcement of unpermitted truck facilities in Bloomington, \$50,000 for the Short-Term Rental Hotline, and \$96,000 for waste tire enforcement/cleanup. Other major expenditures include \$350,000 in vehicle service charges, \$40,000 for illegal dumping enforcement, \$517,000 which includes COWCAP, facilities charges, data processing charges, legal services and other expenses, and \$558,481 in transfers to Land Use Services - Administration division for administrative support.

Sources of \$1.3 million are primarily related to administrative citations and home rental permits.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$600,066 primarily due to increased enforcement of unpermitted truck facilities in Bloomington and an increase of \$137,396 in transfers to the Fire Hazard Abatement (FHA) division for enforcement assistance at Regional Parks and Flood Control sites and for the Waste Tire Enforcement grant.

Sources are decreasing by \$110,000 primarily due to the decrease in one-time state grant funding.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$3.9 million fund 37 budgeted regular positions and 3 limited term positions. The budget includes the increase of 3 budgeted contract positions. The addition of three Contract Code Enforcement Officer positions is necessary to assist with routine code enforcement activities due to the Waste Tire Amnesty Grant work being performed by existing staff.

Fire Hazard Abatement

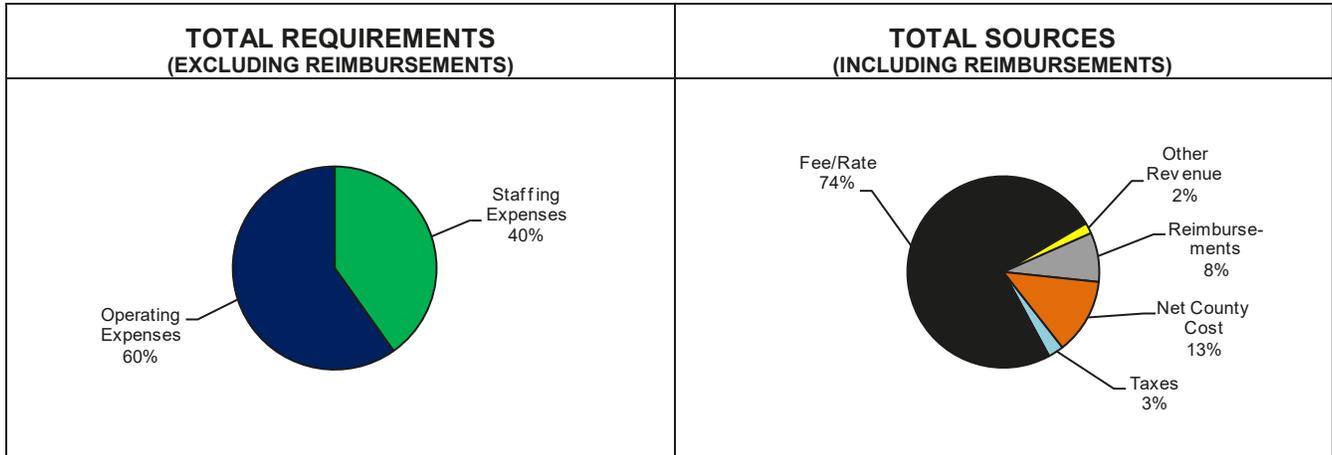

DESCRIPTION OF MAJOR SERVICES

Fire Hazard Abatement enforces the Fire and Hazardous Trees Ordinance in the unincorporated portions of the County and provides contract services to specified cities and fire districts within the County.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$1.2 million fund 17 budgeted positions, of which 15 are regular positions and 2 are limited term. Operating Expenses of \$1.8 million include \$620,000 for contract weed abatement services, \$776,726 for transfers to Land Use Services - Administration and Code Enforcement budget units for administrative and field work support, \$110,000 for vehicle service charges, and \$290,845 for general operating expenses. These expenses are necessary to identify and mitigate fire hazard risks throughout the County.

Sources of \$2.4 million are primarily from contracts with cities and fire protection districts (\$306,573), administrative citations (\$280,000), and charges to property owners for abatement services (\$1.0 million).

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$67,729 primarily due to negotiated salary increases. Operating Expenses are increasing by \$274,974 as a result of transfers out to the Code Enforcement division for front counter and call center assistance and to Land Use Services – Administration for administrative support. Reimbursements are increasing by \$250,000 for transfers in from the Code Enforcement division for enforcement assistance at Regional Parks and Flood Control sites and for the Waste Tire Enforcement grant.

Sources are decreasing by \$1,401 primarily due to lower special tax assessment revenues as a result of decreased abatement activity.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$979,936 fund 8 budgeted regular positions. Operating Expenses of \$342,957 include expenses for County Counsel, computer software, and transfers to Land Use Services - Administration budget unit for administrative support. Reimbursements of \$325,000 are comprised mostly of transfers from the Building and Safety and Planning budget units for work performed.

Sources of \$274,650 are primarily from fees for project-related expenses from applicants.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$22,219, primarily due to negotiated salary increases.

Sources are decreasing by \$20,350 due to an anticipated reduction in land development fee based applications.

2017-18 MAJOR ACCOMPLISHMENTS

- Surveyor –
 - Continued the implementation of the electronic map check process to include all map check workflows performed by the County Surveyor. The integration of Accela workflows for Records of Survey and Corner Records has further enhanced the efficiency of the map check process for the submitting land surveyor.
 - Continued refinement of the Unmanned Aerial Systems (UAS) mapping program has brought increased efficiency, cost savings and improved project data to Flood Control, Solid Waste, and Transportation division projects.
 - Continued to provide support for Public Works GIS projects, including enhancements of the Public Works Storm Patrol Interface.
 - Continued work on preservation of survey monumentation for all Transportation and Flood Control projects administered.

- Solid Waste –
 - Completed 5-Year Permit Review Report for the County Integrated Waste Management Plan.
 - Amended Joint Technical Document for the Victorville Sanitary Landfill for the use of Mid-Fraction Material as Alternative Daily Cover.
 - Completed the construction of the Landers Scalehouse and ADA compliant parking area.
 - Obtained Santa Ana Regional Water Quality Control Board approval of the Mid Valley Sanitary Landfill Unit 4 Phase 1 composite liner plan.
 - Completed the installation of the full-scale corrective action system at the Yucaipa Disposal Site that includes three groundwater monitoring wells and 23 injection wells to remove volatile organic compounds from the groundwater.
 - Enhanced automation on two lanes at the Mid Valley Sanitary Landfill to allow fully autonomous transaction completion of properly equipped trucks in order to increase efficiency and to reduce customer wait times at scales.
 - Installed automation on one lane at the San Timoteo Sanitary Landfill to allow fully autonomous transaction completion of properly equipped trucks in order to increase efficiency and to reduce customer wait times at the scales. This is particularly beneficial during emergency closure events at the Mid Valley Landfill as the San Timoteo Sanitary Landfill is the primary alternate disposal site for Mid Valley.
 - Added one additional community partner to the Beverage Container Recycling Grant program.
 - Provided bins for over 16 community cleanup events.
 - Completed an enterprise-wide version upgrade to the CompuWeigh waste management software application system, which included utilization of Microsoft's .NET framework v4.0 platform, optimization of SQL Server database schemas for improved performance and stability, and centralized configuration and management of outlying landfill/transfer station site CompuWeigh systems.

- Transportation –
 - Received federal authorization to proceed and expend \$5.0 million for the following projects:
 - Design of nine priority bridges on National Trails Highway - \$2.7 million.
 - Reconstruction of various roads in the Morongo Basin - \$1.8 million.
 - Design of Yermo Road over Manix Wash - additional \$411,000.
 - Design of Bridge Preventative Maintenance Plan - additional \$130,000.
 - Received funding awards for the following:
 - Transportation Development Act Article 3 funds to reconstruct bike path in Joshua Tree - \$161,006.
 - SB 1 Active Transportation Program Grant for bike lanes on Sunburst Street in Joshua Tree - \$1.1 million.

- Completed the following projects totaling \$11.0 million:
 - Spring Valley Lake Area Rehabilitation of Various Roads, Phase II - \$1.3 million.
 - Dola and Lanzit Bridge Reconstruction at National Trails Highway - \$4.8 million.
 - Needles Highway Reconstruction, Segment "N" in the City of Needles - \$740,216.
 - Division Drive Reconstruction and Overlay in the Big Bear area - \$1.0 million.
 - Rimrock Road and Other Roads Rubberized Chip Seal in the Barstow area - \$720,125.
 - Reconstruction of Luna Road in the Victorville area - \$2.4 million.
 - Prepared and applied chip seals to 109 miles of roadway at a total cost of \$5.0 million.
 - Applied maintenance overlays to 59 miles of roadway - \$7.3 million.
 - Achieved an overall roadway network Pavement Condition Index (PCI) score of 80 out of 100, indicating that the County's roadway overall quality is classified as Very Good.
 - Received The National Association of Counties (NACo) 2017 Achievement Award for the County's Pavement Preservation and Preventative Maintenance Program.
 - Received the 2017 American Public Works Association Small Projects of the Year Award for the National Trails Highway Management Program.
- Flood Control –
 - Completed the following projects totaling \$24.2 million:
 - Cactus Basin #3 project in the City of Rialto - \$18.4 million.
 - Mojave River Levee Phase II project in the City of Victorville - \$2.7 million.
 - Patton Basin Levee Certification Restoration project in the City of Highland - \$2.0 million.
 - San Sevaine Levee Certification project in the City of Rancho Cucamonga - \$822,223.
 - Little Mountain Channel repair project in the City of San Bernardino - \$89,461.
 - San Sevaine Channel Flood Wall Extension project in the City of Rancho Cucamonga - \$166,190.
 - Executed an agreement with the cities of Loma Linda and Redlands for the construction of Mission Channel Improvements, in the City of Redlands.
 - Received Federal Emergency Management Agency (FEMA) Hazard Mitigation Grant for the Cactus Basin 4 & 5 project of \$3.0 million.
 - Completed the Levee Certifications of Western Avenue Channel, Daley Basin, 29th Street Basin, Mill Creek Levee, and Wilson Creek.
 - Permitted over 200 Flood Control maintenance projects and 10 emergency maintenance projects countywide, including consultation with all regulatory agencies.
 - Received The National Association of Counties (NACo) 2017 Achievement Award for the Flood Warning System Upgrade.
 - Received the American Public Works Association Large Project of the Year 2017 award for the Cactus Basin #3 project.

Surveyor

DESCRIPTION OF MAJOR SERVICES

The function of the County Surveyor is to review subdivision maps as prescribed by state law, prepare legal descriptions and maps, perform design and construction surveys for various County departments, assist the public in matters relating to land boundaries, and ensure that sound surveying is used in the preparation of maps and plans for project development within the County. The County Surveyor ensures these maps and plans conform to conditions of approval, local ordinances, standards for development, and state laws. Field crews perform boundary and construction surveys for other County departments and are responsible for perpetuation of controlling survey monuments. The County Surveyor also maintains the integrity of the Countywide Geographic Information Services Parcel Basemap.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$3.3 million primarily include \$2.5 million in Staffing Expenses to fund 22 regular positions, Operating Expenses of \$737,439 and Capital Expenditures of \$42,000. Significant Operating Expenses include vehicle charges, professional services, central services, COWCAP, and transfers to fund administration and fiscal support provided by the Transportation Division and the Flood Control District. Capital Expenditures of \$42,000 will fund the replacement of aging surveying equipment.

Sources of \$2.7 million include fees charged to customers for field surveys, review of subdivision maps, and the preparation of legal descriptions and maps.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$40,214. The most notable changes are an increase in Staffing Expenses of \$22,185 due to negotiated salary increases and retirement costs, an increase in Operating Expenses of \$24,729 primarily due to computer services and supplies, and an increase in Capital Expenditures of \$24,000, offset by a decrease in Operating Transfers Out of \$30,700.

Sources are increasing by \$114,614 primarily due to an increase in anticipated mapping and field survey work.

Net County Cost is decreasing by \$74,400 due to a reduction in one-time Discretionary General Funding received in 2017-18 for Record of Survey review and filing activities.

Survey Monument Preservation

DESCRIPTION OF MAJOR SERVICES

The Survey Monument Preservation budget unit was established to account for expenses related to the retracement of re-monument surveys of historical land division lines, upon which later surveys are based. These include, but are not limited to, surveys of government section lines, rancho section lines and historic subdivision lines. The services related to this budget unit are funded by a \$10 fee charged to the public for filing or recording specific types of grant deeds conveying real property.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Operating Expenses of \$80,000 are for services specifically related to retracement or re-monument surveys. Sources of \$80,000 are from fees charged to the public for filing or recording specific types of grant deeds conveying real property.

BUDGET CHANGES AND OPERATIONAL IMPACT

There are no significant changes to Requirements or Sources. Fund Balance is increasing by \$79,516.

ANALYSIS OF FUND BALANCE

There is no anticipated Use of Fund Balance. The remaining Fund Balance of \$357,854 is being set aside in Available Reserves for future services.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

DPW - Transportation Special Revenue Funds - Consolidated

DESCRIPTION OF MAJOR SERVICES

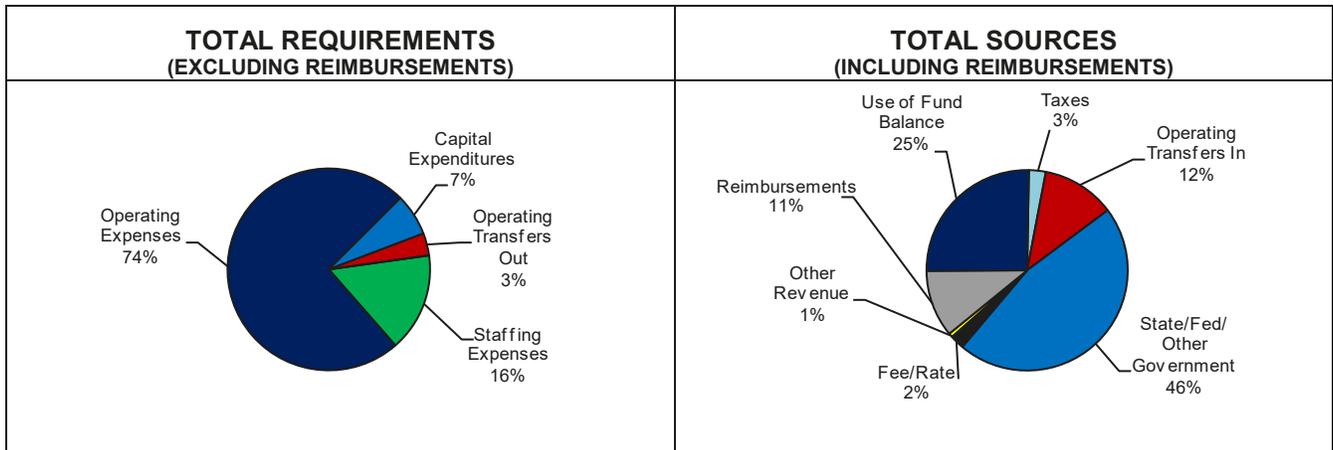

The Transportation division is responsible for the operation, maintenance, and improvement of the County's Maintained Road System (Road System) that currently includes approximately 2,550 miles of roadways. Additional activities include administration, planning, design, construction, environmental management, and traffic operations.

Budget at a Glance	
Total Requirements (Excl. Reimb.)	\$196,491,526
Total Sources (Incl. Reimb.)	\$146,629,721
Use of/ (Contribution to) Fund Balance	\$49,861,805
Total Staff	346

Operations and routine maintenance activities include patching and crack filling of asphalt pavement, grading of 421 miles of unpaved roads, shoulder maintenance, snowplowing of over 500 miles of mountain roads, traffic signal maintenance at 91 intersections, roadside weed abatement in urban areas, traffic sign and pavement striping maintenance, storm repairs and cleanup, maintenance of 380 bridges and thousands of concrete box and metal pipe culverts, as well as maintenance of drainage facilities such as inlets, ditches, dikes, and gutters. Maintenance functions are provided through 12 yard districts with regional facilities located to best service the 20,000 square-mile area of the County.

Road System improvements include roadway resurfacing, reconstruction, and other pavement improvement projects that further the County's goal of maintaining the pavement in good or better condition. Other services include construction of bridges, traffic signals, widening and infrastructure projects, including new roads, freeway interchanges, and railroad grade separations, in addition to seeking and securing other state and federal funding for construction projects.

DETAIL OF 2018-19 RECOMMENDED BUDGET

	2018-19				
	Requirements	Sources	Use of / (Contribution to) Fund Balance	Available Reserves	Staffing
Special Revenue Funds					
Road Operations	145,944,079	114,766,186	31,177,893	24,450,860	346

Total Special Revenue Funds	175,261,416	125,399,611	49,861,805	50,695,173	346

Road Operations has Requirements of \$145.9 million including Staffing Expenses of \$31.0 million to fund 346 positions; \$119.8 million in Operating Expenses primarily include professional services, equipment usage, and material purchases for road construction and maintenance projects, vehicle maintenance, and transfers for labor/equipment usage within all Departments of Public Works divisions, which are offset by Reimbursements of \$21.2 million. Remaining Requirements consist of Capital Expenditures (\$13.2 million), which includes \$6.2 million to purchase land and right-of-way needed for road construction projects and \$7.0 million for replacement of vehicles and heavy equipment needed for daily road operations and maintenance, and Operating Transfers Out (\$3.1 million), which is primarily being transferred to the equipment fund for future equipment replacements, to the Program Management Division for road yard improvement projects, and to reimburse the Road Operations fund

with Ad Hoc fees collected for projects completed. Major road construction projects include: realignment and reconstruction of Needles Highway in the Needles area; multi-year structural improvements to 127 historically significant bridges on National Trails Highway; design and right-of-way activities on Interstate 10 at Cedar Avenue interchange project; design of the Baker Boulevard bridge at the Mojave River and Yermo Road bridge at the Manix wash; construction of Phase III of the trail system on the Santa Ana River; reconstruction of Institution Road in the Verdemon area; construction of culverts on Lone Pine Canyon Road in the Wrightwood area; Glen Helen Parkway bridge replacement over Cajon Wash; and reconstruction of Crafton Avenue in the Mentone area, Park Boulevard in the Joshua Tree area, Cherry Avenue in the Fontana area, 40th Street in the Arrowhead Farms area, and Beech Ave in the Fontana Area.

Sources of \$114.8 million include \$88.2 million in State/Federal/Other Governmental Revenue, which includes Gas Tax (\$43.3 million), SB 1 funding (\$11.6 million), and other governmental revenue (\$33.3 million) for pavement improvement and capital construction projects; and Operating Transfers In of \$23.1 million, which primarily consists of funding for capital projects and Discretionary General Funding for the National Trails Highway, the Rancho Road Widening, and pavement improvement projects. Additional sources of \$3.4 million include revenue from the miscellaneous reimbursements for joint projects, sales of fixed assets for fully depreciated equipment, road permit and inspection fees, and interest earnings.

The use of \$31.2 million of Fund Balance consists of one-time expenditures for carried over projects and one-time expenditures for future equipment purchases to replace aging equipment. Because of the volatility of Gas Tax allocations and other funding sources, ongoing Discretionary General Funding assistance has been necessary to reduce severe impacts to the Road System until additional funding sources are identified.

Measure I has Requirements of \$24.0 million including Operating Expenses of \$22.7 million, which include pavement preservation and improvement projects (\$20.5 million), intersection improvements (\$716,500), bridge replacements (\$1.5 million), and Operating Transfers Out of \$1.2 million to fund right-of-way acquisition. Major pavement preservation projects include: surface seals, mill and overlays in the Morongo Basin, North Desert, San Bernardino Valley and Victor Valley; and reconstruction projects including Etiwanda Avenue and Crafton Avenue in the San Bernardino Valley.

Sources of \$8.5 million include Measure I sales tax (\$5.3 million), interest earnings (\$230,450), Operating Transfer In (\$79,362), and contributions from the Local Government Agencies (\$2.9 million) which primarily includes San Bernardino County Transportation Authority for various reconstruction and bridge projects and transfers in for project reimbursements. Fund balance of \$15.5 million is being used to fund the projects noted above.

Facilities Development Plans has Requirements of \$335,000 including Operating Expenses of \$275,000 for the design of Shadow Mountain Road in the Helendale/Oro Grande Area, and the Rock Springs Road widening and bridge replacement over the Mojave River in the southeast Apple Valley area; and Operating Transfers Out of \$60,000 for right-of-way acquisition for Rock Springs Road. Sources of \$140,672 consist of Highway Bridge Program Funding, development fees and interest earnings. Fund Balance of \$194,328 is being used for the projects noted above.

Regional Development Mitigation Plan has Requirements of \$5.0 million, including Operating Expenses of \$2.4 million primarily for the reconstruction of Alabama at I-10 and Operating Transfers Out of \$2.6 million to fund right of way acquisition for the following projects: San Bernardino Avenue Widening (\$150,000), Cherry Avenue Construction Interchange (\$2.2 million), and the remaining for Slover Avenue and Rancho Road Widening projects. Sources of \$2.0 million consist of development fees and interest earnings. Fund Balance of \$3.0 million is being used for the projects noted above.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$29.8 million. This is due to an increase in Staffing Expenses of \$1.6 million primarily due to negotiated salary increases, retirement costs and the addition of 3 new positions. Requirements are also increasing due to increased Operating Expenses of \$32.8 million resulting from projects carried over from 2017-18 and new projects planned for construction, and an increase in Operating Transfers Out of \$2.7 million to fund the replacement of heavy equipment and right-of-way for capital projects. These increased costs are partially offset by a decrease in Capital Expenditures of \$3.1 million due to a reduction in heavy equipment purchases for planned projects and an increase in Reimbursements of \$4.2 million from Measure I, and the Facilities and Regional Development Plans.

Sources are increasing by \$20.3 million primarily due to an increase in State/Federal/Other Governmental Aid of \$15.9 million for road construction projects. Operating Transfers In are increasing primarily due to an increase of \$2.8 million in Discretionary General Funding for one-time projects and an increase of \$3.5 million to fund right of way acquisition for various construction projects. These increases are offset by a decrease of \$3.0 million in Measure I revenue.

ANALYSIS OF FUND BALANCE

Use of Fund Balance of \$49.9 million is for one-time expenditures of \$47.9 million. This \$47.9 million of Fund Balance was generated from revenues that are dedicated to and reserved for the construction of transportation projects. The additional \$2.0 million is for one-time expenditures for future equipment purchases to replace aging equipment, which are necessary for maintenance activities to keep the Road System investment from deteriorating. Due to the volatility of Gas Tax allocations and other funding sources, ongoing Discretionary General Funding assistance has been necessary to reduce severe impacts to the Road System until additional funding sources are identified. The remaining Available Fund Balance Reserves of \$50.7 million are set aside for future onetime expenditures of capital projects of \$50.1 million and technology systems improvements of \$550,000.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$31.0 million fund 346 budgeted positions of which 292 are regular positions and 54 are limited term positions. This includes a net increase of 3 positions.

A total of 4 regular positions are added to the budget:

- 1 Secretary II for the Design division is needed to support the Deputy Directors for Transportation and Flood Control.
- 1 Office Assistant III for the Operations division is needed for clerical support due to growing workload.
- 1 Engineering Technician III for the Permits division is needed to maintain the workload in order to continue providing the current level of service to customers.
- 1 Public Works Engineer III for the Contracts division is needed to support the current and projected workload of construction projects.

A total of 2 limited term positions are added to the budget as follows:

- 1 Engineering Technician V for the Contracts division is needed to provide on-call support as a Project Senior Inspector on an as needed basis.
- 1 Public Service Employee for the Planning division is needed for ongoing support with engineering activities.

A total of 3 vacant positions (1 regular and 2 limited term) have been deleted from the budget:

- 1 Secretary I is no longer required with the aforementioned addition of the Secretary II.
- 1 Budget Officer is no longer needed; it was temporarily used to provide training and expertise in budget analysis to replacement personnel.
- 1 Transportation Analyst II is no longer needed; it was temporarily used to provide training and expertise in Federal and Grant billing activities to replacement personnel.

Solid Waste Enterprise Funds - Consolidated

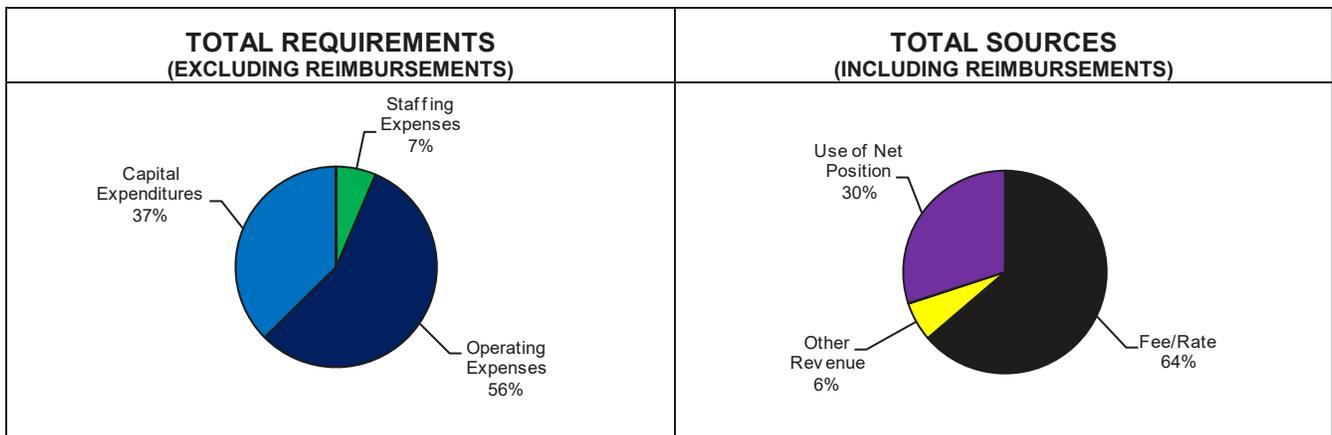

DESCRIPTION OF MAJOR SERVICES

The Solid Waste Management Division (SWMD) provides for the operation and management of the County's solid waste disposal system, which consists of five regional landfills, nine transfer stations, and 34 closed landfills or disposal sites. SWMD also administers the County's solid waste franchise program, which authorizes and regulates trash collection by private haulers in the County unincorporated area, and state mandated waste diversion and recycling programs.

Budget at a Glance	
Total Requirements (Excl. Reimb.)	\$134,172,588
Total Sources (Incl. Reimb.)	\$93,964,604
Use of / (Contribution To) Net Position	\$40,207,984
Total Staff	90

SWMD performs capital improvement projects for site enhancements and expansions; closures of landfills; environmental mitigation and operations, maintenance, and monitoring (OM&M) of landfill environmental control systems. In addition, SWMD operates current programs to help mitigate issues that may arise from operations and management of County owned landfills and transfer stations. These programs are the Household Hazardous Waste Program for unincorporated County communities and the Host Cities Program for six host cities with a County landfill or transfer station within its boundary or sphere of influence.

Note: Unlike governmental funds, the 2017-18 Modified Budget and Estimate columns do not include information on Estimated Net Position Available or Total Estimated Unrestricted Net Position because GAAP requires that internal service and enterprise funds include line items such as depreciation, which are not budgeted, in the Net Position calculation.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$134.0 million for the operation of the County's solid waste disposal system include Staffing Expenses of \$8.6 million that support 90 budgeted positions. Operating Expenses of \$75.4 million consist primarily of \$60.7 million for services and supplies (such as landfill operation contracts, construction management, legal services, and professional services), \$13.6 million for other charges (such as payments to cities hosting landfills, revenue share payments and rebates to cities with Waste Disposal Agreements, and payments to the Board of Equalization), and \$1.1 million in central service payments and administrative transfers to other County departments and divisions within Public Works. Capital Expenditures of \$50.0 million consist primarily of \$49.2 million for improvements to land for expansion projects at Mid-Valley, San Timoteo, and Victorville Landfills, and \$851,589 for equipment, vehicles, land purchases, and construction of a scale house at Heaps Peak Transfer Station. These Requirements are offset by Reimbursements of \$133,000 for shared costs between divisions of Public Works.

Sources of \$93.8 million include funds generated from landfill gate fees, special land use assessments, solid waste franchise fees, royalty agreements, land leases, and interest earned on fund balance. This budget unit will reduce Net Position by \$40.2 million primarily due to an increase in landfill expansion projects.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$36.4 million. Significant changes include an increase in Staffing Expenses of \$332,730 primarily due to negotiated salary and retirement increases. Additionally, there is an increase in Operating Expenses of \$10.3 million primarily due to an increase in professional services in support of expansion plans and payments to Host Cities related to additional tonnage. Lastly, changes in Requirements include an increase in Capital Expenditures of \$25.8 million primarily due to expenses associated with several expansion projects.

Sources are increasing by \$11.3 million. Significant changes include an increase in Fee/Rate of \$10.2 million primarily due to additional in-county waste, changes in accounting methodology for revenue abatements, and COLA increases for waste agreements. Also included is an increase in Other Revenue of \$1.1 million primarily due to increased interest earnings, which resulted from delays in construction projects.

ANALYSIS OF NET POSITION

Unrestricted Net Position is anticipated to decrease by \$40.2 million from an estimated balance of \$34.2 million to an estimated deficit of \$6.0 million. This reduction is due to the planned increase in landfill expansion projects at the Mid-Valley, San Timoteo, and Victorville Landfills and accelerated project timelines.

It is SWMD's intent to use Net Position to fund only capital improvement costs that exceed available operating revenues. Net Position does not fund ongoing operations. SWMD is estimating its Unrestricted Net Position to be in deficit by \$6.0 million at June 30, 2019 due to the inclusion of an estimated \$153.8 million of long-term landfill liabilities for pollution remediation obligations, post-closure maintenance, earned leave and net pension liability. Long-term landfill liabilities exclude future closure construction liabilities of \$59.8 million, which are funded and set aside as Restricted Net Position. These liabilities do not come due within the current year and represent future costs that will be funded with future revenues. While the Unrestricted Net Position is negative due to these long-term obligations, SWMD has sufficient operating funds to support ongoing operations of the system. The 10-year financial forecast projects fully funding the current portion of these liabilities, including ongoing operating expenses. Additionally, SWMD continues to reduce ongoing expenses by (when cost effective) performing design and maintenance activities in-house and continues to seek opportunities for additional tonnage to increase revenue. SWMD hired a consultant to analyze operations and the 10-year financial forecast in an effort to ensure optimal operations of the several landfills and transfer stations, assess new revenue opportunities, and ensure proper reserves are maintained for future projects and operations.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$8.6 million fund 90 budgeted positions of which 89 are regular positions and 1 is a limited term position. This includes a decrease of 1 regular position.

One vacant regular position is deleted as follows:

- Secretary I in the Solid Waste Programs section as this position is no longer necessary.

San Bernardino County Flood Control District - Consolidated

DESCRIPTION OF MAJOR SERVICES

The San Bernardino County Flood Control District (District) was created in 1939 under special state legislation. Since its inception, the District has developed an extensive system of flood control and water conservation facilities, including dams, conservation basins, debris basins, channels and storm drains. The purpose of these facilities is to intercept and convey flood flows through and away from developed areas of the County, as well as to promote water conservation and improved water quality.

