San Bernardino County has always been the Biggest.
NOW WE'RE THE BEST.

This year, America's largest county – bigger than Switzerland and twice the size of New Jersey – claimed by far more national awards than any other county for innovation, efficiency, and public service. The U.S. is home to more than 3,000 counties, and San Bernardino County topped them all with 82 Achievement Awards from the National Association of Counties.

San Bernardino County has won more than 500 national and state awards during the past 10 years. We are also perennially recognized as a top-10 digital county by the Center for Digital Government, and for having one of the nation's most transparent and reader-friendly budget documents by the Government Finance Officers Association.

WHAT MAKES SAN BERNARDINO COUNTY SHINE THE BRIGHTEST?

Visionary leadership starting with an elected Board of Supervisors that values County employees and supports innovation, vision, and public service.

Forward-thinking fiscal conservatism that avoids debt and sets funding aside for emergencies.

And a can-do spirit inspired by the resourcefulness of those who have prospered here over the centuries.
