Respondents

- Most (66%) respondents are long-time residents of the County, having lived in San Bernardino County for over 15 years.
- Age of respondents range from 17 to 99 with a median age of 49.
- The majority of respondents were female (62.5%) and only 37.5% are male.

Results

Likes

- The following three things are what respondents like most about the County of San Bernardino (in rank order):
 1. Availability of recreation areas and facilities.
 2. Availability of housing options at affordable prices.
 3. Availability of restaurants and shopping.
- Respondents in the Central Valley and Eastern Valley indicated the same three items as their top three Likes, although in a slightly different order.
- The High Desert, Morongo Basin/South Desert and Mountain Communities also included *housing at affordable prices* and *recreation areas and facilities* in their top three. However, these regions did not list *availability of restaurants and shopping* in their top three; instead, respondents in these regions like that *roads and freeways have less congestion*.
- Respondents in the Western Valley had *restaurants and shopping* and *recreation and facilities* in their top two. *Level of public safety* was #3 for this region.

Dislikes

- The following are the top three things respondents don't like about the county (in rank order):
 1. Lack of employment opportunities
 2. San Bernardino County's overall image
 3. Quality of roads
- Respondents across all regions agree that *lack of employment opportunities* is a problem.
- Most regions (Eastern Valley, High Desert, Morongo Basin/South Desert and Mountain Communities) also agree that *quality of roads* is an issue.
- Central Valley, Eastern Valley, Mountain Communities and Western Valley indicated they don't like the *County's overall image*. In fact, this item was ranked #1 by respondents in these regions. However, this item did not make the top three in the desert regions.
- Dislikes that are unique to regions:
 1. Quality of schools (Central Valley and High Desert)
 2. Lack of transportation options (Morongo Basin/South Desert)
 3. Traffic congestion (Western Valley)

 3. Public Safety
- While most believe jobs should be a top priority, the most common suggestion for improvement (across all regions) was to fix or improve the County's transportation infrastructure (e.g., potholes, quality of roads, bridges, trails, traffic lights). It should be noted that "quality of roads" was not an option in the question about County priorities. Perhaps given the opportunity, respondents may have selected "quality of roads" as a top priority.

 - Community upkeep (Central Valley, Mountains, West Valley)
 - Utility infrastructure/services (Morongo Basin/South Desert)