Budget at a Glance	
Total Requirements (Excl. Reimb.)	\$137,677,676
Total Sources (Incl. Reimb.)	\$88,932,007
Use of/ (Contribution to) Fund Balance	\$48,745,669
Total Staff	175

The District covers the entire County, including all of the incorporated cities. The District is divided into six geographic flood zones (in recognition of the different characteristics and flood control needs in various areas). Zone 1 encompasses the County's West End, from the Los Angeles and Riverside County lines to West Fontana. Zone 2 encompasses the central area of the San Bernardino Valley, easterly of Zone 1, to approximately the Santa Ana River and City Creek demarcations. Zone 3 covers the East end of San Bernardino Valley, east of Zone 2. Zone 4 covers the Mojave River Valley region, from the San Bernardino Mountains to Silver Lakes. Zone 5 primarily includes the San Bernardino Mountains. Zone 6 encompasses the remainder of the County not covered by other zones. The District has also established a countywide administrative zone (Zone 7).

The District's principal functions are as follows:

Flood Protection on Major Streams: In cooperation with the federal government, and through its own projects, the District conducts programs for channel and levee construction, floodwater retention, and debris basin maintenance. Programs or projects are often done in cooperation with the incorporated cities, the U.S. Army Corps of Engineers, and the U.S. Bureau of Reclamation.

Water Conservation: The District operates and maintains water conservation basins and spreading grounds. Water from local mountains and Northern California is spread and percolated into the groundwater basins underlying the County. The District has numerous joint use agreements with water districts allowing use of District facilities for groundwater recharge.

Storm Drain Construction: The District is active in comprehensive storm drain master planning and construction, and cooperates with incorporated cities and other agencies in storm drain projects.

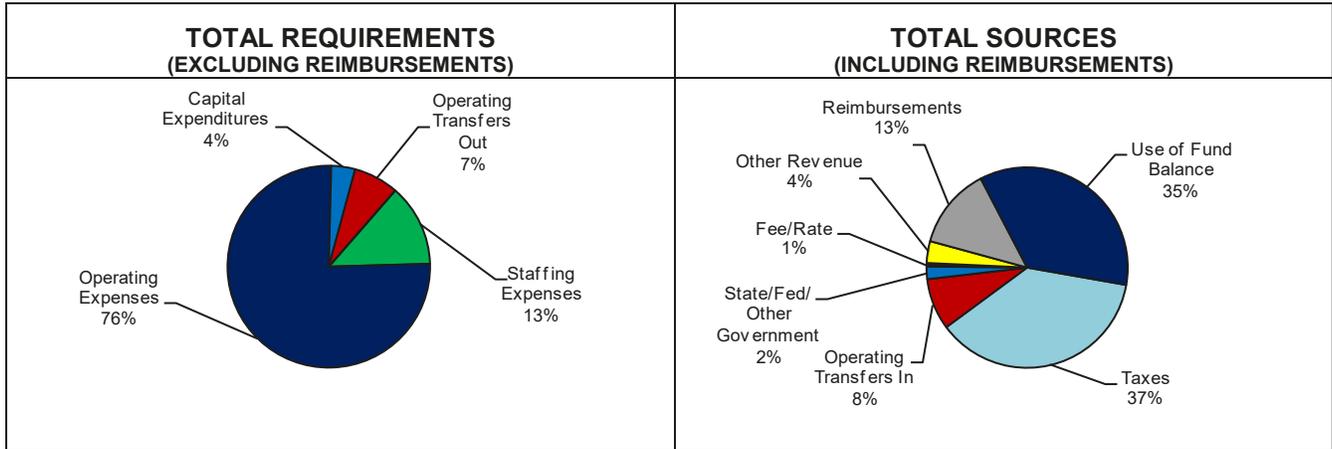

Facility Maintenance: The District has a proactive maintenance program for its facilities. Regular inspections of the storm drains, channels, and basins are made as required by various state and federal agencies.

National Pollutant Discharge Elimination System (NPDES): The District is the lead permittee in the San Bernardino Valley area-wide NPDES permit with 16 cities as co-permittees. The NPDES program, through the State Water Quality Management Board, regulates storm water quality through very detailed and complex permits, which affect everyone within the Santa Ana River Watershed, and now in the high desert area of the Victor Valley under Phase II of the permit.

Flood Operations: During the flood season, District operations staff regularly patrol and monitor District facilities, and perform flood fighting operations and emergency repairs as needed. The District also maintains telemetry systems for monitoring rainfall and runoff, and dispatches storm patrols as dictated by the projected severity of a storm. The District has access to a weather satellite data delivery system to provide state-of-the-art weather information. The system provides advance warning of major storm activity. During the non-storm season, the flood operations staff perform routine maintenance of flood control facilities.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$119.6 million include Staffing Expenses of \$18.1 million to fund 175 budgeted positions. Operating Expenses of \$104.4 million consisting primarily of professional services for construction projects (\$52.4 million), operations and maintenance activities (\$17.4 million), debt service obligations (\$8.2 million), administrative functions (\$7.6 million), and transfers between the District's zones and other divisions within Public Works (\$18.8 million) for internal administrative functions. These costs are partially offset by \$18.1 million in Reimbursements. Additional Requirements include Capital Expenditures of \$5.3 million consisting primarily of

purchases of right of way for construction projects and Operating Transfers Out of \$9.9 million consisting primarily of internal administrative transfers between the District's zones.

Sources of \$70.9 million primarily include \$51.0 million in property tax. Additionally, Sources include \$2.8 million in Other Governmental Aid to partially fund Seven Oaks Dam maintenance and the NPDES program, \$11.4 million in Operating Transfers In comprised of internal administrative cash transfers between funds as reflected above (\$9.7 million), and Discretionary General Funding for the NPDES and Mojave River Watershed Group (MRWG) programs and the Rimforest Drainage project (\$1.7 million). Sources also include Fee/Rate and Other Revenue of \$5.6 million, primarily from litigation settlements to partially fund the Cactus Basin #4 project.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$6.4 million. This is primarily due to an increase of \$9.9 million in Operating Expenses for planned construction projects, offset by a decrease of \$1.6 million in Capital Expenditures for right-of-way purchases and a decrease of \$1.9 million in Operating Transfers Out primarily due to a reduction in an operating transfer within Zone 1 used to fund the District's Judgement Obligation Bonds. Staffing Expenses are increasing by \$956,755 primarily due to the addition of one regular position, as well as negotiated salary and retirement increases.

Sources are decreasing by \$1.4 million. This is primarily due to a decrease of \$1.7 million in Other Revenue primarily resulting from an anticipated reduction of surplus property sales. Additionally, a decrease of \$3.3 million in Operating Transfers In primarily due to a reduction in an operating transfer within Zone 1 used to fund the District's Judgement Obligation Bonds. These decreases are partially offset by an increase of \$3.6 million in anticipated property tax revenue.

ANALYSIS OF FUND BALANCE

Over the years, Fund Balance has increased due to delayed capital improvement projects as a result of environmental clearance delays from regulatory agencies. Fund Balance usage of \$48.7 million is anticipated for the following projects planned for construction: Sand Creek/Warm Cree Confluence; Santa Ana River Flood Wall Repair; Cactus Basin #4; West State Street Storm Drain; Etiwanda Invert Repair; West Fontana Channel, and the waterline relocation for Bandicoot Basin. The remaining Available Reserves of \$68.9 million are set aside for future planned capital projects and the potential need for responding to emergency storm events. Fund Balance is only used for one-time expenditures.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$18.1 million fund 175 budgeted positions of which 168 are regular positions and 7 are limited term positions. This includes a net increase of 1 regular position.

A total of 3 regular positions are added to the budget as follows:

- 1 Business Systems Analyst II in the Information Technology section to develop and maintain the Geographic Information Systems (GIS) data related to the existing County roads, Flood Control facilities, maintenance activities, permits, environmental conditions, survey data and Solid Waste facilities.
- 1 Ecological Resource Specialist in the Environmental Management section to provide stability and consistency with the environmental component of the permit process for projects.
- 1 Planner II in the Environmental Management division to provide support to fulfill environmental mitigation obligations from regulatory agencies.

A total of 2 vacant limited term positions are deleted from the budget as follows:

- 2 Public Service Employees in the Operations section were temporarily used to assist with various projects due to vacancies and are no longer needed.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$3.2 million consist of Operating Expenses (\$1.9 million) for motor pool and maintenance charges, equipment repairs, and Capital Expenditures (\$1.3 million) to purchase vehicles.

Sources of \$2.3 million include the District's heavy equipment fleet rates and revenue from the sale of surplus equipment and vehicles.

Unrestricted Net Position of \$912,873 is being used to fund one-time Capital Expenditures.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$1.7 million primarily due to a decrease in vehicle purchases.

Sources are decreasing by \$219,373 primarily due to a decrease in anticipated equipment user fee charges.

ANALYSIS OF NET POSITION

The budget includes a \$912,873 use of Unrestricted Net Position for one-time Capital Expenditures.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

To better demonstrate the organizational structure of the department, administrative and fiscal positions were reassigned from each division within the department into the new Real Estate Services Administration and Finance budget unit. Staffing Expenses of \$2.0 million fund 19 positions and will provide support to each budget unit to complete departmental operations. Reimbursements of \$2.0 million are transfers in from the operating divisions of the Real Estate Services Department.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$2.0 million due to Staffing Expenses as a result of the 19 budgeted positions being added to this budget unit and deleted from other budget units within the department. Reimbursements are increasing by \$2.0 million from other divisions to offset the Staffing Expenses of this budget unit.

Note: Real Estate Services – Rents and Leases is classified as a central service department in the Countywide Cost Allocation Plan (COWCAP). In order to allocate full central service costs to the County's operating departments, central service departments do not pay COWCAP charges. Not included in this budget is \$220,678 which represents Real Estate Services – Rents and Leases' share of costs of other central service departments, such as Human Resources.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Operating Expenses of \$58.2 million primarily include rent and lease payments paid to landlords. In addition, expenditures include transfers to Facilities Management for operating expenses of non-billable tenant space, transfers to Leasing and Acquisition for property lease management, and transfers to the Sheriff/Coroner/Public Administrator for the 303 W. 3rd Street Office Building security costs. Reimbursements of \$57.3 million represent payments from County departments for lease payments and administrative fees. Sources of \$1.2 million are primarily from lease payments received from tenants in County-owned facilities and vending machine revenue.

BUDGET CHANGES AND OPERATIONAL IMPACT

Operating Expenses are increasing by \$4.3 million primarily as a result of new leases and annual increases to existing lease costs for County Departments. This is partially offset by an increase in Reimbursements of \$3.9 million, reflecting payments from County departments. Operating Transfers Out are decreasing by \$416,923 as there are no anticipated tenant improvement projects funded for 2018-19.

Sources are decreasing by \$20,035 due to the expected loss of tenant lease revenue from the anticipated sale of Weirsma Dairy.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

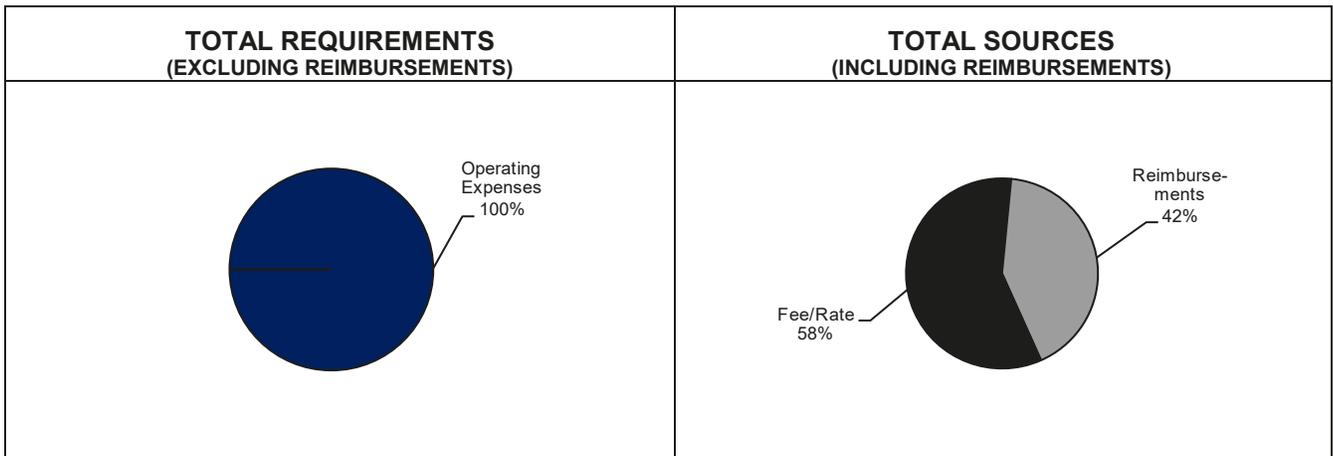

Courts Property Management

DESCRIPTION OF MAJOR SERVICES

The Trial Court Facilities Act of 2002, SB 1732, required the transfer of responsibility for funding and operation of trial court facilities from all counties to the State of California on behalf of the Judicial Council of California (JCC). In addition, as each transfer occurred, the County and JCC entered into an agreement that defined whether the County or the JCC manages the operations and maintenance of the building. This budget unit is used to manage and account for reimbursements from the JCC for maintenance, utilities, insurance, overhead expenditures, and work order requests for space occupied by the local court in County-managed facilities. This budget unit is also used to manage and account for payments to the JCC for costs associated with the space occupied by County departments in JCC-managed facilities.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

This budget unit acts as a clearinghouse between County departments and the JCC for management of court facilities. Operating Expenses of \$2.8 million include maintenance and utility costs of \$1.2 million for space occupied by County departments in JCC-managed court facilities and \$1.6 million for the JCC’s share of operations, maintenance, utility and administrative costs in County-managed court facilities. Reimbursements of \$1.2 million are from the Facilities Management and Utilities budget units for County maintenance and utility costs in JCC-managed court facilities. Sources of \$1.6 million represent the JCC’s share of operations, maintenance, utility, administrative, and insurance costs for County-managed court facilities.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements and Sources are both increasing by \$38,377 due to anticipated increases in utility costs.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

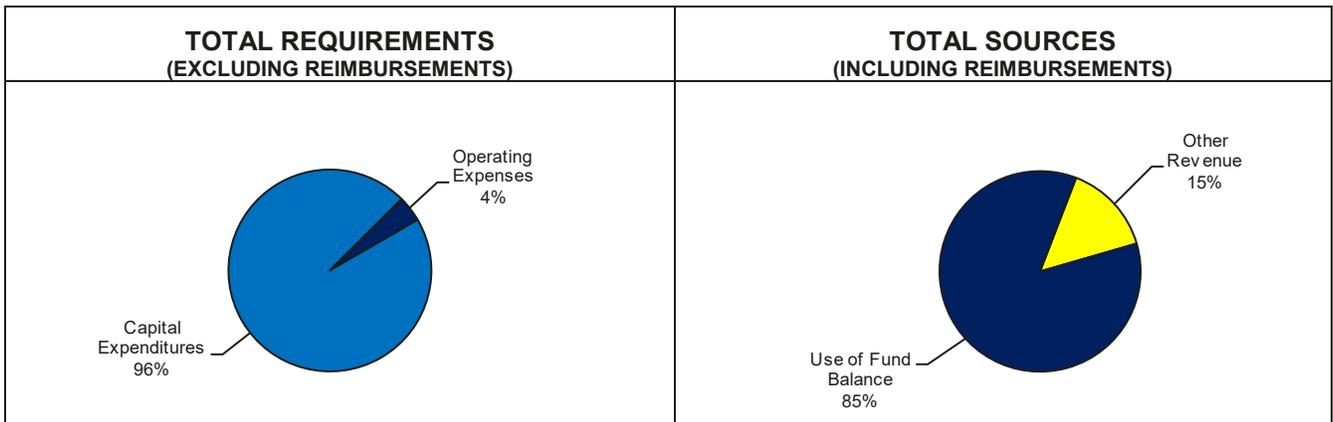

Chino Agricultural Preserve

DESCRIPTION OF MAJOR SERVICES

The Real Estate Services Department administers a special revenue fund to continue the Agricultural Land Acquisition and Preservation Program under the California Wildlife, Coastal, and Parkland Conservation Act (Proposition 70). The department is responsible for negotiating and managing leases for the properties acquired and developing recommendations for the ultimate use/disposition of these properties. Property management activities include arranging for all ordinary and emergency repairs and improvements necessary to preserve and maintain the properties in their present condition and improve operating efficiency, or altering them to enhance lease potential and/or comply with lease requirements. Expenditures are fully funded through revenues received from the lease of acquired properties.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Operating Expenses of \$214,940 represent the cost to maintain County dairies, such as utility costs associated with vacant properties, property management charges, County Counsel, professional services, and maintenance charges. Capital Expenditures of \$5.0 million represent the anticipated cost to acquire two properties adjacent to Prado Regional Park in Chino planned to be improved at a later date as an expansion of Prado Regional Park. Sources of \$765,936 include revenue anticipated from leasing of dairy properties and interest revenue. Available Reserves of \$25.0 million are planned to be used at a later date for Proposition 70 approved improvements.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$77,195 primarily due to a decrease in anticipated service and supplies expenditures. Sources are increasing by \$138,156 primarily due to expected interest to be earned in this budget unit.

ANALYSIS OF FUND BALANCE

The Use of Fund Balance of \$4.4 million is for one-time costs related to the acquisition of property adjacent to Prado Regional Park in Chino.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

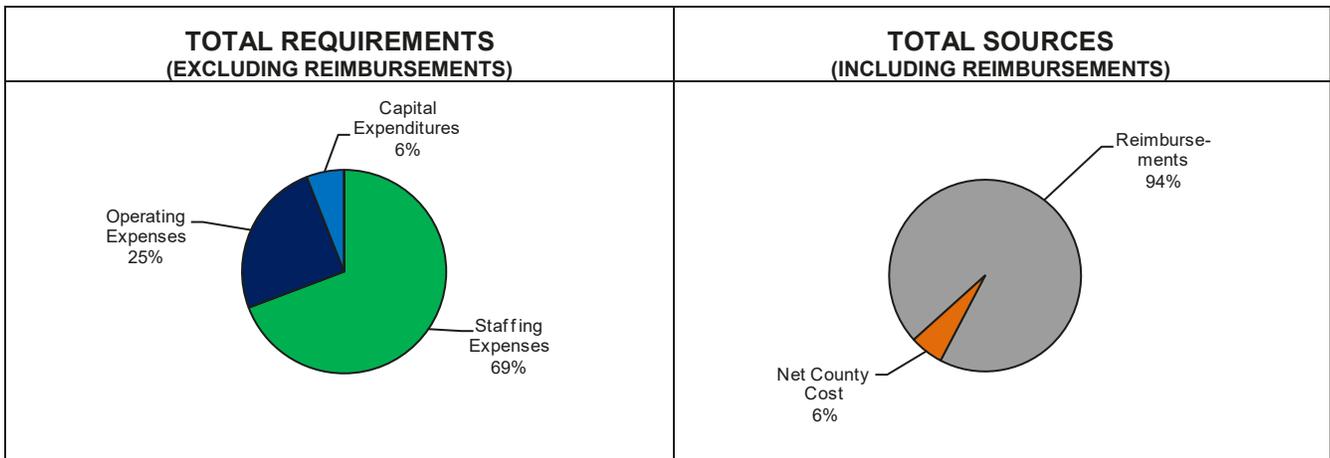

Project Management Division

DESCRIPTION OF MAJOR SERVICES

Project Management Division (PMD) is responsible for planning and implementing the design and construction of projects for Arrowhead Regional Medical Center, Airports, Regional Parks, Community Development and Housing and other County departments. These projects are approved as part of the annual Capital Improvement Program (CIP), or added during the year as organizational needs and priorities change. PMD collaborates with County departments and County Finance and Administration to develop the scope, schedule and budget for these projects. Following approval of the project elements, PMD administers the projects from conceptual design through construction to completion and close-out.

Note: Real Estate Services – Project Management is classified as a central service department in the Countywide Cost Allocation Plan (COWCAP). In order to allocate full central service costs to the County's operating departments, central service departments do not pay COWCAP charges. Not included in this budget is \$55,114 which represents Real Estate Services – Project Management's share of costs of other central service departments, such as Human Resources.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$2.8 million fund 24 positions and make up a majority of PMD's expenditures within this budget unit. Operating Expenses of \$1.0 million fund services and supplies, central services, travel and transfers to the Information Services Department for information technology support and Real Estate Services Department for administrative overhead. Reimbursements of \$3.8 million are for project management and inspection services provided by PMD staff on capital projects.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$229,000 due to the need to purchase a construction management software, which will be funded by discretionary general funding (Net County Cost).

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$2.8 million fund 24 regular positions. This includes the deletion of 1 Contract Project Executive and 1 Contract Consultant. Additionally, 3 fiscal positions from this budget unit were deleted and added to a new budget unit within the department; including 1 Accountant III, 1 Accounting Technician and 1 Fiscal Specialist. The new unit is the Real Estate Services Administration and Finance budget unit. This better aligns the budget units with the organizational structure of the department.

Leasing and Acquisition Division

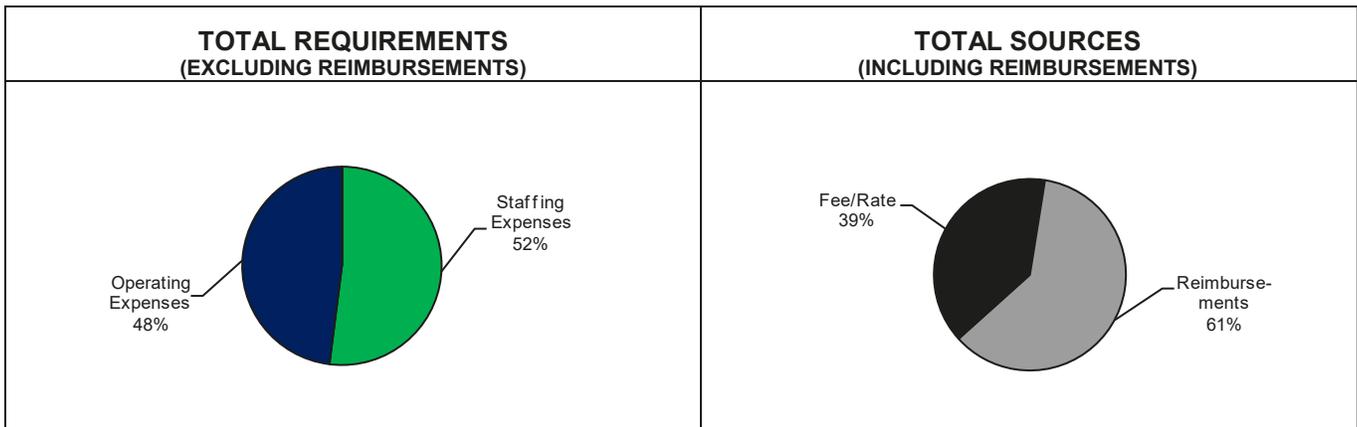

DESCRIPTION OF MAJOR SERVICES

The Leasing/Property Management section negotiates and administers revenue and expenditure leases on behalf of County departments. Revenue leases allow for the use of County-owned facilities, generally at County parks and airports, to generate revenue to offset expenses incurred to provide such facilities to residents and users. Expenditure leases provide space in leased facilities throughout the County for departments and their employees to support the delivery of services in locations convenient to the residents served. In addition, this section is responsible for the property management of court facilities within the County and the County-owned land and dairy facilities in the Chino Agricultural Preserve.

The Acquisition/Appraisal section provides appraisal, acquisition, and relocation assistance for County departments and, upon request, to other agencies including San Bernardino County Transportation Authority (SBCTA), the State of California, and various cities. Staff establishes values and acquires the necessary rights-of-way needed to complete public safety projects, including the construction and maintenance of transportation corridors and floodways. This section also acquires land and facilities for various functions and disposes of property determined to be surplus to the County's needs.

Not included in this budget is \$157,647 which represents Real Estate Services – Leasing and Acquisition's share of costs of other central service departments, such as Human Resources.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$2.1 million fund 18 positions. Operating Expenses of \$2.0 million fund services and supplies, central services, travel and transfers. Reimbursements of \$2.5 million are from the Project Management Division and Facilities Management Division for department overhead for shared administrative costs, and from the Rents budget for administration of expenditure leases (based on 3% of annual lease costs in excess of \$36,000). Sources of \$1.6 million are for billable labor hours for leases with annual lease costs less than \$36,000 and for acquisition and appraisal services billed at an hourly rate.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$38,186 primarily due to increases in Transfers as a result of the reassignment of administrative and fiscal staff to the new budget unit Real Estate Services Administration and Finance, which include negotiated salary increases, offset by an increase in Reimbursements for administrative overhead and fees for lease management services. Sources are increasing by \$38,186 primarily due to additional billable labor hours charged to departments.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$2.1 million fund 18 regular positions. This includes the addition of 1 Deputy Director of Leasing and Acquisitions and the reassignment of 5 administrative positions and 6 fiscal positions including: 1 Director of Real Estate, 1 Administrative Manager, 1 Asset Management Analyst, 1 Assistant Director of Real Estate Services, 1 Administrative Supervisor I, 1 Business System Analyst I, 1 Executive Secretary II, 2 Fiscal Specialist, 1 Payroll Specialist, and 1 Staff Analyst II to the new Administration & Finance budget unit. This better aligns the budget units with the organizational structure of the Department.

Facilities Management Division

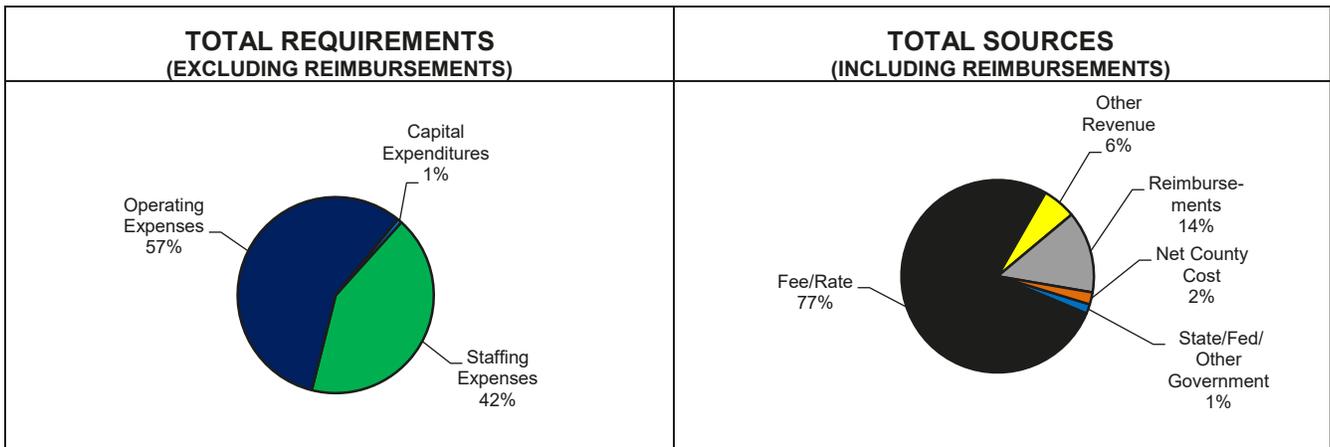

DESCRIPTION OF MAJOR SERVICES

The Facilities Management Division (FMD) provides routine maintenance, grounds, and custodial services to ensure County facilities are well maintained, including 24 hours per day – seven days per week emergency building maintenance. Services also include repairing building structures, equipment, and fixtures.

Budget at a Glance	
Total Requirements (Excl. Reimb.)	\$23,513,152
Total Sources (Incl. Reimb.)	\$23,038,152
Net County Cost	\$475,000
Total Staff	117
Funded by Net County Cost	2%

FMD's focus is on asset protection. Using data and support systems, it maintains the County's valuable facilities and equipment, preserves a high level of functionality, supports sustainability projects, and promotes responsible and efficient use of resources.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$9.9 million fund 117 positions. Operating Expenses of \$13.4 million fund contracts for grounds, maintenance, and custodial services; materials for repairs and maintenance of County facilities and equipment; and vehicles, tools, supplies, systems development charges, overhead, and administrative costs. Reimbursements of \$3.2 million and Sources of \$19.8 million are from County departments, the Judicial Council of California, and local courts who are billed for services provided.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$1.6 million due to higher maintenance, custodial materials and professional service costs for additional facilities maintained, increased transfers to the Leasing and Acquisition Division and the new Real Estate Services Administration and Finance budget unit.

Sources are increasing by \$1.6 million due to an increase in basic service charges to County departments for grounds, custodial and maintenance services, including rate increases in each service division.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Operating Expenses of \$20.8 million represent utility costs for County facilities and constitute the largest portion of the expenses. Staffing Expenses of \$177,878 constitute the remainder of the expenses for this budget unit. Sources of \$492,765 are from utility costs passed on to customers and third parties that occupy County-owned space.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$589,577 primarily due to increased utility costs from anticipated rate increases, and added utility costs for new facilities. Additionally, there are increases in overhead costs and software application maintenance and support.

Sources are increasing by \$165,715 due to increased charges from higher utility cost passed on to customers and third parties that occupy County-owned space. Net County Cost is increasing by \$423,862 due to anticipated rate increases for utilities and added utility costs for new facilities.

Regional Parks

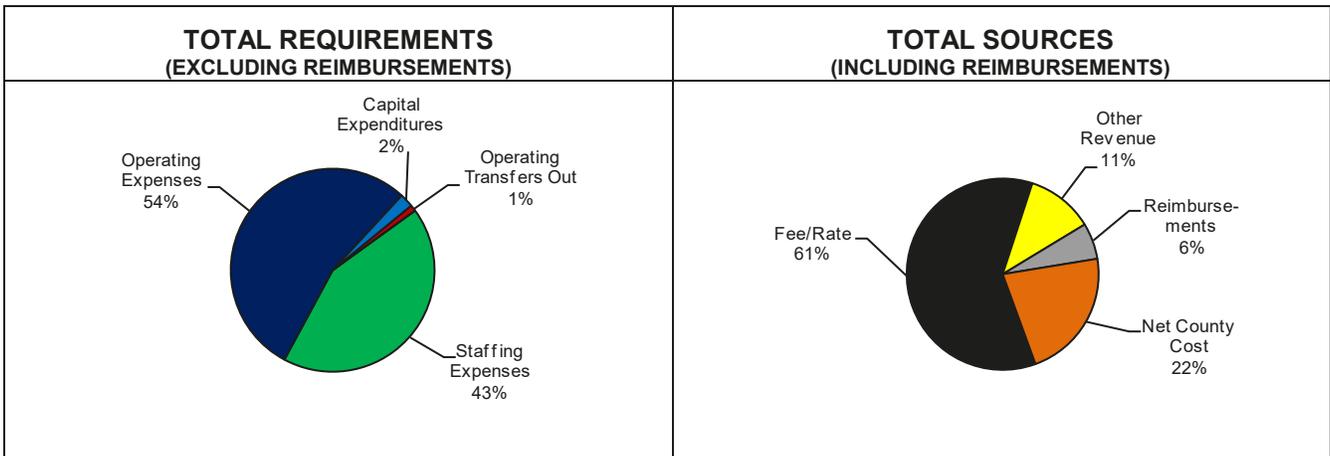

DESCRIPTION OF MAJOR SERVICES

The Regional Parks Department is responsible for the operation and maintenance of nine regional parks located throughout the County. These parks, which encompass 8,668 acres, are as follows: Prado (Chino), Cucamonga-Guasti (Ontario), Glen Helen (San Bernardino), Mojave River Forks (Summit Valley), Mojave Narrows (Victorville), Moabi (Needles), Lake Gregory (Crestline), Yucaipa, and Calico Ghost Town (Yermo). Visitors to County parks enjoy open space, walking trails, camping, swimming, fishing, picnicking, equestrian activities and other recreational opportunities. The department hosts cultural, educational and special events through the use of park resources and contractual agreements with private and non-profit organizations. Park special events include Civil War Days and Halloween Haunt at Calico Ghost Town, fishing derbies at multiple parks and other park wide events across the County. Educational programs include the Environmental Science Day Camp at Yucaipa and Junior Fishing Workshops at multiple parks.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$4.5 million are budgeted for personnel to oversee administration, operations and maintenance of the County's nine regional parks, County trails system, and various special events/programs. Operating Expenses of \$5.7 million include charges for County services and other costs for stocking fish at park lakes, turf maintenance contracts (Cucamonga-Guasti, Glen Helen, Mojave Narrows, Prado, and Yucaipa Regional Parks), supplies for general maintenance and special projects, aquatic facility supplies, office supplies, interchange fees for credit card usage, advertising for park events/amenities, restroom supplies, and insurance. Capital Expenditures of \$230,000 fund the replacement of heavy equipment and utility vehicles.

Sources of \$7.5 million represent fees from camping, fishing, park entrance, swimming, facility use and special events, as well as from concessionaire and partnership agreements.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$585,074 primarily due to a \$491,000 reduction in one-time expenses for the maintenance of the Santa Ana River Trail and a decrease in County service charges of \$469,077. These decreased costs are offset by an increase of \$151,131 in Staffing Expenses due to negotiated salary increases and the addition of 10 General Services Worker II positions to improve staffing coverage, and an increase of \$230,000 for the purchase of equipment that will improve the department's ability to maintain and operate the parks.

Sources are increasing by \$4,656 primarily as a result of an increase of \$23,512 in Other Revenue from special events which is being offset by a decrease to Fee/Rate of \$17,910 due to a more conservative estimate of gate revenue.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$4.5 million fund 205 budgeted positions of which 68 are regular positions and 137 are limited term positions.

The budget reflects budgeted position changes as follows:

- The addition of 10 General Services Worker II positions to improve staffing coverage allowing staff to complete more maintenance and enhancement projects.
- The reclassification of a Park Ranger III to a Park Superintendent that will provide higher level supervision of park operations, maintenance, security, safety and customer service at Yucaipa Regional Park.

DESCRIPTION OF MAJOR SERVICES

County Trails System was established by the Board of Supervisors and assigned to the Regional Parks Department as the steward charged with the development, operation and maintenance of regional trails throughout the County. This budget unit was established to follow compliance requirements for federal and state grant funding used in the development and construction of the trail system. Currently, the department has developed seven miles of the Santa Ana River Trail, linking to Riverside County and offering users over 22 miles on contiguous trail along the Santa Ana River.

Glen Helen Amphitheater was established to account for lease and naming rights payments received annually from the operators of the Glen Helen Amphitheater at Glen Helen Regional Park. Each year sources are transferred to the County General Fund to fund the cost of the amphitheater’s debt service payment.

Amphitheater Improvements at Glen Helen was established to provide for improvements to the Glen Helen Amphitheater at Glen Helen Regional Park. These improvements are designed to maintain the amphitheater and its facilities in their current condition in order to preserve a quality entertainment experience for its visitors. This budget unit is funded jointly by deposits from the County and the operators of the amphitheater.

Park Maintenance/Development was established to provide for the maintenance, development and emergency repairs at all regional parks. The costs associated with this budget unit are primarily funded through camping reservation fees and operating transfers in from the Glen Helen Amphitheater budget unit.

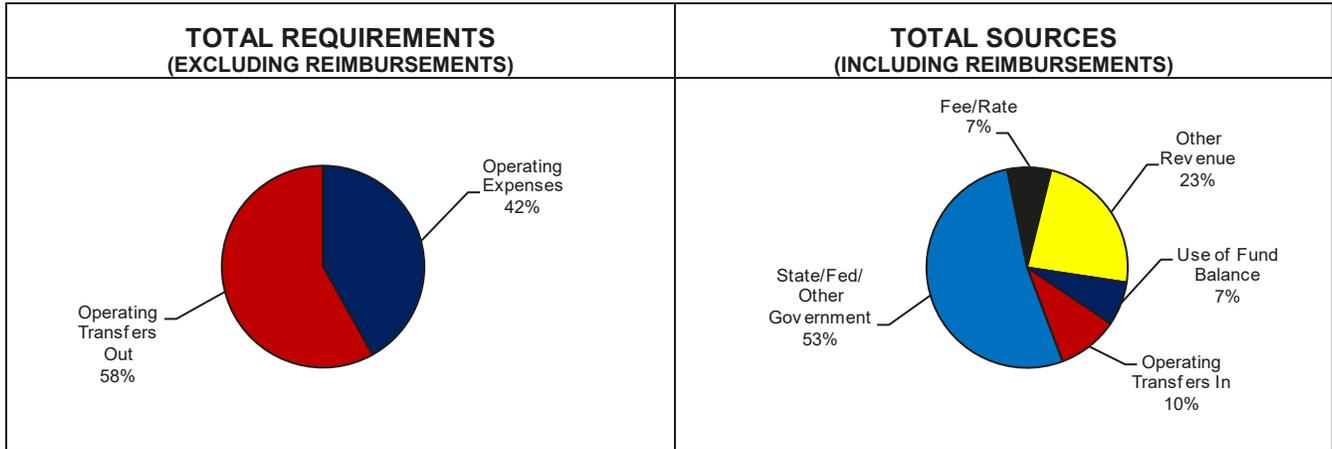

Calico Ghost Town Marketing Services was established to provide separate accountability and operations of marketing services for Calico Ghost Town Regional Park. A portion of the sources from Calico Ghost Town concessionaire operations and park admission fees are used to advertise and market general park information and several special events including Calico Days, Calico Ghost Haunt, Civil War, and Bluegrass in the Spring.

Off-Highway Vehicle License Fee was established by Off-Highway Vehicle (OHV) “in-lieu of taxes.” Fees are provided from the California State Controller’s Office based on the amount of OHV recreation in the County. The state collects these fees for each OHV registered by the Department of Motor Vehicles; four dollars from the fee of each “green sticker” goes into a pool of funds that are distributed statewide.

Fish and Game Commission was established to manage California’s diverse fish, wildlife, plant resources and habitats. Its primary function is to act as the liaison between the State Department of Fish and Wildlife, the County Board of Supervisors (Board), and the public. This budget unit receives funding from fines imposed on hunting, fishing, and environmental infractions, as well as from the sale of shooting maps. These funds are used by the Commission to assist qualified organizations with projects that assist in enhancing wildlife and its propagation in San Bernardino County.

County Trails System: Requirements of \$3.5 million are primarily for design, construction, and ongoing maintenance of the Santa Ana River Trail (SART). Sources of \$3.4 million are primarily from a California Coastal Conservancy Grant. Use of Fund Balance represents additional one-time expenses for the maintenance and construction of SART.

Glen Helen Amphitheater: Requirements of \$2.0 million include payment to the County General Fund for the annual debt service cost on the amphitheater (\$1.0 million), transfers to the Regional Parks General Fund budget unit for upkeep and management of the amphitheater (\$430,958), a transfer to the Park Maintenance/Development budget unit (\$551,913), and a transfer to the Amphitheater Improvements at Glen Helen fund (\$25,000) as required per the lease agreement with the operators of the amphitheater. Sources of \$1.5 million include rent from the operators of the amphitheater and associated interest earned on cash. Fund Balance of \$551,913 is being transferred to the Park Maintenance/Development fund for one-time unforeseen maintenance expenses.

Amphitheater Improvements at Glen Helen: There are no Requirements budgeted for 2018-19. Expenditures must be mutually approved by the operator of the Amphitheater and the County and there are no planned expenditures anticipated in 2018-19. Sources of \$58,000 include a \$25,000 transfer from the Glen Helen Amphitheater Fund for the County's annual contractual obligation to fund improvements, a \$25,000 matching contribution from the operators of the amphitheater, and \$8,000 in interest earned throughout the year.

Park Maintenance/Development: Requirements of \$513,200 represent the cost of maintenance projects across the park system and the ongoing camping reservation system hosting costs. Sources of \$661,913 include an Operating Transfer In from the Glen Helen Amphitheater fund of \$551,913 to fund future unforeseen maintenance expenses. Additional Sources of \$110,000 consist of reservation fees collected from campers and interest earned throughout the year.

Calico Ghost Town Marketing Services: Requirements of \$479,937 include \$360,437 for the cost of producing park special events and \$119,500 for transfers out for event set-up costs and staffing cost reimbursements. Sources of \$479,937 include special event gate fees of \$378,000 and a percentage of rent payments received from Calico concessionaires specifically for advertising totaling \$98,000.

Off-Highway Vehicle License Fee: Requirements of \$390,062 consist of Operating Expenses of \$300,062 for various one-time projects including signage and fencing and transfers of \$90,000 to fund Staffing Expenses for park staff and Code Enforcement services related to the safety and administration of off-highway vehicle (OHV) usage at Calico Ghost Town and Moabi Regional Park. Sources of \$301,000 represent the amount anticipated to be received from the state for the County's portion of OHV registrations/licensing fees and interest earned throughout the year. California Public Resources Code 5090.50 specifies that these funds may be used for planning, acquisition, development, maintenance, administration, operation, enforcement, restoration, and conservation of trails, trailheads, areas and other facilities associated with the use of OHVs and programs involving OHV safety or education. Use of Fund Balance is for one-time projects related to OHV activities within the County.

Fish and Game Commission: Requirements of \$10,730 includes administrative costs and printing expenses for shooting maps. Sources of \$7,200 include fines imposed on hunting, fishing and environmental infractions in addition to sales of shooting maps. Use of Fund Balance is for one-time costs to print shooting maps in bulk and will be replenished as maps are sold.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$563,970 as a result of Operating Transfers Out increasing by \$663,188 for projected SART expenses that are offset by a decrease to Capital Expenditures of \$215,000 due to one-time funding not being allocated for equipment and vehicles from the Park Maintenance / Development Fund.

Sources are increasing by \$790,679 primarily due to an increase in projected SART state grant revenue.

ANALYSIS OF FUND BALANCE

The budget units include the net Use of Fund Balance of \$485,219. The majority of the Fund Balance being used is for a transfer to the Park Maintenance / Development fund for future one-time unforeseen maintenance expenses.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with these budget units.

REGISTRAR OF VOTERS

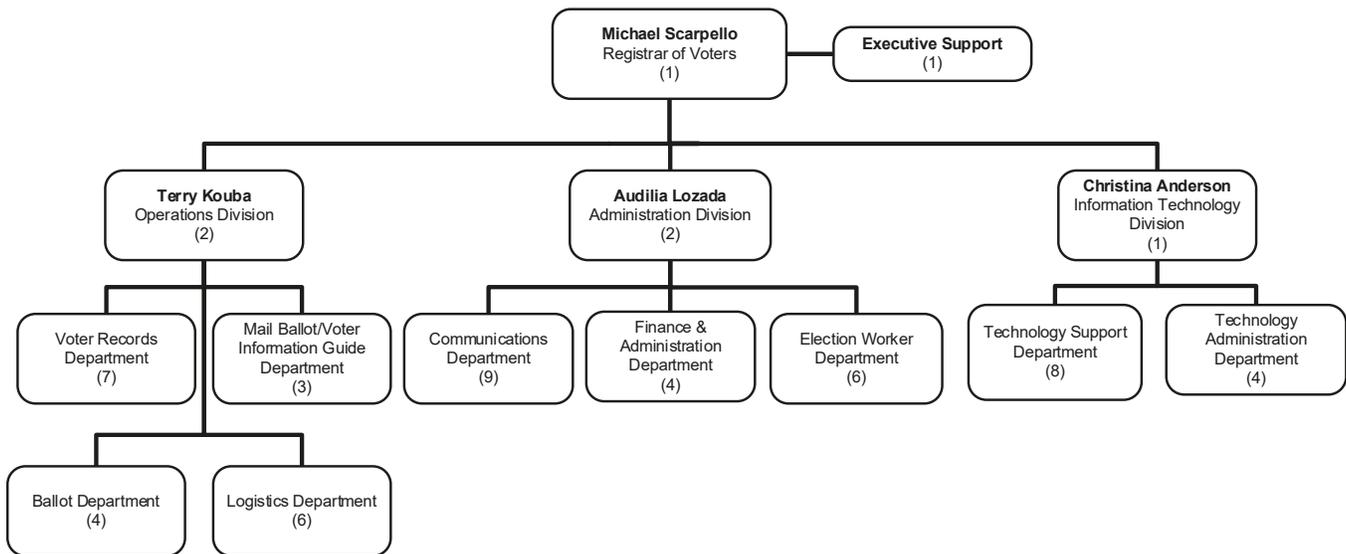

Michael Scarpello

DEPARTMENT MISSION STATEMENT

To promote the Countywide Vision, the Elections Office of the Registrar of Voters maintains accurate voter registration and election records; provides the highest quality information and customer service to the public; and conducts the County's elections in a fair, accurate, secure, transparent, and efficient manner.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$11.2 million enable the department to conduct one major election (November 2018), one minor election (December 2018), and four unscheduled special elections. This includes Staffing Expenses of \$3.6 million for 58 budgeted positions, and Operating Expenses of \$7.6 million. Operating Expenses primarily consist of services and supplies for daily operations and election-related expenditures (such as temporary labor, ballots, postage, poll workers and other professional services). Capital Expenditures include costs for replacement of two scanners. Sources of \$2.5 million are primarily from providing election services for participating jurisdictions and the sale of services and products including maps, voter files, and certified documents.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements and related Sources fluctuate based on a four-year election cycle. There are two scheduled elections occurring in 2018-19, one major statewide general election and one minor election. In addition, Requirements and Sources include four anticipated, but unscheduled special elections.

Requirements are increasing by \$1.4 million and Sources are increasing by \$943,866 primarily due to twenty-four jurisdictions moving from the odd-year election cycle to the even-year election cycle and also because of the addition of two additional unscheduled special elections.

DESCRIPTION OF MAJOR SERVICES

The Special Districts Department provides for the management, funding, and maintenance of the following County Service Areas (CSA), Zones, and Community Facilities District:

CSA 40 Elephant Mountain was established by the County of San Bernardino Board of Supervisors on August 11, 1969 to provide ten channels of ultra-high frequency (UHF) television translator service broadcast from Elephant Mountain, as well as five channels of very high frequency (VHF) television translator service broadcast from Newberry Springs, to the 100-square-mile area encompassing Barstow, Daggett, Hinkley, Newberry Springs, and Yermo. This CSA provides service to approximately 35,000 households and is funded by property taxes and rental income.

Budget at a Glance

Total Requirements (Excl. Reimb.)	\$23,312,012
Total Sources (Incl. Reimb.)	\$21,401,334
Use of/ (Contribution to) Fund Balance	\$1,910,678
Total Staff	106

CSA 70 Countywide was established by the County of San Bernardino Board of Supervisors on December 29, 1969 to provide a centralized mechanism for administration of personnel and operations which serve all board governed special districts. The employees are engaged in multi-district operations funded by the various sanitation, water, road, streetlights, and park and recreation districts. Staff provides centralized and regional management services, administration, engineering, fiscal, human resources, lien administration, park maintenance, payroll, information services, road maintenance and inspection services.

CSA 70 D-1 Lake Arrowhead was established by the County of San Bernardino Board of Supervisors on August 26, 1974 to maintain a dam located on the east side of Lake Arrowhead known as Papoose Lake. The Zone, which is funded by property taxes, provides security, maintenance, replacement shrubbery, reforestation, and engineering services.

CSA 70 DB-1 Bloomington was established by the County of San Bernardino Board of Supervisors on February 10, 2004. The Zone is responsible for the maintenance of two detention basins and four landscaped intersections. On January 23, 2004, property owners approved an annual service charge of \$520 per parcel with a 2.5% inflationary factor. For 2018-19, the per parcel service charge is \$665.26 on 72 parcels.

CSA 70 DB-2 Big Bear was established by the County of San Bernardino Board of Supervisors on April 27, 2010. The Zone maintains a detention basin, open space, and storm drain conveyances to the basin. This Zone's operations are funded by an annual service charge levied on property owners within the district. For 2018-19, the per parcel service charge is \$299.43 on 59 parcels.

CSA 70 EV-1 East Valley was established by the County of San Bernardino Board of Supervisors on April 23, 1996. The Zone is responsible for maintenance of the Alabama Street storm drain in the Redlands Citrus Plaza area. Funding for this Zone's operation is generated through a developer buy-in charge, which was received in 2008-09.

CSA 70 TV-2 Morongo Valley was established by the County of San Bernardino Board of Supervisors on October 18, 1976 to provide nine channels of UHF television and one channel of VHF television translator service to the 38 square miles of the Morongo Valley area. This Zone provides service to approximately 2,000 households and is funded by property tax revenue.

CSA 70 TV-4 Wonder Valley was established by the County of San Bernardino Board of Supervisors on July 11, 1995 to provide eight channels of UHF television translator service broadcast from Pinto Mountain for the direct benefit of Wonder Valley. This Zone provides service to approximately 2,000 households and is funded by a special tax of \$5 per parcel, per year on 4,855 parcels.

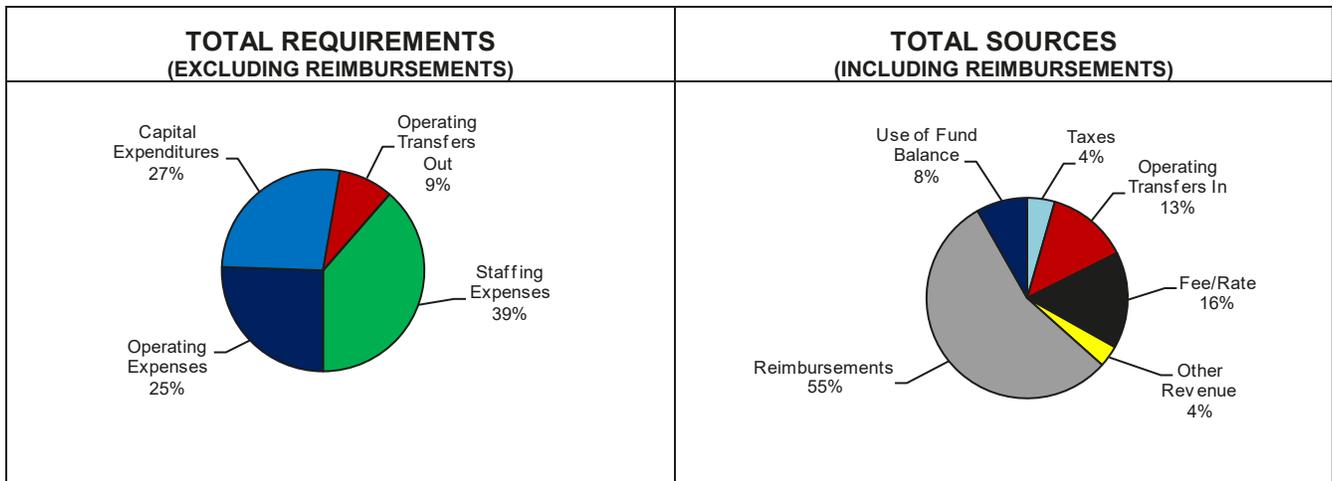

CSA 70 TV-5 Mesa was established by the County of San Bernardino Board of Supervisors on July 11, 1995 to provide eight channels of UHF television translator service broadcast from Pinto Mountain to the 100-square-mile area encompassing Copper Mesa, Desert Heights, Flamingo Heights, Landers, and Yucca Mesa. This Zone provides service to approximately 18,000 households and is funded by a special tax of \$25 per year on 6,919 improved parcels.

CSA 120 North Etiwanda Preserve was formed on July 1, 2009 as a result of Local Agency Formation Commission Resolution No. 3051. The resolution included the dissolution of CSA 70 OS-1 and OS-3. This CSA provides for the management, protection and operation of 1,202 acres of open space and mitigation property. Acreage is primarily composed of mitigated Riversidean Alluvial Fan Sage Habitat located north of Rancho Cucamonga and east of Day Creek Boulevard. The CSA is primarily funded by interest income generated annually from a non-wasting endowment fund. Additional endowments are received when mitigation acreage and management responsibility is accepted by the CSA. The CSA also receives grants and other funding for operation of the open space district.

Community Facilities District (CFD 2006-1) Lytle Creek North was established by the County of San Bernardino Board of Supervisors on March 13, 2007. At the same time, the Board also adopted an ordinance authorizing the levying of special taxes to fund the maintenance of public infrastructure. The CFD is responsible for the maintenance of open space, and storm drain protection services in the Glen Helen area.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$10.4 million include Staffing Expenses (\$9.0 million) and Operating Expenses (\$6.0 million) of 11 districts that provide for the operation and maintenance of television translator facilities, detention basins, storm drains and open space preservation, as well as administrative support services delivered by CSA 70 Countywide to all Board Governed Special Districts on a reimbursable basis. Also included are Operating Transfers Out of \$2.0 million consisting of a \$1.5 million loan to the Big Bear Valley Recreation and Park District Capital Improvement Program (CIP) Fund for the Big Bear Alpine Zoo Relocation Project and \$450,000 to the CSA 70 D-1 Lake Arrowhead CIP Fund for improvements to MacKay Park. Capital Expenditures of \$6.3 million represent the following:

- \$4.1 million for costs of the Calico Ghost Town Water Treatment Improvement Project (\$2.1 million) and other County projects managed by the Special Districts Department. The department receives reimbursement for these costs from the County's CIP Fund.
- \$1.7 million to purchase permanent water rights from the Mojave Water Agency as needed by the following water districts: CSA 64 Spring Valley Lake and CSA 70 J Oak Hills.
- \$267,615 for capitalized software acquisitions to upgrade the department's water/sanitation billing system and Website.
- \$250,000 for the replacement of three vehicles and a sewer system cleaner.
- \$21,000 to purchase a utility cart and plotter.

Sources of \$8.5 million primarily represent revenue from property taxes, fees, and voter-approved special taxes/service charges. Also included in this amount are Operating Transfers In of \$3.1 million as follows:

- \$2.0 million from the department's Reserve Fund for the one-time purchase of permanent water rights and related mitigation costs as needed by CSA 64 Spring Valley Lake and CSA 70 J Oak Hills.
- \$1.0 million from the County General Fund for services provided to the Regional Parks Department.
- \$65,000 from the County General Fund to add three part time Public Service Employees for CSA 120 North Etiwanda Preserve. These onsite employees are needed to mitigate vandalism and maintain the premises.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$136,746, which is primarily a net result of the following:

- \$738,074 decrease in Operating Expenses largely due to reductions in insurance costs, various professional services, and COWCAP charges.
- \$1.8 million increase in Capital Expenditures primarily due to the purchase of permanent water rights from the Mojave Water Agency.
- \$1.6 million increase in Reimbursements primarily from reclassifying transfers from the County CIP Fund for County capital projects managed by the department. In previous years, these transfers were budgeted as Operating Transfers In.
- \$308,182 increase in Operating Transfers Out for increased transfers to the department's CIP Fund.

Sources are increasing by \$92,654, which is primarily a net result of the following:

- \$365,470 increase in Fee/Rate revenue primarily from reclassifying transfers from the County CIP Fund for County facilities maintained by the department. In previous years, these transfers were budgeted as Operating Transfers In.
- \$345,086 increase in Other Revenue largely due to debt proceeds of \$300,000 for use in improving MacKay Park (Lake Arrowhead).
- \$609,500 decrease in Operating Transfers In primarily as follows:
 - \$2.6 million decrease due to the reclassification of transfers from the County CIP Fund for County projects managed and maintained by the department. These transfers are now budgeted as Reimbursements and Fee/Rate revenue.
 - \$2.0 million increase from the department's Reserve Fund to fund the purchase of permanent water rights, and related mitigation costs, from the Mojave Water Agency.

ANALYSIS OF FUND BALANCE

CSA 70 Countywide is budgeting the Use Fund Balance of \$2.4 million, primarily for a \$1.5 million one-time loan to the Big Bear Alpine Zoo Relocation project. Other one-time costs budgeted with the Use of Fund Balance include \$267,615 for capitalized software purchases and \$271,000 for various vehicle/equipment replacements. The remaining Use of Fund Balance (approximately \$400,000) is to support ongoing costs. It is the department's practice that when Available Reserves exceed 25% of Requirements, Fund Balance may be used for operating costs. For 2018-19, CSA 70 Countywide exceeds the 25% threshold. The department will continue to review the operations of this district and make adjustments (reduce expenses and/or increase revenue) when needed to eliminate continued reliance on Fund Balance for ongoing costs.

Of the other ten general districts, nine are budgeting a Contribution to Fund Balance in order to set aside funding for significant, one-time expenditures in the future. The remaining district (CSA 70 EV-1 East Valley) is budgeting the Use of Fund Balance of \$12,029 for ongoing costs. This district far exceeds the 25% reserve threshold due to funding received in 2008-09 through a developer buy-in charge with the purpose of providing annual maintenance of the Alabama Street storm drain in the Redlands Citrus Plaza area.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$9.0 million fund 106 budgeted positions of which 89 are regular positions and 17 are limited term positions. The budget includes an increase of 6 limited-term positions as follows:

- The addition of 3 Public Service Employees to enhance the effectiveness of the Water and Sanitation Division by allowing regular staff to concentrate on more specialized work.
- The addition of 3 Public Service Employees for CSA 120 North Etiwanda Preserve. These onsite employees are needed to mitigate vandalism and maintain the premises.

Park Districts Special Revenue Funds – Consolidated

DESCRIPTION OF MAJOR SERVICES

The Special Districts Department provides for the management, funding, and maintenance of various parks within the following County Service Areas (CSA) and Zones:

CSA 20 Joshua Tree was established by the County of San Bernardino Board of Supervisors on June 1, 1964 to provide park and recreation services. Resolution 1993-22 consolidated the services of fire with streetlighting, and park and recreation. This CSA provides funding for four parks, three ball fields, one recreation center building, a water playground, a skateboard park, a 12,000 square foot community center, and approximately 296 streetlights. This CSA receives property tax revenue and an annual service charge of \$30 per improved parcel and \$10 per unimproved parcel. Currently, there are 4,452 improved parcels and 5,570 unimproved parcels.

CSA 29 Lucerne Valley was established by the County of San Bernardino Board of Supervisors on December 30, 1964. This CSA provides park and recreation services, a cemetery, television translators, an equestrian center for local horse groups and events, and streetlighting services funded primarily by property taxes. This CSA serves approximately 3,000 residents.

CSA 42 Oro Grande was established by the County of San Bernardino Board of Supervisors on December 27, 1965 to provide park and streetlighting services. In 2009-10, the CSA consolidated park and streetlight services to increase operational efficiencies and reduce administrative activities. This CSA funds the operation of 40 streetlights and one community park. Services are provided to approximately 123 residences and are funded by property taxes, park program fees, and other miscellaneous revenue.

CSA 56 Wrightwood was established by the County of San Bernardino Board of Supervisors on September 19, 1966 to provide park and recreation services, along with one community center and one senior center. Effective July 1, 2017, CSA 56 was dissolved and these services were assumed by the Wrightwood Community Services District as approved by the voters during a special election held on March 7, 2017.

CSA 63 Oak Glen-Yucaipa was established by the County of San Bernardino Board of Supervisors on December 18, 1967 to maintain a 19-acre park site which contains a historical schoolhouse, tennis court, playground, picnic area, and a paved parking lot. This CSA serves approximately 10,000 park visitors annually and services are funded primarily by property taxes.

CSA 70 M Wonder Valley was established by the County of San Bernardino Board of Supervisors on July 1, 1991 to provide park and recreation services. This Zone is funded by an annual \$10 per parcel service charge levied on 4,646 parcels.

CSA 70 P-6 El Mirage was established by the County of San Bernardino Board of Supervisors on October 15, 1990 to provide park and recreation services. This Zone is funded by an annual \$9 per parcel special tax that is levied on 3,533 parcels.

CSA 70 P-8 Fontana was established by the County of San Bernardino Board of Supervisors on July 13, 1993 to manage and maintain a pocket park within a 25 lot residential development in the unincorporated area of Fontana. As requested by the property owners of this district, the park property was subsequently sold and the Board of Supervisors adopted a resolution on January 23, 2018 (Item No. 70) to formally dissolve CSA 70 P-8.

CSA 70 P-10 Mentone was established by the County of San Bernardino Board of Supervisors on November 28, 1995 to provide park maintenance, landscaping, and streetlighting services. This Zone is funded by a service charge with a maximum annual amount of \$500 per parcel. The per parcel service charge for 2018-19 is \$500, which is currently levied on 128 residential properties. There are 28 streetlights in this Zone.

CSA 70 P-12 Montclair was established by the County of San Bernardino Board of Supervisors on February 7, 2006 to provide landscaping, graffiti removal, block wall maintenance, and streetlighting services. Voters approved an annual service charge of \$700 per parcel with a 1.5% inflationary factor. The 2018-19 per parcel service charge is \$754.10, which is currently levied on 37 parcels.

CSA 70 P-13 El Rancho Verde was established by the County of San Bernardino Board of Supervisors on August 1, 2006 to provide ongoing maintenance costs associated with landscape improvements to the Riverside Avenue median in the unincorporated area of El Rancho Verde. Voters approved a service charge of \$153.62 per parcel, per year, which is currently levied on 509 parcels.

CSA 70 P-14 Mentone was established by the County of San Bernardino Board of Supervisors on December 19, 2006 to provide landscape maintenance, streetlighting services, and a detention basin. The 2018-19 per parcel service charge is \$376.91, which is currently levied on 108 parcels.

CSA 70 P-16 Eagle Crest was established by the County of San Bernardino Board of Supervisors on January 23, 2007 to provide landscape maintenance and streetlighting services. Voters approved an annual service charge of \$388 per parcel with a 2.5% inflationary factor. The 2018-19 per parcel service charge is \$438.99, which is currently levied on 44 parcels.

CSA 70 P-17 Bloomington was established by the County of San Bernardino Board of Supervisors on December 18, 2007 to provide landscape maintenance services and a detention basin. Voters approved an annual service charge of \$1,100 per parcel with a 2.5% inflationary factor once development is completed. No service charge is being levied for 2018-19.

CSA 70 P-18 Randall Crossings was established by the County of San Bernardino Board of Supervisors on July 9, 2013 for the purpose of drainage and landscaping. This Zone is responsible for maintaining two catch basins, one 12" pipe and a drainage swale with landscaping. Voters approved an annual service charge of \$600 per parcel with a 2.5% inflationary factor. The 2018-19 per parcel service charge is \$678.85, which is currently levied on 20 parcels.

CSA 70 P-19 Gregory Crossings was established by the County of San Bernardino Board of Supervisors on September 24, 2013 for the purpose of landscaping and detention basin maintenance. This Zone is responsible for maintaining a 600 foot, 72-inch culvert pipe/drain and 14,579 square feet of landscaping. Voters approved an annual service charge of \$1,320 per parcel with a 2.5% inflationary factor. The 2018-19 service charge is \$1,421.50, which is currently levied on 15 parcels.

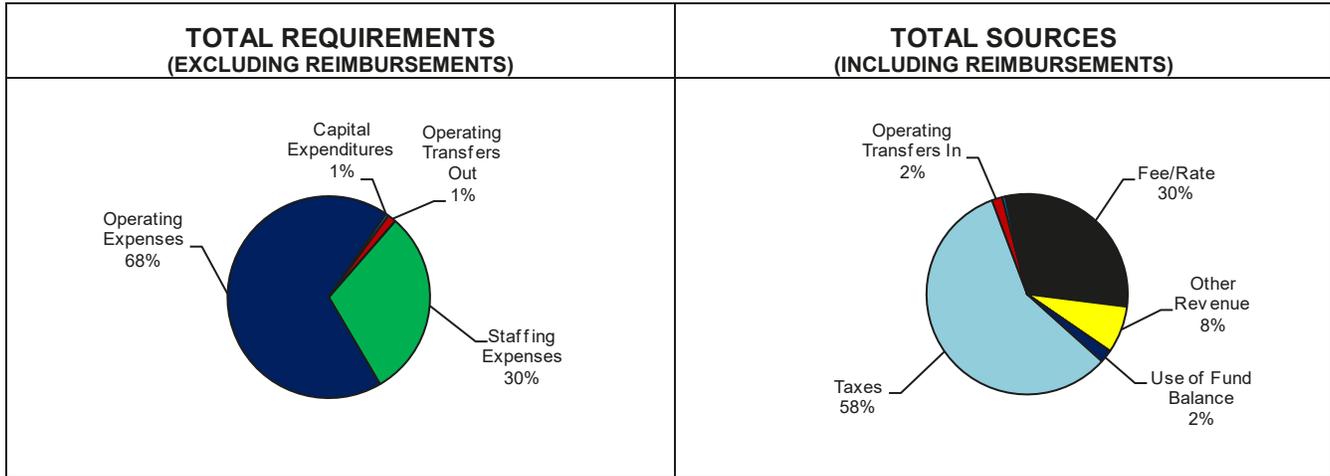

CSA 70 P-20 Mulberry Heights was established by the County of San Bernardino Board of Supervisors on January 14, 2014 for the purpose of landscaping and drainage maintenance. This Zone is responsible for maintaining 5,385 square feet of landscaping and one 72" corrugated metal perforated pipe. Voters approved an annual service charge of \$1,050 per parcel with a 2.5% inflationary factor. The 2018-19 service charge is \$1,130.74, which is currently levied on 20 parcels.

CSA 70 W Hinkley was established by the County of San Bernardino Board of Supervisors on April 30, 1973 to provide park services and a community center. This Zone serves approximately 5,000 residents and is funded by property taxes.

CSA 82 Searles Valley was established by the County of San Bernardino Board of Supervisors on June 28, 1976 to provide park maintenance for the roadside park in Searles Valley. This CSA serves approximately 800 park users and is primarily funded by tax revenues.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$2.0 million include Staffing Expenses (\$615,300) and Operating Expenses (\$1.4 million) needed for the operation and management of 17 park districts. Included in Operating Expenses are such costs as general maintenance, lease of street lamps, landscaping, utilities, insurance, and administrative support charges. Additionally, the 2018-19 budget includes \$10,000 in Capital Expenditures for CSA 63 (Oak Glen-Yucaipa) park improvements and \$27,370 in Operating Transfers Out primarily to the CSA 20 (Joshua Tree) Capital Improvement Fund for a Dog Park project.

Sources of \$2.0 million primarily represent revenue from property taxes, voter-approved special taxes/service charges, and park fees.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$130,918 primarily due to the dissolution of CSA 56 (Wrightwood), with services transferred to a self-governed district effective July 1, 2017.

Sources are increasing by a net \$9,037. This increase is the result of increased property taxes offset by revenue reductions due to termination of CSA 56 (Wrightwood) as a Board-governed special district.

ANALYSIS OF FUND BALANCE

For 2018-19, a total of nine park districts are budgeting the Use of Fund Balance to support ongoing costs. It is the department's practice that when Available Reserves exceed 25% of Requirements, Fund Balance may be used for operating costs. However, one of these nine districts (CSA 42 Oro Grande) is under the 25% reserve threshold. The department will review the operations of this district and make adjustments (reduce expenses and/or increase revenue) needed to eliminate continued reliance on Fund Balance for ongoing costs.

The other eight park districts are budgeting a Contribution to Fund Balance in order to set aside funding for significant, one-time expenditures in the future. All eight of these districts exceed the 25% reserve threshold.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$615,300 fund 15 budgeted positions of which 6 are regular positions and 9 are limited term positions. The budget includes a decrease of 5 limited term positions as follows:

- Deletion of 3 Public Service Employees for CSA 56 (Wrightwood) as this district is now self-governed and no longer managed by the Special Districts Department.
- Deletion of 1 Public Service Employee for CSA 29 (Lucerne Valley) as the workload no longer justifies retaining this position.
- Deletion of 1 Public Service Employee for CSA 42 (Oro Grande). No impact on operations because available staff from other park districts will provide services on an as-needed and reimbursable basis.

Road Districts Special Revenue Funds - Consolidated

DESCRIPTION OF MAJOR SERVICES

The Special Districts Department provides for the management, funding, and maintenance of road districts throughout the County, offering various services from snowplowing to basic road maintenance within the following Assessment District, County Service Areas (CSA) and Zones:

Budget at a Glance

Total Requirements (Excl. Reimb.)	\$2,890,686

Assessment District 2018-1 (Snowdrop Road) was established by the County of San Bernardino Board of Supervisors on March 13, 2018 for the improvement and maintenance of approximately two miles of paved road in the Rancho Cucamonga area. This District receives an annual assessment currently billed on 78 parcels.

CSA 18 Cedarpines was established by the County of San Bernardino Board of Supervisors on July 17, 1967 to maintain 17.3 miles of paved and unpaved roads, one community center, and one five-acre park. This CSA receives property tax revenue and an annual \$50 per parcel service charge. This service charge augments the property tax revenue and is currently billed on 3,756 parcels for road maintenance.

CSA 59 Deer Lodge Park was established by the County of San Bernardino Board of Supervisors on December 19, 1966 to maintain five miles of paved roads. This CSA receives property tax revenue to fund road maintenance and snow removal services. On June 7, 2011, voters approved an annual special tax of \$220 per parcel with a 2.5% inflationary factor to augment the property tax revenue. The 2018-19 per parcel special tax is \$261.51, which is currently billed on 615 parcels.

CSA 68 Valley of the Moon was established by the County of San Bernardino Board of Supervisors on December 1, 1969 to maintain four miles of paved roads. This CSA receives property tax revenue to fund snow removal services. In addition, the CSA was authorized by the electorate of this district (on July 11, 2017) to levy and collect a special tax for road improvements and ongoing road maintenance. The amount approved by the voters was \$147 per parcel with an annual inflationary factor of up to 2.5%. The 2018-19 per parcel special tax is \$150.68 billed on 542 parcels.

CSA 69 Lake Arrowhead Road was established by the County of San Bernardino Board of Supervisors on December 22, 1969 to maintain four miles of paved roads. This road CSA receives property tax revenue and an annual \$100 per parcel service charge. This service charge augments the property tax revenue and is currently billed on 388 parcels for road maintenance and snow removal services.

CSA 70 G Wrightwood Road was established by the County of San Bernardino Board of Supervisors on November 29, 1971 to maintain 7.3 miles of paved and unpaved roads. This Zone receives property tax revenue for road maintenance and snow removal services. On June 3, 2003, voters approved a special tax of \$375 per parcel, per year. This special tax augments the property tax revenue and is currently billed on 458 parcels for road maintenance.

CSA 70 Permanent Road Division (PRD) G-1 Wrightwood was established by an act of the County of San Bernardino Board of Supervisors on April 18, 2006 to provide funding for a road improvement project in CSA 70, Zone G (Wrightwood). The loan used to fund the project has been repaid and therefore this budget unit no longer exists.

CSA 70 M Wonder Valley was established by the County of San Bernardino Board of Supervisors on August 14, 1972 to maintain 178.4 miles of unpaved roads. This Zone receives an annual \$15 per parcel service charge, which is currently billed on 4,646 parcels for road maintenance.

CSA 70 M Wonder Valley, Zone A was established by the County of San Bernardino Board of Supervisors on September 23, 2014 to provide road grading and storm rehabilitation to 178 miles of roads. Voters approved a service charge of \$55 per parcel for 2015-16 and an annual \$30 special tax thereafter, with a 2.5% inflationary factor. The 2018-19 per parcel special tax is \$31.52, which is currently billed on 4,019 parcels. CSA 70 M and CSA 70 M, Zone A are consolidated into the same budget unit.

CSA 70 R-2 Twin Peaks was established by the County of San Bernardino Board of Supervisors on November 4, 1974 to maintain 1.95 miles of paved roads. This Zone receives property tax revenue for road maintenance and snow removal services. On June 3, 2008, voters approved an annual special tax of \$225 per parcel with a 2.5% inflationary factor to augment the property tax revenue. The 2018-19 per parcel special tax is \$288.03, which is currently billed on 287 parcels for road maintenance.

CSA 70 R-3 Erwin Lake was established by the County of San Bernardino Board of Supervisors on November 4, 1974 to maintain nine miles of paved and unpaved roads. This Zone receives property tax revenue and an annual \$12 per parcel service charge. This service charge augments the property tax revenue and is currently billed on 1,092 parcels for road maintenance and snow removal services.

CSA 70 R-4 Cedar Glen was established by the County of San Bernardino Board of Supervisors on September 26, 1977 to maintain 964 feet of paved roads. This Zone receives an annual \$100 per parcel service charge, which is currently billed on 26 parcels for road maintenance and snow removal services.

CSA 70 R-5 Sugarloaf was established by the County of San Bernardino Board of Supervisors on March 5, 1980 to maintain 20.9 miles of paved and unpaved roads. On May 1, 2007, voters approved an annual special tax of \$60 per parcel with a 2.5% inflationary factor for road maintenance and snow removal services. The 2018-19 per parcel special tax is \$78.74, which is currently billed on 3,546 parcels.

CSA 70 R-7 Lake Arrowhead was established by the County of San Bernardino Board of Supervisors on December 15, 1980 to maintain 965 feet of paved roads. This Zone receives an annual \$700 per parcel service charge, which is currently billed on nine parcels for road maintenance and snow removal services.

CSA 70 R-8 Riverside Terrace was established by the County of San Bernardino Board of Supervisors on March 16, 1982 to maintain one mile of paved road. On June 5, 2007, voters approved an increase in the annual service charge from \$250 per parcel to \$350 per parcel with a 2.5% inflationary factor. The 2018-19 per parcel service charge is \$405.89, which is currently billed on 67 parcels.

CSA 70 R-9 Rim Forest was established by the County of San Bernardino Board of Supervisors on May 9, 1983 to maintain one mile of paved road. This Zone receives an annual \$60 per parcel service charge, which is currently billed on 143 parcels for road maintenance and snow removal services.

CSA 70 R-12 Baldwin Lake was established by the County of San Bernardino Board of Supervisors on July 9, 1984 to maintain 1.62 miles of unpaved roads. On August 19, 2008, voters approved an increase in the annual service charge from \$50 per parcel to \$288 per parcel with a 2.5% inflationary factor for road maintenance and snow removal services. MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$2.9 million include Staffing Expenses (\$87,427) and Operating Expenses (\$2.4 million) needed for the maintenance and management of 42 road districts. Included in Operating Expenses are such costs as road grading and maintenance, snow removal, various professional services, and administrative support charges. Additionally, the 2018-19 budget includes \$135,000 in Capital Expenditures for road improvements within CSA R-48 Erwin Lake West and \$220,000 in Operating Transfers Out to the CSA 59 Deer Lodge (\$200,000) and CSA 70 R-2 Twin Peaks (\$20,000) Capital Improvement Funds for paving projects in those districts.

Sources of \$2.5 million primarily include revenue from property taxes and voter-approved special taxes/service charges.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements and Sources are increasing by \$283,900 and \$219,842, respectively, primarily from the addition of two new road districts, CSA 70 R-48 Erwin Lake West and Assessment District No. 2018-1 (Snowdrop Road), as approved by the property owners.

ANALYSIS OF FUND BALANCE

A total of 27 road districts are budgeting the Use of Fund Balance to support ongoing costs. It is the department's practice that when Available Reserves exceed 25% of Requirements, Fund Balance may be used for operating costs. However, ten of these 27 districts are under the 25% reserve threshold:

- CSA 70 R-20 Flamingo Heights
- CSA 70 R-22 Twin Peaks
- CSA 70 R-25 Lucerne Valley
- CSA 70 R-26 Yucca Mesa
- CSA 70 R-35 Cedar Glen
- CSA 70 R-41 Quail Summit
- CSA 70 R-44 Saw Pit Canyon
- CSA 70 R-46 South Fairway Drive
- CSA 70 R-47 Rocky Point
- CSA 79 R-1 Green Valley Lake

The department will review the operations of these ten districts and make adjustments (reduce expenses and/or increase revenue) needed to eliminate continued reliance on Fund Balance for ongoing costs.

Two road districts (CSA 59 Deer Lodge Park and CSA 70 R-22 Twin Peaks) are budgeting the Use of Fund Balance for capital improvement projects.

A total of 11 road districts are budgeting a Contribution to Fund Balance in order to set aside funding for significant, one-time expenditures in the future. All 11 of these districts exceed the 25% reserve threshold.

Two road districts are not budgeting a Use of / (Contribution to) Fund Balance for 2018-19.

Streetlight Districts Special Revenue Funds – Consolidated

DESCRIPTION OF MAJOR SERVICES

The Special Districts Department provides for the management and funding of streetlights within the following County Service Areas (CSA) and Improvement Zones:

CSA 30 Red Mountain was established by the County of San Bernardino Board of Supervisors on December 30, 1964 to provide funding for the operation of 15 streetlights in the community of Red Mountain. This CSA is funded through property tax revenue.

Budget at a Glance

Total Requirements (Excl. Reimb.)	\$771,207
Total Sources (Incl. Reimb.)	\$1,023,678

CSA 54 Crest Forest was established by the County of San Bernardino Board of Supervisors on September 19, 1966 to provide streetlight services to the community of Crest Forest. In 2014-15, CSA 53A Big Bear and CSA 73 Arrowbear Lake were consolidated into CSA 54 Crest Forest. This CSA receives property taxes to fund the operation of 205 streetlights.

CSA 70 EV-1 East Valley was established by the County of San Bernardino Board of Supervisors on April 23, 1996. Community Facilities District 2010-1 was formed in 2010 to provide an ongoing funding mechanism for the energy charges of 182 streetlights in the unincorporated area of the County known as the “Donut Hole.” The rate and method of apportionment sets a special tax for each parcel to pay for the streetlighting energy charges. There are currently 77 parcels that are billed this special tax.

CSA 70 GH Glen Helen was established by the County of San Bernardino Board of Supervisors on August 24, 2004 to provide services for Tract 15900. This tract is an approved development of approximately 2,086 housing units in an area known as “Lytle Creek North Development”, which includes a provision for the installation of 391 streetlights in this area. On January 30, 2007, voters approved an annual service charge of \$41.71 per parcel with a 2.5% inflationary increase to provide funding for operation of the streetlights. The service charge for 2018-19 is \$53.39 per parcel and will be billed on 2,021 parcels.

CSA 70 P-6 El Mirage was established by the County of San Bernardino Board of Supervisors on October 15, 1990 as a park district. On March 22, 2016, the County of San Bernardino Board of Supervisors approved funding in the amount of \$21,100 for the operation of four streetlights in the community of El Mirage. The approved funding is projected to support these streetlights for approximately 20 years.

CSA 70 SL-2 Chino was established by the County of San Bernardino Board of Supervisors on November 16, 2004 when voters approved an annual service charge of \$122.00 per parcel with a 1.5% inflationary increase to provide funding for the operation of eight streetlights. The service charge for 2018-19 is \$127.57 per parcel and will be billed on 26 parcels.

CSA 70 SL-3 Mentone was established by the County of San Bernardino Board of Supervisors on February 15, 2005 when voters approved an annual service charge of \$40.00 per parcel with a 1.5% inflationary increase for the operation of 12 streetlights in the community of Mentone. The service charge for 2018-19 is \$45.07 per parcel and will be billed on 69 parcels.

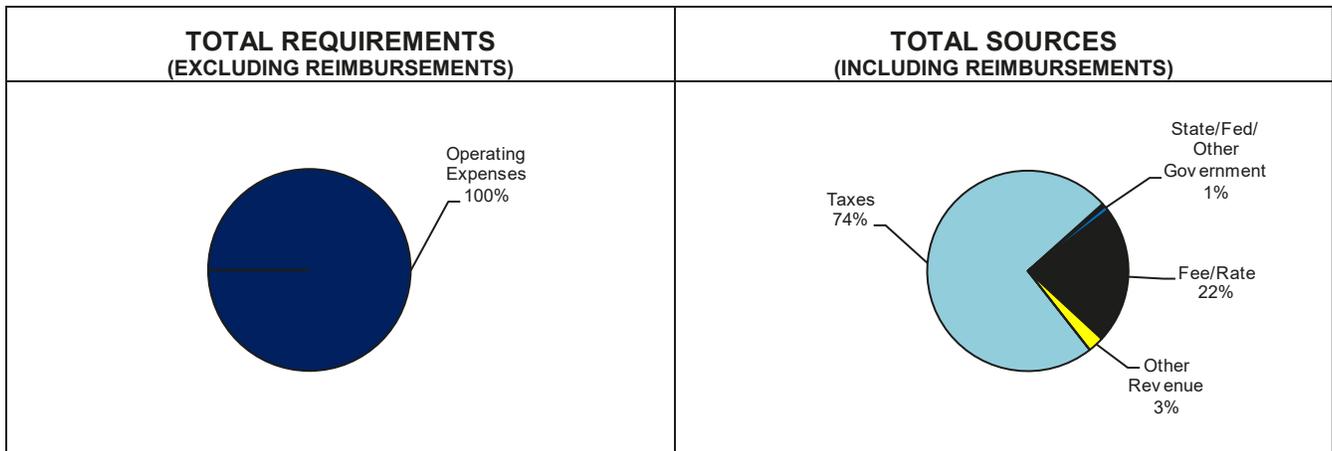

CSA 70 SL-4 Bloomington was established by the County of San Bernardino Board of Supervisors on August 22, 2006 when voters approved an annual service charge of \$247.00 per parcel with a 2.5% inflationary increase for the operation of five streetlights in the community of Bloomington. The service charge was reduced in 2012-13 to \$100.00 per parcel, with no inflationary factor, as there was sufficient Fund Balance. In 2016-17, the 2.5% annual inflationary increase was restored. The service charge for 2018-19 is \$107.69 per parcel and will be billed on 31 parcels.

CSA 70 SL-5 Muscoy was established by the County of San Bernardino Board of Supervisors on June 5, 2007 when voters approved an annual service charge of \$18.00 per parcel with a 2.5% inflationary increase for the operation of 204 streetlights in the community of Muscoy. The service charge for 2018-19 is \$20.36 per parcel and will be billed on 2,210 parcels.

CSA SL-1 Countywide was established by the County of San Bernardino Board of Supervisors on December 27, 1965. This CSA receives property taxes to fund the operation of 3,534 streetlights in various communities throughout the County.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$771,207 provide for the costs of maintaining and managing ten streetlight districts. These costs include utilities, lease of street lamps, and administrative support charges.

Sources of \$1.0 million primarily represent revenue from property taxes and voter-approved service charges.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$30,482 primarily for increased lease costs of street lamps. Sources are increasing by \$134,281 primarily due to increased revenue from property taxes and service charges.

ANALYSIS OF FUND BALANCE

A total of six streetlight districts are budgeting the Use of Fund Balance to support ongoing costs. It is the department's practice that when Available Reserves exceed 25% of Requirements, Fund Balance may be used for operating costs. However, two of these six districts are under the 25% reserve threshold:

- CSA 30 Red Mountain
- CSA 70 SL-3 Mentone

The department will review the operations of these two districts and make adjustments (reduce expenses and/or increase revenue) needed to eliminate continued reliance on Fund Balance for ongoing costs.

The other four streetlight districts are budgeting a Contribution to Fund Balance in order to set aside funding for significant, one-time expenditures in the future. All four of these districts exceed the 25% reserve threshold.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with these budget units.

Big Bear Valley Recreation and Park District

DESCRIPTION OF MAJOR SERVICES

The Special Districts Department provides for the management, funding, and maintenance of Big Bear Valley Recreation and Park District (District), which includes the Big Bear Alpine Zoo (Zoo). Services are funded primarily through revenue from property taxes and park fees.

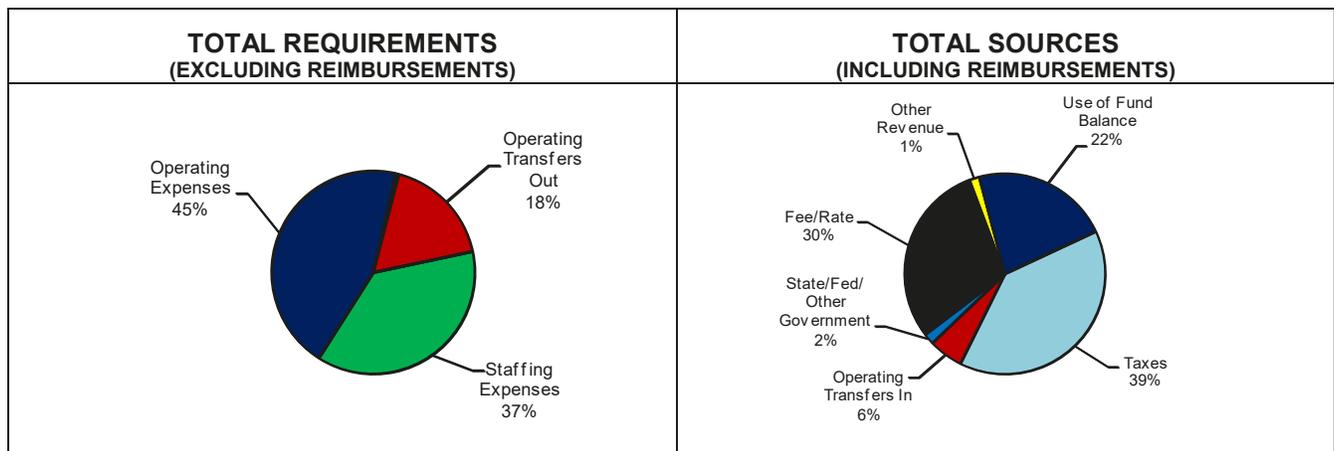

Budget at a Glance

Total Requirements (Excl. Reimb.)	\$5,393,345
Total Sources (Incl. Reimb.)	\$4,195,207
Use of/ (Contribution to) Fund Balance	\$1,198,138
Total Staff	60

Big Bear Valley Recreation and Park District was established by the County of San Bernardino Board of Supervisors on April 23, 1934. The District currently maintains nine parks, several community buildings including the Big Bear Valley Senior Center, three ballfields, and a swim beach. The District serves approximately 80,000 park users annually.

The District also manages the Big Bear Alpine Zoo, which operates on 2.5 acres in the Moonridge area of Big Bear Valley. The Zoo is open year-round and receives approximately 87,000 visitors annually to see alpine species on exhibit. The District is in the process of relocating the Zoo to a new site located on Club View Drive in the City of Big Bear Lake. Projected opening of the new Zoo for the public is in 2018-19.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Total Requirements of \$5.4 million represent the costs of managing and maintaining the Big Bear Valley Recreation and Park District, including the Big Bear Alpine Zoo. These costs include Staffing Expenses (\$2.0 million) and Operating Expenses (\$2.4 million) consisting of facility maintenance and improvements, meals for the senior program, utilities, insurance, inventory purchased for resale, vehicle charges, various professional services, and administrative support. Additionally, Operating Transfers Out of \$950,000 primarily reflect transfers to the District's Capital Improvement Fund for the Big Bear Alpine Zoo Relocation Project (\$500,000) and Meadow Park Improvements (\$150,000).

Sources of \$4.2 million primarily represent revenue from property taxes and park fees.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$784,948 primarily due to negotiated salary increases and additional one-time costs related to the Big Bear Alpine Zoo relocation.

Sources are increasing by \$281,549 primarily due to increased property tax revenue of \$98,787 and additional Operating Transfers In of \$200,000 from the District's operating budget to assist with costs related to the Zoo relocation.

ANALYSIS OF FUND BALANCE

The District is budgeting the Use of Fund Balance of \$1.2 million for various one-time costs primarily related to relocation of the Big Bear Alpine Zoo.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Total Requirements of \$344,169 represent the costs of managing and maintaining the District. These costs consist of Staffing Expenses of \$49,466 and Operating Expenses of \$294,703 that include maintenance, utilities, recreational supplies, and administrative support charges. Sources of \$388,623 primarily consist of revenue from property taxes and park fees.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$36,553 primarily related to the addition of a Park Maintenance Worker I position. Sources are increasing by \$64,488 primarily from property taxes. Also, revenue from park fees are increasing as there are plans to offer new programming that is estimated to generate additional funding for the District.

ANALYSIS OF FUND BALANCE

For 2017-18, the District estimates a \$438,116 Contribution to Fund Balance due to proceeds received from the sale of Ayala Park. The 2018-19 budget reflects a Contribution to Fund Balance of \$44,454 primarily from increased revenue from property taxes and park fees. These funds will be available for future park activities and operational costs.

*Detailed classification listing available in Appendix D.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$49,466 fund 2 budgeted positions of which 1 is a regular position and 1 is a limited term position. The budget includes the following adjustments that result in no net change in budgeted staffing:

- Addition of 1 Park Maintenance Worker I. The District currently contracts for park maintenance services. Replacing the contract with this new position will allow for an on-site worker to provide service five days per week (rather than the contractor’s one day per week schedule) to better serve the public.
- Deletion of 1 Public Service Employee. With the addition of the Park Maintenance Worker I, this extra-help position will no longer be needed.

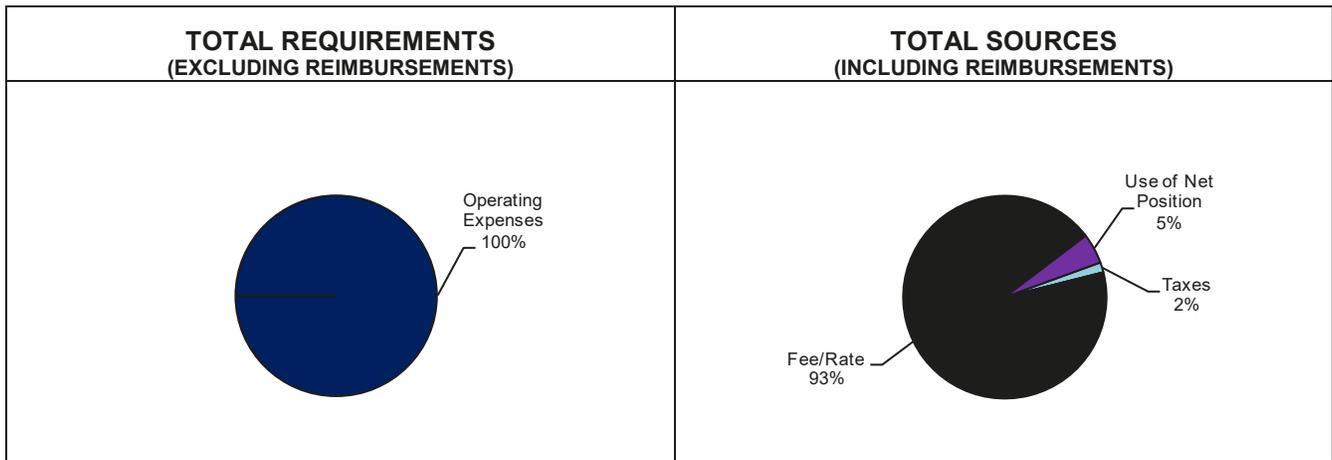

CSA 70 HL (Havasu Lake) Enterprise Fund

DESCRIPTION OF MAJOR SERVICES

County Service Area (CSA) 70, Zone HL was established by the County of San Bernardino Board of Supervisors on April 1, 1990 to provide refuse collection services within the community of Havasu Lake. This CSA is funded by annual service charges assessed on property within the district.

Note: Unlike governmental funds, the 2017-18 Modified Budget and Estimate columns do not include information on Estimated Net Position Available or Total Estimated Unrestricted Net Position because GAAP requires that internal service and enterprise funds include line items such as depreciation, which are not budgeted, in the Net Position calculation.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$76,649 are for the costs of providing refuse services, including administrative support charges. Sources of \$72,969 primarily represent revenue from special assessment service charges.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$4,427 for increased refuse service costs.

ANALYSIS OF NET POSITION

It is the department's practice that when the Estimated Net Position Available exceeds 25% of Requirements, Net Position may be used for operating costs. For 2018-19, CSA 70 HL exceeds the 25% threshold and therefore this budget includes the Use of Net Position to fund refuse services. The department will monitor the operations of this district and make adjustments, when needed, to eliminate continued reliance on Net Position for ongoing costs.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

Sanitation Districts Enterprise Funds – Consolidated

DESCRIPTION OF MAJOR SERVICES

CSA 42 Oro Grande was established by the County of San Bernardino Board of Supervisors on December 27, 1965 to provide sewer services. This CSA is funded by user fees and service charges on 197 Equivalent Dwelling Units (EDU). The sewage collection system is operated by the department, and the Victor Valley Wastewater Reclamation Authority (VWVRA) provides sewer services.

CSA 53B Fawnskin was established by the County of San Bernardino Board of Supervisors on January 2, 1968 to provide sewer services. This Zone, which provides sewer services to 1,260 EDUs, is funded by user fees and service charges. The sewage collection system is operated by the department and includes an innovative vacuum system. Sewage treatment is provided through a contract with the Big Bear Area Regional Water Agency (BBARWA).

CSA 64 Spring Valley Lake was established by the County of San Bernardino Board of Supervisors on December 30, 1968 to provide sewer services. This CSA, which provides service charges to 4,391 EDUs, is funded by property tax revenue, user fees, and service charges. The sewage collection system is operated by the department, and the VWVRA provides sewer services and maintains three lift stations.

CSA 70 BL Bloomington was established by the County of San Bernardino Board of Supervisors on November 19, 2013 to provide sewer services. This Zone, which is funded by user fees and service charges, is expected to provide services for 197 EDUs as a result of a low-income housing development. Sewage treatment is provided by the City of Rialto.

CSA 70 GH Glen Helen was established by the County of San Bernardino Board of Supervisors on August 17, 2004 to provide park and recreation, sewer, and streetlight services to the Glen Helen area. This Zone is funded by developer contributions, user fees, and service charges on 1,924 EDUs. This Zone provides sanitation services to the San Bernardino Sheriff's Department detention facility at Glen Helen, as well as a Master Planned community currently in development.

CSA 70 S-3 Lytle Creek was established by the County of San Bernardino Board of Supervisors on December 2, 1974 to provide sewer services. This Zone is funded by user fees and service charges to 801 EDUs. The Zone provides sanitation services to residents in the Lytle Creek Community and the U.S. Forest Service.

CSA 70 S-7 Lenwood was established by the County of San Bernardino Board of Supervisors on December 19, 1977 to provide sewer services. This Zone completed construction of a new sewer system to replace individual septic systems within Lenwood, but is limited to specific property owners who approved assessments to pay for the Zone's debt service. The City of Barstow performs routine maintenance of the system. This Zone is responsible for non-routine repairs.

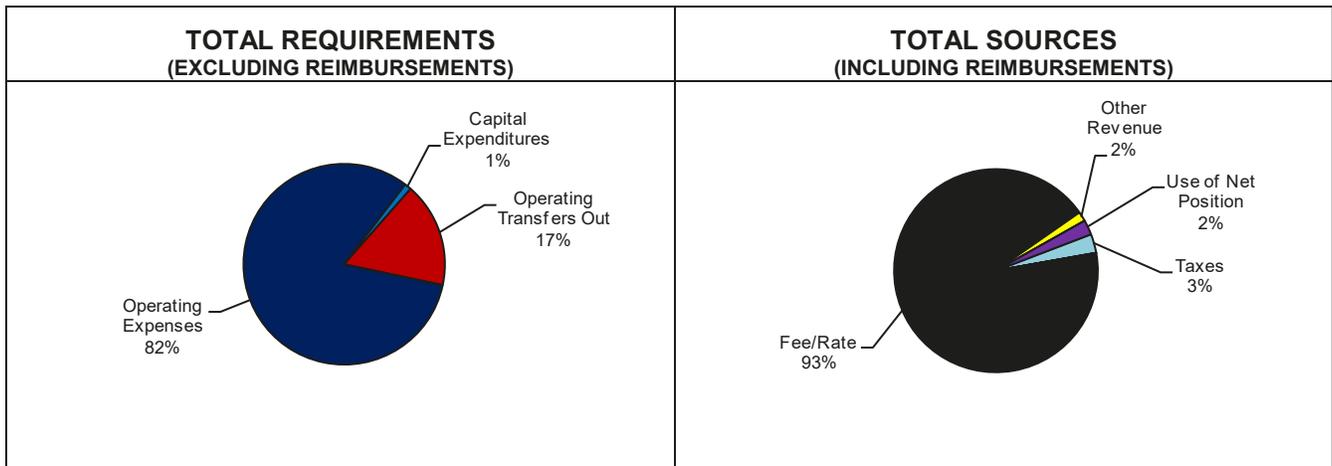

CSA 70 SP-2 High Country was established by the County of San Bernardino Board of Supervisors on May 20, 1985 to provide sewer services. This Zone is funded by user fees and service charges to 231 EDUs in the High Country Development tract of homes. Through an out-of-area service agreement with the City of Hesperia, the Zone also provides service to 517 EDUs within city boundaries.

CSA 79 Green Valley Lake was established by the County of San Bernardino Board of Supervisors on September 7, 1971 to provide sewer services. This CSA is funded by user fees and service charges to 1,227 EDUs. The sewage collection system and interceptor is operated by the department, with sewage treatment provided through a contract with Running Springs Water District (RSWD).

CSA 82 Searles Valley was established by the County of San Bernardino Board of Supervisors on June 28, 1976 to provide sewer services. On June 6, 2000, this CSA was combined with Zone SV-3 (Trona) and Zone SV-4 (Pioneer Point) through the Board of Supervisors' Resolution No. 2000-132. The combined CSA 82 is funded primarily by property tax revenue, user fees, and service charges to 750 EDUs.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$9.2 million include Operating Expenses of \$7.5 million to maintain and manage ten sanitation districts. These expenses include maintenance costs, utilities, various professional services, and administrative support charges. In addition, Operating Transfers Out of \$1.5 million primarily represent transfers to the Capital Replacement Reserve Fund for various sanitation districts.

Sources of \$8.9 million primarily represent revenue from property taxes, user fees, and service charges.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$591,302 largely due to reduced Operating Transfers Out to Capital Replacement Reserve for future capital improvement projects. Sources are increasing by \$508,129 primarily due to additional revenue generated from new sewer connections and Board-approved fee increases for certain sanitation districts.

ANALYSIS OF NET POSITION

A total of seven sanitation districts are budgeting the Use of Net Position for 2018-19. Of these seven, the following four districts are using Net Position for one-time costs (Operating Transfers Out to the Capital Replacement Reserve Fund):

- CSA 53B Fawnskin
- CSA 70 S-3 Lytle Creek
- CSA 70 Green Valley Lake
- CSA 83 Searles Valley

The other three districts budgeting the Use of Net Position, as follows, are using this funding source to support ongoing costs:

- CSA 42 Oro Grande
- CSA 70 GH Glen Helen
- CSA 70 S-7 Lenwood

The department will review the operations of these three districts and make adjustments (reduce expenses and/or increase revenue) needed to eliminate continued reliance on Net Position for ongoing costs.

The 2018-19 budget also reflects a Contribution to Net Position for the following three sanitation districts in order to set aside funds for significant, one-time expenses in the future:

- CSA 64 Spring Valley Lake
- CSA 70 BL Bloomington
- CSA 70 SP-2 High Country

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with these budget units.

Water Districts Enterprise Funds – Consolidated

DESCRIPTION OF MAJOR SERVICES

The Special Districts Department provides for the management, funding, and maintenance of water distribution systems throughout unincorporated areas of various County Service Areas (CSA) and Zones. Sources of funding include property taxes, service charges, and user fees.

Budget at a Glance

Total Requirements (Excl. Reimb.)	\$8,321,192
Total Sources (Incl. Reimb.)	\$6,608,832

CSA 42 Oro Grande was established by the County of San Bernardino Board of Supervisors on December 27, 1965 to provide water services. This CSA provides for the operation and maintenance of 142 water connections.

CSA 64 Spring Valley Lake was established by the County of San Bernardino Board of Supervisors on December 30, 1968 to provide water services. This CSA provides for the operation and maintenance of 3,897 water connections. The CSA maintains five wells, one booster station, and three water tanks.

CSA 70 CG Cedar Glen was established by the County of San Bernardino Board of Supervisors on July 12, 2005 to provide water services. This Zone provides for the operation and maintenance of 330 water connections. On September 15, 2009, the electorate of CSA 70 CG authorized an annual special tax of \$84 per parcel for repayment of loans in connection with the water system in the unincorporated area of Cedar Glen. The special tax is billed to 2,831 parcels within the district.

CSA 70 F Morongo Valley was established by the County of San Bernardino Board of Supervisors on September 20, 1971 to provide water services. This Zone provides for the operation and maintenance of 83 water connections. The CSA maintains three wells, one booster station, and a reservoir that stores 260,000 gallons of water.

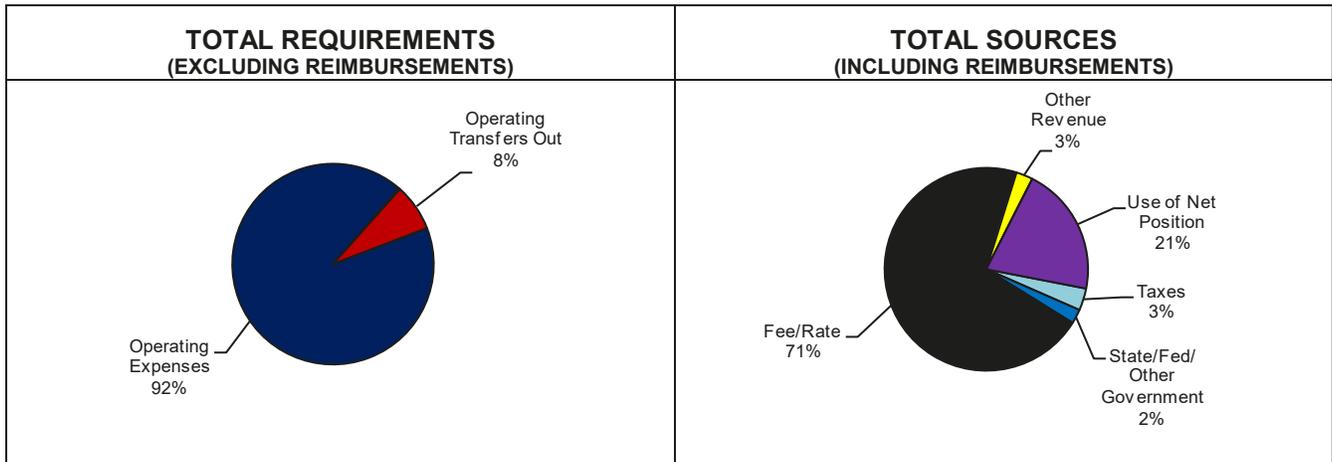

CSA 70 J Oak Hills was established by the County of San Bernardino Board of Supervisors on December 28, 1971 to provide water services. This Zone provides for the operation and maintenance of 3,282 water connections. The Zone maintains five wells, five booster stations, nine water storage reservoirs, and 130 miles of water pipelines ranging from 6 inches to 16 inches in diameter.

CSA 70 W-3 Hacienda was established by the County of San Bernardino Board of Supervisors on December 6, 1976 to provide water services. This Zone provides for the operation and maintenance of 165 water connections. The Zone maintains two wells, two booster stations, and two storage reservoirs.

CSA 70 W-4 Pioneertown was established by the County of San Bernardino Board of Supervisors on January 14, 1980 for water services. This Zone provides for the operation and maintenance of 120 water connections. The Zone maintains five wells and two storage reservoirs.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$8.3 million include Operating Expenses of \$7.7 million to maintain and manage seven water districts. These expenses include maintenance, utilities, mitigation costs, debt service payments for CSA 70 CG Cedar Glen, various professional services, and administrative support charges. Additionally, Operating Transfers Out of \$631,797 represent transfers to the Capital Replacement Reserve Fund for the following districts:

- CSA 42 Oro Grande (\$25,700)
- CSA 70 CG Cedar Glen (\$90,000)
- CSA 70 J Oak Hills (\$516,097)

Sources of \$6.6 million represent revenue primarily from user fees and service charges.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$590,108 primarily due to water meter replacement projects for CSA 64 Spring Valley Lake and CSA 70 J Oak Hills. Sources are increasing by \$162,959 primarily due to additional revenue from increased water consumption.

ANALYSIS OF NET POSITION

All seven water districts are budgeting the Use of Net Position for 2018-19. Of these seven, the following four districts are using Net Position almost entirely for one-time costs (primarily Operating Transfers Out to Capital Replacement Reserve and appropriation for two water meter replacement projects):

- CSA 42 Oro Grande
- CSA 64 Spring Valley Lake
- CSA 70 CG Cedar Glen
- CSA 70 J Oak Hills

The other three water districts, as follows, are using Net Position exclusively to support ongoing costs:

- CSA 70 F Morongo Valley
- CSA 70 W-3 Hacienda
- CSA W-4 Pioneertown)

The department will review the operations of these three districts and make adjustments (reduce expenses and/or increase revenue) needed to eliminate continued reliance on Net Position for ongoing costs.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with these budget units.

Capital Improvement Program

DESCRIPTION OF MAJOR SERVICES

The Capital Improvement Program (CIP) of the Special Districts Department is an internal planning tool to provide the Board of Supervisors with information to assist in the decision-making process of allocating limited resources for capital projects. The CIP provides for the acquisition, construction, reconstruction, fixtures and equipment, renovation, rehabilitation or replacement of facilities, equipment, and infrastructure with a life expectancy of at least five years and capital costs of \$5,000 or more. The program:

- Recommends priorities for capital projects based on capital improvement criteria for the department's general, parks, roads, sanitation, and water facilities/infrastructure.
- Performs long-range planning to:
 - Link department capital and operational budget plans to countywide strategic plans.
 - Conduct physical condition assessments through periodic surveys of facilities to identify major, large scale projects to repair and rehabilitate department assets.
 - Identify opportunities for energy efficiencies, life-cycle increases, and maintenance operating cost reductions.
 - Recognize future infrastructure needs.
 - Develop formal estimates of costs and seek adequate project funding.

CIP projects extend the useful life of facilities, ensure continued service of infrastructure, and decrease operating expenses in some cases.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

A total of 74 projects with an aggregate amount of \$42.9 million are included in the 2018-19 CIP budget. The most significant of these projects are:

- Big Bear Alpine Zoo Relocation – \$5.5 million for continued construction of a new zoo located on Club View Drive in the City of Big Bear Lake. The new zoo, which is scheduled for completion in 2018-19, will improve the size and quality of inhabitant enclosures, health and welfare of each animal and overall visitor experience at the facility.
- CSA 70 Water and Sanitation Office Relocation – \$1.4 million to purchase and remodel a new office building in the High Desert for the department's Water and Sanitation Division (Division). The department currently leases a building that has insufficient space for the Division's existing needs.
- Lake Gregory Dam – \$9.2 million for continued rehabilitation of the Lake Gregory Dam. This project has a number of elements that include: repair and expansion of the Dam's buttress installation of a new lake outlet/drain valve, sedimentation removal, and floodwater retention basin construction. Potential funding of \$2.7 million from the County General Fund is included in the 2018-19 Recommended Budget for this project. The project is scheduled for completion in 2018-19.
- Snowdrop Road Paving Project – \$6.7 million for design and construction of a two-mile stretch of new road (Snowdrop Road) in the Rancho Cucamonga area. The project will be funded by voter-approved special assessment taxes authorized by the Board of Supervisors on March 13, 2018 (Item No. 65).
- CSA 70 CG Cedar Glen – \$2.4 million for water system improvements. The project, which includes construction of water pipelines, a production well and reservoir, is needed to provide additional fire protection and potable water for the residents of Cedar Glen.

- CSA 70 W-4 Pioneertown – \$5.2 million for design and construction of a 3.5 mile water pipeline, 75,000 gallon reservoir, and 200 gallon-per-minute pump station. This project will enhance the water distribution and storage infrastructure needed to provide an improved, quality water source for the residents of Pioneertown.

A complete list of the department’s CIP projects budgeted for 2018-19 is presented on the following pages.

Reserves

DESCRIPTION OF MAJOR SERVICES

The Special Districts Department has established several reserves to provide a mechanism for funding future infrastructure needs and other significant one-time expenditures, while promoting financial stability by reducing reliance on indebtedness.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements include the following Operating Transfers Out:

Special Revenue Funds

- \$2.0 million to CSA 70 Countywide for the one-time purchase of permanent water rights and related mitigation costs.
- \$399,793 to the CSA 70 Countywide CIP Fund for costs related to the department's Water and Sanitation office relocation.

Enterprise Funds

- \$550,651 to the CSA 70 J Oak Hills Capital Improvement Program (CIP) Fund to assist with construction of Reservoir 3A (\$500,000) and water line extensions at Elm Street (\$50,651).

Sources primarily represent Operating Transfers In of \$2.0 million from the operating funds of various Water and Sanitation Districts for future capital replacement/expansion projects.

A complete list of reserves managed by the department is presented on the following pages.

Fire Administration

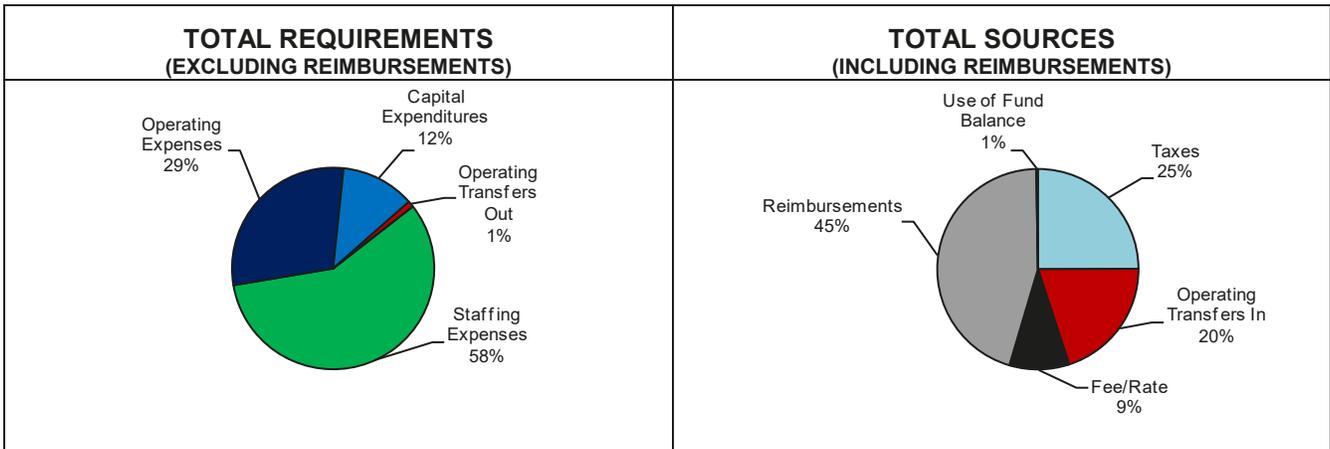

DESCRIPTION OF MAJOR SERVICES

The San Bernardino County Fire Protection District (County Fire) covers 19,278 square miles and serves more than 60 communities/cities within four Regional Service Zones (Mountain, North Desert, South Desert and Valley), including the City of Grand Terrace, City of Needles, City of San Bernardino, City of Twentynine Palms, City of Upland and the Town of Yucca Valley. Additionally, County Fire provides contractual fire protection services to four cities: Adelanto, Victorville, Hesperia, and Fontana (via its independent fire protection district). County Fire responds to approximately 84,000 calls for service annually.

County Fire is a community-based, all hazard emergency services organization providing emergency mitigation and management for fire suppression, emergency medical services (paramedic and non-paramedic), ambulance services, hazardous materials (HAZMAT) response, arson investigation, technical rescue including water borne, flooding and mudslide, winter rescue operations, hazard abatement, and terrorism/weapons of mass destruction. Services and specialized programs include helicopter rescue, dozer, fire/hazard abatement hand crews, air transport, and honor guard. As part of disaster preparation, response, and mitigation, the Office of Emergency Services provides support and assistance to the 24 cities and towns, as well as all the unincorporated portions of the County. The field functions are supported by a countywide management system that includes organizational business practices, human resources, financial and accounting services, vehicles services and support, and equipment warehousing and distribution. County Fire also provides for the management of community safety services such as fire prevention, building construction plans and permits, household hazardous waste, local oversight and collection program for hazardous materials, HAZMAT facility inspections, planning and engineering, and public education and outreach.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$23.8 million include the following:

- Staffing Expenses of \$25.1 million for 230 budgeted positions to provide administrative, finance, fire prevention, training, and other services for County Fire.
- Operating Expenses of \$12.7 million to fund various services primarily related to hazard abatement, fire prevention, airborne search and rescue, training, equipment and maintenance, warehouse, vehicles, specialized programs and communication services.
- Capital Expenditures of \$5.1 million reflect County Fire’s agency-wide replacement plan for vehicles, engines, apparatus, and other major equipment purchases.
- Reimbursements of \$19.6 million reflect transfers in from County Fire’s Regional Service Zones, Office of the Fire Marshal, and the Office of Emergency Services to fund various costs including: fleet, fire prevention and administrative support services; vehicle and equipment replacement; uniform purchases; and training.

Sources of \$23.7 million include the following:

- Property tax revenue of \$10.8 million
- Operating Transfers In of \$8.7 million:
 - \$7.8 million from the County General Fund to assist with vehicle replacement, helicopter/air ambulance costs, and various hand crew programs.
 - \$873,311 from County Fire set-asides for capital projects and other one-time costs.
- Fee/Rate revenue of \$4.0 million primarily from:
 - Fees and permits related to fire safety/fire prevention services (\$2.5 million).
 - The REACH contract (an air medical transport provider) that offsets the cost of County Fire staff providing air medical services resulting from annexation of the City of Upland fire services (\$1.3 million).

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$1.8 million, which include these significant changes:

- \$1.7 million increase in Staffing Expenses due to negotiated salary increases and seven additional positions.
- \$738,675 decrease in Capital Expenditures primarily due to less equipment and capitalized software purchases.
- \$826,669 decrease in Reimbursements primarily due to a reduction in transfers from County Fire’s Regional Service Zones for the replacement of vehicles and apparatus.

Sources are increasing by \$1.7 million, which include these significant changes:

- \$1.1 million increase in revenue from property taxes based on 2017-18 estimates and approximately 3% increase.
- \$1.1 million decrease in Fee/Rate revenue primarily from the REACH contract, an abatement services agreement with the Land Use Services Department, and fire prevention fees based on current services provided.
- \$1.9 million increase in Operating Transfers In as follows:
 - \$2.4 million increase from the County General Fund primarily to assist with the replacement of vehicles and apparatus.
 - \$426,352 decrease from County Fire set-asides primarily due to a reduction in capitalized software purchases.

ANALYSIS OF FUND BALANCE

This budget includes the Use of Fund Balance of \$114,000 for a capital project to provide heating at County Fire’s Warehouse/Vehicle Services Shop.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$25.1 million fund 230 budgeted positions of which 202 are regular positions and 28 are limited term positions. Budgeted Staffing is increased by 7 positions as follows:

- Addition of 5 EMS Flight Nurses for medical air transport services as part of the REACH (Helicopter Program) contract acquired through the annexation of the City of Upland Fire Department. The Board of Directors for County Fire approved these positions on July 11, 2017 (Item No. 47). The costs of these positions are funded by contract revenue.
- Addition of 2 Public Service Employees for temporary assistance with ambulance billing and other clerical duties.

Mountain Regional Service Zone

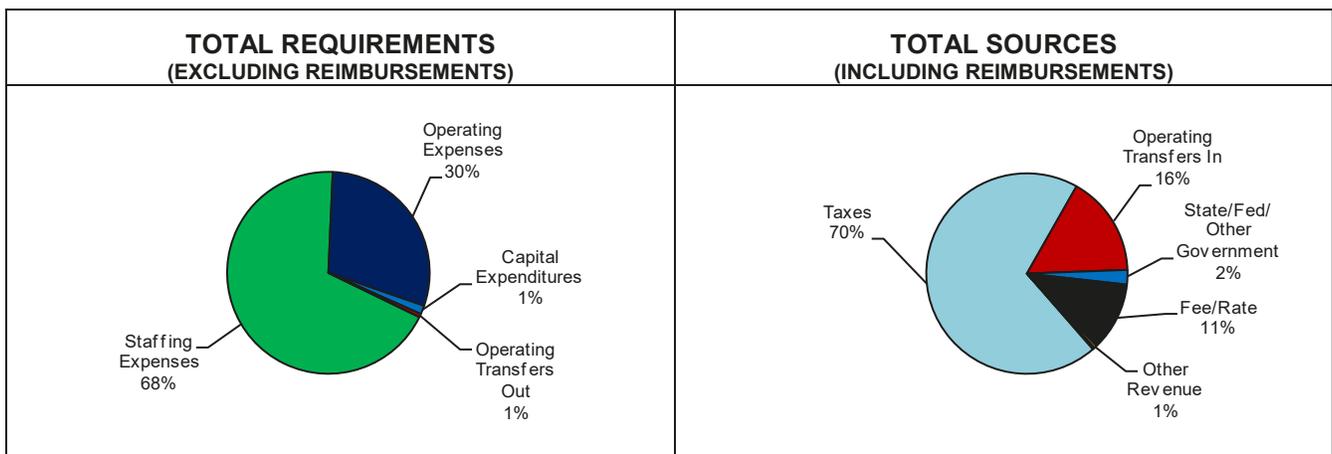

DESCRIPTION OF MAJOR SERVICES

The Mountain Regional Service Zone was formed through a reorganization process effective July 1, 2008 per Local Agency Formation Commission Resolution 2997. This regional service zone provides fire protection services to the areas of Angelus Oaks (Station #98), Fawnskin (Station #96), Forest Falls (Station #99), Green Valley Lake (Station #95), Lake Arrowhead (Stations #91, #92, #93 and #94) and Crest Forest (#24, #25, #26, #28, #29 and #30). Ambulance transport services are provided to the Lake Arrowhead community from Stations #91, #92 and #94, as well as the Crestline community from Stations #25 and #26. Additionally, there are two voter approved special tax paramedic service zones that provide funding for services to the mountain communities.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$20.3 million include the following:

- Staffing Expenses of \$13.9 million to provide fire protection, paramedic, ambulance transport, and administrative services to this regional service zone.
- Operating Expenses of \$6.0 million for operations of 14 fire stations including facility costs and improvements, vehicle services charges, COWCAP, and various other services/supplies.
- Capital Expenditures of \$282,300 for various improvement projects and small vehicle purchases.

Sources of \$20.2 million include the following:

- Property tax revenue of \$14.1 million based on 2017-18 estimates and approximately 3% increase.
- Fee/Rate revenue of \$2.3 million from ambulance services and special taxes.
- Operating Transfers In of \$3.3 million:
 - \$1.3 million from County Fire set-asides for various facility improvements and vehicle purchases.
 - \$2.0 million from the County General Fund to assist with operational costs of this regional service zone.

Within the Mountain Regional Service Zone are two Paramedic Service Zones (PM-1 Lake Arrowhead and PM-4 Crestline) that are funded by voter approved special taxes. The details of each service zone are as follows:

Service Zone PM-1 Lake Arrowhead provides supplemental funding to support paramedic services to the community of Lake Arrowhead. These services are funded through a voter approved special tax authorized by the Board of Supervisors in September 1986 (originally under CSA 70 Zone PM-1). The special tax was originally approved at \$10 per parcel, but was increased to the not to exceed amount of \$17 per parcel through voter approval

in June 1991. For 2018-19, \$304,288 of revenue is budgeted from this special tax. Services are provided through Fire Stations #91, #92 and #94.

Service Zone PM-4 Crestline provides supplemental funding to support paramedic services to the communities in and around Crestline. These services are funded through a special tax approved by the voters on May 21, 1991 and imposed by the Board of Directors in May 1992 (formerly PM-A with Crest Forest Fire Protection District before annexation). The amount of the per parcel special tax is \$24.50 (Undeveloped Parcel), \$39.50 (Individual Dwelling Unit) and \$45.00 (Commercial Unit). This special tax does not include an inflationary factor or cost of living increase. For 2018-19, \$396,574 of revenue is budgeted from this special tax. Services are provided through Fire Stations #25 and #26.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$2.4 million, which include the following:

- \$933,886 increase in Staffing Expenses primarily due to negotiated salary increases and retirement costs.
- \$3.1 million decrease in Operating Expenses due to a reduction in transfers to County Fire Administration for the replacement of vehicles and apparatus, as well as decreased insurance costs.

Sources are increasing by \$391,045, which include the following:

- \$679,543 increase in property tax revenue based on 2017-18 estimates and approximately 3% increase.
- \$413,328 decrease in Operating Transfers In primarily due to a reduced allocation from the County General Fund.

ANALYSIS OF FUND BALANCE

This budget includes the Use of Fund Balance of \$40,000 to install a hot edge gutter system at Station #25.

North Desert Regional Service Zone

DESCRIPTION OF MAJOR SERVICES

The North Desert Regional Service Zone was formed through a reorganization process effective July 1, 2008 per Local Agency Formation Commission resolution 2997. This regional service zone provides fire protection and paramedic services to the areas of Spring Valley Lake (Station #22), Summit Valley (Station #48), Lucerne Valley (Station #8), Lucerne Valley – East (Station #7), Silver Lakes (Station #4), Phelan (Station #10), Wrightwood (Station #14), Pinon Hills (Station #13), El Mirage (Station #11), Baldy Mesa (Station #16), Mt. View Acres (Station #37), Harvard (Station #52), Baker (Station #53), Hinkley (Station #56) and Searles Valley (Station #57). Fire protection services are also provided to the cities of Adelanto (Station #322), Victorville (Stations #311, #312, #313 and #314) and the Hesperia Fire Protection District (Stations #302, #304 and #305) through service contracts. Ambulance transport services are provided in Lucerne Valley, Searles Valley, Baker and Wrightwood. Additionally, there are four voter approved special tax fire protection zones that provide funding for services to the communities of Red Mountain, Windy Acres, El Mirage, and Helendale/Silver Lakes.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$54.3 million include the following:

- Staffing Expenses of \$36.3 million to provide fire protection, paramedic, ambulance transport, and administrative services to this regional service zone.
- Operating Expenses of \$18.2 million for operations of 23 fire stations including facility costs and improvements, vehicle services, COWCAP, and various other services/supplies.
- Operating Transfers Out of \$1.3 million primarily reflect \$1.1 million of special taxes from Service Zone FP-5 (Helendale/Silver Lakes) to the North Desert Regional Service Zone's operating fund.

Sources of \$53.9 million include the following:

- Property tax revenue of \$8.4 million based on 2017-18 estimates and approximately 3% increase.
- Fee/Rate revenue of \$32.5 million from fire protection contracts, ambulance services and special taxes.
- Operating Transfers In of \$12.3 million:
 - \$10.6 million from the County General Fund to support operational costs of this regional service zone.
 - \$1.1 million from Service Zone FP-5 (Helendale/Silver Lakes) special taxes.
 - \$558,860 from County Fire set-asides for various facility improvements.

There are four Fire Protection Service Zones (Service Zones) within the North Desert Regional Service Zone (FP-1 Red Mountain, FP-2 Windy Acres, FP-3 El Mirage, and FP-5 Helendale/Silver Lakes) that are funded by voter approved special taxes. Details of each service zone follows:

Service Zone FP-1 Red Mountain provides fire protection services to the community of Red Mountain. These services are funded by a special tax originally authorized by the Board of Supervisors in December 1964 (originally under CSA 30 Zone FP-1). The per parcel special tax, which must not exceed \$332 annually as approved by the voters in May 1985, is \$192.47 for 2018-19. Budgeted revenue from this special tax is \$11,057. In addition, County Fire receives a General Fund allocation of \$409,499 for fire protection services to this service zone. These services are provided by the Kern County Fire Department through a contract with County Fire.

Service Zone FP-2 Windy Acres provides fire protection services to the community of Windy Acres. These services are funded by a special tax originally authorized in January 1985 by the Board of Supervisors (originally under CSA 70 Zone FP-2). The per parcel special tax, which must not exceed \$407 annually as approved by the voters in May 1985, is \$90.04 for 2018-19. Budgeted revenue from this special tax is \$8,203. In addition, County Fire receives a General Fund allocation of \$409,500 for fire protection services to this service zone. These services are provided by the Kern County Fire Department through a contract with County Fire.

Service Zone FP-3 El Mirage provides fire protection services to the community of El Mirage. These services are funded by a special tax originally authorized by the Board of Supervisors in March 1987 (originally under CSA 38 N Zone FP-3). The per parcel special tax is \$9.00 per year with no annual inflationary rate as approved by the voters in July 1987. For 2018-19, \$28,918 of revenue is budgeted from this special tax. Services are provided through Fire Stations #11 and #322.

Service Zone FP-5 Helendale/Silver Lakes provides fire protection and paramedic services to the community of Helendale/Silver Lakes. These services are funded by a special tax originally authorized by the Board of Supervisors in April 2006 (originally under CSA 70 Zone FP-5). The per parcel special tax, as approved by the voters in August 2006, was initially \$117 with annual cost of living increases of up to 3%. The special tax rate for 2018-19 is \$157.26. Budgeted revenue from this special tax is \$1.1 million. Services are provided through Fire Station #4.

Within the North Desert Regional Service Zone, County Fire provides contract services to the cities of Adelanto, Victorville and the Hesperia Fire Protection District.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$252,795 primarily due to the following:

- \$2.1 million decrease due to County Fire no longer contracted by the City of Victorville to provide services at the Southern California Logistics Airport.
- \$2.0 million increase for negotiated salary increases and retirement costs.

Sources are increasing by \$893,633 primarily due to the following:

- \$862,234 increase in property tax revenue based on 2017-18 estimates and approximately 3% increase.
- \$128,287 decrease in Fee/Rate revenue:
 - \$2.1 million less from the City of Victorville as County Fire will no longer be contracted to provide services at the Southern California Logistics Airport.
 - \$2.0 million of additional revenue projected from ambulance services and contract cities.

ANALYSIS OF FUND BALANCE

This budget includes the Use of Fund Balance of \$386,519 for the following projects:

- \$306,519 for the addition of bathrooms at Station #14.
- \$80,000 to replace a water tank at Station #52.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$20.1 million include the following:

- Staffing Expenses of \$12.7 million to provide fire protection, paramedic, ambulance transport, and administrative services to this regional service zone.
- Operating Expenses of \$4.7 million for operations of 13 fire stations including facility costs and improvements, equipment, vehicle services, and various other services/supplies.
- Operating Transfers Out of \$2.6 million primarily reflect special taxes transferred from Service Zone FP-5 – Twentynine Palms (\$2.1 million) and Service Zone FP-5 – Needles (\$363,801) to the South Desert Regional Service Zone's operating fund.

Sources of \$20.0 million include the following:

- Property tax revenue of \$7.2 million.
- Fee/Rate revenue of \$4.7 million from ambulance services and special assessments.
- Operating Transfers In of \$7.2 million:
 - \$4.6 million from the County General Fund to assist with operational costs of this regional service zone.
 - \$2.5 million from Service Zone FP-5 special taxes.
 - \$66,500 from County Fire set-asides for a capital improvement project at Station #18.

There are four fire Protection Service Zones (Service Zones) within the South Desert Regional Service Zone (FP-4 Wonder Valley, FP-6 Havasu Lake, FP-5 Needles and FP-5 Twentynine Palms) that are funded by voter approved special taxes. Details of each service zone are as follows:

Service Zone FP-4 Wonder Valley provides fire protection services to the community of Wonder Valley. These services are funded through a special tax originally authorized by the Board of Supervisors on June 7, 2005 (originally under CSA 70 M Zone FP-4) in the amount of \$30 per parcel with an annual 1.5% cost of living increase. The special tax rate for 2018-19 is \$35.34 per parcel, with budgeted revenue of \$144,343. Services are provided through Fire Station #44.

Service Zone FP-5 Needles special tax was originally approved by the Board of Supervisors in April 2006 (originally under CSA 70 Zone FP-5). With the approval of LAFCO 3206, Needles was annexed into County Fire's South Desert Regional Service Zone. The annexation included a special tax (FP-5) for funding of fire protection and emergency medical response services within Needles. This special tax includes an annual inflationary rate of up to a maximum 3% increase. The special tax rate for 2018-19 is \$157.26 per parcel, with budgeted revenue of \$363,801. Services are provided through Fire Station #32.

Service Zone FP-5 Twentynine Palms special tax was originally approved by the Board of Supervisors in April 2006 (originally under CSA 70 Zone FP-5). With the approval of LAFCO 3200, Twentynine Palms was annexed into County Fire's South Desert Regional Service Zone. The annexation included a special tax (FP-5) for funding of fire protection and emergency medical response services within Twentynine Palms. This special tax includes an annual inflationary rate of up to a maximum 3% increase. The special tax rate for 2018-19 is \$157.26 per parcel, with budgeted revenue of \$2.1 million. Services are provided through Fire Station #44.

Service Zone FP-6 Havasu Lake provides fire protection services to the community of Havasu Lake. These services are funded through a special tax, originally authorized by the Board of Directors of the San Bernardino County Fire Protection District in February 2009, in the amount of \$113.49 per parcel with a maximum annual cost of living increase of 3% as approved by the voters in May 2009. For 2018-19, the special tax rate is \$139.59 per parcel, with budgeted revenue of \$182,832. Services are provided through Fire Station #18.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$331,231, which includes these significant changes:

- \$503,101 increase in Staffing Expenses for negotiated salary increases and retirement costs.
- \$1.0 million decrease in Operating Expenses due to a reduction in transfers to County Fire Administration for the replacement of vehicles and apparatus.

Sources are increasing by \$839,912, which includes these significant changes:

- \$883,231 increase in property tax revenue based on 2017-18 estimates and approximately 3% increase.
- \$81,237 increase in State/Federal/Other Government revenue from the Intergovernmental Transfer (IGT) program that provides funding for Medi-Cal Managed Care costs related to ambulance services.
- \$189,723 increase in Fee/Rate revenue primarily from ambulance fees.
- \$301,967 decrease in Operating Transfers In as follows:
 - \$424,000 decrease from the County General Fund for operational costs.
 - \$122,033 increase of special taxes from Service Zone FP-5 – Twentynine Palms and Service Zone FP-5 – Needles for the South Desert Regional Service Zone's operating fund.

ANALYSIS OF FUND BALANCE

This budget includes a Use of Fund Balance of \$124,000 for several small capital improvement projects at various fire stations.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$118.9 million include the following:

- Staffing Expenses of \$65.7 million to provide fire protection, paramedic, and administrative services to this regional service zone.
- Operating Expenses of \$38.8 million for operations of 30 fire stations including facility costs and improvements, vehicle services and replacement, and various other services/supplies. Included in this amount are transfers to the County's Capital Improvement Program for the replacement/relocation of Station #2 in the Devore area (\$6.0 million) and replacement of Station #229 in the City of San Bernardino (\$6.9 million).
- Capital Expenditures of \$2.8 million for various improvement projects and equipment purchases.
- Operating Transfers Out of \$13.7 million primarily reflect the following transfers of special taxes to the Valley Regional Service Zone's operating fund:
 - \$9.0 million from Service Zone FP-5 – San Bernardino (\$7.3 million for operations and \$1.7 million for partial funding of Station #229 replacement).
 - \$3.4 million from Service Zone FP-5 – West Valley.
 - \$1.0 million from Community Facilities District 1033 - San Bernardino.

Sources of \$109.9 million include the following:

- Property tax revenue of \$44.3 million.

- Fee/Rate revenue of \$42.3 million primarily from the Fontana Fire Protection District contract (\$29.5 million), as well as special taxes for Service Zone FP-5 – San Bernardino (\$7.7 million), Service Zone FP-5 – West Valley (\$3.6 million) and Community Facilities District 1033 - San Bernardino (\$1.0 million).
- Other Revenue of \$6.2 million primarily represents proceeds of bonds issued by Community Facilities District 2006-1 (Lytle Creek North) to fund the replacement and relocation of Fire Station #2 in the Devore area. Due to proximity of the Rosena Ranch development, the existing fire station location and size are insufficient to service the area.
- Operating Transfers In of \$16.9 million include the following transfers to the Valley Regional Service Zone's operating fund:
 - \$9.0 million from Service Zone FP-5 - San Bernardino (\$7.3 million for operations and \$1.7 million for partial funding of Station #229 replacement).
 - \$3.4 million from Service Zone FP-5 – West Valley for operations.
 - \$1.0 million from Community Facilities District 1033 – San Bernardino for operations.
 - \$3.5 million from County Fire set-asides for partial funding of Station #229 replacement funded by a San Manuel Indian Tribe contribution.

Within the Valley Regional Service Zone are two Paramedic Service Zones (PM-2 Highland and PM-3 Yucaipa), two Fire Protection Service Zones (FP-5 City of San Bernardino and FP-5 West Valley), and three Community Facilities Districts (CFD 1033 – City of San Bernardino, CFD 2002-2 – Fontana Fire Protection District, and CFD 2006-1 – Lytle Creek North) that are funded by voter approved special taxes. The following is more detail of these Service Zones and Community Facilities Districts:

Service Zone PM-2 Highland provides paramedic services to the unincorporated area of Highland and San Bernardino. These services are funded through a voter approved special tax, authorized by the Board of Supervisors in July 1985 (originally under CSA 38 L Zone PM-2), in the not to exceed amount of \$19 per residential unit and \$38 per commercial unit, with no annual inflationary rate increases. For 2018-19, revenue of \$105,013 is budgeted from this special tax.

Service Zone PM-3 Yucaipa provides paramedic services to the unincorporated area of Yucaipa through a contract with the City of Yucaipa. These services are funded through a voter approved special tax, which was authorized by the Board of Supervisors in December 1986 (originally under CSA 38 M Zone PM-3), in the not to exceed amount of \$24 per residential unit and \$35 per commercial unit, with no annual inflationary increase. For 2018-19, revenue of \$9,421 is budgeted from this special tax. The City of Yucaipa detached from this service zone in July 1999.

Service Zone FP-5 San Bernardino special tax was originally approved by the Board of Supervisors in April 2006 (originally under CSA 70 Zone FP-5). With the approval of LAFCO 3198, the City of San Bernardino's Fire Department was annexed into County Fire's Valley Regional Service Zone. The annexation included a special tax to fund fire protection and emergency medical response services within the City of San Bernardino. This special tax includes an annual inflationary increase of up to 3%. For 2018-19, the FP-5 special tax rate is \$157.26 per parcel, with budgeted revenue of \$7.7 million. Services are provided through Stations #221, #222, #224, #225, #226, #227, #228, #229, #231, #232 and #233.

Service Zone FP-5 West Valley special tax was originally approved by the Board of Supervisors in April 2006 (originally under CSA 70 Zone FP-5). With the approval of LAFCO 3216, the City of Upland's Fire Department was annexed into County Fire's Valley Regional Service Zone. The annexation included a special tax to fund fire protection and emergency medical response services. This special tax includes an annual inflationary increase of up to 3%. For 2018-19, the FP-5 special tax rate is \$157.26 per parcel, with budgeted revenue of \$3.6 million. Services are provided through Stations #161, #163 and #164.

Community Facilities District (CFD) 1033 City of San Bernardino. In 2004, CFD 1033 was formed by the City of San Bernardino to provide funding for fire protection services in the City's Verdemon area through special taxes assessed on commercial parcels within the CFD. The administration of CFD 1033 was transferred from the City of San Bernardino to County Fire by issuance of the Certificate of Compliance for LAFCO 3198 in June 2016. For

2018-19, \$1.0 million of revenue is budgeted from special taxes generated within this CFD. Services are provided through Fire Station #232.

Community Facilities District (CFD) 2002-2 Fontana Fire Protection District. The County of San Bernardino Board of Supervisors formed CFD 2002-2 (originally under Central Valley Fire Protection District-Fire Protection Services) in August 2002 to ensure a financing mechanism to provide fire protection services within the boundaries of the area formerly known as Central Valley Fire Protection District, which is now part of the Fontana Fire Protection District as a result of the County Fire Reorganization LAFCO 3000 on July 1, 2008. This CFD authorizes a special tax levy each year of approximately \$565 per developed acre on new non-residential development within CFD 2002-2. For 2018-19, \$300,000 of revenue is budgeted from special taxes generated within this CFD.

Community Facilities District (CFD) 2006-1 Lytle Creek North was established by the County of San Bernardino Board of Supervisors on March 13, 2007. At the same time, the Board also adopted an ordinance authorizing the levying of special taxes annually to fund various services including fire protection in the Glen Helen area. For 2018-19, \$326,570 of revenue is budgeted from special taxes generated within this CFD to fund fire protection services. These services are provided through Station #2.

Within the Valley Regional Service Zone, County Fire provides contract fire suppression, fire prevention, emergency medical response, and emergency management services to the Fontana Fire Protection District.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$15.5 million, which include these significant changes:

- \$1.5 million increase in Staffing Expenses primarily due to negotiated salary increases and retirement costs.
- \$12.0 million increase in Operating Expenses primarily as follows:
 - \$9.7 million for transfers to the County's Capital Improvement Program for replacement of Station #229 in the City of San Bernardino (\$6.9 million) and various repair/improvement projects at several fire stations (\$2.8 million).
 - \$1.5 million of additional costs to provide fire protection services for the Fontana Fire Protection District.
 - \$226,725 increase in transfers to County Fire Administration for vehicle replacement.
- \$743,418 increase in Capital Expenditures primarily for replacement of a fire engine at Station #75. The cost of this vehicle will be reimbursed through Community Development Block Grant funds.
- \$1.9 million increase in Operating Transfers Out primarily due to \$1.7 million from Service Zone FP-5 – San Bernardino for partial funding of Station #229 replacement

Sources are increasing by \$10.0 million, which include these significant changes:

- \$2.3 million increase in revenue from property taxes and redevelopment dissolution pass-through funds based on 2017-18 estimates and approximately 3% increase.
- \$2.2 million increase in Fee/Rate revenue primarily from special taxes (\$781,933) and contract services for the City of Fontana (\$1.5 million).
- \$5.3 million in Operating Transfers In primarily as follows:
 - \$1.7 million from Service Zone FP-5 San Bernardino for partial funding for replacement of Station #229.
 - \$3.5 million from County Fire set-asides, by means of a contribution from the San Manuel Indian Tribe, for partial funding for replacement of Station #229.

ANALYSIS OF FUND BALANCE

This budget unit includes the Use of Fund Balance of \$9.0 million for several station repair and improvement projects. The most notable include:

- \$3.0 million for partial funding of Station #229 replacement (\$1.7 million from Valley operating fund and \$1.3 million from FP-5 San Bernardino fund).
- \$864,500 to rebuild the apparatus bay and roof at Station #76.
- \$700,000 to replace existing asphalt and concrete at Station #221.
- \$500,000 to replace existing asphalt and concrete at Station #224.
- \$436,732 for security upgrades at all stations.
- \$352,450 for new roof at Station #221.
- \$250,000 for new stucco and paint at Station #9.
- \$250,000 for remodel of bathrooms at Station #221.
- \$150,000 to replace roof at Station #231.
- \$150,000 for interior painting at Station #221.
- \$133,000 to replace roof at Station #163.
- \$133,000 for sewer connection system at Station #9.
- \$130,000 to build dorms at Station #227.
- \$122,360 for new roof at Station #228.
- \$112,970 for kitchen remodel at Station #76.
- \$104,750 for bathroom remodel at Station #76.
- \$100,000 for exterior painting at Station #221.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$65.7 million fund 335 budgeted positions of which 333 are regular positions and 2 are limited term positions. Budgeted Staffing is increased by 5 positions as follows:

- Addition of 3 Firefighter-EMT's to increase the level of service for the Fontana Fire Protection District. These positions, which are funded by contract revenue, were approved by the County Fire Board of Directors on October 17, 2017 (Item No. 30).
- Addition of 2 Public Service Employees to provide temporary assistance for various office-related duties.

Hazardous Materials

DESCRIPTION OF MAJOR SERVICES

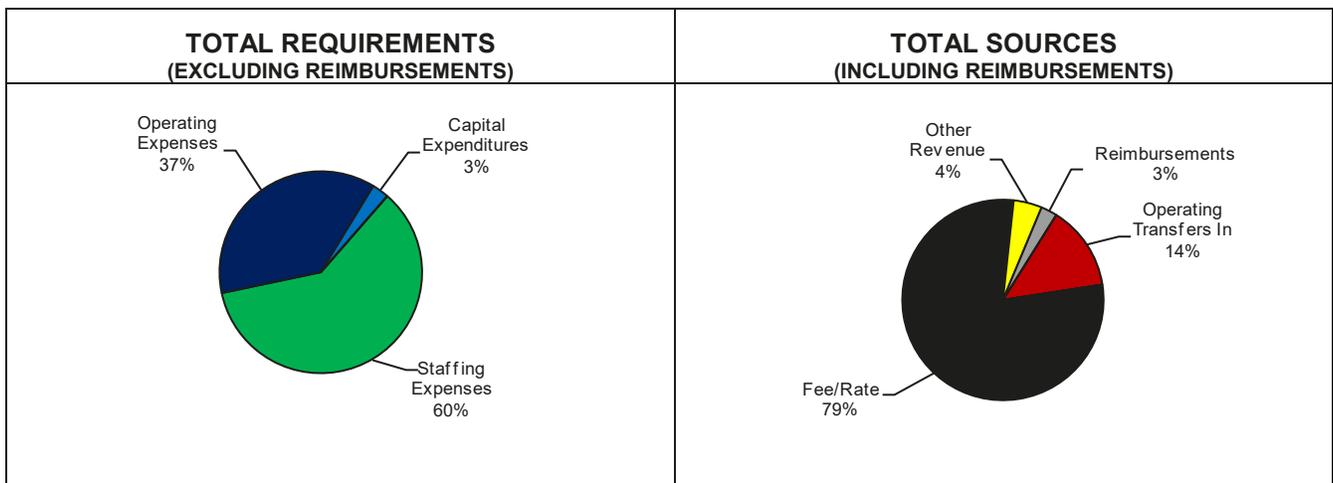

County Fire is a community-based, all hazard emergency services organization that provides for the oversight and regulation, pursuant to California Health and Safety Code requirements, of hazardous materials and wastes for businesses located within the County of San Bernardino. These businesses reside in incorporated cities and unincorporated areas within the County. The Hazardous Materials (HazMat) Division functions to protect the health and safety of the public and the environment of the County of San Bernardino by assuring that regulated businesses are properly managing, handling, and storing hazardous materials.

Total Requirements (Excl. Reimb.)	\$9,660,837
Total Sources (Incl. Reimb.)	\$9,660,837

The HazMat Division operates several programs that provide services through inspection, emergency response, site remediation, enforcement, and hazardous waste management services including:

- The Certified Unified Program Agency (CUPA), which implements six elements as one integrated program that inspects approximately 7,500 facilities annually to ensure the proper management of hazardous materials and wastes.
- The Underground Storage Tank (UST) Program focuses on annual hazardous materials inspections, including the construction, removal, operation, and monitoring of about 800 underground storage systems. As a result of annual inspections, infractions have led to the investigation and enforcement of non-compliant systems, which contributes to the efforts of removing potential contaminants and protecting ground water.
- The Hazardous Materials Response Team (HMRT) provides emergency response activities to, and investigation of, releases or threat of release of hazardous materials. This 24/7 HMRT responds to all types of hazardous material releases from businesses, residents, pipelines, tanker trucks and rail cars, special events, and illegal activities. Additionally, the HMRT coordinates with the County of San Bernardino District Attorney's Office in order to prosecute environmental offenders.
- Environmental Crimes Task Force coordinates all investigatory activity.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$9.4 million include Staffing Expenses of \$5.8 million to provide support, oversight, and regulation of all commercial hazardous materials and wastes within the County. Additionally, Operating Expenses of \$3.6 million represent costs for facilities, insurances, vehicle replacements, CONFIRE charges, professional services related to the digitized imaging system project, and various other services/supplies.

Sources of \$9.4 million primarily include Fee/Rate revenue of \$7.6 million from CUPA permit and inspection fees, hazmat emergency response fees, and other fees. In addition, Operating Transfers In of \$1.3 million are budgeted from County Fire set-asides to fund the digitized imaging system project and other one-time costs.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$912,506, which include these significant changes:

- \$595,263 increase in Staffing Expenses primarily for negotiated salary increases and retirement costs.
- \$266,721 increase in Operating Expenses primarily due to increases in facility costs, maintenance charges, rents/leases, and temporary help services.
- \$67,625 increase in Capital Expenditures primarily due to additional vehicle and equipment replacement purchases.

Sources are increasing by \$885,252 primarily due to an additional \$911,829 from Fee/Rate revenue. This increase is partially offset by a decrease of \$90,110 in Operating Transfers In from County Fire set-asides due to a consultant's fee study that concluded in 2017-18.

ANALYSIS OF FUND BALANCE

There is no budgeted Use of Fund Balance for 2018-19.

Household Hazardous Waste

DESCRIPTION OF MAJOR SERVICES

County Fire is a community-based, all hazard emergency services organization that provides a nationally recognized, award-winning Household Hazardous Waste (HHW) program for the management of hazardous waste generated by the communities in San Bernardino County. The program provides full service activities that include the collection, packaging, transportation, re-use, recycling, and ultimately environmentally safe disposal of hazardous waste. The program manages approximately four million pounds of hazardous waste mostly comprised of used paint, used oil, batteries, electronics, pesticides and other household chemicals that cannot be disposed of in the drain or at municipal landfills. The HHW program also conducts public education and activities geared to reducing or eliminating the negative impact of these hazardous wastes on public health and the environment. HHW contracts with every city and town in the County, except the City of Fontana who operates its own program, to make these services available to every County resident and small business.

Office of Emergency Services

DESCRIPTION OF MAJOR SERVICES

County Fire is a community-based, all hazard emergency services organization providing emergency management and disaster planning and coordination throughout the County through its Office of Emergency Services (OES). OES functions as the lead agency for the San Bernardino County Operational Area (OA). While County OES does not directly manage field operations, it ensures the coordination of disaster response and recovery efforts through day-to-day program management, and is instrumental in coordination during a disaster or emergency. As part of disaster preparation, response, and mitigation, OES specifically provides support and assistance to all 24 cities and towns, as well as all the unincorporated portions of the County. OES operates as the single point of contact for the California Office of Emergency Services (Cal OES) for all County Departments and activities. OES manages numerous grants including the Homeland Security Grant Program (HSGP), the Emergency Management Performance Grant (EMPG), and Urban Areas Security Initiative (UASI), amongst others. OES is also responsible for developing and implementing numerous countywide plans such as the Hazard Mitigation Plan, the Mass Care and Shelter Plan, and the Catastrophic Recovery Plan. OES also coordinates various task forces and boards, such as the County's Flood Area Safety Taskforce, the Reverse 9-1-1 system, and the County employee notification system.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$3.8 million include the following:

- Staffing Expenses of \$2.3 million to provide emergency management and disaster planning/coordination throughout the San Bernardino Operational Area.
- Operating Expenses of \$3.1 million for costs to support and assist 24 cities and towns within the County, as well as all the unincorporated portions of the County. Also included are operating costs for two facilities, COWCAP charges, professional services, grant related expenses, and various services/supplies.
- Reimbursements of \$1.7 million from the Cal OES Grant Programs budget unit to partially offset Staffing and Operating Expenses.

Sources of \$3.8 million represent the following:

- \$2.4 million allocation from the County General Fund to assist with operational costs of OES.
- \$1.4 million in grant funds under the following programs:
 - Prepare Communities for Complex Coordinated Terrorist Attacks (\$1.2 million).
 - Urban Areas Security Initiative (\$172,775).

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements and Sources are each increasing by \$1.2 million primarily due to a \$1.3 million grant from the U.S. Department of Homeland Security to enhance preparedness and build capabilities for the emerging threat of complex coordinated terrorist attacks. The Board of Supervisors accepted this grant on November 14, 2017 (Item No. 16).

ANALYSIS OF FUND BALANCE

There is no budgeted Use of Fund Balance for 2018-19.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$2.3 million fund 21 budgeted regular positions. There is no net change in Budgeted Staffing resulting from the following changes:

- Addition of 1 Supervising Emergency Services Officer. The OES volunteer force is expanding and needs a dedicated coordinator to organize and manage its various programs. Also, this position will work with other response agencies to develop and refine policies/procedures regarding emergency planning, mitigation, response, and recovery activities.
- Deletion of 1 Emergency Services Officer. With the addition of the Supervising Emergency Services Officer, this existing position will no longer be necessary. The savings from this deletion will virtually offset the cost of the new position.

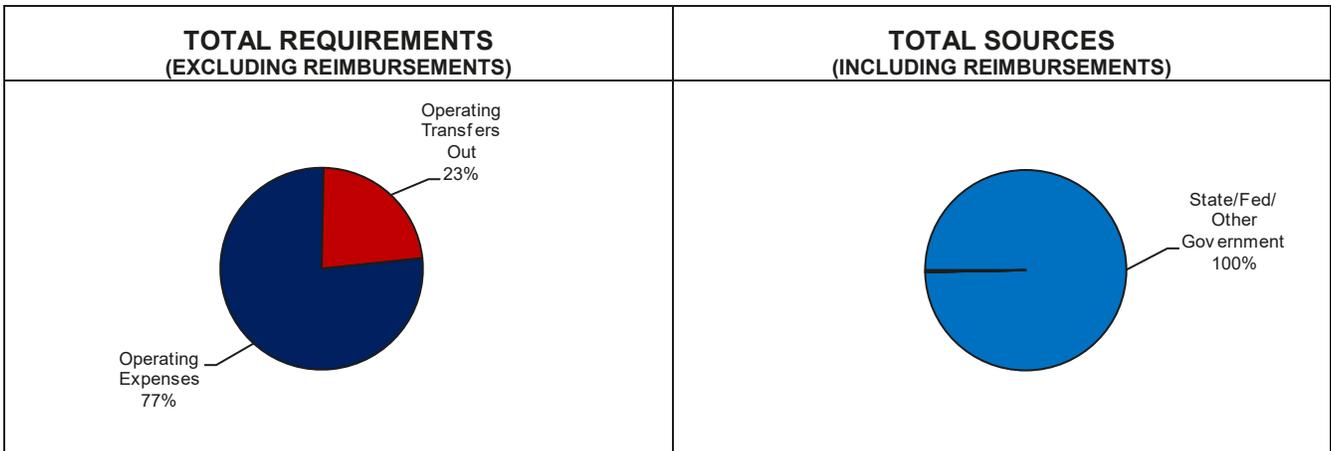

Cal OES Grant Programs

DESCRIPTION OF MAJOR SERVICES

The California Governor’s Office of Emergency Services (Cal OES) operates in accordance with the provisions of the Governor’s Reorganization Plan No. 2 (Government Code Section 8585 (a)(1)), dated May 3, 2012. Since 1999, County Fire Office of Emergency Services (County Fire OES) has received grant funds through CalOES from the Federal Emergency Management Agency (FEMA) for terrorism risk capability assessments and eligible equipment for Emergency First Responders. The Homeland Security Grant Program (HSGP) is one tool amongst a comprehensive set of federal measures administered by CalOES to help strengthen the state against risks associated with potential terrorist attacks. The Emergency Management Performance Grant (EMPG) provides funding to assist with preparing for all hazards. CalOES has annually approved and awarded these grants to County Fire OES. San Bernardino County, through the oversight of County Fire, continues to implement the federal grant’s objectives and strategies of effectively preparing for incident situations and responding to catastrophic events.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$6.3 million represent transfers to other County Fire budget units, sub-recipient cities/towns, and various participating County entities (Sheriff/Coroner/Public Administrator, Department of Public Health, Inland Counties Emergency Medical Agency, Probation) for reimbursement of HSGP and EMPG eligible costs.

Sources of \$6.2 million represent Federal grant funding from FEMA, through CalOES, for the HSGP and EMPG grants.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements and Sources are increasing by \$632,433 and \$612,427, respectively. These changes are primarily due to the carry-over of 2017 HSGP funds from prior year.

ANALYSIS OF FUND BALANCE

There is a small budgeted Use of Fund Balance of \$18,309 to reimburse other agencies for grant-related expenses.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

2017-18 MAJOR ACCOMPLISHMENTS

- Successfully entered into a Memorandum of Understanding with the San Bernardino County Department of Aging and Adult Services to provide services to include: investigate criminal backgrounds, administer the Paycheck Customer Service call center, process enrollment packets as defined by local guidelines, process employment verifications for providers, initiate IHSS provider workers' compensation claims, process timesheet error work queues, and process the No Timesheet Activity report.
- Assisted over 3,100 recipients in finding caregivers to remain safely and independently in their homes and avoid institutional placement by increasing the number of qualified caregivers in the metropolitan and rural areas of San Bernardino County.
- Trained over 610 registry providers in CPR/First Aid to assist recipients to remain safely in their homes.
- Fingerprinted 1,050 providers in order to enroll IHSS caregivers within 90 days and have them receive timesheets in a timely manner.

- Processed over 12,550 provider enrollment packets, maintaining a ten-day processing time to contribute to the economic value of the County of San Bernardino.
- Assisted 140,000 callers with paycheck questions to ensure they received payment to contribute to the County of San Bernardino economic value.

OTHER AGENCIES

In-Home Supportive Services Public Authority

DESCRIPTION OF MAJOR SERVICES

The In-Home Supportive Services (IHSS) program was created in 1973 to serve elderly, blind, and/or disabled individuals who are not able to remain safely in their home without assistance. Section 12302.25 of the Welfare and Institutions Code (WIC) mandates that each county, on or before January 1, 2003, must act as, or establish, an employer of record for collective bargaining purposes for IHSS care providers. The IHSS Public Authority (PA) was established to comply with this mandate.

Total Requirements (Excl. Reimb.)	\$7,640,912
Total Sources (Incl. Reimb.)	\$7,640,912
Use of/ (Contribution to) Fund Balance	\$0
Total Staff	38

In addition to its role in collective bargaining, the IHSS PA is required by WIC to provide the following mandated services:

- Establish a registry of potential care providers.
- Investigate the background and qualifications of potential care providers.
- Refer potential care providers from the registry to IHSS consumers upon request.
- Provide training for both IHSS care providers and consumers.
- Perform other functions related to the delivery of IHSS as designated by the governing board.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Staffing Expenses of \$2.2 million fund 38 budgeted positions. Operating Expenses of \$5.4 million include \$4.8 million of provider health benefit expenses.

Sources of \$6.9 million consist of State, Federal, and Other Government revenue of \$5.3 million, representing the state and federal mandated share of expenditures, Fee/Rate revenue of \$532,800 received for provider health insurance premiums, and \$8,000 of projected interest revenue. Operating Transfers In of \$1.1 million represent the local match mandated by State legislation due to the elimination of the IHSS Maintenance of Effort (MOE) funding. These Operating Transfers In are from the HS Administrative unit and are funded with 1991 Realignment revenue.

BUDGET CHANGES AND OPERATIONAL IMPACT

Total requirements are decreasing by \$1.8 million. This is primarily due to the elimination of the transfer to the HS Administrative Claim budget unit, due to the elimination of the IHSS MOE funding agreement. Also reflected is the cost savings associated with the deletion of six positions.

Sources are decreasing by \$1.8 million due to capped state funding and decreased federal funding resulting from decreased reimbursable requirements. The elimination of the prior MOE with the State of California has resulted in reduced financial support for this agency.

OTHER AGENCIES

ANALYSIS OF FUND BALANCE

IHSS Public Authority is fully reimbursed with federal and state funding sources and with a required County match which is funded with 1991 Realignment. Typically there is no Use of or Contribution to Fund Balance.

ECONOMIC AND COMMUNITY DEVELOPMENT CORPORATION Reg Javier

DESCRIPTION OF MAJOR SERVICES

In September 1987, the Board of Supervisors formed the County of San Bernardino Economic Development Corporation to provide additional methods of financing the acquisition of property, for and on behalf of private enterprise, to promote and enhance economic development and increase opportunities for useful employment. On May 8, 2012 (Item No. 45), the Board of Supervisors amended the Articles of Incorporation and the By-Laws to enable the Corporation to establish an Advisory Board that would comply with the requirements for designation as a Community Development Entity (CDE) by the Community Development Financial Institution Fund of the United States Department of the Treasury. The Corporation was designated as a CDE in December 2012. The Economic and Community Development Corporation is a function of the Economic Development Agency.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$4.2 million include Staffing Expenses of \$2.1 million, which fund 19 budgeted positions. Operating Expenses of \$2.1 million consist primarily of the following:

- Building Leases (\$449,406)
- Computer software licenses (\$228,600)
- Hospital Preparedness Program costs (\$303,502)
- Professional and specialized services (\$178,000)
- Software maintenance for the ongoing ePCR system (\$359,520)
- County departments' services (\$317,955)

Sources of \$4.4 million include a total of \$3.0 million from Fee/Rate revenue consisting of fines and penalties, fees for licenses and permits, and revenue from performance based contracts. In addition, this budget includes \$1.3 million of state and federal grant funds.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$411,876 primarily due to the completion of the Emergency Medical Services Authority one-time grant for mobile devices.

Sources are decreasing by \$78,937 primarily due to the following:

- \$498,190 decrease of one-time funds budgeted in 2017-18 from the Emergency Medical Services Authority Mobile Devices Grant.
- \$28,543 reduction in the California Department of Public Health Stroke Registry Grant.

- \$465,195 increase primarily due to a transfer from ICEMA’s fines and forfeitures trust account (\$220,000) to support future ImageTrend software upgrades, an increased allocation in SB 612 (Maddy) funds (\$107,021), and an increase in fee revenue (\$138,174) as a result of a revised fee schedule.

ANALYSIS OF FUND BALANCE

The department has a Contribution to Fund Balance of \$164,145 in 2018-19. The majority of the increase in departmental Fund Balance is due to the increase in Fee/Rate revenues, which will be utilized in future budgets to purchase new computer and software equipment to support ImageTrend.

2017-18 MAJOR ACCOMPLISHMENTS

- Successfully completed the “Voluntary Transfer” of all assets of the City of Upland Housing Authority to HACSB. Such effort protects federally funded housing assistance for approximately 700 families and ensures continued payments to existing landlords and vendors previously under contract with the Upland Housing Authority.
- Predevelopment work and Construction Document preparation commenced on the 104-unit phase 2 of Valencia Grove, a 228-unit affordable housing development which will replace the oldest public housing site in the County. The original housing site in the City of Redlands, built in 1941, consisted of 115 units. When completed the site will include 189 affordable rental units and 39 single-family homes for first-time homebuyers. 85 families currently reside in the new phase 1 units utilizing Project-Based Voucher rental assistance.
- At the end of five years of participation in the Five Year Lease Assistance Program, participating families have achieved a 12.8% increase in income from wages, 52.5% decrease in income from welfare, 25% increase in full-time employment, and an 18% decrease in unemployment. Coupling housing assistance with career readiness coaching, onsite job training and placement services, and HACSB’s partnership with the County’s Workforce Development and Transitional Assistance Departments, have all contributed to the success of the families participating in this program.
- Received an additional award of \$750,000 from the Transitional Assistance Department to increase the number of households served under the CalWORKs Housing Support Program which promotes housing stability for homeless families, reducing the likelihood of families recidivating into homelessness. In the first two program years, 566 families including 1,246 children were rehoused.
- Construction was completed on the 106-unit Phase 1 of the greater 190-unit affordable mixed-generational housing development in the community of Bloomington that will provide 55-year affordable housing to residents. HACSB provided 11 project-based vouchers now being utilized by families and seniors to live at the new site which includes a public library. In 2016 HACSB leveraged the value of 20 additional Project Based Vouchers to assist in completing the overall financing package of the second phase of the project which adds 84 family units to be ready for occupancy in mid-2017. The additional rent revenues created from the Project Based Vouchers has been utilized to help offset the high cost of new project infrastructure required to build in this unincorporated area of the County.
- Construction was completed on the 84-unit Phase 2 of the greater 190-unit affordable mixed-generational housing development in the community of Bloomington that now provides 55-year affordable housing to residents. HACSB is providing a total of 31 project-based vouchers now being utilized by families and seniors to live at the new site which includes a public library. The additional rent revenues created from the Project Based Vouchers has been utilized to help offset the high cost of new project infrastructure required to build in this unincorporated area of the County.
- Completed construction at the 62 unit Olive Meadow Apartments, the second phase of the revitalization of the former Waterman Gardens public housing site in San Bernardino (now called Arrowhead Grove). Built in 1942, the site is the second oldest public housing site in the County, and consisted of 252 family units. When completed, the site will house 411 families in a mixture of units affordable to lower income as well as moderate income working families. Public Housing subsidies are being converted to Project Based Voucher subsidies under the HUD Rental Assistance Demonstration Program to support the project.
- Continued final processes with HUD for the conversion of 354 units through HUD’s Rental Assistance Demonstration Program from Public Housing to the Project Based Voucher Program (the balance of the Public Housing units remaining in the Portfolio) providing these subsidized units with stabilized funding.
- Assisted 14 families to become new homeowners through the homeownership program, transitioning those who currently receive rental subsidies to permanent, stable housing.
- Initiated the City Entitlement processes for redevelopment of an existing 21-unit apartment complex (Golden Apartments, San Bernardino) and 61-unit Motel (Queens Motel, Victorville) for the specific purpose of providing permanent supportive housing for chronically homeless individuals and families. Occupancy at both properties is expected by the end of 2018.
- Provided long-term rental assistance through the Veterans Affairs Supportive Housing (VASH) program to an additional 89 homeless veteran families, leading the ongoing fight to end veteran homelessness within the County.

Housing Authority of the County of San Bernardino

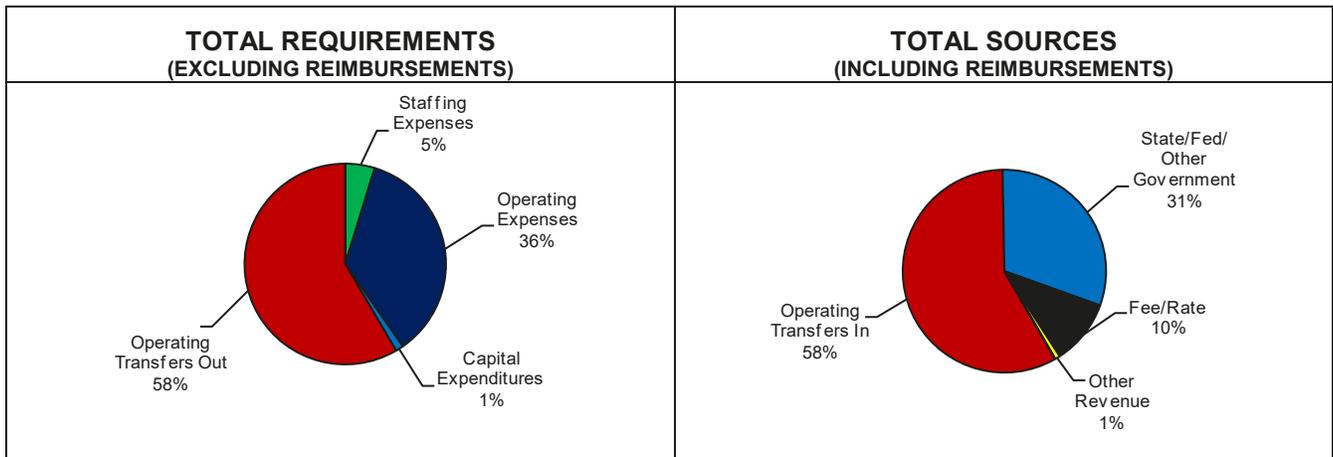

DESCRIPTION OF MAJOR SERVICES

The Housing Authority of the County of San Bernardino (HACSB) is a critical economic partner of the County. As the County's largest provider of affordable housing, HACSB proudly serves in excess of 32,000 lives, most of whom are in-need seniors, disabled individuals, and children. As a catalyst for economic growth, HACSB provides vital resources, skills, and motivation to individuals and families to help them transition out of government-assisted programs and into economic independence. This not only greatly benefits the individuals served, but the County as a whole, stimulating long-term economic growth and providing a model for self-sufficiency to be passed through generations of County residents.

**Contribution to Net Position appears as a negative number and increases Estimated Net Position Available.

Note: Unlike governmental funds, the 2017-18 Modified Budget and Estimate columns do not include information on Estimated Net Position Available or Total Estimated Unrestricted Net Position because GAAP requires that internal service and enterprise funds include line items such as depreciation, which are not budgeted, in the Net Position calculation.

MAJOR REQUIREMENTS AND SOURCES IN 2018-19 RECOMMENDED BUDGET

Requirements of \$338.5 million primarily consist of Operating Expenses of \$120.5 million which includes payments of \$90.1 million related to Housing Assistance payments, Staffing Expenses of \$16.0 million, Capital Expenditures of \$4.3 million, and Operating Transfers Out of \$197.8 million.

Sources of \$340.5 million are primarily related to federal grant revenue of \$104.6 million from the U.S. Department of Housing and Urban Development (HUD), and Operating Transfers In of \$197.8 million. The federal grants include Public Housing Operating Fund, Capital Fund, and the Housing Choice Voucher program Housing Assistance Payments and administrative fees.

Operating Transfers In/Out of \$197.8 million reflect the movement of funds related to the Moving to Work Program. HACSB has been designated as a Moving to Work agency and funding transferred between the Public Housing, Capital Fund, and Housing Choice Voucher programs is shown as Operating Transfers In/Out.

BUDGET CHANGES AND OPERATIONAL IMPACT

Total Requirements are increasing by \$14.5 million primarily due to an increase of \$10.1 million in expenses related to the physical improvements of properties. The increase in physical improvement costs are due to the costs outlined by Physical Condition Assessments (PCA) that were undertaken as a requirement of HACSB's participation in HUD's Rental Assistance Demonstration (RAD) program.

HACSB is deleting 18 positions; however, 13 positions have been added and increases to other post-employment benefits (OPEB), pension, and medical costs have resulted in a net increase to Staffing Expenses of \$1.9 million.

Sources are increasing by \$14.4 million primarily due to an increase of \$4.1 million in the Capital Fund program and \$3.9 million in the Rental Assistance Demonstration program. Sources include the use of HUD's Housing Choice Voucher program restricted reserves in the amount of \$1.7 million as a result of \$4.5 million in funding cuts to the voucher program.

ANALYSIS OF NET POSITION

Estimated Net Position Available in the amount of \$92.8 million is available for expenditures relating to the various programs of HACSB. A majority of this Net Position is restricted to U.S. Department of Housing and Urban Development (HUD) funded programs which includes the Public Housing, Capital Fund, Housing Choice Voucher, and the Moving to Work programs. There is also an additional \$12.9 million in restricted reserves held by HUD for the Housing Choice Voucher program.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$16.0 million fund 137 budgeted positions of which 136 are regular positions and 1 is a limited term position. This represents a net decrease of 5 positions. 13 positions are being added: 1 Accountant II, 1 Accounting Technician I, 5 Administrative Services Specialist, 1 Human Resources Generalist, 1 Procurement & Contracts Supervisor, 1 Procurement Officer, 1 Program Compliance Inspector, 1 Property Manager, and 1 Porter. 18 positions are being deleted: 1 Accounting Technician, 4 Administrative Assistants, 1 Director of Housing Services, 1 Director of Information Services, 1 Director of Procurement & Contracts, 1 Director of Supportive Housing, 1 Housing Services Supervisor, 1 Human Resources Coordinator, 1 Program Integrity Officer, 1 Procurement Assistant, 1 Program Compliance Coordinator, 1 Project Manager, 1 Resident Services Assistant, 1 Resident Services Coordinator, and 1 Maintenance Technician. The additions and deletions of positions are primarily due to a restructuring within programs/departments including the Housing Choice Voucher program which is the Housing Authority's largest program.

DEPARTMENT MISSION STATEMENT

The Capital Improvement Program receives and evaluates capital expenditure requests, recommends priorities for the acquisition or improvement of land, facilities and infrastructure, oversees and monitors major capital projects, and guides growth and change of County facilities and infrastructure by anticipating future needs.

ORGANIZATIONAL CHART

2018-19 SUMMARY OF BUDGET UNITS

Funding for capital projects is included in the Real Estate Services Department-Project Management Division Capital Improvement Program (CIP) funds, and specific Arrowhead Regional Medical Center, Airports, Regional Parks, Transportation, Solid Waste Management and San Bernardino County Fire Protection District (County Fire) CIP funds.

DESCRIPTION OF MAJOR SERVICES

The Capital Improvement Program (CIP) is an internal planning tool administered by the County Administrative Office (CAO) to provide the Board of Supervisors (Board) with information to assist in the decision-making process for the allocation of limited resources to capital projects. The CIP provides for the acquisition, construction, reconstruction, initial fixtures and equipment, renovation, rehabilitation or replacement of facilities or equipment with a life expectancy of at least five years and capital costs in excess of \$5,000. The program:

- Receives and evaluates requests to lease or expand leased space or to vacate, occupy, alter, remodel or construct County-owned space, land, or facilities
- Recommends priorities for capital projects based on criteria in the Capital Budget Policy for government facilities, regional parks, airports, transportation, solid waste and County Fire facilities
- Prepares the annual CIP budget, monitors and directs implementation of approved projects through the Real Estate Services Department – Leasing and Acquisition Division (RES-LAD) and Project Management Division (RES-PMD), Airports, Regional Parks, and Public Works, as well as the Fire Protection District
- Provides direct oversight for major capital projects
- Develops and implements facility standards and maintains land and building inventories
- Performs long-range planning to:
 - Link department capital and operational budget plans to Countywide strategic plans
 - Conduct physical condition assessments through periodic surveys of facilities to identify major, large-scale projects to repair and rehabilitate County assets
 - Identify opportunities for energy efficiencies, life-cycle increases, and maintenance operating cost reductions
 - Identify future space and infrastructure needs of the County
 - Develop formal estimates of costs and seek adequate project funding, and
 - Identify opportunities for public-private partnerships for the development of County facilities.

BUDGET HISTORY

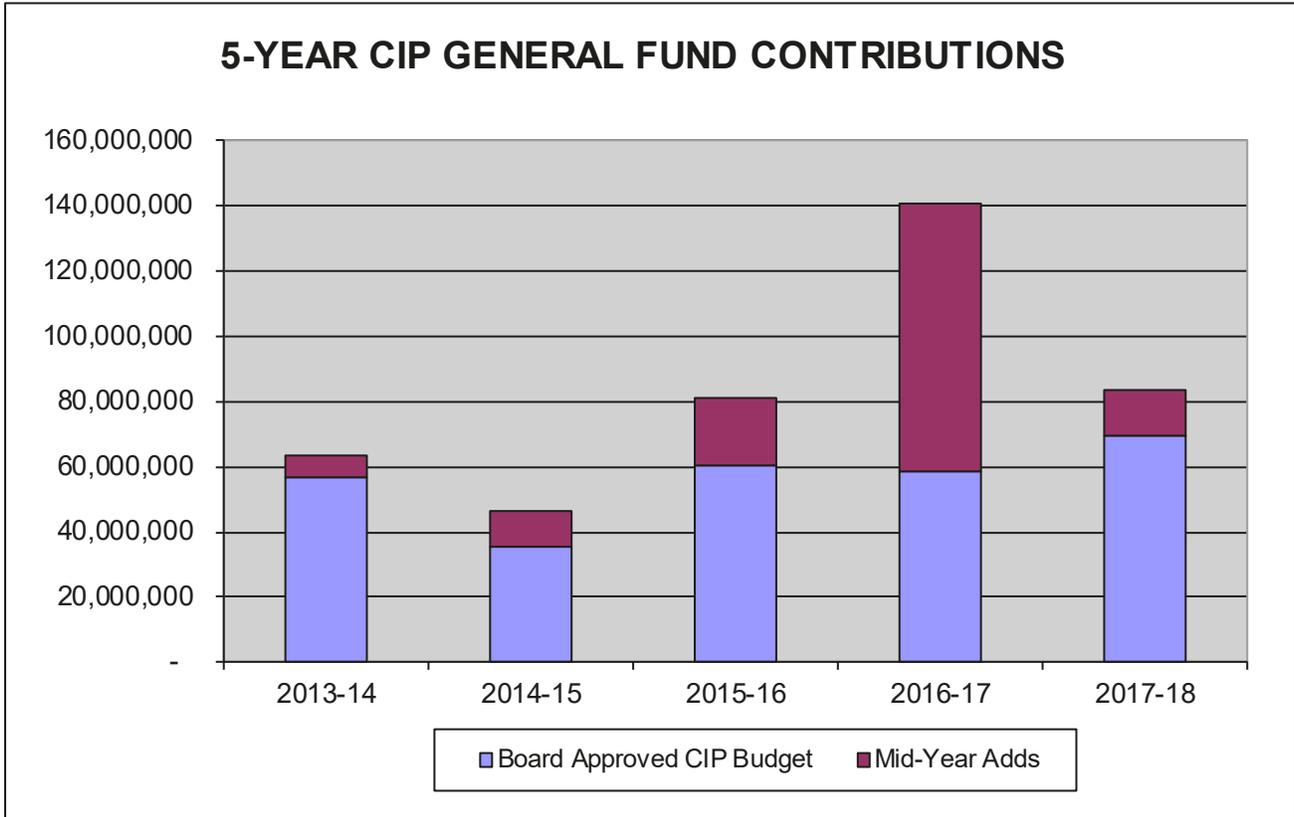

The CIP is funded by a number of sources, including the County General Fund and various other funding sources:

- Discretionary General Funding: Funded from County General Fund discretionary dollars provided to CIP for general fund projects.
- Other Funding: The underlying funding source is from a department using a funding source over which the Board has discretion (such as realignment, fines and forfeitures, special revenue, or internal service funds such as Risk Management and Fleet Management), or is from a dedicated source for a specified purpose (such as grants, Inmate Welfare Fund, enterprise funds, Courts, Library, fees, dedicated gas and sales tax, and state and federal aid).

The County's CIP includes construction, rehabilitation, and repair projects for numerous facilities and structures. Solid Waste Management and Transportation Division (road) projects are administered by the Department of Public Works (DPW). RES-PMD administers projects for all others, including Arrowhead Regional Medical Center (ARMC), Airports, Regional Parks, general fund departments, and Community Development and Housing (CDH).

The amount of Discretionary General Funding (Net County Cost) for CIP varies annually based on available one-time funding. The following chart demonstrates the Board’s commitment in recent years to address the backlog of deferred maintenance projects for County buildings and infrastructure. General fund contributions to CIP over the past five years total **\$415.6 million**. Contributions have averaged approximately \$83.1 million per year.

IMPACT OF CAPITAL IMPROVEMENT PROJECTS ON OPERATING BUDGETS

The County has a separate capital budget policy. This policy directs that project proposals should indicate the project’s impact on the operating budget, including, but not limited to, long-term maintenance and operational costs necessary to support the facility. The plan for funding projected staffing, operation and maintenance, and utility costs must be identified as part of the approval process for each capital project.

Operational impacts resulting from new construction, major remodels, and expansion projects, such as operating expenses and new staffing costs, are summarized in the discussion of the individual new and carryover projects that follow.

Operating expenses such as maintenance, grounds, custodial and utility costs are budgeted in the Real Estate Services Department – Facilities Management and Utilities budgets. County departments reimburse these costs quarterly or through the Countywide Cost Allocation Plan. New staffing and other operational costs incurred as a result of new construction, expansions or major remodels are budgeted in the individual County department budgets.

2018-19 RECOMMENDED BUDGET

In August 2017, County departments were requested to provide a five-year projection of their capital requirements. The 2018-2023 5-Year Capital Improvement Program Plan was completed in March 2018. That document included information on Major Capital Improvements that are currently in progress, and projects proposed by County departments and Special Districts to commence within the next five years. It is intended to be a tool for management and the Board to prioritize capital needs, develop funding plans, and stay informed about the progress of multi-year projects.

On December 21, 2017, County departments were requested to submit CIP requests for projects to commence in 2018-19. The CAO received 75 requests from 19 departments with an estimated total project cost of \$94.7 million. Departments submitting more than one CIP request prioritized their requests. CIP requests were also submitted by RES-PMD and Real Estate Services - Facilities Management Division for Maintenance and Non-Major CIP projects.

The CIP budget includes a base budget allocation for Maintenance and Non-Major CIP projects. The base budget allocation for Maintenance and Non-Major CIP projects was \$12.0 million for 2017-18. For 2018-19, the base budget allocation for CIP remains the same. This funding level will allow the County to continue to invest in County building assets at an acceptable level. The following are funded from the base budget allocation of **\$12.0 million** for 2018-19:

MAINTENANCE AND NON-MAJOR CIP PROJECTS

- **Deferred Maintenance** **\$3.3 million**
 - County Buildings Acquisition and Retrofit Project – This funding in the amount of \$2.5 million will address minor deferred maintenance projects to buildings primarily in the County Government Center Campus.
 - Countywide Conference Room Program – This program in the amount of \$100,000 will address deferred maintenance projects for County conference rooms.
 - Minor CIP Program – This program will address minor deferred or unscheduled maintenance projects for County facilities. Four projects in the total amount of \$710,925 are funded in 2018-19: RED003-Museum Sump Pump Investigation (\$15,000); YER045-Calico Pizza Garden Repair (\$460,000); SAB031-5th Floor Patio Doors/Windows (\$200,000); and RAN033-Courthouse Plumbing Investigation (\$35,925).

- **Heating, Ventilation and Air Conditioning (HVAC)** **\$4.1 million**
 - HVAC Upgrades/Maintenance/Replacement Program - Ten HVAC projects and an amount that remains unprogrammed totaling \$4,120,085 are planned for 2018-19: TRO001-Sheriff HVAC Replacement (\$300,000); NEE002-Courthouse/Sheriff AC Replacement (\$177,000); SAB170-CJH Admin #5 Duct Cleaning (\$100,000); RED003-Museum Humidification/Dehumidification (\$300,000); RAN004-WVJDC Replacement of 38 AC Units (\$250,000); FON010-Courthouse Cooling Tower (\$29,938); COL010-Sheriff NARCO Air Balance (\$50,000); SAB001-Hall of Records Air Handler Replacement (\$2,500,000); RAN001-Courthouse Cooling Tower (\$40,488); Countywide Building Controls (\$305,000); and unprogrammed (\$67,659).

- **Infrastructure** **\$0.4 million**
 - Site Infrastructure Program - Two projects in the total amount of \$419,000 will improve site infrastructure: BAR006-Public Health Retaining Wall Replacement (\$35,000); and RED003-Museum Beautification (\$384,000).

- Building System Improvements \$0.4 million**
 - Countywide Elevator Modernization Program – One project in the amount of \$200,000 is funded to refurbish the SAB007 Central Detention Center Female Freight Elevator.
 - Boiler Replacement Program – Two projects in the total amount of \$205,260 are funded, SAB030-Central Plant Cleaver Brooks Boiler (\$15,260) and SAB156-303 Building Boiler (\$190,000) projects.

- Health/Safety/Americans with Disabilities Act (ADA) \$0.7 million**
 - Americans with Disabilities Act (ADA) Program – This program will make ADA improvements to County facilities in the total amount of \$497,000. Two projects are planned to address ADA issues: RED-Museum 2nd Floor Handrail and Ramp (\$332,000); and WRI502-Library Restroom Upgrade (\$165,000).
 - Fire/Life Safety Program – Three projects in the total amount of \$214,628 will improve fire/life safety: SAB606-268 Hospitality FLS System (\$120,000); JOS001-Courthouse Sprinklers (\$49,628); and RAN033-8575 Haven Clean Agent Repair (\$45,000).

- Paving \$1.6 million**
 - Pavement Management Program – Three paving projects in the total amount of \$1,601,000 are planned to be funded from the Pavement Management Program for 2018-19: SAB006-General Services Parking Lot Rehabilitation (\$1,501,000); LUC001-Library Parking Lot Rehabilitation (\$50,000); and 29P001-Library Driveway (\$50,000).

- Exterior Renovations \$0.4 million**
 - Exterior Renovation Program - This program will make various improvements to renovate building exterior areas in the total amount of \$392,653. Five projects are funded for 2018-19: SAB156-Civic Center Parking Structure Inverter (\$25,000); RIA002-Sheriff's Dispatch Gutters (\$35,000); RAN001-Courthouse Grout at Entry (\$12,653); PHE028-Library Wall Repair (\$45,000); and Gilbert Campus Way Finding Signage (\$275,000).

- Interior Renovations/Remodels \$0.2 million**
 - Interior Renovation Program – One project in the amount of \$145,000 is funded to renovate: SAB031-3rd Floor Breakroom/Quiet Room.

- Roofing \$0.9 million**
 - Roofing Repairs/Replacement Program – Four roofing projects in the total amount of \$849,450 are funded for 2018-19: NEE002-Courthouse/Sheriff Roof Replacement (\$249,450); RAN001-Courthouse Leaks (\$35,000); RAN001-Courthouse Roof Drain (\$15,000), and TRO001-Sheriff Roof Replacement (\$550,000).

- Energy Program \$0.0 million**
 - Energy Projects Program - One project in the amount of \$45,000 is funded for 2018-19: SAB035-157-175 Electric Pan Grounding.

The 2018-19 new projects will extend the useful life of facilities, remove potential hazards and reduce liability, and decrease operating expenses in some cases. As a result of the reorganization of the Real Estate Services Department – Facilities Management Division in 2017-18, a considerable number of additional projects were identified, which resulted in a decrease in the amount of funding that is unprogrammed for 2018-19.

In addition to the base budget above of \$12.0 million funded from ongoing Discretionary General Funding, additional ongoing Discretionary General Funding of \$8.3 million for the 800 Megahertz (MHz) Upgrade Project and additional one-time Discretionary General Funding of \$30.7 million is funded for the following projects:

MAJOR CIP PROJECTS

- **Construction/Major CIP Projects** **\$39.0 million**
 - 800 MHz Upgrade Project – This project will address the upgrade of the aging 800 Megahertz (MHz) digital radio system countywide. For 2018-19, a \$8,255,765 contribution of ongoing Discretionary General Funding will bring the total funded to date to \$158.2 million.
 - ARMC Parking Structure Project – This project in the amount of \$26.1 million will provide for the construction of a new parking structure located at 400 N. Pepper Avenue in Colton. Funding consists of one-time Discretionary General Funding from the County General Fund Reserves previously designated for the ARMC jail ward in the amount of \$19.0 million and \$7.1 million from the ARMC Enterprise Fund.
 - Chino Airport Groundwater Remedial Project – This project provides investigation, technical assistance, stakeholder approval, design, and procurement of the final Groundwater Remediation System at the Chino Airport located at 7000 Merrill Avenue in Chino. For 2018-19, a \$10.0 million contribution of one-time Discretionary General Funding will bring the total funded to date to \$15.0 million.
 - Devore Animal Shelter Repair/Maintenance – This project in the amount of \$1.0 million, funded by one-time Discretionary General Funding, will cover the anticipated maintenance costs for two years (\$500,000/year) at the Devore Animal Shelter located at 19777 Shelter Way in San Bernardino, while the location, design, and construction of a new animal shelter facility is underway.
 - District Attorney Rancho Courthouse ADA Restroom – This project in the amount of \$700,000, funded by one-time Discretionary General Funding, will make Americans with Disabilities (ADA) improvements to the 2nd floor District Attorney exclusive-use restroom in the Rancho Courthouse located at 8303 Haven Avenue in Rancho Cucamonga.

In addition to the Discretionary General Funding projects identified above in the total amount of **\$51.0 million** (which includes \$12.0 million for maintenance and non-major CIP projects and \$39.0 million for major CIP projects), other new projects are funded from other sources in the total amount of **\$44.1 million**, including department funded projects, for a total of **\$95.1 million** in new project funding administered by RES-PMD. The Department of Public Works (DPW) will administer various new Solid Waste Management projects in the amount of **\$3.7 million** utilizing other funding sources; there are no new Transportation projects in 2018-19. In addition, County Fire will manage smaller CIP projects with total departmental funding of **\$1.7 million** with oversight and inspection provided by RES-PMD as needed. In 2018-19, the total budget for new CIP projects is **\$100.5 million**.

The following pie chart demonstrates what percentage of all new projects are funded by Discretionary General Funding and by other funding sources in the Capital Improvement Program for 2018-19:

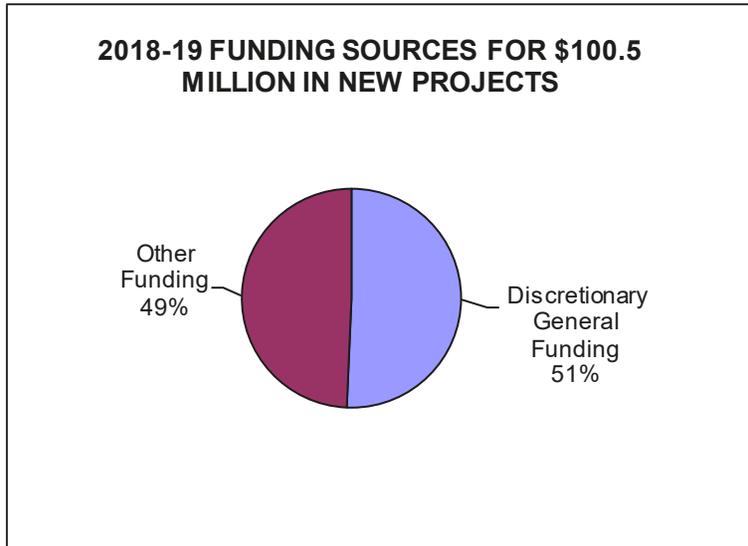

Table 1 provides a summary of all new CIP projects for 2018-19.

REVIEW OF CARRYOVER PROJECTS

Large capital projects often span more than one fiscal year and project balances are carried over annually until project completion. Carryover projects administered by RES-PMD have carryover balances of \$343.7 million. Carryover projects administered by the Department of Public Works have projected carryover balances of \$110.8 million. Table 2 provides a summary of all Carryover Projects.

Following is a status of the large carryover construction projects administered by RES-PMD:

Project	Total Project Cost	Carryover Balance
<p>800 MHz Upgrade Project</p> <p>In 2011-12, the Board approved an annual set aside to fund an 800 MHz digital radio system upgrade for public safety. The total estimated project cost is \$158.2 million. \$137.6 million has been funded in prior years, a \$3.8 million rebate was received from Sprint for equipment purchases, and \$8.5 million of one-time funding was transferred from the Fire Consolidated Headquarters Complex Acquisition Project and \$8.3 million of ongoing funding is funded for 2018-19, bringing the total funded to date to \$158.2 million.</p> <p>In December 2013, the Board approved an amendment to Motorola’s agreement and an agreement with Aviat Networks for equipment services to upgrade the Public Safety Radio System and Microwave Network. The upgrade project is being implemented in six phases over seven years. The project is in the sixth year with completion planned for December 2020. 52% of the existing radio sites have been converted to digital operation and 64% of the microwave transport interlinks have been installed and are operational. Approximately \$95.9 million has been expended or encumbered to date. During 2018-19, the top priorities of the project continue to center on construction and implementation of new radio equipment buildings and towers in strategic locations to enhance signal coverage, and the continued installation of upgraded microwave radio equipment to link dispatch centers with public safety agencies and responders throughout the County. Work continues to convert the existing fleet of mobile and portable radios, preparing them to support full digital operation. 91% of the fleet conversion work has been completed at this time.</p>	\$158.2 million	\$54.0 million*

*Includes all “project” numbers listed in Exhibit A.

Project	Total Project Cost	Carryover Balance
<p>800 MHz Upgrade Project (Continued) Operational Impact: There are no additional staffing costs associated with this project. Ongoing lease and operations and maintenance costs for additional radio communication sites will be determined as the project progresses. Information Services Department Telecommunications budget (IAM ISD) costs are funded by Board approved Internal Service Fund rates and charged to internal and external public safety radio system users.</p>		
<p>County Buildings Acquisition and Retrofit Project In 2011-12, the Board allocated one-time Discretionary General Funding of \$30.0 million to acquire office space, complete tenant improvements to existing buildings, and seismically retrofit and modernize certain existing buildings in San Bernardino. Since that time, additional funding has been allocated to this project bringing total funding to \$163.9 million (\$121.7 million of Discretionary General Funding; \$15.6 million from Probation AB 109 fund balance and \$6.0 million from SB678 fund balance for the 157 Building Seismic and Remodel Project located at 157 W. 5th Street in San Bernardino; \$20.0 million from Public Works to construct a new building; and \$720,000 from the District Attorney budget for the 303 W. 3rd Street building).</p> <p>In 2018-19, additional funding in the total amount of \$6.5 million, consist of \$2.5 million of Discretionary General Funding (Net County Cost) from the CIP base budget funding and \$4.0 million from Probation AB 109 fund balance. This brings the total funding to date to \$170.4 million. Approximately \$61.1 million has been expended or encumbered.</p> <p>Accomplishments include: The remodel of the 303 Building located at 303 W. 3rd Street in San Bernardino for the consolidation of District Attorney staff; the acquisition and remodel of the 268 Building located at 268 W. Hospitality Lane in San Bernardino for the consolidation of Auditor-Controller/Treasurer/Tax Collector staff; the acquisition of land for the Hospitality Campus and Phase I and Phase II improvements to add 193 parking spaces; completion of Phase 1a of the County Government Center Campus Improvements in downtown San Bernardino; and the acquisition of three office buildings, consisting of a total of 163,270 square feet (one in Victorville and two in San Bernardino).</p> <p>Activities currently in process include: Remodel of the 222 Building located at 222 W. Hospitality Lane in San Bernardino for the consolidation of Assessor-Recorder-Clerk staff and relocation of Special Districts and Veterans Affairs from the 157 Building located at 157 W. 5th Street in San Bernardino; County Government Center Phase 1b Campus Improvements</p>	<p>\$210.5 million</p>	<p>\$102.8 million*</p>

*Includes all "project" numbers listed in Exhibit A.

Project	Total Project Cost	Carryover Balance
<p>County Buildings Acquisition and Retrofit Project (Continued) including new streets, landscape, hardscape, parking, lighting and signage; building assessments and space programming for the 157 Building for consolidation of Probation staff; design-build request for proposal's for the 323 Court Street Building Remodel Project for consolidation of Public Defender staff which includes a new parking structure; and space programming for Public Works to construct a replacement building for the 825 E. 3rd Street building in San Bernardino. The County Fire Relocation/Consolidation (Administration Building) and the Valley Dispatch Center were moved out of this project to be stand-alone projects.</p> <p>The current estimated total cost of the County Buildings Acquisition and Retrofit Project is \$210.5 million. After allocating \$6.5 million to this project in 2018-19, \$40.1 million remains unfunded. It is anticipated that the sale of surplus properties will be available to replace a portion of the Discretionary General Funding.</p> <p>Operational Impact: The acquisition of approximately 163,270 square feet of additional office space resulted in increased annual operating costs of approximately \$866,000, offset by projected annual lease savings of \$831,700 and annual lease revenue of \$513,000. There are no other operational or staffing costs associated with this project.</p>		
<p>Crisis Residential Treatment Facilities and Crisis Stabilization Units Real Estate Services Department – Leasing and Acquisition and Project Management Divisions have worked collectively with the Department of Behavioral Health to acquire land and construct six facilities [four Crisis Residential Treatment (CRT) facilities and Crisis Stabilization Units (CSU)] throughout the County. The CRT's provide crisis residential treatment services to individuals diagnosed with health and/or co-occurring substance use disorders. The CSU's provide urgent mental health services 24/7 to severely mentally ill individuals in need of immediate access to crisis mental health services. The first CRT facility constructed on County-owned property at 720 E. Gilbert Street in San Bernardino completed construction in April 2017. Land has been acquired and construction is underway for four other sites: 15276 San Bernardino Avenue in Fontana (CRT); 14677 Merrill Avenue in Fontana (CSU); 60805 29 Palms Highway in Joshua Tree (CRT); and 16552 Sunhill Drive in Victorville (CRT). Another CSU is under construction on County-owned property located at 1491 N. Windsor Drive in San Bernardino. Construction is expected to be completed on all sites by June 2018. The project budgets total \$42.2 million and are funded by \$21.8 million from California Health Facilities Financing Authority grants and \$20.4 million from Mental Health Services Act (MHSA) funds.</p> <p>Operational Impact: Annual operating expenses for each CRT and CSU is estimated to be approximately \$62,000 (\$5.60 per square foot). The facilities will be operated by contract providers who will pay utility costs. The annual contract amounts are \$2.5 million for each CRT and \$5.4 million for each CSU. Ongoing costs will be funded by Mental Health Services Act (MHSA) funds.</p>	<p>\$42.2 million</p>	<p>\$1.6 million</p>

Project	Total Project Cost	Carryover Balance
<p>Valley Dispatch Center, County Fire Relocation/Consolidation (Administration Building), and County Fire Relocation/Consolidation (Hazmat Warehouse) Campus Improvements Project</p> <p>In 2015-16, the Board approved an allocation of \$200,000 for an update to the needs assessment to relocate the Valley Dispatch Center from 1743 Miro Way in Rialto to consolidate Sheriff's 9-1-1 dispatch, Office of Emergency Services, Information Services Radio Management and CONFIRE. The County-owned property located at the southeast corner of Rialto Avenue and Lena Road in San Bernardino was determined to be the best site for a new dispatch center. Since that time, the Board has approved an additional \$2.6 million of Discretionary General Funding for the project and set aside \$39.0 million in General Fund Reserves for the project. In 2017-18 \$2.2 million of the General Fund Reserves was used leaving a balance of \$36.8 million in General Fund Reserves set aside for the project. The total estimated cost of the Valley Dispatch Center is \$83.4 million of which \$41.8 million is currently funded.</p> <p>County Fire also had requirements to consolidate County Fire headquarters and central services in one location and the site was determined to be large enough to accommodate County Fire's requirements as well. In the 2016-17 First Quarter Budget Report – Maintenance and Capital Improvement Program, the Board approved \$17.64 million in Discretionary General Funding, which included \$9.52 million transferred from a cancelled project, to be allocated to the County Fire Relocation/Consolidation (Administration Building) project. \$8.5 million set aside in County Fire Reserves will be moved to the project when needed to partially fund the County Fire Administration building portion of the project in the amount of \$26.1 million. Construction is expected to be completed in 2020-21.</p> <p>In addition, a future warehouse building is proposed to be constructed on the site for County Fire Household Hazardous Materials (Hazmat). The Board has approved an allocation of \$2.0 million to date for the Hazmat warehouse funded from Household Hazardous Waste Fund Balance. The estimated total cost of the Hazmat Warehouse is \$27.6 million.</p> <p>Priorities for 2018-19 include master planning of the site and infrastructure and design of the County Fire Admin building.</p> <p>Operational Impact: Estimated annual facility maintenance and utility costs are as follows: Valley Dispatch Center - \$430,800 (\$6.12 per square foot); County Fire Relocation/Consolidation (Administration Building) - \$302,000 (\$5.95 per square foot) offset by lease cost savings of approximately \$300,000 per year; and County Fire Relocation/Consolidation (Hazmat Warehouse) - \$167,600 (\$2.32 per square foot). It is anticipated there will be no additional staffing costs associated with this project.</p>	<p>\$137.1 million</p>	<p>\$32.6 million</p>

FIVE-YEAR CAPITAL IMPROVEMENT PROGRAM PLAN

The Five-Year CIP for Maintenance and Non-Major CIP projects is reviewed annually and revised based on current circumstances and opportunities and considers historic requirements and expenditures for capital projects. While the Five-Year CIP does not appropriate funds, it does serve as a budgeting tool to set priorities, identify needed capital projects, estimate capital requirements, and coordinate financing and timing. It identifies projects for annual funding, focuses resources in program areas, and supports the County Goals and Objectives. It also identifies project impacts on future operating budgets, including additional staffing, maintenance, and other recurring operational expenditures that require ongoing funding that must be considered in the planning and approval of new projects.

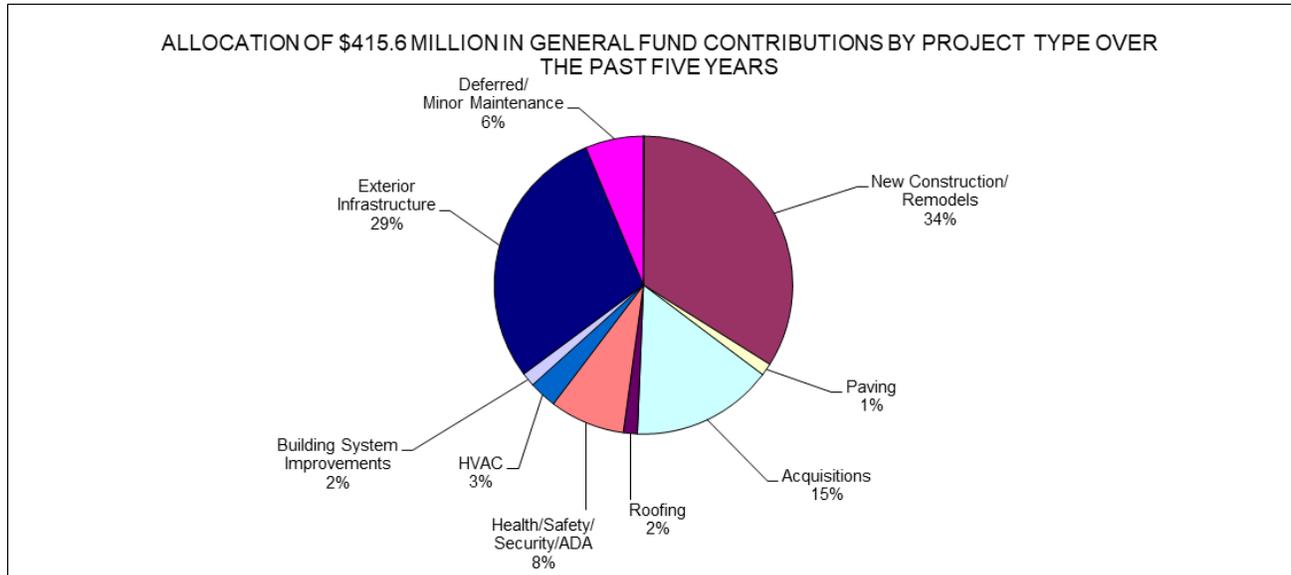

The current general fund annual allocation for Maintenance and Non-Major CIP projects is \$12.0 million and the focus is on maintenance. This funding has been programmed over the next five years and is summarized on Exhibit E – 2018-19 through 2022-23 Five-Year Capital Improvement Program and includes capital expenditures of \$60.0 million.

The Five Year CIP for major capital projects include major infrastructure, facility or technology projects that are currently in progress, or are proposed by County departments or Special Districts to commence within the next five years. These are detailed in the County’s Capital Improvement Program – 2018-2023 Plan, which is a separate document.

THE LAST FIVE YEARS

Over the past five years, the Board of Supervisors has allocated \$415.6 million in general fund contributions for the CIP. The following chart indicates how those resources have been allocated by project type:

CIP NEEDS ADDRESSED DURING THE LAST FIVE YEARS

- **Departmental Requirements**
 - Carpet/paint
 - Minor remodels
 - Restroom upgrades/ADA improvements
- **Building Systems**
 - Backlog of deferred maintenance
 - Moving towards emphasis on Preventative Maintenance
 - Emphasis on energy efficiency projects
- **Building Exterior/Interior Renovations**
- **Site Infrastructure**
 - Landscaping, irrigation and lighting
 - Pavement management
- **County Buildings Acquisition and Retrofit Project**
 - Allocated \$2.5 million since 2017-18 to the County Buildings Acquisition and Retrofit Project

Housing Authority of the County of San Bernardino	HACSB
---	-------

1991 Realignment: In 1991-92, the state approved the Health and Welfare Realignment Program that involves a shift of program responsibilities from the state to the counties. This shift is funded through a corresponding shift of dedicated Sales Tax and Vehicle License Fee revenue.

2011 Realignment: In 2011-12, the state approved AB 109, the Public Safety Realignment Act, which shifted custodial responsibility of non-violent, non-sex, and non-sex-against-children ('Triple-Nons') offenders to local jails. In addition, the parole function of the state was delegated to County Probation departments. In conjunction with Public Safety Realignment, the state also shifted full financial burden of many social service and mental health programs to the County. While the state no longer shares in the cost, it has dedicated a portion of the state sales tax (1.0625%) revenue along with a portion of vehicle license fees for these realigned programs.

AB 74: In 2013-14, the state approved AB 74, which made several statutory changes to the CalWORKs and CalFresh program. Those changes include the establishment of a family stabilization component effective January 1, 2014 to assist CalWORKs recipients who are experiencing an identified situation or crisis that is destabilizing their family and interferes with their participation in the welfare-to-work activities and services.

AB 109: Assembly Bill 109, the Public Safety Realignment Act, signed April 4, 2011, transfers responsibility for housing/supervising inmate and parolee populations classified as "low-level" offenders from the California Department of Corrections and Rehabilitation (CDCR) to counties effective October 1, 2011.

AB 233: The Lockyer – Isenberg Trial Court Funding Act of 1997 went into effect January 1, 1998 and fundamentally changed how the trial courts are funded by transferring primary responsibility for funding the courts to the state, including sole responsibility for funding future growth in court operations costs.

AB 900: Assembly Bill 900, Public Safety and Offender Rehabilitation Services Act, signed May 3, 2007, provides that the State Public Works Board (SPWB) and the California Department of Corrections and Rehabilitation (CDCR) are authorized to enter into agreements with participating counties for the acquisition, design and construction of local jail facilities for projects approved by the State Corrections Standards Authority (CSA). Up to \$1.2 billion is authorized by the legislation for county jail construction. Funds are being distributed in two phases.

AB 1805: Effective July 1, 2007, Assembly Bill 1805 preserved county authority to charge booking fees under Government Code Section 29550 et seq; and created a new statutory structure whereby counties - subject to an appropriation by the state – receive funding directly in local detention facility revenue accounts. Under this alternative to booking fees, revenues received are to be used exclusively for the purpose of operation, renovation, remodeling or constructing local detention facilities and related equipment.

AB 3000: Effective September 2002, Assembly Bill 3000 Court Surcharge Guideline, prioritized the distribution of criminal case installment payments of fines and penalties.

ABx1 26: Assembly Bill x1 26, the Dissolution Act, signed June 29, 2011, mandates the elimination of every redevelopment agency in California effective February 1, 2012, and mandates all unobligated funds be distributed to the appropriate taxing entities.

Accrual: An accrual is an accounting entry that recognizes revenue when earned and expenses when incurred. An accrual is made at the end of the fiscal year to ensure revenue and expenses are recorded in the appropriate fiscal year.

Activity: A component within a fund; usually a specific line of work performed to accomplish a function for which a governmental unit is responsible.

Adopted Budget: The original spending plan at the beginning of the fiscal year, typically adopted by the Board of Supervisors in June for the upcoming fiscal year. It may vary from the Recommended Budget.

Affordable Care Act (ACA): In March 2010, President Obama signed comprehensive health reform, the Patient Protection and Affordable Care Act into law. The legislation includes a long list of health-related provisions that began taking effect in 2010. Key provisions are intended to extend coverage to millions of uninsured Americans, to implement measures that will lower health care costs and improve system efficiency, and to eliminate industry practices that include rescission and denial of coverage due to pre-existing conditions. The most significant part of this Federal Healthcare Reform legislation extended coverage to an expanded population effective January 1, 2014 through new eligibility processes for Medi-cal and the implementation of insurance exchanges.

Amortization: The process of gradually extinguishing an asset on the books.

Appropriation: An appropriation is the amount of authority to spend less reimbursements. It represents the authorization for the County to make expenditures/incur obligations for a specified purpose and period of time.

ARRA: ARRA is an acronym used for American Recovery and Reinvestment Act of 2009, also known as Economic Stimulus Funds. The three immediate goals of ARRA are to create new jobs and save existing ones, spur economic activity and invest in long-term growth, and foster unprecedented levels of accountability and transparency in government spending.

Available Reserves: Available amounts that are not budgeted, but are set-aside for future use. Applies to governmental funds.

Balanced Budget: Total sources, including carry-over fund balances, equals the total requirements and reserves.

Budgeted Staffing: The number of positions (headcount) funded in a budget unit.

Budget Unit: An organizational component that is represented by the combination of a fund and department into one unit for purposes of budgeting.

CalFresh: The CalFresh Program, federally known as the Supplemental Nutritional Assistance Program, is a federally funded program that helps low-income people buy the food they need for good health. The CalFresh program helps to improve the health and well-being of qualifying households and individuals by providing them a means to meet their nutritional needs.

Capital Expenditures: An asset of a long-term character such as land, buildings, furniture, and other equipment costing \$5,000 or more and having a useful life of one year or more. Additionally, computer software is capitalized if the value is \$100,000 or greater.

Capital Improvement Project: The acquisition, construction, reconstruction, initial fixtures and equipment, renovation, rehabilitation or replacement of facilities or equipment with a life expectancy of at least five years and capital costs in excess of \$5,000.

Capital Project Funds: Capital Project Funds are used to account for financial resources designated for the acquisition or construction of major capital facilities other than those financed by Enterprise and Internal Service Funds.

Central Services: The Central Services expense category allocates both the Information Services Department and Real Estate Services – Facilities Management Division's associated charges.

- Information Services Department computer charges are Countywide costs for computer infrastructure such as email, wide area network, payroll processing, and software/hardware staff support.
- Real Estate Services – Facilities Management Division charges are for basic services provided to departments including grounds, custodial, and maintenance. Each department's budget amount for grounds, custodial, and maintenance is based on an annual average cost per square foot.

Contingencies: An amount set aside within a budget for unforeseen expenditure requirements. Board action must be taken to spend contingency funds and a 4/5 vote is required for approval.

County Fire: San Bernardino County Fire Protection District

COWCAP: COWCAP is an acronym for County Wide Cost Allocation Plan. It is the method by which indirect costs for support services such as Human Resources, Payroll, Purchasing, etc. are allocated to departments. It is prepared annually by the County Auditor-Controller/Treasurer/Tax Collector in accordance with Code of Federal Regulations (2 CFR Part 225), which is the guideline for state and federal reimbursements for indirect costs.

Department: An organizational unit used by County management to group programs of a like nature. In terms of financial structure, departments may have multiple funding sources, e.g., general fund, special revenue fund, that are based on specified uses. The combinations of the various funds are consolidated at the department level.

Depreciation: The recording of expiration of the service life of fixed assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy, and obsolescence.

Deficit: Insufficient sources to fully fund expenditures and other disbursements during a fiscal year.

Discretionary General Funding: Describes the overall process of administering Net County Cost, which is the amount contributed by the County General Fund from its discretionary revenue sources to fund the activities of a department.

Discretionary Revenue: Revenue not legally designated for a specific purpose or program that can be appropriated at the discretion of the Board of Supervisors.

Dispute Resolution Programs Act of 1986: Authorizes the local establishment and funding of dispute resolution programs as an alternative to more formal court proceedings.

Employee Health and Productivity Program (EHaP): A modified duty/return to work program that utilizes specialized nurses to obtain effective and timely treatment for injured or ill employees. Overall goals are to return the employee to the workplace as soon as possible and to increase the health and productivity of employees through health promotion and risk reduction programs.

Encumbrance: An encumbrance is not an expenditure or a liability but merely a reserve of appropriation in a given fiscal year for a specific expenditure.

Enterprise Funds: Enterprise Funds are established to account for operations that are funded and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be funded or recovered primarily through operational revenues.

Expenditure: Decreases in net financial resources. An expenditure includes current operating expenses that require the present or future use of resources.

Fees: Include the following types of revenues: licenses, permits, fines, forfeitures, penalties and other services. Departments receive fee revenue from providing services to the public and outside agencies.

Final Budget: A budget unit's adopted spending plan and financing, including all mid-year adjustments through the fourth quarter.

Fiscal Year: The County's twelve-month accounting period (July 1 through the following June 30), is different from the calendar year and the federal fiscal year.

Function: A group of related activities aimed at accomplishing a major service for which a governmental unit is responsible. This designation is specified by the State Controller. For example: “Public Protection” is the function of the Sheriff/Coroner/Public Administrator Department.

Fund: A legal unit that provides for the segregation of moneys or other resources in the County treasury for specific activities or obligations in accordance with specific restrictions or limitations. A separate set of accounts must be maintained for each fund to show its assets, liabilities, reserves, and fund balance, as well as its income and expenditures. The assets of a fund may also be placed into separate accounts to provide for limitations on specific fund income or expenditures.

Fund Balance: An amount comprised of accumulated excess or deficiency of revenues less expenditures of a fund, including the cancellation of prior year encumbrances. This is measured at the end of each fiscal year. Fund balance may be used in the budget unit for the upcoming year as a funding source for one-time projects or services.

Fund Balance Classifications: Beginning in 2010-11, GASB 54 requires that financial statements for governmental funds classify fund balance in one of the following five components:

- Nonspendable fund balance – assets that will never convert to cash, or will not convert soon enough to affect the current period, or resources that must be maintained intact pursuant to legal or contractual requirements;
- Restricted fund balance – resources that are subject to externally enforceable limitations imposed by creditors, grantors, contributors, or laws and regulations of other governments, constitutional provision, or enabling legislation;
- Committed fund balance – resources that are constrained by self-imposed limitations set in place prior to the end of the period by the highest level of decision making, and remain binding unless removed in the same manner;
- Assigned fund balance – resources that are limited resulting from an intended use established by either the highest level of decision making, or the official or body designated for that purpose;
- Unassigned fund balance – residual net resources that cannot be classified in one of the other four categories.

GASB 34: Governmental Accounting Standards Board (GASB), Statement 34 establishes requirements for the annual financial reports of state and local governments. The goal is to make annual reports easier to understand and more useful to people who use governmental financial information to make decisions. There are many components of GASB 34, but as it relates to the budget, it is primarily composed of how services provided between County budget units are accounted for. GASB 34 specifies how payments for services should be accounted for (either as reimbursements or as departmental revenues). All transactions between departments within the same fund (e.g., general fund) are budgeted as reimbursements. While the net impact is zero, reclassifications between these two categories cause inconsistencies when comparing year-to-year budgets by specific expense or revenue categories.

GASB 51: Governmental Accounting Standards Board (GASB), Statement 51 establishes requirements for the annual financial reports of state and local governments. The objective of this statement is to enhance the comparability of the accounting and financial reporting of intangible assets among state and local governments, and requires that all intangible assets not specifically excluded by its scope provisions be classified as capital assets.

GASB 54: Governmental Accounting Standards Board (GASB), Statement 54 establishes requirements for the annual financial reports of state and local governments to be implemented for periods beginning after June 15, 2010. The objective of this statement is to enhance the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing governmental fund type definitions. The main components of GASB 54 and how they relate to budget primarily consists of replacing existing fund balance classifications (reserved and unreserved) with new classifications (nonspendable, restricted, committed, assigned, and unassigned) that observe the constraints imposed upon the use of the resources reported in governmental funds. In addition, the special revenue fund type was clarified and affects the activities required to be reported in that fund type.

General Fund: The General Fund is the predominate fund for funding County programs.

Geographic Information System (GIS): A geographic information system integrates hardware, software, and data for capturing, managing, analyzing, and displaying all forms of geographically referenced information.

Governmental Funds: Governmental funds consist of the general fund, special revenue funds, capital projects funds, debt service funds, and permanent funds.

Grants: A contribution by a government or other organization to support a particular function. Grants may be classified as either operational or capital.

Headcount: Actual number of individuals carried in a budget unit's payroll, as opposed to the equivalent number computed from wages budgeted.

Housing Successor: ABx1 26, the Dissolution Act, mandates the elimination of every redevelopment agency in California effective February 1, 2012. The Housing Successor retained the housing functions of the former Redevelopment Agency (RDA) and has all rights, power, duties, and obligations related to building, preserving, and rehabilitating affordable housing for low to moderate income households.

Internal Service Funds (ISF): Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the governmental unit on a cost reimbursement basis.

Limited Term: A position designation for non-regular positions, consisting of contract, extra-help, or recurrent position types.

Mandate: A program that meets constitutional, statutory, or court-ordered requirements from either federal or state entities.

Memorandum of Understanding (MOU): For budget purposes, the MOU refers to a negotiated and approved labor agreement between the County and an employee labor organization or group that details the salary, benefits, and other conditions of employment.

Mid-Year Adjustments: Board approved budget changes subsequent to adoption.

Mission: A clear, concise statement of purpose for the entire department. The mission focuses on the broad, yet distinct, results the department will achieve for its customers.

Modified Budget: A budget unit's adopted requirements and sources, including any mid-year adjustments.

Net County Cost: Net County Cost (or Discretionary General Funding) is the amount contributed to County general fund departments from discretionary revenue sources to fund the activities of a department.

Net Position: An indicator of financial position. A portion of net position is available to meet current obligations (see Unrestricted Net Position).

Operating Expenses: A category of expenditures within a budget unit for all standard costs of daily operations, including such items as office supplies, training, contractual services, and travel.

Operating Transfers In/Out: A method of providing financing from one budget unit to another for the implementation of a project or program.

Performance Measure: An ongoing, quantitative indicator of resources consumed, workload, productivity, efficiency, and effectiveness. Performance measures should relate to objectives and allow for measurement of the same thing over time.

Position: A specific employment, whether occupied or vacant, involving duties requiring the services of one person. A position whether full or part-time is reflected as 1 in budgeted staffing amounts.

Proposition 1B: As approved by the voters in the November 2006 general elections, Proposition 1B enacts the Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006 to authorize \$19.925 billion of state general obligation bonds for transportation infrastructure improvements.

Proposition 30 (Prop 30): A ballot measure approved by California voters on November 6, 2012, that increased taxes on earnings over \$250,000 for seven years (2012-2018) and increased sales taxes by ¼ cent for four years (2013-2016) to fund schools. The measure is expected to generate an average of \$6 billion annually, and also guarantees Public Safety Realignment funding.

Proposition 47: A ballot measure approved by California voters on November 4, 2014, reduced the classification and sentencing of most non-serious/nonviolent property and drug crimes from felonies to misdemeanors.

Proposition 63: On November 2, 2004, voters passed Proposition 63, which established a state personal income tax surcharge of one percent on the portion of taxpayers' annual taxable income that exceeds \$1 million. The proposition was enacted into law as the Mental Health Services Act (MHSA) effective January 1, 2005. The overall purpose and intent is "to reduce the long term adverse impact on individuals, families, and state and local budgets resulting from untreated serious mental illness to insure that all funds are expended in the most cost effective manner and to ensure accountability to taxpayers and to the public."

Proposition 172 (Prop 172): A permanent extension of a half-cent Local Public Safety Sales Tax approved by California voters on November 2, 1993. Proceeds of this sales tax must be dedicated to public safety.

Proprietary Funds: Classification used to account for a government's ongoing organizations and activities that are similar to those often found in the private sector (i.e., enterprise and internal service funds).

Public Service Employee (PSE): PSEs are employees assigned to entry-level positions in a variety of fields and occupations for a limited duration. They are not full-time, regular County employees. PSEs are subject to an expedited recruiting process to accommodate additional workload or to manage one-time special projects. They do not receive the full range of benefits or have the civil service status of regular County employees.

Rates: Includes revenue for the following types of services: risk management, information technology services, garage and fleet management, and real estate services. Departments receive rate revenue for providing direct services to other County departments.

Recommended Budget: A recommended budget is the working document of the fiscal year under discussion.

Recurrent: Recurrent appointments are those made for an indefinite period of time to provide for seasonal or on-call staffing needs. All recurrent positions are in the Unclassified Service and employees do not gain regular status. Recurrent status positions are authorized by the Director of Human Resources.

Redevelopment Agency: In 1951, the California Redevelopment Law (CRL) was enacted, which gave California cities and counties the authority to create redevelopment agencies. The CRL provided the local redevelopment agencies powerful local tools to eliminate urban decay, apply for grants, create jobs, build community facilities and infrastructure, and attract economic reinvestment. Eventually, the CRL was expanded to assist in the creation of low and moderate income housing. A redevelopment agency, a separate legal entity, was responsible for the implementation of the CRL for the local communities. A redevelopment agency had the ability to create project areas, to purchase and assemble development sites, build infrastructure, construct deed-restricted affordable housing, and issue debt. An agency paid for these improvements through the utilization of tax increment financing. Redevelopment agencies and tax increment financing were eliminated by the state effective February 1, 2012.

Reimbursements: Amount received as payment for the cost of work, or service performed, or of other expenditures made, for or on behalf of another governmental unit or department. Reimbursements represent the recovery of expenditures and are considered a source.

Requirements: A department's appropriation or authority to spend plus department's budgeted operating transfers out.

Restricted Funds: Restricted funds consist of three restricted funding sources – Prop 172, 1991 Realignment and 2011 Realignment. Prop 172 revenue assists in funding the Sheriff/Coroner/Public Administrator, District Attorney, and Probation departments. 1991 Realignment assists in funding mental health, social services, and health programs within the County. 2011 Realignment assists in funding public safety, mental health, social services, and health programs within the County.

Revenue: The addition of cash or other current assets to governmental funds (receipts) that do not increase any liability or reserve and do not represent the recovery of an expenditure, i.e., reimbursements. Generally, revenue is derived from taxes, licenses and fees, or investment earnings. Revenues are deposited in a budget unit for future appropriation.

SB 90 State-Mandated Local Program: State reimbursements to local governments for the cost of activities required by state legislative and executive acts.

SB 163: Wraparound Services Program is an intensive, community-based and family-centered process designed to allow children with serious behavior and/or emotional difficulties to remain in their community at the lowest level of care possible instead of being placed in a group home setting. This bill allows counties to accumulate savings realized from a wraparound program and requires that the savings be reinvested in a Child Welfare Services program.

SB 676: Effective July 1, 2010, this California Senate Bill increased the maximum fee collected from indigent defendants from \$25 to \$50.

SB 678: Also known as the Community Corrections Performance Incentives Act of 2009, provides funding from the state for county probation departments to implement evidence-based practices for the purposes of reducing parolee recidivism.

SB 920: Medi-Cal Program that is administered by the State Department of Health Care Services for qualified low-income persons to receive health care services. The program is, in part, governed and funded by federal Medicaid Program provisions.

SB 1246: Implemented in 1980, is a fee on issued marriage licenses targeted “for the purpose of aiding victims of domestic violence by providing them a place to escape from the destructive environment in an undisclosed and secured location.” To qualify for these funds, an agency must provide services to victims of domestic violence and their children that include shelter on a 24-hour, seven days a week basis, a 24-hour crisis line, temporary housing and food facilities, psychological support and peer counseling, referrals to existing services in the community, a drop-in center to assist victims who have not yet made the decision to leave their homes, arrangements for school age children to continue their education during their stay at the shelter, emergency transportation to the shelter, and arrangements for assistance from local law enforcement where appropriate.

SB 1732: Trial Court Facilities Act of 2002, requires the transfer of responsibility for funding and operation of trial court facilities from the counties to the State of California.

Set-Aside Contingency: A contingency made up from available balances materializing throughout one or more fiscal years, which are not required to support disbursements of a legal or emergency nature, and are held (set-aside) for future funding requirements.

Sources: Amount of funding available to departments such as revenue, reimbursements, operating transfers in, fund balance and reserves.

Special Revenue Funds: Special Revenue Funds are used to account for the proceeds of specific sources of revenue whereby the use of such revenue is restricted by law for particular functions or activities of government. State Government Code Section 29009 requires that the entire unreserved fund balance must be appropriated each year. The amount not expended is carried over to the subsequent year’s budget.

Staffing Expenses: A category of expenditures within a budget unit for all costs related to employees including salary, retirement, employee benefits, and workers compensation insurance.

Step Increases: An employee, based upon the completion of the required service hours in their classification, satisfactory work performance, and appointing authority recommendation, may receive step advancements. Step advancements within the base salary range shall be based on one (1) or two (2) step increments depending on hire date and bargaining unit. Each increment is 2.5%.

Structurally Balanced Budget: The annual operating budget will be structurally balanced upon adoption of the Board of Supervisors. One-time sources will not be spent on ongoing expenditures.

Successor Agency: A separate public entity from the public agency that had formed the former redevelopment agency. Its purpose is to expeditiously wind down the affairs of the former redevelopment agency pursuant to ABx1 26 and AB 1484 and in accordance with the direction of the oversight board. The primary task of the Agency is to continue to make payments due from its enforceable obligations.

Three Strikes Reform Act: Passed by the California voters in November 2012, this initiative redefined the parameters leading to mandatory 25-year to life sentences for previously twice-convicted felons.

Total Expenditure Authority: The authorized expenditure limit for a budget unit for the current fiscal year.

Transfers: The movement of resources from one budget unit to another usually for payment of services received.

Trend: A documented recurrence of a measurable event or circumstance over time that is increasing, decreasing, or even staying the same.

Unrestricted Net Position: That portion of net position that is neither restricted nor invested in capital assets (net of related debt). Unrestricted Net Position represents resources that can be used to meet current obligations. Applies to Enterprise funds and Internal Service Funds.
